## THE PLATFORM!

Democrats Divided on Silver Plank.

Eastern Democrats Trying to Evade Free Coinage.

Towne Talks Confidently About His Chances of Nomination.

BOOM FOR STEVENSON OF ILLINOIS.

Kansas City, July 5.—Long before the time set for the opening of the second day of the proceedings of the convention all the streets were solidly massed with humanity, moving forward to the many entrances. Expectancy was at a high pitch, as it was universally felt that the day had in store great events for the convention.

By 10 o'clock, thirty minutes before the time set for the opening of the convention, nearly every seat in the galleries was occupied.

The police arrangements were a decided improvement over those of yesterday, when dense crowds were allowed to congregate in front of the speaker's stand, in front of the press seats and up and down the aisles.

At 11 o'clock Chairman Richardson swung his gavel lustily and above the din faintly could be heard his call for order. The chairman presented the Hon. John J. Clennon for the opening invocation. The audience stood during the prayer.

Chairman Richardson announced that the platform committee was not ready to report and invited ex-Governor Horne of Texas, to address the convention.

The giant Texas was greeted enthusiastically. When he declared that the party did not propose to surrender one iota of its attitude in 1900 as promulgated by the Chicago convention, there was round about of cheers. This broke into a whirlwind of approving shouts which the governor assented to the party's platform must contain an unequivocal, specific declaration for 16 to 1. It was noticeable that the delegates joined with the spectators in the Philippines and on foreign affairs generally, and its subservience to trusts.

He closed with the prediction that a platform appealing to the people for the correction of existing evils would win victory in November.

At the termination of Horne's address a cry of "Hill" came from all quarters of the galleries. mingled with the call were hisses. When order was restored Richardson presented A.M. Dockery, of Missouri.

Dockery's prompt attack upon the conduct of the republican administration for its management of the Philippine question was greeted with the usual demonstrations of applause. His assurance that Bryan would be the next president and his condemnation of the many alliances between this country and England received the same enthusiastic reception and cries of "Hurrah for Dockery" from the Missouri delegation. His appeal for harmony "along fundamental principles" met with cheers.

The committee has changed the order of presentation of subjects and placed the question of imperialism in the front place, making it the permanent issue. It says: "While the other is-

ues are vital questions, imperialism strikes at the very existence of the republic."

The first mention of Dewey's name since the opening of the convention was made by Dockery while discussing the platform question, but the name of the famous admiral was received with a ripple of applause.

At the conclusion of the speech of Dockery, Mayor D. S. Rose, of Milwaukee, was called to the platform. He made a fine impression. His voice was clear and penetrating to the uttermost parts of the hall. Wisconsin, he said, could be brought this year into the democratic column by a proper platform. Rose made a strong appeal to the convention to remember the great army of German voters throughout the United States who held the balance of power. When Rose concluded another Hill wave passed over the assemblage.

Both Chairman Richardson and Sergeant-at-Arms Martin moved up and down the front of the platform, gestulating wildly and making pantomime appeals for order. When the Hill demonstration calmed the chairman introduced J. B. McCullough, of Indiana, for another speech. He said only a few words.

The chair recognized George Fred Williams, who submitted a resolution, reciting: "That a committee of nine delegates be appointed by the chairman for the purpose of conferring with the silver republican and populist parties now gathered at Kansas City."

Shouts of "No!" "No!" followed the reading, but the resolution was put to a vote and declared adopted.

Congressman James Williams, of Illinois, was then introduced. He appealed to all democrats to stand together on one platform.

As Mr. Williams took his seat, Chairman Richardson announced: "We will now be addressed by Governor Beckham, of Kentucky." When Beckham reached the stand he was given a reception more enthusiastic than extended to any speaker who thus far had addressed the convention. "We have had such a dose of republican rule," said Beckham, "that Kentucky is prepared to accept any platform the democratic party will present."

The delegates to "My Old Kentucky Home."

J. W. Miles, of Maryland, addressed the convention in support of conservative action on the platform. Chairman Richardson announced that the platform committee would be ready to report at 3:30 o'clock.

The convention adjourned until that hour. The democratic convention did not convene until nearly 4:30 p. m.

At 4:15 Senator Jones presented the platform, which was read by Senator Tillman.

At 5:21 p. m. the platform was adopted by acclamation.

**The Second Place.**  
Kansas City, July 5.—Talk among the delegates is that the tide is setting very strongly toward Stevenson for the vice presidency. Torrey's candidacy has not seemed to have made much headway, although his friends say the 16 to 1 declaration is bound to help him and may nominate him.

