FLOOD WATERS ARE FALLING

The Mississippi Seems to Have Reached Its Highest Point.

LEVEES HOLDING OUT WELL

Terrific Current at New Orleans and the Water Rushes Far Into the Gulf.

Memphis, Tenn., March 21.—The river is now falling at Memphis and it is believed the worst of the flood situation is over. The gauge today marked 39.8 feet against 40.1 feet last night and a steady decline in the big stream is predicted from now on. Three other breaks in the levee north of Memphis will send a large volume of water through the St. Francis basin in Arkansas. This water will flow into the Mississippi again at Helena and the levees south of there will feel its full force. The situation south of Memphis shows a weak place at Leland, Ark., opposite Greenville, Miss. The caving of the river bank along the front of the levee there has continued rapidly and is now within 100 feet of the levee proper.

TERRIFIC CURRENT.

New Orleans, March 21.—The gauge here today marked 19.7 feet which is in excess of the record of 1897. It is rising very slowly. In spite of the Arkansas breaks the current here is still terrific and the water is being carried out to sea at a tremendous rate. Reports from all quarters to the levee board continued encouraging today so far as conditions in the city and the country contiguous thereto are concerned. The strain against the levees south of Red River on both sides of the river is increasing but confidence continues to be expressed that they will hold. A heavy rain fell during the night and early morning and the weather is cloudy and threatening further precipitation.

BREAK IS FEARED.

Natchez, Miss., March 21.—Torrential rains last night and today have aggravated the flood situation along the Sycamore levee in Concordia Parish, La., and it is feared a break will occur.

ARMS AND LEGS.

Police of Atlanta Thought They Had Hold of a Genuine Sensation.

Atlanta, March 21.—Two wagons have been found five miles north of this city containing eight or more dead bodies. The bodies were discovered by the arms and legs protruding out of the boxes. The wagons were found near an old abandoned rock quarry between this city and the Chattahoochee river. It is said they were hauled there late yesterday afternoon by single and double team wagons. The authorities are investigating.

Later it developed that the bodies were being sent out of town by a medical college for interment.

or interest owned in such company or corporation by a shareholder. Approved March 18, 1903.

Council substitute for House Bill No. 143, An act authorizing and empowering the board of education of the City of Santa Fe and Territory of New Mexico, to provide for the erection of a public school building, and making provisions for means to erect the same. Approved March 18, 1903.

Council Bill No. 118, An act fixing the salaries of county commissioners of counties of the first class. Approved March 19, 1903.

Council substitute for amended House Bill No. 118, An act to provide for the better preservation, classification and indexing of the Spanish and Mexican archives of the territory. Approved March 19, 1903.

Council Bill No. 76, An act to preserve the public health. Approved March 19, 1903.

Council Bill No. 54, An act providing for the annexation of contiguous territory to cities, towns and villages. Approved March 19, 1903.

Council substitute for House Bill No. 126, An act to amend Chapter CVIII of the Session Laws of 1901, approved March 21, 1901. Approved March 19, 1903.

Council Bill No. 21, An act to create county boards of horticultural commissions in the Territory of New Mexico, and to promote the horticultural interests in said territory. Approved March 19, 1903.

Council substitute for House substitute for Council Bill No. 57, An act providing funds and making appropriations for the 55th and 56th fiscal years and for other purposes. Law by limitation, March 19, 1903.

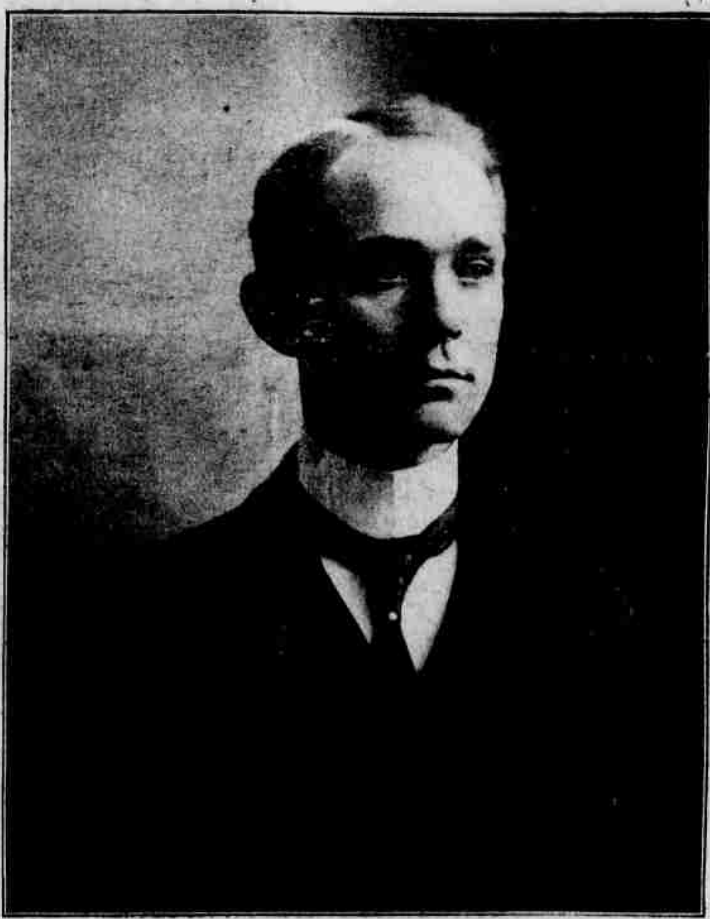

Council Bill No. 131, An act to amend the trust company law. Approved March 19, 1903.

Council Bill No. 92, An act providing for the sprinkling of streets in cities and assessing the expense thereof against owners of property abutting on said streets. Approved March 19, 1903.

Council Bill No. 135, An act to prevent indecent exposure. Approved March 19, 1903.

Substitute Council Bill No. 89, An act to harmonize and strengthen existing school laws. Approved March 19, 1903.

