## ESTANCIA PLAIN A GARDEN SPOT

Water is Found Near the Surface and Vegetation is Luxuriant--Application Made to the Government for a Survey.

## SANTA FE CENTRAL RAILWAY PROVIDES AN OUTLET

Special to the New Mexican.

Antelope Springs, April 10.—The trip overland from Hagan to Antelope Springs is one of the finest that can be made in the southwest. Especially so in congenial company as was that offered by the little cavalcade that started out yesterday on a typical New Mexican April day with the sun shining warm, a little breeze stirring and the birds carolling.

W. S. Hopewell, manager of the Santa Fe Central Railway, as well as of the New Mexico Fuel and Iron Company, was one of the quartet. A wonderful man is he, a bundle of energy tied with a rich streak of sentimental humanity, a man who suffers positive agony if he isn't doing something, and at present he is doing and planning a dozen things at the same time and doing and planning them well. Like all active workers, he is a tactician man, but it brings a rich reward to draw him out. His experiences in the west, his knowledge of men taken with the fact that he is a student of political theories and history and a deep thinker, make him an interesting talker, but he talks only when he has nothing else to do and that is seldom. He was in Denver in 1869 when Santa Fe was as important a town as the Queen City of the Plains; he surveyed the first railroad over Tennessee Pass; he was at Aspen when the town was laid out and was a pioneer in the mining district around Ouray; he was among the first cattlemen in Sierra county and knew the country south of Santa Fe well, long before the Santa Fe Central Railway was thought of.

Another in the party was W. A. Bayer, in a confidential position with Mr. Hopewell, and the interests of which the latter is manager. When need be, he is as "mum" and reserved as an oyster, but a fine traveling companion nevertheless, who knows every road and every bit of country tributary to the Santa Fe Central Railway as well as of Sierra and Socorro counties. Although less than four years in New Mexico, having spent his life before that in Philadelphia, he knows more about the territory by actual observation than many an old timer, and he jabs Spanish quite fluently.

The third man in the party was John Harris, an old railroader in the west, who will have charge of the tracklaying on the Santa Fe Central and tributary roads.

**NATURAL RESERVOIR SITES.**  
Up the San Pedro creek the road leads through massive canons with perpendicular rock walls which furnish excellent reservoir sites from which to supply the future town of Hagan. The scenery is extremely picturesque. The wagon road winds up to the beautiful and densely wooded San Antonio mesa which stretches along the entire length of the impressive Sandia or Watermelon range, in which there are many fine and large springs. At the foot of this stupendous mountain pass lies the Teton grant of 12,800 acres with several mineral springs. Closer to the mountains lies the village of La Madera and around it is a dense growth of commercial timber. In a canon half a mile north of the village is Skinner's saw mill, cutting timber for the New Mexico Fuel and Iron Company at Hagan. Towards Tijeras canon the mesa gives way to gently rolling country on which there is fine grass and beautiful timber and from which the church of the pretty village of San Antonio looms up. The view from the San Antonio mesa is superb and as the eye sweeps from the snowy caps of the Santa Fe and Pecos ranges to the Ortiz, San Pedro and South mountains all the way around to the Sandia's and the finely wooded country between, the thought that here the Creator has perfected a masterpiece, a jewel set in this arid land, suggests itself.

Rounding the South mountain, which is mottled like a snake's skin on its massive southern promontory, the great Estancia plain, grass covered and bounded by mountains on all sides, bursts into view. A magnificent country of magnificent distances, a plain covering over 5,000 square miles, so little broken by arroyos and draws that roads can be constructed in any direction as straight as an arrow flies. It is easy to drive across it with wagon at any point. There are over a score of ranches on this plain with windmills, tanks, outhouses and corrals and it is hard to be not in sight of one or more of them at any time, but there is not a single village or town in the entire plain.