**Refused to Sign.**  
Kansas City, July 5.—10:38 p. m.—Augustus Van Wyck, representing New York on the platform committee, refused to sign the minority report against the 16 to 1 proposition. His action is approved by Tammany. Kings county and Erie, a majority of the delegation. It is looked upon as the first break in the conservative ranks.

**16 TO 1 WINS.**  
The Free Silver Men Control National Democratic Convention.

Kansas City, July 5.—The fight on the platform will be carried to the floor of the convention," said David B. Clark, of Ohio, as he presented the platform. "The list of states that voted for a 16 to 1 plank includes states that never did bring an electoral

vote to the democratic party, and states with small delegations. The list of states that voted no includes nearly every doubtful state. We carried the conservative proposition by five votes at one time; then they put up the cry that Bryan would not accept and carried it by two votes. 16 to 1. Prohibitory Hawaii and Oklahoma territories that can't give us an electoral vote, can defeat the will of the east and the entire democratic party. The strongest silver men are with us. Even Jones is with us, and has so declared, but he is dominated by Bryan. Just as I am opposed to imperialism in the nation, so I am opposed to it in the individual. This is imperialism of the worst sort. However, I believe we'll beat them."

**Towne Talks.**  
Kansas City, July 5.—Charles A. Towne gave the Associated Press the following signed statement this morning:

"I am greatly encouraged this morning. Assurances of support are constantly reaching me from the Nebraska delegation, of delegations representing all sections of the country. My friends seem to be the only body of confident and purposeful supporters behind any candidate for the vice presidential nomination. I believe the opportunity to unite all opponents of republican misgovernment will not be neglected."

**Committee on Resolutions.**  
Kansas City, July 5.—The committee on resolutions completed its work at 1:10 p. m. The vote on the adoption of the report was unanimous. The conservative element of the committee is pleased over making imperialism the issue of prime importance. Some express the opinion that this declaration will be of greater benefit to them than the omission of reference to a ratio would have been.

**Worked All Night.**  
Kansas City July 5.—The committee on platform did not reconvene until 10 o'clock, and had an all night vigil. It was decided to present its report to the convention at 4 p. m. The delay is due to a number of verbal changes being made in the draft of the report.

The most interesting incident of today's discussion occurred in a plank offered by Hall, of Texas, declaring that all articles manufactured by trusts should be placed on the tariff free list. The Newlands, of Nevada, opposed the declaration on the ground "that it was covered by the general plank." Hall declared that Newlands' position was unworkable and asserted that Newlands was anything but democratic. Newlands replied that he never had been anything but democratic until President Cleveland had, by his conduct, driven him out of the party. The committee then decided to insert the plank.

**DEMOCRATIC SIDE SHOW.**  
Silver Republicans at Kansas City Dictating Democratic Platform.

Kansas City, July 5.—When the silver republican national convention was called to order by Temporary Chairman Teller this morning, the sub-committee appointed at a meeting of the committee on resolutions last night to draw up a platform was still far from agreement. The insertion of an anti-imperialist plank was strongly opposed by the western members of the sub-committee, many of whom are avowed expansionists and favor ignoring the issue altogether. It was stated that the platform would not be completed until late this afternoon.

Teller was extremely hoarse and yielded the chair to Frank Ransom, of Nebraska. The report of the committee on credentials was called for, which was not ready to report and a recess was then taken.

After a short recess the committee on credentials reported and the report was adopted.

The committee on permanent organization reported the selection of Judge W. L. Brown, of Ohio, as permanent chairman. In a speech, he said: "The money question will not be settled until the national banks are driven out of power. One remedy he suggested for trusts was the removal of duties on every article controlled by the trusts. His demand for government ownership of the telegraph and railroad systems of the country met the enthusiastic approval of the convention. He arraigned the administration for its work in the Philippines.

Joseph Waters, of Kansas, was introduced. He aroused wild enthusiasm by his fierce denunciation of the republican party.

Some one called upon the delegates present who voted for Abraham Lincoln to stand up. The convention yelled with enthusiasm as nearly 200 white-headed men rose.

Major John Brown, colored, of Kansas, who saw service in Cuba, was applauded when he promised the negro vote to the silver republican party.

There was apparently no prospect of a report from the committee on resolution and adjournment was taken until 3 p. m.

## EMPEROR DEAD!

Chinese Ruler Forced to Take Opium.

Empress Insane from Taking the Deadly Drug.

Report That Foreigners in Peking Have Not Been Massacred.

ROOSEVELT IN ILLINOIS.

Shanghai, July 5.—(Copyright, 1900, by Associated Press.)—Emperor Kwang-su committed suicide, taking opium, under compulsion of Prince Tuan, on June 19. The empress dowager also took opium, but is still alive, though reported insane from the effects of the drug. The above has been reported officially to the German consular staff.

