THE STEEL TRUST WILL ECONOMISE

Constituent Companies Are Merged Into One of Corporation Under the Name of the National Steel Company With a Capitalization of \$65,000,000

WILL SAVE LARGE SUMS IN CAPITALIZATION TAXES

Trenton, N. J., March 26.—Articles of merger were filed in the office of the secretary of state today, merging the American Steel Switch Company, National Steel Company and the Carnegie Company. The merged corporation is to be known as the National Steel Company, with a capitalization of \$65,000,000. The combined capital of the old companies amounted to \$252,000,000. By this merger the new corporation will save over \$7,000 each year in fees paid to the state of New Jersey.

EXPLANATION AT PITTSBURG.
Pittsburg, Pa., March 26.—The only explanation offered in Pittsburgh for the filing of the articles of merger at Trenton today by the subsidiary companies of the United States Steel Corporation is that the latter is about to carry out

its plan of merging all its constituent companies, practically abolishing the subdivisions of the general corporation and having the parent concern become the operating as well as the stock-holding concern. This plan will do away with the individual organizations such as the Carnegie Steel Company, the American Sheet Steel Company, the American Tin Plate Company, the National Tube Company, the Federal Steel Company, the American Bridge Company and all underlying concerns operated separately. It will also simplify matters considerably and by arranging them as departments of the general corporation, there will be practically no change in the methods, while a tremendous saving in capitalization tax will follow.

"PREPOSTEROUS UNTRUTH."

Russian Officials Deny That Any Battle Has Taken Place on the Frontier.
St. Petersburg, March 26.—The officials of the Russian office characterized the report published by a news agency in the United States yesterday, that a thousand men were killed recently in a battle on the Turco-Persian frontier between hostile tribes of Kurds, as a "preposterous untruth." They say insignificant tribal disturbances are frequent on the frontier, but that no fighting has occurred recently.

PEACE IS IN SIGHT.

A Preliminary Agreement Between the Miners and Mill Owners in Colorado.
Colorado Springs, March 26.—At 12:30 this afternoon, Governor Peabody's advisory board is in conference in this city with Judge Babbitt, representing the mill owners, and Attorney Murphy, representing the Federation. It is understood both the owners and Federation have agreed to abide by any decision in the strike situation the commission may arrive at, and that, pending the announcement of this decision, the embargo on all plants and mines at Cripple Creek is to be declared off.

THE BURDICK IN- QUEST IS CLOSED

Rev. L. M. Powers Said Pennell Had Threatened to Commit Suicide If the Suit for Divorce Was Not Withdrawn.

THE REPORT OF CITY CHEMIST WILL BE READ

Buffalo, N. Y., March 26.—When the inquest into the murder of Edwin L. Burdick was resumed this morning the expectations were, that it would end today unless unforeseen sensations should develop in the final examination of witnesses.

Mrs. J. D. Hull, mother of Mrs. Burdick, the Rev. L. M. Powers, pastor of the Church of the Messiah, which the Burdicks attended, and City Chemist Herbert M. Hull will testify. Rev. Powers recently made a statement over his signature defending Mrs. Hull and accusing Pennell, then dead, with the murder of Burdick. It is said, however, that it was not so much on account of this accusation that he was subpoenaed, but because he was Burdick's pastor. He knew the murdered man well. Burdick, it is said, had talked to him of his troubles and of Pennell and even of the letters Pennell had written to Mrs. Burdick.

Rev. Powers was the first witness. He had many talks with Burdick concerning the domestic affairs of the latter. Burdick had told him everything that had so far come out and also that Pennell had threatened to commit suicide if the divorce suit was not withdrawn. Mr. Powers was then excused.

The report of Chemist Hull made this afternoon, shows that no poisons were found in the liquor bottle found on the table in Burdick's den on the morning of the murder. There was no poison in the stomach. There is no blood stains on the golf stick.

The inquest adjourned until 2 p. m. Nothing of interest was developed this morning. The taking of evidence is practically ended. After the recess was declared, the district attorney said: "At this time I know of no other witness who will be called at the afternoon session. The report of City Chemist Hull was to have been read this morning and recorded in the minutes of the inquest. I shall do that this afternoon. Mr. Hull will not take the stand."

Weather is Pleasant.

New Orleans, La., March 26.—The river gauge recorded 30.2 feet today, a rise of one-tenth during the past 24 hours. There has been absolutely no change over night in local conditions. The weather is bright and the sun is beating down upon, and strengthening the temporary levees along the front. Advice from all sections of Louisiana show that there has been no break in the line.

THE DUKE CITY.

Albuquerque is Making Big Preparations for the Reception of the President.

The Alvarado Hotel at Albuquerque, has been turned over to the city for the entertainment of President Roosevelt on May 5. The formal part of the reception will take place at that beautiful hotel. The First Regiment Band will be stationed over the large arched gateway in front of the Alvarado and will render music before and after the President's address. President Roosevelt will be introduced by Judge Benjamin S. Baker. The steps leading to the hotel are raised so the President will be above the throng. On the steps with President Roosevelt will be Judge Baker, Ex-Governor E. S. Stover, Colonel John Borradale, Captain W. E. Dame and a number of others. It will require 45 minutes to go over the line of parade that has been mapped out. Twenty minutes is allowed for the President's address.

TUCUMCARI IS AROUSED

Citizens Are Determined That Law and Order Shall Prevail.

MONDAY NIGHT'S MURDERS

The Three Men Under Arrest Have Unsavory Records Throughout the Southwest.