**PROSPEROUS RANCHES.**

The party struck Moriarty at noon, having left Hagan at 8 in the morning. The Albuquerque Eastern has been graded several miles from this point and the Santa Fe Central Railway has put up a substantial depot, store, canteen and other buildings. Excellent meals are served at this point to travelers. Prosperous ranches are grouped around the buildings and a number of homesteaders have taken up claims lately and have erected buildings and windmills. Water is near to the surface and old Michael Moriarty on his fine ranch has demonstrated that an orchard, vegetable garden and poultry yard can prosper as well as sheep on the plains. From Moriarty, in fact all the way from Santa Fe, a good wagon road made by the Santa Fe Central Railway Company skirts the grade. Mr. Hopewell has driven the entire distance from Torrance to Santa Fe, 116 miles, with two relays, in one day. With a single relay, the distance can be covered in a day and a half. Of course, the trains will cut this down to three hours or less as over the plains on which there are two long tangents with very gentle grade, 60 miles an hour will be made. The station below Moriarty is McIntosh, the McIntosh home ranch lying to the west. Mr. McIntosh has other ranches and windmills scattered over the plain.

At Moriarty, Charles Gutterman of Santa Fe, is the operator. Roy Stamm of Albuquerque, is the postmaster and storekeeper, the mail arriving and leaving twice a week at present by way of Chilili, 15 miles away. As the party came in, Ralph Kinsell of Santa Fe, started for his father's ranch near Moriarty.

**PICTURESQUE RANCH HOUSE.**  
Below McIntosh station a quarter of a mile west of the railway, lies Antelope Springs with its picturesque ranch house built by Joel P. Whitney of Boston, and from which were directed his gigantic cattle operations on the Antonio Sandoval grant which he had bought and fenced in only to discover that the grant was not a valid one. The house is now a commodious club house for General Francis J. Torrance, who will arrive here probably next week with a party of friends. The house has been remodeled, repainted, repapered, elegantly furnished and this letter is being written in one of its pleasant rooms by a blazing log fire in the old fashioned fire place. A veranda extends on three sides of the building and some distance off are commodious stables, barns and corrals. A bath room with hot and cold water, a new windmill and tank, a water tower and completely equipped kitchen are some of the innovations at the place of which George Parsons of Santa Fe, has charge at present. Frank Dibert, who has been setting out a hundred fruit trees around the house, as well as ornamental hedges, small fruit, shade trees, flower beds and has been laying out an extensive lawn, left here today for Santa Fe, but will return later further to beautify the surroundings of this ideal and cheery club house, to lay out golf links, vegetable garden, alfalfa field, to swing hammocks and to lay out gravel paths. A telegraph line runs into the building.

But the finest attractions at Antelope Springs are the two strong flowing springs of soft, pure water, bubbling from the ground. Houses have been constructed over them and pipes lead from them into the club house and into the stables and corrals. The flow is strong enough to irrigate several acres of land and can probably be increased. But more remarkable even than these springs is the fact that anywhere in this section, good water is found at a depth of only four or five feet. This will explain why the grass stood knee high before the sheep came in and why this is destined to be an agricultural country better than that around Portales in Roosevelt county and why the Santa Fe Central will bring a drill in here to drill for artesian water which is almost certain to be found, for the plains seem to be an immense sink receiving the drainage from the immense mountain systems that league around it.

**A NATURAL GARDEN SPOT.**  
Mr. Hopewell has made application to the Interior Department for the survey of this magnificent body of land, the finest stretch of unsurveyed public domain in the southwest. United States Examiner of Surveys P. M. Johnson is at Hagan this week and may take a look at the Estancia plain. As soon as the survey is made and that will be this year, homesteaders will pour in here, in fact they are coming in now, and between here and Estancia several ranch homes went up this winter, lumber has been hauled in for another homesteader and a tent marks the spot selected by a third. General Torrance is said to entertain the idea of bringing in a colony of German and Austrian farmers who will do sugar beet, cantaloupe, vegetable and alfalfa growing. Mark the prediction, the Estancia plains will in a few years rival the Roswell and Portales country.

