THIRTY-FIFTH
LEGISLATIVE
ASSEMBLY

TWENTY-THIRD DAY, MONDAY, FEBRUARY 23, 1903.

THE COUNCIL.
(Morning Session.)

It was 11:30 o'clock this morning when President Chaves called the Council to order. No chaplain was present and Mr. Martinez moved that Mr. Hughes, as the oldest member, act as chaplain. Mr. Hughes said it would be better if each member acted as his own confessor, and the Journal was ordered read.

President Chaves then handed down the following telegram which was read: "Washington, D. C., Feb. 23.—Hon J. Francisco Chaves, Santa Fe, N. M.—I have the honor to mention the receipt of your telegram of the 20th, and beg you to convey to the Legislative Council and through it to the Legislative Assembly of New Mexico my acknowledgments of your kindness, which I sincerely appreciate."

It was ordered that a copy of the telegram be sent to the House with a statement of the action of the Council.

President Chaves then issued a call for a meeting of the finance committee. He stated that he had been informed by Mr. Hughes, chairman of the committee, that he was unable to secure a quorum, and if the members did not attend, it was his intention to proceed alone and report the bills now pending before that committee. Mr. Fall said he thought that at this stage of the session there should not be any adjournments from Friday until Monday, and he moved that the committee on rules be instructed to report one tomorrow by which the Council cannot adjourn over any day, except Sunday, until the close of the session. This was ordered. A recess was then taken until 2 o'clock this afternoon.

THE COUNCIL.
(Afternoon Session.)

The Council was called to order at 2:15 p. m. by President Chaves. Rev. W. A. Cooper offered prayer. The Council then took a recess subject to the call of the chair to permit the committees to meet.

A message was received from the Governor of the Territory containing the nominations of Dr. W. R. Tipton of Las Vegas, to be a member of the board of regents of the Normal University at that place for five years, term commencing February 22, 1903, and ending February 22, 1908, and Charles A. Spess of Las Vegas, to be a member of the board of regents of the Normal University at that place for five years, term commencing February 22, 1903, and ending February 22, 1908. The nominations were immediately acted upon and were unanimously confirmed.

The Council then adjourned until 10 o'clock in the morning.

THE HOUSE.

(Afternoon Session.)

The House was called to order at 2:15 p. m. and prayer was offered. The reading of the Journal was interrupted to receive a message from the Council announcing action on bills before that body. The message announced Senator Quay's telegram; action on Council Bill No. 44, an act relating to mayors and other officers of cities; Council Bill No. 27, as amended, relating to the Sunday law; Council Bill No. 47, relating to bounties; Council Bill No. 35, relating to the consolidation of benevolent societies; Council Bill No. 41, relating to the desecration of the flag; Council Bill No. 52, relating to corporations; Council Bill No. 54, relating to the annexation of contiguous territory by cities; Council Bill No. 64, to amend the election law; Council Bill No. 65, relating to elections; Council Bill No. 68, relating to injury to ditches; Council Joint Resolution No. 11, to correct bills. It was also announced that the Council concurred in the amendments to the bill to create Quay county.

Committee on stock and stock raising adversely reported H. B. No. 62, an act to amend the law relating to bounties. The same committee favorably reported House Bill No. 94, on the same subject.

House Bill No. 116 was introduced by Mr. McCash, an act to repeal part of Section 1709 of the Compiled Laws of 1897. Referred to the committee on judiciary.

House Bill No. 117 was introduced by Mr. Cristoval Sanchez, an act to require an annual report by all officers. Referred to the committee on territorial affairs.

House Bill No. 118 was introduced by Mr. Cristoval Sanchez, an act to allow the United States full possession of the Spanish archives now in New Mexico. Referred to the committee on territorial affairs.

House Bill No. 119 was introduced by Mr. Cristoval Sanchez, an act to regulate the practice of medicine. Referred to the committee on territorial affairs.

House Bill No. 120 was introduced by Mr. Baca, an act relating to the practice of osteopathy. Referred to the committee on territorial affairs.

House Bill No. 121 was introduced by Mr. Baca, an act to construct a road from Santa Fe to Las Vegas by convict labor. Referred to committee on roads and highways.

House Bill No. 122 was introduced by Mr. Martinez, an act relating to community ditches. Referred to committee on irrigation.

House Bill No. 123 was introduced by Mr. Gutierrez, an act in relation to trials of cases before justices of the peace and in relation to appeals therefrom. Referred to committee on judiciary.

House Bill No. 124, by Mr. Howard, an act to prohibit territorial and county officers from becoming sureties for others. Referred to committee on territorial affairs.

House Bill No. 125, by Mr. Vargas, an act relating to the distribution of school funds. Referred to the committee on education.

House Bill No. 126, by Mr. Ortega, an act to amend Section 1, Chapter 108, Laws of 1901. Referred to the committee on agriculture and manufacturing.

House Bill No. 127, by Mr. Coleman, the eight hour bill. Referred to committee on railroads.

House Resolution No. 11 placing the translator on the pay roll at the rate of \$8 per day, was referred to the finance committee.

House Resolution No. 12, by Mr. Martinez, relating to the death of the late Hon. Emiliano Gutierrez, and setting apart an afternoon for eulogies, was read. Mr. Gutierrez was formerly a member of the House from Bernalillo county. The resolution will be called up later.

Speaker Montoya announced as the members of the House "steering committee" Messrs. Llewellyn, Bowie and Baca.

House Bill No. 56, by Mr. Montoya, an act to amend the present health laws, was laid before the House. It was favorably reported by the judiciary committee, and Mr. Baca moved it be read the third time by title preparatory to its passage. Mr. Martin Sanchez moved its passage. The bill was passed unanimously.

On the calendar were many bills for third reading and final passage. The authors of a large majority of these bills were absent and so the House adjourned until 10 o'clock tomorrow morning before they should be called up.

A NEW BEEF TRUST.

It is to be Organized on Broad Plans so as Not to Conflict with the Anti-Trust Laws.

