WASHINGTON!

Teller Will Not Support
Republicans in Fall.Postoffice and Post Roads
Bill Recommended.Presidential Appointments for the
Cuban Government.

NEWS IN THE PHILIPPINES.

Washington, D. C., June 4.—Morgan of Alabama reported to the senate from the committee on inter-oceanic canals, a resolution declaring the Clayton-Bulwer treaty obsolete. He gave notice that he would call it up tomorrow.

After many efforts had been made by senators to obtain consideration of the various bills, all of which were blocked by objection, Teller addressed the senate on the Philippine question.

Teller said the speeches on the same subject delivered by Beveridge, Lodge and Spooner contained strong political ideas and evident desire to advance the policy of the administration rather than arrive at a just and righteous solution of the problem presented.

Teller said: "I believe a republic may have and hold colonies, but those colonies must be founded on the participation in the government by the people of the colonies. I see no way to surrender the Philippine Islands."

"Nobody," he said, "advocates the abandonment of the Philippines." He referred to the speech of Hearst as having infinitely more concern as to the fate of the republic than the fate of the Philippines. He said that the republic party in the Philippines was not a party of the Philippines, but a party of the United States.

At the conclusion of Teller's speech, Senator Hearst, chairman of the committee on postoffice and post roads, moved to recommittal the bill for the classification of clerk in first and second-class postoffices.

Without a dissent, it was stated that first and second-class postoffice clerks had contributed \$100 or more each to be devoted to lobbying this bill through congress. He thought the clerk ought to be satisfied that his contributions gained them nothing.

Butler of North Carolina interpreted the remark that the amount assessed upon the clerk reached the sum of \$100.

Washington, June 4.—The senate committee on military affairs today reported favorably on the nomination of General Ota to be major general with request for immediate action. Objection was made and the nomination went over.

Senator Mason introduced the following resolution:

"That the senate of the United States hereby express the hope that the war in South Africa may cease at an early day upon terms satisfactory to those engaged therein, including the independence of the South African states."

Washington, D. C., June 2.—All seemed about the house today prepared a near approach of the final adjournment.

Journalism. The corridors were thronged with advocates of belated bills, enrolling clerks' were hurrying about and the speaker was constantly besieged by members with private bills, called upon the secretary of the interior for all reports relating to the dropping from the pension roll of certain widows.

The chair held that the pending question was to discharge the committee from consideration of the resolution, and pending question was not debatable. The question was put. Motion lost by a vote of 114 to 121. This left the solution still in the possession of the committee.

Washington, D. C., June 4.—The following calligrapher was received at the state department from United States Minister Cramer:

"Peking June 4.—Outside of Peking murders and persecutions by 'boxers' seem to be on the increase. The Pao Ting railway is temporarily abandoned. Work on the Peking and Hankow line is stopped. All foreigners have fled. The Chinese government seems either unwilling or unable to suppress the trouble. Troops show no energy in attacking the 'boxers'."

Presidential Nominations. Washington, D. C., June 4.—The president today sent to the senate the following nominations for officers of Porto Rico: Jose Severino Quenones, of Porto Rico, chief justice of the supreme court; Louis Sulzberger, of Missouri, Jose E. C. Hernandez, Jose M. Piqueras and Rafael Xorico Y. Abell, of Porto Rico, associate justices; William Holl of Kentucky, United States district judge; Edward S. Wilson, of Ohio, United States marshal; Noah B. E. Pettigill, Porto Rico, United States district attorney; Jos. F. Daly, New York, Lee S. Row, of Pennsylvania and Juan Hernandez Lopez, of San Juan, Porto Rico, members of the commission to compile and revise laws; Jose E. C. Barboza, of San Juan, Rosendo Martinez Clonro, of Ponce, Jose de Diego, of Mayaguez, Manuel Camues, Pajardo and Andres Cruzas of San Juan, members of the executive council; Martin Grove Brumbaugh, of Pennsylvania, commissioner of education.

Thought to Be Aguinado. Vigan, Luzon, June 2.—Via Manila—Major March with a detachment of the Twenty-third regiment, overtook what is believed to be Aguinado's party May 19, at La Gataba about 100 miles northeast of Vigan, an American killed or wounded officer, whose body is supposed to be Aguinado, whose body was removed by his followers.

