WAR IN AFRICA!

**Boers Attack British
Near Pretoria.**

**Three Thousand Men With
Steger and Dewet.**

**Boers Attack Garrison at Rusten-
burg and are Repulsed.**

BOTH SIDES HAVE LOSSES.

London, July 9.—The following dis-
patch from Lord Roberts has been re-
ceived at the war office:
"Pretoria, July 8.—As the enemy had
been for some time threatening our
line of railway by getting around the
right bank, I dispatched Heston on
July 4, with mounted infantry to re-
inforce Mahon and with orders to drive
the Boers east of Bronkhorstspuit. Their
order were effectually carried out dur-
ing Friday and Saturday by Mahon,
who was attacked by some 3,000 men
with six guns and two maxims. Our
casualties were: Wounded, two officers,
including Captain Nelles of the
Canadian mounted rifles, slightly, and
twenty-six men.

"Heston left Bethlehem on the night
of July 4 for Fouriesburg, between
Bethlehem and Pekaap, accompanied
by Christian de Wet and other
Free State commandos, with troops re-
ported numbering 3,000 men.
"Heston, commanding at Rustenburg,
reports that a party of Boers under
Limmer called on him yester-
day to surrender the town and gar-
rison. Heston replied that he held
Rustenburg for her majesty's
government and intended to continue
to occupy it. The enemy then opened
fire with artillery and tried to take the
heights commanding the town, but did
not succeed, owing to good arrange-
ments made by Heston and his
officers. Eventually they were
driven off with the assistance of Heston's
troops and his Hussars, who made a
rapid march of 45 miles with Bushman
under Colonel Aire. The enemy suf-
fered heavily and five men were cap-
tured. Our casualties were two men
killed and one officer and three men
wounded.

Strike to be Renewed.
St. Louis, July 9.—The street car em-
ployes' union today decided to renew
the strike against the Rapid Transit
company, owing to its alleged violation
of the agreement to reinstate the
former employees. A boycott will go into
effect to-morrow morning.

Work Resumed.
Joliet, Ill., July 9.—The converter and
blast mill of the Illinois Steel company
resumed work to-day and nearly one
thousand men were put to work. The
Amalgamated scale has not been signed,
but the indications are that a set-
tlement will be effected and the mills
kept running steadily.

The Oregon.
Washington, July 9.—The navy de-
partment was informed to-day that the
Oregon had arrived at Chefoo and will
start for Kure, Japan, to dock on July
19 or 20.

Kentucky Murder Trial.
Georgetown, Ky., July 9.—The cases
against Youtsey, Powers, Davis, Whit-
aker and Combs, charged with com-
plicity in the murder of William Goebel,

at Frankfort, January 4, were called by
Judge Cantrell on a change of venue
to-day. By order of the court all per-
sons who entered the court room were
searched. In addition to the imposing
array of the counsel, and a large num-
ber of witnesses, a crowd of specta-
tors thronged the room. The case
against Caleb Powers was first called.

Defending the Europeans.
Brussels, July 9.—A Shanghai dis-
patch received here says that a Chinese
newspaper asserts that Prince Ching's
troops have arrived at Peking to re-
victual the Europeans and defend them
against the rebels.

Chinese Looting Missions.
Berlin, July 9.—The German consul
at Chefoo cables under to-day's date
that the American mission at Tung Lu
and the Catholic mission at Ching Chu
have been looted. He adds that the
Boers continue to revolt. Li Ping
Hong, former governor of Shan Tung,
with 5,000 men, has gone northward
from Nankin, as the governor of that
place requested him to withdraw.

BYRAN RECEIVES STEVENSON.

**The Cleveland Relief Arouses Curiosity in
Nebraska's Capital.**
Lincoln, Neb., July 9.—Adlai E. Stev-
enson, democratic nominee for the vice
presidency, arrived here to-day to at-
tend a conference of the democratic
leaders. A thousand people gathered
at the depot to welcome him.

