FUSION TICKET!

Populists and Democrats a Combine.

Towne to be Used as Stool Pigeon.

Chairman Hanna Has Established Headquarters in New Jersey.

CALLING ON BRYAN.

Kansas City, July 7.—Practical fusion between the democratic and populist parties on the presidential ticket has been decided upon by the populist national committee unless the present plans are changed. However, the democratic vice president will not be inquired, whether or not Towne decides to withdraw as a candidate of the populist party, as this, it is feared, would result in a large defection to the middle of the road populists. In case Towne withdraws the national committee will select another candidate. In the electoral college, according to the general plan outlined, it is the intention to unite its vote on Stevenson.

Lincoln, Neb., July 7.—The influx of democrats returning from Kansas City began early to-day, when the Montana delegation stopped between trains and proceeded in a body to Bryan's home, accompanied by a band. Bryan was aroused and greeted the delegates cordially. Senator Clark was not in the party. In the forenoon the Jacksonian club of Omaha called on the presidential candidate. Other delegations are expected during the afternoon.

Hanna Headquarters.
New York, July 7.—The Evening Post says: "Senator Hanna has arranged to come to Elberon, N. J., July 20, to take possession of Elberon cottage, of Frank Murphy, until September 1, directing the summer campaign from Elberon and making frequent trips to the city and Philadelphia and other eastern cities."

Arkansas Republicans.
Little Rock, Ark., July 7.—The republican state convention convened to-day and nominated H. L. Kimmel, of Little Rock, for governor, and decided to leave the remainder of the state ticket blank.

Heat Prostrations.
Chicago, July 7.—A heavy rain storm last night was the first break in the hot wave. Hot weather is predicted again to-day. Deaths yesterday due to heat were twelve and the prostrations numbered twenty.

Hot Weather.
New York, July 7.—In New York city at noon to-day the thermometer registered 90 degrees, the highest July record. The humidity was 80. Twelve heat prostrations are reported.

Deaths from Heat.
Chicago, July 7.—Heavy clouds obscured the sun all day and the temperature that has stood at 90 degrees all week, was reduced 11 degrees. Four deaths from heat are reported.

Presidential Promotions.
Washington, July 7.—The president has made the following promotions in the navy: Commander M. R. Mc-

Kensie, to be captain; Lieutenant Commander George P. Colvocoresses, to be commander; Lieutenant Commander Charles E. Colahan, to be commander; Lieutenant James P. Parker, to be lieutenant commander; Lieutenant Ben W. Hodges, to be lieutenant commander; Ernest V. Stratton, to be boatswain.

Acquitted by Court Martial.
Washington, July 7.—The following cablegram was received from General MacArthur at Manila, to-day: "Colonel James S. Pettit, Thirty-first United States volunteer infantry, was acquitted by a general court martial. Pettit was tried on the charge of having tortured a native prisoner to a date in Mindanao, who cruelly executed the man."

Religious Report.
Washington, July 7.—A letter has been received from Archbishop Chapelle, to whom was delegated the adjudication of the dispute between the religious orders and the civil authorities of the Philippines, in which he states that during the past six months he has carefully examined every point bearing on the subject and will soon make a personal report to the pope.

National Bank Reports.
Washington, July 7.—Dawes, comptroller of the currency, has issued a call for reports of the conditions of national banks at the close of business, Friday, June 29.

Painful Accident.
David Weinstein, the energetic and popular manager of "The Economist" store, is out to-day, somewhat disfigured, but still able to sell dry goods and notions. On Fourth of July, while showing Alfred Grunfeld and some friends how to shoot cannon fire crackers without any damage, he was the subject of a very painful accident. He lit the fuse and ran off, out of harm's way, as he thought, about thirty-five feet. The cracker exploded with a terrible noise, shot down to the ground, carried a few feet along the ground and then went directly toward Mr. Weinstein, striking him in the right eye. The eye is badly injured. It was a narrow escape from a more serious accident.

Colonel Robert S. Goss to-day signed a contract with General Agent Hathaway, of the New York Life Insurance company, to represent that well-known company in the future. By this move, the colonel will not re-establish his military institute as was published a short time ago. The colonel will prove a most excellent life insurance runner.