While the Republican Convention Is in Session at Philadelphia. Kansas City, June 4.—The Star will say today: "While the republican national convention is in session in Philadelphia, William J. Bryan, Charles A. Towne, populist nominee for vice president, James K. Jones, chairman of the democratic national committee, Col. M. C. Wetmore, St. Louis tobacco merchant and J. J. Hogan, democratic politician of La Crosse, Wis., will enjoy an outing at Minocqua, Wis., a fishing place on the Chicago, Milwaukee and St. Paul railway."

The party will be the guests of Col. Wetmore at his summer cottage. Wetmore is the Wisconsin gathering will be simply an outing and have no political significance."

HELD UP A TRAIN!

Robbers Failed to Make
Connection.Attempted to Kill the Mes-
senger and Others.Engineer Opens Throttle and Leaves
Robbers Behind.

OTHER TELEGRAPHIC NEWS.

St. Louis, Mo., June 4.—A special to the Post-Dispatch from Longview, Texas, says the northbound "Cannon Ball" train on the International and Great Northern was held up about midnight near Price's switch, sixty miles south of this city, and but for the plucky fight of Express Messenger Charles Rutherford, baggage-master James Strong and a strategy of Engineer Charles Rich, another robbery would have taken place.

The engineer saw a pile of ties and a lantern on the track and stopped. He was ordered down by three masked men, who forced him and his fireman to uncouple the mail, baggage and express cars and pull about two miles from the remainder of the train. The robbers then commanded the messenger to open the door of his car, and failing to get any response, made Freeman Love break a hole in the end with a coal pick.

While this was being done, the fireman begged the messenger and baggage-master to shoot. The messenger, who was well protected by a barbed wire, said he would kill the first man to enter the hole. Love was forced in, and the messenger shouted: "Get inside Love," as he fired through the hole. He also just missed the robbers, who understood to kill the messenger by shooting through the side of the car.

In the confusion, Engineer Rich crawled upon the engine, pulled the throttle wide open, and left the robbers behind. Pendleton bloodhounds were put on the trail of the robbers.

Mrs. Stevens had been announced to read a paper before the general federation of women's clubs at Milwaukee next Thursday on "How Industrial Conditions are Undermining the Race." She was 61 years old.

Bubonic Plague in Frisco. San Francisco, June 4.—Health Officer O'Brien and Bacteriologist Kellogg reported a case of a Chinese who died Saturday after one day's illness. Kellogg said the case was undoubtedly bubonic plague. Temporary quarters will be established on Angel Island which is sufficiently large to accommodate 3,000 Chinese. The passage of streetcars through Chinatown is to be stopped and all permits to pass quarantine lines are revoked.

AT SANTA FE!

Celebration a Most Stupendous Success.

Capital City Decorated in Good Style.

Albuquerque Citizens in Abundance at the Capital.

OUTSIDE CROWD IMMENSE.

Special to The Citizen. Santa Fe, N. M., June 4.—The celebration is a grand success. An immense crowd present and the city profusely decorated. Albuquerque is largely represented.

The Albuquerque Guards, to the number of thirty-three and under Capt. L. H. Chamberlain, left this morning for Santa Fe. First Lieutenant J. E. Kider and Second Lieutenant Charles Whiting were with the boys.

Colonel E. W. Dobson and Lieutenant F. H. Sturges, regimental quartermaster, both of the governor's staff, left for the capital this morning. Colonel Borradaile and Lieutenant E. L. Medler were passengers for Santa Fe yesterday morning, at which time the Las Cruces militia, under Van Patton, passed up the road for Santa Fe.

REGULAR TEXAS TRAGEDY. Two Bloodthirsty Factions Meet and Result in Deaths. Nacogdoches, Texas, June 4.—A triple tragedy occurred in the court house at San Augustine to-day in which Felix Roberts, a newspaper correspondent, Sid Roberts and Sheriff Neel Roberts were killed. The tragedy was the result of an old feud between the Wall and Roberts factions on one side and the Brooks and Roberts faction on the other. A few weeks ago Sheriff Geo. Wall was shot dead by Cud Borden.