Special to the New Mexican.

Tucumcari, March 26.—The citizens of Tucumcari have closed the notorious dance hall in which the murders of Monday night took place. It was the most free and easy joint in the southwest and has been the scene of nightly brawls and fights. The murders of Monday caused the citizens to take summary action and public sentiment is thoroughly aroused. There is a determination that the town shall be orderly and law abiding.

There is a rumor that the trouble Monday night was premeditated. Val Kearnes, John Young and Louis Keefe went to the dance hall and undertook to have things their own way. Keefe, on demand of Deputy Sheriff J. H. Myers, turned over his revolver to him. Deputy Sheriff Myers demanded that Curley Carroll, manager of the hall, also turn his revolver over to him, but Carroll refused. The trouble was started by Young who, when a woman refused to dance with him, opened fire. He first selected Carroll, and the first shot fired penetrated his neck and the second went through his body, killing him instantly. Joseph Hoffman, owner of the hall, was next shot twice and instantly killed. Kenneth Woodward of Quanah, Texas, was shot over the right lung and died five hours afterwards. A musician was accidentally shot through both hands.

Deputy Sheriff Myers did all in his power to stop the trouble, but was unable to do so. He even stood between the duellists. Kearnes, Young and Keefe were arrested and were placed under guard in a saloon.

Keefe is not thought to have taken any active part in the shooting as he had surrendered his revolver, but it is rumored that he remarked just before the shooting commenced: "Boy, you had better do what you came down here to do and we will go back to town." Almost immediately the shooting commenced. Keefe is known throughout eastern New Mexico and Texas as a dangerous man and it is said he has committed several murders. He was engaged in the saloon business along the line of the Rock Island extension to El Paso and recently returned to Tucumcari with Kearnes and Young.

Huffman has managed many dance halls throughout the southwest and only recently was discharged from the hospital after having been shot during a gambling game.

The coroner's inquest was held behind closed doors and the preliminary hearing of the men under arrest is set for today.

CONFLICTING STORIES.
Arthur E. Curren of Tucumcari, arrived in this city last night and is at the Palace hotel. He said today there are conflicting stories as to how the trouble originated. One story is to the effect that Kearnes and Carroll got into a quarrel and that Carroll drew his revolver when Young whipped him and shot Carroll dead before he had time to fire. Huffman then took a hand in it and was shot next. Woodward, the bar-tender, was the next one shot. There is some question as to the part taken by Kearnes and Keefe and so they are held under arrest also.

ARGUMENTS CONCLUDED.
Judge Seeds is considering the motion to quash the venire.

Colorado Springs, March 26.—Attorney Hughes completed his argument in favor of the motion to quash the venire in the famous Stratton case at 11:30 this morning. Judge Seeds immediately declared a recess until 2 this afternoon. If the motion is overruled, the trial will proceed with the present panel. If it is sustained, a new venire will be drawn. It is expected the judge will decide the motion this afternoon. During the morning session, Senator Patterson, one of the attorneys for the will, disclaimed any intention of reflecting on his arguments made in court yesterday afternoon.

Judge Seeds this afternoon decided to discharge the panel of jurors in the Stratton will case.

WILLIAM F. ANNIN DEAD.
Was One of Washington's Brilliant Newspaper Men for Many Years.

Phoenix, Ariz., March 26.—William F. Annin, a special agent in charge of the rural route service for the Denver division, died in Phoenix today of tuberculosis. He was 47 years old and leaves a wife and two children. For years Mr. Annin was known as one of the most brilliant newspaper men of the congressional gallery membership at Washington and was one of the most prominent members of the Gridiron club of which he was president for a term.

COLO BLOODED MUR- DER AT CERRILLOS

U. F. Hart, Operator at the Station, Refused to Obey the Command of a Masked Man to Throw Up His Hands.

OFFICERS, WITH HOUNDS, ARE ON THE MURDERER'S TRAIL

Special to the New Mexican.

Cerrillos, March 26.—U. F. Hart, operator at the depot of the Atchison, Topeka and Santa Fe Railway, at this place, was shot down in cold blood last night and died this morning from his wounds. A few moments before midnight he went from the station to the postoffice with the mail and had just returned to the station. He left the door open and close behind him followed a masked man who entered the open door. Mr. Hart refused to obey the command to throw up his hands and the man shot him. The man escaped, but deputy sheriffs are after him.

Hart died this morning at 8:40 and leaves a widow and four children. He had been here about four months and was formerly from Ohio.

SHERIFF KINSELL NOTIFIED.
Sheriff H. C. Kinsell was promptly notified of the crime and he and Deputy Sheriff Charles C. Closson left for Cerrillos about 1 o'clock this morning. They took with them two of the hounds from the penitentiary and expected to start at once on the track of the murderer.

GOOD WORK BEING DONE.

Sample of Letters Received by the Bureau of Immigration—Bringing People to New Mexico.

The following is a sample of letters received almost daily at the office of the Bureau of Immigration in this city:

Facts as detailed in the letter show conclusively that the Bureau of Immigration is doing constant and excellent work for the territory and is bringing people and capital into New Mexico right along. The letter reads:

"Secretary of the Territorial Bureau of Immigration.—Dear Sir: Sometime ago, I received from your bureau through you a copy of the Governor's Report to the Secretary of the Interior, and other literature with regard to New Mexico. Since then I have come to the Pecos Valley and expect to remain in the territory. I will thank you again for the pamphlets sent me. I enclose a letter from a neighbor in my home town, who asks for general information about this Pecos Valley especially for some pamphlets. The address is E. P. May, Fort Atkinson, Wis.