The funeral of William Spinner, whose death was mentioned in The Citizen yesterday afternoon, occurred this morning at 9:30 o'clock at the residence of one of his daughters, Mrs. Maynard Albers, in old Albuquerque, and was largely attended. The remains were buried in Fairview cemetery.

CHINESE FIENDS!

They Butcher all Who Oppose Them.

Last Message from Minister Conger.

Prince Tuan Murders 4,000 Residents of City of Peking.

NATIVE CITY OF PEKIN BURNED.

London, July 7.—A Shanghai dispatch received to-day confirms the news of the massacre of the ministers, women and children and the European guards, after eighteen days of hopeless resistance.

"When the ammunition and food were exhausted," continues the dispatch, "the Chinese fiends closed in upon the legation and butchered all who remained alive."

"Afterward they set fire to the legation buildings in which the remains of the victims were consumed."

"The dispatch does not state the source from which confirmation of the news was received, but it is thought this is indicated by another Shanghai dispatch which states that the Taotai, the officer in charge of the several departments at Shanghai and vicinity, now admits that no legation exists in Peking. They are said to have been exterminated. It is admitted no foreigners are left alive."

Reports of atrocities committed by Prince Tuan upon the Chinese are appalling. He had 4,000 Chinese butchered, it is said, for daring to petition him to control the orgy of blood and restrain his followers. The dispatch concludes with the announcement that ex-Viceroy Chi Li Wang, of Wen Chao, had been killed by the Boxers.

A dispatch from Taku says the last message from Edwin H. Conger, United States minister at Peking, brought there by runners, read as follows: "We are besieged. Provisions are becoming exhausted. Situation desperate. Relief force should advance and give us notice by signal."

The runners also confirm report of the burning of the native city of Peking.

Nankin Threatened.
Shanghai, July 7.—Prince Tuan has ordered General Yuan Shi Kai to march on Nankin with 15,000 drilled troops. It is doubtful if he will obey, but in any case Viceroy Lui is believed to be able to safely hold the city. He has fifteen warships on the Yangtze River, and Great Britain is ready to assist this opponent of the rebel government. The departure of anti-foreign Taotai, Sheng, for Nankin is causing anxiety.

Dispatch from Shanghai.
Washington, July 7.—A cablegram was received at the state department this morning from Consul General Goodnow at Shanghai, dated July 7, saying that the legations were standing on the third instant, and that recent attacks of the Boxers have been slight. They seemed disposed to adopt starvation methods.

Foreign Legations.
London, July 7.—Jardine, Mathes & Co., Shanghai, telegraphed their London house:

"British legation standing on July 7. There are reassuring reports regarding the lives of the Europeans."

Quiet at Canton.
Canton, July 7.—Quiet continues here. Li Hung Chang has stationed troops on the streets to prevent disturbances. A steamer, intended to convey Li Hung Chang northward, sailed to-day, ostensibly bound for Kiu Kuang. She took 200 packages of Li Hung Chang's goods.

Europeans Making Bloody Fight.
London, July 7.—A dispatch, dated Thursday 5:50 p. m., received to-day at the London office of the inspectorate of the Chinese maritime customs from Shanghai, says: "A courier left Peking July 2, when two legations were being held out against the Chinese troops and Boxers. The Chinese troops lost 2,000 men and the Boxers many leaders."

Japan Will Send Troops.
London, July 7.—The Japanese minister, Kato Takashi, received a dispatch from Tokyo this evening, giving his government's reply to Great Britain's

question, where, with the consent of the other countries, Japan was willing to send large reinforcements to China. Japan replied that she was prepared to carry out the suggestion and one division will be dispatched immediately.