W. J. Bryan and Senator J. K. Jones
hurried into the car and warmly greet-
ed Mr. Stevenson. Alighting from the
car Stevenson shook hands with other
members of the Bryan party, including
Charles A. Towne.

Escorted by two or three brass bands
the Bryan Home Guards and Bryan's
Continental, uniformed marching
clubs, and several hundred people in
the party, was driven to the hotel. Two
or three thousand people gathered
about the hotel and called for a speech
from Stevenson.

"I can only say to you, fellow citi-
zens," said Stevenson, "that I thank
you for this cordial welcome. I am too
modest a man to make my first speech
when I stand in the presence of the
next president. At some future time I
will do myself honor to address
Bryan, which means the democratic
populists and free silver republicans
all the elements in opposition to the
republican party. I thank you for this
honor."

The crowd shouted for Bryan. He
shook his head, but the crowd insisted
"I am glad so many have turned out on
short notice to greet Mr. Stevenson,"
said Mr. Bryan. "I want him to feel
that when he comes to Nebraska he
comes among friends, and when he
goes back to Illinois, to help us carry
Illinois, I want him to tell that there is
no doubt of Nebraska."

Shouts went up for Towne, who made
a few remarks. Speeches were also
made by ex-Governor Stone, of Mis-
souri; George Fred Williams, of Mis-
souri; "Cyclone" Davis, of Texas,
and Senator Jones. Shortly afterward
the members of the committee, with
Bryan and Stevenson and Towne, went
into conference. Among the subjects
to be discussed by the democratic lead-
ers, besides Towne's position on the
vice presidency, are the establishment
of national headquarters, appointment
of campaign committees and insur-
ance a plan of campaign, including
work to be done by Bryan and Stev-
enson. Jones said that although he
believed the work of the committee would
be finished to-day, the general plans
would be announced several days later.

THE VIADUCT!

**Mayor Marron Talked
With Mr. Ripley.**

**Saw the Plans for the Hotel
and Depot.**

**Freight Depot Will not be Changed
This Year.**

INTERVIEW WITH THE MAYOR.

Mayor Marron returned to the city
from his eastern trip on the day
No. 1 last night. The Citizen re-
presentative called upon him at his office
this morning and inquired regarding
matters of interest to Albuquerque and
her citizens.

"What about the viaduct, new hotel
and passenger and freight depots?" in-
quired the reporter.
"When in Chicago, on my return, I
called on Mr. Ripley regarding these
matters," said Mr. Marron, "and had
a very satisfactory interview with him.
I saw the plans of the new hotel and
it's going to be a daisy. It is to be
of the Mission style of architecture.
There will be fifty guest rooms and
every modern convenience will be sup-
plied. The new depot also will be in
accord with the needs of the city, and
in keeping with the other improve-
ments. The plan of this, also, I saw
in Mr. Ripley's office. It was our un-
derstanding at the time of our confer-
ence with Mr. Ripley that the freight
depot would be moved to a point near
Coal Avenue at the same time that the
other improvements would be made.
Mr. Ripley and Mr. Mudge told me that
the location of the freight depot would
not be changed this year, but undoubt-
edly it would next year."

"When will the work commence?"
asked the reporter.
"That is a hard question to answer,"
said the mayor. "There are very many
details to be looked after and arranged
and necessarily nothing will be done in
the way of actual construction until
every detail has been arranged and set-
tled. Mr. Ripley assured me that the
matter would be pushed with all possi-
ble speed. I stopped at Topeka for
several hours on Saturday and talked
hotel, depot and viaduct with Mr.
Mudge also. He will be in Chicago the
latter part of this week, and said that
when there he would take up the mat-
ter with Mr. Ripley."