**Roosevelt in Illinois.**  
Quincy, Ill., July 5.—Governor Roosevelt arrived at Quincy at 9:10 this morning. A public reception was held, giving hundreds of citizens the opportunity to grasp the governor's hand. A procession through the principal streets followed, after which the governor was conveyed to the public square, where he delivered an address to an enthusiastic audience of 5,000.

**Legation Not Destroyed.**  
Paris, July 5.—The French consul at Chefoo telegraphs that Chinamen who left Peking on June 25 reports that the ministers and residents who were then assembled at the British legation; that French, German and Japanese legations, were guarded by their own detachments and that M. Pinchon, the French minister and wife, were well. The other legations, the customs house and missions have been burned. The foreign troops have lost six killed and six wounded, including the commander of the British detachment.

**English Legation.**  
London, July 5.—A dispatch received at the news agency from Shanghai, under date of July 4, announces the British legation at Peking, with 1,600 refugees, was still safe when the massacre was sent.

**At Peking.**  
Washington, July 5.—The navy department has received the following telegram from Admiral Kempfer:

"Chefoo, July 5.—Meyers, of Oregon, commands the force at Peking, and Captain Hall and Dr. Lippitt are also there."

**Rebellion in China Extending.**  
Washington, July 5.—A cablegram received at the state department from Consul General Goodnow at Shanghai, states that there is imminent danger of an extension of the Boxer rebellion to the southern provinces unless the international forces are reinforced and maintained.

**Room for Stevenson.**  
Kansas City July 5.—The Pennsylvania delegation this morning unanimously decided to support Adlai E. Stevenson of Illinois, for vice president.

**Victims of the Street Car Accident.**  
Tacoma, Wash., July 5.—C. W. Woodruff and Mrs. G. Fleming, victims of the street car accident yesterday, died this morning, increasing the fatalities to 40. Of the 40 remaining in the hospitals it is believed that eight or ten may possibly die.

**Chinese at Tien Tsin.**  
London, July 5.—The statement is published at Berlin that the Chinese have already taken Tien Tsin, but a cable dispatch from Shanghai, dated July 4, shows that according to the lat-

est advice the city is still in the hands of the international troops, though the Chinese forces continued attempts to isolate them as they did at Peking. They were receiving constant accessions, many troops arriving from Manchuria. The dispatch adds that Colonel Wogack, commanding the Russians at Tien Tsin, was almost exhausted. He had been three days and nights in the saddle directing operations.

**HIG TIER.**  
Standard Oil Company's Works in New Jersey Destroyed.

New York, July 5.—Fire at the works of the Standard Oil company, at Constable Hook, Bayonne, N. J., which started from the explosion of a naphtha tank early to-day, was still raging at 9 a. m. The damage will run into the millions. The entire plant is almost certain to be consumed. The oil is spreading along the upper bay and Kill von Kull, and is blazing as it flows. The fire was caused by lightning.

At 10:30 the total loss was estimated at \$2,500,000. None of the officials of the company believe any of the one hundred men reported missing have been killed or severely injured, but several have been painfully burned.

**Que Vadit.**  
Sooman & Landis' scenic production of the great Christian drama "Que Vadit" will be presented at the opera house to-morrow night under the management of Charles Hays. The company carries everything complete, using tons of scenery. The production was made by Sooman & Landis, the costumes by Haggerman, and special music arranged by Wilhelm Souffier. This play as produced by the above company, comes here highly recommended by the eastern press. It is doing a phenomenal business everywhere.

Their advertising paper was delayed in transit, but has arrived and was put up to-day. Every man, woman and child in Albuquerque should see the production of this great drama. Prices, 50 cts and 1.00. Seats at Matson's.

**E. L. Washburn,** manager of the Washburn base ball club, returned to the city last night from Santa Fe and states that he is pleased to report that the people of Santa Fe are royally entertaining the Washburn club. The game on Wednesday afternoon, it is true, said Mr. Washburn, went against the local players by the score of 11 to 20. "It should have been won by the Washburns," said the manager. "For in the ninth inning with two men on bases, Strassmeyer went up to the bat and cut the air 'for three beautiful strikes.' Yesterday a heavy rain prevented the game, and to-day no report has been received from Santa Fe.

The band concert at the city park last evening was a drawing card, not less than 1,000 citizens enjoying the excellent music of the First Regiment band. The organization is in fine shape and the boys should be encouraged. We all know that it is expensive to keep up a good band. We should have concerts twice a week, the same as last season. Colonel Borradaile, the manager, informs us that two concerts a week will be given if \$75.00 per month can be raised. Some one should take hold of the proposition.