Marriage at El Paso.
Rev. Thomas Harwood was called to El Paso July 3 by a telegram to perform a marriage ceremony in the Spanish Methodist Episcopal church, and united in marriage Don Claudio Ortega and Senorita Maria de los Angeles Soto. The wedding took place at 2 p. m. and the house was filled with people. The happy couple left the next day for a wedding trip to City of Mexico, where they will spend a few days. Don Vedillo had been a student in the Congregational training school at El Paso. Senorita Maria de los Angeles had spent several years in the Harwood industrial school for girls in Albuquerque. Mr. Harwood now goes northwest to look after some church building interests on the Mimbres, but will return in a few days.

"QUO VADIS" SEEN.

A Fine Piece Admirably Staged at the Opera House Last Night.

The south-bound Santa Fe train last night brought in the "Quo Vadis" company, and a baggage car packed full of scenery. In an hour after the arrival of the company the curtains at the new opera house rang up on the first act, showing the palace of Petronius.

Throughout the six acts and nine scenes, the company and the scenic environment held the wraps attention of the big audience assembled to witness the much advertised play.

There are several dramatizations of the popular novel abroad in the land. The Whitney version, which the Charles Riggs company presents, is more than merely acceptable, whatever the merits or demerits of the others may be. It has caught up the dramatic passages in the novel, reproduced them faithfully and suit, by suggestion and clever condensation, connected them with a seeming flawless chain, preserving all the time the spirit and atmosphere of the novel. In the production there are interpolations, but they are in good taste and serve to bring into proper perspective notable points in the play.

Managers have a habit of seizing upon plays which have become fads and sending them into the west with poor companies to thrive upon the commendation of the eastern productions. Mr. Riggs has refrained from treating the western theatergoers so badly. He has a strong company, an exceedingly strong company, and produces the play with a wealth of splendid scenery and special costumes. The stage pictures, especially the burning of Rome in the fourth act, and the exterior of the Roman coliseum in the sixth act, being especially good.

Mr. Whitney, in dramatizing the book, wisely did not attempt to reproduce the arena scene, but has suggested it by the lines that the effect is complete.

The company will repeat the performance to-night at 8:30 o'clock, and will be seen in El Paso and Silver City next week.

The Citizen can recommend "Quo Vadis" as being the finest scenic performance ever seen in Albuquerque.

SEE DEFEAT!

Silver Republicans Not Very Enthusiastic.

Regular Troops to be Sent to China.

Gov. Roosevelt Will Take the Stump for Republican Ticket.

WEEKLY BANK STATEMENT.

Kansas City, July 7.—The democratic national committee resumed its session to-day. Representatives of the populists and the silver republicans attended the meeting. Nearly every state in which the populist and silver republican strength is necessary to carry the state for the democrats was pledged to Bryan and Stevenson. The exceptions were Nebraska, Kansas, and South Dakota, representatives of those states saying they thought it extremely doubtful if they could be carried for Bryan unless a populist should remain in the field. At the same time they claimed they did not care to sacrifice Towne.

Stress was laid upon the danger of losing four senators in these three states. The silver republicans said there would be no doubt about carrying the mountain states, but they had little hope of the Pacific coast.

The master of running a third ticket will probably be determined after the conference of leaders at Lincoln, as it is understood many will meet Bryan there on Monday.

Troops for China.
Washington, July 7.—Orders were issued to-day by the war department to dispatch 4,244 regular troops to the Philippines, with a view to their utilization in China in case it is found necessary to divert them to that country. The force is made up of two battalions each of the Fifteenth, Second, Fifth and Eighth infantry, two squadrons each of the First and Ninth cavalry, and one squadron of the Third cavalry, and a company of engineers.

Roosevelt Visits McKinley.
Harrisburg, Pa., July 7.—Governor Roosevelt passed through here to-day, on his way to New York. He said he had had an exceedingly satisfactory visit with President McKinley and an understanding having been reached concerning the campaign and just as soon as the campaign opened he proposed to go on the stump.

ALBUQUERQUE — JULY 6, 1920

National Republican Ticket

For President—
WILLIAM MCKINLEY,
OF OHIO.

For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

The republican party will regulate
the trusts by wise legislation.

A good government league would be
of great benefit in this city and county.

Ex-Senator David B. Hill was the
biggest man in the Kansas City convention.

McKinley's majority in New York
state will be anywhere from 100,000 to
a half million votes.