Mr. Ripley and the other officials ex-
pressed their gratification at the
expression of the kindly feeling on the
part of our citizens toward the rail-
road company, as shown by the vote
on the viaduct proposition.
"I am hopeful that the actual work
of construction will commence very
soon. Yes, I am glad to get home. I
have not seen a town in my travels
whose prospects are brighter than
those of our own city of Albuquerque.
I had a very enjoyable time and am
ready to work hard with the rest of
our citizens to make Albuquerque a big
city, as it should and will be."

Fighting in Peking.
Washington, D. C., July 9.—The fol-
lowing telegram was received last
night by Minister Wu, from Hong, di-

rector general of the imperial telegraph
at Shanghai, dated yesterday: July 9,
two legations at Peking still survived.
All ministers are safe. Rebel troops
and rioters make attacks but
suffer many losses. Imperial troops
protecting, but meet difficulty in so
doing. It is feared that food and am-
munition is exhausted.

I regret very much that the band did
not make its appearance last evening.
If there had been lights, which are nev-

would have been on hand. The
electric lights were not turned on owing
to arrangements made with the city

BACK FROM KANSAS CITY.

Mayor Marron Returns from Democratic
Convention—Few Items.
O. N. Marron, mayor of the city, re-
turned home last night. He first vis-
ited his old home at Port Henry, N. Y.,
and on returning stopped over to at-
tend the national democratic conven-
tion at Kansas City as one of the dele-
gates from New Mexico, and, as he
states, helped to nominate the "next
president and vice president of the
United States." He says that Albu-
querque people, who attended the con-
vention as visitors, were admirably
looked after; for instance, C. A. Hud-
son officiated as one of the ushers, and
M. Mandell served as an official of the
"medical examination board" of the
convention. He also states that T. F.
Kieher, who was at Kansas City in at-
tendance on the people's party and al-
ready a republican convention, was an
honorary guest of the democratic con-
vention and appeared among the dele-
gates appropriately placarded with
badges of all kinds. Mr. Marron states
that H. B. Ferguson, having business
at Chicago, left for that city on the
adjournment of the convention, and
will not return to the city for a few
days yet.

THE J. M. BRAULT FIRE.
House and Store on North Broadway Gut-
ted by Fire and Water.
Yesterday afternoon, at 4 o'clock, an
alarm of fire was turned in and the fire
department promptly responded. The
two-story residence and store on North
Broadway, corner of Marquette ave-
nue, owned and occupied by J. M.
Brault and family, was discovered to
be on fire.

There was some delay in getting wa-
ter on the burning building, and on
that account the flames got a pretty
fair start. However, the fire was kept
within the adobe walls and soon after
the water commenced playing on the
building the flames were easily extin-
guished.

The damage to house and stock of
goods will foot up to about \$1,500, with
no insurance.
Mr. Brault, who has been in poor
mental condition for several years, was
out driving with his wife when the
fire occurred and they know nothing
of the origin. It is learned, after some
investigation, that several little chil-
dren were playing in the cellar of the
building, and it is the supposition of
Mrs. Brault and neighbors that they
were responsible for the fire.

GERMAN SQUADRON SAILS FOR CHINA.

London, July 9.—More hopeful feel-
ing engendered by Saturday's news
from Peking was strengthened to-day
by Rear Admiral Hume's endorsement
of the rumors that Prince Ching, who
is said to be heading a counter revolu-
tion at Peking is fighting in behalf of
the legations against the usurper,
Prince Tuan. If the powers can find
allies in China itself, it will materially
facilitate the task of restoring order,
and those acquainted with the country
believe if the diplomats are able to in-
duce such a man as Li Hsiang Chang or
Chang Ching to send forces to the
assistance of Prince Ching, hopes of
revolutionists will disperse as quickly
as they collected, and the way to Pe-
kin will be opened without great delay.

