THIRTY-FIFTH
LEGISLATIVE
ASSEMBLY

TWENTY-SECOND DAY, FRIDAY, FEBRUARY 20, 1903.

THE HOUSE.

(Yesterday's Afternoon Session.)

After the message from Delegate B. S. Rodey to Hon. Frank A. Hubbell had been read in the House yesterday afternoon, during the discussion on the creation of Quay county, Mr. Llewellyn arose and was addressing the chair when Mr. Martinez moved to adjourn until 10 in the morning, but the chairman ruled him out of order because he was making the motion while another had the floor. As soon as Mr. Llewellyn finished, Mr. Martinez resumed his motion to adjourn, but this was voted down. Minor amendments were then adopted. Mr. Cristobal Sanchez then presented an amendment to change the name of the county from Leonard Wood to Quay. Mr. Llewellyn moved to table the amendment. Mr. Sanchez withdrew his amendment. Mr. McFeters moved to adjourn but the motion was lost. Mr. Bowie presented an amendment to change the name to Quay. Mr. Llewellyn moved to table the amendment. Mr. Bowie made a plea to change the name and his reference with applause. Mr. Dalles opposed the name Quay on the ground that Mr. Quay should be given more than the pitiful honor of having a county named after him. Mr. Llewellyn said he would yield to no one in his admiration for Senator Quay, but the committee unanimously decided on Wood. The county lies next to Roosevelt county and it is fitting that the two counties should be created at the same time. Mr. Pendleton poked fun at the members for speaking so frequently when there are many ladies present. Mr. Cristobal Sanchez spoke in favor of Quay. Mr. Sanchez stopped to read a telegram from Delegate Rodey that the statehood fight is on. Every reference to Quay, Wood and statehood was received with uncheered applause. Mr. Pedro Sanchez most vehemently urged the name of Quay. Mr. Sanchez said if he had a son to be baptized he should be named Quay. Mr. Sanchez pounded on Mr. Llewellyn's desk with such vigor that Mr. Llewellyn protested. The speaker held the protest well taken and ordered Mr. Sanchez to return to his seat. Mr. Sanchez did not return and soon again forgot himself and pounded on Mr. Llewellyn's desk with great force. Mr. Llewellyn angrily protested and the speaker again ordered Mr. Sanchez back to his desk. Mr. Sanchez continued to stand in the middle of the room and after he had most vehemently spoken for some time, he was again ordered back to his desk. Mr. Dalles finally raised the point that Mr. Sanchez was not speaking to the question and the point was sustained. The motion to table the amendment was lost by 10 yeas to 13 nays. The amendment was then adopted and the name changed by 15 yeas to 8 nays. The bill passed by 20 to 4.

The bill to create Roosevelt county caused a second prolonged fight. There was a difference in the committee on county and county lines regarding it. Mr. Gutierrez is chairman of the committee and the other members were ready to report the bill favorably. Mr. Gutierrez declined to present it on the grounds that he had not had sufficient time to examine it. Mr. Baca moved to suspend the rules and receive a report from the committee on county and county lines. Mr. Gutierrez objected to rushing bills through the House. He said he had not been given an opportunity to examine the bill as he should and the other members of the committee were trying to force him to make a report really before a bill reaches him so that he could look into it. Mr. Baca and Mr. Llewellyn said that when a bill is referred to a committee it goes to the committee and not to the chairman alone. When the majority of the committee is ready to report it should be done. Mr. Dalles moved that the chairman of the committee on county and county lines make an immediate report on amended Council Bill No. 4. An act to create Roosevelt county. Mr. Baca withdrew his motion as that by Mr. Dalles covered the case. Mr. Bowie protested against such action and said Mr. Gutierrez should be given time to examine the bill at length. The report was ordered by a vote of 13 to 11. Mr. Romero moved to adjourn but the motion was lost by a vote of 6 to 14. Mr. Gutierrez then commenced to prepare his report and Mr. Llewellyn presented the majority report of the committee recommending the passage of the bill. The House waited some little time for Mr. Gutierrez to examine the bill and then he made a report without recommendation on the ground that he had not been given sufficient time to look into the matter. The majority report of the committee was then adopted. Mr. Baca moved to suspend the rules in order that the bill might be read the first and second times. Mr. Gutierrez moved to table Mr. Baca's motion and on the roll call, used his privilege to explain his vote to say that he had been unjustly treated and robbed of his privileges as a member of the House. He protested at some length. The motion to table was lost by 6 yeas to 13 nays.