San Augustine, Texas, June 4.—The dead sheriff, killed Ben Brooks, 78, day at the court house, the two factions met, and battle ensued. When Sheriff Wall was killed, his nephew was appointed sheriff. Armed men from here, partisans of both sides, started for San Augustine. Telegrams have been sent Governor Sayre urging him to call out the militia.

ARMED CITIZENS. St. Louis, Mo., June 4.—Citizens members of the peace committee had their first active service to-day when several companies were assigned for guard duty at the electric power houses of the Trans-Mississippi and Pacific coast.

Interference with passengers in some sections of the city by strike sympathizers is becoming serious. It is as much as a person's life is worth to get out of a street car on South Broadway.

Election in Oregon To-day. Portland, Ore., June 4.—The polls opened at 8 a. m. and the weather was perfect. This is the first election in Oregon under the reorganization law. Great interest centers in the election of a legislature which will elect a successor to the United States Senator McFriede. The tickets nominated are practically two, the one straight republican and fusion of democrats, populists and silver republicans.

Mrs. Sherman Dangerously Ill. Mansfield, O., June 4.—Mrs. John Sherman, wife of ex-Secretary John Sherman, suffered another stroke of paralysis Sunday afternoon. The physicians express little hope for her recovery.

ALBUQUERQUE — JUNE 4, 1939

Albuquerque is well represented at the
Capital dedication, Santa Fe, to-
day.

The student election will take place
June 12. Don't forget the date.

When Aguinaldo receives the New
Mexico election returns he will change his
opinion of his American correspon-
dents.

Be ready to meet the census taker
and tell him everything he wants to
know. He is a hard worked man and
the information he collects is most
valuable, if accurate.

The executive committee of the New
Mexico Territorial Fair association will
hold a meeting at the city building to-
morrow (Tuesday) night.

The New Mexican is now requested
to say something pleasant about the
territorial fair that will be held in this
city in the forthcoming September.

The Capital, a new weekly republican
paper just published at Santa Fe, has
been received at this office. William
M. Berger is the editor and manager.
The Citizen wishes The Capital suc-
cess.

The public service suffers whenever
a man who professes to be a reformer
is appointed to office, as witness the
Cuban postal scandal. The truly cir-
cle of heart do not parade their ex-
cellence in public.

Some people would have no dread of
entering the sleep of death were they
not fearful of having dreams. There
are sound physiological reasons for be-
lieving that such fears are entirely
groundless.

Hereafter, according to an order just
issued by General Galtier, minister of
war, all strong, spirituous liquors and
absinthe, vermouth and other "cor-
dials," will be banished from French
army barracks, and the soldiers' be-
verage will be restricted to wine, beer
and cider.

The San Marcial has been the en-
gagement site of Ed. Sanders
Sr. of Bernalillo, New Mexico. When
of Parral, Mexico, to Miss Anne Wis-
the marriage takes place the young
couple will reside at Parral, where Mr.
Sanders is engaged in business with
Joe Freudenstein.

It is said in London that John Mor-
ley, the author and politician, upon
being told that Rev. Dr. Charles M.
Sheldon had engaged a luxurious New
York to England, remarked: "One
would have expected the author of 'In
His Steps' to have walked across."

The railroads of the country are ex-
panding some fifty millions this year
for new equipment. Consider what
this proves. It means that the amount
of freight to be moved has enormously
increased and that production of the
country has increased still more enor-
mously and that prosperity is unbound-
ed.

Senator Blackburn's proposition to
repeal the Goebel law, is merely a game
of lingo, as he advocates repealing
the letter and retaining the spirit of the
law. There is not the faintest chance
that Kentucky will permit the republi-
cans to select republican judges who
are to watch the proceedings at the polls.

The musical part of the university
program at the Congregational church
yesterday was in charge of Miss Gil-
more, the principal. She had Mr. Shickel
to assist in the selections, which
the university has ever given. One of
this week's graduates, Miss Anderson,
and Mr. Harding took part in the
beautiful quartette that was sung.

