ON TO PEKIN!

Chinese Capital Doomed to Destruction.

General Wood Wants to go to China.

Message from Pekin Asserts that Legations are Protected.

CATHOLIC MISSION DESTROYED.

London, July 17.—European journals are indulging in wild talk, crediting the powers with having decided to lay Pekin in ashes, remove the capital to Canton, and hang the Emperor and Prince Tuan, but the writers fail to take into account the difficulties that would attend such an undertaking. However, the authorities fully recognize the magnitude of the task confronting the great powers. As a matter of fact, the only thought for the moment is how best to reach Pekin. Once there, they may be depended upon, according to the best official information, to exact whatever penalty appears to be the most striking and effective.

The success of the allied forces at Tien Tsin, though dearly bought, it is hoped, will enable the allies to resume preparations for the advance, especially as the Japanese force of 25,000 will be all disembarked by July 19, at the latest. Suggestions of scattering the forces throughout China in pursuit of the Boxers seemed wholly from irresponsible quarters. In official circles there is a full realization of the necessity of having the coast towns occupied and secure before proceeding to Pekin. The only course open to the powers is to remain at the capital until the fanaticism wears itself out and is eliminated, and an orderly native government begins to emerge.

According to a Shanghai dispatch published here to-day, one hundred thousand Chinese troops, armed with Mauser rifles and modern artillery, and encamped at three points within forty miles of Shanghai, ready to be seized by Europeans upon the Wosung forts. According to a telegram from the Boxers, received here to-day, seventy allied troops were killed in the attack on the native city of Tien Tsin.

When the arsenal had been evacuated by the Chinese, Americans, French and Japanese, and the British fasten advanced toward the native city and joined the other attacking forces. A Japanese infantry and mounted battery advanced to the foot of the walls, supported by American and French, but despite the valiant attacks, the allies were only able to hold the positions gained outside the walls, preparatory to renewing the assault in the morning. The casualties sustained by the allies, especially those of the French, Americans and Japanese, were exceedingly heavy.

Several explosions in the native city were caused by the bombardment. The Chinese appear to have exhausted their supply of smokeless powder, they are now using black powder.

CHINESE DEFEATED

Allied Army Captures Tien Tsin Forts.

American Loss 215 Killed and Wounded.

Allies Made a Grand Fight Against Hordes of Chinese.

KENTUCKY MURDER TRIAL.

Washington, July 17.—Admiral Bemy this morning cabled the navy department that the city and forts of Tien Tsin are in the hands of the allies. His dispatch follows: "The Foo, July 17.—To-day we hoped to get the wounded from Tien Tsin either in the hospital at Taku or on board the Solace. Communication is very uncertain. The following casualties apparently confirmed Marines: Captain Davis, killed; Captain Lemley, Lieutenant Butler and Leonard, wounded. Army: Colonel Liecum, killed; Major Reagan, Lee, Captain Noyes, Brewster, Bookmiller, Naylor, Lawson, Hammond, Waldron, wounded. The total number killed and wounded is reported at 715. The Russians and Japanese lost heavily. Our total loss is reported at 215, about 40 of whom were Marines, but the number is believed to be exaggerated. I have an officer on shore especially to get authentic number and names, which will be promptly telegraphed. City and forts now in the hands of the allies. Admiral Seymour has returned. The fleet officer ashore is now Admiral Alcock at Tien Tsin.

The allies did immense damage to the native city, causing many large conflagrations, and finally aligned a majority of the enemy's guns simultaneously. Then the Russians, assisted by small parties of Germans and French, assaulted and captured eight guns in a position on the railroad embankment, and a fort, the magazine of which the French subsequently blew up. A body of American, British, Japanese and Austrian troops made a sortie and attacked the west arsenal, which the Chinese had occupied. With four hours of the hardest kind of fighting yet experienced, the Chinese fled. Pusan, July 17.—Kumamoto has been renewed by the column under command of Colonel Willcocks.

Chong Hong Kong.
Hong Kong, July 17.—All the foreign consuls in Canton had an interview with Li Hung Chang on July 15, but failed to clear up his mind. Li Hung Chang is said to have accepted full responsibility for any disturbance in Canton during his absence. He takes

the vice regal seal along with him, thus preventing the issuance of proclamations while he is away. Li Hung Chang is expected to reach Hong Kong to-day and will see the governor to-morrow. Afterwards he will proceed northward.

The Black flag chief, Lin Yee, is moving his forces, preparatory to marching on Canton. The Chinese are glad of this, as they think Canton will be safer without Lin Yee while Li Hung Chang is away.

Li Hung Chang Sails.
Washington, July 17.—The state department bulletined the following: The secretary of state has received a dispatch from Consul McWade of Canton, informing him that Viceroy Li Hung Chang sailed to-day for Hong Kong. He received an edict last night appointing him viceroy of Chi Lin and commanding his immediate presence there. Fears are entertained at Canton that his absence may give occasion for disturbances of the peace. Two French gunboats have arrived at Canton. Special to The Citizen.

Danish Mission Destroyed.
Copenhagen, July 17.—The Danish mission station at Pung Kwang Tung, on the peninsula of Lia Tung, has been destroyed. The missionaries escaped to Chemulpo.

LIVELY FIGHT.
Japanese and Chinese Quarrel and Fight in British Columbia.
Vancouver, B. C., July 17.—A desperate fight took place last night at the fishing town of Stevenson, between 500 Japanese and Chinese. The Japanese and Chinese had a dispute as to whether or not a Japanese army of 10,000 men could whip the Chinese army of 100,000. The Japanese cut off a Chinaman's leg, and in five minutes 300 Japanese were engaged in a hand-to-hand conflict with 500 Chinese. In less than twenty minutes the Japanese had broken so many Chinese noses and cut off so many Chinese noses that the Chinamen fled.

KENTUCKY REPUBLICANS.
State Convention in Session at Louisville this Afternoon.
Louisville, Ky., July 17.—The republican state convention was called to order at 2 p. m. Ex-Lieutenant Governor John Marshall, temporary chairman, made an address of some length dealing with Kentucky politics. He severely criticized the course of the democrats.

Gov. Roosevelt Addresses the League Meeting at St. Paul.
St. Paul, July 17.—The National League of Republican clubs was called to order by Colonel George Stone, president, at 10:25 o'clock in the Auditorium. Roll call showed about half of the states represented. Acting Mayor Gregg made an address of welcome. Governor Roosevelt was introduced, and said: "As I am to have the honor to address you to-night, all I shall say this morning is that I am glad to see you here and thank you for having come. I wish you all the success in your efforts in the coming campaign. When I wish success to you, I wish success to every principle that makes American citizenship worth having."

United States Senator Nelson, of Minnesota, addressed the convention on the issue of the opening campaign. After appearing before the convention Governor Roosevelt was tendered an informal reception at the Commercial club. Later a public reception was held at the hotel. After the mass meeting to-night, Governor Roosevelt will leave at 11:25 for the east.

# THE C. MAY SHOE STORE

## Shoes That Satisfy.

The customer that looks to dollars and cents doesn't want one extreme or the other in Shoes. Quality and Style should balance. Some Shoes are made of poor materials and go to excess in Style—All Style and No Wear. Others are made of honest materials but run through the factory in grist mill fashion and look like Brick Bats—the other extreme.

What we do is to give you a happy combination of Superior Quality, Clever Workmanship and Popular Styles and prices that you can and will pay. If this is your idea of Shoes you should take your first chance to see, examine and try our Men's Ladies' and Children's Shoes.
