CHRISTIANS FLEEING FROM OLD SERVIA

Revolt Which Has Broken Out in North Albania
Against the Reform Scheme of the Powers
is Proving to Be a Very Serious Matter.

HEAVY REINFORCEMENTS OF TROOPS ORDERED

Constantinople, April 1.—Details of the disturbance in North Albania show that the revolt which has broken out there against the reform scheme of the powers is a very serious one. Several thousand armed Albanians surrounded the town of Vucetian, March 29, and demanded the surrender of eleven Serbian gendarmes who had been enlisted in accordance with the reform plans. The governor surrendered the Serbians, who were bound and taken to Peristina, after having been maltreated. A number of the Serbian inhabitants and bands of Albanians later surrounded Mitrovitza and serious fighting ensued.

Stockton, Calif., April 1.—The flood has come and several streets in Stockton are under water. Reports from the country east are to the effect that the worst may be expected this evening. Sidewalks are floating away in several places, and while the damage up to this time will not amount to much in dollars the inconvenience is great. A river is sweeping through the lower end of town and many houses are cut off from communication. In many of the streets the water is two or more feet deep. Schools have closed, the pupils being sent home as soon as it was evident that a flood was imminent.

AUTOMOBILE RACE CAUSED DEATH

Count Elliott Zaborowski Was Hurled
Against a Rock, Splitting
His Head Open and Died
Instantly.

HIS CHAFFEUER WAS MORTALLY INJURED

Nice, April 1.—Count Elliot Zaborowski was killed today in an automobile climbing race between here and La Turbie. Count Zaborowski's car turned a sharp angle too quickly, turned over and was wrecked. The count was hurled against a rock, his head was split open and he died instantly. His chauffeur is believed to be mortally injured.

WAS AN AMERICAN.
Des Moines, Ia., April 1.—Count William Elliot Zaborowski was a native of Boston and a member of the well known Elliot family of Des Moines. He came by the name of Zaborowski and the title of count through a native of Poland who married his aunt. His uncle, having been banished from Poland, had located in New York, where he became wealthy through the purchase of property. When he died he left all to his nephew, William Elliot, on the express condition that he assume his name and title. In 1891 he eloped with the Baroness De Steurs, wife of the minister from the Netherlands to France. In South Dakota later the baroness secured a decree of divorce and married Elliot.

RAMON VIGIL GRANT PARTITION SUIT.

Testimony Before the Referee—Manuel Sanchez et al Claimed Part of the Property.

Additional testimony was taken yesterday in the suit for partition of Manuel Sanchez et al, versus George N. Fletcher et al, involving part of the title of the Ramon Vigil Land grant in Bernalillo and Santa Fe counties. Sanchez et al claimed to be heirs and part owners of the grant and assert that Fletcher et al did not purchase the entire interest in the property. It will be remembered that this is the grant upon which H. S. Buckman cut timber and manufactured lumber during the four years ending last December and making a fortune out of the business. E. P. Shields is the referee. The testimony of one witness was taken yesterday. Ex-Governor L. Bradford Prince represents Manuel Sanchez et al in the case. The grant was confirmed by congress and is patented. It is said that it still contains much valuable timber for lumber purposes. Testimony will be continued on Friday of this week.

THE NEW MEXICAN'S COURSE INDORSSED

What a Bank President Thinks of the Sinking Fund Misappropriations.

The New Mexican has, during the past few days, received many letters from different sections of the territory expressing approval of the stand this paper has taken in the matter of the "Sinking Fund Misappropriations" by the Thirty-fifth Legislative Assembly. A fair sample of the letters received is published below. It reads: The New Mexican Printing Company, Santa Fe, N. M. Gentlemen: I have received a copy of the New Mexican of March 27 with the marked item with regard to "Misappropriation of the Sinking Fund." We were surprised when the bill passed the legislature. We are pleased at the position of our territorial treasurer, Mr. Vaughn. He shows himself to be a man of good sense and judgment. Respectfully yours, FIRST NATIONAL BANK OF CLAYTON, H. J. HAMMOND, President.

