THIRTY-FIFTH LEGISLATIVE ASSEMBLY

THIRTY-NINTH DAY, FRIDAY, MARCH 13, 1903.

THE COUNCIL.
(Thursday's Afternoon Session.)
After the recess, House Bill No. 162, An act to create Leonard Wood county, was handed down and was passed without debate.

Substitute for House Bill No. 121, An act providing for the construction by convict labor of a road through the United States Pecos Forest Reserve from Santa Fe to Las Vegas, was reported from the House. Mr. Jaramillo at once moved to take it up for immediate consideration under suspension of the rules. The bill was read in full and then the second and third time by title. Mr. Fall said he was opposed to the bill. He is in favor of good roads but the bill under consideration carried an appropriation of \$5,000 and he did not know where the money was to come from. He stated that as the appropriation bill left the Council it used up within \$4,000 of all the money in the territorial treasury and since the bill has reached the House there has been an increase of \$16,000 or \$12,000 more than is available or in sight. The only fund from which this \$5,000 could be taken is the salary fund and to take the money from that fund, said Mr. Fall, will be to cripple the work of the territory. Mr. Fall also said it is extremely doubtful if the convicts can be made to work on such a project. Mr. Fall drew a picture of the insane confined in the county jails of the territory and said if any more money could be found, it should be expended in increasing the accommodations at the insane hospital so that those in the jails could be properly cared for. He declared he would more willingly vote for \$50,000 for the insane hospital than two cents for the road. Mr. Hughes said he was opposed to the bill because it brought convict labor in competition with free and organized labor. He stated that he had received many petitions from the labor organizations of Albuquerque protesting against the passage of the bill and he would vote against it for that reason. Mr. Spiess said that he did not believe organized labor generally was against it and he read many telegrams sent to Mr. Duncan and himself from labor organizations and their officers in Las Vegas urging the passage of the bill. Mr. Hawkins opposed the bill on the grounds that there is not money in the treasury to meet the appropriation and because he did not believe convict labor could be legally used for this work. He held that a prisoner is sentenced to the penitentiary to be therein confined for a number of years and it is not legal to take him out on such work. The bill was then passed by a vote of 7 to 5. Messrs. Albright, Fall, Hawkins, Hughes, Pinard voting nay. The result was greeted with applause by the large crowd present but it was quickly checked by President Chavez who stated that expressions of approval or disapproval were not permitted in the Council chamber.

By unanimous consent, Mr. Andrews introduced Council Bill No. 129, An act which provides that where county jails are limited in capacity and as many as 30 prisoners are confined, the county commissioners are authorized to make a levy to provide additional quarters. It was passed under suspension of the rules.

Council Bill No. 1, An act relating to compulsory education, was presented by Mr. Hawkins from the committee on education without recommendation. Mr. Duncan moved to put it on its third reading, but Mr. Jaramillo and Mr. Martinez objected. It was then recommended to the committee on territorial affairs.

At 5:30 the Council adjourned until 10 o'clock this morning.

THE HOUSE.
(Thursday's Afternoon Session.)
When the New Mexican went to press yesterday afternoon, the House had under consideration substitute for House Bill No. 96, by Mr. Montoya, An act to encourage beet sugar factories, lumber mills, etc., by exempting them from taxation for five years. The bill was favorably reported and Sepaker Montoya called Mr. Pedro Sanchez to the chair and took the floor. Mr. Bowie at once moved to amend the bill by striking out "lumber mills" and leaving only beet sugar factories to be exempted from taxation. Mr. Bowie declared the purpose of the bill was to benefit the lumber companies only and that beet sugar factories were a minor consideration. Mr. Montoya moved to table the amendment and after a vigorous debate, the motion to table was lost by a vote of 11 to 11. There was a long and vigorous debate on the amendment and it was adopted by a vote of 12 to 11. Mr. Cristoval Sanchez moved to table the bill itself and this was done by 13 to 10.

House Bill No. 128, An act to amend the act creating Sandoval county, was taken up and passed without debate.

Substitute for House Bill No. 121, An act to provide for the building of a road from Santa Fe to Las Vegas through the United States Pecos Forest Reserve by convict labor, was called up. The committee report was favorable. Mr. Bowie moved to strike out the amendment appropriating \$5,000 but it was tabled indefinitely. Mr. Bowie then presented another amendment that all supplies, tools, etc., be supplied by the citizens directly interested in the construction of the road, but it was tabled by a vote of 19 to 3. Messrs. Bowie, Pollard and Turner voting against it. The bill was passed by the same vote, the same members voting nay. The House then took a recess until 7:30 p. m.

THE HOUSE.
(Thursday's Night Session.)
It was 8 o'clock last evening before the House was called to order. Amendment Council substitute for Council Bill No. 2, An act relating to the expenses of the territorial board of education, was favorably reported by the committee. Mr. Ortega at once moved to table the report of the committee and the bill. Mr. Llewellyn as an amendment asked that the bill be referred to a special committee to strike out the objectionable features and report it back. The amendment was tabled and the bill and report was tabled by a vote of 16 to 6.

House Bill No. 130, An act in relation to registration boards, was handed down but as the introducer of the bill, Mr. Dalles, was absent, it was temporarily laid aside without action.

By unanimous consent Mr. Bowie introduced a bill to limit the number of employees of the Council and House in the future. It was referred to the committee on territorial affairs.

Mr. Cristoval Sanchez moved to suspend the rules and take up House Bill No. 141, An act providing for the registration of trade marks and labels but on assurances from the steering committee that it would be reported in the morning, withdrew his motion.

House Bill No. 157, An act relating to the settlement of delinquent taxes was handed down but it was discovered the identical language of the bill was included in a Council bill already passed. Mr. McIvers, who introduced the bill, therefore withdrew it by unanimous consent.

House Bill No. 172, An act authorizing the treasurer of Luna county to pay to the treasurer of Grant county certain moneys, was handed down. The bill is merely to give authority to the treasurer of Luna county to pay over to Grant county moneys collected under a levy made by Grant county and it was passed unanimously.

House Bill No. 188, An act providing for the rates of fees to be charged by notaries public, was passed by 22 to 1.

House Bill No. 151, An act authorizing county commissioners to have certain lands surveyed for accurate description for assessment purposes, was handed down and precipitated a lively contest. Mr. Bowie presented an amendment that they should have power to have county lines surveyed also and this was adopted. Mr. Cristoval Sanchez moved to strike out the enacting clause and after a long debate, the motion was tabled. Mr. Pedro Sanchez presented an amendment that the survey should be made only on the request of the land owner and spoke at length on his amendment but it was tabled. Mr. Llewellyn offered an amendment to have the survey made only on petition but it was likewise laid on the table. Mr. Pedro Sanchez then presented an amendment to strike out all of Section 1. This gave rise to a prolonged debate. Mr. Kilpatrick, who introduced the bill, opposed it and said it took the life from the bill. Mr. Pedro Sanchez made a long speech in favor of it and after he had occupied 20 minutes in explaining his vote, the enforcement of the half minute rule was demanded. Mr. Sanchez had been so enthusiastic in his speech that he forgot the question pending and voted against his own amendment. It was tabled by 15 to 7. Mr. Cristoval Sanchez presented an amendment that the survey shall only be made on the application of 100 citizens. This was tabled and Mr. Kilpatrick demanded the previous question on the motion to pass the bill. This was ordered and the bill was passed by 14 to 9.

At 10:10 the House adjourned until 10 o'clock this morning.

THE COUNCIL.
(Morning Session.)
After prayer in the Council, the committee on territorial affairs reported Council Bill No. 1, An act relating to compulsory education, with two reports. The majority report was against the passage of the bill and the minority report was in favor of it. The minority report was adopted on motion of Mr. Hughes, and the rules were suspended. Mr. Hawkins and Mr. Spiess opposed the bill on the ground that orphaned Indian children are wards of the general government and not of the territory. The bill was killed by a vote of 8 to 4. Messrs. Albright, Hughes, Duncan and President Chavez voting for it.

