TIENTSIN TAKEN!

Allied Troops Defeat
Chinese Army.

American and English Forces
Led the Attack.

Admiral Seymour's Force Met Severe
Loss on Road to Peking.

FOREIGNERS SAFE IN PEKIN.

London, June 27.—A special from Shanghai says that communication with Admiral Seymour was opened by the Tien Tsin relief force on Sunday. Seymour was then ten miles from Tien Tsin. Three hundred members of the party are reported sick and wounded; only a few killed. They were short of provisions and were returning without having rescued the legations.

A dispatch from Tien Tsin dated yesterday, says that the Protestant mission at Wai Siu was burned down by the rebels Monday night.

Dispatch from Peking. The Chinese minister called this morning on the secretary of state and communicated to him the contents of a dispatch received from the Tsin Li Yamen at Peking, dated the 19th inst. The dispatch states that the foreign ministers had before this date asked permission for the legations guards to enter the city, which permission had been granted, that they subsequently asked that these guards be reinforced, which the Chinese government was not disposed to permit. The dispatch then goes on to state that the consul general at Tien Tsin—supposed to be the French consul general—had telegraphed Viceroy Chih Li that the admiral had demanded the surrender of the Taku forts and the foreign ministers were shortly to leave Peking with their guards.

Russian Relief Column. Berlin, June 27.—The German consul at Chefoo confirms the message from Vice Admiral Seymour, which reached Tien Tsin on Monday, saying that he was then eight miles westward of that city, terribly harassed, and could only hold out another two days; had 60 men killed and over 200 wounded and adds that the admiral had asked for the dispatch of a relief column of 2,000 men. This column left Tien Tsin on the morning of June 25, under Russian command.

Conflicting Reports. London, June 27.—Cable messages from the far east are so conflicting that almost any desired view of the situation is deducible. On the whole, however, it is safe to assume that Vice Admiral Seymour and the legations, whether together or separately, will ultimately reach a place of safety. Various reports locate the legations at diverse places, but it seems agreed that they are safely away from Peking.

Foreigners Safe in Peking. Washington, June 27.—The Chinese minister has received a telegram from Peking, via Chungking, dated June 19, saying that the ministers and foreigners in Peking were safe there, and well, and arrangements are being made to provide them with an escort out of the city.

Allied Troops Enter Tien Tsin. Paris, June 27.—The French consul general at Shanghai, telegraphing yesterday, announces that the allied troops entered Tien Tsin. He states also that the foreign ministers departed from Peking north accompanied by a Chinese escort, supposedly headed for Shanghai Kuan, following the great wall.

Met Heavy Loss. Shanghai, June 27.—A German paper has credited a statement to the effect that Admiral Seymour is eight miles from Tien Tsin with 62 killed and 200 wounded.

Americans in the Attack. London, June 27.—A dispatch from Peking says: "The fight of the allied forces against the combined Boxers and Chinese soldiers, barring the road to Tien Tsin, opened at daybreak. One hundred and fifty Americans were

among the 2,000 international troops. The Chinese soon broke under heavy shelling, then the arsenal was attacked and the guns were gradually silenced. The fight was practically over at noon. Keen, friendly rivalry for the honor of first entering the city resulted in the Americans and British going in neck and neck with the others close up."

Relief Expedition Entrenched. Washington, June 27.—The following cablegram was received at the navy department this afternoon:

"Chefoo, June 27.—Peking force and minister reported with Peking relief expedition entrenched eight miles from Tien Tsin. KIMPPY."

Maine Republicans. Bangor, Me., June 27.—The republican state convention dominated by Dr. John F. Hill of Augusta for governor, Resolutions endorsing the national administration were adopted.

Chaffee Enroute to China. Washington, June 27.—General Chaffee, ordered to command the American troops in China, left Washington today for San Francisco, whence he sails on Sunday.

Europeans Safe. London, June 27.—The British consul at Amoy telegraphs that the Europeans at Peking are reported safe.

HE WAS REMEMBERED. An Elegant Gold Watch Presented to H. S. Knight by Scott Moore House Company.

Last night, at 8:30 o'clock, quite a fair list of old friends and other friends assembled at the Scott Moore House company quarters and participated in a very pleasant party.

The affair was under the able management of W. N. Macbeth, and after the party had taken seats at a signal from the manager, Attorney T. A. Finley stepped forward and in a pretty, impromptu speech, in which he spoke feelingly of the past record made by the Scott Moore House company and its officers, H. S. Knight, and referred to the disbandment of the volunteer department on the organization of a paid fire department he presented to Mr. Knight, on behalf of the company of which he was foreman for a number of years, an elegant gold watch.