You were to have some pamphlets finished after I got mine. If you have a good supply, I should like a copy of the bulletins of such counties as I have not. Those I have are the following: Bernalillo, Chaves, Colfax, Dona Ana, Eddy, Grant, Guadalupe, Lincoln, Luna, Otero, San Juan, San Miguel, Socorro, and Union.

I should like to be put on your list for the Governor's Report for the year 1902. I have the previous number. Very truly yours,

E. S. WIGDALE.

APPROPRIATIONS ARE HELD UP

Can Money Derived From Sale of Land Granted Institutions for a Specific Purpose Be Used to Repay Loans Which Will Be Used for General Purposes.

TREASURER VAUGHN WANTS A RULING BY THE COURT

Payment of several of the appropriations made by the last legislative assembly will not be made until a question raised by Territorial Treasurer J. H. Vaughn in regard to the loans authorized to be made to the public institutions has been passed on by the courts. The refusal to make the loans until the law is construed by the court, necessarily holds up some other appropriations.

The appropriation law as passed by the legislature, authorizes the loan of certain amounts to certain territorial institutions and states that these loans shall be repaid from the sale of lands allotted to the institutions. The question raised by Treasurer Vaughn is whether or not money derived from the sale of these lands can properly be used to repay such loans. It is his belief that these lands were granted the territory for the use of the institutions named in the United States law, for specific purposes and that money derived from the sale or lease of these lands can only be applied to the purpose named in the law. If money is loaned to the institutions to be expended for any purpose and for purposes other than those specified, the treasurer does not believe it can be repaid from money derived from the sale of lands any more than the money derived from sale or lease of lands could be directly expended for purposes other than those specified in the law. The treasurer cannot see the difference between a direct expenditure of money for purposes

contrary to those contemplated by the United States government and an indirect expenditure of the same amounts of money by taking it through the territorial treasury. The institutions have commenced to clamor for their money under the appropriations, but it will be some time before they are paid.

The legislature dipped into every sinking fund in making the appropriations and, in order to keep the books straight, it has been customary to create a provisional indebtedness fund after a legislative adjourns, from which the appropriations are paid. This fund is created by transferring to it monies from other funds and from the fund so created all appropriations are made. Any surplus after paying the appropriations, is distributed among the funds which originally contributed to the provisional indebtedness fund. This fund is usually in existence about 45 months. Should the transfer of monies to this fund at the present time, there would be about \$153,600 in the provisional indebtedness fund. Of this amount \$109,000 would be transferred from the capital building bond sinking fund and the balance from various funds.

The transfer of monies of this money to this fund has been made and it probably will not be authorized until the question at issue is determined. In the meantime the institutions will have to wait for their money and with them other claimants for whom appropriations have been made in the law.

GOOD RIDDANCE OF BAD RUBBISH.

George Bashford's Sentence Suspended With Stipulation That He Must Remain Out of the Territory.

George Bashford was released from the county jail and left for Colorado yesterday. Bashford entered a plea of guilty in the United States district court during the present term and was sentenced to serve a term of two years in the territorial penitentiary by Judge John R. McFie for entering and attempting to rob the postoffice at Tres Piedras. Last February he went into the postoffice at the above named place and covering those present with a revolver demanded them to throw up their hands. They complied. Different stories are told with reference to what followed. Some say that when all had thrown up their hands Bashford laughed and said it was all a joke. Others state that Postmaster Grant ran from the building while Bashford was looking at his watch, he having given the postmaster five minutes in which to open the safe. At any rate a message was sent to this place for an officer and Deputy Sheriff C. R. Huber went to the scene of the supposed attempted robbery. On arriving there he was assured by a number of parties that Bashford had committed the act in a spirit of fun and they even went so far as to raise money to pay the deputy for his time and trouble. Consequently he returned without Bashford. About ten days later United States Deputy Marshal Letherman arrested Bashford on a United States charge. When he appeared for trial he entered a plea of guilty and was sentenced by Judge McFie, who afterwards suspended the sentence for such time as the plaintiff shall remain out of the territory and keep the peace. Judge McFie states that it would have been difficult to convict the defendant had he seen fit to stand trial and as he was reputed to be a bad man who knew how to use a gun the judge thought this a splendid means and opportunity of riding the territory of his presence. If he returns he will be arrested and placed in prison to serve his sentence.

A SHEPHERD MURDERED.

An Atrocious Crime Committed on the Range Southwest of Roswell.

Pedro Gutierrez, a sheep herder, was found murdered one mile from the sheep camp of Fritz Brinck, near Roswell, for whom he herded sheep. Gutierrez was in charge of a herd of bucks in the low hills seven miles southwest of Roswell. He was last seen on Monday morning watering his flock. On Tuesday he was found dead beside his camp-fire. He had been attacked while eating breakfast, for his coffee-pot, molasses-jug and tin plate were at his side. He was struck twice in the back of his head with his ax, which was found nearby, covered with blood. Judging by the fact that the sheep were still in the pen, the murder was committed very early in the morning. His pocketknife was found open by his side, and his bed had been gone through.

THURSDAY, MARCH 26.

There ought to be busy times ahead for reception committees during President Roosevelt's trip, but the Santa Fe committee does not seem to know this.