Mr. Eduardo Martinez at once moved to adjourn but the motion was lost. The roll was called on the motion to suspend the rules and this resulted in 15 yeas to 9 nays. As a two-thirds vote is necessary to suspend the rules, the motion failed. Mr. Llewellyn at once moved to go into a committee of the whole to consider the bill. Mr. Kilpatrick insisted that the refusal of the House to suspend the rules caused the bill to take its regular course. The speaker read the rule of the national house of representatives on the subject and it makes it unnecessary even to go into a committee of the whole and Mr. Kilpatrick then moved to adjourn and it was lost. Mr. Martinez Sanchez caused a great laugh by saying that he was so anxious to see the bill pass that in order that his votes might not possibly be misunderstood, he intended to vote on all roll calls in connection with it in both English and Spanish, and he did. The vote on the motion to adjourn was 8 yeas and 16 nays. Mr. Llewellyn moved to read the bill the third time preparatory to placing it on its passage, but Mr. Gutierrez moved to table the motion and the motion was lost by 8 yeas to 16 nays. Mr. Llewellyn demanded the previous question on his motion and Mr. Gutierrez moved to adjourn. The last motion was declared out of order by the speaker and the previous question was ordered. The bill was then read the third time. Mr. Turner presented an amendment and said that in the passage of the bill creating Quay county, there had been caused a slight discrepancy in the boundary lines between the two counties and it was desired to correct this in the present bill. Mr. Gutierrez moved to table the amendment but the motion was lost. Mr. Martinez Sanchez then moved to adopt the amendment and Mr. Llewellyn demanded the previous question. Mr. Gutierrez moved to table Mr. Sanchez's amendment and was declared out of order. The amendment was then adopted. Mr. Sanchez moved the reading of the bill by title preparatory to its passage and Mr. Llewellyn demanded the previous question. Again Mr. Gutierrez moved to table Mr. Sanchez's motion and again was the motion declared out of order. The bill was read by title and Mr. Baca moved the passage of the bill while Mr. Dalles demanded the previous question. On the roll call on the previous question Mr. Gutierrez made an impassioned speech against receiving such treatment and declared he was given no rights or privileges whatever. Mr. Baca finally demanded that he be called to order as he was not explaining his vote and the speaker took the same view of the question. The main question was ordered by a vote of 18 to 6 and the bill was then passed by 19 yeas to 5 nays. The House adjourned at 5:50 until 10 o'clock this morning.

THE COUNCIL.

The Council was called to order at 10:15 and after roll call there was prayer by Rev. W. R. Dye. The journal was read and approved. The committee on territorial affairs, through Mr. Jaramillo, reported favorably House Bill No. 55, An act to provide for an assistant secretary of New Mexico; Council Bill No. 41, An act to prohibit desecration of the American flag, passage recommended; Council Bill No. 47, An act to repeal the law on bounties and making provision in regard thereto, passage recommended by Mr. Duncan and Mr. Pinard, passage not recommended by Mr. Jaramillo; Council Bill No. 27, An act to require police officers to enforce the law on Sunday observance and to prevent the sale of liquors and gambling on Sunday, passage recommended by Mr. Pinard, passage not recommended by Mr. Jaramillo and Mr. Duncan.

The committee on privileges and elections favorably reported Council Bill No. 64, An act to amend the election laws. Mr. Hughes introduced Council Bill No. 74, An act to repeal the law providing for a geological survey of New Mexico and to make an exhibit at the St. Louis Exposition. The bill recites that a large amount of money has been collected for these two purposes but that the government has taken no action regarding the survey. Many members of congress are opposed to the admission of New Mexico as a state and for these reasons the bill provides that the Louisiana purchase exposition commission shall pay all bills and cease to exist. The money in the two funds shall be equally divided among the seven territorial educational institutions. Referred to the committee on finance.

Council Bill No. 75 was introduced by Mr. Hughes. It recites that the untidy and dilapidated condition of Santa Fe is a great regret to all citizens of New Mexico; that no capital is so rich in historic associations, that it is a matter of pride to all citizens of New Mexico that the capital should be beautified and made as attractive as possible. The preamble recites that the financial con-

NEEDS OF THE NEW
MEXICO COLLEGE
OF AGRICULTURE
AND MECHANIC ARTSClasses are Crowded for Room--Provision Should be Made for Another
Dormitory. Class Room Building and an Armory--The College is
Doing Splendid Work--Its Scope is Not Local.

The annual report of the New Mexico College of Agriculture and Mechanic Arts for the year ending November 30, 1902, is now being published and will be distributed throughout the territory within a few days. The report comprises the report of the Board of Regents to the Governor, the report of the President to the Board of Regents, and reports from the different departments of the institution to the President of the College. Much the most interesting feature of the publication is the report of President Foster concerning the present condition of the institution, its needs, and the work of the past year. The president's report is of unusual interest. It shows a condition of things at the college at Mesilla Park that is not generally known and understood throughout the territory. It refers in detail to the strengthening of the courses of study, the addition of special courses in the institution, in domestic science and the equipment of a new department for instruction in sewing, which course is a very popular one with the young ladies of the college. Reference is made to the recent successful culmination of the numerous requests which have been made to the government for a United States army officer to take charge of military instruction at the college. This military instruction is required by the act creating agricultural colleges and from the report it appears that the military department of the college is now in successful operation. Most of the departments of the institution have received valuable material additions to their equipment for the past year.

An interesting feature of the report is the demand for the graduates of the institution. President Foster calls attention to the fact that the two graduate students receiving the degree of Master of Science last year now hold positions with the United States government. From last year's class in stenography and typewriting ten graduates went to positions in Mexico, and eight to positions in the territory and

dition of Santa Fe is such that the city can do nothing. The bill provides that on the request of the city council and mayor of Santa Fe, and the approval of the governor, convicts may be used to improve streets, parks and public places in Santa Fe. Bricks, stone and other products of the penitentiary shall be furnished free. The same privilege is authorized for the construction of an executive mansion and a building for the Historical Society. It was referred to the committee on territorial affairs.

Council Bill No. 78 was introduced by Mr. Hughes. It is an act to preserve public health in reference to the quarantine of infectious diseases. Referred to the committee on internal improvements.

Council Bill No. 77 was introduced by Mr. Amado Chavez. It is an act to license pawnbrokers. Referred to the finance committee.

Council Bill No. 73 was introduced by Mr. Chavez. An act regulating liquor and gambling licenses so that no such shall be valid on Sunday. Laid on the table to be considered in connection with Council Bill No. 27.