A few days ago a delegation of Bland citizens, opposed to incorporation, appeared before the county commissioners and asked that the order for the incorporation of that town be rescinded. It was understood to-day that the commissioners sustained their recent order for incorporation, and that the people of Bland can now go ahead and arrange for an election on the subject.

J. C. Baldrige and two children, and J. F. Palmer, who were at Santa Fe, returned to the city last night.

Word received to-day from Silver City, state that Ben Weiler won his bicycle race in that city on the Fourth.

## National Republican Ticket

For President—  
WILLIAM MCKINLEY,  
OF OHIO.  
For Vice President—  
THEODORE ROOSEVELT,  
OF NEW YORK.

This city should organize a Rough Rider republican club.  
New Mexico is assured of statehood within the next two years.

The government's surplus for the fiscal year just ended was \$13,227,777.  
The republicans of New Mexico have excellent material for delegate to congress.

The Fourth of July celebration brought needed rains all over this territory.  
The republicans are delighted over the work of the national democratic convention.

Governor Roosevelt has set the priorities of Kansas aside with republican enthusiasm.  
Rev. Charles M. Shelden, the religious novelist, declines to be a candidate for vice president.

The republicans of Colorado are all in line and determined to carry that state in November.

If the opium forced down the empires of China does its proper work the world will not be any longer.

It is said that Mr. Clark of Montana will contribute \$100,000 to the democratic campaign fund.

Including the democratic national convention the United States is being swarmed with horrors this week.

Bank failures are costing the people \$20,000,000 less a year than they did under the Cleveland administration.

The least desirable people on the face of the earth are the Chinese, and the sooner they are crowded off the better.

Admiral Dewey is not popular with democrats. His name has not been mentioned at the Kansas City convention.

General Chaffee will carry 900 soldiers with him to China and will find a regiment from the Philippines already there waiting for him.

The emperor of China was a most unfortunate chump all through life, and his taking off by the opium trade has saved him from a multitude of trouble.

It took a big war and a severe whipping to force the democratic party to recognize the principle that all men are created free and equal. Now they claim a patent on the document.

After two wars the United States treasury shows a surplus of \$14,000,000. As a little campaign pointer, just compare this with the condition of affairs when Mr. McKinley first took his seat in the White house.

The prohibition party is the first to inveigh against increased exportations. They think too much liquor is being sent out of this country. However, there seems to be no danger that the home supply will give out.

Recent reports from Cape Nome indicate that about 25,000 of the 40,000 gold seekers on the much advertised beach have suffered bitter disappointment. The number of suicides, owing to despondency, has increased until it has attained appalling proportions.

A carefully detailed statement published by the Railway Age shows that during the first half of the present year Texas led all other states in railway building, having a total to its credit of 144.36 miles. Iowa comes next with 144.5 miles. Mississippi has 104 miles, these being the only three states having built as much as 100 miles during the time named.

The total expenditures of the fiscal year ending June 30, were \$135,441,474.97, less than the expenditures of the previous year, while the receipts were \$22,490,437.97 more. The books of the treasury show a surplus for the first time in seven years, notwithstanding the expenditures incident to maintaining a large army in the Philippines.

A corporation has applied to congress for permission to lay underground pipes in the streets of Washington, D. C., for the purpose of distributing cool air through the business buildings and residences of the city. The scheme provides for the erection of a refrigerating plant at some central point, from which cold air will be pumped for distribution through the system of pipes. The flow of cold air will be regulated in a manner somewhat similar to the measurement of gas, and can be turned on at the same as hot air is turned on from a furnace.

## WORLD'S BIG CITIES.

There will be but little change in the rank of the great cities of the earth when this census records the increase in the population of the United States. London, with her six and a half million souls is still the city of all cities. Greater New York has slipped to a secure second place, with only a little more than half London's inhabitants, 3,900,000, and Paris, the acknowledged queen of all cities and long the second in size, has had to drop to third place with her 3,700,000.

The United States and old China are rivals of makers of big cities, but China is still ahead with her three million cities, built through the slow processes of city making centuries before the

United States was born. China's three-million-cities are Canton, 1,400,000, Peking and Tien Tsin, each with an estimated population hanging around the million figure.  
China, though she has more million cities, only has sixth rank, that is probably with this census figures. Chicago will step in fourth place, Berlin has fifth and Canton sixth. Vienna is usually given seventh place. Tokyo, with probably 1,350,000, will likely be eighth, Japan's one city with over a million, Tokio, has ninth. Russia's two big cities, St. Petersburg and Moscow, are tenth and eleventh, in the twelfth of the cities of a million or over.