The Hon. Sam Jones concluded to run again for mayor of Toledo. Although a great reformer, the Honorable Sam believes in holding office as long as possible.

Several of the honorable members of the 35th legislative assembly overlooked no bet during the session; of this fact the people of the territory may be very sure.

William Jennings Bryan is said to be conspiring for another chance to lead the Democrats to national defeat. The Republicans hope that he will make his point.

A thorough inspection of New Mexico's beautiful capital building shows that it stood the strain of the 35th legislative assembly fairly well. It is evidently a building with a strong foundation.

Pennsylvania is all right. A bank looter who embezzled \$20,000 in that state has been taken in custody. When the lawyers get through with him the looted bank and the bank looter will have the experience and the lawyers will have the money.

The terrible tragedy at Tucuman on Monday night of this week, is not the first of the kind that has happened in New Mexico on account of the toleration of bawdy houses and immoral dance halls. Places of that kind should be weeded out and district attorneys should be held responsible for failure to do so.

The Hon. Frank A. Hubbell, collector of taxes of the County of Bernalillo, is not saying much just now, but he is evidently thinking very hard. His opinion of the two daily newspapers in Albuquerque is very properly expressed in the following: "A plague on both your papers."

The Emperor Marcus Aurelius, about 2,000 years ago, remarked: "A man should be upright, not be kept upright." The Emperor Marcus Aurelius must have been something of a prophet and probably alluded to some of the members of the Council of the 35th Legislative Assembly of New Mexico.

New Mexico has been slighted again. Representative Littlefield of Maine, has published a list of trusts in the country but he has left New Mexico out of the list. He probably knew that the "reform trust," the "honesty trust" and the "boss trust" of the Council of the 35th Legislative Assembly, were "busted."

It is said that it will take \$135,000,000 to complete the Panama canal and some of the Albuquerque and El Paso bosses are feeling very sore and injured because they cannot get their hands into that right handsome pile of boodle. The New Mexican does not blame them. With their ability, what a beautiful rake-off they would make.

It pays to be a stayer. The Hon. Samuel P. Fessenden, member of the National Republican Committee from Connecticut, has just collected a fee of \$150,000 for collecting war claims due the State of Connecticut from the United States. To be sure it took him twenty years to do this, but even at that rate he did mighty well.

The Carlsbad Argus comments upon the appointment of J. M. Hervey to be district attorney of the 8th district as follows: "The appointment of James M. Hervey as district attorney for Eddy and Chaves counties, by Governor Otero, is pleasing intelligence to the people of the district. The Governor hearkened to the public voice, which was a kindly and proper act on his part."

Oklahoma is hard at work preparing a fine exhibit for the World's Fair. One of the unique features of the exhibit will be a gigantic map of the territory, showing all of the county lines, cities, water courses and hills in marquetry composed of forty-three kinds of woods, indigenous to the territory. The various bits of wood composing the map are sawed to show the grain to the best advantage, highly polished and shaped to conform to the county divisions, each county being represented by a different wood. A map of New Mexico showing the products of each county might thus be prepared under the direction of the New Mexico commissioners, not necessarily of wood marquetry, but possibly of other products in which each county excels.

Among the members of the House of Representatives of the 35th Legislative Assembly, one of the leaders of the House, was Judge Granville Pendleton of Aztec. He was clean-handed, hard-working, attentive and especially aggressive and alert when the interests of his county, San Juan, and of his district, were involved. Judge Pendleton comes under the category of "Well done, thou good and faithful servant."

The Territory of Oklahoma is evidently well fitted for statehood. Some sports took shots at an opera singer at Guthrie one night recently. Where there is such a high standard as regards music and singing there certainly must be the fullest capacity and ability successfully to run a state government. In all ages, as far as heard from, the appreciation of fine singing and good music and civilization have gone hand in hand.

If President Roosevelt desires the everlasting and genuine friendship of Mayor Carter Harrison of Chicago, who is up for re-election, he might address a public meeting or two in the Windy City in the interest of the aforesaid Mr. Harrison. Should President Roosevelt not care to take this hint, and it is dollars to doughnuts that he will not, Mr. Harrison will surely oppose him tooth and toe nail in the 1904 presidential election. But very likely Mr. Roosevelt is prepared for this.

Delegate Rodey made a grievous mistake in not securing the passage of a bill providing that the Fort Marcy military reservation be turned over to the territory for sale in part and for the uses of the Historical Society as to the remainder, the proceeds of the portion sold to be turned over to this city for permanent school improvements. It seems to be too late to retrieve this mistake and this is proving detrimental to the best interests of this town. It is hoped, however, that the delegate may yet have this done by presidential action, if this can be had under existing laws.

Council Bill No. 57, the appropriation bill, became law by limitation. Governor Otero failed to approve it. It contains some very rotten and dishonest provisions, which the New Mexican in due course of time, will present to the people of the territory for their consideration. In the meantime, the New Mexican desires to remark right here, that the blue-blooded reformers and fierce watch dogs of the territorial treasury in the Council voted for these provisions with great gusto and pleasure, although they did their level best to cut down appropriations for useful and necessary items.

The Deming Graphic editorially voices the following opinion concerning matters connected with the Territorial Bureau of Immigration: "There seems to be a general feeling among the people of Deming, that Colonel Max Frost is the right man in the right place on the Bureau of Immigration, and that his place could scarcely be supplied by any other man. This feeling comes not only from the fact that Colonel Frost is a staunch friend of Luna county, but from the fact that his untiring efforts in advertising the resources of the territory have done as much. If not more, to bring capital and settlers to the territory than any one man in New Mexico."