A sunset on the plains as viewed from the veranda of the Club house is a picture that impresses itself indelibly upon the memory. Tonight as the sun sank behind a bank of clouds above the Manzanos, the plains were suffused in purple, the lengthening shadows being of a deeper hue. Far to the north glittered the snow caps of the Santa Fe and Pecos ranges; to the east the Crow Peak, the Loma de Lobo, the Pedernal

face and old Michael Moriarty on his fine ranch has demonstrated that an orchard, vegetable garden and poultry yard can prosper as well as sheep on the plains. From Moriarty, in fact all the way from Santa Fe, a good wagon road made by the Santa Fe Central Railway Company skirts the grade. Mr. Hopewell has driven the entire distance from Torrance to Santa Fe, 116 miles, with two relays, in one day. With a single relay, the distance can be covered in a day and a half. Of course, the trains will cut this down to three hours or less as over the plains on which there are two long tangents with very gentle grade, 60 miles an hour will be made. The station below Moriarty is McIntosh, the McIntosh home ranch lying to the west. Mr. McIntosh has other ranches and windmills scattered over the plain.

At Moriarty, Charles Gutterman of Santa Fe, is the operator. Roy Stamm of Albuquerque, is the postmaster and storekeeper, the mail arriving and leaving twice a week at present by way of Chilili, 15 miles away. As the party came in, Ralph Kinsell of Santa Fe, started for his father's ranch near Moriarty.

**PICTURESQUE RANCH HOUSE.**

Below McIntosh station a quarter of a mile west of the railway, lies Antelope Springs with its picturesque ranch house built by Joel P. Whitney of Boston, and from which were directed his gigantic cattle operations on the Antonio Sandoval grant which he had bought and fenced in only to discover that the grant was not a valid one. The house is now a commodious club house for General Francis J. Torrance, who will arrive here probably next week with a party of friends. The house has been remodeled, repainted, repapered, elegantly furnished and this letter is being written in one of its pleasant rooms by a blazing log fire in the old fashioned fire place. A veranda extends on three sides of the building and some distance off are commodious stables, barns and corrals. A bath room with hot and cold water, a new windmill and tank, a water tower and completely equipped kitchen are some of the innovations at the place of which George Parsons of Santa Fe, has charge at present. Frank Dibert, who has been setting out a hundred fruit trees around the house, as well as ornamental hedges, small fruit, shade trees, flower beds and has been laying out an extensive lawn, left here today for Santa Fe, but will return later further to beautify the surroundings of this ideal and cheery club house, to lay out golf links, vegetable garden, alfalfa field, to swing hammocks and to lay out gravel paths. A telegraph line runs into the building.

But the finest attractions at Antelope Springs are the two strong flowing springs of soft, pure water, bubbling from the ground. Houses have been constructed over them and pipes lead from them into the club house and into the stables and corrals. The flow is strong enough to irrigate several acres of land and can probably be increased. But more remarkable even than these springs is the fact that anywhere in this section, good water is found at a depth of only four or five feet. This will explain why the grass stood knee high before the sheep came in and why this is destined to be an agricultural country better than that around Portales in Roosevelt county and why the Santa Fe Central will bring a drill in here to drill for artesian water which is almost certain to be found, for the plains seem to be an immense sink receiving the drainage from the immense mountain systems that league around it.

## THE BUREAU OF IMMIGRATION

Regular Annual Meeting Held Today--Election of Officers--To be Represented at the St. Louis Exposition by a Delegate.

LITERATURE PROVIDED FOR  
WORLD'S FAIR EXHIBITION

The regular annual meeting of the Bureau of Immigration, as prescribed by law, was held today at the office of the secretary of the Bureau in this city. There were present: W. B. Bunker, fourth district, president; Granville Pendleton, first district, vice-president; Alfred Grunsfeld, second district, treasurer; J. W. Bible, third district; Jose E. Torres, fifth district; Max Frost, secretary.

After reading and approving the minutes of the last meeting held February 26, 1903, the reports of the secretary and treasurer for the year just closed were read, examined and approved. The vouchers and accounts of Treasurer Grunsfeld were examined, audited and approved.