Chicago, Feb. 23.—The Post today says: The plans practically are complete for the merging of the interests of the firms that comprise the beef trust. Unless something unforeseen arises, April 1 will see the official announcement of the incorporation of a securities company which eventually may control the meat trade of the world. Unlike the popular idea of the packers' merger, however, for the time being, it is not to embrace everything in sight, nor is it to be capitalized at \$50,000,000, as is announced for the United States Packing Company. Further plans contemplate no friction with the federal courts, because of the recent decision by Judge Grosscup against the packing house combination. The nucleus of the great combination of world-wide interest is the merging of the smaller independent plants bought last year by the big packers preparatory to the general merger planned at that time. The securities to be held by the new corporation are those of the G. H. Hammond Packing Company, the Omaha Packing Company, the Anglo American, the Fowler Companies, the St. Louis Beef Company, and the United States Dressed Beef Company, and possibly several of the outside stockyards now controlled by Chicago interests. Chicago will be the headquarters of the combination, but as far as the public is concerned here, there will be no immediate change in operation of the individual plants under the new regime.

THAWED OUT DYNAMITE CARELESSLY.

As a Consequence Four Persons Are Dead and a Number Are Badly Injured.

Pittsburg, Pa., Feb. 23.—A dynamite explosion this morning at Rockwood, 100 miles south of here, killed four persons and injured a number of others. A gang of men working on the Baltimore and Ohio railroad were thawing out dynamite when the explosion occurred. Four men were killed outright and a number were injured. Three of the victims were blown into the Castilian river. They were horribly mutilated. The names have not yet been learned.

VICTIMS OF THE HOTEL FIRE.

One of Them Came from New York and the Other from Illinois.

Cedar Rapids, Iowa, Feb. 23.—It is now believed that the remaining unidentified body taken from the Clifton hotel's ruins is M. E. Bruce, who registered from New York City. A. F. Johnson, another guest, is as yet unaccounted for. Johnson is supposed to have come from an Illinois town presumably.

THE BEAN BAKE OF
CARLETON POST

The Ladies of the Woman's Relief Corps and the Veterans Gave a Delightful Entertainment to the Two-Hundred Guests Invited.

JUDGE JOHN R. MCFIE PRESIDED
WITH TACT AND ABILITY

The members of Carleton Post, G. A. R., and the Woman's Relief Corps, gave a delightful bean bake at Post Hall, Saturday evening. It was a celebration of Washington's birthday, and the guests of the evening were the members of the legislature and a few others.

Judge McFie, as post commander, presided, and called on volunteers to speak. Judge Morrison was called upon and responded with a high tribute to the genius of Washington. Hon. T. B. Catron responded to calls for him in an eloquent tribute to Washington, the valor of soldiers on both sides during the Civil War and to Lincoln. Hon. Pedro Sanchez was called upon and eulogized Washington and Lincoln. In his opening remarks, Judge McFie had feelingly referred to the passage of the bill "to bury all old soldiers." A. B. Renahan was called on for a speech and he protested against passing any bill "to bury all old soldiers" and thought it was unjust to take any such action until they were dead. He made a vigorous plea that they be permitted to live their full allotment of years and that they should not be buried until after death. Colonel George W. Knaebel was called on and created much amusement by pulling from his pocket the manuscript of the speech he was "so unexpectedly to deliver." Colonel Knaebel spoke as follows:

"Ladies and Gentlemen! Members of the Rough Riders Post, of Carleton Post and of the Grand Army of the Republic, I greet you all most cordially, and to the young and old, of the South as well as of the North, I have to say, you behaved yourselves nobly. I did not, and this is the truth, expect to have been called upon to make any remarks this evening, but thought it possible as I applaud others so vigorously, in grateful recognition, I might possibly be called upon by some one or more of the previous speakers to make a few remarks. A few minutes before my arrival here this evening, I therefore jotted down a few remarks that I would make, if called upon, as I now am, with special reason in view that I would not take up too much time, for I assure you it will not take over five minutes for me to read my remarks. If I can decipher the writing, I may say here, this is the first time in history of the country I have thus bridled myself in reading my speech. Now I will light in, if I may be permitted to use such elegant words:

"George Washington, the Father of Our Country! God bless your memory! Would to Heaven you were alive today (you would not be so very old), to whisper words of counsel to the benighted Beveridge of Indiana and thus deter him from his pusillanimous efforts to throttle Liberty in keeping New Mexico out of the Union of States. To you valiant soldiers of the Civil and Spanish wars, I have to say, when the eyes of the Nation were upon you, you were standing in the jaws of death! The monster was ready to crush you, and in your valor you said, 'Crush away! And may my blood, like the gentle rain from Heaven, freely flow, and reinvigorate the spirit of patriotism and American liberty, so valuable to our country, and make them so deep rooted in the heart of the people that they will forever flourish and thrive without the need of more war. Those of you who fought in the 'Lost Cause,' know the blood of those who died in that cause, flowed freely, but only on a plant that blossomed but to die. We love you because you fought like men and because you sincerely believed you were right, and we therefore respect the memory of those who so freely gave their lives and who so manfully suffered the deprivations of a horrible war, in defense of their principles, rights and honor, as they then saw them; and we also respect those of the survivors, on the side of the South, who still sincerely adhere to those principles. Thank God, your powder and shot gave out, for had it not done so, perhaps this glorious Union would have been among the wrecked republics of the past. God bless you all! You are with us! You know how to fight, and together we are invincible, and make the hair of Europe stand on end like the Kaiser's mustache, when the suggestion of war with this nation is made. May we grow stronger and stronger in our patriotism, notwithstanding, in so far as we in New Mexico are concerned, although good enough to die for our country, still are not good enough, it appears, to share in all the rights and privileges of full grown citizenship, in company with the illustrious Beveridge of Indiana. Beveridge acts in my opinion, as if he felt he was inspired by the Almighty to chisel his name on the Pillar of Fame, but, unfortunately for him, he has chiseled it in the 'howling wilderness' of New Mexico, upon its arid lands and upon its restless 'jack rabbits.' When we enter the Union, in spite of this bitter Beveridge, that wilderness will become a summer garden, the arid lands will 'blossom as the rose,' and Beveridge's pillar of fame will be used, like other ordure, to enrich our soil, leaving only a stray jack rabbit here and there with the name 'Beveridge' chiseled across its forehead, to soothe and calm the mighty Beveridge as it

THE FATHER OF
HIS COUNTRY

George Washington's Birthday Anniversary is Being Observed Today From New York to San Francisco.

EXERCISES AT WINDY CITY

Never Before Was Such Emphasis Laid Upon the Observance of This National Holiday—Senator Hoar the Principal Speaker.