It was evident, from the manner in which Mr. Knight received the presentation that this heretofore wise old fireman had been kept in total ignorance of what was coming, and it was a few minutes before he could respond. When he got his mind settled he expressed his deep gratitude to the members of the Scott Moore House company for the handsome present.

It was announced during the speech-making that the Scott Moore House company will continue in existence as a fire fighting company, but as a social organization.

After the presentation and speeches, refreshments were hastily ordered and served to those present.

The committee purchased the watch from Jeweler H. E. Fox and it is a very handsome ornamental time piece, of the celebrated Hamilton make, and of 21 jewels. The inscription reads as follows: "Presented to H. S. Knight by the Scott Moore House Company, No. 1, June 26, 1900."

Owing to an accident which happened to Mrs. O. W. Strong Monday afternoon, the California trip has been postponed indefinitely. It is understood that Mrs. Strong, while getting together some articles that she intended to take on the trip, fell from a step ladder and slightly injured one of her hands, very badly spraining the wrist.

The Ladies' Non-Sectarian Benevolent association has received an anonymous contribution of \$3, and takes this method of acknowledging the receipt with thanks, so that the unknown donor may be informed that her gift has reached its proper destination.

Max Ehrlich, the attorney of Candelaria, and Miss Pilar Garcia, were united in marriage at the home of the bride in Candelaria on Monday afternoon at 2 o'clock, the ceremony being performed by Rev. Perera.

Charles J. Langtry, the big railroad contractor, came in from Strong City, Kansas, last night. To-day he is purchasing goods from local merchants. He will go to Ash Fork to-night.

Two hundred and thirty-eight marines, with their officers, will reach the city some time to-night and will be stationed westward to San Francisco. They are bound for China.

Joe L. Perera, the county collector, who was at San Diego, Cal., the past few months, returned to the city last night, Mrs. Perera accompanying.

BOERS ARE ACTIVE!

They Break Through
Rundle's Lines.

Democrats of Illinois Nominate
State Ticket.

New Mexico Delegation Have Nice
Time Back East.

OPPOSITION TO JAPANESE LABOR.

London, June 27.—Telegrams from South Africa indicate that renewed Boer activity increases in proportion with Lord Roberts' quiescence, so the completion of the commander in chief's enveloping movement, supposed to be in progress, is anxiously awaited. News this morning supports the belief that the Boers have succeeded in piercing General Rundle's lines and have proceeded southward. It appears that the failure of the British to properly guard their line of communication north of Kroonstad involved disaster to a body of Basutos, working on the railroad, of whom 20 were killed and 200 made prisoners.

New Mexico Delegation. Special to The Citizen.

Washington, June 27.—The Otero and Luna delegation have done important work for New Mexico in Philadelphia. In Washington Otero received numerous diamond and other unique presents from senators and other guests at the dinner given by senator millard T. Otero and Dobson left for home last night. Will be in Chicago to-day.

ILLINOIS DEMOCRATS.

They Nominate State Ticket and Elect for Bryan.

Springfield, Ill., June 27.—The democratic state convention instructed the delegates to the national convention to support Bryan and vote as a unit on all questions. Elected Thomas Gahan, of Chicago, national committeeman, and completed the ticket as follows: Governor, Samuel Alschuler of Aurora; lieutenant governor, Elmer E. Perry, of Brown county; secretary of state, J. F. O'Donnell, of Bloomington; state auditor, George H. Parsons, of Shawnee; state treasurer, M. F. Dunlap, of Jacksonville; attorney general, James Todd, of Cook county. The state central committee met immediately after the delegates to the convention and selected Dr. Walter Watson, of Mount Vernon, as one of the alternate delegates at large to the national convention. In place of Adair E. Stevenson, who declined.

Drove Out the Japanese. Redding, Cal., June 27.—Two hundred miners and smelter employees at Kennick last night drove 21 Japanese railroad workers out of the town. There was no violence. The Japanese were employed to take the places of white men.

Deaths from Heat. Pittsburgh, Pa., June 27.—Three deaths and several prostrations from heat were reported to-day.

IVES, THE FLOREST, Palms, Fern and Cut Flowers. Sharkey Whipped.