In looking over the work of the 35th Legislative Assembly the first fact that presents itself is the efficiency, energy and business-like methods shown by the two chief clerks, namely W. E. Martin of the Council, and Charles V. Safford of the House. The constant and hard work of the session was performed by them in a most creditable manner and the corps of stenographers and typewriters, the reading and engrossing clerks, translators and interpreters, were under strict discipline and obeyed orders to the very letter. Better records in the positions named than were made by Chief Clerk W. E. Martin of the Council, and Chief Clerk C. V. Safford of the House, could not possibly have been made. Credit where credit is due.

ARBOR DAY.

"If you want to get rid of something valuable, give some one \$100 rather than cut down a good shade tree. Each one is worth that sum to a community in the arid region." Thus says one of the New Mexican's contemporaries, and it is right. If each shade tree is worth that much to Santa Fe there should be a general response on April 3 to Governor Otero's Arbor Day proclamation with planting of trees and shrubs. The Denver Republican speaks thus on the same subject:

"The good results hoped for from the observance of Arbor Day have not been conspicuously manifest in Colorado. But this should not prove discouraging, for the process is one of education, and it takes a long time to make people appreciate the importance of tree culture and the need of forest protection. Possibly the best line of work is that already adopted, consisting of suitable exercises in the public schools and an effort to awaken in the pupils an appreciation of the importance of the subject."

"It is to be regretted that no way has yet been found to secure recognition and observance of the day by the people in general. If that were done, tree planting would receive a stimulus and public sentiment would soon demand the full and adequate protection for our mountain forests which is so greatly needed. The danger is that the forests will be destroyed before the mass of the people learn what their value is. As far as practicable, every forestry society in the state should take an active part in the observance of Arbor Day this spring."

The New Mexican is sending about 50 copies each week to parties desiring information about Santa Fe. This is done for the public good, and free of charge, although it is quite expensive.

It is tenaciously asserted that the act of the last assembly providing for an extension of terms of mayors, members of the city councils and of boards of education of the several cities of the territory is absolutely unconstitutional and will not stand the test of the courts. If this is really so, why not try the issue? It must be admitted that in this city there are several members of the council, as well as of the board of education whose services could be dispensed with, with great advantage and benefit to the people and the betterment of the administration of city affairs and of the city schools. It would be very easy to test the question. Any interested citizen can ask for a mandamus directing the mayor and city council to call a city election on the first Tuesday in April. If a peremptory mandamus should be granted by the court, the election would take place as a matter of course. If denied by the court, that would be the last of it.

Stop overs will be allowed in California on Colonist tickets via Santa Fe, April 1 to June 15, 1903. H. S. Lutz, Agent, Santa Fe, N. M.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranco Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 98 to 122 degrees. The gases are carbonic. Altitude, 6,980 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week, 35¢ per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. SEVERE ATTACK OF GRIP.

Cured by one bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I am at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

CURES SCIATIC RHEUMATISM.

Mrs. A. E. Simpson, 609 Craig St., Knoxville, Tenn., writes, June 10th, 1899: "I have been trying the baths of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by Fischer Drug Co.

Notice for Publication.

(Homestead Entry No. 4831.)
DEPARTMENT OF THE INTERIOR.
Land Office at Santa Fe, N. M., March 14, 1903.
Notice is hereby given that the following named settler has filed notice of his intention to claim land as provided in the act of September 24, 1902, viz: Eusebio Barco for the 24 sec. 4, of section 2, lots 2, 3 & 4, section 1, Township 13 North, Range 2 East, it names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Ambrosio Carranza, Juan N. Sandoval, Margarito Chavez, Cesar Chavez, all of Galisteo N. M.
MANUEL R. OZENO, Register.

SO SWEET AND PLEASANT IN TASTE.

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or a cold; and it is so sweet and pleasant in taste." 25c, 50c, and \$1.00 bottle at Fischer Drug Company.

DANGER OF COLDS AND GRIP.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism, and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Fischer Drug Co.

THE PLOT THICKENS.

But that has nothing to do with the fact that there is not a better salve on earth than Bucklen's Arnica Salve. It's a reliable cure for Burns, Bruises, Cuts, Corns, Sores and Salt Rheum. Tried and tested and proved infallible for Piles. Only 25c. Satisfaction guaranteed or money refunded by Fischer Drug Company.

CHILDREN'S COUGHS AND COLDS.

Mrs. Joe McGrath, 337 E. 1st St., Hutchinson, Kan., writes: "I have given Ballard's Horehound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c, and \$1.00 at Fischer Drug Company.

A PHYSICIAN WRITES.

"I am desirous of knowing if the profession can obtain Hedine in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected to their healthful activity." 50c bottle at Fischer Drug Company.

DEATH RATE DECREASING.

The 1900 census shows a decrease of 10 per cent in the general death rate. The decline in Consumption is more marked than any other disease. Many causes are attributed, but it is safe to say that Dr. King's New Discovery for Consumption, Coughs and Colds is responsible for this decline, to a large extent. Many a life has been saved by its use. There is nothing anywhere just as good for Lung and Throat troubles. It's positively guaranteed by Fischer Drug Co., Druggists. Price 50c and \$1.00. Trial bottle free.

LIVE STOCK MARKET.

Review of Last Week's Business Done at Kansas City.