Chicago, Feb. 23.—Public schools, banks, the board of trade and stock exchange and all city and county offices were closed today in honor of Washington's birthday, and appropriate exercises were held by various societies. A meeting was held in the morning at the Auditorium attended by the pupils of the public schools at which Professor George E. Vincent of the University of Chicago, and Miss Jane Adams of Hull House, were the principal speakers. In the afternoon Senator Hoar of Massachusetts, addressed a large audience at the Auditorium, composed of the members of the Union League Club and their friends. The singing of patriotic songs by the audience formed part of the exercises. A banquet will be given this evening by the Union League at which Senator Hoar will respond to the toast, Dr. Frank W. Gunsaulus, President Elliot of Harvard, and Bishop Gaylor of Tennessee, will be the other speakers.

IN NEW ENGLAND.

Boston, Mass., Feb. 23.—Army veterans' reunions, patriotic meetings and other events were included in the observance of Washington's birthday in this city. General William Booth, commander of the Salvation Army, addressed large audiences in Tremont Temple. The holiday was quite generally observed in the larger cities of New England.

THE METEOR WRECKED.

The Fast Train of the St. Louis and San Francisco Jumped the Track.

St. Louis, Mo., Feb. 23.—A special train from Dixon, Mo., says: The St. Louis and San Francisco fast west bound passenger train "Meteor," was wrecked last night one quarter mile west of the Gasconade river crossing at Arlington. William Gifford, aged 50, a Willis Fargo Express messenger of St. Louis, was killed, and Engineer William Decker of Newburg, sustained broken ribs and internal injuries that may prove fatal. Four train men were seriously injured. None of the passengers was injured except slightly. The wrecked train had two engines and was under full headway, making the run from Dixon, Mo. The first engine jumped the track and the second engine turned completely over. Express and mail cars were splintered into kindling wood. Clifford was buried beneath the baggage, and was drowned by water running in from the broken tender. Harvey Johnson crawled out of the wrecked cab of engine 306 and rescued his brother Julius from death in scalding steam. Both were badly scalded.

ANOTHER RAILROAD SMASH UP.

Joliet, February 23.—Two men were instantly killed, two fatally hurt and one badly injured in a railroad accident last night at Braceville, a mining town south of Joliet. The Alton and Kansas City Limited struck the carriage containing the five men. The dead are: George Burdock and John Rudelose. The fatally injured are: John Sucevitch and Andrew Koslosky. The men had been to a funeral and were on their way home in South Wilmington. The train struck the carriage squarely hurling the men in all directions.

The Sultan Promises Again.

Constantinople, Feb. 23.—Tewfik Pasha, minister of foreign affairs, notified the Austro-Hungarian and Russian ambassadors today that the sultan had agreed to adopt a scheme for reforms in Macedonia.

appears before him on his dying bed, when he leaves his beloved country for that land from whence no traveler returns.

"In these few remarks, I assure you I have not 'cornered' all the eloquence there is. You will find plenty more of it, on Monday night, in the minstrel show at the Loretto Academy, to be given there by forty of the fairest ladies in New Mexico. Beveridge, I understand, has been invited, as are you all.

"The paper this evening, had an interesting item in it in regard to Don Pedro Sanchez, and in behalf of us all, as we are but curious, I ask Don Pedro who the angel was that kissed him?" Mr. Sanchez promptly replied to Colonel Knaebel's question by saying he would not tell if he could, he was not sure he could, but he was sure it was very sweet and he would not object to another.

The Capital City Band was present and rendered several selections while the entire audience joined in the singing of patriotic songs. Supper was served by the members of the Relief Corps and it was a jolly evening for those so fortunate as to be present.

CITY COUNCIL AND
THE LEGISLATURE

The Aldermen of Santa Fe Pass Two Resolutions Which Bear on Legislation That is Pending and Directly or Indirectly Affects the Capital.

THE PROJECT TO BUILD A ROAD
FROM SANTA FE TO LAS VEGAS

The city council met in special session Saturday afternoon to protest against the passage of the bill now pending in the legislature requiring a tax for water and light purposes; and to take action favorable to the passage of the resolution which has been adopted in the House for the construction of a road between here and Las Vegas by convict labor. The call for the meeting was signed by Aldermen Fischer, Sena, Hersch, Dudrow and Rodriguez, and all were present. Mayor Sparks presided. The first matter taken up was the bill now pending to require a levy for water and light purposes. It was explained that the bill is intended for Raton, but that under its provisions, Santa Fe and other cities are included. Mr. Fischer then presented the following resolution which was adopted:

"Whereas, Certain bills have been introduced in the House and Council of the 35th legislative assembly, which, if they become laws, would be detrimental to the best interests of the City of Santa Fe; therefore be it

"Resolved, That to protect the interests of the City of Santa Fe in the matter of legislation it would be well to have a steering committee of three members of the city council appointed by the mayor, who shall watch legislative proceedings, and who shall draft and present to the honorable legislative body protests against such bills as may be detrimental to the best interests of the city, and shall draft and present to the legislative body resolutions requesting the passage of such bills as may be for the best interests of the city; and it is further

"Resolved, That the mayor shall appoint such committee of three members of the council who shall have full power to act as mentioned above in the name of the city council of the City of Santa Fe. The committee named consists of Messrs. Fischer, Sena and Castillo."

The following resolution was then presented and adopted:

"Whereas, Committees of the 35th legislative assembly are now considering the wisdom and feasibility of utilizing convict labor for the building of a public highway between Santa Fe and Las Vegas, and

"Whereas, In the opinion of the members of this municipal body such employment of the unfortunate inmates of the penitentiary would not only serve to provide such inmates of the penitentiary with much needed healthful occupation that could in nowise conflict with the just rights of free labor, but would identify New Mexico with the 'good roads' movement now so popular throughout the neighboring states of the west, initiate a settled policy for dealing with the prison labor problem, so long a mooted question in this territory and stand as an example which may in time be extended to the other parts of the territory, and

"Whereas, Such public road or highway would pass through the United States Pecos forest reservation, one of the most beautiful mountain parks in the world and render accessible to the people of Santa Fe, San Miguel and Mora counties for the purposes of trade and healthful recreation a section of the country now isolated and but little known, yet rich in historic associations and resources in deposits of gold and copper ores, recently proved veins of mercantile coal and attractive in its picturesque ranch homes; therefore be it

"Resolved by the municipal council of the City of Santa Fe, in special session held this 21st day of February, 1903, That such undertaking is deemed to be entirely feasible, and if carried out on the line suggested its cost would be infinitesimal in comparison to its benefits to a large proportion of the taxpayers of the territory; and we earnestly implore and petition the honorable members of the 35th legislative assembly to authorize the use of a limited number of convicts for such purpose; and be it further

"Resolved, That a copy of these resolutions be presented to the Hon. R. L. Baca by a committee of one to be named by the mayor, for his use in furthering the project as outlined above."