Council Bill No. 79 was introduced by Mr. Albright and is an act to amend the law protecting school children. Referred to the committee on education.

House Joint Resolution No. 6, providing for the construction of a road by convict labor between Santa Fe and Las Vegas, was referred to the steering committee.

Council Bills Nos. 27 and 73, regarding the observance of Sunday laws was called up. The majority of the committee on territorial affairs, Mr. Jaramillo and Mr. Duncan, reported against their passage. Mr. Pinard recommended the passage of the bills. Mr. Fall moved to adopt the minority report, but Mr. Duncan moved to amend by accepting the majority report. The majority report was rejected by a vote of 8 to 3. Messrs. Duncan, Martinez and Jaramillo voting for it. The minority report was adopted. Mr. Duncan and Mr. Jaramillo alone voting against it. The bill was amended in several particulars and was passed unanimously.

A message was received from the House announcing the passage of amended House substitute for House Bill No. 49, An act to create Quay county; House Bill No. 53, An act relating to contested elections; Council substitute for Council Joint Resolution No. 4, relating to the printing of reports, documents, etc., in Spanish; Council Bill No. 73, An act to create an orphan's

joining states, which illustrates the continued strong demand for the students taking the course in English-Spanish stenography in the college.

The report includes a full detailed list of the students attending the institution during the past year. The names of students are given in full, with the age, residence, and grade of each, and the total number listed is 307--218 boys and 89 girls. An examination of the list of names reveals some interesting facts. Two hundred and forty-three out of the total of 307 are residents of the territory and almost every locality is represented in the institution. Much more than half of the students come from beyond the broad confines of Dona Ana county, so that the institution is by no means a local one. The great demand for dormitories by the college is illustrated by the fact that a total of 135 boys and 52 girls come from beyond the vicinity of the college and consequently require dormitory privileges. All the present dormitory accommodations are more than full, the girls' dormitory having had to refuse within the past few months a number of young women desirous of entering the college, but who failed to do so from lack of dormitory accommodations. The institution is without any boys' dormitory, for which there is an urgent need.

NEEDS OF THE COLLEGE.

The president presents a strong argument in his report for the provision of new buildings for the college. It is evident to even the casual reader that the institution is in serious and urgent need of additional building accommodations which it must be provided with unless the work of the college is going to be seriously hampered and retarded. It appears that several departments of the institution are practically carrying on their daily work in the instruction of students without any quarters whatever. The departments of agriculture and horticulture have absolutely no class room available for holding their classes. The domestic science department,

SENATOR BURTON'S SPEECH

He Talks Up for the Territories
and Was Congratulated on All
Sides. Senator Quay Also to
the Front.

THE HOUSE.

Washington, Feb. 20.—At the opening of the session today the speaker laid before the house the invitation of the St. Louis exposition commission and the exposition company to congress to be present at the dedicatory exercises on April 30, May 2, 1903. Mr. Tawney of Minnesota, offered a joint resolution which was adopted, accepting the invitation on behalf of congress and providing for the appointment of a committee of seven senators and eleven representatives to represent the two houses.

THE SENATE.

Washington, Feb. 20.—When the senate met at 11 a. m. today it was still the legislative day of yesterday, a recess having been taken last night until this morning. The proceedings were still behind closed doors. The Panama canal treaty was immediately laid before the senate. Senator Morgan yielded the floor to Senator Burton, Republican, and advocate of the omnibus statehood bill. He spoke especially of the importance of the passage of that measure, only indirectly referring to the treaty. His contention was that while the canal treaty might be a meritorious measure, the statehood bill was equally so and that it should be voted upon.

Senator Burton's speech was drawn out by some criticisms of the decisions of the Republican caucus. Senator Quay made complaint of the publica-

tion, one of the most important in the institution, is crowded temporarily into a small room of the chemical department. The sewing classes of the young women of the college are being conducted on the platform of an assembly room where no proper facilities are available for the work, beyond the required equipment which is good, and the work of the department has to cease whenever the hall is used for its intended purpose. The Spanish department of the college is holding its classes from day to day in a laboratory and the largely increased enrollment in the engineering department must conduct the work by relays of students as the buildings will not accommodate at one time all who are taking the work. The creation of the new department of military science and tactics of the institution and the fact that the government has provided the institution with a large number of arms and ordnance stores at no cost to the territory, but with the understanding that they must be properly housed and cared for, creates an imperative demand for a suitable building for this work. There is absolutely no part of the institution available for the storing of these arms and stores.

The president sums up the needs of the institution as follows: First, a building to serve the needs of the departments of agriculture and horticulture and domestic science. Second, an armory and gymnasium for the military department. Third, a boys' dormitory. Fourth, an addition to the girls' dormitory. Fifth, a building for the use of the library and for an assembly hall and for the offices of the administrative department.

President Foster calls attention to the strengthening of the experiment station, which is a department of the college, and the work being pursued in various lines. It is evident from the report that the territory at large is appreciating more than ever before the importance and value of the work of this feature of the Mesilla Park institution.

tion and Senator Hoar said the caucus discussions were not for the newspapers. Senator Burton referred only briefly to the caucus, then made an argument of an hour and a half's duration in favor of the admission of the three proposed states. Mr. Burton was generally congratulated upon the conclusion of his remarks. Mr. Dubois of Idaho, followed with a speech in criticism of the treaty and of what he characterized as the summary action of the Republican caucus. The most interesting event of the day transpired before the beginning of the routine proceedings, when Senator Quay rose to a question of personal privilege. He sent to the desk and had read an article from a New York paper of this morning accusing him of violating a pledge which the paper stated, he had made in the Republican caucus Wednesday to support the treaty to the exclusion of every other subject.