The Bureau then proceeded to the election of officers for the ensuing two years as follows: President, W. B. Bunker, Las Vegas, fourth district, unanimously re-elected. Granville Pendleton, Aztec, first district, unanimously re-elected. Treasurer Grunsfeld resigned that position and informed the Bureau that on account of press of private business he did not desire re-election to the office and therefore Joseph W. Bible of Hanover, third district, was unanimously elected treasurer. Max Frost of Santa Fe was unanimously re-elected secretary. A vote of thanks for the efficient performance of his duties was tendered the retiring treasurer, Alfred Grunsfeld of Albuquerque, member from the second district.

Considerable routine business was transacted and plans were adopted for the work of the Bureau during the year 1903 and the secretary was ordered to prepare literature in the shape of bulletins on counties and general pamphlets on the resources, conditions, climate and industries of New Mexico for special use at the St. Louis world's fair exhibition in 1904. Alfred Grunsfeld of Albuquerque, upon resolution adopted, was appointed by the president as the delegate from the Bureau to represent it and its interests at the Louisiana Purchase Exposition commencing May 4, 1904, in St. Louis, and to attend to the distribution of literature, maps, etc., at the exposition and furnished by the Bureau. The president was also authorized to appoint a delegate from the Bureau as its representative at the trans-Mississippi congress to be held during the year 1903. It was ordered that five hundred copies of the report of the governor of New Mexico for 1903, when published, and 1,000 copies of the new map of New Mexico, now in preparation by the general land office, be purchased for the use of the Bureau and an additional thousand copies of this map if satisfactory arrangements therefor can be made.

The Board then adjourned subject to the call of the president.

**RIOT AT PICACHO.**  
A Deputy Constable Was Shot and Killed and Others Wounded.  
San Diego, Calif., April 13.—Sheriff Broadnax received a brief telegram from Constable Horan a Picacho saying there had been a riot at that place and that Deputy Constable Peter Burke was shot and killed and others wounded. Picacho is 150 miles east of this city and 30 miles north of Yuma.

**BAKERIES MAY COMBINE.**  
New Jersey Company Organized With a Capital of \$1,500,000.  
Newark, April 13.—Arrangements are being made for a combination of the nine wholesale bakeries in this city, Jersey City and Hoboken, with a capital of \$1,500,000. The men at the head of the project have already options for 60 days on a number of plants.

**Strike is Over.**  
Saratoga, N. Y., April 13.—Carpenters, joiners, painters, paper hangers, decorators, masons, brick layers and plasterers who have been on strike, are all at work again today, the strike having terminated satisfactorily to the men and employers.

Peaks and the Las Animas range reflected the scarlet from the clouds around the setting sun. To the south-east the Las Animas range loomed up massively; to the west were the beautiful Manzanos behind which the sun was rapidly sinking and to the west and northwest were the picturesque Sandia, South, San Pedro and Ortiz ranges ready to reflect the silvery gleams of the moon, already high in the sky, but waiting for the sunset glow to fade away before asserting its influence. The vastness and the mystery of the plains, the silence that fell like a grand amen and the stars that appeared one after the other, overwhelmed the soul and seemed to utter in different tongues a grand and solemn benediction.

## TWO GRAND JURIES WORKING

Investigation of Missouri Boodling at Jefferson City and St. Louis.

EXCHANGING INFORMATION

This Causes the Atmosphere to Look Blue for Those Who Did Not Tell the Truth.

St. Louis, Mo., April 13.—The investigation of the charges of boodling made in connection with the baking powder legislation in the state legislature is being carried on today by grand juries in session in St. Louis and Jefferson City. Circuit Attorney Joseph W. Folk, under whose direction the St. Louis grand jury has been at work during the past week, has secured important information, it is believed, that will be made use of before the Jefferson City body which resumed its sessions this morning. Mr. Folk and Attorney General E. C. Crow, who is taking care of the Jefferson City end of the investigation, are working together and the fact the evidence given before two grand juries is available for comparison makes the situation serious for those who may not have told the truth. It is stated perjury indictments may even be found before the return of actual bribery indictments.

Speaker Whitecotton of the lower house of the legislature, held a long conference with Circuit Attorney Folk yesterday and it is understood gave valuable information to that official. A number of important witnesses have been called by both bodies for examination today.