For the first time in his pugilistic career Tom Sharkey went down to decisive defeat last night in the historic arena of the Seaside Athletic club, Coney Island, N. Y., and big Gus Ruhlin, the Ohio pugilist, was his victor. It was a clean knockout after 15 rounds of fighting that made a memorable ring battle. Save in the matter of

aggressiveness Ruhlin led off in every feature of the game, and at all times had the fight well in hand. Sharkey did not give up his place in the line of first-class heavyweights without a desperate struggle. Even at the end, when blinded by the blows of his powerful opponent, and dulled mentally by the battering of his foe, he clung instinctively to the massive frame of the man who was his master.

The Closing Proposition. Editors Citizen: We will recognize the proposition advanced by the Golden Rule Dry Goods company to close up shop one-half day each week during months of July and August, and I would suggest Wednesday afternoon. If the clerks don't feel like hustling for themselves to secure this holiday, let the merchants call a meeting at the city hall and settle it. Wednesday next being the Fourth of July, when, doubtless the stores will close up for the whole day, would make an auspicious beginning of the half holiday commencement.

THE LEADING JEWELER. Base Ball Club Going to Santa Fe. An answer from Manager John V. Conaway, of the Santa Fe base ball team, to the proposition made by Manager Brockmeier to have them play in Albuquerque Saturday and Sunday of this week has been received. In accepting the proposition to see some good games his proposition has been accepted. The Ancient boys will come down represented as a strong aggregation, with a determination to win all games. This is good news and no doubt a very large crowd will attend the games. Santa Fe has a habit of sending out strong teams. It will be remembered they were the ones who first introduced "Lefty" Jones in New Mexico.

OUT RUSTLING FOR CONTRIBUTIONS. Merchants and Citizens Called Upon by the Fair Committee. A few members of the rustling committee of the Territorial fair were out yesterday and to-day calling on the merchants and citizens for their annual contributions. A majority of those seen, except two, gave the same amount. They donated last year, while about a dozen magnanimously increased their subscriptions of last year, one gentleman remarking "that the fair of last year did Albuquerque almost as much good as a new railroad, and proved to the visitors that we were not hogs. I really believe, after a recent trip over the territory, that the fair the coming fall will be attended by an increased crowd from all over the southwest." The committee, up to 4 o'clock this afternoon, felt sanguine that the required amount—\$5,000—will be subscribed, provided those yet to be seen will be as liberal, and a little bit better, than they were last fall.

Anastasio Lopez was arrested to-day by Deputy United States Marshal Frank Hall on a warrant issued by United States commissioner H. R. Whiting for a violation of the postal laws. Complaint was made by A. P. Frederick, inspector of the postoffice department, charging Lopez with using a cancelled stamp on a letter mailed to his brother at Socorro. E. L. Medler appeared for the United States attorney and E. L. Chavez for the defendant, and examination was continued at request of defendant until 10 a. m. tomorrow.

This morning the Albuquerque Grocery company's store on South Second street, was closed up, and the stock has been purchased by William Kieck, proprietor of "The Maze." O. Jamieson, who was proprietor of the Albuquerque Grocery company, has gone to El Paso, where Mrs. Jamieson has been visiting for the past few weeks. They expect to return to Albuquerque shortly.

To-day is the hottest of the season, several thermometers registering 100 degrees in the shade.

Prohibition Convention
Now in Session.

Poor Old Dewey is Still
Willing.

Court Decision Against the New
York Ice Trust.

CAPT. POWERS RELEASED.

Chicago, Ill., June 27.—The national convention of the prohibition party met to-day in the First Regiment armory. Of the 1,024 delegates entitled to seats, more than three-fourths were in attendance when Chairman Oliver A. Stewart, of the national executive committee, called the convention to order. Three avowed candidates for the presidential nomination are in the field—John G. Woolley, of Chicago, editor of The New Voice, a prominent platform advocate of the cause of prohibition; Hale Johnson, Newton, Ill.; and Rev. Silas C. Swallow, Harrisburg, Pa. Chairman Stewart announced as temporary chairman, Samuel Dickie, of Michigan. Dickie bitterly assailed the administration for its position on the canton law, and charged it with debauching the people of its new possessions in the Philippines. He also accused the government of using its consular service for gathering information for the use of distillers and brewers. A recess was taken until 2:30.

A somewhat heated debate took place at the meeting of the committee on resolutions relative to instructions to the delegates to the platform. Resolutions were finally passed to the effect that it was the sense of the committee that the platform should be so framed that it did not touch on the liquor question. This was regarded in the nature of a compromise, as the plank on woman suffrage, Sunday question and other issues would be included, but be subordinated on the liquor question.

