BRYAN AND HILL!

They Hold Conference at Lincoln.

Thousands of Democrats at Kansas City.

New Convention Hall Ready for the Great Gathering.

DEMOCRATIC COMMITTEE MEET.

Kansas City, July 2.—This is really the first business day of the democratic convention. Soon after 10 o'clock the democratic national committee assembled at the Kansas City club to consider the claims of contesting delegations, formally select temporary officers and transact other preliminary business. The United States Monetary league at the same hour began its first session in the Auditorium theatre. To-night it is proposed to formally open the new convention hall with a promenade concert. The day dawned brilliantly bright and clear with the thermometer registering in the seventies and a brisk southwest wind blowing. Within a few hours, the sun gained ascendancy, it became intensely hot and had not the breeze continued the heat would have been insufferable. While the arrivals the past few days have been by the scores, they began today by hundreds. To-morrow they will be by thousands. Eleven hundred workmen are engaged upon the new convention building, and it is practically in readiness and only the finishing touches are required. One distinct topic of conversation early in the day was, as also yesterday, the visit of former Governor Hill to Bryan at Lincoln. The governor's arrival early Sunday, followed by almost instant departure for the home of Bryan at the latter's request fairly dazed even the most astute political leaders. This morning the newspapers were scanned eagerly but in vain for an explanation of Bryan's call for the New York statesman. The two conferees evidently kept their own counsel. While apparently nobody here knows why Hill was summoned to Lincoln all throughout the day, it is more than significant that Bryan is the dominant factor of this convention none can doubt. As former Senator Dubois, of Idaho, tersely expressed it today: "Bryan is master of the situation and arbiter of all disputes. Without even seeming to dictate he will control the convention. His wishes will be respected both as to platform and as to candidate for the vice presidency. Thus far the only contest worth mentioning has been on the financial plank of the platform, and even that seems only to be a difference of phraseology. The western men generally insist that a specific declaration of free coinage of silver at a ratio of 16 to 1 be incorporated in the platform. Those from the east and from the south are inclined to favor a simple reaffirmation of the financial plank of the Chicago platform, believing that issues which overshadow the money question have arisen since 1896, and should be given the place of paramount importance. That Mr. Bryan himself will let it be known finally what his wishes are with respect to the question all fully believe and that his desires will be carried out nobody doubts. Bryan and the leaders of the party

Democratic Platform. Kansas City, Mo., July 2.—Judge Augustus Van Wyck, of New York, has the draft of a platform which has been submitted to the southern delegates and is said to have met with some favor from them. The document reaffirms the Chicago platform and practically confines itself to three questions: Trusts, imperialism and the tariff. **Miners Strike.** Birmingham, Ala., July 2.—All the union miners in Alabama, about 10,000 in number, suspended work today pending a settlement of the wage dispute. The old wage contract expired yesterday and the miners demanded a raise and other concessions. **Democratic Committee.** Kansas City, July 2.—The national democratic committee today selected sub-committees to consider the contest. The Montana committee is as follows: Williams, of Massachusetts; Campbell, of New York; Clayton, of Alabama; Ferguson, of New Mexico, and Wilson, of Colorado. Of the Montana sub-committee, Williams and Clayton are said to be favorable to the Daily delegates and Campbell and Ferguson, Clark people. Wilson's position is not defined. **TOWNE IS CONFIDENT.** He expects to be the Democratic Candidate for Vice President. Kansas City, Mo., July 2.—The Towne managers say very emphatically today that their man will sweep the vice presidential sweepstakes. They have reached a point where they offer the democrats certain terms and insist upon being heard. Their program is this: Men authorized to speak for the populists and silver republicans will agree with the democratic managers that both conventions shall go ahead and nominate Bryan on the first day, July 4, but no effort shall be made to nominate a vice presidential candidate. Committees of conference shall be appointed with a view of agreeing upon a candidate to unite the forces of the three fusion parties. If the democratic leaders do not agree to this program, the silver-republican-convention will make no nomination of either a president or vice president, but will appoint a committee of conference on both offices to confer with like committees of democrats and populists. The Towne men claim that Bryan is for the Minnesota man. **Hill Returns.** Kansas City, July 2.—Former Governor David B. Hill, returned from Lincoln, Neb., this afternoon at 1:30 and went immediately to his apartments at the Coates. He declined to discuss the conference with Bryan, saying that he might have something to say later in the day. **Waterproof Stars and Stripes.** bunting, per yard, 5c.

The body was hacked to pieces with swords. **DESPERATE SITUATION AT PEKIN.** Blood Thirsty Hordes Besiege Foreigners on all sides. Disastrous Fire at the New York Docks.

