SIBERIA INVADED!

Report that Chinese Have Expanded.

Prince Tuan Has Mobilized 950,000 Men.

Merchants of Canton Implore Li Hung Chang to Protect Them.

CHINESE MAY INVADE COREA.

London, July 18.—If the news of the Chinese invasion of Siberia proves true it will, of course, immediately complicate the situation from an international standpoint. It was announced on July 13 that the Chinese had peremptorily ordered all Russians to quit Manchuria, but no one imagined that they would be audacious enough to march out of their own country and attack Russian territory. Such an attack, of course, constitutes in itself a declaration of war, rendering formal notification needless. Separate attacks by Chinese on Russian territory, means giving Russia, according to the views expressed in Europe, additional excuse for isolated descent on Peking, and additional claim to assert greater influence than the other powers and obtain greater compensation. The latest Chinese assurances of the safety of European legations at Peking are not credited here. On the contrary, it is believed that the best assurances are dictated by a desire to save the native city of Tien Tsin. The Associated Press correspondent at Shanghai wires under date of July 16, that there is hardly a doubt that Sheng, Chinese minister of telegraphs, is withholding information. The news of the massacre already telegraphed to the United States may be taken as correct.

Big Chinese Army.
St. Petersburg, July 18.—A dispatch from Che Foo says: "Prince Tuan has mobilized a force of 950,000 men, divided into different corps. The northern corps has been ordered to expel the foreigners from Amur. The Peking force, divided into four corps, is first to begin operations."
Minister Allen, at Seoul, Korea, telegraphs the state department that the Chinese and Koreans are in force within a few miles of the Korean frontier. Natives of Pinyang, the most northern province of Korea, are most alarmed and are fleeing. The foreigners remain in safety. The government is very anxious.

Giving the Old Man Tally.
Hong Kong, July 18.—Li Hung Chang, disregarding all attempts of Europeans and Chinese to persuade him to remain, left Canton this morning for Peking. Prior to his departure, Chinese merchants and gentry of Canton presented a petition declaring that they learned with trembling that their protector was proceeding north, and saying that the absence of rebellion and piracy was solely due to the presence of Li Hung Chang, the merchants were ready to coat themselves before the wheels of his chariot to prevent his departure.

Rebellion Spreading.
St. Petersburg, July 18.—A dispatch from Nankin announces that Prince Tuan has ordered a general military movement, owing to the appearance of the Japanese in China. The victory of Nankin has informed the foreign consuls here that he cannot be responsible for events in Chiao Shin, Ning Po and

AMERICAN OFFICERS WOUNDED.

Waiting for Peking News.
Washington, July 18.—Reliable news of the situation at Peking is expected soon. Until it arrives nothing will be done but mobilize and push forward troops and marines selected to make up our quota of 50,000 soldiers, which the commanders at Taku decided necessary to hold Tien Tsin and insure the success of a forward movement on Peking.

Strike at Dallas.
Dallas, Tex., July 18.—All the union employees of the Dallas Consolidated Street Railway company went out at 6:00 a. m. The company secured a number of new men, who are operating a few lines. As yet there has been no trouble. Major Benjamin E. Cabell has been asked to mediate between the company and its employees.

REPUBLICAN CLUBS.

Delegates from Thirty States Present at St. Paul.
St. Paul, July 18.—When the National League of Republican clubs met today the committee on credentials reported delegations present from thirty states, with 1,440 votes. Major Melville says presented the report of the revision committee. The vice president at large was provided for being a new officer. A system of honorary membership is provided as an additional financial measure. The report was unanimously adopted. The resolutions endorse the platform of the national republican convention and approve every action of President McKinley. "As representatives of the younger element of the republican party, the resolutions continue, 'we have peculiar pride in the nomination for vice president of Theodore Roosevelt, whom we regard as an inspiring and lofty type of the American statesman and soldier.'

"The republican party has ever been the builder. Its every platform has rung with the spirit of progress and hope. Democracy has ever been the destroyer. Its every platform has been with the spirit of reaction and opposition. The American people will never believe that the builder has become the destroyer and the destroyer the builder."
The election of officers resulted as follows: President, Senator Isaac Miller, Hamilton, Ill.; vice president at large, Luther Mott, Oswego, N. Y.; secretary, D. H. Stiles, Kentucky; treasurer, J. J. Higgins, Pennsylvania. Judge W. C. Raymond, of Illinois, moved the appointment by the league president of a committee of one from each state and territory to wait upon President McKinley and pledge him the support of the league. The motion was adopted and the convention adjourned sine die.