He said that such was not the case, but that on the contrary, he had protested to the last in the caucus of any action looking to the displacement of the statehood bill. He called upon other senators to testify to this effect and several did so, among them Senator Foraker, who said that he was quite sure that Senator Quay had made no such pledge. Senator Lodge stated that he had not heard him make any remark. Senator Nelson expressed the opinion that a pledge was at least implied. Senator Hoar thought that the proceedings of the caucus should not be revealed, not even in an executive session of the senate. Senator Burton expressed the opinion that there should be a committee on publication, and having taken the floor for that purpose, went on with his statehood speech.

EVERY DAY HAS
ITS CATASTROPHEToday It is a Hotel Holocaust at Cedar Rapids in
Which Fifteen to Twenty Persons Were
Burned to Death and Twice That
Number Were Severely
Injured.MOST OF THE DEAD WERE
BURIED IN THE DEBRIS

Des Moines, Ia., Feb. 20.—Fifteen to 20 persons were burned to death and twice that number seriously injured in the fire that destroyed the Clifton hotel at Cedar Rapids at 2 o'clock this morning. There were 120 guests in the hotel when the fire broke out and most of the dead are buried in the debris. Owing to the destruction of the hotel register, the names of the missing had not been obtained up to 9 o'clock this morning. The fatally injured are L. C. Burnette, Nebraska City, badly burned; C. C. Burns, head waitress, jumped from the third story. The seriously injured are Conductor Strickland of the Northwestern, Clinton, Ia.; F. C. Outing, Center Point, Ia.; H. W. Bremer, Lyon, F. R. Moore, Chicago; J. N. Winner, Waterloo; J. E. Anderson, Chicago; A. S. Morrow, Boone; F. M. Gardner, Woodburn; C. F. Taylor, Davenport; Dr. Groves, Cedar Rapids; C. M. Larson, Oelwein; L. O. Vernon, C. J. Dialek, Clinton, Ill.; C. F. Hawes, Decatur, Ia.; Ed. Templeton, Monticello; George Tiggart, St. Paul; John W. Leads, Ottumwa.

The fire originated in the basement, presumably from an electric wire. The

flames were discovered by a bell boy and had already gained considerable headway. By the time work of sounding the alarm had begun, escape was cut off from the ground floor. At 9:30 it was stated that there must be 15 or 20 dead bodies in the debris, as a large number of persons had been seen to fall back from windows into the flames. The proprietors of the hotel also estimated that there must be close to this number unaccounted for. The work of identification of the missing was, however, necessarily difficult.

At 10 o'clock all but 10 of the missing had been accounted for. Those are supposed to lie in the debris although it is possible they may be located among the rescued. The ruins are still burning and it is impossible to search for the bodies.

The bodies of W. A. Mowry and an unknown woman were taken from the ruins shortly after 11 o'clock. The bodies were frightfully charred. Searchers are now at work.

Three more bodies were removed from the ruins shortly before 2 o'clock. Their condition was such as to preclude identification. Three or four of the injured are believed to be dying.

AN OBSTREPEROUS NEGRO.

He Preferred Being Killed to Opening His Door
for Another Lodger.

New Orleans, La., Feb. 20.—A negro named Lafayette Sims, who barricaded himself in a north Rampart street lodging house early this morning and defied the police, shooting frequently at them, was finally killed by the officers after the fire department had been called out and preparations had been made to smoke him out. The origin of the trouble was trivial. The landlord tried to compel Sims to open the door to make room for another lodger and when refused sent for a policeman who smashed the door. Sims began to shoot.

THE QUICK RICH SCHEMES.

Three Safes of E. J. Arnold and Company
Were Opened Today.

St. Louis, Feb. 20.—The three steel safes in the turf investment offices of E. J. Arnold & Co. were opened today by experts, at the direction of Receiver Swartz. Two were found to contain only books and papers, and the contents of the third and largest safe has not been revealed. The legislative investigation committee resumed its inquiry today into the methods employed by cooperative concerns.

OFFICIAL MATTERS

IRRIGATION COMMISSION.

The irrigation commission met yesterday afternoon and was in session until late last night at the office of the secretary, Col. George W. Knaebel. There is a difference of opinion among the members as to whether the lands under the control of the commission should be leased or sold. Some members favor selling the lands outright, while others believe they should be leased so as to form a fund for the building of reservoirs. They contend that by leasing the lands a permanent fund will be provided and that sites for reservoirs will be retained.

There is another difference of opinion in regard to the bill now pending in the Council for the appointment of a territorial engineer. It is asserted that the irrigation commission has full and ample powers to employ an engineer, to secure all the data, and do all the work that is authorized in the bill introduced; but that, should the bill be passed, it will give to one engineer the arbitrary power to fix water rights and he will not be subject to any board or revising body. It is contended by some of the members of the commission that this should not be done, but that the commission should employ the engineer in order that he might be subject to a board and that the commission should take action on the data that he secures. No decision was reached, and the commission adjourned to meet again at two o'clock this afternoon. A number of members of the Council committee on irrigation met with the commission.

Mr. W. W. Prickett, Smithfield, Ill., writes Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, and my face healed up and there is not the slightest scar left. MYSTERIOUS CIRCUMSTANCE.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c at Fischer Drug Co.

DEWITT'S WITCH HAZEL SALVE.

The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from the pure, unadulterated witch hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. Fischer Drug Co.