SILVER CITY NEWS.

First Big Cattle Sale of the Season—Progress in Mining Matters.

Silver City is becoming a market for mohair, owing to the large herds of Angora goats grazing in Grant county. A buyer for an Albuquerque house was in the city and negotiated for the purchase of seven tons. The goat ranches in the Burro mountains will ship four tons and the price received is from 30 to 35 cents a pound. There are also several fine herds of goats near Pinos Altos. Most of the mohair from Silver City is shipped to the Sanford mills in Maine and to the Massachusetts Plush Company in the Bay state.

The Lyons Campbell Cattle Commission Company purchased about 3,500 head of ones, twos and threes from Silver City stockmen for May delivery. The prices ranged from \$14.50 to \$20.50 a head. Those who sold were Martin and Sloan 1,200 cattle, Edward Walker 450, Daniel McMin 200, and the Crawford Cattle Company 500. The cattle are to be delivered at Silver City. This is the first big sale of the season. Most of the stockmen are holding back for better prices.

Charles Gatzweiler, D. G. Gibson and J. S. Turley of St. Louis, in company with M. W. Porterfield, visited the properties of the Shamrock Gold and Silver Company. All are stockholders and are pleased with the company's mineral possessions and the progress of the work at the mines. The company is fortunate in securing the Dimmick or Silver Cliff properties which are celebrated for their richness. The mines are extensively developed and well supplied with machinery and reduction works, consisting of a concentrating plant and a smelter, hoisting plant and almost every convenience needed for the successful operation of the mines. The company will add power drills and operate both mill and smelter on custom ores from surrounding camps, in connection with their own product. The company will operate to the fullest capacity and will employ many men.

Judge Lucius P. Deming, of the Alessandro Copper Mining company, operating in the Burros, was in Silver City, accompanied by Mr. Lamb, the Denver representative of Fairbanks, Morse & Company, of Chicago. Mr. Lamb was down to place a pump and engine for the purpose of drawing water from the company's Neosha shaft.

It is stated that the petitions are being generally signed without regard to political distinctions and the petition being circulated in Santa Rosa is headed by the three Republicans who were the prime movers in the creation of the new county. It is understood in Santa Rosa that Governor Otero has indicated that he will appoint the old officers.

Over 800 men are affected and they declare they will have the support of the allied trades. A leading contractor said that non-union men will be brought here immediately. In order to complete the work that already has been started as well as to start fresh operations. The strikers declare that if this is done the men in the allied trades will refuse to handle the work.

WILL NOT CHANGE.

Raton Will Continue to be a Santa Fe Division Point.

The rumor that Trinidad was to be made a division headquarters on the Santa Fe system instead of Raton has been denied by General Superintendent D. E. Cain. He stated that the congestion of freight traffic made it necessary to make Trinidad a temporary headquarters, but as soon as relief is secured the necessity for so using it will no longer exist.

SWEEPING INJUNCTION DISSOLVED

It Was Charged That Labor Leaders Were Conspiring to Interfere With Inter-State Traffic and the Mails on the Wabash.

EFFORTS BEING MADE TO HAVE AMICABLE SETTLEMENT

St. Louis, April 1.—In the U. S. district court today, Judge Elmer B. Adams handed down a decision dissolving the injunction granted March 2 restraining the officials of the Brotherhood of Locomotive Firemen and Railroad Trainmen and other labor leaders from influencing in any way or ordering the men employed on the Wabash system. It was alleged that the defendants were conspiring to interfere with inter-state traffic and the transmission of the United States mails.

At the Wabash headquarters, General Counsel Bledgett said to the Associated Press: "After the decision was rendered counsel for the grievance committees and I conferred together briefly but no conclusions were reached. I cannot say anything as to the future. I want some time to go over the situation and can not make my expression today."

"Do you think there will be a strike?" "I am not prepared to answer that question at this moment. I have no idea what may be done."