Special to the New Mexican.
Kansas City, Mo., March 26.—Total cattle receipts this week amount to 31,749 head against 21,457 head the corresponding week last year. Dressed beef men were good buyers of fat cattle and prices showed very little change from day to day. All weights of fat steers closed the week steady with previous week's close, although the week's supply showed a liberal proportion of corn cattle. The run of quarantine was small, of good cows ample, too many canners and a fair proportion of stockers and feeders. Fat cows lost 25 cents during the week, canners sold dull, bulls are 10 to 20 cents lower, and stockers and feeders sold steady the first half of week, but lost 10 to 20 cents towards the close.

Western cows sold at \$3.50 to \$3.80 during the week and western fed steers up to \$4.80. Top on native steers was \$5.25. Numerous sales of stockers and feeders were made at \$4.50 to \$4.90 and one bunch of fancy blacks sold at \$5. Some 916 western feeders sold at \$4.40 Tuesday. Other sales of western were from \$3.60 to \$4.

The run today is moderate at 5,000 head, a decrease of 8,000 from a week ago. Lower reports from eastern markets served to prevent an advance in prices but the market was fully steady on fat steers and good cows and strong on stockers and feeders.

Heavy sheep receipts last week did not prevent another notable advance in prices. Receipts amounted to 22,990 head against 11,998 head the corresponding week last year. Muttons gained 25 to 40 cents with ewes leading. Best lambs also sold better and medium grades of lambs which have recently been dull closed the week strong. The market today is a good 10 cents higher, indicating another good week. The Parrott ewes, from St. Mary's, sold at \$5.50 today, weighing 88 lbs, 20 cents higher than last Thursday. A. Forster, La Junta, sold two double decks of lambs today, \$2 lbs, at \$7.15, a very satisfactory price. W. L. Booth, Edgerton, Kas., sold 228 Mexican wethers this morning, \$5 lbs, at \$6. Yearlings brought \$6.25 today. Shippers may expect these high prices for the immediate future, as the wonderful demand for mutton seems unabated.

THE ARTESIAN CITY

A Roswell Architect Loses His Reason and Came Near Committing Murder.
C. R. Carr, an architect at Roswell, went suddenly insane last Saturday. He imagined that he was being attacked by an enemy and cried piteously for help. He seized a Winchester and was about to fire at those who wanted to take charge of him, when Deputy Sheriff Plank seized the gun just as Carr snapped the trigger. From the condition of Carr's room it was seen that he had been fighting an unseen enemy all night for every bit of furniture was broken and bullet holes in the wall showed that he had fired his gun several times.

J. B. Aye, aged 60 years, died at his home at Roswell of consumption. He came to Roswell two years ago and leaves a wife, son and a daughter. He was a native of Ohio, where he was a political leader among the Republicans.

On last Friday, a fire broke out on the property of Edward Lavelle, at Roswell. The fire department extinguished the flames before much damage was done.

S. B. Goddard, who came to Roswell from Enid, Okla., two months ago, died last Friday of pneumonia. He is survived by two sons and a daughter.

Mrs. Annie Davis, was married at Roswell, to D. T. Bullock, editor of the Roby Banner of Roby, Texas, Rev. W. E. Lyon of the Methodist church, performing the ceremony.

PUBLIC SCHOOL NOTES

Field Day Events at the Close of the Term.
Teachers' Meeting Saturday.

The financial outlook at present is favorable for nine months' school this year.

The teachers and pupils in the different wards are arranging Arbor Day exercises. Not much can be done in the way of beautifying school grounds until the new school buildings are completed.

The teachers and pupils of the grammar schools are planning to have "Field Day" exercises at the close of school. Some of the events decided upon are as follows: Broad jump, high jump, pole vault, potato race, egg race, 300-foot race, bicycle race, basket ball game, sack race, and hammer throw. There will be other events but they have not been decided upon as yet. Prizes will be awarded to the winners.

The teachers of all the city schools will hold a meeting in the superintendent's office on Saturday, March 28, at 9:30 a. m. Some of the subjects which will be discussed are as follows: "The place of the teacher in the system," Prof. R. R. Grant; "Some results of child study," Mrs. Fletcher; "Kinds of attention of pupils," Miss Patterson; "The equipment of the teacher," Miss Madole; "Practical teaching," Miss Johnson. Visitors to this meeting will be cordially welcomed.

"I do not look as though I ever was sick."

When a woman is sick she falls off in looks. This is particularly the case when she suffers from diseases peculiar to her sex. Not only is her strength undermined, but she loses beauty of face and grace of form.

It is characteristic of the cures of Dr. Pierce's Favorite Prescription, that with restored health there is a restoration of good looks.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I wish to thank you for the good your medicine has done me," writes Mrs. Mac Brown, of Canton, Fulton Co., Ill. "I was troubled with female weakness and doctored with several different doctors. They did not seem to help me; indeed I got worse all the time. I had nervousness and displacement of the uterus. What I suffered no tongue can tell. I had heavy bearing-down pains and thought my back would kill me. I also had a very bad drain, but after taking five bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery,' I am feeling as well as ever. It has been almost two years and I have had no return of the trouble. My friends tell me I don't look as though I ever was sick."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

COMMON PROPERTY.
Public Praise is Public Property—Santa Fe People May Profit by Local Experience.

Grateful people will talk. Tell their experience for the public good.

Santa Fe citizens praise Doan's Kidney Pills.