Mr. Dudrow was named as the committee to present the resolutions to Mr. Baca.

A SALOON ROW.

A Killing in One of the Suburbs of Denver Early This Morning.

Denver, Colo., Feb. 23.—A saloon row, growing out of a disputed bill two years old, led to the killing of Harley Curtis at about 1:30 this morning in a saloon of Louis Benz, at Globeville. Benz shot Curtis in the abdomen, death resulting about half an hour later. Benz was arrested.

A SUPREME COURT DECISION.

Washington, D. C., Feb. 23.—The United States supreme court decides, in the case of Champion of Chicago, that sending lottery tickets from one state to another as part of its power to regulate commerce between states.

UNITED STATES
SENATE IS IN
DEEP WATER

There Are Many Formidable Difficulties in the Way of a Compromise on the Omnibus Statehood Bill Yet it Must be Gotten Out of the Way This Week.

THE DEMOCRATS WOULD
LIKE TO SEE AN EXTRA
SESSION OF CONGRESS

THE SENATE.

Washington, Feb. 23.—The senate committee on the Philippines today reported adversely Senator Carmack's resolution directing the committee to continue the investigation of the conditions in the Philippines. The committee decided to report favorably Senator Rawlin's resolution asking for papers in the court martial cases in the Philippines, but amended it to include only summary cases. The committee decided not to print the compilation of receipts and expenditures in the Philippines as it was found that the expenditure for such printing would be about \$65,000.

THE DEMOCRATS KILL STATEHOOD.

Washington, Feb. 23.—The situation today in the statehood deadlock remains unchanged. The Republicans can agree upon the two states plan but the Democrats say they will not accept the bill which merges New Mexico and Arizona. They say that such bill can not pass before March 4.

In the senate today, the chaplain referred to the life and character of George Washington, saying that not only in the ideal but in personal character, he embodied elements of truth and greatness which have been brought into our national history. The galleries were crowded, many occupants being visiting Daughters of the Revolution, who listened attentively to the reading by Senator Dubois of Idaho, of Washington's farewell address.

The senate passed the omnibus public building bill.

THE HOUSE.

Washington, Feb. 23.—In the house today a bill was passed to exempt from taxation the property of the Daughters of the Revolution in the District of Columbia.

A bill to amend the railroad safety appliance act was sent to conference and Underwood of Alabama, moved to instruct the conferees to recede from that portion of the house amendment which seeks to give the interstate commerce commission power to reduce below 50 per cent the number of cars to be handled by safety appliance brakes.

In the senate this afternoon, Mr. Quay again sought to secure a vote on the statehood bill on Thursday, February 26. Mr. Keen objected, remarking he hoped that he would be permitted to conclude his remarks begun several days ago.

NOMINATIONS REPORTED FAVORABLY.

Washington, Feb. 23.—The senate committee on judiciary today reported favorably the nomination of William B. Day to be associate justice of the United States supreme court; also the nomination of J. K. Richards to succeed Judge Day on the circuit bench; also the nomination of Assistant Attorney General Hoyt to be solicitor general to succeed Richards.

AGAINST SHIP SUBSIDY BILLS.

Washington, Feb. 23.—The house committee on merchant marine and fisheries today voted not to report the ship subsidy bill to the house, the vote being 10 to 6.

THE COMPROMISE PROPOSITION.

The Republican leaders conferred all Saturday at Washington on the subject of the statehood compromise, and most of the Democrats were informed of the general terms of the proposition. To all questions as to whether they would accept such a compromise they said they wanted to see a definite proposition, and to know from whom it came, then they would be in a position to confer and decide. On the Republican side it is found that two Republican senators, Beveridge and Nelson, both members of the committee on territories, are very loth to accept any compromise save that which the majority originally presented. Their position is that the omnibus bill is defeated and that Senator Quay, who has been so persistently pressing it, has lost strength by his course in supporting Senator Morgan during the latter's fight against the canal treaty. Senator Spooner reported to his colleagues that there was no legal difficulty in the way of admitting Oklahoma and afterward attaching the Indian Territory to the state. In this same connection there is a proposition to have included in the legislation a provision for a trust school fund for Indian Territory, to be provided by the government. This is to meet the objection raised against Indian Territory that it has no school lands and no grants to be made for public schools. The division of New Mexico and Arizona is to be made upon proclamation by the president when

there is a population of 200,000 in Arizona, but objection has been raised by the Democrats to this suggestion as it now stands, because no provision is made for a census, and it would be at least 1910 before any test could be made.

The statehood compromise which is expected to unlock the present tangle in the senate and remove the blockade, proposes to admit two states, one to be Oklahoma, according to its present boundaries, with a proviso that Indian Territory shall be added to Oklahoma in 1906, when the treaty obligations with the Indians will not be in the way. The other state is to be composed of New Mexico and Arizona, under the name of Montezuma, with a proviso that when the present territory of Arizona has a population of 200,000 people it shall become a separate state, providing that the people of the territory affected vote in favor being divided from New Mexico. Senator Spooner has been entrusted with the legal questions involved, especially in regard to the rights of the Indian tribes in Indian Territory. He has been in consultation with the attorney general and other law officers of the government familiar with the subject and the bill when drawn will be based on information which Senator Spooner obtains.

During the day efforts were made to find Delegate Mark A. Smith of Arizona to ascertain what his views would be as to the proposed compromise, but he was not at the capitol. He has been decidedly opposed to any such move all along, and today Senator Blackburn told some of his colleagues that the joining of the two territories would not be acceptable, and said it would cause strong opposition.

Another feature of the Democratic position developed was that many Democrats are indifferent as to an extra legislative session of congress, while some think that it would not be bad policy to have such a session and have the subject of trust legislation and revision of the tariff discussed. This idea was communicated to some of the leaders today and caused considerable uneasiness. It is realized that with the business now pending in the senate a very few men could force enough appropriation bills over to cause an extra session of the 58th congress. At the same time, the members expressed their opinion that before the coming week has passed the blockade will be raised in some manner and all necessary legislation disposed of by March 4.

MONDAY, FEBRUARY 23.

There are but eight days left of the present session of the 57th congress and the outlook for the passage of the omnibus statehood bill is gloomy indeed. Still while the session lasts, there is hope.