Inspired by the spirit of Rockefeller
and Carnegie, two of St. Louis' opul-
ent citizens have made a princely gift to
Washington university of that city.
Samuel C. Cupples and Robert S.
Brookings are the men to whom the
university is indebted for a gift of 30-
000 shares of stock, worth \$5,000,000. The
stock pays a dividend of \$40,000 a year,
and is increased in value. This gift
makes Washington university one of
the richest educational institutions.

The recent trial of the men who at-
tempted to dynamite the Welland can-
al in Canada was a striking con-
trast between methods of legal pro-
cedure in that country and the United
States. The trial lasted but two days,
and the men were sentenced to life im-
prisonment. Eminent lawyers who
were employed on both sides, but who
had an objection or any of the charges
of delay noticeable in American courts
developed during the trial. In this
country the case would have been con-
sumed weeks, if not months.

The warden of the Kansas state peni-
tentiary is planning himself upon the
success of his institution in breaking
up the binding twine trust in that
state. The trust put up the price of
twine to 15 cents a pound. The in-
mate of the penitentiary were then
turned to the making of twine, and the
price fixed at 12 cents. It is estimated
that Kansas will need 10,000,000 pounds
of twine to bind its wheat crop, and
the cut of 3 cents per pound made by
the penitentiary represents a profit of
\$300,000 to the farmers and a loss of
that amount to the twine trust. Fight-
ing the devil with fire is effective. The
way to down a trust is to meet it half
way and fight it with convicts.

TO BUILD UP PORTO RICO.
There is happily fast coming a rec-
ognition of the fact that in the tariff
there is more of benefit for the island
than was claimed even by the cham-
pions of the tariff at first. It is
scarcely denied that if goods from
the United States had been admitted
free into the island from the mo-
ment it came under the American flag
the producers of that island, who came
in any way into competition with
American producers of the same arti-
cles, would have been completely
swamped, and would have had no op-
portunity whatever to develop their
resources or to build up their business
to the desirable point where they can
supply as much as is possible of all the
demands of the Porto Ricans. We

work in considering our tariff and lib-
eralization toward the island, bear in
mind that it is not merely a field for
the sale of our goods but that we must
in all propriety strive at all times to
support the great industries of Porto
Rico and to encourage the introduction
of others. Preservation of the island
demand, in some degree at least, for
the island production is our plain duty.
The tariff now in force will work to
that desired end.

Must Walk to North Pole.
For years have we struggled to reach
the north pole by ship. Through hard-
ship and danger brave explorers have
endeavored to reach the coveted spot.
The fact that the pole is still a mys-
tery points to the conclusion that our
method was wrong, and hence evidence
to the recent utterance of a learned
scientist, that we must abandon ship,
copy the Eskimo's customs and walk
to the pole. The safe commonsense
reasons should be applied to health.
There is only one road to recovery for
sufferers from stomach disorders, and
that is through Hostetter's Stomach
Bitters. If you have tried to cure in-
digestion, constipation, dyspepsia, liver
or kidney trouble without it, you have
simply been on the wrong track. The
Bitters will cure you.

The Williams Nerve Tonic. George E.
Everett, son of Arthur Everett, of Al-
buquerque, who comes very highly
recommended as an expert watchmaker
and jeweler, arrives to-day to take
charge of M. H. Warren's manufac-
turing and repair department, and to
be his general assistant. Thus progress
goes merrily along in Williams, be-
cause she has been a servant that has
proved herself worthy of her hire. We
bospeak for Mr. Warren and Mr. Ever-
ett's unusual success.

His Life Was Saved.
Mr. J. E. Lilly, a prominent citizen of
Hannibal, Mo., lately had a wonderful
deliverance from a frightful death. In
telling of it he says: "I was taken
with typhoid fever, but my friends in-
sisted that I was not seriously ill. My
lungs became hardened. I was so weak
I couldn't even get up in bed. Nothing
helped me. I expected to die of con-
sumption, when I heard of Dr. King's
Cough Remedy. One bottle gave great relief.
I continued to use it, and now am well
and strong. I can't say too much in its
praise." This valuable medicine is the
surest and quickest cure for all
coughs, colds, bronchitis, whooping
cough, croup, and all lung troubles.
Regular size 50 cents and \$1.00. Trial bottles free at
all drug stores. Every bottle guaran-
teed.