Kidney sufferers appreciate this. They find relief for every kidney ill. Read what this citizen says:

Benito Romero, employed with Lamberton's Transfer, residence San Francisco st., says: "The use of plasters for a year and a half on my back did not bring the results I expected and relief from pain across the loins was just as remotely in the distance as it was when I first noticed it. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills and take a course of the treatment. I read in our Santa Fe papers that they could be depended upon and with considerable faith in the preparation because it positively stated they were for the kidneys and the kidneys alone. I commenced the treatment. It was very satisfactory. I used two boxes and they stopped the last attack."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

LOST HIS NERVE.
Those who climb mountains frequently find the dizzy depths too much for them and lose their nerve. Such is also the experience of those who neglect their stomachs or bowels. Self preservation demands Dr. King's New Life Pills. They are gentle, but thorough. Only 25c, at Fischer Drug Company.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-12x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 640 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal, \$4.00
Combination civil and criminal 5.00.
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address

Suit for divorce was filed today by Benigna Garcia vs. Santiago Garcia. The plaintiff prays for a division of the property and the custody of the four minor children. She makes her plea on the ground of desertion and abandonment. The parties are residents of Santa Fe county.

The taking of evidence in the case of Edward Hesch and W. J. Cooper vs. the Consolidated Mining and Supply Com-

pany of Cerrillos, was completed yesterday, but arguments have not yet been made. Both sides will submit briefs.

The case of Cosme Herrera vs. Francisco Gonzales, ejectment, was being tried this morning.

The next case to be tried will be that of Lehman, receiver, vs. the Mexican Southern Railway Company, to recover for monies on stock transactions of the road.

BOWLING ALLEY NEWS

Santa Fe, N. M., March 20, 1903.

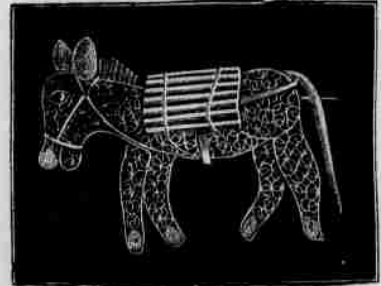

The previous bowling record of 203 has been broken 205, 207, 210, 218 and a number of scores has been made above 200. Highest score 175 by ladies, made by Burns Dilts. Several ladies have bowled over 100 this week. This is a game that is endorsed by ministers and the best people of the country. This has been plainly demonstrated by the Denver tournament in the last week. Cordial invitation to the ministers and others. Come and see for yourself.

The ladies of Santa Fe are taking hold more readily. Arrangements are being made for several bowling parties. Invite your friends and give one of these health giving bowling parties. The alleys rented reasonably for this purpose. All you need is a little practice and we will turn out some grand bowlers, Thursday, Ladies' day.

There is a large hole in the floor of the bridge over the river on Don Gaspar avenue. It should be repaired at once before the leg of some horse is broken.

Attention is called to the ad of the New Mexico Military Institute, located at Roswell. A list of the present regents is given. All are residents of Roswell.

At last night's meeting of Santa Fe Lodge No. 572, R. P. O. E. officers for the ensuing term were elected as follows: T. P. Gable, exalted ruler; A. L. Morrison, Jr., esteemed leading knight; O. C. Watson, esteemed lecturing knight; N. L. King, esteemed loyal knight; J. B. Davis, secretary; Charles Haspelmath, treasurer; R. H. McKenzie, tyler.

The attention of readers is called to the contents of today's paper. On the first page will be found the latest news by telegraph and general territorial news, on the second page editorial matter, on the third page news from different parts of the territory and local news, on the fourth page the latest local happenings.

The forecast is for generally fair weather tonight and tomorrow with stationary temperature. Variable winds are predicted, which will become easterly. The maximum temperature yesterday was 49 at 2:25 p. m. and the minimum was 38 at 6:15 a. m. The temperature at 6 o'clock this morning was 34. The precipitation yesterday was .44 of an inch.

Palace: E. B. Dana, C. W. Carter and wife, Miss M. E. Carter, New York; W. H. Wilber, wife and daughter, Philadelphia; W. D. Washburn, Chicago; J. P. McNulty, Turquesa; P. L. Hasler, Denver; George R. Hilder, Asbury Park, N. J.; Robert L. McCalmont, Franklin, Pa.; C. A. Carruth, Antonio; A. E. Curren, Tucuman; F. E. Kinsella, St. Louis.

The rain storm that prevailed yesterday and today in the Santa Fe Valley seems to have been more or less general over central and northern New Mexico. There were several showers on yesterday in the Espanola Valley. At Tres Piedras it rained yesterday afternoon three hours and during part of the night. At Albuquerque there were very light showers yesterday afternoon but none today. At Las Vegas it rained quite heavily on yesterday and today. At Torrance there were slight rains yesterday, none today.

A rumor is in general circulation among the employees of the Denver and Rio Grande railroad that the tri-weekly service between this city and Antonio will be resumed in the near future. No orders have been issued as yet, but there seems to be a general understanding among employees that such will be the case and it is expected. The Santa Fe Board of Trade and business men of this city should take the matter up at once and ascertain whether or not there is any foundation for the rumor.

City Marshal Seferino Alarid has received instructions from the chief of the secret service at Washington to take extra precautions for police protection during the visit of President Roosevelt on May 5. He is cautioned to watch all suspicious strangers in the city from now on until then and to leave nothing undone to prevent any accident to the President. The city council should make provision for the appointment of twenty special police to keep an argus eyed watch over the President during his stay in Santa Fe.