**BUBONIC PLAGUE.**  
Russians Say They are Working Against It in Manchuria.

Pekin, April 13.—The Russians explain their delay in evacuating New Chwang, Manchuria, by the fact they are organizing an international sanitary commission with a Russian at its head to prevent a recurrence of the bubonic plague.

**BUFFALO BILL HURT.**  
His Horse Reared and Fell on Him at Manchester.

Manchester, England, April 13.—W. F. Cody (Buffalo Bill) met with an accident at the first performance of his show here today. His horse reared and fell on him. He was removed to a hotel.

**A Silver Bond.**  
Pekin, April 13.—The new American indemnity bond stipulated the payment to be in the equivalent of gold dollars at the rate of exchange provided for in the protocol which, according to the American interpretation of the protocol, makes it practically a silver bond. The bonds of other nations specify the payments are to be in the equivalent of gold at the rates of exchange prevailing on the dates of payments.

**Stock Markets.**  
New York, April 13.—Closing stocks—Atchison, 75; Atchison pld., 93%; New York Central, 128%; Pennsylvania, 132%; Southern Pacific, 54%; Union Pacific, 85%; do. pld., 88; United States Steel, 34%; do. pld., 83%.

**The Wool Market.**  
St. Louis, Mo., April 13.—Wool, unchanged.  
Territory and western medium, 15 @ 17; fine, 11 @ 16; coarse, 12 @ 15.

**MARKET REPORT.**  
MONEY AND METAL.

New York, April 13.—Money on call steady 5/8 @ 6 per cent. Prime mercantile paper 5/8 @ 5/8 per cent. Silver, 49%.

New York, April 13.—Lead, quiet, \$4.67 1/2. Copper, nominal, \$15.00 @ \$15.25.

**GRAIN.**  
Chicago, April 13.—Close. Wheat, May, 75 1/2; July, 70 1/2.

Corn, April, 43; May, 43 1/2. Oats, April, 32 1/2; May, 32 1/2.

**PORK, LARD, RIBS.**  
Pork, May, \$17.85; July, \$17.35. Lard, May, \$9.90; July, \$9.82 @ \$9.85.

Ribs, May, \$9.88 @ \$9.90; July, \$9.72 @ \$9.75.

**STOCK.**  
Kansas City, Mo., April 13.—Cattle, market strong to higher.

Native steers, \$3.80 @ \$5.25; Texas and Indian steers, \$3.00 @ \$4.80; Texas cows, \$3.00 @ \$4.75; native cows and heifers, \$1.75 @ \$4.55; stockers and feeders, \$1.15 @ \$4.00; bulls, \$2.00 @ \$4.00; calves, \$2.00 @ \$7.00; western steers, \$4.00 @ \$5.00; western cows, \$2.15 @ \$4.00.

Sheep, market steady.  
Muttons \$3.85 @ \$5.50; lambs, \$5.25 @ \$10.50; range wethers \$4.50 @ \$7.00; ewes \$4.75 @ \$6.25.

Chicago, April 13.—Cattle, market active, nominal.

Good to prime steers, \$5.10 @ \$5.50; poor to medium, \$4.00 @ \$4.90; stockers and feeders, \$3.00 @ \$4.75; cows \$1.75 @ \$4.65; heifers, \$2.50 @ \$5.00; canners, \$1.75 @ \$2.90; bulls, \$2.50 @ \$4.40; calves, \$2.00 @ \$7.75; Texas fed steers, \$4.50 @ \$7.70.

Sheep, steady.  
Good to choice wethers, \$5.50 @ \$6.75; fair to choice mixed, \$4.00 @ \$5.00; western sheep, \$5.00 @ \$6.75; native lambs, \$4.50 @ \$7.75; western lambs, \$4.50 @ \$7.70.

## DEADLY OUTBREAK IN KANSAS

Feared the Bubonic Plague Has Broken Out Among a Gang of Railroad Laborers--Every Case Fatal.