Burial of Col. Liscum.
Washington, July 18.—The war department has received a cablegram from General McArthur, dated Manila, July 18, saying that Colonel Liscum's body was buried at Tong Ku, on July 17.

Wood in Washington.
Washington, July 18.—Secretary Wood, of Cuba, called on Secretary Root this morning. He said he was called to Washington by Secretary Root. He said that conditions in Cuba were quiet and favorable.

Boers Defeated.
London, July 18.—The war office has received the following dispatch: Lord Roberts: "Pretoria, July 17.—Yesterday the enemy made a determined attack on the left of Lord Roberts' position and along our left flank, commanded by Hutton. The posts held by the Irish Fusiliers and the Canadian mounted infantry, under Lieutenant Colonel Anderson, were most gallantly defended. The enemy made repeated attempts to assault the positions, coming in close range, and calling the fusiliers to surrender. The enemy suffered severely. They had 15 killed, fifty wounded and four taken

TEXAS STATE GUARD PATRIOTIC.

Washington, July 18.—The war department to-day bulletined its first official report of the results of the battle of Tien Tsin, as follows: The Foo—Casualties in attack on Tien Tsin July 12—Killed, Colonel E. H. Liscum and 17 enlisted men; wounded, Captain C. R. Noyes, not serious, Major J. F. Fagan, serious, but not dangerous, Captain E. V. Bookmiller, serious, not dangerous; Lieut. L. B. Lawton, serious, not dangerous; Lieutenant F. R. Lang, slight, and 71 enlisted men. Missing, two enlisted men. Signed,

COOLIDGE.
Coolidge, who signed the dispatch, is lieutenant colonel of the Ninth infantry.

UNDER TRIAL.

Strong Evidence Against Ex-Secretary of State of Kentucky.

Georgetown, Ky., July 18.—The trial of Caleb Powers, in the Garber assassination case, was resumed today. John A. Black, of Barbourville, a banker and republican of prominence, said Powers told him in January he was organizing an armed mob to go to Frankfort. Witness discouraged the project. Powers insisted that the mob should be formed, saying it would intimidate the legislature. Black, continuing, said: "I saw Powers later and again remonstrated against the formation of the mob. Powers told me it was being formed with the approval of Governor Taylor, Charles Finley and other republican leaders in Frankfort. Finley also came to me and endeavored to get me to cooperate with them. I protested bitterly. Powers became very angry with me on account of the position I took."

A check from Charles Finley to the Louisville & Nashville railroad for \$1,000 was produced by Black in response to a question from the prosecution.

W. J. Cullen, himself under indictment as accessory, supposed to be the state witness for the prosecution, was called next. The defense raised the point of competency of Cullen as a witness, he being under indictment and not having been tried. The jury was excluded during the argument of the point.

Judge Cantrill this afternoon ruled that while at common law participants of crime could not testify against a co-conspirator so long as he himself remained untied; that rule was abrogated under the law of this state and Cullen was a competent witness, the right to testify being a personal privilege. Cullen said he would testify of his own free will.

OFFICIAL NOTES

The Census Reports—New Mexico. The census of New Mexico for 1900, taken by the United States Census Bureau, shows a total population of 108,000. The population of the Territory of New Mexico in 1900 was 108,000, an increase of 10,000 over the population in 1890. The population of the Territory of New Mexico in 1890 was 98,000. The population of the Territory of New Mexico in 1880 was 88,000. The population of the Territory of New Mexico in 1870 was 78,000. The population of the Territory of New Mexico in 1860 was 68,000. The population of the Territory of New Mexico in 1850 was 58,000. The population of the Territory of New Mexico in 1840 was 48,000. The population of the Territory of New Mexico in 1830 was 38,000. The population of the Territory of New Mexico in 1820 was 28,000. The population of the Territory of New Mexico in 1810 was 18,000. The population of the Territory of New Mexico in 1800 was 8,000.

THE CENSUS. The force in the census office at Santa Fe is hard at work on the totals as they come in from the enumerators. By far a large majority of the enumerators finished their duties on June 30, as the law requires, but in special instances, for good reasons only, the time has been extended. The longest period of such extension has been granted at Carlsbad, where William C. Hoff, the original appointee, fell sick and was unable to complete his work, and it became necessary to make another appointment. The new enumerator for the Carlsbad district is William C. Hoff, of Miami, who has been advanced to make all possible haste in forwarding the results of his work.

HIGH SCHOOL REPORTS WANTED. Hon. M. C. Baca, superintendent of public instruction, has received a letter from the superintendent of public instruction at San Juan, Puerto Rico, asking for a complete set of New Mexico school reports, as the superintendent's office at San Juan, with all its documents and reports had been destroyed by fire.