TRAGEDY AVERTED.

"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well. Every body ought to know, it's the only cure for Coughs, Colds and all Lung diseases. Guaranteed by Fischer Drug Co. Price 50c and \$1.00. Trial bottles free.

NEARLY FORFEITS HIS LIFE.

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for burns, bruises, skin eruptions and piles. 25c at Fischer Drug Co.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup. One minute Cough Cure is pleasant to take, harmless and good alike for young and old. Fischer Drug Co.

THE EASY PILL.

DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. Fischer Drug Co.

CURED CONSUMPTION.

Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 a bottle at Fischer Drug Co.

Council Bill No. 71.

Introduced by Hon. C. A. Spiess, of San Miguel County, February 17, 1903; read first time by title, and under suspension of rules read second time by title, ordered translated and printed and referred to the Committee on Judiciary.

AN ACT

Entitled An Act to Create the Office of Reporter of the Supreme Court, to Define the Duties of such Officer, and to Provide for his Compensation.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. The supreme court shall appoint a reporter of its opinions, who shall be a lawyer, an officer of said court, and a member of the bar thereof, and who shall hold his office during the pleasure of said court.

Sec. 2. It is hereby made the duty of the reporter, within four months after a sufficient number of opinions to constitute a volume shall be ready for delivery to him, to have the same ready to deliver to such printer as may be designated by the territorial library committee.

Sec. 3. The reporter shall have no pecuniary interest in the volume of the supreme court reports, or in their publication, but each volume shall be published under his supervision, under contract to be entered into by the territorial library committee, who are hereby constituted a commission for the purpose of making such contract on behalf of the territory with the person or persons who shall agree to publish and sell such reports, for a period not to exceed ten years on the terms most advantageous to the territory and the public, at a rate not to exceed three dollars per volume of not less than 650 pages.

Sec. 4. The opinions of the supreme court of the territory shall be published in volumes of the uniform size and style as near as may be, of volumes 5, 6 and 7 of the New Mexico report and contain not less than 650 pages.

Sec. 5. The reporter shall accurately and truly prepare all such opinions for publication. The report of each case shall contain the title of the cause, a syllabus of the points decided, a statement of so much of the facts of the case as shall be necessary to understand the opinion, an abstract of the briefs of counsel, showing the points made and the authorities cited, the names of counsel and the opinion of the court. Each volume shall contain a list of the cases reported alphabetically arranged; also an alphabetically arranged list of cases cited by the court; a list of the members of the supreme court and the officers thereof; the members of the bar of said court and a complete index.

Sec. 6. The reporter shall cause each volume of the reports hereafter published, to be copyrighted for the use and benefit of the Territory of New Mexico, and all papers and certificates relating to such copyright shall be filed and preserved in the office of the secretary of the territory, and there shall hereafter be distributed, at the expense of the territory to each member of the supreme court, to the solicitor general and to each district attorney, one copy each, of all the reports hereafter published.

Sec. 7. From and after the first day of January, A. D. 1903, the reporter of the supreme court shall receive a salary of nine hundred dollars per year, to be paid monthly out of the supreme court fund which is hereby increased by that amount.

Sec. 8. All acts and parts of acts inconsistent with this act are hereby repealed, and this act shall take effect and be in force from and after its passage.

House Bill No. 95.

Introduced by Mr. Nestor Montoya, February 7, 1903; read first and second time by title, ordered translated and printed and referred to Committee on Judiciary.

AN ACT

Entitled an Act to Amend Sec. 1 of Chap. 74 of Session Laws of 1901, Entitled "An Act" to Amend the First Subdivision of Section 4141 of the Compiled Laws of 1897, Relating to Peddlers.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. Section 1 of Chapter 74 of the Session Laws of 1901 is hereby amended to read as follows: All persons who may engage in any itinerant trade, by sample or otherwise, selling at retail to individual purchasers who are not dealers in the articles sold, except in the selling of maps, books, newspapers, fuel, fruits and domestic machinery, shall be considered peddlers within the meaning of this act.

Sec. 2. All laws and parts of laws in conflict herewith are hereby repealed, and this act shall take effect and be in force from and after its passage.

House Bill No. 104.

Introduced by Hon. McIvers, February 17, 1903; read first and second time by title, ordered translated and printed and referred to the Committee on Judiciary.

AN ACT

To Prohibit City Marshals and Police Officers from Acting as Such Outside of the Limits of the City, Town or Precinct for which they were Elected or Appointed.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That the marshals of cities or towns and police officers therein, constables or other peace officers are hereby prohibited from acting as such, except within the limits of the city, town or precinct for which they were elected or appointed, except in cases of fugitives as prescribed in Section 2468, Compiled Laws of 1897, or when any person under arrest shall escape and flee beyond the city, town or precinct limits, when it may and shall be lawful for such peace officer to follow and recapture such fugitives. Any violation of this law by any of the peace officers named shall be a misdemeanor, and upon conviction he may be fined in a sum not exceeding one hundred (\$100) dollars, and shall be removed from office.

Sec. 2. All laws and parts of laws in conflict herewith are hereby repealed, and this act shall take effect and be in force thirty days after its passage.

PLENTY OF IT.

Lots More Proof Like This and it is All From Santa Fe People.