SEVERE FIGHT.
Chinese Attempt to Recapture the City of
Tien Tsin.
London, July 9.—The latest news
from Tien Tsin is contained in a news
agency message, dated July 6, report-
ing a renewed Chinese attack that
morning with twelve guns. The allies
forces repelled with guns landed from
the British first-class cruiser Terrible.
A mixed force of 1,000 men made a suc-
cessful attack on the city of the fire of
the naval brigade and attacked the Chi-
nese, who retired after seven hours'
fighting. Earlier dispatches record se-
vere fighting, notably on July 2 and 3,
when the Chinese developed unexpected
strength and did considerable damage
with artillery. At a bridge near the
French settlement there was hard
fighting, at close quarters, the Russians
with gatling guns finally compelling
the Chinese to retire, though they suf-
fered heavily. The operations, how-
ever were no in no way decisive, later
messages showing that the Chinese are
still full of fight.

About 500 men were wounded in the
fighting at Tien Tsin.

Japan Will Invade China.
Yokohama, July 9.—The government

Peking perish, Japan could be absorbed

National Republican Ticket

For President—
WILLIAM MCCKINLEY,
OF OHIO.

For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

ARMED THE CHINESE

The shot that killed Baron von Ketteler was fired from a gun made in Germany.

The cannon that battered the walls of the French legation were forged in the factory of Creusot.

The knives with which English and American prisoners in the hands of the Chinese boxers are tortured were manufactured in Sheffield and Birmingham.

Thus the commerce of civilized nations has supplied the weapons of a barbaric fanaticism that uses it to oppress and destroy the civilization that produced it.

It is reported that the Chinese armies are using Mauser rifles and that more than a million of these arms were imported during the past three years.

The Chinese are also slaughtering European and American troops with Krupp cannon and Maxim guns manufactured in Europe and America. Even the powder was bought with Chinese gold from the foreign devil, and most of it was manufactured in America.

SITUATION IN CHINA

All foreigners and 10,000 native Christians are reported slain in Peking.

Great Britain has officially said of probable spread of the Boxer revolt throughout China in case of the defeat of the allied army.

Lord Salisbury holds the Chinese minister to account for the safety of life and property in the southern provinces.

European powers are determined to bring peace to the north, but there seems to be many obstacles in the way for Chinese invasion.

United States note, asking a written declaration from the powers relative to the prevention of the partition of China, meets with failure.

A big American army will be mobilized in China, troops going there from Fort Sheridan and other home posts, and from the Philippines.

Then their reports that Boxers have poisoned all the wells on the road to Peking; that Chinese soldiers are in force about the capital, and that it will be suicidal for the present allied forces to attempt the march to Peking.

CANNOT BE SCARED

In 1872 the liberal republicans, much the same sort of people now composing the silver republican party, joined with the democrats to denounce General Grant as a Caesar, who was trying to set up an imperial government. Poor old Greeley was deluded by this clamor and really thought they had some atrocity to be done, and Grant was elected, and no attempt was made to set up an imperial government. In fact, General Grant never had any such intention, and could not have overthrown the United States flag, now celebrating the Fourth of July. The flag of the United States floats over the best and freest land on the face of the globe, and braver braver demagogues of the Bryan stripe may rant about calamity and war over the imaginary woes of the people to their hearts' content, and no one of common sense will believe them. The people of the United States have witnessed a campaign by the silly cry that the republic is in danger. They know their strength and will not be frightened by the shouts of the Bryanites, who have no sense, and who are only making a presidential campaign, and put up the imaginary danger of "imperialism," thinking to scare the American people. Since Gettysburg Manila Bay and Santiago, the people of the United States cannot be scared by anybody at home or abroad.

The people could not be scared by Mr. Bryan and his calumny talk four years ago, when time has proved him utterly false. They will not be alarmed by his "imperial" notion.

LESSON IN HISTORY

History will play an important part in the present campaign. It is by the experiences of the past that nations as well as individuals learn and mark out a course of action or policy for the future. The only exception to this general rule is the United States. In 1892, for the first time since 1857, democracy had control of every branch of the national government and then instead of a debt paying policy which had been followed by the republican administrations, came the bond issuing, debt contracting administration of President Cleveland and his democratic Congress. While the public debt under Harrison's administration had been reduced to \$260,000,000, in Cleveland's second term it was increased to \$220,000,000.