F. N. Judson of St. Louis, special counsel for the brotherhoods, stated to the Associated Press that he and Colonel Wells H. Bledgett, general solicitor of the Wabash Railroad Company, were making efforts to bring all the parties in interest together and that in his opinion an amicable agreement would be arrived at and that there would be no strike.

W. C. Lee, vice grand master of the Brotherhood of Railway Trainmen, is the only official of the two brotherhoods here. Grand Master Hannahan is expected to arrive from Indianapolis this afternoon. Mr. Lee said to the Associated Press: "The decision completely removes the injunction. We believe now as we always have that our requests were just and reasonable and another attempt will be made to bring about a peaceful settlement by the grievance committees and the Wabash officials. Our counsel is now conferring with the counsel for the Wabash in an endeavor to bring both sides together and effect an amicable settlement."

"Will you notify President Ramsey of the decision?" "No, we will not attempt it. President Ramsey, who is on his way to Cairo, Egypt, to attend the bedside of his daughter, left the steamer at Cherbourg last Monday and immediately took the train. He is scheduled to arrive in Cairo next Saturday and we do not know just where to reach him today. Doubtless he will see the news en route."

WEDNESDAY, APRIL 1.

A West Virginia man who is a member of thirty-five secret societies has become insane. Is there any comment necessary?

The darkest cloud has a silver lining. While in a territorial condition no millionaires can possibly become United States senators in New Mexico.

The recognition of good and hard working Republicans like F. O. Blood, postmaster at Las Vegas, is pleasing to the Republicans of the territory.

The legitimate business of the Santa Fe postoffice has increased to a very satisfactory degree during the past six months. This is very gratifying and a good sign for the future.

In the past the Santa Fe postoffice has stood second in New Mexico in the amount of business done, but it is now relegated to the third rank by virtue of the consolidation of the East Las Vegas and Las Vegas postoffices.

The Colorado legislature has petitioned congress to create more forest reserves in the Centennial state which shows that our neighbors to the north are beginning to recognize the vast and permanent benefits of forest preservation.

The city marshal of Albuquerque during March turned \$465 in fines into the city treasury of Albuquerque. That means an average of \$5,000 a year. How much does the city treasury of Santa Fe receive from fines collected by its city marshal?

Some of the statesmen who do not like their records shown up are not pleased at the conduct of the New Mexican. This is too bad, to be sure; this paper, however, has no time to defend itself. It is too busy working for the advancement and progress of the territory.

One of the results of the 35th Legislative Assembly is the presence in the territory of several lame political ducks. Should these attempt to fly during the political campaign of 1904 they will make good pot shooting for the political hunters who are getting ready to go after them.

German editors are making ugly comments about United States Minister Herbert A. Bowen accredited to Venezuela. But then as Mr. Bowen does not receive his salary from Germany and does not expect to run for office anywhere in the domain of Emperor William, he need not worry over this state of affairs.

No politics and no factional strife in the matter of the reception to President Roosevelt in New Mexico, if you please. There should also be no bickering of the President by business matters. His trip is taken for recreation and rest and not for work and for the transaction of official business. The people should remember.

Some evil minded persons are whispering that Delegate B. S. Rodey is kept so busy at Washington because he hates to be an eye witness to the scrap that is going on at Albuquerque during the effort to put the Hon. Frank A. Hubbell out of the boss business. But that is not true for Delegate Rodey is a typical Irishman who delights in a scrap.

Despite the objection of Colonel William Jennings Bryan and editorial mutterings of the Colonist's paper, The Commoner, Senator Arthur Pue Gorman remains the Democratic leader in the United States senate. Colonel Bryan is finding out that the "crown of thorns and the cross of gold" are not as potent as they were in 1896 and in 1900.

Report has it that Senator Fairbanks of Indiana, is putting money in many newspaper schemes in order to boom himself for the Republican 1904 presidential nomination. If this report be true, by the end of the year 1904 the senator will have some experience in that line and the other fellows will have the money. Providence willing, Theodore Roosevelt will be nominated and elected President of the United States next year.