The general agents of the insurance companies in the territory are rather pleased with the legislative situation. All they ask is that they be let alone. The outlook is that such will be the case.

There remain twenty-one working days of the present session of the 57th legislative assembly of this territory. Much is to be done in the way of legislation and there is time to do it. provided too much talk is not indulged in.

The general appropriation bill of Colorado foots up \$880,000, which is \$125,000 less than the last appropriation bill. But then it must be remembered when the Democrats are in power, extravagance is rampant, while a Republican government stands for economy.

There are but eight days of the present session of Congress left. The people of this territory hope for favorable consideration of the omnibus statehood bill, but this journal fears that this hope will not end in fruition.

It looks as if the plan for the creation of Sandoval county has gone glimmering. This is considered by those most interested, the best for the present. That being the case, this incident, as they say in diplomatic circles, may be considered closed.

Six of the nine members of President Roosevelt's cabinet are lawyers and since the majority of the members of the House of Representatives and the United States Senate are lawyers, it seems that the legal fraternity is still having the call on the higher political offices.

An early consideration of the appropriation bill and its speedy passage will prove for the best interest of the people. There is certainly great necessity for the creation of the office of traveling territorial auditor. The chances, however, are against favorable action by the assembly in this matter.

If reports from New York are correct, then the Havemeyer interests are gobbling up the beet sugar interests. Let them gobble. Havemeyer always stood for expansion and progress and it is possible that under the Havemeyer regime New Mexico will get the best sugar factories it didn't get under the Oxnard regime.

The Wyoming state legislature has appropriated \$25,000 for an exhibit at the St. Louis Exposition, and that in a fit of economy when that body was reducing official salaries right and left. New Mexico cannot afford to do less than Wyoming which has less than one-half the population and resources of this great territory.

This week may see the end of the omnibus statehood bill. It is hoped by all lovers of freedom and friends of New Mexico that this may not be inglorious, "but our hopes belie our fears." No matter what the end, however, New Mexico is not discouraged. The fight for statehood will be renewed immediately and in the meantime nothing will be left undone to have the territory to the front in the procession of true progress and prosperity.

The United States senate is holding executive sessions every day and yet the newspapers publish in full the proceedings at those executive sessions. The executive session is a tradition that might as well be done away with both at Washington and at Santa Fe. The people want to know, will know and have a right to know what transpires behind closed doors when the United States senate or the New Mexico legislature are considering or transacting public business. A legislature especially cannot and should not consider anything that the people should not know.

The question that puzzles the commission of irrigation of New Mexico is whether it is best to sell or lease the lands donated to the territory by congress for the selection and construction of reservoirs to the amount of 500,000 acres and for the improvement of the water supply and flow of the Rio Grande to the amount of 100,000 acres, or a total of 600,000 acres. This is indeed a serious question and one that should receive the fullest consideration by the commission. At the same time the greatest publicity should be given its consideration and proceedings that the people may know. The people are certainly vitally interested in this question and should be fully informed of what the commission proposes to do in the matter.

The Colorado Springs Gazette was sold last week for \$150,000, and the Pueblo Chieftain for \$145,000. Although both are published in comparatively small cities, they have political influence and that increases their value manifold. A newspaper whose opinions are read with attention by its readers and which on account of its age and respectability has a standing in the community which nothing else can give, has a money value far above that represented by its inventory.

The Council bill extending the time of service of mayors and members of city councils and which has passed, should be favorably considered by the House of Representatives. It is a good measure and will prove of benefit and in the interest of economy. A two years' term of service for mayors of New Mexican towns is none too long. Under the present statutes there are too many city elections. One city election every two years would be ample. The House of Representatives will act in accordance with the desires of the people, of the cities and towns of the territory in concurring in the bill.

A. S. Greig, the ex-manager of the El Paso and Northeastern Railway Company, has completed the plans for building the largest sanitarium for consumptives at Alamogordo in Otero county. Should his plans succeed and there is no reason to doubt this, especially if the right kind of advertising is done, the number of sanitarium in this territory will multiply and the health-seekers who now go to Colorado or California will in greater part come to New Mexico for it has been repeatedly demonstrated that while Colorado has a magnificent climate and California has a good climate, yet the New Mexico climate beats both of them.

The Chicago, Rock Island and Pacific Railroad Company has just acquired a half interest in the entire mileage of the Southern Pacific in Texas, amounting to 1,345 miles of railroad. That looks as if the recently arranged amicable traffic agreement between the Atchison, Topeka and Santa Fe and the Rock Island did not go as far and as long as it was reported at that time. This is better for New Mexico, as this territory needs railroad competition to aid in its development. A railroad trust including all the railroad interests of New Mexico would stop further railroad building in the Southwest and of course, New Mexico, would rather have it the other way.

The legislature ought to enact into law the bill now pending for licensing osteopaths to practice the science of osteopathy, or the drugless system of treatment. No man or set of men should control the avenues of development along lines contributing to the diminution of suffering. This territory certainly cannot afford to be behind the states in such matters. Where Illinois, Indiana, Texas, Minnesota, Kentucky, Louisiana, Colorado, Iowa, Ohio, and a great many other states in the Union have led, in recognizing osteopathy, New Mexico can afford to follow. There are a great many people who believe that drugs and the knife do not cure everything, while having their proper place in the treatment of many ailments, and who firmly believe that the restoration of wasted limbs, improper circulation of blood, wrought-up nerves, misplaced and crooked bones, can be, and daily are, performed by osteopaths in the great cities of the United States, and thousands of suffering people are rescued from a life of inactivity and suffering, or from suicide because of nervous prostration, and sent rejoicing to a useful and happy existence. Such cures of chronic cases are common, and they say that nothing succeeds like success.

USING CONVICT LABOR TO CONSTRUCT A ROAD ACROSS THE PECOS FOREST RESERVE.

Once in a while the Las Vegas Optic does look at things, political and material, in New Mexico, from the right standpoint, and when that paper does so, the New Mexican will gladly help it along to do better in the future and encourage it in the right course as much as possible. Hence the following editorial on the construction of the mountain road between this city and the Meadow City by convict labor is given place in these columns. The Optic very pertinently says:

"The bill now pending in the assembly at Santa Fe to put the convicts at work on the public roads is a good one. It is defensive on economical ground as well as on broad lines of public policy.

"Why should these convicts eat the bread of idleness, when other men who eat must work?

"The bill should provide for such extra guards as may be needed and arm them with extraordinary power to prevent escape.