Council Bill No. 88, passed by the 35th Legislative Assembly, and approved by the Governor, provides that all delinquent taxes prior to 1902 shall be paid into the general county and general school funds. Section 2, of Chapter 52, of the Laws of 1890, provided that the delinquent taxes of 1896 and 1897 be distributed one-half into the general county and one-half into the general school funds.

The district court of this county by order in certain cases directed that the monies be distributed into the general county, school, court, city, city bond and city school funds, without regard to the provisions of the 1899 statute and will probably make the same order in regard to the delinquent taxes prior to 1902 without regard to the provisions of Council Bill No. 88, upon the application of some party interested.

Many suggestions will be made to the committee in charge of the reception to President Roosevelt and party. One suggestion that will be submitted is that the pupils and students of all the educational institutions in Santa Fe and vicinity be massed and lined the streets on both sides, along which the president will drive. It is proposed to have the pupils from the United States Indian school, the public schools, St. Catherine's school, Loretto Academy, St. Michael's College and all institutions private and public. It will be suggested that the girls wear sashes of the stars and stripes and that each one be provided with a small American flag. It is believed that it would be particularly pleasing to the president to receive such a demonstration and that the lining of the streets in this manner would make a particularly pretty picture. Another request that has been made is that as the president and his party pass the home of the one making the request, they shall stop long enough for her to serve each member of the party with a cup of genuine Mexican chocolate. Still another request is from the owner of a flourishing orchard on the outskirts of the city, that the presidential party shall be driven there and inspect the orchard. He states that the trees will be in blossom then and he believes it will please the president to see it.

PERSONAL MENTION

Mr. and Mrs. W. E. Cartier and son made a trip to Albuquerque yesterday. Ex-Governor L. B. Prince went to San Ildefonso on business this morning.

Mrs. F. H. McBride of Chama, and children, are visiting her parents, Mr. and Mrs. F. P. Clifton.

Mrs. Daniel H. McMillan, niece, Mrs. Shuttlesworth, and her three children, left yesterday evening for Socorro.

H. S. Lutz returned this noon from a very enjoyable trip to San Diego, Los Angeles and other southern California points.

E. Clarke, a merchant at Alcalde, returned to that place this morning after spending a few days in this city on business.

W. D. Washburn, Esq., a Chicago attorney, is in the city having business before the district court, now in session here.

Territorial Auditor W. G. Sargent has gone to El Rito, Rio Arriba county, his home, and is not expected back until Monday.

J. P. McNulty, superintendent of the American Turquoise Company of Turquesa, drove to this city yesterday afternoon to look after business matters.

Judge Daniel H. McMillan left this forenoon for Washington, D. C., where he will make the final answer to the charges of improper conduct made against him.

Mr. and Mrs. A. R. Gibson and daughter arrived this noon from Albuquerque. Mr. Gibson has been in California for his health, and Mrs. Gibson and daughter went to Albuquerque to meet him.

James T. Newhall left today for Cochiti where he will remain for some months as clerk to John B. Harper, United States irrigation engineer in charge of irrigation work for the Pueblo Indians and who is now engaged in supervising the construction of a ditch system for the Cochiti, Zia, San Felipe and Santo Domingo Pueblos on the Rio Grande.

J. W. Crawley, a linotype operator on the Mail, did not show up for work yesterday. He explains that a new operator arrived at his house yesterday morning. The happy father says the boy makes other youngsters look like a pl line.—Stockton Evening Mail. Mr. Crawley was linotype operator of the New Mexican before moving to Stockton, Calif., and with his family was a resident of Santa Fe for over a year.

Robert McCalmont of Franklin, Pa., president of the Fraser Mountain Copper Company, George R. Hillier of New York, treasurer of the same company, and William Fraser of Twining, Taos county, manager of the company, arrived last evening from Twining. Messrs. McCalmont and Hillier have been at that point investing and inspecting affairs, plants and properties of the company and expect to leave this evening for their eastern homes. Mr. Fraser will return tomorrow to Twining.

Miss Amelia Reese, professional nurse, returned last evening by the Santa Fe Route from the Boulder Sanitarium, where she spent three weeks with Mrs. Frank Delbert. She reports that Mrs. Delbert is well pleased with the Sanitarium and is improving in health. Miss Reese will continue the practice of her profession in Santa Fe in which she has had success since her arrival here last fall. Her home is with Mrs. Felicitas Garcia and Mrs. Manuel Delgado, corner of Canon and De Vargas avenues.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Generally fair tonight and Friday; stationary temperature; variable winds, becoming westerly.

Yesterday the thermometer registered as follows: Maximum temperature, 49 degrees, at 2:25 p. m.; minimum, 38 degrees, at 6:15 a. m. The mean temperature for the 24 hours was 44 degrees. Mean daily humidity, 76 per cent. Precipitation, 0.44 of an inch. Temperature at 6:00 a. m. today, 34 degrees.

We are now cutting an especially nice quality of Fancy New York Cheese. We are using a new thing in the way of a patent cheese cutter. It insures cleanliness, exact weight, and a perfectly even cut, as well as protecting the cheese against drying out.
We also now have in stock Bayle's Deviled and A. D. Cheese in jars; Roquefort Cheese, American and Imported Swiss Cheese, as well as brick Cheese.
Also Y. A. Cheese and Colorado brick Cheese (whole).
New Seeds; Onion Sets; Seeds in bulk as well as in packages.