WANT TO GO TO CHINA. Governor Otero is in receipt of several telegrams offering to raise a regiment of volunteers for service in China in case the president should call for volunteers. One proposition is to recruit another rough rider regiment, there being a special need for cavalry in China.

TERRITORIAL FUNDS. Territorial Treasurer Vaughn has received from Donatiano Cordova, collector of Taxes county, 12 cents of 1897 taxes, 61 cents of 1898 taxes, and \$513 of 1899 taxes.

No Right to Ignorance. The woman who is lovely in face, form and temper will always have a certain attraction for the man who is attractive must keep her healthy. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It cures all these troubles, bright eyes, smooth, velvety skin, rich complexion. It will make a good looking, charming woman of a run-down invalid. Only 50 cents at all drug stores.

Ed. Newcomer's joke.

Ed. Newcomer, the chief deputy sheriff, was out this week to take a sheep to jail. About three months ago he took the sheep and his partner who took the sheep. While they were taking

curled together on the train a small lady came rushing along and said she had spent money there in converting prisoners. One of them told her that they were not criminals, but were crazy, and that Newcomer was taking them to the asylum at Las Vegas. She then asked Newcomer if she might sing to them. He told her that she might, but she must prepare herself as one of the men had gone crazy on account of religion, and that he got frantic whenever he heard one. She left—Gallup Gleaner.

It is Perfectly Reliable. "We have sold many difficult cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Charles Holzhauser, druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds or hoarseness. Sold by all druggists."

A Curiosity. There is a "sermon in stones" and the faces and images on rocks in this ever interesting country. One of Major Fred. Muller's prospectors brings in from the Nambe region a smooth flat rock, about 18 inches in size, and of a red, brown color, upon which is the dark green outline of a human face. A wet sponge applied to the surface brings out the well high perfect features of a brigandish looking face, with rosy hair and ferocious mouth. Major Muller will donate the stone to the New Mexico Horticultural society.—New Mexican.

SAN MARCIAL.

From the Bee.

J. W. McConch sent in his resignation as school director, and the county superintendent has appointed W. D. Finney to fill the vacancy.

Sammy Connelock has taken a lay-off and gone to the mountains with his family. Mrs. Harry Armstrong and babies were of the party, and Frank Armstrong went along with the intention of returning to town in a few days.

A lady and gentleman of San Marcial were quite ill Thursday night from eating sauce made of apples grown in Socorro county. A physician's opinion is that the fruit was poisoned from the drugs used in spraying the trees.

Bob Thornton, who has taken up a ranch on Turkey creek, this county, says the last of July, accompanied by several bears feeding from the carcass of a calf, and often a full grown cow. There are numerous cowboys in the locality, but none of them appear to have lost any bears.

Dr. Alex. Crulshank left San Marcial for Michigan. After a visit to an uncle, who is ill, the doctor will return about the last of July, accompanied by his wife who has been with friends in Pittsburgh and Canada for some time.

John Maher died in a Kansas City hospital on July 4 and was buried beside his wife at Cameron, Mo., on July 6. He died of cancer of the throat. He was the father of Conductor J. C. Maher, of San Marcial, and intelligence did not reach the sun until after the funeral.

Rev. A. H. Sutherland, who is mining near Pampa de Coronado, Mexico, has forwarded to a friend in San Marcial a large piece of silver ore taken from his mine, and it is on exhibition at Shaw's drug store. It is rich in silver. The mine is only forty miles from a smelter and surely can be worked profitably, for native miners are paid only 75 cents a day in Mexican silver.

A Powder Mill Explosion. Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are as gentle as a summer breeze, will do the work perfectly. Cures headache, constipation. Only 25 cents at all drug stores.

HEADQUARTERS FOR LEATHER, heavy work harness, buggy harness, express harness, saddles, collars, sweat pads, saddlery, hardware, etc.

Oak and hemlock cut soles, Diamond brogue shoes, etc.

Arnold's rubber heels, Whale axle grease, coach oil, harness oil, castor oil, axle grease, etc.

Buggy whips, 10c to \$1.50. Doves' ready paint, cheap paint color 200 square feet, Doves' or Jovers' 300 square feet under any conditions, two coats.

RHEUMATISM.

Distorts Muscles, Shatters Nerves, Stiffens Joints.

Due to acid poison which gains access to the blood through failure of the proper organs to carry off and keep the system clear of all morbid, effete matter. This poison through the general circulation is deposited in the joints, muscles and nerves, causing the most intense pain.

