## DEEDS OF DEVILS!

Details of Horrible Mas-  
sacre at Peking.

Foreigners Tortured and  
Outraged by Chinese.

Czar of Russia Moved to Tears by  
the Dispatches.

RECIPROCITY TREATY WITH GERMANY.

Chicago, July 14.—A dispatch to the Record from St. Petersburg, July 11, via Paris, July 14, says: The czar has received with great emotion the dreadful details of the catastrophe at Peking. Tears coursed down his majesty's cheeks as he read the cablegram from Admiral Alexieff, at Port Arthur, confirming the horrible details of the assassination of M. de Giers, which merely in the form of rumors, had already reached Russia. The admiral declares that the Russian envoy was dragged through the streets by Russians, insulted, beaten, tortured and even thrown into a great kettle and boiled to death. Then the remains were thrown to the dogs. When De Giers was being disposed of, a fanatic mob danced around the cadaver. Madame de Giers, Admiral Alexieff's wife, suffered a fatal stroke. She was worse than death and was beaten and tortured with sharp sticks until life was extinct. Legation officials are said to have been tortured dreadfully until death ended their sufferings. De Giers and the legation officials resisted desperately and the brave bodyguard killed many of the attacking mob. In the midst of his tortures, the envoy is said to have heroically proclaimed his faith in Christianity, encouraged by his wife, who so soon shared his martyrdom. Count Lamoriniere received the friends of the murdered one at the foreign office and unfolded to them the tragic story. The scenes of frenzied terror and grief that followed were unspeakable. The building of the foreign office was besieged by excited throngs and St. Petersburg is filled with lamentation. Immediately after Alexieff's dispatch was received, the czar ordered the cabinet and council of state to go into session at once.

Not Confirmed.  
St. Petersburg, July 14.—It is officially stated here that no official confirmation has been received of the killing of De Giers in Peking.

Summoned to Peking.  
Hong Kong, July 14.—A Hung ching yesterday received urgent telegraphic summons to Peking. It is reported that he will proceed north to-morrow. The Chinese agree that his absence is certain to lead to trouble in Canton.

Favor the Boxers.  
Washington, July 14.—Secretary Hay received an undated dispatch from Consul General Goodnow, at Shanghai, stating that the governor of Honan Shan Si has issued a proclamation favorable to the boxers. Honan Shan Si is a province lying immediately north-west of Shanghai and between that city and Peking.

Fortifying Tien Tsin.  
St. Petersburg, July 14.—A dispatch from Kharbarouk, dated July 12, says that the international council of war held at Tien Tsin decided for the present to confine its efforts to the allied

forces fortifying Tien Tsin and establishing communications with the forts and arsenals. Tien Tsin, it is believed, is being rearmament with guns of the highest class.

Reciprocity Treaty with Germany.  
Washington, July 14.—The president's proclamation on the German reciprocity agreement has been made public. Articles on which Germany secure reduction are enumerated. The president names as specific reduction that provided in the third section of the Dingy tariff bill. The proclamation says corresponding concessions and reductions have been secured from Germany.

No Official News.  
Washington, July 14.—The Russian embassy here received no information of the killing of the Russian minister at Peking. The officials do not discredit the report, but say the Russians are under the same disadvantage as the other powers in getting telegraphic information from Peking. They think if this proves true it will entirely and very seriously alter the whole situation.

Chinese Message.  
Washington, July 14.—The Chinese minister has sent a cable dispatch to the Tsarat of Shang Tung, telling him that the American government is exceedingly anxious as to the fate of Minister Conger and requesting him to cable any information he may have on that point. This is in addition to the cablegram he forwarded on Wednesday at the request of Secretary Hay.

Burned the Building.  
Washington, July 14.—The Japanese legation received a dispatch from the minister of foreign affairs, stating that after the German minister was shot at Peking, the German minister made an assault upon the taung i yamen and burned the building. The dispatch goes into the detail.

BIG DAMAGE SUIT.  
Charles Zeiger Sued for Stabbing a Peddler's Horse.

In the district court yesterday Jose Martinez, through his attorneys, Patterson & Wallace, filed a big damage suit. He asks \$1,000 from Charles Zeiger, the proprietor of the Zeiger hotel, for an alleged assault and for attacking his horse with a knife. The petitioner alleges that the defendant made a rush at him with an iron pick and a knife and that when he reached the street, turned his attention to Martinez's horse, brutally stabbing it with a knife in the side. Martinez claims that his horse has been rendered utterly useless and was recklessly worth \$10. He further insists that Mr. Zeiger was the aggressor and that he, Martinez, had only called at the hotel to sell some supplies that he was peddling through the streets. Wednesday the case of the stabbing of the horse came up before Judge Spencer and Mr. Zeiger pleaded guilty to the charge of maiming a dumb animal and was fined \$25 and costs. The civil proceedings in the case have now been instituted.

Martinez makes a living peddling poultry and vegetables around the streets. On Friday, the 8th inst., Martinez says he stopped in front of the Zeiger restaurant and asked them to buy some chickens, and the waiters referred him to the steward. In quest of the latter Martinez states that he went into the kitchen and there encountered the proprietor, who chased him out and then attacked the horse as he alleges in his petition.

It is understood that Mr. Zeiger explains that he had no desire whatever to hurt the animal. He only intended to make the Mexican go out and tried to punch the horse with the handle of the ice pick to make it move on.—El Paso Times.

## WORLD BEATERS!

Americans Win Athletic  
Contest at Paris.

Cape Colony Against Inde-  
pendence of Boers.

Gold Democrats Determined to  
Nominate a National Ticket.

FIRST CENSUS BULLETIN.