MINERS STRIKE IN ALABAMA.

Kansas City, Mo., July 2.—Governor Theodore Roosevelt, of New York, was given a remarkable reception in this city today. The governor, on his way from New York to attend the annual reunion of the Rough Riders at Oklahoma City, arrived here about 9:30 a. m., and for half an hour he was greeted by a throng of admirers and republicans alike united in giving him a vociferous welcome and shaking his hand until he was glad to quit. Fully seven thousand people jammed along the platforms, sitting on the roofs of train sheds and clinging to the iron girders. Several members of the Rough Rider regiment, attired in khaki, were among those at the station and to these the governor gave special greeting. The crush during the struggle to shake Governor Roosevelt's hand was terrible and several women fainted in the crowd. No one was seriously hurt. **DESTRUCTIVE FIRE.** New York, July 2.—The loss to property by the fire on Saturday night will reach fully \$12,000,000. Large docks and three large ocean liners were destroyed, besides other property. In less than 15 minutes the flames covered an area a quarter of a mile long, extending outward from the actual shore line to bulkheads from 600 to 1,000 feet away and had caught four great ocean liners and a dozen or more smaller harbor craft in its grasp. Stories with regard to the loss of life are conflicting, the number being variously estimated at from 50 to 100. By 7 o'clock the three piers of the North German Lloyd company had burned to the ground. The south end of the Campbell Storage company's building, caught fire and the flames shot from every window. Two floors in but a few minutes. When the Hoboken firemen reached the fire at first they set out to confine it to the pier on which it started. They got lines out on the two adjoining piers and ran apparatus out to pump from the three fusion parties. If the democratic leaders do not agree to this program, the silver-republican-convention will make no nomination of either a president or vice president, but will appoint a committee of conference on both offices to confer with like committees of democrats and populists. The Towne men claim that Bryan is for the Minnesota man. **Hill Returns.** Kansas City, July 2.—Former Governor David B. ALBUQUERQUE — JULY 2, 1930

National Republican Ticket

For President—

WILLIAM MCKINLEY,

OF OHIO.

For Vice President—

THEODORE ROOSEVELT,

OF NEW YORK.

This June was the hottest and driest

for eighteen years.

The Santa Fe company is urged to

hurry up those proposed improvements

in this city.

At this date two years ago Theodore

Roosevelt was causing things to

expand at Santiago, Cuba.

Hayti has this week adopted the gold

standard and fixed the American gold

dollar as its unit of value.

The democrats are gathering at Kansas

City to nominate Bryan and it will

be a case of immense labor lost.

June closed with an excess of national

receipts over expenditures of \$12,000,

000 for the month and \$77,000,000 for

the fiscal year.

The most enjoyable Fourth of July

celebration in New Mexico will be held

at Santa Fe. There will be a large

attendance from this city.

The Pueblo-Chief has been

improved and it is now one

of the best daily newspapers published

in the state of Colorado.

The Las Vegas republicans are

actively at work and united in opposition

to the democracy. They will carry San

Miguel county in November.

If 18 to 1 is not expressly named in

the Kansas city platform there may be

another walkout among the delegates

from the silver mining states.

The missionaries do not practice what

they preach. They teach the doctrine

of peace but when they meet

opposition they call on the war-

rior for protection.

The railway authorities of the Mexi-

can government have been ordered to

use certain safety appliances. All the

passenger cars must be so equipped

before the end of 1931.

The difference between the ticket

nominated by the Philadelphia conven-

tion and that to be nominated by the

Kansas city convention, is that the

first will be elected.

According to a late consular report

Siberia now has a population of 8,000,

000 and can support 30,000,000 upon a

basis of the present density of population

in European Russia.

In the United Kingdom the average

amount of money to the credit of each

depositor in the savings bank is \$102.

In the United States it is \$70, over 250

per cent more than in the British coun-

try.

Late events in China show the

dominion of the president in buying troops

to the scene of action. There are said

to be some 2,400 Americans in

China, many of whom are in the dis-

trict now in rebellion.

American manufacturers and work-

men have gained new laurels by tak-

ing the first prize for silk exhibits in

the Paris exposition. The industry has

grown up under the industrial policy

of the republican party.

McKinley and Roosevelt are all-

around statesmen, and both have the

blue. Both can speak, write or fight

as occasion requires, both are popular

everywhere, and both are proved to

march along with the common people.

Little Finland has finally felt the

crushing blow of the "bear that walks

like a man." The czar has issued a

manifesto, fixing the date for the com-

plete Russification of the province,

which means the practical extinction as

a nation of a quiet, unobtrusive people.