Dewey is Willing. Newport, R. I., June 27.—Admiral Dewey last night said: "I stand just where I was some time ago. If the American people want me as their candidate for president, I am ready." Asked if he would stand for the nomination for vice president, he replied: "No."

The admiral said: "There is a strong feeling in the west for Bryan, and if he runs for the presidency I believe he will be elected." Dewey paid a high tribute to President McKinley.

Decision Against Ice Trust. Albany, N. Y., June 27.—Justice Alden Chester to-day handed down a decision in the American Ice company case, which is against the company on all points and vacates the writ of prohibition issued by Justice D. Cady Herick, which restrains Referee Myer Nussbaum from examining the officers of that company in the proceedings instituted against it in the matter of Justice Chase. The referee can go on with the investigation of the company's affairs.

Capt. Powers Released. Harlan Court House Ky., June 27.—Captain John Powers, of Barboursville, who was arrested here yesterday on a charge of complicity in the murder of Governor Goebel, was to-day released on habeas corpus proceedings. Powers produced a pardon signed by Governor Taylor on March 6, which Judge Corbett honored.

The building of the Chaco road
from Amarillo, Texas, to this city, is
one of the certainties of the near future.

It is queer the satisfaction all failures
in life find in the fact that men of
great brain power are often financial
failures.

Good times and plenty of employment
kept the German people at home last
year, only 22,000 emigrating, against
120,000 in 1914.

Ex-Delegate Ferguson has published
an interview in the White Oaks
Blade, declining to be a candidate for
delegate to congress on the democratic
ticket.

Properly has been extended even to the
fish commission, which planted over
1,100,000 fish in public and private
waters this fiscal year, which was
more than double the work done in
1916.

The last ten years, from a trade
standpoint and from the standpoint of
science, may justly be called the cold
storage era of the century, because
no department of industry had ad-
vanced so much.

The endorsement of Governor Steu-
enberg by the Idaho democrats is in
itself a complete refutation of the mis-
leading report that the governor had
been elected to the senate by the Idaho
people.

While the population of the United
States has doubled since 1870, there has
been an increase of 162 per cent in the
number of postoffice in the United
States, thus affording 52 per cent bet-
ter facilities for the delivery of mail to
the people.

There is an old superstition that we
must have a war every generation; for
this belief a review of history will give
some authority. It may be that China
has to have a massacre every genera-
tion, for thirty years ago there was a
big massacre of Christians at Tien Tsin.

This is the sixth time the Taku fort,
the city of Tien Tsin and the Pei-ho
river have figured in demonstrations of
force against China. This is because
they are on the way to Peking. The last
occasion was the "opium war" in 1900.

As the United States imported 220,-
911,472 pounds of wool in 1916, when
Cleveland was president, and the Wil-
son tariff law in operation, and only
26,730,209 pounds were imported during
1919, it is very evident that the Ameri-
can sheep has been vindicated during
McKinley's administration.

Governor Wells and other prominent
citizens of Salt Lake, Utah, who gave
\$25,000 each toward the Bryan cam-
paign in 1900, have just sent checks
for \$50,000 each to aid in the election
of McKinley this year. The results of
McKinley's administration has proven to
them the fallacy of the Bryan doc-
trine.

Japan has adopted a new law on the
subject of emigration, without even
waiting for the United States to call
her attention to the undesirable in-
crease in arrival of her citizens on this
side of the ocean. Japanese emigration
to the United States will be henceforth
restricted to a maximum of 250 per
month.

The value of every cow on the farm
on the first day of this year was \$10.00.
But on the first day of January, 1920,
under democratic administration, each
cow was worth only \$12.75. Farmers
appreciate the increase of \$2.75 in the
value of each of their cows, and will
vote to maintain the republican ad-
ministration in power.

Director Merriam, of the census, calls
attention to the fact that the census
law declares that an enumerator who
communicates to any unauthorized per-
son the information he gains in the
performance of his duties is guilty of a
misdemeanor and liable to a fine of not
more than \$500. This clause has in-
cluded not only to prevent neighbor-
hood gossip about details collected by
the enumerators, but also to insure
some stem about giving out the re-
sults of the various districts.

China is called the land of "upside
down." That is, if the ordinary indi-
vidual does a thing one way the
"Chink" will do it in exactly the op-
posite fashion. In Canton, the women
act as sailors and boatmen while the
men serve as chambermaids, laundresses
and seamstresses. In Anhui, John
Chinaman shakes his own head and as
a mark of respect he puts on his hat
instead of taking it off. Their sign
boards are perpendicular instead of
horizontal and in reading Chinese print
it is necessary to read from the right
hand side at the bottom and read to the
left and up.

