## ENGLAND'S BURDEN

**Troubles Continue in Orange Free State.**

**St. Louis Strike Grows More Serious Every Day.**

**Filipinos Try to Ambush American Force and are Defeated.**

**NEGRO LYNCHED IN GEORGIA.**

London, June 9.—London is somewhat disquieted at the "disagreeable activity" manifested by the Boers in Orange River colony in cutting Lord Roberts' telegraphic communication at Roo-deval, north of Koonstad. As yet there are no indications whether the 2,000 Boers that arrived at Roo-deval, unless they are the force mentioned recently in a Boer dispatch as having started from St. Anderson with this object in view. Apparently the authorities on the spot regard the situation as temporarily serious, as they are not only reinforcing the garrison at Koonstad, but are sending up troops from the lines of communication in Cape Colony.

The news indicates that the menace of the Boers to carry on a prolonged guerrilla warfare is so empty threat and that President Steyn is still capable of creating serious if only temporary trouble. Advice from Cape Town says that the opinion prevails there that the Boer supplies will not suffice to enable them to prolong the struggle in the Lydenburg district more than eight weeks.

**Boers Offered to Surrender.**  
London, June 9.—A dispatch from Durban, Natal, says that the Boers at Laine's Neck, after the action on Thursday, offered to surrender unconditionally.

**Telegraph Wires.**  
Wired Forestier-office from Cape Town, June 8, as follows:

"Kelly-Kenny, at Bloemfontein, reports that the telegraph has been cut at Roo-deval, north of Koonstad, by Boers estimated to be 2,000 strong, with six field guns. He is sending reinforcements to Koonstad. I am reinforcing from Cape Colony. I hope the interruption will be only temporary."

**Russia Will Act.**  
St. Petersburg, June 9.—It is declared here that the government has resolved that if the dangerous situation in China continues to take immediate, energetic military action to repress the anti-foreign movement. At the same time, the government has no intention of disassociating itself from joint action of the powers.

**Pursuing Negro Murderer.**  
New Orleans, June 9.—A large posse of citizens is reported to have Noah Pritchard, the negro murderer of Ralph Butler, located in East Feliciana. Pritchard led his pursuers to a woody trail. He ports say that he shot and fatally wounded Forest Villiers, a white man, one of the posse, and fired at others. He also wounded the sheriff of West Feliciana.

**Negro Lynched.**  
Columbus, Ga., June 9.—Simon Adams, a negro about twenty years old, was lynched just outside the city limits this morning. He entered the room of two daughters of E. H. Almond. The screams of the girls aroused the father. Adams was found in a closet. A mob hanged him and his body was riddled with bullets.

**Money Market.**  
New York, June 9.—Money on call steady at 2 per cent. Prime mercantile paper 3 1/4 to 4 per cent. Silver, 60c. Lead, 43.80.

**Heavy Shortage.**  
Chicago, June 9.—Investigation of the affairs of Adolph A. Kuhn, junior member of the brokerage firm of Kuhn, Bros., who disappeared about two months ago, leaving, it is alleged, a shortage between \$700,000 and \$1,000,000, resulted in the arrest to-day on charges

of conspiracy of John Anderson, formerly in Kuhn's employ. Anderson has admitted his guilt. Far as is known, no trace has been found of Kuhn.

**Chinese Hate Foreigners.**  
Paris, June 9.—An official note just issued says: "Admiral Courbet's death at Taku has sent a fresh detachment of fifty men to Tien Tsin. A cable dispatch from Yun Nan Sen, dated Thursday evening, says that agitation against foreigners is such that the viceroy has announced that he is powerless to protect the French consulate." The French consul at Laining Chow, M. Francois, has been warned of the situation at Peking and has gone to Tonquin with all the agents and missionaries. The French consul at Mong Tse has done the same. The Chinese government has been informed that it will be held responsible for the security of French citizens, but if necessary France will protect them.