Council Resolution No. 5, by Mr. Hughes, provides that no bills shall be introduced.

THE HOUSE.
(Thursday's Night Session.)
It was 8 o'clock last evening before the House was called to order. Amendment Council substitute for Council Bill No. 2, An act relating to the expenses of the territorial board of education, was favorably reported by the committee. Mr. Ortega at once moved to table the report of the committee and the bill. Mr. Llewellyn as an amendment asked that the bill be referred to a special committee to strike out the objectionable features and report it back. The amendment was tabled and the bill and report was tabled by a vote of 16 to 6.

House Bill No. 130, An act in relation to registration boards, was handed down but as the introducer of the bill, Mr. Dalles, was absent, it was temporarily laid aside without action.

By unanimous consent Mr. Bowie introduced a bill to limit the number of employees of the Council and House in the future. It was referred to the committee on territorial affairs.

Mr. Cristoval Sanchez moved to suspend the rules and take up House Bill No. 141, An act providing for the registration of trade marks and labels but on assurances from the steering committee that it would be reported in the morning, withdrew his motion.

House Bill No. 157, An act relating to the settlement of delinquent taxes was handed down but it was discovered the identical language of the bill was included in a Council bill already passed. Mr. McIvers, who introduced the bill, therefore withdrew it by unanimous consent.

House Bill No. 172, An act authorizing the treasurer of Luna county to pay to the treasurer of Grant county certain moneys, was handed down. The bill is merely to give authority to the treasurer of Luna county to pay over to Grant county moneys collected under a levy made by Grant county and it was passed unanimously.

House Bill No. 188, An act providing for the rates of fees to be charged by notaries public, was passed by 22 to 1.

House Bill No. 151, An act authorizing county commissioners to have certain lands surveyed for accurate description for assessment purposes, was handed down and precipitated a lively contest. Mr. Bowie presented an amendment that they should have power to have county lines surveyed also and this was adopted. Mr. Cristoval Sanchez moved to strike out the enacting clause and after a long debate, the motion was tabled. Mr. Pedro Sanchez presented an amendment that the survey should be made only on the request of the land owner and spoke at length on his amendment but it was tabled. Mr. Llewellyn offered an amendment to have the survey made only on petition but it was likewise laid on the table. Mr. Pedro Sanchez then presented an amendment to strike out all of Section 1. This gave rise to a prolonged debate. Mr. Kilpatrick, who introduced the bill, opposed it and said it took the life from the bill. Mr. Pedro Sanchez made a long speech in favor of it and after he had occupied 20 minutes in explaining his vote, the enforcement of the half minute rule was demanded. Mr. Sanchez had been so enthusiastic in his speech that he forgot the question pending and voted against his own amendment. It was tabled by 15 to 7. Mr. Cristoval Sanchez presented an amendment that the survey shall only be made on the application of 100 citizens. This was tabled and Mr. Kilpatrick demanded the previous question on the motion to pass the bill. This was ordered and the bill was passed by 14 to 9.

At 10:10 the House adjourned until 10 o'clock this morning.

STILL RAINING IN LOUISIANA

There Was However a Decrease in the Rise of the Mississippi, the River Still Being Seven-Tenth of a Foot Below the Record of 1897.

LEVEES ARE SOFTENING AND THREATEN TO GIVE WAY

Donaldsonville, La., March 13.—Great excitement prevails here because of telephone advices which tell of an impending break in the Arlington levee near Baton Rouge. Hands are being corralled on all the plantations across the river and hundreds of them are being sent on a special train to the scene of the trouble. Should the levee give way all the New River section of this parish will be flooded. The region is populated principally by poor small farmers.

BUILDING A NEW LEVEE.
New Orleans, La., March 13.—The absence of news up to this time indicates that the Arlington levee has not given way. President Leake of the Pontchartrain levee board, said today that 20,000 sacks of material and men have been hurried to the scene. The Arlington is an old levee and acknowledged to be unsafe. Contracts were let some months ago for a new levee behind it but owing to the long season of rainy weather the second levee has not been completed. Work is being done upon it with great vigor and in the meantime Governor Head, the levee board and planters are doing all in their power to maintain the old embankment. The break at Arlington would flood valuable sugar lands and would interfere with traffic over the railroads.

AND THE RAIN CONTINUES.
New Orleans, La., March 13.—There was a decrease in the rise in the river here during the past 24 hours, the official gauge today reading 18.8 feet, a rise of 1-10. The river is now 7-10 of a foot below the record of 1897. The seriousness of the situation is increased however by the continuance of rainy weather, which is softening the levees along the Louisiana line.

A BAD FLOOD SITUATION.
Memphis, Tenn., March 13.—The river rose 5-10 of a foot in the past 24 hours, the gauge today marking 36.1 feet. All indications still point to a stage of 38 feet by Sunday or Monday. A report from Caruthersville, Mo., this morning says that the work on the new levee is progressing night and day. The immediate country around the town is covered with from three to five feet of water. The advices from Mississippi state that many people in Coahoma county are alarmed over the situation. Engineers however, say the levees were never so strong and claim that there is no danger of a break. The seep and back water is daily growing deeper behind the levees. Business in the country is practically at a standstill.

Introduced in the Council after today except by unanimous consent. It was adopted.

Council Bill No. 130 was introduced by Mr. Fall. It provides that the adjutant general shall turn over the flags of the Spanish-American war to the Veterans' Association. Under suspension of the rules, the bill was passed.

Council Bill No. 131 was introduced by Mr. Albright. It amends the recent law passed trust company bill so that directors shall also be elected for one year. It was taken up under suspension of the rules and passed.

Council Bill No. 132, by Mr. Pinard. An act to punish offenses against private property, was passed under suspension of the rules.

The Council then took a recess subject to the call of the chair.

After the recess, Mr. Duncan introduced Council Bill No. 133, An act to prohibit the leaving open of gates on public highways, and it was passed under suspension of the rules.

The governor announced that he had signed the following acts: An act giving to cities the authority to appropriate property by condemnation; an act authorizing the grading and improving of streets and assessing the cost on abutting property; an act relating to acquiesces; an act to provide for the printing of the rules of the supreme and district courts; an act creating district attorneys districts; an act concerning the management of the Las Vegas land grant; an act creating the office of fish and game warden and to protect same; an act to create Sandoval county; a resolution to accept the scholarship tendered under the will of the late Cecil J. Rhodes; an act granting certain lands to the Woman's Board of Trade of Santa Fe; an act creating armory boards for Las Vegas and Albuquerque; an act relating to trust companies; an act to amend the law relating to administrators and executors; an act to provide for the building of school houses from the surplus in the school fund.

The Council then went into executive session during which the following nominations were confirmed: A. B. Fitch of Socorro, to serve as regent of the New Mexico School of Mines at Socorro to fill the unexpired term of W. S. Hopewell, from March 2, 1901, to September 2, 1905; J. J. Baca of Socorro, to be regent of the New Mexico School of Mines at Socorro from September 2, 1902, to September 2, 1907.

The Council took a recess until 2:30 o'clock this afternoon.
(Continued on Fourth Page.)

THE McCASH HOLLAND CASE

Representative Llewellyn Gives Facts as to His Action and Vote.

M'CASH ENTITLED TO SEAT

Councilmen Spiess of San Miguel and Pinard of Union Substantiate Major Llewellyn's Statement--McCash Had a Legal and Undisputed Majority.