Rheumatism may attack with suddenness and severity as to make within a few days a healthy, active person helpless and bed-ridden, with distorted limbs and shattered nerves; or it may be slow in developing, with slight wandering pains, just severe enough to make one uncomfortable; the tendency in such cases is to grow worse, and finally become chronic.

Like other blood diseases, Rheumatism is often inherited, and exposure to damp or cold, want of proper food, insufficient clothing, or anything calculated to impair the health, may be slow in its action, but more often not until middle age or later. In whatever form, whether acute or chronic, acquired or inherited, it is a disease, and it is a disease that must be cured, or it will ruin the digestion and break down the constitution.

A remedy which builds up the general health and at the same time rids the system of the poison is the only safe and certain cure for Rheumatism. S. S. S. made of the purest blood-purifying properties, attacks the disease in the right way, and in the right place—the blood—and quickly neutralizes the acid and dissolves all poisonous deposits, stimulates and reinforces the overworked, worn-out organs, and clears the system of all unhealthy accumulations. S. S. S. cures permanently and thoroughly, and keeps the blood in a pure, healthy state.

LOCAL PARAGRAPHS.

R. F. Dougherty and family, after journeying on the Pacific coast for a few weeks, have returned to the city.

M. A. Lahr left this morning, accompanied by his wife, for Iola, Kan. He is a worthy local railway shop employee.

William Giesemer, the Gold avenue barber, who was at Carrizosa the past night, returned to the city last night.

Mrs. Henry Gerpeide and children, who were on a visit to Wisconsin relatives and friends, returned to the city last night.

A train load of oranges and lemons, in refrigerated cars, arrived from California this morning and the cars were reloaded here.

Miss Maud Hill, of this city, is the popular deputy postmaster of Williams, Arizona. The regular assistant is off on a vacation.

Mr. and Mrs. F. F. Trotter took possession yesterday of their pretty new residence, corner of Fourth street and New York avenue.

Dan. Scurge, one of the outside rufflers of the Washington Life Insurance company, accompanied by his wife, drove to Belen yesterday.

Edward Grunfeld, the local manager of the Washington Life Insurance company, went up the road this morning. He will return to the city to-night.

Mr. and Mrs. Theodore Muensterman had as guests the past few days, O. H. Frisbee, of New Orleans. The gentleman left last night for Phoenix, Ariz.

O. C. Watson, of the insurance firm of Wenschmann & Watson, Santa Fe, came in from the capital last night and will remain here several days on business.

The families of Attorney J. H. Stingle and A. J. Mitchell are enjoying tent life at Camp Whitcomb. The returns left this afternoon for the mountains to-night.

John McNaughton, formerly connected with the Daily News, El Paso, Texas, came in from the south this morning and will continue to Los Angeles to-night.

Thomas Dye, the excellent shoemaker, is erecting a small shop at the corner of Railroad avenue and Broadway and will be ready for a rush of business next week.

Burt Jones, the New Mexico pitcher, who is doing splendid work in the box for the St. Louis league baseball club, has written a friend here that he will winter in Albuquerque.

Tug Wilson, a railroader, is in the city and goes to San Marcial to take a position on the Santa Fe. He was formerly a conductor on the Santa Rita branch in Grant county.

Mrs. H. E. Roseberry left yesterday morning for her old Kentucky home at Wilmore. The lady is the estimable widow of a deceased Santa Fe manipulator at Matthew's drug store.

Mrs. E. S. Smith and son, family of a well-known boiler maker at the local shops, who spent a pleasant vacation among Horton, Kan., friends, and relatives, have returned to the city.

C. W. Medler, the popular city clerk, who was sick the past few weeks, was out and around yesterday and this morning. He is recovering slowly, but expects to be all right in a short time.

A. L. Newton, a popular employee of the Santa Fe Pacific, has gone to Los Angeles, where Mrs. Newton has been the past few weeks. During his absence from the city, the St. John's chair will be managed by Mr. Hilyer.

A. N. Kearns, chief clerk at the freight depot, with his wife, returned yesterday from their two weeks' outing in the Jemez mountains country. They visited the Sulphur and Jemez hot springs, and had a splendid time.

Rough Riders, who attended the big reunion at Oklahoma City, has returned to the city. He reports having had a splendid time. Will Mattocks, who also attended from this city, is expected home in a few days.

J. T. McLaughlin, superintendent of the big mine at San Pedro, was a passenger to the city last night. Edward Dodd, of the brick manufacturing firm of Lembeck & Dodd, who is doing some work for Mr. McLaughlin, returned to the city.