"The proof of the pudding is in the eating of it." If any city or town in the union has sufficient proof on the following subject it is Santa Fe. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers give statements like the following for publication it is proof convincing for the most skeptical. Read this testimony:

Hilario Sandoval, painter and paper hanger, San Francisco st., says: "Any one engaged in my calling requires a good sound back and if that part of his anatomy gives out or is weak, lame and aching for six or seven months, he cannot perform the ordinary day's work without great discomfort. My backache never compelled me to stop work, but to say the least it was decidedly irksome when in the acute stage. Gradually as I continued the treatment with Doan's Kidney Pills procured at Ireland's drug store the aching ceased and in a comparatively short space of time totally disappeared."

Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Digesting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

FRIDAY, FEBRUARY 29.

THIRTY-FIFTH LEGISLATIVE ASSEMBLY

(Continued from First Page.)

home at Belen; amended Council Bill No. 4, An act to create Roosevelt county.

Council Bill No. 5, by Mr. Hawkins, An act to amend the election law was taken up. Favorable action was recommended by the committee on privileges and elections. The bill provides that a voter whose name has been omitted from the registration list, shall have the right to vote on presenting an affidavit by himself, supported by the affidavits of two other voters of the precinct, that he is a qualified voter of that precinct. The bill was unanimously passed.

House Bill No. 55, An act to provide for an assistant secretary for the territory, was recommended to the judiciary committee to investigate whether or not the legislative assembly has the right to enact such a law. It had been favorably reported by the committee on territorial affairs.

The passage of Council Bill No. 41, An act to prevent the desecration of the American flag, was recommended by the committee on territorial affairs and the bill was unanimously passed.

Council Bill No. 47, An act repealing Chapter 10 of the Session Laws of 1901, regulating the bounties to be paid for killing wild animals and providing therefor, was called up. The majority of the committee on territorial affairs recommended its passage, but the minority report, signed by Mr. Jaramillo, was against it. The minority report was rejected and the majority report adopted. The bill provides a bounty of \$2 each for coyote, wild cat or lynx, and \$20 each for gray wolf, lobo, panther, mountain lion or bear. Mr. Fall moved to strike out the enacting clause as he believed \$2 too much to pay for coyotes. He believed it would pay better to kill coyotes than to go into the sheep business. His motion was lost by 7 to 4. The bill was then passed by a vote of 8 to 3.

Council Bill No. 68 was favorably reported by the committee on irrigation. It is to prevent injury to ditches, pipe lines, reservoirs and the taking and beheading of waters therein. The rules were suspended and the bill passed unanimously.

By unanimous consent, Council Bill No. 80 was introduced by Mr. Martinez. It is an act to amend the laws relating to the qualifications of justices of the peace. Referred to judiciary committee.

The committee on municipal and private corporations favorably reported Council Bill No. 65, An act to amend the law relating to the appointment of police forces in towns having not more than 3,000 population. It was passed unanimously.

The same committee recommended that Council Bill No. 44 be tabled indefinitely and the substitute reported by the committee be passed. The bill relates to the election of municipal officers and was assigned to take its regular course.

By unanimous consent, Mr. Spiess introduced Council Bill No. 81, An act regarding the limitation of time of be-

ginning legal actions. It was referred to the judiciary committee.

The Council then took a recess until 2 o'clock.

THE HOUSE.

(Morning Session.)

The House was called to order at 10:15 this morning and the Journal was read and approved. As the chaplain was absent, prayer was dispensed with.

Mr. Romero moved to suspend the rules and take up House substitute for House Bill No. 64, commonly known as the "exemption bill." Mr. Bowie opposed wasting time in suspending rules. The provision of the bill is that exemption shall apply not only to real but also to personal property of heads of families. The rules were suspended by a vote of 16 to 7. The majority of the committee recommended the passage of the substitute, but the minority was opposed to it. Mr. Pollard moved to recommit the bill to the judiciary committee. Mr. Romero moved to table the motion and the motion to table was lost. On Mr. Pollard's motion the vote stood 7 yeas and 16 nays and it was lost. The reports of the committee were read and the substitute bill was read the third time by title. Mr. Ortega moved to table the minority report. Mr. Cristoval Sanchez moved to amend by adopting the majority report. Mr. Pendleton spoke against the bill. He was opposed to further exemption or to any exemption and he gave notice of his bill, House Bill No. 67, which is on the calendar, to repeal the exemption law. Mr. Pollard said the bill did not increase the exemption but he was opposed to the bill because it was substantially the same as the law now on the statute. Mr. Cristoval Sanchez and Mr. Pedro Sanchez spoke in favor of the bill. The vote to table the minority report stood 16 yeas and 6 nays. Mr. Pollard moved to amend the bill so as to exempt San Juan county. Mr. Cristoval Sanchez moved to further amend so as to include Luna county in the original amendment and Mr. Pollard accepted it. The amendment was then tabled by a vote of 17 to 5. The bill was read the third time by title and passed by 19 yeas to 4 nays.

The regular order was then taken up and the finance committee presented its report on the accounts of the chief clerk. Two reports were presented. The majority report recommends the payment of 50 cents extra to committee clerks. A full statement of the accounts of the House for the session is included and then the majority recommended that the clerks named by Mr. McCash and Mr. Coleman be paid only from the date of their employment. The report commends the Speaker for his careful disbursements of the moneys.

The minority report recommended that the employees named by Mr. McCash and Mr. Coleman be allowed full pay for the second ten days. On all other points the minority report endorsed the report of the majority. Mr. Turner moved to accept the majority report but Mr. Cristoval Sanchez moved as an amendment that the minority report be adopted. Mr. Sanchez said the agreement among the Republicans was that these employees were to be paid for the second ten days. Mr. Turner, Mr. Pollard and Mr. Bowie said the statement was incorrect. Mr. Turner said that he had made no such agreement and that had the caucus made such an agreement he would not hesitate to violate it. He was opposed to paying men for time when they were

not employed. The records of the caucus were called for and statements requested of Mr. Llewellyn as chairman of the caucus, and of Mr. Baca as secretary. The amendment was adopted by 13 to 9 and the minority report adopted.