If Britain were to swallow up all the little cities about her, as London and New York would, she would have a rank among the earth's big cities. Cincinnati, Cleveland and San Francisco are climbing steadily toward the half million figure, and will probably all be near 500,000. Newark, Minneapolis, New Orleans, Louisville, Jersey City, and Kansas City will all bring up in the vicinity of 200,000.

## SAVINGS OF ROOSEVELT.

Governor Roosevelt, is making good speeches wherever he goes. In one of his talks in Kansas, he said:  
"Fundamentally, you have got to have the same quality of character in public life as you have in private life."  
"You can stop prosperity by legislation, but you cannot do more by law for prosperity than to give every American a chance to show his own thrift."  
"The American people rise and fall together; if one falls all fall, if one prospers, all prosper. For good or for evil we are bound together for all time."  
"Don't think because a man is smart he can profitably be dishonest. An honest, but timid man, is not much good. A natural born fool who is honest is a worse kind of a man than a dishonest man with sense."  
"Have honest sense with your honesty."

## CONDITION OF THE PHILIPPINES.

No better confirmation of the reports of General Otis, the head man of the mission in the Philippines could be possible than the report of the British consul at Manila to his home government. This report says:  
"The collapse of the insurrection last November and the opening of the ports since June 1 have restored confidence, and great activity in commercial quarters has ensued. Law and order are being restored as rapidly as possible, but the immense size of the country renders it a difficult task. The natives, I believe, would willingly return to their agricultural pursuits, but the influence of their leaders appears sufficiently strong to keep them from surrendering."

The spectacle of the united soldiers and ships of Christendom at the gates of China has been a reminder of the crusades of old, when knights of all countries united under the banner of a king or prince and went forth with flashing armor and plumed helmets, their horses galloping, and their armor clanking, and their long spears held high. To-day the soldiers and sailors of the United States, of Britain, of Germany, Russia and France stand as one army at the gates of China, demanding the safety of the lives of Christians.

Having nothing else to kick about the democratic administration again about a surplus in the treasury. It takes a democratic administration to do away with one, and at the same time to do away with the surplus savings of the wage earners.

The populists by a close vote captured the democratic convention at Kansas City, and declared for free coinage of silver at the ratio of 16 to 1. It took the vote of Nevada and all the territories except Alaska, to carry the measure.

During the first half of the present year over 1,000 miles of new railroad track were constructed in the United States, an increase of nearly 300 miles over the same period last year.

## What Our Flag Stands For.

Wherever the American flag is raised in token of sovereignty, it stands for liberty, independence and equality. That our flag stands for the individual, inasmuch as it not only gives you freedom from your ailments, but protects your system in such a manner that you can return to your work, your stomach gets out of order, causing you to belch after eating, or when you are so nervous that you lose all at night, unable to sleep, you should certainly try this remedy. When your stomach gets out of order, causing you to belch after eating, or when you are so nervous that you lose all at night, unable to sleep, you should certainly try this remedy. When your stomach gets out of order, causing you to belch after eating, or when you are so nervous that you lose all at night, unable to sleep, you should certainly try this remedy.

## ALBANY DAIRY-ICE CREAM.

We are on hand again with our pure Ice Cream, made of cream only, no adulteration. Sold at Ruppel's fountain and our Ice Cream Parlor at dairy in Old Town, end of street car line. Special prices made for societies of entertainments. Automatic telephone. No. 151, Colorado telephone No. 191-2.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at J. H. O'Reilly & Co.'s will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person and one to children without order from parents.

No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

## NEW MEXICO NOTES.

### WHITE OAKS.

From the Eagle.  
F. M. Johnson's family, at Nogah, have smallpox.  
A number of respectable rent houses are badly needed in White Oaks.  
The Carrizozo round-up began last week and the boys will have a busy season.

J. P. C. Langston has the contract for the building of the telephone line from White Oaks to Carrizozo station.

Mrs. S. M. Parker raised \$20 here last week by subscription, to send to the relief fund for the famine sufferers of India.

Charles Spence and M. D. Lincoln, who are operating a copper mine in the Gallinas district, were here Friday and Saturday for supplies for their working force.

There will be a Normal institute held at White Oaks, beginning first Monday in August; provided a sufficient number of teachers will signify their willingness to attend.

Mr. and Mrs. L. H. Rutledge contemplate beginning the publication of a republican newspaper here soon. They have communicated with Albuquerque parties, to a printer to take charge of the mechanical department of the publication.

### DEMING.

From the Headlight.  
J. W. Chandler, of Allison, died a few days ago of heart failure. He recently came from Oklahoma, was 61 years of age and leaves a wife and four children.

The Deming Ice factory is running full time, night and day, and is selling all the ice it can make. The capacity of the plant is ten tons daily, so it will be seen that Mr. Johnson's deal to keep the people cool this summer.