**WHELAN BOUND OVER.**

**Run Away With Another Man's Wife and is Bound Over to Jail.**  
This morning a hearing was given by Commissioner Whiting in the case of William Wainchawichsch, a coal miner of Gallup, against his wife and John Whelan. It appears that Whelan was a boarder at the home of Mr. Wainchawichsch and wife, and when the man of the house was absent he made love to the wife. His devotion to her proved agreeable and accordingly they made up their minds to leave for stranger climes where they might not be molested. Whelan, conscious of the fact that it required money to make a journey, appropriated about \$150 of other people's money and with his lover came to Albuquerque and engaged a room for the night. Next day they strolled about and took in the sights of the great city of Albuquerque and were enjoying themselves hugely until Marshal McMillin swooped down upon them with a warrant for their arrest. Last night the husband of the woman arrived in the city and preferred charges against the couple. The woman, of course, fell into his arms, asking to be taken back to her dear little home in Gallup. This the fond husband readily consented to, but he wanted revenge from the man who had interrupted the peace and happiness of the home by inducing the wife to leave. After the reconciliation between the husband and wife, the latter willingly consented in court to join her husband and return to their home, but was instructed to appear at the session of the September term of court. Whelan was placed under bonds of \$250 to appear in court. In default of bail he was remanded to jail.

Bruce Kinney, pastor of the First Baptist church. The bill of fare consisted of cold turkey, shrimp salad, ham, tongue, sliced tomatoes, asparagus, strawberries, ice cream and cake.

Prof. Hodgins was the toast master, who arose and read a paper on "The Board of Regents." Louis C. Brooks, the alumni orator, delivered a brief and interesting address, and was followed by President Herrick, who responded to the toast, "The Faculty."

Miss Edith Niles spoke on "The Class of 1900," after which Miss Josephine Parsons said some nice things about "The University Hall."

**WEEKLY BANK STATEMENT.**

Phoenix, Arizona, June 9.—The sheriff's posse in pursuit of the four Mexicans who killed Anton Olsen and John Stewart and robbed their store at New River station, are reported to be close upon the fugitive murderers. They were last seen crossing the Arizona canal just north of Phoenix. Two stopped at a ranch near there and exchanged horses, holding off the owner of the revolver's point. At Thorold's ranch, three miles further on, the other two tried the same trick. Thorold's was away from home, but his wife drove the raiders away, firing her shots, killing one horse and wounding one of the party.

**Bank Statement.**

New York, June 8.—Surplus reserve decreased \$1,749,025; loans increased, \$5,483,000; specie, decreased, \$680,200; legal tenders increased, \$378,900; deposits increased, \$5,790,000; circulation increased, \$419,000. The banks now hold \$18,574,250 in excess of requirements.

**Ordered to China.**

Washington, June 9.—Admiral Remy informs the navy department that the gunboat Nashville, with a force of marines aboard, left Cavite yesterday for Taku. The gunboat at Shanghai has also been ordered to join Admiral Kempf at Taku.

**Bulter Exploded.**

Traverse City, Mich., June 9.—The boiler of Charles F. Reed's saw mill, five miles west of Fife lake, exploded to-day, killing three men and wounding ten others.

**Death from Explosion.**

Gloucester, O., June 9.—It is now stated that the dead from the explosion of gas in a coal mine yesterday number six or eight.

**HAD MANY CALLERS TO-DAY.**

**Madame Ruple at the Hotel Highland—Will Give Readings To-Morrow.**

Madame Ruple, whose arrival in this city was noticed by The Citizen yesterday afternoon, had many callers to-day at her room at the Hotel Highland. As Madame Ruple's stay in this city is limited she will give readings to-morrow (Sunday) from 2 to 6 in the afternoon and from 7 to 9 in the evening.

**The Grand Junction, Colo., Star says:**

"It has become a matter of much comment that a young bride of this city called upon Madame Ruple, the renowned palmist, for a reading, and was told among other things that her husband would disappear suddenly and in ten days it came as the lines predicted. She also told a young railroad man that he would meet death by accident unless he gave up his present occupation, and for fear he would not heed her warnings she showed him books and cuts to demonstrate what she said was correct. Long live and prosper, Madame Ruple!"