MEN OF THE HOUR IN NEW MEXICO

JAMES MADISON HERVEY
District Attorney of the Eighth District

James Madison Hervey was born July 4, 1874, at Stevensville, Texas. He arrived at Lincoln, New Mexico, December 20, 1886, where he resided until June, 1887, when he went to Roswell, which, with the exception of six years spent in Michigan and Chicago, has since been his home. For five years he was in Michigan completing his education and one year in Chicago practicing law.

He was the first matriculate of the Goss Military Institute at Roswell in 1891, from which institution the New Mexico Military Institute has grown. In 1894, he entered Albion College, at Albion, Michigan, and in the fall of 1896, he entered the law department of the University of Michigan at Ann Arbor, from which he graduated with the degree of LL. B. on June 24, 1899. He spent one year in Chicago in the law office of Kretzinger and Kretzinger and the legal department of the Monon railroad. He returned to Roswell, May 24, 1900, and since that time has engaged in the active practice of law. On March 8, 1900, he married, in St. Louis, Miss Nettie Hill, daughter of A. J. Hill, a Roswell merchant. He is a member of the Sigma Chi fraternity, having been affiliated with the chapters at Albion and Ann Arbor.

In 1900, he was nominated by the Republicans of Lincoln, Chaves and Eddy counties as candidate for the House of Representatives, but was defeated.

COMMISSION HAS NOT ORGANIZED

Will Take Testimony as to the Causes of the Strikes at Colorado City and at Cripple Creek.

THE MINE OWNERS WILL MEET TONIGHT

Denver, March 21.—The commission named by the governor to inquire into the Colorado City and Cripple Creek strikes met this morning but adjourned until this afternoon without organization. Another meeting will be held this afternoon when the taking of testimony will probably begin. The situation at the scene of the strike shows no change. Manager McNeill of the Standard mill, was at the meeting this morning. He assured the members he would give all the information in his power concerning the causes that led up to the strike. Tonight the Mine Owners' Association will hold a meeting at Colorado Springs, which will probably result in a settlement of the strike or a declaration of war against the Western Federation of Miners.

FULLY TWO MONTHS.

Will Be Required to Consider Testimony in the Northern Securities Case.

St. Louis, March 21.—At the opening of the hearing of the Northern Securities case this morning, it was decided the attorneys for the government should have three days after the closing of the hearing for the filing of briefs. D. T. Watson then resumed his argument. Final arguments in the Great Northern Securities case were concluded at 12:35 this afternoon, and the case was left with the Federal Court of Appeals. Because of the enormous mass of evidence and the voluminous arguments which the judges are called upon to consider, it is doubtful if a decision will be possible within two months, and the probabilities are the time will be longer than that.

A GENERAL INCREASE OF WAGES AWARDED

Anthracite Strike Commission Appointed by the President Recommends Some Decrease in Time, Settlement of All Disputes by Arbitration and Fixes Scales.

NO DECISION AS TO THE RECOGNITION OF THE UNION

Washington, D. C., March 21.—The report of the commission appointed by the President last October to investigate the anthracite coal strike, was made public today. The report, dated March 18, and is signed by all members of the commission. In brief the commission awards a general increase of wages amounting in most instances, to 10 per cent; some decrease in time; settlement of all disputes by arbitration; fixes a minimum wage and sliding scale; provides against discrimination of persons by either mine owners or miners on account of membership of non-membership in a labor union; and provides the awards shall continue in force until March 31, 1906. The commission discussed to some extent the matter of recognition or non-recognition of the miners' union but declined to make any award on this measure.

The increase in wages in most cases date from November 1, 1902, and are to be paid before June 1, 1903. When questions are too important to be settled by consultation by the superintendent or manager of a mine and the miner or miners directly interested, it shall be referred to a permanent joint committee to be called a board of conciliation to consist of six persons, three to be appointed by the majority of men employed in the district and three by the operators. If the board cannot agree on any point, that question shall be referred to an umpire to be appointed at the request of the board by one of the circuit judges of the 3d judicial circuit of the United States, whose decision shall be final. Whenever requested by a majority of contract miners of any colliery, a check weighman or check docking boss or both shall be employed. The wages of said check

and docking bosses are to be fixed and paid by the miners in any way they shall elect. The matter of recognition of the union, was not considered within the scope of the jurisdiction conferred on the commission and therefore no action was taken on that subject. MITCHELL SEEMED DISPLEASED. Bay City, Mich., March 21.—When President Mitchell of the United Mine Workers of America, who is in this city, was shown a summary this afternoon of the coal strike commission's report, he declined to give any expression of opinion on it.

"I cannot discuss it," he said, "until I have an opportunity to read the full report and digest its contents. I expect to have a copy of it here this afternoon."

President Mitchell's demeanor, while he was reading the summary, was taken to indicate the commission's report was not as favorable to the miners as had been hoped for.

NICHOLS' OPINION.

Wilkesbarre, Pa., March 21.—President T. D. Nichols of District No. 1, when seen, was somewhat averse to talking on the subject of the commission's award. "I do not care to say anything for publication," said Mr. Nichols, "until I have thoroughly digested the report." "I understand, though," continued Mr. Nichols, "the men do not get the weighing of coal, and that, of course caused great disappointment."

BAER WON'T TALK.

Philadelphia, Pa., March 21.—George F. Baer, president of the Reading Railroad, received the report of the strike commission today. He refused to discuss the report until he had gone over it carefully.

BOOM FOR SILVER CITY.

The Smelter, Which Has Been Closed a Year, Will Re-open in April.

Silver City is at the beginning of a boom as the smelter there has been purchased by the Comanche Mining and Milling Company, an organization of Minneapolis capitalists who own copper properties in the Burro mountains. The smelter has been closed for over a year and when it shut down, about 900 men were employed. The new owners have let the contracts for fuel for it and have made all preparations to open it in April. The first payment has been made on the purchase and the remaining payments are arranged for. The sale of the smelter and arrangements for reopening it have caused a revival through that district. The Hearst interests at Pinos Altos have been closed since the smelter was closed. Now all gold properties of that interest have been leased to C. E. Derbyshire who is subsidizing them. The opening of the smelter makes this possible. There is renewed interest in mining and Silver City anticipates quite a boom.