FOREST RESERVE FOR FAULTS.
The United States government has
lately turned its attention to the mat-
ter of encouraging and instructing
farmers in the growing and preservation
of forests. The division of forestry,
under the direction of Clifford Pinchot,
forester, has made an unusually gener-
ous offer to all farmers and growers
of forests, an offer so generous and so
worthy of acceptance that it should be
published all over the country that the
public may learn of it. In order to
preserve the forest trees, the divi-

TRIPLE TRAGEDY.

A Baile at White Oaks With Its Us-
ual Results.

PISTOLS AND KNIVES USED.

Last Saturday night the Mexican 499
had one of their periodic bailes,
which resulted very seriously to three
of the number in attendance, says the
White Oaks Eagle.

Jose Maria Rivera, a Yaqui Indian,
somewhat known here by the name of
Aguinado, and Justo Salas, also a citi-
zen of Old Mexico, both intoxicated,
went to the dance and demanded an en-
trance, which was refused by the floor-
men. They became noisy, and threatening
Leal offered them out. Both refused
to go and offered fight, Salas drawing a
knife and standing in the door, while
Leal no one to pass him. Aguinado
quickly following Salas' display, drew
from his pocket a 38-caliber British
Bull Dog revolver, and threw down
on Leal. At this point the women in
attendance ran screaming in every di-
rection and a bloody fight ensued among
the infuriated males at the door.

Salas was struck in the head with
some kind of a blunt weapon, which
fractured the skull at the edge of his
hair on the right forehead, and was
landed outside in a ditch, flat on his
back until officers removed him to the
city hospital in a previous condition.

When Salas was struck Aguinado fired
on Leal hitting him in the abdomen,
inflicting a mortal wound. Leal was
carried back and the fight continued
for some time. Salas was taken to the
city hospital in a previous condition.
Three more shots into the crowd, none
of them taking effect. Aguinado was
soon lying unconscious near his friend
who had a hole in his head, which was
examined later by Dr. M. O. Padon, to
whom all the wounded were taken.
Salas' skull broken in five different
directions, and portions of the broken
skull lying in the brain at the center
of the wound.

All three are yet living, but Leal and
Jose Maria Rivera are very near
death's door, and it is thought neither
of them can recover. Salas was taken
to the city hospital in a previous condition.
Salas, the only one of the three conscious,
is now, as the Eagle goes to press, un-
dergoing a preliminary trial before Jus-
tice Leal's court.

Leal's friends are greatly wrought up
over the affair and heavy guards have
been placed over Salas and Aguinado,
for fear an attempt would be made to
give them a jump trial by a vigilante
band. Americans, however, will in-
tervene, and see that the law is allowed
to take its course, and the only thing
that saved the investigation of this
outrage, which so far as we know, has
not been stated, is that it is not
positively known who hit either Salas
or Rivera. D. N. Tihen was the first
American on the scene and he found
both Rivera and Salas lying wounded
in the street, and a crowd of Leal's
friends around him trying to discover
how seriously he was shot.

Charles Kingsley Shout.
A quarrel, a fight and a gun in the
hands of a man named Kingsley, then a
shooting at Charles Kingsley about 5
o'clock yesterday afternoon, says the
Optic.

About a year ago a daughter of
Kingsley married Scarborough, then a
switchman at Las Vegas. Objections
were made to the marriage, but it took
place in spite of them. Later Mr. and
Mrs. Scarborough moved to Indian ter-
ritory, where he was employed as a
switchman. Trouble in the family began
when it was known to the young Mrs. S.
that Scarborough had another wife living
and undivorced. Not content with that,
he was now married to another woman.
Mrs. Scarborough returned to her
mother here. Yesterday he also re-
turned, went to the house to see his
wife, but was refused by her mother.
Mrs. Kingsley. Trouble was expected,
and Marshall Murphy was sent for, but
before the marshal arrived Scarborough
had used his weapon and shot Charles
Kingsley in the leg, making an ugly
wound. Kingsley immediately
took to the hills and nothing has yet
been heard of him.

TRIPLE TRAGEDY.

A Baile at White Oaks With Its Us-
ual Results.

PISTOLS AND KNIVES USED.

Last Saturday night the Mexican 499
had one of their periodic bailes,
which resulted very seriously to three
of the number in attendance, says the
White Oaks Eagle.