The Coccolino Sun says that sheep-

raisers should remember that sheep in

Arizona were worth just \$2 a head

on the first day of the year 1920,

and 1928. The earliest possible

date on which Easter can occur is

March 12. The last time it occurred on

that date was 1815. The latest date

that Easter can occur is April 25. It

will occur but one time in the coming

century on that date—1943. The middle

day of the century will be January 1,

1953. There will be 235 eclipses during

the coming century.

Captain A. B. Fall is announced as a

candidate for delegate to congress on the

democratic ticket. He is one of the

ablest men in the territory and prob-

ably the strongest man in the demo-

cratic party. If he is the choice of his

party, the republicans will be forced to

get up early every day in the cam-

paign to beat him.

Work on the big Territorial Fair to

be held in this city September 1 is

well in hand, and the preparations will

be actively pushed every day till the

exhibition opens. Men and brethren,

that fair will be a success. Help push

it along.

It is reported that the Kansas City

platform will declare that the demo-

cratic party has been the party of ex-

clusion. The Omaha convention, from

"has been" in this as in other matters

connected with the organization.

The Citizen will celebrate the Fourth

of July by giving away a copy of the

newspaper to every citizen who will

bring the democratic convention at

Kansas City.

liberty, independence and equality.

What our flag is to the nation. Host-

freedom from pain, but it

restores your system in such a manner

stomach gets out of order, causing you

to belch after eating, or when you are

so nervous that you lose about all night

unable to sleep, you should certainly

try it, because it will strengthen your

stomach, steady your nerves and in-

crease blood, healthy sleep, and for in-

digestion, constipation and biliousness

there is nothing to equal it. Rheuma-

tism is also counteracted by its direct

action on the kidneys.

Ralph Halloran, general southwest-

ern agent for the New York Life In-

surance company, who was down south

on business, returned to the city this

morning. It is Mr. Halloran's opinion

that Southern New Mexico will send a

big delegation to Albuquerque during

territorial fair week in September, for

they were all pleased last year, and it

therefore behooves the people here to

help the rustling committee by liberal

subscriptions, so a fair as good, if not

better, than last year, can be given this

fall.

Misses Adeline and Barbara Hubbell,

who recently graduated at the St. Jo-

seph academy, Prescott, came in from

the west last Saturday night, and their

father, Hon. J. L. Hubbell, one of Ariz-

ona's delegates to the national repub-

lican convention at Philadelphia, ar-

rived from the east last night. They are

visiting relatives and friends here to-

day and will go to their home at

Grande, Ariz., to-night.

Hon. H. P. Dougherty, of Socorro,

and Hon. F. J. Davidson, of Grant

county, passed through the city Sunday

morning for Kansas City. They are

New Mexico delegates to the national

democratic convention. Both gen-

tlemen favor Bryan for president and

either Hill or Sulzer, of New York, for

vice president.

Alderman Henry Rogers, City Mar-

shal Thomas McMillen and Mr. Suther-

land, of the fire department, tested the

big fire horses yesterday, by hitching

up and driving them to Camp Whit-

comb. The horses stood the trip nicely,

and returned in good condition late

in the afternoon.

General H. A. Carr came in from

Fort Wingate yesterday morning. Mrs.

Carr was on the train, but she con-

tinued on to Santa Fe. The general

was quite ill at Fort Wingate, suffering

from an abscess of the ear, but is con-

siderably better now.

Professor Shelton, of the government

Indian school at Santa Fe, with forty-

two Pima Indian boys and girls, re-

turned to the territorial capital yester-

day morning, after a successful trip to

the Pima agency in Arizona.

F. Kleiner, H. P. Mabry, L. S. Har-

born and E. A. Shaw, of Bland, are in

the metropolitan show on business be-

cause the local county commissioners

are opposed to the incorporation of

the town of Bland.

H. S. Knight has removed his head-

quarters and office from the Scott

store horse company rooms on North

Third, to room 101 of the Armory

building, upstairs over Donahoe Har-

dware company's store.

Attend special sale of low shoes and

Oxfords. All go at actual cost at the

The new engines of the Denver & Rio

Grande railway have iron pipes ex-

tending along the roof of the cab and

connecting with the boiler. Through this

pipe, without making a perceptible

noise, the railway review, either

the engineer or fireman can send, under

the pressure of a jet of steam and

boiling water that would effectively kill

or injure anything living that hap-

pened to be on the tender or the front

of the baggage car. The blow-off can

be arranged so as to prevent

train robbers climbing over the tender

What Our Flag Stands For.