James H. Tracey is constructing a house on his ranch at the east part of town to replace the one that burned about a year ago. When it is completed Mr. Tracey and family will move out there again for the summer.

Rev. J. M. Vance, of Pontiac, Ill., arrived in Deming and will assume the pastorate of the Presbyterian church at this place. Mr. Vance is a young man and comes to our midst with the best of recommendations as an able preacher and earnest worker.

Inspector Sam Brown and family are taking a few weeks outing at the Mimbre hot springs. Mr. Brown's son, Pete, who has been sick for the past month with rheumatism, has recovered sufficiently to stand the trip, and it is hoped that the baths will ultimately work an entire recovery.

On Thursday last, J. G. Hall passed through Deming with 800 cars of one and two-year-old heifers which he took to Hutchinson, Kan. These cattle were bought from the Baker brothers, in the Animas valley, and were the finest lot of cattle that have left here in a long time.

D. L. Coll has assumed the management of the famous Mimbre hot springs. The resort has been fitted up with all modern conveniences, and is now in a position to properly care for all who may patronize it. A daily stage connects the springs with Deming.

Dr. S. D. Swope returned from the Pacific coast, where he had been to take Mrs. Swope and the family for the summer. He brought with him two pairs of Belgian hares, and they are beauties. These are the first to be brought to this town, and the doctor is justly proud of them.

### SILVER CITY.

From the Enterprise.  
The records show last month to have been the hottest and driest June in this section for the past eighteen years.

Dr. H. Gilbert and O. J. Westlake have formed a partnership and have their offices in the Broadway hotel.

Mrs. Julia Black is improving slowly, but steadily, and as soon as able will return to the Pacific coast for recuperation.

George R. Brown has received a reappointment as deputy mineral surveyor.

It has been decided by the railroad officials not to run the Pullman car between Silver City and Deming. The decision is based upon the fact that the run is a daylight one, and on account of the heavy grades it would not be possible to make the present schedule time with a heavy Pullman.

Andreas Mesillas was placed under a \$100 peace bond by Judge Newcomb, upon complaint of a young lady whom, it was alleged, he had been molesting. He had previously been tried and acquitted upon a charge of assault to kill.

People in from the western portion of the county report one of the most successful seasons of irrigation. This is due to the fact that the water for irrigation purposes is in a number of places the ditches are entirely dry, which will result in quite a loss to crops.

Rev. A. A. Hyde, for several years pastor of the Methodist Episcopal church at Silver City, and during the past nine months pastor of the church at Deming, is resigning his pastorate on account of the altitude and the health of Mrs. Hyde and the children, and has accepted a charge at San Antonio, Texas.

The Boston store is the name of a new mercantile firm which opened for business in the Cox block, on Broadway, opposite the Broadway hotel. E. L. Dreen, who is well and favorably known here through his association with Mr. Diamond, is connected with the new firm.

Hank Hotchkiss, who was charged with disturbing the peace and quietude of Central by riding a horse into the Palace saloon was given a hearing before Justice of the Peace Newman, and was acquitted by a jury of his peers. The defense proved that it was the horse and not the rider which was trying to get into the saloon.

Matthew E. Derbyshire died in this city at 7 o'clock Monday morning. Deceased was born at Pleasant Prairie, Wisconsin, December 25, 1842, where he resided until March, 1872, when he came to New Mexico, he having an interest in the mining property in this county then owned and operated by the Western Mining company. For a number of years after coming to this city he devoted his time largely to mining interests, but later engaged in mercantile business with his brother, Sidney S. Derbyshire, who now resides at Williams, Ariz.

From the Optic.  
Charley Clay is now on the night shift at the Headquarters, in the absence of Ed French, gone up north somewhere.

Mrs. L. M. Reed received quite a painful injury while riding a horse when near the Sanitarium she fell from her horse.

Rev. George Selby, J. D. Martins and Enrique Armijo, composing the board of examiners, give notice that all persons desiring to teach in San Miguel county, or teachers desiring to take a higher grade of certificate than they hold at present, are required to take the usual annual examination at the

office of the county superintendent, on the third week in July commencing on Monday, July 16.

Travis E. Jones, of Los Alamos, has recently purchased a one-third interest in the Kansas City Cattle company's ranch and cattle at Engle, N. M., and is now the general manager of that company. Mr. Jones left for the ranch and will be gone nearly a month, inspecting the property. His son, Wiley, left with him, and will remain on the ranch permanently.

There is considerable mining excitement around town on the strength of a report that some of the mineral strikes made in the vicinity of Hociada recently. It is claimed for the ore that it is low grade, but owing to the immense quantity in which it has been obtained, it will pay to work. Hope so, gentlemen. It means that new electric line and millions to Las Vegas.