Arnold's rubber heels, Whale axle grease, coach oil, harness oil, castor oil, axle grease, etc.

Shoes That Satisfy.

The customer that looks to dollars and cents doesn't want one extreme or the other in Shoes. Quality and Style should balance. Some Shoes are made of poor materials and go to excess in Style—All Style and No Wear. Others are made of honest materials but run through the factory in grist mill fashion and look like Brick Bats—the other extreme.

What we do is to give you a happy combination of Superior Quality, Clever Workmanship and Popular Styles and prices that you can and will pay. If this is your idea of Shoes you should take your first chance to see, examine and try our Men's Ladies' and Children's Shoes.

That Picnic Hunger

Which usually comes on an hour before the regular meal time can be satisfied and even satiated by the innumerable varieties of potted meats, jams and jellies we offer—all sorts of crackers besides. No outing hamper is complete without them, and the price is ridiculously low compared with quality.

FATAL ACCIDENT.

Train on Santa Fe Road Wrecked
Near Raton.

ENGINEER AND FIREMAN KILLED.

Special to The Citizen.

Raton, July 18.—Freight train second
24, in charge of Conductor Muirford,
which left Raton Thursday morning at
6 o'clock, ran off the derailling switch
at the lower end of the siding at
Woodson, at 7:30 a. m. Mountain time.
The engine, a 100-ton, 12-cylinder,
was on engine 572, with Engineer C. F. Davis
and Fireman C. Porter Williams
aboard, turned over on her side and
both engineer and fireman were in-
stantly killed. Engine 572, also on the
head end of the train, tipped over on
her side and the next three cars be-
hind were derailed. Engineer Frank
Broughton and Fireman Cecil Jones,
who were on engine 572, jumped and
escaped injury. The cause of the ac-
cident can only be surmised. The
train had stopped at the other end of
the switch and, consequently, could not
have been going fast. It is said by
railroad men that either the air would
not work or it was not applied soon en-
ough to prevent the engine running on
to the derailling switch. Engineer
Davis was on his seat when the engine
turned over, and was pinned between
the cab side and the engineer's air
brake gauge. Fireman Williams must
have been in the act of jumping when
he was caught between the boiler-head
and the tank. Passenger train No. 1
was delayed about an hour, and all the
other trains were kept moving with but
little delay. Engineer Davis leaves a
wife and five children and Fireman
Williams a wife and three children.

DECORATIONS, FLOATS AND BOOTHS.

Timely Suggestions to the Generous People of Albuquerque—The Queen Idea.

The Citizen was informed to-day by several merchants and two ladies that they intended to have in the big trades' display and parade of the territorial fair, handsome and appropriate floats, and also that they intend to neatly decorate their places of business and homes.

This spirit should be entered into by every merchant in the city, and again they should not forget that, in order to properly display their goods to the thousands of visitors, they should erect directly in front of their stores outside booths.

It costs a few dollars, but just watch the returns, and again every such move made by the merchants, the same as their annual fair contributions, helps to advertise Albuquerque and keeps all visitors in a fine state of mind during their visit. When the time arrives for work, don't neglect this most essential duty to make Albuquerque look her "sweetest and nicest" fair week.

The president of the fair has been quizzing the people, especially some of the ladies who are interested in making the forthcoming fair a grand success, about the selection of a queen and a maid of honor for the fair, and The Citizen is pleased to state that the idea was received with happy approval. This matter will be fully discussed at a meeting of the executive committee, which will be held in a few days, possibly Friday night of this week.

"THE PAVEMENTS OF PARIS."

This Great Play Will be Given at the Opera House Thursday Night.

It was arranged to open to-night, but the management postponed it on account of wishing to have one day more on the production in order to produce it in a perfect manner. The scenery will be magnificent and the cast the best ever to the play. Specialties will be introduced between acts, and Miss Cleveland and Mr. Roe will sing illustrated songs.

The Misses Dickinson, Vivian and Elizabeth, aged 12 and 14 years, will render corset solos and dancing specialties. They come very highly recommended by the San Francisco Examiner and other journals.

A matinee will be given Saturday, the Misses Dickinson will be the special matinee attraction.

"In Old Kentucky" was given again last night and pleased even better than on the first night.

HERE FROM THE COCHITIS.

Billy Hye Here to Talk With Fair Committee About Rock Drilling Contests.

William Hye, one of the principal clerks at the Albuquerque Mercantile company's store, Cochiti district, came in last night and will spend a few days among his city friends. He states that the "rock drillers" of the district are anxious for the territorial contest, especially Cochiti, will be well represented at the approaching territorial fair.