Wherever the American flag is raised

in token of sovereignty, it stands for

liberty, independence and equality.

What our flag is to the nation. Host-

ess of the Stomach Bitters is to the indi-

vidual, inasmuch as it not only gives you

freedom from pain, but it

restores your system in such a manner

that they cannot return. When your

stomach gets out of order, causing you

to belch after eating, or when you are

so nervous that you lose about all night

unable to sleep, you should certainly

try it, because it will strengthen your

stomach, steady your nerves and in-

crease blood, healthy sleep, and for in-

digestion, constipation and biliousness

there is nothing to equal it. Rheuma-

tism is also counteracted by its direct

action on the kidneys.

Ralph Halloran, general southwest-

ern agent for the New York Life In-

surance company, who was down south

on business, returned to the city this

morning. It is Mr. Halloran's opinion

that Southern New Mexico will send a

big delegation to Albuquerque during

territorial fair week in September, for

they were all pleased last year, and it

therefore behooves the people here to

help the rustling committee by liberal

subscriptions, so a fair as good, if not

better, than last year, can be given this

fall.

Misses Adeline and Barbara Hubbell,

who recently graduated at the St. Jo-

Hon. H. P. Dougherty, of Socorro,

and Hon. F. J. Davidson, of Grant

county, passed through the city Sunday

morning for Kansas City. They are

New Mexico delegates to the national

either Hill or Sulzer, of New York, for

vice president.

Alderman Henry Rogers, City Mar-

Col. Robert S. Goss, of the Goss Military Institute, recently visited Long Beach, Cal., and the paper at that town says him the following complimentary notice:

Robert S. Goss, superintendent of the Goss Military Institute, Albuquerque, N. M., who, with his family, has been stopping in Long Beach for some time past, has taken his departure. He is a man of considerable wealth, a thorough military man, carries with him an air of business and leaves an impression of good and good will. Quietly, he has been looking over the Long Beach field and debating in his mind the advisability of establishing a military institute on the seagirt bluff of Long Beach, which, for its surroundings, both sea and land, aquatic facilities, etc., there is none to compare. It would be quite the proper thing for our board of trade to confer with this gentleman and extract from him some kind of a proposition looking to the building of an institute. If necessary, ample grounds should be donated him for the purpose. The Tribune believes this a magnificent opportunity to add wealth, notoriety and outside standing of Long Beach, where not known. Such an institute would bring a class of people to our city which cannot be reached in any other way.

Prevented a Tragedy.
 Timely information given Mrs. George Long, of Newhallville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until, urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at J. B. O'Reilly & Co.'s drug store.

PRESBYTERIAN WORK.
 What the Board of Home Missions will do for New Mexico this year.

Miss Alta H. Handley has been appointed to have charge of the school at El Rito, Mora county, for the coming year.

Mrs. Annie Ferguson, who taught the El Rito school the past year and is now summering in Tennessee, will be given the school at Los Ventos, Valencia county, and, in addition, will be succeeding Miss Maggie Fleming at that place.

At Chimayo, Rio Arriba county, a new school will be established. A very large school building exists at this place, for which no provision is made and the work will be both welcome and necessary. Miss Clark and sister have been assigned by the Presbyterian board of home missions to that place.

A new school will also be given to the Mora field, viz: At Agua Negra. Miss Bertha C. Knipe, of New York, has been given the appointment there. Miss Knipe will be accompanied in the work by Mrs. Burton.

Miss Margaret Kirkwood and Miss Anna D. McNeil have been assigned to the Las Vegas mission school. Miss McNeil is most pleasantly remembered in Las Vegas and will be warmly welcomed back by her many friends. Miss Kirkwood is a daughter of Rev. D. Kirkwood, superintendent of missions for Colorado and Wyoming.

It is a matter for congratulation to our whole territory that New Mexico is receiving the benefit of the work done by the Presbyterian schools will enter into and perpetuate itself in every feature of our territory's progress, morally and mentally, socially and politically. Those who teach in this work and who support it alike, are manifesting the truest patriotism our century has seen and evince a love of country as genuine and profound as in their devotion to the kingdom of Christ, which is the basis and foundation of all patriotic effort.—La Aurora.

Headburn.
 When the quantity of food taken is too large or the quality too rich heartburn is likely to follow and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masturate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn will be avoided. For sale by all druggists.

Chief Clerk's Social.

The Mesa Golf club's new social party will take place at the Palace hotel on Tuesday evening next, and promises to be a delightful social event. About 100 invitations are being sent out, many going to young society folk at Las Vegas and Albuquerque. Professor Perez's full orchestra has been engaged to supply the music.—New Mexican.