District court at Silver City has closed and a large amount of business was disposed of. H. B. Holt, Esq., acted as special district attorney in the absence of Major Llewellyn who was in the legislature.

Silver City is preparing for a revival of the cattle sales this year. The winter has been such that a big sale is expected this year.

MADE A GOOD HAUL.

Robbers Shattered a Vault in a Small Town in Kentucky.

Paducah, Ky., March 21.—Robbers early today blew open the vault in the Deposit bank of Bardwell and secured in the neighborhood of \$5,000. The vault is a total wreck and the charge was so strong that some of the currency, of which there was \$2,500 was burned. The robbers escaped.

VICTORY FOR THE MEN.

Increase of Ten Per Cent Is Granted and the Union Is Recognized.

Lorain, Ohio, March 21.—The strike at the American Ship Building Company's plant here, involving about 1,500 men, inaugurated several weeks ago, has been settled on a compromise, and the workmen will return to work on Monday. An average increase of ten per cent is granted and the company also recognizes the laborers' union.

Governor Flood Bulletin.

Washington, March 21.—The weather bureau today issued the following special river bulletin:

The Mississippi river is falling from Cairo to Memphis, but is still rising and will continue to rise below. The stages this morning were as follows: Cairo, 49.8 feet; Memphis, 39.8 feet; Vicksburg, 0.3 feet; New Orleans, 19.7 feet.

SATURDAY, MARCH 21.

THAT THE PEOPLE MAY KNOW—THE CASE OF JAMES M. HERVEY.

On Tuesday last, Governor Otero, among other nominations, sent the name of James M. Hervey of Roswell, Chaves county, to be district attorney for the counties of Chaves and Eddy. The nomination was referred to the judicial committee which made a favorable report. Upon being voted on in the executive session on Wednesday the nomination was rejected by a vote of 6 to 6, those voting for the confirmation being Councilmen W. H. Andrews of Sierra, Amado Chaves of Santa Fe, James S. Duncan of San Miguel, Malquis Martinez of Taos, Venceslao Jaramillo of Rio Arriba, and Charles A. Spiess of San Miguel. It is charged that this rejection was made because Councilman Fall of El Paso, Texas, made it a personal matter and insisted upon it. There was absolutely nothing that could be sustained against the character, legal ability, fitness, standing and Republicanism of Mr. Hervey, but it was well known that during the last campaign, he declined to support the nomination of Mr. Fall upon the Republican ticket for councilman from the 9th district, holding that Fall was a Democrat and not a man desirable in the Council and believing that the election of a straightforward and conscientious Democrat like G. A. Richardson of Roswell, who was the nominee of the Democratic party for the same position was much more preferable and better for the interests of the people and of the Republican party. This view taken by Mr. Hervey last November has certainly been fully and unequivocally sustained by the course Councilman Fall pursued in the assembly. The people of the counties of Chaves and Eddy, regardless of party, almost unanimously recommended Mr. Hervey for appointment. He was their choice and Governor Otero recognized this fact in nominating Mr. Hervey for the position of district attorney. His rejection by the Council by five Republican members of the Council who aided Mr. Fall, cannot be defended in any direction, but can only be condemned from every standpoint.

Fortunately and for the good of the Republican party and of the people of the counties of Chaves and Eddy, Governor Otero stood firm and re-nominated Mr. Hervey for the same position on Thursday. Evidently in the meantime, some of the Republican members, who had by Councilman Fall, been talked into opposing Mr. Hervey, thought better of the matter and on his re-nomination, voted for the confirmation. This is very well indeed and the New Mexican is greatly gratified to record that the injustice and injury sought to be done by Mr. Fall to Mr. Hervey with and by the aid of Republican votes, was rectified and undone as speedily as possible.

Political parties cannot be held together by acts of injury, unfairness and injustice to their own members, and hence the majority of the Republicans of the Council acted well and wisely by standing by Governor Otero's second nomination of Mr. Hervey. The New Mexican gives the facts in this case as it believes them to be and as it was informed they are, so that the people may know. The New Mexican will continue to give facts as to doings and acts of members of the legislative assembly from time to time as occasion may require for the purpose—that the people may know.

The record made by Councilman Amado Chaves as member of the Legislative Council from Santa Fe county during the session just closed is of the very best. He did his duty conscientiously, efficiently and thoroughly, was always on the alert, and guarded the best interests of the people in general and of his constituents in particular. He was in no way or shape connected with the "bottle gang" nor did he bow down and bend the pregnant hinges of his knees to the behests and commands of the El Paso land ring bosses. He worked as well as was possible under the circumstances for the interests of the people of New Mexico and for the good of his constituents, regardless of party, as there were no party politics in the assembly just closed. The people of Santa Fe county are proud of the record made by Mr. Chaves and approve of it fully. No mistake was made last November when Mr. Chaves was elected to represent this county by a very handsome and complimentary majority.

If the reception of President Roosevelt in this city is to be a success, Mayor Sparks must get a move on. Let him get up and be doing.

The Governor of Arizona vetoed the woman's suffrage bill passed by a large majority of both houses of the Arizona Legislature. He commented correctly that it was a question that the voters should have a chance to decide at the polls.

Although today is the beginning of spring according to the almanac yet it will be wise to cling to overcoat and woolen underwear for at least a month longer. In this altitude and latitude real spring does not commence until May 1, and even then winter sometimes has a habit of lingering longer in the lap of spring than is polite or agreeable.

During the year 1902 there was used in the United States eight times as much bituminous coal as anthracite. The market for bituminous coal is practically unlimited and the Santa Fe Central and other companies that are developing New Mexico coal fields are making no mistake in paying the way for an increase in the New Mexico production manifold of what it is now.

The people of Rio Arriba county have twenty months wherein to work for the creation of a new county out of Southern Rio Arriba with a slice of Northern Santa Fe county added. The creation of the new county must come. It is in the nature of things and the bosses cannot prevent it. The 36th Legislative Assembly will create such county. So it is written and so shall it be.