In view of the fact that the action of the House of Representatives in the election contest, McCash vs. Holland, has been criticised by a number of people who may not understand the facts in this case or who understanding them prefer to misrepresent same, I have decided to make a brief statement of the case.

My position with reference to this case never changed from the time it was presented to the committee on privileges and elections until the case was concluded by the action of the House in awarding the seat to Mr. McCash, and any one who states the contrary states that which is false.

My position was this, that I would not sign the report nor vote to seat Mr. McCash until he had proven by legal evidence that he had a right to the seat. He finally furnished the absolute proof and unimpeached testimony that he was legally entitled to the seat whereupon I joined with the majority of the committee in recommending that he be seated.

The night before the House took final action in McCash's favor there was a meeting of the judiciary committee of the House in Room No. 44 at the Palace Hotel at the same time an examination was being held in the room of Senator Spiess adjoining Room 44; this meeting was attended by several members of the committee on privileges and elections of which Judge Pendleton and myself were members, each of us also being members of the judiciary committee. I left the judiciary committee room and went into the room where the committee on privileges and elections were holding their examination; up to that time Mr. McCash had proven by undisputed unimpeached legal evidence ten fraudulent votes, leaving Mr. McCash, counting then ten fraudulent votes, three more votes to overcome. In his notice of contest served upon Holland, McCash alleged in addition to the ten votes already referred to, six fraudulent votes voted on fraudulent certificates of transfers; these six votes up to this night, McCash had been unable to prove by legal evidence, but at this time he produced the evidence of Senator Pinard as to two of the fraudulent certificates and the evidence of Mr. Gallegos, deputy county clerk of Union county, of the fraudulent character of the other four certificates which were voted for Mr. Holland.

This was my understanding at that time, and the next morning when the House met, I asked Judge Pendleton if he was satisfied and intended signing the majority report to seat McCash, whereupon he informed me that he would not sign the report. I asked him if the evidence was not satisfactory as to the six fraudulent certificates, and he replied that it was not entirely satisfactory, whereupon I said to him that he was present during all of the examinations and I was not, that if I had been mistaken as to the evidence given the night before, I would not join in the recommendation to seat McCash; I also stated this to another member of the House (the House was then in session) but just at this time I noticed Mr. Gallegos on the floor of the House and I immediately asked Representative Baca of Santa Fe county, if he would accompany me to one of the committee rooms with Mr. Gallegos, which he did, whereupon he and I interrogated Mr. Gallegos as to what his testimony was the night before with reference to four of the fraudulent certificates and asked Mr. Baca to take it down in writing which he did, and which statement was to the effect that four of the certificates of transfer were fraudulent; that they were in the hand writing of a man by the name of Miera who lives in Clayton and, that they were all voted for Mr. Holland, and that afterwards he had spoken to the members of the registration board, and that they had informed him that they had never signed or issued any such certificates or transfers; this together with Senator Pinard's sworn evidence completed the proof of 16 votes, and clearly gave Mr. McCash the right to the seat.

Mr. Holland had been asked in the presence of the full committee what he had to say with reference to these six fraudulent certificates which were voted for him and he answered that he had nothing to say, that he had nothing to do with it himself, and did not know a thing about it, and had no proof to offer upon the subject. It is also true that an examination of the registration list shows no such persons were registered. After getting this statement from Gallegos, and having

heard Senator Pinard's testimony, I returned to the floor of the House and went to the desk of Judge Pendleton and asked him if that was about what Mr. Gallegos had testified to the night before, showing him the statement. He replied that in substance it was. I then told him I intended to sign the majority report recommending the seating of McCash, as the legal evidence was complete, and Mr. McCash was entitled to his seat.

So far as I am personally concerned, I shall always exercise the right given under parliamentary law, to change my vote even after it has been recorded, if done before it is announced by the Speaker, but in this case there was no necessity of my changing my vote or my position. I signed the majority report to seat Mr. McCash after he had clearly proven his right to the seat, which is just what I always said I would do.

There is another feature of this case which has been commented upon. It is that the county commissioners of Union county were Republicans, and therefore if Mr. Holland had not been elected, they would not have issued him the certificate of election. This is nonsense and has nothing to do with the case whatever under the law. The board of county commissioners cannot go back of the face of the returns. They merely canvass the face of the returns and issue the certificate, and could not do otherwise, even if there would have been a hundred fraudulent votes cast for Holland.

It is alleged that all the election judges were Republicans. It is true that as originally appointed by the county commissioners, a majority of the election judges were Republicans, but they did not serve in all of the precincts, and in the precinct where Mr. McCash and his son offered, and were refused the right to vote, although they had legal certificates of transfer, the judges were Democrats. Every opportunity was given Mr. Holland to refute the evidence presented by Mr. McCash, and any one who states to the contrary, states that which is false.

W. H. H. LLEWELLYN.
The facts as herein set forth are correctly stated. Mr. Holland had a fair and impartial hearing before the committee on elections and I and Mr. McCash were informed by Major Llewellyn at all times that he would not sign or agree to a report from the committee on privileges and elections recommending the seating of Mr. McCash, unless the evidence proved that Mr. McCash had been elected. The necessary legal evidence was furnished by Mr. McCash.

CHAS. A. SPIESS,
Member of the Council.
I have carefully read the above communication by Major Llewellyn, and the same is correct.

L. E. GALLEGOS,
I fully concur with above.

S. PINARD,
Member of the Council.

SNOW SLIDES PLAYING HAVOC WITH TRAFFIC

Four Wrecks Are Reported on the Great Northern in Montana In One of Which There Was Loss of Life and in Two Railroad Employees Were Injured.

A SNOW SLIDE 200 FEET LONG BLOCKADES THE TRACKS NEAR KALISPELL

St. Paul, March 13.—A Helena, Mont., special says: Several wrecks occurred on the Great Northern last night and early this morning. One was at Lakeview, west of Kalispell, where A. L. Solberg was badly injured, having his head badly crushed, and three ribs broken. Another wreck was reported to the westbound passenger train east of Essex. It ran into a rotary snow plow, killing one man and badly injuring Conductor McKenzie of the snow plow, and the brakeman. A snow slide more than 200 feet long occurred and blocked the track completely. A freight train is reported wrecked in the mountains east of Kalispell. Another wreck is reported on the Jennings branch in which it is said a whole train left the track. The accident was caused by a slide.

NEW MEXICO LEFT OUT.

National Irrigation Works for Arizona, Nevada, Colorado, Wyoming and Montana.

Washington, D. C., March 13.—Secretary Hitchcock of the Interior Department has granted authority for the acquisition of the necessary property, rights of way, etc., prior to the construction of irrigation works in five localities. These projects are in Wyoming, the Sweetwater dam; in Montana, the Milk river; in Colorado, the Gunnison tunnel; in Nevada, the Truckee; in Arizona, the Salt river reservoir. These projects are estimated to cost seven million dollars and will provide for the irrigation of about six hundred thousand acres of arid land. In addition thereto, the Gray Bull reservoir is to be taken up immediately. The construction remains subject to the feasibility of obtaining the necessary rights and the adjustment of private claims in such a manner as to comply with the act approved on June 17, 1902.

heard Senator Pinard's testimony, I returned to the floor of the House and went to the desk of Judge Pendleton and asked him if that was about what Mr. Gallegos had testified to the night before, showing him the statement. He replied that in substance it was. I then told him I intended to sign the majority report recommending the seating of McCash, as the legal evidence was complete, and Mr. McCash was entitled to his seat.

So far as I am personally concerned, I shall always exercise the right given under parliamentary law, to change my vote even after it has been recorded, if done before it is announced by the Speaker, but in this case there was no necessity of my changing my vote or my position. I signed the majority report to seat Mr. McCash after he had clearly proven his right to the seat, which is just what I always said I would do.