Jose Maria Rivera, a Yaqui Indian,
somewhat known here by the name of
Aguinado, and Justo Salas, also a citi-
zen of Old Mexico, both intoxicated,
went to the dance and demanded an en-
trance, which was refused by the floor-
men. They became noisy, and threatening
Leal offered them out. Both refused
to go and offered fight, Salas drawing a
knife and standing in the door, while
Leal no one to pass him. Aguinado
quickly following Salas' display, drew
from his pocket a 38-caliber British
Bull Dog revolver, and threw down
on Leal. At this point the women in
attendance ran screaming in every di-
rection and a bloody fight ensued among
the infuriated males at the door.

Salas was struck in the head with
some kind of a blunt weapon, which
fractured the skull at the edge of his
hair on the right forehead, and was
landed outside in a ditch, flat on his
back until officers removed him to the
city hospital in a previous condition.

When Salas was struck Aguinado fired
on Leal hitting him in the abdomen,
inflicting a mortal wound. Leal was
carried back and the fight continued
for some time. Salas was taken to the
city hospital in a previous condition.
Three more shots into the crowd, none
of them taking effect. Aguinado was
soon lying unconscious near his friend
who had a hole in his head, which was
examined later by Dr. M. O. Padon, to
whom all the wounded were taken.
Salas' skull broken in five different
directions, and portions of the broken
skull lying in the brain at the center
of the wound.

All three are yet living, but Leal and
Jose Maria Rivera are very near
death's door, and it is thought neither
of them can recover. Salas was taken
to the city hospital in a previous condition.
Salas, the only one of the three conscious,
is now, as the Eagle goes to press, un-
dergoing a preliminary trial before Jus-
tice Leal's court.

Leal's friends are greatly wrought up
over the affair and heavy guards have
been placed over Salas and Aguinado,
for fear an attempt would be made to
give them a jump trial by a vigilante
band. Americans, however, will in-
tervene, and see that the law is allowed
to take its course, and the only thing
that saved the investigation of this
outrage, which so far as we know, has
not been stated, is that it is not
positively known who hit either Salas
or Rivera. D. N. Tihen was the first
American on the scene and he found
both Rivera and Salas lying wounded
in the street, and a crowd of Leal's
friends around him trying to discover
how seriously he was shot.

Later—Rivera and Salas were given
a preliminary hearing before Justice
Leal's court, and were held under
bonds of \$2,000 each to await the action

A. M. Burgess and Gus O'Brien, two well-known politicians of the territorial capital, came down to the city last night and spent several hours mingling with local politicians. They returned to the capital this morning.

Mr. and Mrs. John O'Brien are reveling in the smiles of a pretty baby boy, which arrived yesterday at his home on North Fifth street. Mr. O'Brien is one of the efficient city letter carriers, and The Citizen understands that mother and child, even the new daddy, are getting along nicely.

Mrs. Robert Mann, wife of the druggist, whose death occurred here a short time ago, has written a letter to Undertaker Edwards, stating that she, with the remains, reached Ann Arbor, Mich., last night last Tuesday, and that the funeral, which was largely attended, occurred the next day.

Misses Edith and Agnes Marmon, daughters of Robert Marmon, and Miss Alice Marmon, daughter of Colonel Walter G. Marmon, deceased, after attending the local government Indian school the past year, left last night for their homes in Laguna, accompanied by Robert Marmon and his little son.

Jose Valdez, the oldest employe in point of service in the Pueblo agency at the village of Jemez, will be transferred July 1 to chief clerk in the United States Indian industrial school of Santa Fe. On that date the Pueblo agency at Jemez ceases to exist, and Professor Crandall, of the Santa Fe school, will have charge of the major part of the Pueblo schools, formerly under the Pueblo agency at Santa Fe.

Mrs. A. D. Whitson, the retiring president of the Kilo Klub, was remembered at a meeting of the club yesterday afternoon at the Knights of Pythias hall. As a token of her interest in the organization and the appreciation in which she is held by the members, she was presented with a beautiful set of fruit knives. The Kilo Klub and Woman's Relief Corps, owing to the hot weather, have postponed holding any meetings until the second Tuesday in September.

AN ARTIST'S OPINION.

Chickering Brothers' Piano Highly Endorsed.

Montezuma Hotel, June 22, 1900.

Messrs. HALL & LEARNARD, Albuquerque, N. M.

Dear Sirs:—The piano furnished by you for the festival at Las Vegas was very satisfactory for my accompaniments. The tone was sympathetic and possessed that singing quality so essential for accompanying vocalists.

Yours very truly,
HELEN BUCKLEY.