Fountain, a little settlement near Colorado Springs, is to get an \$800,000 beet sugar factory. This is not the result of a sudden fortune, but Colorado Springs has been energetically working for the industry for a number of years. It is an example to the Santa Fe Board of Trade for effort in the same line, not a spasmodic effort, but persistent work in that direction until the object sought is accomplished.

The membership of the Territorial Board of Equalization is very strong with probably one exception. But Governor Otero did as well in this matter as can be expected under the circumstances. Upon the whole the board will, under the new law, do excellent service for the territory in the opinion of this paper. The tax-dodging counties of Rio Arriba, Taos, Valencia, Mora and others will have to come to time under the requirements of the new statute. The New Mexican will take great pleasure in keeping assessment and tax matters before the board.

C. B. NO. 107 TO REFUND THE SANTA FE COUNTY RAILROAD DEBT. The New Mexican in its today's issue on the third page of the paper publishes the full and correct text of Council Bill No. 107, "An act providing for the refunding of certain county indebtedness." The provisions of this law relate primarily and in fact solely to the refunded railroad debt of Santa Fe county and will enable it, if the bondholders accede to its provisions to cut this debt 40 per cent and reduce the interest thereon from 5 to 3 per cent.

The bill was drawn and prepared by C. F. Grayson, president of the Silver City National Bank at Silver City, Grant county, a most successful and skilled financier. Mr. Grayson represents a majority of the bondholders of this particular debt. For some years, the bondholders and commissioners of this county have been talking compromise, but no definite plan could be agreed upon. Public sentiment was against compromise at a higher rate than 25 per cent of the debt for years. Finally public sentiment changed in favor of higher figures as it was found that the bondholders would not listen to too low a figure. During the past two years specially, this change came about and this was due in a great measure to the work in that direction done by this paper and by County Commissioner Arthur Seligman. The bondholders, however, declared that they must have better financial paper than new refunded Santa Fe county bonds simply. In this they were correct as the credit of this county has been for many years, and is at present, away down. Mr. Grayson conceived the idea embodied in Council Bill No. 107 and during the last days of the session, appeared on the scene, had the bill introduced, it passed both houses unanimously and was signed by the Governor. No one particular member of the assembly is entitled to any particular credit for this good result; they all voted for it. The passage of the bill, however, was aided greatly by the work of Judge Henry L. Waldo of the legal department of the Atchison, Topeka and Santa Fe Railway, which road being a heavy taxpayer, in this county, is naturally very much interested in the reduction of the county debt. The principal credit, however, no doubt, belongs to Mr. Grayson and should be given him. The New Mexican understands the situation fully, and thoroughly, and is prepared to prove what it here says with undisputable and undeniable facts. To be sure this paper also aided materially in the passage of the bill. Governor Otero signed it because it contained none but beneficial provisions and would enable Santa Fe county to reduce the major part of its monstrous county debt two-fifths and interest thereon in the same ratio. Herein briefly are set forth the circumstances connected with the enactment of Council Bill No. 107.

If any attorney of the bondholders, who happened to be a member of the Council, says aught to the contrary, he is asserting that which is absolutely untrue. The New Mexican hopes and trusts that the good results expected from the passage of this law will materialize fully and it believes that such will be the case.

President Roosevelt, excepting the sainted Lincoln, is nearer to the common people than any man who has yet occupied the President's chair. This will ensure him a welcome from the West during his coming trip that will be unparalleled in the history of the country.

WINE OF CARDUI

following praise on Wine of Cardui:

"Among the numerous medicines placed before suffering women for their relief none can touch McEldred's Wine of Cardui. It tones above them all as a reliable female remedy. It simply drives pain and disease away that no other medicine has found. In their gratitude over 10,000 American women have written letters commending Wine of Cardui. Wine of Cardui meets their wants as no other medicine does. It sustains the young girl at the shock of her entrance to womanhood. Women who take Wine of Cardui have little discomfort during pregnancy and little pain at childbirth. When the change of life appears they enter a happy, healthy old age. Every month it comes to the rescue to assist Nature in throwing the impurities from the body."

SEVERE ATTACK OF GRIP.

Cured by one bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I am at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had said adieu." For sale by all druggists.

SO SWEET AND PLEASANT IN TASTE.

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or a cold; and it is so sweet and pleasant in taste." 25c, 50c, and \$1.00 bottle at Fischer Drug Company.

Notice for Publication.

(Homestead Entry No. 4381.)
DEPARTMENT OF THE INTERIOR,
Land Office at Santa Fe, N. M., March 11, 1903.
Notice is hereby given that the following named settler has filed notice of his intention to claim land under the provisions of the act of February 21, 1892 (22 Stat., 496), and that said notice will be made before the Register or Receiver at Santa Fe, N. M., on April 22, 1903, viz: Eugenio Barco for the S. 1/4 of section 2, lots 2, 3 & 4, section 1, township 13 north, range 9 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Ambrosio Larranaga, Juan N. Sandoval, Margarito Chavez, Cesar Chavez, all of Galisteo, N. M.
MARCEL R. OTERO, Register.

DANGER OF COLDS AND GRIP.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism, and Neuritis and expels Malaria germs. Only 50c, and satisfaction guaranteed by Fischer Drug Co.

LOST HIS NERVE.

Those who climb mountains frequently find the dizzy depths too much for them and lose their nerve. Such is also the experience of those who neglect their stomachs or bowels. Self preservation demands Dr. King's New Life Pills. They are gentle, but thorough. Only 25c, at Fischer Drug Company.

THE PLOT THICKENS.

But that has nothing to do with the fact that there is not a better Salve on earth than Bucklen's Arnica Salve. It's a reliable Cure for Burns, Bruises, Cuts, Corns, Sores and Salt Rheum. Tried and tested and proved infallible for Piles. Only 25c. Satisfaction guaranteed or money refunded by Fischer Drug Company.

DEATH RATE DECREASING.

The 1900 census shows a decrease of 10 per cent in the general death rate. The decline in Consumption is more marked than any other disease. Many causes are attributed, but it is safe to say that Dr. King's New Discovery for Consumption, Coughs and Colds is responsible for this decline, to a large extent. Many a life has been saved by its use. There is nothing anywhere just as good for Lung and Throat troubles. It's positively guaranteed by Fischer Drug Co., Druggists. Price 50c and \$1.00. Trial bottle free.