There is another feature of this case which has been commented upon. It is that the county commissioners of Union county were Republicans, and therefore if Mr. Holland had not been elected, they would not have issued him the certificate of election. This is nonsense and has nothing to do with the case whatever under the law. The board of county commissioners cannot go back of the face of the returns. They merely canvass the face of the returns and issue the certificate, and could not do otherwise, even if there would have been a hundred fraudulent votes cast for Holland.

It is alleged that all the election judges were Republicans. It is true that as originally appointed by the county commissioners, a majority of the election judges were Republicans, but they did not serve in all of the precincts, and in the precinct where Mr. McCash and his son offered, and were refused the right to vote, although they had legal certificates of transfer, the judges were Democrats. Every opportunity was given Mr. Holland to refute the evidence presented by Mr. McCash, and any one who states to the contrary, states that which is false.

W. H. H. LLEWELLYN.
The facts as herein set forth are correctly stated. Mr. Holland had a fair and impartial hearing before the committee on elections and I and Mr. McCash were informed by Major Llewellyn at all times that he would not sign or agree to a report from the committee on privileges and elections recommending the seating of Mr. McCash, unless the evidence proved that Mr. McCash had been elected. The necessary legal evidence was furnished by Mr. McCash.

AN EXTRAORDINARY SESSION OF CONGRESS

President Roosevelt May Convene the Fifty-Eighth Congress in Order to Have the Treaty of Reciprocity With Cuba Ratified Promptly and to Make It Effective as Soon as Possible.

NO DEFINITE TIME HAS BEEN MENTIONED BY THE PRESIDENT

Washington, March 13.—Ten minutes after convening today, the senate on motion of Mr. Cullom, went into executive session. Senator Hawley of Connecticut, was in his seat after a long absence due to illness.

THE PRESIDENT IN EARNEST.
Washington, March 13.—It can be stated by good authority that President Roosevelt has not definitely made up his mind to call an extraordinary session of the 58th congress. However, he is considering the practicability of doing so. When he was informed that it was the intention of the senate so to amend the Cuban reciprocity treaty as to render action upon it by the house of representatives necessary to make it

effective, he informed some members of the senate that he would hold himself free to call an extraordinary session of congress in order to secure action on it. No definite time was mentioned by the president for the meeting of the extraordinary session. The president is much in earnest in his desire to have the Cuban treaty ratified and to make it effective. It can be said that so strong is this desire that he even has considered the advisability of calling congress into extraordinary session this spring if the senate should permit the Cuban treaty to fall through lack of a quorum. That, however, is a contingency which he considers improbable.

INJUNCTIONS ASKED FOR.

Kansas City Transfer Companies Fighting a Strike by Legal Methods.

Kansas City, March 13.—At least eight additional transfer companies will ask the federal court here for an order restraining the striking employees from interfering in the transaction of business. The petitions, which have already been drawn up, make the contention that interference with wagons on the way to depots and shipping yards is in violation of the interstate commerce laws. The plaintiffs will argue that the goods are in transit, in the meaning of the law, from the moment they are loaded into the wagon, and when the receipt is given by the transfer company. The injunction granted last night to the Kansas City Transfer Company, was respected by the strikers today. T. A. Coleman, vice president of the Transfer Drivers' International Union of America, who is in charge of the strike, expresses satisfaction with the situation.

A BIG RAILROAD CONTROVERSY.

The Minority Stockholders of the Southern Pacific Fighting Union Pacific Domination.

Cincinnati, Ohio, March 13.—The fight now in progress between the opposing stockholders in the Southern Pacific Railroad Company has been temporarily transferred to the courts in this city. The Southern Pacific being chartered in Kentucky, the suit was brought yesterday in the United States court at Louisville by Talbot J. Taylor and James B. Taylor, of New York, representing the minority stockholders, asking an injunction against the Union Pacific and Southern Pacific to prevent the Union Pacific from voting the stock it holds in the coming annual election of the directors of the Southern Pacific. The application alleges that the Union Pacific, having secured the control of the majority stock of the Southern Pacific, the two roads have been practically under one management, to the damage of the interests of the stockholders of the Southern Pacific. It alleges the diversion of traffic and other acts for the benefit of the Union Pacific to the injury of the Southern Pacific. After this action had been taken, attorneys for the plaintiffs came to Cincinnati to lay before Judge Lorton, of the Kentucky circuit, a motion for a restraining order to be issued until the application for an injunction can be heard. This motion has been signed before Judge Lorton in chambers and will be decided soon.

TEMPORARY RESTRAINING ORDER.
Cincinnati, O., March 13.—Judge Lorton of the United States court, this afternoon issued a temporary restraining order in the suits pending between Harriman and Keene interests relative to the Union, Central and Southern Pacific stockholdings.

MAY SETTLE THE STRIKE.
President Burns of the Gold Mining Company is hastening home for that purpose.

Denver, March 13.—Governor Peabody said today that he expected no further developments in the Colorado City mill strike till after a conference tomorrow. Perhaps the most hopeful feature of the situation is the announcement that James Burns, president of the Gold Mining Company, is hastening home to settle the strike. He controls the Portland Mill at Colorado City, and if he concedes the union's demands the other managers will follow.

A HERO'S SUFFERING.
Leo Loeb is Being Treated for Partial Paralysis Caused by His Manitou Ride.

New York, March 13.—Leo Loeb, who saved many people at Manitou, Colo., by warning them of a cloudburst last year, arrived here for treatment for partial paralysis caused by a fall from the horse during the warning ride.

The Wool Market.
St. Louis, Mo., March 13.—Wool, steady.

Territory and western medium, 16 @ 17; fine, 14 @ 16; coarse, 13 @ 15.

SIX KILLED BY BANDITS.

A Stage Coach Held Up in the Yaqui Country in Sonora, Mexico.

Tucson, March 13.—Mexican bandits held up the stage which runs between Potam and Torin on the Yaqui river in Sonora last Tuesday night killing all of the six passengers. Among them was Elbert Alverado, a wealthy Mexican who owns a number of ranches along the Yaqui. It is supposed that Alverado was the mark of the bandits as the stage rarely carried mail or valuables. It is believed that the passengers put up fight and for this reason all were killed, but as the driver as well as the passengers were killed the particulars may never be known.

A MINE EXPLOSION.

Probably Fifteen Men Lost Their Lives in a Mine Disaster in Illinois.

Chicago, Ills., March 13.—A special to the Journal from Springfield, Ills., says: "Fifteen men may have lost their lives in an explosion in a mine at Cardiff, Livingston county. In the telegram received by Secretary Ryan of the United Mine Workers Union, three bodies are reported as being recovered so far. There is little hope for the other twelve men who were working in the mine unless they can make their way to the surface."

BLOCKADE RAISED.

The Orinoco in Venezuela is Again Open to Free Navigation.

Washington, March 13.—The state department has received a cablegram from the United States Charge d'Affaires Russell, at Caracas, announcing that the blockade of the Orinoco river, declared by President Castro on March 7, has been raised.

Judge Day Ill With Pneumonia.

Washington, March 13.—The following bulletin regarding Judge Day's condition was issued at 1:40 this afternoon: "Judge Day has pneumonia involving the lower lobe of the left lung and is doing very well today. There are no complications and no unfavorable symptoms."

SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY

Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

FRIDAY, MARCH 13.

The passage of the bill creating the office of traveling auditor for the territory is meeting with great approval. It is one of the best acts passed at this session.

El Paso newspapers claim an attendance of 5,000 people at the cattlemen's convention at the Pass City. The scribers must be counting the cattlemen's calves in their estimate.

The statehood committee of the legislature evidently has gone out of business. It should set to work and recommend the calling of a constitutional convention. Such a convention would have great influence upon the statehood movement.