The turning over of the country to the democratic party, and the allied policy of the nation, when it requires sterling patriotism and able statesmanship to maintain its honor and integrity at home and abroad among the nations of the world. President McKinley has been tried and not found wanting; Roosevelt proved his patriotism on the body field of San Juan and his statesmanship as governor of the

JEMEZ HOT SPRINGS.

How the Fourth of July Was Celebrated at the Great Resort.

Special Correspondence.

Jemez Hot Springs, July 6.—The Fourth of July dawned dark and cloudy and the prospects for having a good time on that day were indeed gloomy when about 8 o'clock a. m. a brisk summer rain began to pour like rain on both the just and unjust, with the appearance of keeping it on the rest of the day. Our hopes were revived, however, about the eleventh hour, when the rain ceased as suddenly as it came, and the sun made its appearance.

Jemez Springs was the center of attraction for the Fourth, men, women and children from all the surrounding villages and ranches came to do their celebrating here, and consequently quite a crowd assembled.

The residences and hotels were all gaily decorated with numerous flags and bunting.

During the afternoon the principal amusement was horse racing. The racing track had been on the verge in front of Quiero's bath house and was quite a success, although the ponies could not run to the best advantage on account of the slippery mud in several places. Finally, about 4 o'clock, the music by Polo's string band, and everyone enjoyed himself immensely.

In the evening all were treated to quite a display of fireworks by J. B. Block, a visit to the "Alamo," the greatest attraction of the Fourth was the ball, at which Polo's string band again rendered some of their most popular musical selections.

When all had danced and enjoyed themselves to the utmost, the dance broke up and the merry dancers returned home, not on July 7, however, but during the early part of the morning of July 8.

Mariano Otero, Jr., who has been camping up in the mountains for the purpose of breaking in bronchos to the saddle, came down to pay his brother, A. J. Otero, a visit to the "Alamo," and in the Fourth of July celebration here. He will return to his camp in a few days and again turn his attention to broncho breaking.

J. F. Wendenburg, who has received the appointment of postmaster at this place, has moved the postoffice to one of the large rooms at his hotel. Colonel Francisco Perez, the late postmaster, has left the office and is now, resigned about four months ago, and was not relieved until last week. Colonel Perez left several days ago for Albuquerque, where he will join his family and reside in the future.

J. B. Block's stage made one of its bi-weekly trips to Albuquerque yesterday bearing Mr. and Mrs. Bargeman, Rev. H. M. Shields and son and the mail.

Mr. Bargeman, who has been afflicted with rheumatism of the heart for the past month, has improved greatly and left for his home at Holbrook, Ariz.

Rev. H. M. Shields, who has been on a month of vacation with his father, Mr. J. M. Shields, left for Solomonville, Ariz., to continue his work there. Mrs. Shields will remain at the Springs a few weeks longer and then return to her home at Solomonville.

A Mother's Plain Words

"I suppose you will be astonished when I tell you that six years ago I was in a most dangerous condition with bronchitis and lung trouble, because you can see how well and strong I am now. The attack at that time caused terrible pain in my chest and lungs. I could hardly move, and to sleep caused intense suffering. Someone advised me to try Ayer's English Remedy, and I thought I would try it, although I considered that day in my head I had little faith in it. The first bottle gave great relief, and the second bottle made me feel as if I had a new heart. My husband's lungs are weak, and he cured himself with the same grand old remedy. Our boy and girl have both been saved by it from death by croup. I know this is so, for when they were attacked in the night I had a bottle in the closet, and by setting quickly that fatal malady was easily overcome. We always give it to the children when they have a cough or cold, and we would not be without it for anything. My sister will tell you also, if you ask her, that a year ago she was almost dead, and she was saved by it from death by croup.