A PHYSICIAN WRITES.

"I am desirous of knowing if the profession can obtain Hedline in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected to their healthful activity." 50c bottle at Fischer Drug Company.

Council Bill No. 107.

AN ACT

To Provide for the Refunding of Certain County Indebtedness.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That the Governor, the Secretary and the Treasurer of the Territory of New Mexico be, and they are hereby created a commission for the purpose of refunding the indebtedness incurred by any county of the Territory of New Mexico in aid of railroad construction, and are authorized and empowered to compromise and adjust all such indebtedness as was recognized and validated by the Act of Congress of the United States of 1897, together with the past due and unpaid coupons upon the bonds issued in aid of such railroad construction, and the interest upon such coupons and interest thereon and judgments obtained on said coupons or any part thereof, whenever the owners of such indebtedness may consent and agree to such compromise and the refunding of such indebtedness.

Sec. 2. Whenever an arrangement and compromise of the indebtedness mentioned in section one of this act shall have been effected by and between the said commission and the owner or owners of such indebtedness, by which it is mutually agreed by and between the parties to surrender the existing indebtedness of the class specified in said section one, and to receive therefor and in lieu thereof the bonds issued under this act for a sum not to exceed sixty per cent (60) of the whole indebtedness surrendered, the said commission created by said section one shall be, and is hereby, authorized to issue refunding bonds in exchange for such indebtedness.

Sec. 3. The bonds to be issued in exchange for the indebtedness specified in Section 1 of this act shall be in the usual form of coupon bonds, and shall be dated on the date of their issue, shall be in the denomination of one thousand dollars or multiples thereof, shall bear interest at the rate of three per cent (3 per cent.) per annum, payable semi-annually on the tenth days of January and July of each year, shall be signed by the Governor and the Treasurer of the Territory of New Mexico and countersigned by the Auditor thereof, and shall be payable in forty (40) years from the date of their issue, and may be redeemed at the pleasure of the territory at any time after thirty (30) years from their date, principal and interest to be payable at such bank in the City of New York, in the State of New York, as may be designated on the face of the bonds and coupons, and shall be known and styled as the Railroad Aid Refunding Bonds. It is hereby specifically provided that the principal and interest of each bond shall be paid only as provided in this act, and no other county in the territory, by territorial levy or otherwise, shall be taxed to pay any part of such principal and interest.

Sec. 4. Whenever any of the indebtedness hereinbefore referred to shall be refunded as provided for in this act, the territorial treasurer shall open and keep an account with the county the bonds of which have been so refunded, and shall immediately make out and transmit to the proper officer or officers charged with the administration of the affairs of such county a statement under the official seal, showing the amount and character of the indebtedness of such county so refunded, with the amount of bonds issued therefor, when due, and when and where payable, with the rate of interest and amount of interest that will be required annually to be paid thereon, and such statement shall be filed in the proper office, and recorded in the official records of such county.

Sec. 5. In all cases where the said indebtedness has been so refunded, the board of county commissioners of the county owing such indebtedness shall, annually, at the time of assessing and levying taxes therein, cause to be made, assessed and levied, for each year, upon all the taxable property of such county, in addition to other authorized taxes a sufficient sum to pay the interest upon the bonds issued and disposed of under the provisions of this act for the benefit of such county. And twenty years after such bonds shall have been issued the county commissioners or proper county officials may cause to be levied an additional amount annually, sufficient to pay ten per cent (10 per cent) of the total amount of such bonds so issued, and shall make such levy thirty years after the issue of such bonds, and shall maintain such last mentioned levy until a sinking fund has been provided sufficient to pay the total amount of such bonded indebtedness, and such sinking fund levy shall be in addition to the annual interest levy provided for in this section; and all such taxes shall be assessed, levied and collected as other county taxes are assessed, levied and collected, but the proceeds of such levy shall be paid directly into the hands of the Territorial Treasurer by the officer or officers collecting the same.

Sec. 6. In event sufficient money shall not be realized each year from the collection of taxes under the levy provided in section five of this act to be made, with which to pay the interest on said bonds when due, the deficiency shall be paid out of any funds in the treasury of said county, and such deficiency shall be paid over by the proper officer or officers entrusted with such county funds upon demand therefore by the Territorial Treasurer: Provided, That all moneys collected in such county for the payment of such interest, remaining in such fund after such payment, shall be paid into such fund or funds of such county, to reimburse said fund or funds for any such amount so paid out as herein provided, for interest payments.

Sec. 7. It shall be the duty of the proper officers of such counties, respectively, to assess, levy and collect the taxes in this act provided for the payment of interest and sinking fund of such bonds, and to pay the same into the territorial treasury at the time of the payment of the territorial taxes; and any failure to comply with the provisions of this act by any officer or officers charged with the performance thereof, or any neglect or refusal by them or either of them to assess, levy and collect, or to pay over such taxes as aforesaid, or to apply said taxes and the proceeds thereof as in this act provided, for the purpose for which the same was collected, shall be deemed a misdemeanor, and upon conviction thereof such person or persons so convicted shall be fined in a sum not less than five hundred dollars (\$500) nor more than two thousand five hundred dollars (\$2,500), and, in addition thereto, in a sum equal to the amount which should have been so assessed, levied or collected, or paid over as the case may be, and in addition to such fine or fines shall be imprisoned in the county jail or territorial penitentiary for a period of not less than three (3) months nor more than one (1) year in the discretion of the court. And if any officer or officers charged with the duty or duties herein provided shall fail to perform the same he shall be compelled to such performance by any court of competent jurisdiction within this territory.

Sec. 8. In event of the failure or refusal of the county commissioners, or of the county assessor, or either, to make such levy, as herein provided, the Territorial Auditor shall make such levy directly within such county, for the purpose of carrying out the provisions of this act. And, in event of the proper tax collector of such county neglecting, failing or refusing to collect such taxes, the Governor of the Territory shall immediately remove such collector, and appoint some qualified person to collect such taxes.