But five days of the session are left. The appropriation bill is not yet passed. It is not a gratifying state of affairs. Much good time has been lost wherein the bill could have been carefully and slowly considered and acted upon.

The Denver and Rio Grande Railroad Company has just awarded a contract for \$225,000 worth of steel bridges. The company is bound to bring its entire system up to date and that means that sooner or later the division to Santa Fe will be standard gauge.

The restaurant keepers at Golden, Colo., are refusing to furnish food to colored hod carriers employed at building at the State School of Mines. In other words, the negro is not loved more in certain parts of the West than he is in the South.

A southern paper says that the building of the Panama canal will change the Gulf of Mexico from a dull eddy into a moving stream. If that is the case Senator Morgan is working against the interests of his own constituents by talking against the Panama canal.

The passage of Council Bill No. 1 means the additional expenditure of at least \$25,000 in the erection of suitable school houses in the pueblos of the territory. Under the present regime, many of the Indian pueblos have refused to send their children to school, and it has been necessary to abolish and discontinue the day schools.

The apportionment bill passed by the House on Wednesday evening, was killed in the Council yesterday. There is no question that a new apportionment should be made, but under the circumstances it does not seem probable that a new apportionment bill has any chances for passage. There is no use crying over spilled milk.

The last appropriation resolutions for the payment of extra legislative employees have passed the House and despite all the howl about extra legislative employees it is found that the total appropriation for them does not exceed \$23,000, which is less than was spent for the same purpose two years ago.

There will be no greater Santa Fe within the next two years, but there should be one before the census of 1910 is taken. It is a poor advertisement to have Santa Fe appear in census reports, in all geographies, almanacs and statistical works as a city with only 6,000 inhabitants when it might as well lay claim to 10,000, especially if by that time Albuquerque and Las Vegas will have expanded so as to include 20,000 or 30,000 people within their city limits.

Those who at first were inclined to oppose Council Bill No. 1, which has for its object the education of all Indians and those of Indian blood within the territory, are beginning to see the folly of opposition to a measure which means the raising of the standard of education of the people. This bill is not in the interest of any one particular class of schools, but for all schools. It effects the Indian and those of Indian blood alone; the whites of the territory know the benefits of education and do not require drastic laws to force them to send their children to school.

The cable announces that the people of Southern Italy are enjoying a spectacular eruption of Vesuvius. Colossal columns of flame and smoke shoot up into the air at frequent intervals and there are subterranean rumblings and earthquake shocks. The people around Naples must certainly be inured to fear and danger when such manifestations mean enjoyment to them. If the line of extinct volcanoes west and northeast of Santa Fe were to behave themselves as Vesuvius is behaving at present, the spectacle would be viewed with other feelings than enjoyment by this section.

The House made quick work of the apportionment bill and should do equally quick work with the general appropriation bill. It is almost certain that the bill will have to go to conference anyway and the sooner that is done the better. The end of the session is so near as to make it a matter of expediency to get the general appropriation bill out of the way of other legislation that is still to be enacted.

The investors in one of the St. Louis Quick Rich Schemes will have 25 per cent of their money returned. They are mighty lucky for any man who puts up money with the expectation of receiving two per cent a week interest without turning his hands, is such an easy guy that he is lucky to pay only 75 per cent of his investment for his much needed lesson.

The largest per cent of increase in postal receipts of the fifty leading cities in the United States for the month of February compared to February of a year ago, is shown by Los Angeles, namely 34 per cent. The receipts of Chicago increased 15 per cent and of New York 12 per cent while Jersey City showed a decrease of 9 per cent. The average increase was 12 per cent. Santa Fe's postal receipts showed an increase of 9 per cent in February compared to February a year ago, showing that the Capital City is in the growing class with Los Angeles, Chicago and New York.

The Albuquerque Journal-Democrat insinuates that the saloonmen of Albuquerque have bought the legislative assembly twice in the Sunday law question. This insinuation cannot be substantiated in any manner. It may, however, be a fact that money has been collected from Albuquerque saloon keepers for distribution among members of the assembly, but as to the members of the legislative assembly having received any of this money that is another story as Rudyard Kipling would say. Is it not possible that the parties who did the collecting did some buying and selling of votes "in their mind's eye, Horatio". In the meantime it can safely be asserted that the present Sunday law will stand as it is, and an effort is being made to supplement it by the passage of a measure which will compel a more strict observance of it by the people and enforcement by district attorneys and sheriffs.

UNPRECEDENTED ELSEWHERE.

Governor Otero has vetoed House Bill No. 155, relating the damage suits, but it was passed over his veto. The bill is not of general interest except to some of the railroads running through New Mexico. It provides in a few words that suits for damages sustained in New Mexico must be brought in the courts of this territory by the injured or aggrieved party. In the matter of damage suits brought, for instance, in Texas or Colorado against railroad companies, the latter universally and uniformly get it where Katie wears the necklace. In New Mexico a better and more friendly feeling towards railroads seems to obtain, and juries are either more friendly disposed towards the railroads, or are more easily handled by railroad attorneys. Therefore, some of the roads favored the enactment of House Bill No. 155. The Governor vetoed it upon the grounds that it was extraordinary and unnecessary legislation; that there was no precedent for it in states or other territories and changed the usual practice of the courts in this territory; also that it was intended to operate as a mandamus not only to compel persons to bring suits in this territory, but also to restrain the exercise of jurisdiction of courts in surrounding states and territories. The Governor, in the opinion of this paper was right in his veto. The legislature overruled it by a very heavy majority, eleven in the Council and twenty-one in the House. Whether the law will stand the test of the courts is problematical, but test cases will no doubt soon arise and then the matter will be determined.

THE VETO OF HOUSE BILL NO. 155.

Governor Otero's veto message on House Bill No. 155 is interesting and contains good emphatic English. The New Mexican therefore publishes it that the people may know what the governor had to say upon the question:

"To the Speaker and Members of the House of Representatives of the 35th Legislative Assembly of New Mexico: Gentlemen:—I return herewith to your body, being the house in which it originated, House Bill No. 155, entitled 'An act establishing the law and procedure in certain cases' without my approval. My objections to this bill are that it makes an entirely new and untried innovation upon our practice, one which has never been tried in any other jurisdiction, and I can see no possible advantage to be gained by its passage here as an experiment. It makes a radical innovation on legal practice and procedure everywhere in not allowing the plaintiff the right to select the court in which he litigates. He is compelled to go into court selected by his adversary, where he is bound without any right of appeal from any judgment that may be rendered against him. Under the provisions of this act there is a practical injunction against the plaintiff bringing a suit in the jurisdiction which he selects and a mandamus compelling him to bring his action in the jurisdiction desired by the defendant. There is no need in this territory for such an act, for there is no right that cannot be enforced and no wrong that may not be redressed under our present laws; and this act is very drastic and its constitutionality very doubtful. It attempts to exercise our writ of mandamus in other jurisdictions, not only to compel the commencement of actions here, but also to compel the courts of such jurisdictions not to take jurisdiction in certain instances, as well as to prohibit the doing of something that is already accomplished. This act would create great criticism of our people, and I be-

lieve is not for the best interests of the territory, and after very careful consideration, I have deemed that I cannot give it my official approval. 'Very respectfully, 'MIGUEL A. OTERO, 'Governor of New Mexico.' 'Message No. 16.'

TERRITORY OF NEW MEXICO.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY, Gen'l Agent, Burlington Route, Denver, Colo.

The New Mexican Printing Company has the best bookbinding in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

SEVERE ATTACK OF GRIP.

Cured by one bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I am at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Colonist Rates to the Northwest.

Effective February 15th until April 30th, the Santa Fe will sell reduced rate Colonist tickets to the Northwest, to Helena at Butte \$32.00; Spokane, \$34.50; Portland, Seattle and Tacoma, \$37.00. For particulars call on agents of the Santa Fe.