"It should likewise be provided that deduction of time be made on the term of convicts, doing outside work who are especially faithful and obedient. This would be an encouragement and inducement to the prisoners to conduct themselves well, and the extraordinary power given the guards would lessen the danger of escape.

"Major Llewellyn deserves well if he gets the law with proper safeguards through at an early date.

"The idea of putting the force at work on the road from Santa Fe to Las Vegas first is excellent. If to this assembly asking an appropriation of money to aid in constructing a road to and through the Pecos Park reserve, it will be additional work in the right direction.

"A committee appointed by the governor or president of the council to take up the matter of appropriation by the general government in aid of such an enterprise would be good. Such a committee would make a head to the movement and could keep continuously pressing congress until favorable action is had.

"An appropriation of only a few thousand dollars added to work of the convicts would soon make this park ac-

cessible to the people of New Mexico, and it would become a summer resort of large importance."—Optic.

Justice of the Peace Dockets.
The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas slides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal \$5.00
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address

The New Mexican Printing Company has the best bookbinding in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

IT'S IMPOSSIBLE.

To Disprove Facts It is Decidedly Easy to Verify Santa Fe Opinion.

Nothing by the way of an introduction could be added to the experience of and opinion given below which could increase their value. Santa Fe people can safely be left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Pascual Yanni, boot and shoe repairer on the Plaza, residence College st., says: "A man cannot sit on the bench repairing shoes all day unless his back is extra strong. When it is weak, lame and ails continually, it becomes a positive nuisance without mentioning the suffering it endures, if working at my occupation was not the primary cause of backache it certainly aggravated it. Much to my surprise and more to my gratification, a course of the treatment with Doan's Kidney Cure procured at Ireland's Pharmacy so washed, purified and strengthened my kidneys that the backache ceased."

CANCER CURED.

Mr. W. W. Prickett, Smithfield, Ill., writes Sept. 10th, 1901: "I had been suffering several years with a cancer on my face, which gave me great annoyance and unbearable itching. I was using Ballard's Snow Liniment for a sore leg, and through an accident I rubbed some of the liniment on the cancer, and as it gave me almost instant relief, I decided to continue to use the liniment on the cancer. In a short time the cancer came out, and my face healed up and there is not the slightest scar left. I have implicit faith in the merits of this preparation, and it cannot be too highly recommended." 25c, 50c, and \$1.00. For sale by Fischer Drug Co.

A MOST FATAL GIFT.
Would be the power of foreseeing events. This would destroy hope. A knowledge of the future would unmake happiness. There are, of course, some things about the future we do know. If, for instance, a lack of energy, ambition and loss of appetite shows itself we know it will be followed by serious complaints if not checked. Often Liver and Kidney trouble follow quickly. In any event Electric Bitters will restore you to health. It strengthens, builds up and invigorates rundown systems. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

TRAGEDY AVERTED.
"Just in the nick of time our little boy was saved," writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well. Every body ought to know, it's the only cure for Coughs, Colds and all Lung diseases. Guaranteed by Fischer Drug Co. Price 50c and \$1.00. Trial bottles free.

NEARLY FORFEITS HIS LIFE.
A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for burns, bruises, skin eruptions and piles. 25c at Fischer Drug Co.

CURED CONSUMPTION.
Mrs. B. W. Evans, Clearwater, Kan., writes: "My husband lay sick for three months; the doctors stated he had quick consumption. We procured a bottle of Ballard's Horehound Syrup and it cured him. That was six years ago, and since then we always kept a bottle in the house. We cannot do without it. For coughs and colds, it has no equal." 25c, 50c and \$1.00 a bottle at Fischer Drug Co.

Sec. 2. All acts and parts of acts in conflict herewith are hereby repealed, and this act shall be in full force and effect from and after its passage.

House Bill No. 112.

Introduced by Hon. R. M. Turner, February 18, 1902; read first and second

time by title, ordered translated and printed, and referred to

Committee on Municipal and Private Corporations.

AN ACT

To Provide for the Election of Members of City Council and Board of Trustees of Municipalities to Fill Vacancies.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. Hereafter, when a vacancy occurs from any cause in the city council or board of trustees of any municipality of the Territory of New Mexico, whether incorporated under general or special laws, such vacancy shall be filled at the next general election held in such municipality after such vacancy occurs, in the same manner as other officers are elected therein, and any person so elected to fill a vacancy, shall hold such office during the unexpired term for which he was elected and until his successor is elected and qualified.

Sec. 2. This act shall take effect from and after its passage, and all acts and parts of acts in conflict herewith are hereby repealed.

"The square peg in the round hole" figuratively expresses the use of means unsuited to the desired end. A great many people who have been cured of dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition by the use of Dr. Pierce's Golden Medical Discovery say: "We tried many medicines with only temporary benefit. It was not until we began the use of 'Golden Medical Discovery' that we found a complete and lasting cure."

It is undoubtedly true that Dr. Pierce's Golden Medical Discovery holds the record for the perfect and permanent cure of indigestion and other diseases of the stomach and associated organs of digestion and nutrition. It is not a palliative. It cures the cause of disease and builds up the body with solid healthy flesh, not flabby fat.

"It is with pleasure that I tell you what Dr. Pierce's Golden Medical Discovery and 'Pell's' have done for me," writes Mrs. T. M. Palmer, of Peoria, Kansas, Co., Texas. "Two years ago I was taken with stomach and bowel trouble. Everything I ate would not get me any benefit. I lived two weeks on milk and even that gave me pain. I felt as though I would starve to death. Three doctors attended me—one said I had dyspepsia, two said catarrh of the stomach and bowels. They attended me (as at a time) for one year. I stopped taking their medicine and tried other patent medicines; got no better, and grew so weak and nervous that I could not do any kind of work. Now I can do my house work very well; am gaining in flesh and strength, and can eat anything I want."

Accept no substitute for Dr. Pierce's Golden Medical Discovery.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one cent stamps for the paper covered book, or 31 stamps for the cloth bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Notice for Publication.

(Small Holding Claim No. 2178.)
Department of the Interior.
Land Office at Santa Fe, N. M., Feb. 18, 1903.
Notice is hereby given that the following named claimant has filed notice of his intention to make final proof in support of his claim under sections 16 and 17 of the act of March 3, 1891 (26 Stats. 534), as amended by the act of February 21, 1893 (27 Stats. 470), and that said proof will be made before Register U. S. L. O. at Santa Fe, N. M., on March 30, 1903, viz: SW ¼ NW ¼ and lot 3 sec 36 T. 1 N. and R. 1 E., sec 4, T. 1 N. and R. 1 E., N. M. P. M. (Mile Hill).