The county commissioners of such county, the indebtedness of which has been so refunded, shall furnish to the refunding commission created by this act all such information as to taxable values, etc., within such county, as will enable such commission to carry out the provisions of this act as to assessment, levy, collection, etc., and such commission, or either of the members thereof, or the Territorial Auditor, shall have power to demand of the county officials of such county such information.

Sec. 9. In event the tax herein provided for shall be levied by the Territorial Auditor, as herein provided, he shall transmit to the board of county commissioners, or to the officer or officers exercising like duties, a statement of the rate of taxes fixed and levied upon the taxable property within such county for the purposes hereinbefore provided, and such statement shall be entered upon the tax roll of said county, and the tax so entered shall be collected as other county and territorial taxes are collected.

Sec. 10. All taxable property, and the increase thereof, within the limits of such county shall be, and is hereby, pledged to the payment of principal and interest upon such bonds issued as herein provided, for the benefit of such county; and in event of the division, disincorporation or dissolution of such county in any manner, or the cutting off of any part of the same, then said refunding commission, or the Territorial Auditor, shall cause the proper tax to be assessed, levied and collected, as herein provided, by the county or counties into which such original county may have been divided, or to which any part thereof may have been attached, in the proportion which such part so detached, or cut away from the original county, as to taxable values, bears to that part of the original county so remaining, if any; and if such original county is wholly disincorporated, then to cause such tax to be assessed, levied and collected by the county or counties with which the original county or any part thereof has been incorporated.

Sec. 11. In the event of the refunding of any such indebtedness, as in this act provided, the bonds and coupons and judgments so refunded, together with all other evidences of indebtedness for the redemption or refunding of which said bonds were so issued, shall be turned over to the

Territorial Treasurer, and the same shall become the property of the Territory of New Mexico, to be turned to such county, duly canceled, and discharged, upon the final payment of such refunding bonds by such county.

Sec. 12. The county, the bonds of which shall have been so refunded under the provisions of this act shall pay into the territorial treasury all the costs and expenses incurred for the refunding of such indebtedness, and also shall pay other costs in connection therewith, including the annual cost of exchange, etc., if any.

This act shall take effect and be in force from and after its passage.

HAPPY JOHNNY BURNS.

They wuz a man in Sandy-school last Sunday said at the
Wished he would ad be good and grow like Moses used to be.
But I don't care so much for that, as others molly cove.
I'd like to be like Johnny Burns, 'cause he wears gallus-uz.

My maw she never wants to let me play with Johnny, fer she says his folks is ignorant and ain't the style for her.
And every time she scolds me when I do what Johnny does—
I wish he were my waist and I could have his gallus-uz.

My paw's almost the richest man they are in this here town.
'Cause we live in a big white house and Johnny he lives down
Beside the railroad track—I wish 'at I lived where he does.
'Cause nearly all the boys down there are wearin' gallus-uz.

I wish I had my paw's git poor some day, and then I'd be rich.
And I'd be down by the track and not be all stuck up, you know—
Then I'd be maw'd let me be dressed the way 'at Johnny wuz.
And I'd be friendly with me, 'cause I'd have on gallus-uz.

TIRED OUT.

There's many a farmer's wife sits on the porch in the growing shadows of a summer evening, knowing to the full what it is to feel tired out—as if there was not another ounce of effort left in her. But she knows how sound her slumber will be and how refreshed the morning will find her. That's the tiredness of a healthy woman. But it's another thing for the sick woman to feel tired out. Just as in profound silence a discord jars the ear more forcibly now that she has stopped moving about, this tired woman feels more acutely the aching back and throbbing nerves. Sick women, hundreds of thousands of them, have been made well by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"Words cannot tell what I suffered for thirteen years with nerve trouble and dragging-down pains through my hips and back," writes Mrs. John Dickson, of Grenfell, Assiniboia Dist., N. W. Terr. "I can't describe the misery it was to be on my feet long at a time. I could not eat nor sleep. Often I wished to die. Then I saw Dr. Pierce's medicine advertised and thought I would try it. Had not taken one bottle till I was feeling well. After I had taken five bottles of Favorite Prescription and one of Golden Medical Discovery I was like a new woman. Could eat and sleep and do my work."

Santa Fe Like Every City and Town in the Union Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Here is evidence to prove that Doan's Kidney Pills cure and the cure is lasting. Juan A. Ortega, ex-politician, of Loma street, says: "If all troubled with pain in the back have that annoyance ended as quickly as the use of Doan's Kidney Pills procured at Ireland's Pharmacy ended mine then backache due to kidney complaint would cease to have any terrors for users of this very strengthening and curative preparation. No one in Santa Fe needs be the least dubious about using Doan's Kidney Pills if they require a medicine to wash, purify and strengthen their kidneys."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

BOWLING ALLEY NEWS

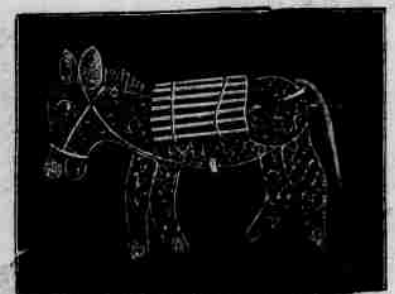

The previous bowling record of 303 has been broken 205, 207 210, 218 and a number of scores has been made above 200. Highest score 175 by ladies, made by Burna Dilts. Several ladies have bowled over 100 this week. This is a game that is endorsed by ministers and the best people of the country. This has been plainly demonstrated by the Denver tournament in the last week. Cordial invitation to the ministers and others. Come and see for yourself.

The ladies of Santa Fe are taking hold more readily. Arrangements are being made for several bowling parties. Invite your friends and give one of these health giving bowling parties. The alleys rented reasonably for this purpose. All you need is a little practice and we will turn out some grand bowlers. Thursday, Ladies' day.

SATURDAY, MARCH 21.

SOCIAL AND PERSONAL

Councilman and Mrs. W. A. Hawkins of Alamogordo, went south yesterday afternoon.