CURES SCIATIC RHEUMATISM.

Mrs. A. E. Simpson, 509 Craig St., Knoxville, Tenn., writes, June 10th, 1899: "I have been trying the baths of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by Fischer Drug Co.

Flower festivals are held in California during April and May. Take the Santa Fe through tourist cars. Colonist rates April 1 to June 15, 1903. H. S. Lutz, Agent, Santa Fe, N. M.

CHILDREN'S COUGHS AND COLDS.

Mrs. Joe McGrath, 327 E. 1st St., Hutchinson, Kan., writes: "I have given Ballard's Horehound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c, and \$1.00 at Fischer Drug Company.

The Santa Fe will have Colonist tickets to California on sale April 1 to June 15 inclusive, at rate of \$25. It will pay you to wait for our rates. Services unsurpassed. H. S. Lutz, Agent, Santa Fe, N. M.

The New Mexican Printing Company has the only bindery in the territory where first class loose leaf ledgers are manufactured. Merchants and business firms, requiring such books for the coming year, should immediately address this company and they will find that the best work at the lowest prices in the southwest will be done for them if they order from this company.

DEATH RATE DECREASING.

The 1900 census shows a decrease of 10 per cent in the general death rate. The decline in Consumption is more marked than any other disease. Many causes are attributed, but it is safe to say that Dr. King's New Discovery for Consumption, Coughs and Colds is responsible for this decline, to a large extent. Many a life has been saved by its use. There is nothing anywhere just as good for Lung and Throat troubles. It's positively guaranteed by Fischer Drug Co., Druggists. Price 50c and \$1.00. Trial bottle free.

The latest fancies of types for letter heads, circular envelopes and the like at the New Mexican printing office. Get your work done at that office and have it done well, quickly and at lowest possible prices.

DANGER OF COLDS AND GRIP.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

TO THE PECOS VALLEY OF NEW MEXICO AND SALT RIVER VALLEY OF ARIZONA.

Effective February 15th, continuing daily until April 30th the Santa Fe will sell reduced rate Colonist tickets from point in the east as follows: From Chicago \$33.00 from Missouri River points, \$35.00, these rates will apply from intermediate points, where regular rates are higher. Colonist rates to California and the Northwest will be announced later, for particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent,
Santa Fe, N. M.

MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism, and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Fischer Drug Co.

Council Bill No. 124.

Introduced by Hon. W. H. Andrews, March 10, 1903; read first time by title, and under suspension of rules read second time by title, ordered translated, printed and referred to Committee on Internal Improvements.

AN ACT

Establishing a Company of Rangers for the Protection of the Frontier of this Territory, and Providing for the Regulation of the same.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That the Governor of this Territory is hereby authorized to raise and muster into service of this Territory, for the protection of the frontier of this Territory, and for the preservation of the peace and the capture of persons charged with crime, one company of New Mexico Rangers, to be raised as hereinafter prescribed, and to consist of one Captain, one Sergeant and not more than ten privates, each entitled to pay as follows: Captain to receive one hundred and twenty dollars (\$120.00) per month, Sergeant to receive seventy-five dollars (\$75.00) per month; and privates fifty-five (\$55.00) per month, each. And the pay herein provided shall be full compensation for clothing for both officers and men.

Sec. 2. That the requisite number of officers and men for said company shall be raised, if possible, in the frontier counties of this Territory.

Sec. 3. That the Governor is authorized, directed and empowered, within sixty days after the passage of this act, to appoint competent persons as Captain and Sergeant, and to enroll, as set forth in this act, the requisite number of men for the company. The Captain shall return to the Governor the muster roll and report of the condition of the company, and the Governor shall thereupon commission the said officers of said company, supplying said company as under the provisions of this act he may deem proper and necessary, and order them upon duty in accordance with the provisions of this act.

Sec. 4. Said men shall be furnished by the Territory with the most effective and approved breech-loading cavalry arms, and for this purpose the Governor is hereby authorized to contract in behalf of the Territory for ten stands of arms, together with a full supply of ammunition, the same to be all of the same make and calibre, and each member of the company to be furnished with the arms to be used by him at the price the same shall cost the Territory, which sum shall be retained out of the first money due him.

Sec. 5. That each member of said company shall be required to furnish himself with a suitable horse, six shooting pistol (army size) and all necessary accoutrements and camp equipage, the same to be passed upon and approved by the enrolling officer before enlisted; and should any member fail to keep himself furnished as above required, then the officer in command shall be authorized and required to purchase the articles of which he may be deficient, and charge the cost of the same to the person for whom the same shall be provided. Provided, that all horses killed in action shall be replaced by the Territory, and the cost of horses so killed in action shall be determined by the Captain.

Sec. 6. That said officers and men shall be furnished by the territory with provisions, ammunition and forage for horses when on duty.

Sec. 7. Each member of said company is hereby authorized, when in the pursuit of criminals, to take horses when necessary to continue the chase, wherever he may find them; said horses to be returned to the owners as soon as possible afterwards, and the same to be paid for by the territory.

Sec. 8. That the men shall be enrolled for twelve months, unless sooner discharged; and at the expiration of their term of service, others shall be enrolled to supply their places.

Sec. 9. That no enlisted men shall be discharged from the service without special order from the Governor, nor shall any member of said company dispose of or exchange their horses or arms, without the consent of the commanding officer of the company, while in the service of the territory.

Sec. 10. That the captain of the company shall use his own discretion as to the manner of operations, selecting as his base the most unprotected and exposed settlement of the frontier.

Sec. 11. That the troops raised under and by virtue of this act shall be governed by the rules and regulations of the arm of the United States, as far as the same may be applicable; but it shall always be and remain subject to the authority of the Territory of New Mexico.

Sec. 12. The captain of such company shall have the authority to concentrate all of such company, or divide into squads, for the purpose of following and capturing any outlaws, law breakers, marauding Indians or bands of hostile Indians, or for the purpose of carrying out any measure that may contribute to the better security of the frontier; but the entire force raised under the provisions of this act, shall be at all times under and subject to the orders of the governor, and shall be exempt from all military, jury or other services; and that the governor shall direct all the arrangements necessary to carry out the intention of this act, with full power to remove any officer or man for incompetency, neglect of duty or disobedience of orders.

Sec. 13. Members of said company shall have full power to make arrests of criminals in any part of the territory; and upon the arrest of any criminal, shall deliver the same over to the nearest peace officer in the county where the crime is committed.

Sec. 14. It shall be the duty of the Auditor of this Territory to draw his warrant on the Territorial Treasurer at the end of each month for the pay of each officer and man in said company, and to forward same to the captain of said company; and also a warrant for the amount of provisions, ammunition and forage. But the food of each officer or man in said company shall not exceed in price the sum of one dollar per day, and such forage shall not exceed the sum of fifty cents for each horse. The same shall be forwarded upon receipt by said officer of an itemized account from the captain of said company, to be signed by such captain and certified by him, and which shall be carefully scrutinized by such auditor; and should the same or any item therein be found unlawful or unreasonable, he shall suspend payment of the same and refer the same to the governor, who shall pass thereon and certify the same for the payment in such sum as he shall find correct and reasonable; and it shall be the duty of the Territorial Treasurer to pay such warrants out of the fund as other warrants are paid.

Sec. 15. That the Captain shall be authorized to purchase all necessary pack animals to be furnished said company for transportation purposes, but not exceeding four in number; to purchase all necessary supplies to be delivered by contractors at the place to be designated by the Captain of the company; and all accounts and certificates of such contractor or his agent shall be examined and allowed by the Captain of the company and certified by him, as the accounts for the payment of men, food or forage.