A. A. Jones, Major H. Whittemore, D. T. Hoskins and two sons have gone to the Rio Puelco, above Mora, where they will enjoy a pleasurable sport for a fortnight. They will be joined in a few days by E. G. Murphy and Charley Oiler, who will take out additional supplies for the latter.

Lou Strauss, a well-known citizen of Albuquerque, has accepted a position with Ridenour, Fisher & Co.'s grocery business in Denver, Colo., by appointment on Friday, wedded the young lady, and together they have reached Las Vegas, their future home.

While visiting Paris, David Winterhitz ran across Judge W. A. Vincent and wife, the former Las Vegas lawyer and chief justice for a few days, being easily recognized by the tone of his voice.

George A. Day had the misfortune to fall from a ladder at his residence, a distance of twelve feet, and broke his leg in two places. The fall occurred on Friday, and together they have reached Las Vegas, their future home.

Charles Oscar Jenkins, employed at S. E. Markie's meat and fish market in Denver, Colo., by appointment on Friday, wedded the young lady, and together they have reached Las Vegas, their future home.

"Garry Sunshine With You." A bright, fresh, sunny face is always inspiring, and it always denotes good health as well as a happy heart. Many faces that were once overcast with gloom have been made bright and sunny by Hood's Sarsaparilla, which cures all dyspeptic symptoms, strengthens the nerves and tones up and invigorates the whole system.

Constipation is cured by Hood's Pills, the non-irritating cathartic, sold at all druggists.

### OLIVER VAUGHN.

J. M. Oliver and Miss Etta Vaughn United in Marriage.

J. M. Oliver and Miss Etta Vaughn were united in the holy bonds of wedlock at the home of the bride's parents, Mr. and Mrs. C. E. Vaughn, 100 North Arno street, Tuesday evening, the ceremony being performed by Rev. T. C. Beattie, Herbert T. Strong and Miss Ida Summers officiated as best man and bridesmaid.

The bride is a daughter of the late Mr. and Mrs. Indian school, where the contracting couple are employed as teachers, attending in a body, and they, with intimate city friends, made the guests in attendance number about thirty-five. Immediately following the ceremony and congratulations, the happy couple and guests partook of refreshments. Quite a large list of handsome and costly presents were received by the couple, who will go to house-keeping at once in a neat cottage near the Indian school. It is understood that Mr. and Mrs. Oliver will, in a short time, visit one of the nearby summer resorts.

When the food taken is too large or the quality too rich, heartburn is likely to follow and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of rich food. Let the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn will be avoided. ## DIVISION POINT ABANDONED.

Round House at Coolidge to be Torn Down and Material Moved to Syracuse, Kan.  
The Santa Fe management has decided to establish a freight division at Syracuse, Kan., and Superintendent Parker, of the Western division, is now making arrangements for the immediate removal of the round house at Coolidge to that point.

The Coolidge round house was built several years ago and is a stone structure of 24 stalls. It will be torn down and the material, used in building a round house at Syracuse. A coal chute and water tank and considerable side track, will also be built at the new division point.

The transfer from Coolidge to Syracuse is made to more evenly divide the distance between Dodge City and La Junta, and because much better opportunities are offered there for terminal facilities.

About six years ago the round house at Coolidge was closed, and all engines, freight as well as passenger, made the trip between Dodge City and La Junta without change. However, this arrangement did not prove satisfactory and the round house was reopened after two years. After the establishment of the division at Syracuse, freight engine changes will be made there.

### THE BAIRD MINING COMPANY.

It has in View Extensive Operations in Southern Santa Fe County.

W. T. Middleton, of the Monte Cristo placer company, is from Golden on a business trip, says C. E. Woodworth, of Denver, has let a large lumber contract and is building a mill house and erecting a derrick for drilling several wells on his gold bearing central fields six miles west of Golden. The ten stamp mill recently contracted for at Denver has been enlarged to a 20-stamp plant and the machinery will be installed within 40 days. The corporate name of the company represented by Mr. Woodworth is the Baird Mining company, limited. They have in view very extensive operations in the Santa Fe county gold region.—New Mexican.

An Epidemic of Diarrhoea.  
Mr. A. Sanders, writing from Coconut Grove, Fla., says there has been an epidemic of diarrhoea there. He had a severe attack and was cured by four doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says he also recommended it to others and says it is the best medicine they ever used. For sale by all druggists.