A Gunshot Wound.
 S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectively clears the blood of all morbid, unhealthy humors, and the old, troublesome sores heal. At the same time the general health is invigorated and built up. When a little scratch or hurt falls to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

A sore heals promptly when the blood is in good condition, but **never** if it is diseased. The tendency of these sores is to spread and spread deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does not reach a deep-seated blood trouble. Ordinary salvarsan and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It healed in a few days, but the wound would not heal. I had heard S. S. S. highly recommended and decided to give it a trial. The result was truly gratifying. S. S. S. caused me to get right at the heart of the trouble, and the wound healed very soon. I have perfect use of the leg, which was swollen and very stiff for a long time."

Last Saturday night, at 9 o'clock, the fire bell rang an alarm of fire, and the cause was not far from the restaurant of Mrs. J. D. Griswold, on North First street, near Railroad Avenue. A few buckets of water soon had the fire extinguished. The cause was found to be the carelessness of the cook, who, in attempting to take down a lighted lamp which was in a bracket fastened to the wall, let the lamp fall from his hand to the floor and an explosion followed.

Last Saturday The Citizen stated that Captain W. Alexander Rutherford had been appointed teacher in Spanish at the Agricultural and Mechanical college at Las Vegas. Normal Institute to be consulting professor in entomology, with one month's residence during the year at Mesilla Park; Miss Baker, recently of Denver to be librarian; and Mrs. Brown, formerly of Santa Fe, to be instructor in mathematics in the preparatory department.

One of the popular teachers at the local government Indian school, and Miss Etta Vaughn will be united in the holy bonds of wedlock, the ceremony taking place at the home of the bride's parents, Mr. and Mrs. C. E. Vaughn, No. 120 North Arroyo street. Only a few immediate relatives and friends will attend the marriage. The prospective couple will make a trip to the east, after which they will return to the school and assume charge of their duties at the government Indian school. The Citizen extends congratulations in advance.

Miss Minnie Mitchell, who was the guest of Mrs. William Parr the past few months, left this morning for Kansas City, where she will visit a few days, and from there go to her home at Fulton, Mo. The young lady made many warm friends here, who will miss her company and pleasant ways.

A Gunshot Wound.
 S. S. S. is the only purely vegetable blood purifier known; is made of roots and herbs of wonderful purifying properties, which no poison can resist. S. S. S. quickly and effectively clears the blood of all morbid, unhealthy humors, and the old, troublesome sores heal. At the same time the general health is invigorated and built up. When a little scratch or hurt falls to heal readily, you may be sure your blood is bad. S. S. S. will soon put it in order and keep it so.

A sore heals promptly when the blood is in good condition, but **never** if it is diseased. The tendency of these sores is to spread and spread deeper into the flesh. They are a constant drain upon the system, gradually but surely ruin the health and sap the very life. A person's capacity for work or pleasure is soon lost in the great desire and search for something to cure.

S. S. S. makes a rapid and permanent cure of old sores and ulcers, and is the only medicine that does not reach a deep-seated blood trouble. Ordinary salvarsan and potash mixtures are too weak and watery to overcome a deadly poison that has taken possession of the blood. Do not waste valuable time experimenting with them.

"Some years ago I was shot in the left leg, receiving what I considered only a slight wound. It healed in a few days, but the wound would not heal. I had heard S. S. S. highly recommended and decided to give it a trial. The result was truly gratifying. S. S. S. caused me to get right at the heart of the trouble, and the wound healed very soon. I have perfect use of the leg, which was swollen and very stiff for a long time."
 J. H. McBRIDE, Lawrenceburg, Ky.

Grandpa

Everybody's proud of this sort of Grandpa, and he's proud of himself. Proud of his clear brain and active body. There are other kinds of grandpas that we can't be proud of. Weak of body and feeble of mind, we can only pity them. They no more live; they only exist. What makes the difference between these two classes of old men? A sound stomach and a plentiful supply of pure, rich blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach, purifies the blood, and increases the activity of the blood-making glands. It won't make old men young, but it will enable old men to assimilate the food they eat, and so strengthen them for a life of reasonable exertion.

"I suffered for six years with constipation and indigestion, during which time I employed every physician, but they could not reach my bowels. Dr. Pierce's Golden Medical Discovery, I believe, saved my life. I feel that I am now in good health for one of my old years. I owe it all to Dr. Pierce's medicines."

Old people often need a laxative medicine. The best for them is Dr. Pierce's Pleasant Pellets.