He names the following witnesses to prove his actual continuous adverse possession of said tract for twenty years next preceding the survey of the township, viz: Jose Romero of Agua Fria, N. M.; Sixto Garcia of Santa Fe, N. M.; Felipe Pino of Agua Fria, N. M.; Robert B. Willison, of Santa Fe, N. M.

Any person who desires to protest against the allowance of said proof, or who knows of any substantial reason under the laws and regulations of the Interior Department why such proof should not be allowed will be given an opportunity at the above-mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, Grains, Fruits of all kinds, and Sugar Beet grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, New Mexico, are the gold mining districts of Elizabethtown and Lady, where important mineral discoveries have lately been made. Claims on unlocated ground can be made under the Mining Regulations of the Company, which are favorable to the prospector as the U. S. Government Laws.

Near Raton, New Mexico, on this Grant, are located the COAL MINES of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farm work or prospecting can not be successfully done. For particulars and advertising matter apply to

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 125 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. MINOR CITY TOPICS

The Ladies Minstrels tonight. There was a large crowd in the Plaza yesterday to hear the band concert. Bon-Ton: Julio Martinez, y Ortiz, Lamy; Quincy Adams, Alfred Stevens, Jr., Salt Lake.

Monday next the daily train service on the Denver and Rio Grande railroad between Santa Fe and Antonito will be re-established.

The society ladies of Santa Fe will make their debut in burnt cork at Loretto Hall tonight. Don't stay away—if you can't come.

Chaire: Max, H. Montoya, San Antonio; Mrs. H. H. Howard, San Marcial; N. E. Stevens, Miss A. Braithwaite, H. P. Owen, Albuquerque.

The offices at the Federal building were closed today on account of Washington's birthday which fell on yesterday, but it was observed today.

WANTED—By the New Mexican Printing Company, second-hand volumes of the Session Laws of 1899 in English. Fair price paid.

Loretto Hall tonight, the Ladies Minstrels. Benefit Woman's Board of Trade. Curtains will rise at 8:15 p. m. Carriages can be ordered for 10:30 or 11.

The Bureau of Immigration is rapidly distributing the seeds sent to it by Delegate R. S. Rodey, by mail and to applicants in person. The supply will soon be exhausted.

Santa Fe Commandery No. 1, K. T., will meet this evening at 7:30 o'clock at Masonic Hall in regular monthly convocation. Visiting Knights are courteously invited to attend.

Thirty-five cars of rails from Youngstown, Ohio, are at present on their way to Torrance over the Rock Island railroad from Chicago. They are for the Santa Fe Central railway.

The grade of the Santa Fe Central railway has reached Hickox street. It will cut diagonally across the property of the Santa Fe Fruit Company and where the evaporator building is now located.

The Sisters of Loretto are constructing a vitrified brick sidewalk in front of their property and the Sisters of Loretto to Chapel on College street. Other property owners should speedily follow this example.

The city council will take stringent action regarding driving over the new sidewalks. In many cases heavy wagons have been driven over recently laid sidewalks so that they have been almost ruined and the council will take action to have it stopped.

Several men, who had partaken too much wine that is red and strong, on Saturday evening, broke the doors and windows of a house on Hillside avenue. They will be called upon to explain this reprehensible conduct before Justice of the Peace Henry Pacheco.

It was a free-for-all fight at a dance in Quintana's hall on the south side Saturday evening. There was some cutting with knives, although no one was seriously hurt. One man, Romulo Padilla, was arrested on account of the disturbance, and spent yesterday and last night in jail.

A special meeting of the Board of Trade will be held tomorrow evening to protest against the bill now pending in the legislature to require a levy for water and light purposes. The meeting

will also be called upon to endorse the project of constructing a road from here to Las Vegas with convict labor. The forecast is for snow in the north and rain in the south portion tonight and tomorrow. On Saturday the maximum temperature was 46 at 1:10 p. m., and the minimum was 21 at 6:30 a. m. Yesterday the maximum was 46 at 4:10 p. m., and the minimum was 24 at 6:30 a. m. The temperature at 6 o'clock this morning was 32.

The New Mexican Printing Company has the only bindery in the territory where first class loose leaf ledgers are manufactured. Merchants and business firms, requiring such books for the coming year, should immediately address this company and they will find that the best work at the lowest prices in the southwest will be done for them if they order from this company.

It is probable the city council will take official action on the coal problem for this city. Local dealers are unable to secure a supply, and Mr. Dudrow presented to the council at its special meeting Saturday a sample of the indefinite letters received by the dealers. The brick plant at the penitentiary has not been operated for six weeks on account of the lack of coal and now the institution is entirely out and wood is being burned.

Frank Chavez was fortunate in being elected reading clerk of the Council. Not only is the salary of \$6 per day a good thing, but it is a stepping stone to something even better. He is one of the best educated men in the territory and should command a good position anywhere at any time.—El Republicano, Tierra Amarilla.

Councilman Thomas Hughes states unequivocally that the Republicans and citizens generally of the City of Albuquerque are strongly in favor of the creation of the new county of Sandoval and that a strong delegation of influential Republicans of the Duke City will be here this week to work for Bernadillo county division. He says that such county division bill is sure to pass the legislative council.

Council Bill No. 8 requires that district clerks, sheriffs, and county collectors should give a bond signed by a surety company. This bill should pass. It should be amended, however, by striking out the sections requiring the territory and the respective counties to pay the premium on the bonds. The tax-payers of Socorro county are just now feeling very keenly the need of such a law. The public schools of the county are now being closed and there is a prospect that there will be no court in the county for some time, all because of a misappropriation of public funds by a county treasurer and collector. There is absolutely no reason why a public officer should not pay for a satisfactory bond. If any aspirant to public office does not wish to do this, let him suppress his aspiration. There will be no lack of candidates. Gentlemen of the 35th legislative assembly, you will miss an opportunity to enact some excellent legislation if you fail to pass this bill.—Socorro Chieftain.

Representative Vargas of this county, has introduced a very good bill in the legislature relating to the appointment and duties of boards of irrigation commissioners. He has also introduced one not so good, providing for the repeal of the Sunday law relating to the selling of liquor. Man's stomach should have a rest one day in the week, at least.—El Republicano, Tierra Amarilla.