By unanimous consent Mr. Pendleton introduced the following bills: House Bill No. 115, An act to amend Section 1543 of the Compiled Laws of 1897; referred to committee on education.

House Bill No. 116, An act to permit mercantile association to transact a banking business in towns of less than 1,500 population; referred to committee on banks and banking.

By a vote of 12 to 10, the House then, at 12:50, adjourned until Monday afternoon at 2 o'clock.

THE COUNCIL.

(Afternoon Session.)

When President Chavez called the Council to order, he announced that he had been requested from a high authority to call the attention of the Council to the necessity for early consideration of the appropriation bill so that the Council may have ample time to consider any House amendments.

Council Bill No. 44 was laid on the table and the substitute taken up. It provides that terms of mayors of cities shall be two years instead of one; of members of city councils two and four years instead of one and two years and the same to apply to members of board of education. The bill was passed unanimously.

Mr. Fall called up House Substitute Bill No. 49, the Quay county bill. It was read the first and second time by title. Mr. Pinard offered an amendment to cut the southern tier of townships in Union county out of the proposed new county. Mr. Spiess and Mr. Amado Chavez opposed it. Mr. Martinez, Mr. Pinard, Mr. Hughes and President Chavez voted for the amendment and it was lost. The bill was then passed by 9 yeas and 2 nays. Mr. Martinez and Mr. Pinard voting no.

Council Bill No. 4, An act to create Roosevelt county, was taken up and the Council concurred in the House amendments. Mr. Hawkins moved that the chairman of the statehood committee notify Senator Quay that the legislative assembly had named a new and prosperous county for him in recognition of his efforts for New Mexico. Mr. Albright desired to amend by adding President Roosevelt. Mr. Hawkins begged that the amendment be withdrawn. Mr. Fall who seconded the amendment, at first refused consent but finally gave it. Mr. Spiess tried to speak but Mr. Fall and Mr. Hawkins raised so many points of order that he desisted. Finally it was decided that President Chavez and Chief Clerk Martin send the telegram and it was so ordered.

By unanimous consent, Mr. Amado Chavez introduced Council Bill No. 82, An act to authorize the secretary of the territory to correct manifest errors of spelling and punctuation in acts; and the committees of both branches to do the same. Mr. Fall raised the point that this should be a joint resolution. He was sustained by the President. Mr. Chavez consented to the change and it became Council Joint Resolution No. 14 and was adopted.

Council Bill No. 35 was called up. It is an act to provide for the consolidation of benevolent, charitable and scientific associations. It was passed unanimously.

Council Bill No. 53, An act to provide for fees for probate clerks. It was a bill by Mr. Hughes and he voted no as a joke. Messrs. Duncan, Fall, Jaramillo, Hawkins, Pinard and Martinez promptly changed their vote to no and the bill was lost by 7 yeas to 4 nays.

Council Bill No. 54, An act providing for the annexation of contiguous territory by cities and towns, was unanimously passed.

Council Bill No. 45, An act authorizing cities and towns to levy a special tax for water and light purposes was unanimously passed.

Council Bill No. 51, An act providing for the registration of trade marks and labels was reported. Mr. Spiess saw a combination forming against the bill and tried to have it recommitted. Mr. Fall moved to table the bill and this was done by a vote of 6 to 5 amid great laughter. Mr. Spiess walked over to Mr. Fall's desk and passed in front of Mr. Jaramillo's desk, who at once asked that Mr. Spiess be required to keep his seat as it prevented free hearing of the proceedings. President Chavez joined in the fun and ordered Mr. Spiess to sit down. Mr. Fall remarked that Mr. Jaramillo was reading a paper and did not care to hear. Mr. Jaramillo said that his excuse was that it was Mr. Luna's paper. Mr. Chavez said it was a more serious offense to read another man's paper.

Council Bill No. 52 was then taken up. An act regulating the admission of foreign corporations and providing for penalties for failure to comply with the laws. It was passed unanimously.

House Bill No. 63, An act relating to appeals in contested election cases, was laid before the Council. Referred to the judiciary committee.

The Council then adjourned until Monday morning at 10 o'clock.

MINOR CITY TOPICS

Exchange: T. J. O'Rourke, Kansas City; W. S. James, Kansas City. There will be the regular meeting of Santa Fe Lodge No. 2, I. O. O. F., this evening at 7:30 o'clock.

More fun than a circus at the Ladies Minstrels Monday night. Seats now on sale at Ireland's Pharmacy.

Don-Ton: Cosmo Martinez, Higinio V. Gonzales, Santa Cruz; Cornelio C. Chavez, Halls Peak, N. M. Dinah Dewdrop and Kalsey Whitehead of the Lady Minstrel Company will sing the very popular song "Mr. Dooley." Words can be secured of the ushers; you can get the air as you go home.

Trains Nos. 3, 1, 7 and 8 on the Santa Fe came in together this morning, being from four to 14 hours late. Part of the mail from the east laid at Lampasas this morning before it was

brought into Santa Fe. The eastern trains are again late today on account of the terrible weather that has prevailed all week in the east.

Ladies Minstrels at Loretto Auditorium Monday night. Seats now on sale at Ireland's Pharmacy. Under auspices of Woman's Board of Trade. See the cake walk; hear all the latest songs. Pretty marches, dances, etc.