Mrs. Frost will leave Monday for Kansas City, Mo., for a ten days' visit with her parents.

Councilman and Mrs. A. B. Fall and daughters were passengers for their home at El Paso last evening.

Eugene Murray of Denver, is in the city as the guest of J. V. Conway, county superintendent of schools.

Mr. and Mrs. J. H. Hamilton, who have been at the Sanitarium for some time, returned to their home in Denver yesterday.

Senator W. H. Andrews, president of the Albuquerque Eastern Railroad, left last night for a business visit to Pittsburgh, Pennsylvania.

Reverend Fathers Minner and Mitchell, Cincinnati priests, are among the late arrivals at the Sanitarium in search of better health.

Associate Justice Henry C. Sluss of Wichita, Kansas, who has been here attending the sessions of the Court of Private Land Claims, has returned home.

Councilman and Mrs. Charles A. Spess of Las Vegas, were passengers for their home this morning. Mr. Spess was a member of the Council during the recent session.

Councilman James S. Duncan, who ably and conscientiously represented the counties of San Miguel and Guadalupe in the Assembly, was a passenger for the Meadow City this morning.

Mrs. J. S. Hatcher and children have returned to their home at Pagosa Springs, Colo., after a month's visit with Mrs. Hatcher's mother, Mrs. Joseph Hersch. Miss Helena Hersch accompanied Mrs. Hatcher.

Judge Henry L. Waldo who spent the past two months in the capital on legal business and on Legislative matters, left Thursday night for Kansas City, Mo., to visit his family, expecting to return to New Mexico in about a month.

Colonel and Mrs. Venceslao Jaramillo of El Rito, who have been guests at the Sanitarium during the past two months, while Colonel Jaramillo attended to his duties as a member of the Legislative Council, went home this morning.

The Woman's Aid Society of the Presbyterian Church will give a reception to Miss Matilda Allison at the Allison School on Friday evening, March 27. No special invitations are issued, but all the friends of Miss Allison in the city will be cordially welcomed.

Representative and Mrs. R. M. Turner of Silver City, were among those who left the capital last evening for their homes. Mr. Turner was the representative in the session just closed, from Grant county.

H. H. Howard, editor of the San Marcela Bee, and who made an enviable record as a member of the House of Representatives from Socorro county, left last evening for home to resume his newspaper duties.

Hon. and Mrs. Solomon Luna of Los Lunas, returned to their Valencia home last evening. Mr. Luna is president of the Territorial Ship Sanitary Board, and attended to legislative and political matters here during the past two weeks.

W. H. Jack of Silver City, president of the New Mexico Cattlegrowers' Association, who spent the past week in the city looking after legislative affairs connected with the interests of the cattlegrowers of New Mexico, left last evening for Albuquerque where he will meet Mrs. Jack who has been visiting her sister in Los Angeles, California. Both will then return to their Grant county home.

Mrs. A. M. Bergere entertained at handsomely arranged luncheon on Tuesday. The decorations were green and red and of a most pleasing effect. Covers were laid for ten. In addition to the hostess and her daughter, Miss Nina Otero, there were present: Mrs. Otero, Mesdames J. W. Reynolds, D. H. McMillan, Shuttlesworth, Solomon Luna, W. S. Hopewell, W. A. Hawkins and Miss LaRue.

This evening Carl Metzger will leave for Albuquerque where tomorrow he will meet Mrs. Metzger, who is on her way back from California. Mrs. Metzger will be pleasantly remembered as Miss Pauline Ness, who with her mother, spent several days about six weeks ago at the Palace Hotel and made many warm friends in this city. She has since been in California. Mr. and Mrs. Metzger will return to this city Monday and will make it their future home.

L. B. Sholey and wife of Murphysboro, Ill., arrived in Santa Fe last Wednesday to make this city their future home. Mr. Sholey becomes a member of the editorial staff of the New Mexican. Mr. and Mrs. Sholey are keeping house in rooms with Mrs. Smith on Grant avenue.

Professor F. A. Jones of Albuquerque, in charge of the mine's affairs of New Mexico now being taken under and by the direction of the Geological Survey of the Interior Department, and who has been in town working for an appropriation for the St. Louis exhibition by the 35th legislative assembly, left yesterday for Cerrillos, Madrid and San Pedro to gather information concerning the mining interests of that section.

On Thursday afternoon Mrs. Rivenburg entertained in honor of Miss Allison, who will soon leave for California and then for Spokane. The entertainment was unique in that at each of a number of tables, a different game or contest was carried on and one of the contests was as to who could sew on the greatest number of buttons in a given length of time. The guest of honor was given a silver spoon. The first prize, a large Indian idol, was won by Mrs. Diaz, and the consolation prize, a small Indian idol, by Mrs. Easley. Among those present were Miss Allison, guest of honor, Mesdames Palen, Laughlin, Cartwright, Knaebel, Fiske, Amado Chavez, Easley, Diaz,

A. R. Gibson, Thomas, Wood, Weltmer, Marsh, Baca, Spitz, Kahn, Moore, Hanna, Harroun, H. E. Gibson, Price, Bartlett, Hinkley, Davis, Dudrow, McPherson, Cross, Walker, Crichton; the Misses Brown, Brongle, Morrow, Courtney, Atkinson and Lewis.

Miss Nina Otero expects to leave shortly after Easter for a visit to friends in St. Louis, Missouri. She may extend her trip to Pittsburg, also for the purpose of visiting friends.

Colonel J. Frank Claves, superintendent of public instruction, has gone to his ranch in Valencia county. He expects to return in about a week.

J. W. Kennedy, representing "The Omaha Magazine," published at Omaha, Nebraska, in the interest of the great West, is visiting New Mexico's capital. He is gathering information concerning New Mexico, and was furnished many pamphlets and bulletins published by the Bureau of Immigration and also a report of the Governor of New Mexico.

The report of the standing of the Santa Fe cadets at the Military Institute at Roswell for the second term has just been issued. Not a cadet from Santa Fe received a demerit during the term. The standings are as follows: First class, B. M. Thomas first with an average of 89; Second class, J. W. Claves, ninth, with an average of 76, and F. R. Crandall, tenth, with an average of 76; Third class, C. R. Easley, fourth, with an average of 91; Fourth class, G. S. Marsh, fifth, with an average of 85.