IT MAY BE BLACK SMALLPOX

Topeka, April 13.—Dr. Charles Lowry, secretary of the state board of health, has gone to Rice county to investigate a report that several railroad laborers are victims of the bubonic plague. A tramp hired to work with a section gang recently started a disease which quickly killed nine. The surrounding territory is in strict quarantine. One physician pronounces it black smallpox. Every case has proven fatal.

**A DENVER SHAKEUP.**

Fire and Police Board Members are Summoned Before the Governor.  
Denver, April 13.—Messrs. Frank Adams, Charles F. Wilson and C. L. Burpee members of the fire and police board, have received notices from Governor Peabody requiring their presence in his office at ten tomorrow morning to stand trial on charges of alleged "malfeasance and misfeasance in office."

The members of the board have not yet decided whether or not to ignore the notice. No doubt the governor is fully determined to remove them from office. Partisans of the present board claim the gamblers are organizing an army to capture fire and police headquarters.

It is stated Major James H. Brown is to be the head of the new board and John L. Russell to be chief of police.

**ANOTHER ONE SENTENCED.**

One by One the St. Louis Boodlers Take Their Medicine.

St. Louis, April 13.—John Schuetzler, former member of the house of delegates combine, indicted for bribery in connection with the suburban street railway boodling bill, was sentenced by Judge Douglas today to serve four years in the penitentiary. Schuetzler made a motion to appeal his case to the supreme court and bond was fixed at \$10,000, which was given.

**WHITAKER WRIGHT CASE.**

Will Be Called Up in the Supreme Court Next Monday.  
Washington, April 13.—The U. S. supreme court today granted the motion of Attorney Marshall, representing Whitaker Wright, in the extradition proceedings against him, and set the argument for next Monday after the disposal of other cases set for hearing on that day.

**CALIFORNIA STRIKE.**

Many Properties Will Be Closed if the Miners Win.

Jackson, Calif., April 13.—Nearly 10,000 miners in this district struck today for shorter hours and recognition of the union. So far only two mines have closed down but several others will be compelled to close tonight or tomorrow. Should the miners win out, it is believed many properties will be permanently closed.

**Get Rich Quick Concerns.**

Chicago, April 13.—Detectives today raided four alleged "get rich quick" concerns, and arrested three men on the charge of conducting gambling resorts. The concerns were the Chicago Crescent Company, Chicago Mail Order Union, Star Distributors Union, and Montana Mining Loan and Investment Company.

**President is Quiet.**

Clinchbar, Mont., April 13.—Up to noon today Secretary Leeb had received no word from the President. The weather in the park is clear and cool.

**SUPPLY BASIN CLEANED.**

Water Will Be Clear and Wholesome Within a Few Days.

The Santa Fe Light and Water company has just completed the work of cleaning the supply basin at the power house. The work was finished yesterday and the water has been turned into the supply basin. Mayor I. Sparks, of the company, states that the turning of the water into the supply basin today was responsible for the water being a little rilly today, but that as soon as it settles this objectionable feature will disappear.

The work of cleaning the basins has been in progress for several weeks. The apparatus used to clean the reservoirs was a hydraulic giant, the kind used in mining works. It does its work by throwing a stream of water into the basin, which was first drained of its supply of water. The water that feeds the giant in its work is given an elevation of 100 feet and the force of the stream, according to Mr. Sparks' estimate, removes about 100 tons of silt an hour. Both basins are now free of dirt and rubbish and the water will be absolutely pure. The water from the main basin to the supply basin will hereafter be supplied by the means of an aerating machine which sends the water up through a pipe to a height of twenty-seven feet and causes it to fall into the supply basin in a spray.

Stop overs will be allowed in California on Colonist tickets via Santa Fe, April 1 to June 15, 1903. H. S. Lutz, Agent, Santa Fe, N. M.

## EIGHTY SKELE- TONS WERE FOUND

Wreck of the Reina Christina, Sunk By Admiral Dewey, Raised and Bodies of the Crew That Went Down With Her, Recovered.