The Atchison, Topeka and Santa Fe Railway system has announced one fare for the round trip from Trinidad and El Paso to Santa Fe and Albuquerque during the President's visit to New Mexico. The Denver and Rio Grande Railroad should make a similar rate from Alamosa to Santa Fe; and for that matter, both roads should run excursion trains. The better an impression the President and his party receive, the better for all material and political interests of the people.

If the Democrats of Colorado have their way, the Centennial state will spend \$150,000 for an exhibit at the St. Louis exposition, while, if the Republicans gain their point, not a cent will be spent for that purpose. This is a case in which the New Mexican hopes that the Democrats will come out on top. An exhibit of Colorado's resources will also be, incidentally, an exhibit of the natural wealth and advantages of New Mexico.

Idaho has followed the example of New Mexico in making a start in good road construction. The legislature of that state has appropriated \$20,000 to aid in the construction of a wagon road from Boise City via Idaho City to the Thunder Mountain district, a distance of 175 miles. The way it looks now, work on that 175 miles of good road will be started and completed long before that 45 miles stretch between Santa Fe and Las Vegas. Why not begin the preliminary work on the Santa Fe-Las Vegas road immediately?

The preparations for the observance of Arbor Day on Friday of this week do not indicate much enthusiasm. It is to be regretted that this is the case, for planting a tree is a great act which is in the power of every one. The public schools especially, should set an example in the observance of the day along the lines indicated in Governor Otero's proclamation. There is no denying that New Mexico's public school surroundings need tree planting and beautifying much more than do the public schools of other states.

It costs a railroad generally \$10 to increase its business \$1 a month. It required over \$5,000,000 of increased operating cost for railroads in January to earn less than \$500,000 more net than in the same month last year, and \$35,000,000 more expense to earn a little over \$1,000,000 net more in the past seven months. An increase of two per cent in operating percentage means many millions of increased expense if it is to rule through the year. Of course, railroads expect the increase they obtain through improving their facilities to be permanent and to repay them ultimately the full amount of their investment with compound interest.

There are only about fifty applications on file in the executive office for appointment to the positions of members of the commission to have charge of the New Mexico exhibit at the St. Louis World's Fair. This may be a foreign territory as Senator Beveridge and some other members of the United States senate would have the people of the United States believe, but the fact that so many citizens of the territory are patriotic and public spirited enough to sacrifice time and money in order to serve on the commission without pay and without the hope of fee or reward, except the consciousness of having well performed the duties of the office, shows pretty clearly that after all this is a rather able bodied American commonwealth.

The consolidation of the two post-offices at East Las Vegas and Las Vegas is very timely and proper. It will prove of great benefit to the two towns, that in reality are one city. Free delivery has been established and this is another good thing. The retention of F. O. Blood who up to today, was the postmaster at East Las Vegas, for the new Las Vegas office, can only be commended from every standpoint. Mr. Blood since he has held the office of postmaster of East Las Vegas, has proven himself to be a model official in every respect. He is an exemplary citizen and a very good man all around. Under his administration the new post-office will prove one of the best conducted in the country. The Meadow City is certainly subject to congratulations in the case.

The territorial and local committee having in charge the reception of President Roosevelt and party at the Territorial Capital on May 5 next, has commenced work in earnest and so far the plans formulated by it are excellent. If carried out and there is every reason to believe they will be, the reception of the President in the oldest capital city in the Union, will be a great success and one of which the people, not only of the Capital City, but of the entire territory, will be proud. That everything will be pleasing to the President and his party is more than reasonably sure. Prominent citizens from every section of the county and territory are to be asked here to meet the President of the United States upon the oldest and most historic spot within this great country and upon the site of old Fort Marcy, from which point the Stars and Stripes first floated over what is now the vast territory contained in the states of California, Colorado, part of Kansas, New Mexico and Arizona. The committee consists of Governor Otero, Territorial Secretary J. W. Reynolds, Mayor I. Sparks with Colonel W. H. H. Llewellyn of Las Cruces, as general representative from the territory. Citizens of Santa Fe must exert themselves so that the plans formulated and adopted by this committee may be carried out in such a manner as to reflect the greatest of credit upon the Territory of New Mexico.