Claire: Alex. Read, Tierra Amarilla; V. F. Martinez, E. L. Howell, Las Vegas; M. T. Wright, Pueblo; Dr. Dugan, New York; C. E. Jones, Denver; W. B. Williams, Strong, Miss.; George Reynolds, City.

The forecast is for fair weather tonight and tomorrow with stationary temperature. The maximum temperature yesterday was 42 at 3:50 p. m., and the minimum was 17 at 4:40 a. m. The temperature at 6 o'clock this morning was 21.

The funeral of the remains of the late Mrs. Felicitas Baca de Sandoval took place this morning at 8:30 o'clock from the Cathedral. Interment was made at Rosario cemetery. A large concourse of relatives and friends attended the funeral.

On March 1 the daily train service on the New Mexico division of the Denver and Rio Grande railroad between this city and Antonito will be restored. This is good news to Santa Fe and to the citizens of northern Santa Fe, Rio Arriba and Taos counties, and will prove of benefit to the road.

Palace: John Franklin, El Paso; J. D. Spalding, wife, and Miss Spalding, Sioux City; C. R. Bowman and wife, H. E. Woodbury and wife, Toledo, O.; J. Jordan, St. Louis; S. G. Hatfield, C. Worthington, Denver; C. R. Luton, W. A. Dorland, Grand Rapids, Mich.; A. M. Tinker, Washington, D. C.

LEGISLATIVE POINTERS.

He whose first emotion, on the view of an excellent bill, is to undervalue it, will never have many of his own to show. Sabe?

It is given out from apparently authentic sources that the territorial educational institutions will fare well at the hands of the legislature. 'Tis well, truly.—Las Vegas Record.

The earnestness displayed by some of the legislators in the heat of debate reminds the New Mexican that the greatest genius is never so great as when it is chastised and subdued by the highest reason.

Representative Llewellyn is doing efficient work in the matter of the creation of the two new counties of Roosevelt and Quay. Major Llewellyn made a gallant fight to have the name of "Leonard Wood" adopted for one of the counties, but the majority was against him.

A man's reputation draws eyes upon him that will narrowly inspect every part of him; And so it was when the bill to appropriate \$500 to A. B. Baca for the arrest of Jose Telles, the desperado, was up for consideration in the house.

Representative Cristoval Sanchez is a parliamentarian of no contracted dimensions. He seems to voice the opinion of Lavater that he only is great who has the habits of greatness, who after performing what none in ten thousand could accomplish, passes on like Sampson, and "tells neither father nor mother of it."

Major Llewellyn's proposition in legislative halls at Santa Fe to employ convicts in the territorial penitentiary in the construction of a road between the Capital City and Las Vegas meets with general favor over this way. Such an enterprise would but hasten rapid transit between the two places.—Las Vegas Record.

Speaker Montoya, who by the way is a newspaper man from the Duke City, is making a first class speaker in every sense of the word. His clear, strong voice and good knowledge of parliamentary law, has so far enabled him to keep the house in good order, and to decide all questions promptly and in justice to all.—Las Vegas Optic.

Representative R. L. Baca appeared before the finance committee of the House the other day and stated the amount of the appropriation that would be needed to keep the capital and capitol grounds in good repair for the next two years. Among his other accomplishments, Mr. Baca is something of a poet, and the New Mexican reporter put his thoughts into words, with the following result: "Where we cannot invent, we may at least improve; we may give somewhat of a novelty to that which was old, condensation to that which was diffuse, perspicuity to that which was obscure, and currency to that which was recalcitrant."

PERSONAL MENTION

Sixto Chavez, assessor of Rio Arriba county, who spent several days of this week in town on official business, left for his home at El Rito this morning.

John Franklin, an El Paso attorney, arrived from the south yesterday and will remain a day or two viewing legislative sights.

H. A. Dodge, who was superintendent of telegraphs of the Santa Fe Central Railway until a few months ago, has been taken from El Paso to his home in Denver very low with consumption.

Doctor C. G. Cruikshank of San Marcial, who has been in the city looking after legislative matters and also attending to business before the Territorial Irrigation Commission left last evening for his home.

C. R. Luton of Grand Rapids, Mich., who is largely interested in mines in Grant county, is visiting the capital. So is his friend W. A. Dorland of the same town. They are here on business with A. E. Gibson, president of the American Consolidated Copper Company.

National bank at Roswell, one of the strongest and best conducted financial institutions in New Mexico, is expected to arrive from Roswell tonight. He comes to attend to legislative matters in which this section of New Mexico is interested.

H. B. Holt, Esq., secretary of the Board of Regents of the College of Agriculture and Mechanic Arts at Mesilla Park, and whose home is at Las Cruces, is in the capital looking after the interests of the college before the finance committees of both houses.

Arrested on the Charge of Forgery.

P. Sanchez was arrested at Albuquerque yesterday for trying to cash a money-order for fifty dollars in favor of Andru B. Lopez. The signature of Lopez had been apparently forged to the order. Sanchez made contradictory statements to the officers, and he will be prosecuted by the United States and perhaps by the territory.

LEGISLATORS

"If all the legislators should die in one night 'Twould leave this country in a terrible plight. The passenger trains would rust on the rail And the hotel business be dead as a nail."

"No man would hear the sound of the gong. And livery rigs, would sell for a song; The hinges of the theater doors would rust, The street cars and omnibusses crumble to dust."

W. H. GOEBEL, Hardware.