Paris, July 14.—The American athletes, fresh from their victories in London, won the only two events decided today and secured leading places in all the trials which took place on the opening day of the world's amateur championships, held under the auspices of the exposition. The Americans won by winning the first heat in the 110 metres hurdles, and places in the other two heats, which they converted into a complete victory in the final heat, winning the first, second and third places. They followed up by winning the first and second places in the 100 metres flat race. The Americans won two heats out of three in the 800 metres flat races, all three heats in the 400 metres flat race and both heats in the 400 metres hurdle race. They also have three out of five men who qualified for final in the broad jump and three in the leading places out of five qualifying for the finals in the shot putting, while Sheldon will represent the United States in the remaining event, discus throwing, which, judging from to-day's performance, is likely to be the only event the Americans will fail to carry off of the eight events in which they started.

Refused Boer Independence.  
Cape Town, July 14.—Replying to a deputation of his constituents to-day, W. P. Schreiner, former premier of Cape Colony, refused to support the demand for unimpeded independence of the Boer republics but said he thought they should retain a certain amount of independence. He added that he would not support the policy.

First Census Bulletin.  
Washington, July 14.—The census of the United States for 1900, giving the population of the District of Columbia at 278,318, an increase since the last census of 45,236, or 16.98 per cent.

Gold Democrat Ticket.  
New York, July 14.—A committee of gold democrats to-day issued a call for a meeting in this city on July 15, to devise the best method of placing in nomination a third ticket for president and vice president, upon the plan of "denouncing and combating the fallacies and unconstitutional creeds of the old parties." The call is signed by the gold democrats of New York, Massachusetts, New Hampshire and Colorado.

Foreigners All Murdered.  
New York, July 14.—A Shanghai dispatch, published here to-day, says "Prince Sheng, director of telegraphs, has communicated a message to the consul here, announcing the murder of the foreigners at Peking, laying the blame on the anti-foreign general, Tung Fuh Shiang."

The message says that Tung, enraged by the defence made by the British legation, ordered the navy guns to fire, demolishing the legations and setting the ruins in flames. The result was the annihilation of the foreigners.

DEATH OF HARRY BALDRIDGE.  
Drowned while Bathing in the Sanatorium Last Night.

One of the saddest accidents that has happened in this city for a long time occurred last night in Goodwin's natatorium, when Harry Baldrige, eldest son of Mr. and Mrs. J. C. Baldrige, met his death in the peaceful waters of the pool. How the accident occurred will probably remain a mystery. There was a large private party of young people enjoying a plunge, Harry being one of the number, when finally his companions missed him and started to search around the building for him. Not finding him they turned their attention to the water and after a thorough search on the part of several good divers his lifeless form was brought to the surface by James Tierney. Dr. Wright was hurriedly summoned, but the spark of life had left his body before he arrived.

Harry was a bright boy, having passed his fifteenth birthday last spring, and was a favorite with all with whom he came in contact. He was a thorough Christian, being a member of the Congregational church, an interested scholar in the Sunday school and an active member of the Christian Endeavor society, where he was beginning to take a hold in the work for the Master on the good literature committee. Besides his parents, there remain to mourn his death an older sister, a younger brother and sister, and many young friends. The sad affair has cast a gloom over the community, all of whom join with The Citizen in extending their sympathy in this time of bereavement.

The remains were taken in charge of O. W. String & Sons, and the funeral services will be held in the Congregational church to-morrow morning at 10 o'clock. Rev. J. A. Hollars officiating.

## ARID ARIZONA!

Sacaton Indians on the  
Brink of Starvation.

Chinese of the Pacific Coast  
Organize Society.

General Miles Has a Conference with  
the Chinese Minister.

DEATH OF SENATOR GEAR.

Phoenix, July 14.—The prolonged drought, probably unprecedented in the history of this portion of Arizona, has greatly augmented the sufferings of the famine-stricken Pima Indians on the Sacaton reservation. Members of the tribe told Superintendent Cowan, of the Indian school, that their cattle are dying rapidly from starvation and thirst. Most of the Indians now depend for food on the few who have still provisions, and the supply cannot last long. They are emaciated and suffering, and unless the \$25,000 congressional appropriation can be used at once, private subscriptions or similar relief measure must be taken.

CHINESE PARTY.  
The Pig Tail People are Organizing in This Country.

Phoenix, A. T., July 14.—Loung Kouhe, a Chinaman from San Francisco, has been in Phoenix several days and says that he has succeeded in adding many members to the Po Wong Woei, or Chinese reform party. He left to-day for Tucson to continue his work. He asserts that in San Francisco there are 50,000 members. Over \$25,000,000, he says, has been subscribed. The original object of the organization was to save the empire from dismemberment, to dispose of the empress and put Kwang Hsu back in power. Since the foreigners have intervened, the aim of the society will be the expulsion of the foreigners, then a settlement of internal disturbances.

Conference with Chinese Minister.  
Washington, July 14.—Ambassador General Miles had a long conference with Chinese Minister Wu, presumably concerning the military situation in China.

Dead.  
Washington, July 14.—United States Senator Gear, of Iowa, died this morning at his apartment in the Postoffice hotel in this city.

He was in his usual health up to 2:30 a. m., when he was attacked by heart failure. He died at 4:30 a. m.

Bank Statement.  
New York, July 14.—The following is a statement of the associated banks for the week ending to-day: Surplus-reserves, increased, \$4,370,925; loans, decreased, \$1,654,900; deposits, increased, \$194,130; deposits, increased, \$1,654,900; circulation, increased, \$256,800. The banks now hold \$19,960,110 in excess of the 10 per cent legal requirements.

No Doubt Massacred.  
London, July 14.—The British consul general at Shanghai, in transmitting to the foreign office messages from the governor of Shan Tung, already published, says he fears there can be little doubt in regard to the fate of the foreigners at Peking.