Supposing the Santa Fe Board of Trade had a live, hustling, energetic, reliable corresponding secretary? Supposing that this secretary would devote his whole time to the duties of the office, would make it his business to keep in correspondence with industrial concerns that desire to locate elsewhere? Suppose he would keep hammering at men who have capital to invest in woolen mills, tanneries, beet sugar factories and other industries especially adapted to Santa Fe and surroundings? Suppose he would keep an eye on railroad movements, on freight rates, on street railway investors, on reservoir builders? Suppose he would make it his business to keep alive an interest in local projects such as the building of an opera house, a new union depot, cleaner streets, free mail delivery and the many other things that make up a good city? Suppose he would gather reliable statistics about the resources and possibilities such as every promoter asks for before he goes to work to secure capital to locate beet sugar factories, woolen mills and other industries? Suppose he would keep on pushing the authorities that are to initiate the work of building the Scenic Route Road across the Pecos reserve, or stir up the board of education to build new school houses, the assessor to make equitable assessments and the tax collector to collect all the taxes? Would not it pay the Board of Trade to employ such a corresponding secretary at \$600, at \$1,000 or even \$1,200 a year?

Gold in the Black Hills.
The Burlington Route has recently issued a 48 page booklet bearing the title "Mineral Resources of the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.
The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

MISS FAY LEE, President of the Shakespearean Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that I have saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pain in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep hysterically, at no apparent cause. That is what Miss Fay Lee, 608 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist today.

A million suffering women have found relief in Wine of Cardui.

SEVERE ATTACK OF GRIP.

Cured by one bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I am at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

CURES SCIATIC RHEUMATISM.

Mrs. A. E. Simpson, 509 Craig St., Knoxville, Tenn., writes, June 10th, 1899: "I have been trying the baths of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by Fischer Drug Co.

Notice for Publication.

(Homestead Entry No. 4,931.)
DEPARTMENT OF THE INTERIOR,
Land Office at Santa Fe, N. M., March 14, 1903.
Notice is hereby given that the following named settler has filed notice of his intention to commute to cash and make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on April 22, 1903, viz: Emilio Barrios for the 6th sec., of section 2, lots 2, 3 & 4, section 1, township 13 north, range 9 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Ambrosio Larrazaga, Juan N. Sandoval, Margarito Chavez, Cesarito Chavez, all of Galisteo N. M.
MANUEL R. ORTIZ, Register.

SO SWEET AND PLEASANT IN TASTE.

Mrs. C. Peterson, 625 Lake St., Topeka, Kan., speaking of Ballard's Horehound Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do, and has done, what is claimed for it—to speedily cure a cough or a cold; and it is so sweet and pleasing in taste." 25c, 50c, and \$1.00 bottle at Fischer Drug Company.

DANGER OF COLDS AND GRIP.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

MORE RIOTS.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels Nervousness, Rheumatism, and Neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Fischer Drug Co.

THE PLOT THICKENS.

But that has nothing to do with the fact that there is not a better Salve on earth than Bucklen's Arnica Salve. It's a reliable Cure for Burns, Bruises, Cuts, Corns, Sores and Salt Rheum. Tried and tested and proved infallible for Piles. Only 25c. Satisfaction guaranteed or money refunded by Fischer Drug Company.

CHILDREN'S COUGHS AND COLDS.

Mrs. Joe McGrath, 327 E. 1st St., Hutchinson, Kan., writes: "I have given Ballard's Horehound Syrup to my children for coughs and colds for the past four years, and find it the best medicine I ever used." Unlike many cough syrups, it contains no opium, but will soothe and heal any disease of the throat or lungs quicker than any other remedy. 25c, 50c, and \$1.00 at Fischer Drug Company.