There are very few tramps left in
New Mexico. There is work for every
man who will work in this territory.

The public debt decreased \$14,957,523
during June. A few more such months
would make it possible to express the
total in nine figures.

In the Porto Rican budget for the
coming year 30 per cent of the expenditures
is to be used for education and 5
per cent for improvement of roads.

Uncle Sam's record in the island has
been throughout one of wise generosity.

When informed at Hutchinson of the
massacre of the foreigners at Pekin
Mr. Roosevelt said: "If this report is
confirmed, I shall certainly have something
to say about it in my speech."

I wonder if the anti-imperialists think
it wise to make the Philippines into the
kind of a country that China is. The
truth is that we will never have permanent
peace in the world until the
civilized nations have learned to
expand over the barbarous ones, or
until these have become civilized."

The Denver Republican says it is
amusing to see a democratic convention
composed in large part of representatives
from southern states, where negro
voters are deprived of all their political
rights by constitutional and statutory
enactments and shoguns, mourning
because the Porto Ricans and the
Philippines are taxed without representation
and governed without the consent
of the governed, but queer things
often happen in presidential campaigns
and we fancy that the democrats do not
take themselves too seriously or expect
the country to do so in this matter.

ARROGANT DICTATOR.
The arrogance of William J. Bryan is
something astonishing. He sets himself
up as a dictator with a self-assurance
which one would naturally think would
be inseparable to any political party. He
nominates himself and he orders his
party to adopt a platform according
to his directions. So confident is he of
his absolute power that he has not
taken on a very large and influential
element of his party that they need
any conclusion from him or his followers.
These men, who have been democrats
all their lives, and who have followed
intelligently the standard of Jefferson
and Jackson through successive
defeats and few victories, are
blatantly told that they are no longer
the democratic party and that they
must follow the voice of a man who has
eaten the liver of the greater founders
of democracy.

IDIOTIC TWADDLE.
The much repeated position taken by
the democrats in this campaign is their
attitude on the so-called question of
imperialism and imperialism. The silver
question having been practically
disposed of, the democrats are left with
possible new legislation is concerned,
the Bryanites have found it necessary
to raise some sort of an issue in the
campaign, so they have conjured up
the twin bogymen of imperialism and
imperialism—creatures that have no
existence in fact. They are men of
straw, set up as targets for their own
knives, who must have some object upon
which to use their ammunition and
make a noise in the campaign.

"Millitarians" is purely a fictitious
issue. There is no such thing in this
country, either existing or contemplated.
Attempts to force life into it are
as void of common sense or foundation
in fact that it is incredible that men
of intelligence and honesty should in-
dulge in such silly prattle.

NEW MEXICO ROBBING TIME.
If the pyramids were to be taken
away from Egypt, if its obelisks and
its hall of Karnak were to be carried
off, it would mean a loss to that
country as great as if the Nile were to
dry up from source to mouth. Egypt
would become like Tunis, a place on the
map, with half-barbaric tribes and no
map. The \$20,000,000 or more annually
put in circulation in Egypt by tourists
would dwindle to a few thousands
and the country would lose the greatest
source, a perpetual source, of
that, of income that it possesses.
Egypt and its ruins have been known
to the world at least 6,000 years. In
those 6,000 years, for even the ancients
went to Egypt to view the obelisks and
pyramids and obelisks have been worth
to that nation at least \$10,000,000 in
cash.

New Mexico has ruins as wonderful,
ruins probably as ancient, if not as
times as ancient as those of Egypt.
New Mexico is the Egypt of the new
world, only the world is just becoming
aware of its existence. The life of
tourists is turning this way like the
thin edge of a wedge, but rapidly.

It will not take 6,000 years for these tourists
to leave \$10,000,000 in this territory
for the world is more populous to-
day, more intimately connected than

the Bryanites have found it necessary
to raise some sort of an issue in the
campaign, so they have conjured up
the twin bogymen of imperialism and

straw, set up as targets for their own

which to use their ammunition and
make a noise in the campaign.