J. N. Ritchie and W. S. Round, postal

point and Flagstaff, Arizona.

few, and they will be few and far

pimples, blotches, skin eruptions and a
wretched complexion. It will make a

HOW CHARLES W. BABCOCK

Proprietor Lycium Shell Oyster Parlor, of Rochester, N. Y.
Obtained \$2,000 Life Insurance Policy.

"My business as proprietor of the Lycium Shell Oyster Parlor, 245 Main
street, Rochester, N. Y., writes Mr. Charles W. Babcock, "was so confining
that my lungs became affected. My doctor told me I'd have to leave the store
and go to work at some-
thing outdoors. He said
my lungs were in bad
shape, and I knew it
just as well as he did.
The trouble had been
growing on me for a
long time. Like most
other people, I tried to
make myself believe
the trouble was not in
the lungs. I called it
stomach trouble or ner-
vous disorder, but I
kept coughing, spitting
and wasting away right
along. I lost in weight,
falling from 140 to 115
pounds. Somehow or
other, I got hold of Ac-
ker's English Remedy.

For Throat and Lung Troubles, and after taking it according to directions, I was
as well as any man in New York State. I was healthier and stronger than be-
fore I took the cold which came so near killing me. I now weigh 150 pounds—
ten pounds more than ever. After recovering, I applied for a life insurance
policy. When the doctor began examining me, I was afraid he would discover
that my lungs had once been affected, but he didn't. I passed all right, and
was pronounced in a first-class condition. If that isn't proof of the most posi-
tive kind that Acker's English Remedy is a great medicine, I don't know what
you call proof. I give it my warmest endorsement. My address is given above.
Anyone who wishes may write me personally about my case."

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada;
and in England, at 1s, 2s, 3s, 4s, 6d. If you are not satisfied after buying,

There is no doubt there are tremen-
dous interests in the canyon, and that
the exploration that are now beginning—for this is the first
of its kind that has studied the dif-
ficulties of the treacherous canyon, from
a common sense standpoint—will give
to the world many new papers to science
and temporary literature. A very large
party under the leadership of Prof.
Becher of the Peabody museum, be-
gan their exploration of the canyon in
August. It is a foregone conclusion
they will make some very interesting
discoveries and do great things. They
have been told by Indians and un-
scientific travelers or prospectors, who
have stumbled it may be, on some of
the world's treasure chambers, or pre-

cinating and thrilling quest."

Hon. Numa Raymon, Dr. J. T. McConnell and A. J. Papan, accompanied by Miss Frenger, a niece of Mr. Raymond, passed through the city for Santa Fe this morning from Las Cruces. The men folks will return south tomorrow, except Dr. McConnell, who will continue east, and Miss Frenger, will remain at Santa Fe a few days as the guest of Miss McPike.

J. S. Horton left this morning for the mining districts north of this city in the interest of the Albuquerque Foundry and Machine works. He will be absent about a week.

Samuel Neustadt, a popular clerk of the firm of Grunfeld Bros., left this morning for Santa Fe, where he will enjoy a rest of two days.

Joe Badaracco sent a basket of flowers this morning to his daughter, who is attending the Sisters of Loretto school at Santa Fe.

Mrs. J. S. Horton and son, William, left Sunday night for Long Beach, Cal., where they will visit for a few weeks.

Appreciated Gifts.

A short time ago Mrs. McCright, the No. 312 West Railroad avenue milliner, sent a box of hats and trimmings to the little folks of Harwood Home. To-day the following appreciative letter was received:

Albuquerque, N. M., June 2.

Mrs. M. McCright, Albuquerque, N. M.

Your donation of hats and hat trimmings was most thankfully received.

The girls went to work and made hats enough to go around. Everybody was so happy and well pleased, and the hats were a great improvement on what we were wearing and an improvement on the hats we had seen in that line since the Home was opened. We send our sincere thanks to you.