A PHYSICIAN WRITES.

"I am desirous of knowing if the profession can obtain Eedline in bulk for prescribing purposes? It has been of great use to me in treating cases of dyspepsia brought on by excesses or overwork. I have never known it to fail in restoring the organs affected to their healthful activity." 50c bottle at Fischer Drug Company.

DEATH RATE DECREASING.

The 1900 census shows a decrease of 10 per cent in the general death rate. The decline in Consumption is more marked than any other disease. Many causes are attributed, but it is safe to say that Dr. King's New Discovery for Consumption, Coughs and Colds is responsible for this decline, to a large extent. Many a life has been saved by its use. There is nothing anywhere just as good for Lung and Throat troubles. It's positively guaranteed by Fischer Drug Co. Druggists. Price one and a half. Trial bottle free.

PUBLIC HIGHWAYS.

Full Text of the New Law on This Important Subject.

House Bill No. 147, An act with reference to the public highways in the Territory of New Mexico.
Be it enacted by the Legislative Assembly of the Territory of New Mexico, Section 1. Whereas the Congress of the United States has declared all post roads and roads over which mails of the United States are carried to be public roads, it is therefore likewise declared by this act that all such roads as above described are and shall continue to be public roads and open to the people of this territory.

Sec. 2. It shall hereafter be unlawful for any person or persons to in any manner obstruct any public road in this territory, by putting therein or thereon any obstruction whatsoever, and all persons convicted of a violation of this act shall upon conviction before any court of competent jurisdiction be fined in any sum not to exceed \$50 or be imprisoned in the county jail for a period not to exceed 30 days, and pay all costs of prosecution, or both such fine and imprisonment at the discretion of the court trying the case.

Sec. 3. Where any public road in this territory passes over the public lands it shall be lawful for the board of county commissioners to permit the sides of such road to be fenced whenever a majority of the legal voters of the precinct through which said public road passes so desires. Provided, however, that said fencing shall not be at the expense of the county in which the road is located.

All acts and parts of acts in conflict with this act are hereby repealed and this act shall be in force and take effect from and after its passage.

ROSWELL ITEMS.

The New Bank Elects Officers—Some Newspaper Changes—Four Men Arrested for Larceny.

Rev. B. F. Wilson offered his resignation as pastor of the Christian Church at Roswell, but the consistory and congregation refused to accept it. C. E. Mason, business manager of the Roswell Record and one of the proprietors, has severed his connection with that paper, he having bought the Roswell Register from R. S. Hamilton. H. F. M. Bear will be the sole proprietor of the Record. He will continue the publication of the Daily Morning Record.

Clarence Johnson, S. G. Gregg, Thomas Watson and William Geaton were arrested at Roswell for stealing a grip containing \$154 worth of gloves. They were held for the grand jury under \$500 bail. The booty had been buried but was dug up by officers. The Gamble and Roscoe bottling works at Roswell have moved into new and larger quarters.

Hagermann by a big majority has decided to issue bonds for a modern and commodious school building. W. C. Darnenberg dropped dead at the home of his brother, L. D. Darnenberg at Roswell last Saturday evening. The unfortunate man had arrived only the day before from Woodward, Okla. He was 46 years of age and an engineer on the Santa Fe.

The Roswell National Bank last week elected the following officers: President, Jeremiah McCluskey; 1st vice president, H. F. Smith; 2d vice president, A. L. Norfleet; cashier, C. B. McCluskey; assistant cashier, B. E. Kelley; directors, Jeremiah McCluskey, H. F. Smith, A. L. Norfleet, C. M. McCluskey, George M. Slaughter, J. W. Stockard, J. R. Ray, Dr. R. L. Bradley, C. C. Emerson.

THE DUKE CITY.

Justice of the Peace Crawford has a Full House.—A Money Order Swindle.