What may be called one of the social events of the season was the musical given by the members of the Wallace Club at the Elks Hall last Saturday night. Over 100 guests were present. It is much to be regretted that such pleasing events are not of more frequent occurrence. Fourteen numbers were on the programme, but they were almost duplicated as nearly every one was heartily enjoyed. Santa Fe may well be proud of the fine musical ability which was displayed. Why a permanent musical organization is not established here is strange; it is certainly not for lack of ability and culture as this musical has proven that there is an abundance of both available. All that is needed is for some active people to take the initiative and success will surely follow. The ladies of the club were not satisfied with presenting a charming musical entertainment. An unexpected addition was made to the regular programme when the entire company was invited to partake of dainty refreshments. Soon little parties were formed and a scene of merriment ensued which will long be remembered by the participants. As the happy party separated about midnight the ladies of the club were overwhelmed with thanks and congratulations for the delightful entertainment and all were grateful to the gallant Elks for the use of their beautiful hall.

The students of St. Michaels' College gave a literary, musical and dramatic entertainment at Loretto Hall Tuesday evening in celebration of St. Patrick's day. The hall was taxed to its capacity by friends of the institution and of the students, quite a number of the clergy being present.

The first appearance of the college orchestra in public was a notable feature of the entertainment. The orchestra has 18 pieces and is composed of students of the college, being under the leadership of Bro. Fabian. The organization acquitted itself with credit.

The program was in two parts, the first consisting of musical and literary numbers and the last of a historic war drama in two acts.

The musical numbers were splendid and the essays were delivered slowly and clearly.

The histrionic ability displayed by some of the members of the cast in "The Battle of Clontarf" was remarkable for amateurs and all did well. Before the play, Judge A. L. Morrison spoke briefly on the Irish history leading up to the battle of Clontarf which was fought on Good Friday, April 23, 1004, and in which the Danes were defeated by the Irish.

Following is the program:
PART I.
Overture, College Orchestra, "The Day We Celebrate," John Maher. Gavotte, Mandolins, M. Tafoya and G. Abbott. The Grecian Hero, Recitation, Theodore Lopez. Morning Invitation, College Choir, "The Key to Happiness," Grover Abbott. Instrumental Quintette, F. Chavez, J. Martinez, M. Pino, G. Rickel and F. Garcia. The Shamrock, Vocal, Ballingall Burke. Chiding's Polka, piano, Frederick Muller. "Success," Daniel Doyle. God Save Ireland, College Choir. Fifth Air Variet, Dancia, Violin, George Rickel.

Between the Acts.
Creole Belles, Cornet Solo, Jose Martinez. La Tipica Polka, Mandolin and Guitar, J. Lucero and A. Garcia.

PART II.
"The Battle of Clontarf," a drama in two acts. Cast of characters: Brian Boirimhe, King of Ireland, John E. Maher; Morrigh O'Brien, his eldest son, Ernest V. Digneo; Malachi, Prince of Meath, Camillo Mignardot; O'Kelly, Prince of Connaught, Jeremiah J. Kelly; O'Carroll, Prince of Orgail, Francis X. Chavez; Moelmortha, Prince of Leinster, George C. Rickel.

Act I. The Irish lines at day break, Good Friday, April 23, 1004.

Act II. The field of Clontarf after the battle.

OFFICIAL MATTERS

AGENT APPOINTED

The Michigan Gold and Copper Mining Company has named John G. Zane of Hupewell as its agent for New Mexico.

NOTARIES APPOINTED

Governor Otero has appointed the following notaries public: Jerome Martin of Garfield, Dona Ana county; Julian Montoya of San Antonio, Socorro county; Fidel E. Garcia of Tros, Pecos county; Edward R. Wright of Santa Rosa, Leonard Wood county.

INCORPORATIONS

LEONARD WOOD COUNTY OFFICIALS.

It is reported in official circles at the capitol that Governor Otero has the matter of appointing the new county officials of Leonard Wood county under consideration, and it is said that he feels strongly disposed to reappoint the county officials of the old county of Guadalupe, out of which Leonard Wood county was formed, and who were elected for Guadalupe county on November the 4th last, to the same offices in the new county, unless serious and well-founded objections to such appointments can be made. The governor believes such course to be the best and fairest for the public interests.

The National Gold and Silver Mining Company of Huron, South Dakota, has filed a certified copy of its incorporation under the laws of South Dakota. The company is authorized to acquire, lease and sell mines, mills and machinery necessary to carry on a mining business, own and operate water and electric plants, etc. The capital stock is \$3,000,000 divided into 3,000,000 shares of the par value of \$1 each. The term of existence is 30 years. The directors are Mark Sherman, Samuel W. Winn and Edwin Hearty of Chicago, Philip Lawrence and Marian Hoke of Huron, South Dakota. Edwin Hearty, mine superintendent at the Steln's Pass, Grant county, is named as New Mexico agent.

Mrs. Julia L. Barracough, Miss Nellie Barracough and Robert S. Phelps of Oakland, Calif., and Charles A. Hawks of Albuquerque, have incorporated the Albuquerque Natatorium Company with a capital stock of \$14,000, divided into 1,400 shares of the par value of \$10 each. The company is organized to operate a natatorium in Albuquerque. The term of existence is 49 years and the directors are Mrs. Julia L. Barracough and Robert S. Phelps of Oakland, Calif., and Charles A. Hawks of Albuquerque.

DISTRICT COURT.

Decision Postponed in the Case of Roybal Against Quintana.

District court was in session today with Judge John R. McFie presiding and all court officers present. The court refused to decide the case of Inez R. de Roybal against David Quintana until he had sent some one out to make a personal investigation of the land involved. The testimony in the case is so conflicting that the court did not care to render a decision on it and this was agreed to by counsel for both sides. The suit of H. L. Ortiz against S. S. Beatty to recover money alleged to be due as attorneys fees was on hearing this morning.