Sec. 16. In case of the death or disability of the Captain of such company, his duties shall vest upon the sergeant of such company, until a successor for such Captain shall be appointed by the Governor.

Sec. 17. That there shall be annually levied and collected, in addition to all other taxes authorized by law, a tax of — mills on the hundred dollars of taxable property in this Territory, to be placed in a fund by the Territorial Treasurer, to be known as the "Range Fund", and upon which fund all warrants and payments made under any of the provisions of this act shall be drawn and made. Said tax shall be levied and collected in the same manner, at the same time and by the same officers as other territorial taxes.

Sec. 18. That no portion of said troops shall become a charge against this Territory until organized and placed under orders.

Sec. 19. That this act shall be in full force and effect from and after its passage.

The powder puff may help to hide the ravages of time but it avails little to hide the ravages of disease. When the face is disfigured by eruptions, the treatment must go below the surface to the blood, which is corrupt and impure.

Dr. Pierce's Golden Medical Discovery cures disgusting eruptions which are caused by impure blood. It cures scrofulous sores, crabs, boils, pimples, eczema, salt-rheum and other eruptive diseases which impure blood breeds and feeds.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Tuscola Co., Mich. "I could not walk at times nor wear my shoes. I thought there was no help for me—at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it, my friend sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used 'Anti-Healing Salve,' which made a complete cure. It was slow, but sure. I was taking the medicine about eight months. I would say to all who read this, try Dr. Pierce's Golden Medical Discovery before wasting time and money."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

"Dr. Pierce's Pellets cleanse the clogged system from accumulated impurities."

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 98 to 123 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,688.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. BOWLING ALLEY NEWS

Santa Fe, N. M., March 7, 1903.

The previous bowling record of 263 has been broken 207, 201, 196, 185 and a number of scores has been made above 150. Highest score 175 by ladies, made by Burna Dills. Several ladies have bowled over 100 this week. This is a game that is endorsed by ministers and the best people of the country. This has been plainly demonstrated by the Denver tournament in the last week. Cordial invitation to the ministers and others. Come and see for yourself.

The above scores show that the alleys have been kept in good condition. The scores were made by new players, some that had never rolled a ball before. Will rent alleys reasonably, to bowling parties.

All you need is a little practice and we will turn out some grand bowlers, Thursday, ladies' day.

C. W. DILTS, Proprietor.

FRIDAY, MARCH 13.

THIRTY-FIFTH LEGISLATIVE ASSEMBLY

(Continued From First Page.)

THE HOUSE.
(Morning Session.)

The House was called to order at 10:15. After prayer by the chaplain, the Journal was read in full. After the reading of the Journal, Council Bill No. 122, An act to create Torrance county, was favorably reported. Mr. Martin Sanchez moved to suspend the rules to take up the bill. Mr. Coleman moved to table the motion, but his motion was lost. On motion to suspend the rules, the vote was 12 to 12, and the rules were not suspended. Mr. Ortega asked to suspend the rules to take up Council Bill No. 113, and this was ordered by 17 to 6. The bill relates to the segregation of public lands. The bill was passed unanimously. Council Bill No. 139, An act authorizing facilities of county jails to be increased under certain circumstances, was favorably reported. The rules were suspended and the bill passed.

House Bill No. 141, An act to provide for the registration of trade marks and labels, was taken up under suspension of the rules. It was passed by a vote of 21 to 2.

House Bill No. 170, An act relating to corporations and fixing the fees to be charged for filing articles of capital stock, etc., was passed unanimously.

House Bill No. 198, An act to authorize counties to compromise and adjust indebtedness, was introduced by Mr. Baca by unanimous consent. It affects Grant and Santa Fe counties only, but its provisions are general. It was referred to the judiciary committee.

The House took a recess until 2 o'clock.

THE COUNCIL.
(Afternoon Session.)

The Council this afternoon first took up House Bill No. 124, An act to prevent county officers from becoming surety for others. It was passed although Mr. Fall stated such a law is already on the books. House Bill No. 201, An act which authorizes county commissioners to employ surveyors to survey land for assessment. This is the bill which caused such a debate in the House last night. Mr. Martinez moved to table it and this was promptly done. House Bill No. 44, An act relating to the use of emblems on ballots, was passed. House Bill No. 147, An act to prevent the destruction of highways, was passed. The Council was in session as the New Mexican goes to press.

THE HOUSE.
(Afternoon Session.)

The House was called to order at 2:30. Mr. Pollard asked unanimous consent to introduce House Bill No. 206, An act requiring bond and surety companies to deposit bonds or other surety with the auditor of the territory. It places foreign and domestic trust companies which do a surety business, on the same basis. The bill was passed under suspension of the rules.

House Bill No. 122, An act to amend the laws on community ditches and acqueducts, was favorably reported and passed. Mr. Dailies called up Council Bill No. 122, the Torrance county bill. It was stated by Mr. Howard and Mr. Ortega that they had not been consulted and they asked it be made a special order for 10 o'clock tomorrow.

The appropriation bill was reported as amended and the House substitute was taken under consideration. The House went into a committee of the whole to consider the bill.

PERSONAL MENTION

Representative Carl A. Dailies returned last evening from a two days' visit to Belen.

H. S. King and Harry Lee of Farmington, San Juan county, are in the city. They came on court business.

Bishop J. M. Kendrick of the Protestant Episcopal church, who has been here for several days, left last night for East Las Vegas.

Hon. L. Bradford Prince has returned from Albuquerque where he has been on legal business connected with the partition suit of the Cebollita land grant and where he made a fine historical address last evening.

Colonel J. W. Willson, superintendent of that excellent educational institution, the New Mexico Military Institute at Roswell, who has been in the capital on official business, left Wednesday evening for his southern home.

Severino Sanchez of Rancho de Atrisco, who is in the city yesterday. He is named as county commissioner of Bernalillo county in the bill that passed the assembly naming two new county commissioners for Bernalillo county to fill vacancies.

OFFICIAL MATTERS

MAPS FILED.

Maps showing the location of the first section of the Eastern Railway of New Mexico, in Valencia county, were filed in the land office on March 9.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Generally fair tonight and Saturday; stationary temperature; variable winds.

Yesterday the thermometer registered as follows: Maximum temperature, 58 degrees, at 4:10 p. m.; minimum, 30 degrees, at 5:55 a. m. The mean temperature for the 24 hours was 44 degrees. Mean daily humidity, 34 per cent.

Temperature at 6:00 a. m. today, 36 degrees.

Subscribe for the New Mexican.

LEGISLATIVE POINTERS.

The New Mexican favors the reappointment of E. C. Abbott for district attorney. He has filled the office with honor and brilliancy and should be reappointed.—Red River Prospector.

Both the House and the Council were crowded yesterday by those who were interested in the passage of the "Scenic Route" bill. The favorable action was greeted with great applause.

Amended Council Bill No. 10, providing for the organization of trust companies was signed by the Governor last evening, and there is joy and gladness in the faces and hearts of its promoters and friends.

Councilman Duncan this afternoon secured the incorporation in the general appropriation bill of an item providing an appropriation of \$5,000 for the construction of the Las Vegas-Santa Fe "Scenic Route" highway. Excellent work.

The New Mexican favors a constitutional convention this year, which is a good idea. It also favors the election of a state ticket next fall, which is another good idea. This will show congress where we mean business.—Red River Prospector.

The following appointments have been confirmed by the Council: E. G. Murphy of Las Vegas, to be a member of the Territorial Board of Pharmacy from March 19, 1902, to March 19, 1907; B. Ruppe, of Albuquerque, to be a member of the Territorial Board of Pharmacy from March 19, 1903, to March 19, 1908.