Justice of the Peace Crawford Monday gave a hearing to eight men charged with various minor offenses. Jeremiah Brabham, colored, was sent to the county jail for sixty days for abusing his wife. Samuel Jones was given ninety days for beating up the other prisoners in the jail. Patrick Fitzgerald was given thirty days for resisting an officer. That was the third time in a week Fitzgerald was arrested. Edward Walsh was given thirty days. He was given a bottle of liniment for a bruised arm but drank the contents and became hoarse. Henry Turner was given five days for vagrancy and James Shea and Eugene Hayes will serve five days on the street gang for drunkenness. About a dozen fakirs who will follow President Roosevelt on his tour are arranging for curbstone privileges at Albuquerque. A clever money order swindler bought a postoffice money order at Albuquerque for \$1.00. He erased the figures and raised the order to \$35 and cashed it at a Las Vegas store. The man was traced to Santa Fe and from there to Trinidad, Colorado, but has not yet been arrested.

At the district court at Albuquerque yesterday, James McDonald pleaded guilty to passing forged checks. Charles Robinson and James P. Deming were tried on a similar charge and were found guilty. William A. Tulip pleaded guilty to the charge of attempt to murder and was sentenced to six months in the county jail.

Roy McDonald, of Albuquerque, has signed with the Kansas City Baseball team of the American Association. The New Mexican Printing Company has the only bindery in the territory where first class loose leaf ledgers are manufactured. Merchants and business firms, requiring such books for the coming year, should immediately address this company and they will find that the best work at the lowest prices in the southwest will be done for them if they order from this company.

Starting and Staying.

At the start in a long race, the advantage often appears to be with an outsider. But the race is won not in starting but in staying. The quality which wins is staying power. It is so in the race of life. Staying power, wins, and as a rule the best stayer is the man with the best stomach. All physical strength is derived from food which is properly digested and assimilated. When the food eaten is only partly digested and assimilated there is a loss of nutrition which means a loss of strength and the general result is physical breakdown.

Dr. Pierce's Golden Medical Discovery gives strength and staying power, because it cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food eaten, and so strengthens the body naturally by the nutrition derived from food.

"I was troubled with indigestion for about two years," writes Wm. Bowler, Esq., of Juliaetta, Idaho. "I tried different doctors and remedies but to no avail, until I wrote to you and you told me what to do. I suffered with a pain in my stomach and left side and thought that it would kill me. Now I am glad to write this and let you know that I am all right. I can do my work now without pain and I don't have that tired feeling that I used to have. Five bottles of Dr. Pierce's Golden Medical Discovery and two vials of his 'Pleasant Pellets' cured me."

Accept no substitute for Golden Medical Discovery. There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pellets are easy and pleasant to take. A most effective laxative.

QUAY COUNTY.

Brave Frank Harrington, the Victim of a Railroad Accident.

Frank Harrington, the conductor of the Colorado & Southern, who shot Black Jack and wounded him, when the latter held up a passenger train near Polson, was killed last week in Texas, not far from the New Mexico line, by falling from his train and being cut to pieces.

J. H. Conlan, division superintendent of the Rock Island, selected the site for repair shops and roundhouses at Tucumcari last week. E. Cooper, the proprietor of the Santa Rosa Star, intends to begin the publication of a newspaper at Tucumcari.

READ ALL THIS.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Santa Fe to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Ruperto Martinez of Griffin st., says: "While getting out stone for a railroad, I was holding the drill and was engaged in other work particularly hard on the hands. Mine were completely used up. I could scarcely handle anything, in fact it was difficult to use a spoon at the table. I had a box of Doan's Ointment with me which I had procured at Ireland's Pharmacy, and it struck me that it could not do any harm and it might at least help. I applied it and the relief obtained was magical. If every one receives as much benefit from the use of Doan's Ointment as I the preparation will prove of untold value in this vicinity."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, Remember the name—Doan's—and take no other.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.