**Hose Company Disbands.**

At a meeting of the Scott Moore hose company last night it was decided by the members to disband and turn over their effects to the new fire department. The treasurer reported \$724 on hand. This amount was equally divided among eighteen members. Mike Margaura, formerly in the service but now of Denver, was allowed \$10 for the faithful performance of his duties while in the department.

A resolution was framed, notifying the city council that after noon to-day the Scott Moore hose company would cease to exist as an organization, and that all apparatus belonging to the city would be turned over to the new department.

**DEATH CAME TO HIS RELIEF.**

**Melville Connell, with his Neck Broken, Died This Morning.**

Melville Connell, formerly of Sullivan, Monticue county, Illinois, who fell from a passenger train here Sunday night and broke his neck, died at the county jail this morning at 4 o'clock. This is one of the most peculiar cases that has ever been brought to the attention of the local physicians. Dr. Connell was picked up soon after the accident and upon examination by Drs. Cornish and Pearce it was discovered that the man's body was paralyzed and that his neck was broken. He could not move a muscle in his limbs, but was able to converse with anyone. The only nourishment that could be given was milk in small quantities. In answer to questions put to him by a Cit-

izen reporter a few minutes after his accident, he said: "He was from Sullivan, Ill., and had reached the age of 45 years. His parents and all other relatives were dead and had no word to send to any of his acquaintances. He had worked at mining in New Mexico, but did not mention the place where he was last employed."

**The Benevolent society and physicians did everything possible to relieve him of his suffering. Death came to his relief this morning and he was buried in Fairview cemetery this afternoon.**

**ENTHUSIASTIC MEETING.**

**Arrangements Made to Put Full Vote on the Viaduct Election.**

A number of Albuquerque's representative business men, who are always looking out for the interests of the city, assembled at the city hall last evening to devise ways and means for securing a full vote on Tuesday on the viaduct question. Speeches were made by several present. W. C. Leonard was chosen chairman and Melton Chavez acted as secretary of the meeting. It was decided that about \$200 would be needed to hire vehicles and drivers. E. H. Dunbar arose and said that, while he had not been authorized by anyone to make a canvass for this purpose, he had felt it his duty to do so. The proposition in every way that was possible, and accordingly had secured about \$20 in money and made arrangements for the employment of four hacks on election day.

A committee of eight was then appointed by the chairman, who were given power to collect funds and make all necessary arrangements for the election. Following is the committee: E. H. Dunbar, chairman; R. P. Hall, H. B. Ferguson, J. E. Saint, Joseph Barnett, Martin Tierney, Mike Mandell and W. Hopkins.

The committee at once made a collection of about \$20 at the meeting. It was decided to hold a meeting of the committee at the office of E. H. Dunbar this morning at 9 o'clock.

A meeting of the general committee was held at 10 o'clock this morning and was presided over by Chairman E. H. Dunbar.

A committee was appointed consisting of Martin Tierney, J. E. Saint and R. W. Hopkins to distribute the ballots at the polls and to hire hacks and secure a full vote in each ward.

The finance committee, composed of E. H. Dunbar, R. P. Hall and Mike Mandell, were instructed to secure more funds to defray all the expenses of the election.

It was decided to invite Judge Lee, E. V. Chavez and T. N. Wilkerson to deliver addresses at the corner of Second street and Railroad avenue next Monday night at 8 o'clock.

The chairman appointed Hon. H. B. Ferguson to introduce the orators at the public speaking.

**Germany Will Help Restore Order in China.**

**Capture of Gen. Pilar, Most Aggressive of Filipino Leaders.**

**NAVAL PARADE AT DETROIT.**

Tien Tsin, June 9.—In view of the conclusive confirmation of imperial connivance in the Boxer movement, furnished by an edict published to-day, the strongest possible action of the powers, it is asserted, can alone remedy the situation. The edict describes the "boxers" as "good citizens" and denounces General Nish for killing them, and orders him to return with the troops to Loopa, eighty miles from the scene of the disturbances. It is claimed that the first step of the powers ought to be the assumption of control of the railroad to Peking.