Members of the Council and the third house were so numerous and so noisy on the floor of the House this morning that the speaker repeatedly ordered silence. Mr. Bowie finally moved a recess until they had finished their business and the speaker ordered the sergeant at arms to break up the caucuses.

The House is reversing the usual order of things. During the day the solid performances are given when the half minute rule is strictly enforced and speeches are limited to business in hand. In the evening a matinee is given largely attended by ladies, when rules restricting oratory are not enforced and the members can speak to their heart's content before large and appreciative audiences.

It is understood that this forenoon there was a Council caucus to consider the question of securing consideration of the appropriation bill by the House immediately and to pass it before the close of the sessions tomorrow night so as to put it into the hands of the Governor early Monday morning. It is reported that the Council steering committee was instructed accordingly and that this will be done.

The substitute for House Bill No. 121, the "Scenic Route" road bill was prepared by Representative R. L. Baca of this county, as the original was not satisfactory and was "full of holes, big enough to drive a 6-mule army wagon through." The substitute bill was acceptable to the penitentiary authorities and to the promoters of the plan as was proven by the hearty support it received from the Las Vegas and Santa Fe businessmen and property owners.

Amended Council Bill No. 2, containing provisions in the interest of the advancement of educational matters in New Mexico, was killed last evening in the House without ceremony because it was charged that its provisions were too stringent in the matter of the qualifications for teachers. This is probably true but there were other reasons and two or three politicians who interested themselves in the killing of the bill could tell about this, if they would do so; whether they will or not is another question.

J. P. Brackett, county clerk of Colfax county, is a hustler and a rustler. He is working for the passage of Council Bill No. 14, providing for modern and complete county indexes and also for the passage of the marriage license bill. He is fully posted upon needs for enacting these and talks mightily convincingly and energetically upon the subject. If the bills pass, and it is believed that they will, a good deal of credit ought to be given him. He is ably assisted by Thomas C. Hall, assistant clerk of Sierra county. Isidor Ar-mijo, county clerk of Dona Ana county has also rendered efficient service. In this connection, it is well to say that the county of Bernalillo of which J. A. Summers is probate clerk, has the most complete and best system of indexes of real property of any county in the territory and as neat records as can be well kept.

Hon. Martin Lohman, of Las Cruces, has spent considerable time in the legislative halls during the past few days. He is interested in the passage of the Council bill authorizing and allowing the practice and science of osteopathy in the territory which passed the Council. It seems that the medical trust was not strong enough to prevent the passage of the bill in the Council, but is strong enough to hold it up in the House, although the people want the bill passed and although many letters requesting its passage have been received by councilmen and representatives. Mr. Lohman, however, knows a thing or two about legislative matters and is a man of influence, and may be able to give the New Mexico medical trust a body blow. Many citizens, not only in Santa Fe, but all over the territory hope he will succeed.

Hon. M. S. Otero, former delegate to congress, Neill B. Field, attorney, and J. S. Reynolds, president of the First National Bank at Albuquerque, arrived this afternoon from Albuquerque, and immediately called upon Governor Otero for the purpose of asking him to veto the bill passed by the assembly naming two county commissioners for Bernalillo county to fill vacancies caused by the creation of Sandoval county. They came too late as the bill was approved yesterday afternoon. The New Mexican has received a dispatch saying that by tonight and tomorrow a delegation consisting of at last 30 businessmen and tax-payers of Albuquerque will arrive to do any and everything in their power to secure the veto of the bill, or to procure passage of a measure repealing it if approved. The town is said to be red hot and still heating. The businessmen, property owners, and tax-payers of Albuquerque are determined to have some say in their local affairs and swear by the great nine Gods of Clusium that they will have local self government or perish in the attempt.

BUSINESSMEN TO ORGANIZE.

They Want to Keep Track of Deadheads and to Prevent Obnoxious Legislation.

An informal meeting was held last evening of the visiting Las Vegas businessmen and a number of Santa Fe businessmen, to discuss the organization of a businessmen's protective league at Santa Fe, the same as exists at Las Vegas and Albuquerque, and then to form a territorial organization. Grant Riverburg presided. The object of the protective league was set forth by the Las Vegas visitors and a meeting of Santa Fe businessmen will be called some time next week for the purpose of organizing such a league. The primary object is to make a list of people who do not pay their bills and to print a list of deadheads monthly for circulation among businessmen. The league will also fight the unjust provisions of such legislation as is included in the pure food bill now pending in the legislature and to look otherwise after the interests of businessmen. It is proposed that the territorial league when it is organized, will join the National League.

MINOR CITY TOPICS

Opening of Spring and Summer Millinery, March 18-19, at Miss Muegler, Southeast Corner of Plaza.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular weekly meeting this evening at Odd Fellows' Hall at 7:30 o'clock.

Historical Society meeting this evening at the Hall of the House of Representatives in the Capitol. Citizens generally are invited to attend.

A continuance of the present delightful weather is predicted for tomorrow. The maximum temperature yesterday was 58 in the shade and 69 in the sun. The minimum temperature was 30 degrees.

The Territorial Board of Pharmacy has completed its work and adjourned. Those who successfully passed the examination were Messrs. Wehrly of Albuquerque and Pratt and C. W. Meade of Las Vegas. The remainder of the business transacted was routine.

Rudolf Sparks, a brother of Mayor Sparks, and an employee of the Telephone Company, is hobnobbing around on crutches today as the result of a fall yesterday. He was painting a telephone pole in front of the Catron Block when he slipped and fell almost the height of the pole. His ankle was sprained and he was bruised.

The Mechanic baseball club was organized Monday, March 12, 1903, with the following officers: Manager, J. S. Candelario; captain, O. Digne; secretary, L. M. Baca; treasurer, P. Samosa; members, A. Britan, J. Britan, C. Yan-ni, A. Digne, E. Delgado and J. Ortiz. This club is ready to cross bats with any other baseball club in the city.

A Union depot on the south side would be a great thing for Santa Fe. There is no good reason why the Atchison, Topeka and Santa Fe Railway, the Denver and Rio Grande Railroad and the Santa Fe Central Railway should not get together and erect a handsome and commodious union depot for the three roads on the south side on the plat selected by the Santa Fe Central Railway for that purpose. The City Board of Trade should take this matter up, discuss it and pass resolutions in its favor and urge the railroad authorities to do so.

Abbe Gold has just received at the "Old Curiosity Shop" the largest assortment of genuine Mexican linen drawn-work ever imported to this city, in all sizes of Dollies, Handkerchiefs, Table Centers, Lunch and Table Cloths.

WANTED—We pay cash for clean cotton rags suitable for machine purposes. New Mexican Printing Co.

Treasury Department. Office of the Custodian, U. S. Marine Hospital Sanatorium, Port Stanton, New Mexico, February 24th, 1903. Sealed Proposals will be received at this office until 2 o'clock p. m., on the first day of April, 1903, and then opened, for repairs and improvements to buildings, also for installation of an electric lighting system at the U. S. Marine Hospital Sanatorium, Port Stanton, New Mexico, in accordance with drawings and specifications, copies of which may be had, in the discretion of the Custodian, upon application at this office. P. M. Candelario, Surgeon, P. H. & M. H. S., Custodian.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued, and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a consistent rate for the character of the work turned out.

From one dozen to twenty copies of the New Mexican are sent out daily to enquirers and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly shows.

Abbe Gold has just received at the "Old Curiosity Shop" the largest assortment of Mexican Zaratras from Saltillo and Agnas Calientes ever imported to this city.

MONEY'S DIGEST.

The New Mexican Printing Company has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell same at the reduced price of \$8.50 delivered in any part of the territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of this book. This price is subject to withdrawal without notice, cash to accompany each order.

To Cure a Cold in One Day.

Take Laxative Bromo Quinine Tablets. All druggist refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.