The following resolution adopted by the Irrigation Commission was presented by Colonel G. W. Knaebel, secretary of the commission, to the Committee on Irrigation of the Legislative Council:

"That the honorable, the Irrigation Committee of the Council be informed

that it is the sense of this commission that Council Bill No. 3, in its present form, be not passed, but that in lieu thereof, legislation be had which shall provide for the engineer, to act under the authority of this commission and to be selected by it, for the purpose of gathering data and informing this commission as to facts generally which are necessary to the proper discharge of its functions, under the present laws and all changes of the same; and that no arbitrary control of irrigation matters be placed in the hands of an engineer, such as is, in several respects contemplated by Council Bill No. 3, shall be vested in a territorial engineer, if that position should be created as contemplated in said bill."

The Chieftain still insists that a law requiring county treasurers to deposit public funds in a reputable bank or banks that would pay a reasonable rate of interest would possess great merit.—Socorro Chieftain.

The reappointment of Superintendent H. O. Bursum of the Territorial Penitentiary, by Governor Otero, and his unanimous confirmation by the legislative council, is a high and deserved compliment to that official. He has been judged by what he has accomplished in the most arduous position that he fills.—Las Vegas Record.

Articles of incorporation were filed this morning with Territorial Secretary J. W. Reynolds by the Rio Grande and Southwestern Railroad Company. The incorporators are Edgar M. Biggs of Edith, Colorado, Charles D. McPhee, Elroy N. Clark, William N. Valle and Benjamin F. Hill of Denver. The period of existence is 50 years and the principal office is in Lumberton, Rio Arriba county. The directors are Edgar M. Biggs of Edith, Charles D. McPhee, William N. Valle, Elroy N. Clark and Benjamin F. Hill of Denver, Wilmet E. Broad of Chama, Rio Arriba county and Fred E. James of Lumberton, Rio Arriba county. The capital stock of \$150,000 is divided into 1,500 shares of the par value of \$100 each. The amount actually subscribed is \$42,300 of which Edgar M. Biggs has subscribed \$21,000, Charles D. McPhee \$21,000, William N. Valle, Elroy N. Clark and Benjamin F. Hill, \$100 each. The company is authorized to build a railroad 42 miles long which will begin at the intersection with the Denver and Rio Grande Railroad in Rio Arriba county in township 31 north, range 1 west and extend south or in a southeasterly direction to intersect with the north boundary line of the Jicarilla Apache Indian Reservation, thence south or southeasterly to Gallinas. The sum of \$4,230 or ten per cent of the stock subscribed, has been paid to the treasurer, Joseph W. Gilluly of Denver. A certified copy of the articles of incorporation of the American Lumber Company was also filed. The company is incorporated under the laws of New Jersey, and the fee for filing the certified copy in this territory exceeded \$3,000. The company is given full power and authority to acquire and deal in timber, farm and grazing lands, land which contains iron, manganese and veins of other metals, to manufacture and work in steel and other products. The capital stock is \$8,000,000, divided into 800,000 shares of the par value of \$10 each. The charter is perpetual. The main office is located at 525 Main Street, East Orange, New Jersey, and the New Jersey Registration and Trust Company is named as the authorized representative. Those who signed the incorporation papers, each of whom has subscribed for \$100 worth of stock, are: John R. Turner, Albert R. Palmer, Herbert S. Murphy, Henry Schoonheer, W. H. Bond, Edward T. Magoffin, Martin Conboy, Edward B. Hawkins, Alfred George Brown, Frank R. Series, Albert S. Parmelee, Harry H. Picking, H. N. Smith, James R. Mapletto, Cleveland V. Childs, Frank C. Ferguson, Fred W. Piderit, and E. W. Uiman.

John W. Poe of Roswell, president of the City Bank at that place, arrived in town yesterday. He is interested in legislative matters.

Governor Otero, who visited Albuquerque and Las Vegas on Saturday and Sunday on official business, returned home last evening.

A. J. King, manager of the Alamogordo Improvement Company, is among yesterday's arrivals, and is attending legislative sessions today.

Mrs. M. B. Stockton and Miss Stockton, wife and daughter of the faithful representative from Colfax county, have arrived from Raton on a short visit to the capital.

A. S. Gregg, general superintendent of the El Paso and Northeastern Railroad Company, who will give up the position on March 1, is visiting the capital from Alamogordo.

E. A. Cahoon, cashier of the First National Bank of Roswell, arrived Saturday evening from that prosperous town. He is looking after legislative matters in the interest of his section.

Councilman James S. Duncan, who spent the legislative recess at the Meadow City, returned on last evening's late train and was on hand at the opening of the Council session this morning.

M. M. Dutcher and wife of Albuquerque, and Mrs. Kiefer of Westerville, O., spent yesterday in this city. Mr. Dutcher is in charge of the circulation department of the Albuquerque Citizen.

Judge D. H. McMillan of New Mexico, has been granted permission by the department of justice to send to New Mexico for additional affidavits and evidence for use in the defense which he

is now making in the department against charges of improper conduct while on the territorial bench.

Territorial Secretary J. W. Reynolds, who spent Saturday and Sunday with his parents in Las Vegas, returned home last evening and was at his desk in his office in the capitol bright and early this morning.

OFFICIAL MATTERS

COURT OF PRIVATE LAND CLAIMS. The session of the court of private land claims which was called to be held in this city on March 10 has been deferred until March 17. Official notice was received to that effect this morning.

NOTARIES APPOINTED. Governor Otero has appointed the following notaries: Robert M. Mize of Maxwell City, Colfax county; W. L. Paddock of La Plata, San Juan county; J. P. Chase of Socorro, Socorro county.

DEPARTMENT OF EDUCATION. The two rooms formerly occupied by the adjutant general in the basement of the capitol and which adjoin the room occupied by Colonel Chaves as territorial superintendent of public instruction, are being cleaned today preparatory to being occupied by Colonel Chaves. The middle room will be the general reception room and will be the headquarters of the Territorial Board of Education. The room formerly occupied by the territorial superintendent of public instruction will be the private office for Colonel Chaves and the room formerly occupied as a store room for the adjutant general will be the work room of the department. It will be relettered and marked as the Department of Public Instruction.

INCORPORATIONS. Articles of incorporation were filed this morning with Territorial Secretary J. W. Reynolds by the Rio Grande and Southwestern Railroad Company. The incorporators are Edgar M. Biggs of Edith, Colorado, Charles D. McPhee, Elroy N. Clark, William N. Valle and Benjamin F. Hill of Denver.