NEW MEXICO ROBBING TIME.
If the pyramids were to be taken
away from Egypt, if its obelisks and
its hall of Karnak were to be carried
off, it would mean a loss to that
country as great as if the Nile were to
dry up from source to mouth. Egypt
would become like Tunis, a place on the
map, with half-barbaric tribes and no
map. The \$20,000,000 or more annually
put in circulation in Egypt by tourists
would dwindle to a few thousands
and the country would lose the greatest
source, a perpetual source, of
that, of income that it possesses.
Egypt and its ruins have been known
to the world at least 6,000 years. In
those 6,000 years, for even the ancients
went to Egypt to view the obelisks and
pyramids and obelisks have been worth
to that nation at least \$10,000,000 in
cash.

times as ancient as those of Egypt.

ALBUQUERQUE — JULY 6, 1920

National Republican Ticket

For President—
WILLIAM MCKINLEY,
OF OHIO.

For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

The republican party will regulate
the trusts by wise legislation.

A good government league would be
of great benefit in this city and county.

Ex-Senator David B. Hill was the
biggest man in the Kansas City convention.

McKinley's majority in New York
state will be anywhere from 100,000 to
a half million votes.

There are very few tramps left in
New Mexico. There is work for every
man who will work in this territory.

The public debt decreased \$14,957,523
during June. A few more such months
would make it possible to express the
total in nine figures.

In the Porto Rican budget for the
coming year 30 per cent of the expenditures
is to be used for education and 5
per cent for improvement of roads.

Uncle Sam's record in the island has
been throughout one of wise generosity.

When informed at Hutchinson of the
massacre of the foreigners at Pekin
Mr. Roosevelt said: "If this report is
confirmed, I shall certainly have something
to say about it in my speech."

I wonder if the anti-imperialists think
it wise to make the Philippines into the
kind of a country that China is. The
truth is that we will never have permanent
peace in the world until the
civilized nations have learned to
expand over the barbarous ones, or
until these have become civilized."

The Denver Republican says it is
amusing to see a democratic convention
composed in large part of representatives
from southern states, where negro
voters are deprived of all their political
rights by constitutional and statutory
enactments and shoguns, mourning
because the Porto Ricans and the
Philippines are taxed without representation
and governed without the consent
of the governed, but queer things
often happen in presidential campaigns
and we fancy that the democrats do not
take themselves too seriously or expect
the country to do so in this matter.

ARROGANT DICTATOR.
The arrogance of William J. Bryan is
something astonishing. He sets himself
up as a dictator with a self-assurance
which one would naturally think would
be inseparable to any political party. He
nominates himself and he orders his
party to adopt a platform according
to his directions. So confident is he of
his absolute power that he has not
taken on a very large and influential
element of his party that they need
any conclusion from him or his followers.
These men, who have been democrats
all their lives, and who have followed
intelligently the standard of Jefferson
and Jackson through successive
defeats and few victories, are
blatantly told that they are no longer
the democratic party and that they
must follow the voice of a man who has
eaten the liver of the greater founders
of democracy.

IDIOTIC TWADDLE.
The much repeated position taken by
the democrats in this campaign is their
attitude on the so-called question of
imperialism and imperialism. The silver
question having been practically
disposed of, the democrats are left with
possible new legislation is concerned,
the Bryanites have found it necessary
to raise some sort of an issue in the
campaign, so they have conjured up
the twin bogymen of imperialism and
imperialism—creatures that have no
existence in fact. They are men of

The bicycle dealers of the city held a meeting last night and entered into an agreement to maintain a certain schedule of prices for repair work. It was also decided to transact all business except the sale of bicycles, for cash only, a notice to this effect is published in The Citizen to-day. AN ARTIST'S OPINION.

Chickering Brothers' Piano Highly

Endorsed.

Montezuma Hotel, June 22, 1900.

Messrs. HALL & LEARNARD, Albuquerque, N. M.

Dear Sirs:—The piano furnished by you for the festival at

Las Vegas was very satisfactory for my accompaniments. The

tone was sympathetic and possessed that singing quality so

essential for accompanying vocalists.

Yours very truly,

HELEN BUCKLEY.