**Germany's Position.**

Washington, June 9.—To get at naught the published statements that Germany is to adopt more heroic methods than other powers in the present crisis in China, Baron Von Holleben, German ambassador, said to-day that Germany would, as heretofore, participate in any joint action of the powers to protect the interests of foreigners, but would go no further than other nations.

Next Tuesday evening the Presbyterian church ladies will give an ice cream festival at Robinson park on west Copper avenue.

Mrs. Ben Myers and son left last night for San Francisco, where they will visit relatives and friends for a few weeks.  
Fred Lewis returned this morning from a successful trip to Socorro county in the interest of the Germania Life insurance company.

Mrs. J. H. Bearup and daughter, Miss Helen, left last night for their old home in Kansas. They will be absent during the summer.  
The ladies of the Presbyterian church are working hard to make the festival in Robinson park a success, and they will succeed. Their past tells us that.

Dr. Y. Daria Valle, a well-known Spanish physician and surgeon, who was here yesterday, returned to his home at San Mateo, Valencia county, last night.  
E. R. Smith, who visited in Santa Rita, Grant county, for a short time last week, came in from the south yesterday and returned to his old position at Albemarle to-day.

E. H. Hunter, who is representing a wholesale house of Pueblo, arrived in the city last night from the north. He was in Bland for a few days this week calling on his patients.  
Miss June Morrow, several years ago a teacher in the Presbyterian mission school of this city, died at La Porte, Ind., yesterday, where she had gone for treatment, a few days ago.

The Highland buffet, under the genial management of F. Gallion, will serve an elegant lunch to-night. Everything first-class and up-to-date. All are cordially invited to call and partake.  
The Zeiger Cafe is headquarters for moving news of all kinds; drop in there to-night and hear the latest, the best of beverages of all kinds on tap and the usual Saturday night fine hot free lunch will be served.

Mrs. Byron H. Ives, the south Albuquerque florist, will spend her summer vacation in the east. She left last night for New York, and before returning to this city she will visit relatives and friends in Ontario, Canada.

Mrs. Susan Alexander came in from Socorro yesterday and left last night for southern California, where she will spend a vacation of several weeks. The lady is the wife of the district attorney of the Fifth judicial district.

By actual count on Thursday between this city and Camp Whitcomb, going and coming, fifty-two wagons, which had been or were loaded with lumber, stone, wood and coal, were counted. The supplies of course, were sold to Albuquerque merchants.

Linus Shields, who has been here during the week attending the New Mexico university exercises, left this morning for his home at Jones hat springs, accompanied by his brother, Rev. Harvey M. Shields, who arrived from Solomonville, Arizona, yesterday morning.

"The Natatorium," on the road to the university, will not doubt be ready for patrons one day next week, probably on Wednesday. Ralph Goodman, the energetic and popular proprietor, is straining every nerve to get his enterprize in shape, and he has sent word to this office that he will undoubtedly be ready for fathers next week.

Hon. Manuel N. Otero, register of the land office at Santa Fe, arrived here last night and will leave this afternoon for his ranch in Valencia county.  
He expects to return to this city next Tuesday. Mr. Otero has secured a leave of absence for fifteen days, and will spend the time visiting relatives and friends in this and the adjoining country of Valencia.

Theo. D. Haveland and wife are in the city from Charleston, S. C., and to-day were pleasant callers at the Citizens office. These worthy folks are registered at the Hotel Highland, and are anxious to "rough it" on some ranch adjacent to this city. They will decide this afternoon whether to visit Camp Whitcomb, the Jones hat springs or the Sulphur, as their selection would be good for there will be enough "roughing it" in the proposition at the places named, and that in what health seekers want.