Death of Jack Clark.  
A telegram was received here Friday, announcing the death of Jack Clark, the well-known mining man, at Congress, Ariz. The day before, Clark had left only a few days before for the purpose of bringing back his brother, Ed, who was ill at Congress. His death was very sudden, resulting from heart failure. Mr. Clark has been a resident of Grant county for the past twenty years, devoting his time and energies to mining. A short time ago he disposed of his interest in the Native Copper and Copper Rock mines, in the Santa Rita district, at a good figure. He was unmarried and was about 45 years of age. Jack Clark was known all over the southwest, and the news of his death will be sad tidings to his many friends.—Silver City Independent.

AUTOMATIC TELEPHONE NO. 289.

### DEATH OF MRS. MARY L. WHITNEY.

Mother of W. L. Whitney and Mrs. W. H. Little died yesterday afternoon.

The citizen is called upon this afternoon to chronicle the death of Mrs. Mary L. Whitney, the mother of one of Albuquerque's best known business men—W. L. Whitney, president of the Whitney Hardware company.

The deceased came here last fall from her home in Winfield, Kan., where a short time before she was stricken with a severe attack of typhoid fever, and alternated her stay here with her son, W. H. Whitney, and her daughter, Mrs. W. H. Little, at 1023 South Second street. The disease with which she battled while in Kansas, seemed to cling in her system, and it was thought that a change of climate to the Rio Grande valley would prove beneficial. Fate, however, was against her—the insidious disease was slowly doing its work and yesterday afternoon at 5 o'clock, at the home of her daughter, death came as a relief.

The deceased was born near St. John, Mich., and was 69 years of age. One brother, M. B. Hayes, is now residing at St. John, and to him a telegram has been sent, telling of her death. Her surviving children are Mr. Whitney and Mrs. Little, who reside in this city, and they have the sympathy of a host of friends here in their affliction.

To-morrow morning, at 9 o'clock, funeral services will be held at the undertaking parlors of Strong & Sons, Rev. Funker will officiate, with burial in Fairview cemetery. All friends of the bereaved family are invited to attend.

In consequence of the death, the Whitney company store on First street, will be closed until to-morrow (Friday) noon.

### Paying Taxes.

A. P. Maginnis, the tax commissioner of the Santa Fe Pacific, came in from Los Angeles this morning. He is here to pay the taxes of the road into the county treasury, and also to interview the commissioners, who are in session at the court house.

### ALBRIGHT ART PARLORS.

112 North Third Street.

Seferno Crockett, the justice of the peace of old town, who holds forth at the court house, threw the harpoon of justice into two Fourth of July transgressors, William Shoot and Neator Ahaya looked upon the red wine several times too often, and became drunk and disorderly. They were arrested and brought before the justice this morning, who assessed a fine of \$5 and costs against each of the offenders.

About the happiest young married man in town, to-day, is Harry G. Bulard, chief clerk at W. H. Hahn's coal yards. This morning, at 9 o'clock, his wife presented him with a bouncing baby boy, and in consequence Harry has a perfect right to be happy. Mother and child are doing nicely.

Mrs. H. B. Whiting and daughter, who were on a visit to friends at Pena Blanca, returned to the city yesterday. Mrs. Whiting states that the Pena Blanca country was visited by a heavy rain storm yesterday and the night before.

Mrs. G. V. Crosby, wife of the efficient and popular deputy district court clerk, and her sister, Miss Field, of Chicago, left this morning to spend the day in the territorial capital. They will return to the metropolis to-night.

Removal Sale—We have a dozen four piece quadruple plate tea sets; regular price, \$12.50 and \$15.00. We shall close them out at \$7.00 and \$8.50. Everitt. On August 1st we shall occupy our new store, 107 Railroad avenue.

B. Schuster, of St. Johns, Ariz., where he is in the general merchandise business, came from the west this morning and put up at Sturges' European. He is a relative of the Schusters of this city.

Thomas C. Werner, deputy probate clerk, with his family, picked up in Bear country, yesterday. Werner states the canon was visited by a pretty good rain for several hours in the morning.

Mrs. C. A. Leland, wife of Judge Leland, of Recorro, came from the west this morning and is registered at the Hotel Highland.

Mrs. J. M. Fowler, a pleasant lady from the City of Mexico, was a passenger to the city this morning. She will go west to-night.

Brother Rutolph, principal of the St. Nicholas college, Santa Fe, has his home on the Grand Central register.

Hon. M. S. Otero and wife are visiting Bernalillo relatives and friends to-day.

Chickering Brothers' Piano Highly Endorsed.

Montezuma Hotel, June 22, 1900.

Messrs. HALL & LEARNARD, Albuquerque, N. M.

Dear Sirs:—The piano furnished by you for the festival at Las Vegas was very satisfactory for my accompaniments. The tone was sympathetic and possessed that singing quality so essential for accompanying vocalists.

Yours very truly,

HELEN BUCKLEY.