WILL BE HONORABLY CARED FOR BY THE GOVERNMENT

Manila, April 13.—The warship Reina Christina, flag ship of Admiral Montejó which was sunk by Admiral Dewey, was floated and beached yesterday. The skeletons of about eighty other crew were found in the hull. One skeleton is evidently that of an officer for it had a sword by the side. There are 15 shell holes in the hull of the Reina Christina, one made by an 8 inch shell and the others smaller. The main injection valve is missing showing the ship was scuttled when abandoned. The hull is in fair condition. Captain Albert R. Comden, commanding the naval station at Cavite, took charge of the remains of the sailors expressing a desire to give them an American naval funeral. The Spanish residents, however, are anxious to ship the skeletons to Spain and it is suggested the U. S. transport Sumner convey them to Spain by way of the Suez canal in June. The wrecking company is endeavoring to raise all the sunken Spanish warships.

## OFFICIAL MATTERS

LAND OFFICE BUSINESS.

The following homestead entries were made yesterday: Evaristo Montoya, Perea postoffice, 147 acres in Sandoval county; George M. McGuire, Springer postoffice, 160 acres in Colfax county.

The following desert land entry was made yesterday: Jennie Lowe, Springer postoffice, 330 acres in Colfax county.

**IRRIGATION COMMISSION.**

The new Irrigation Commission will meet in this city at the office of Col. George W. Knaebel, secretary of the former commission on Monday, April 20. Col. Knaebel received notification of the above in a letter from G. A. Richardson, of Roswell, chairman of the former commission this morning. The members of the commission are as follows: G. A. Richardson, Eddy county; Carl A. Dailies, Valencia county; Charles A. Miller, Dona Ana county; Frank Springer, San Miguel county; Colonel George W. Knaebel, Santa Fe county.

**INCORPORATIONS.**

The Carlsbad Grocery company has been incorporated with the following incorporators, who will also be the first board of directors: John T. Bolton, A. J. Crawford, Alvis A. Beeman. The company is authorized to do a general merchandising business and to buy and hold real estate. The principal business office is at Carlsbad and the capital stock is \$25,000, divided into 250 shares of \$100 each. The term of existence is 50 years.

The Roswell Transit Company has the following directors and stockholders: Carl A. Snider, Wendell M. Reed, Morris Price, Edward A. Cahoon, Robert Kolahin, Nathan Jaffa, Lucius K. McGaffoy. The company is organized to construct, build, own and operate an electric railway, a plant for the purpose of furnishing power for an electric railway, lighting plant and to construct a water works system. Also to acquire land and real estate, to lay off into town lots, blocks, parks, etc., to improve and sell land. The capital stock is \$100,000, divided into 1,000 shares at the par value of \$100 each. The term of existence is 50 years, and the principal business office is at Roswell.

The Alamogordo Street Railway Company is organized with the following stockholders, and who also compose the board of directors: Arthur P. Jordan, William C. Hodge, Samuel E. Pelphrey, Benjamin Sherrod, Thaddeus H. Clayford, Robert H. Price, all of Alamogordo, and Frank M. Avis, of Phoenix, Arizona. The principal place of business is at Alamogordo, and the capital stock is \$50,000, divided into 1,000 shares of the par value of \$50 each. The term of existence is 50 years and the object is to build, erect and operate a street railway and the necessary power house, and an electric light system; to buy, sell and deal in houses, structures, lots, lands, orchards and parks. To buy, sell, convey, construct, erect and develop water and water rights and to deal in notes and execute notes and mortgages.

**U. S. Weather Bureau Notes.**

Forecast for New Mexico: Partly cloudy tonight with colder weather in south portion. Fair Tuesday except showers in south portion. Warmer Tuesday. Easterly winds.

Saturday the thermometer registered as follows: Maximum temperature, 57 degrees, at 3:40 p. m.; minimum 35 degrees, at 6:00 a. m. The mean temperature for the 24 hours was 46 degrees. Mean daily humidity, 40 per cent.

Yesterday the thermometer registered as follows: Maximum temperature, 50 degrees, at 11:50 a. m.; minimum, 34 degrees, at 5:45 a. m. The mean temperature for the 24 hours was 42 degrees. Mean daily humidity, 39 per cent. Temperature at 6:00 a. m. today, 22 degrees.

A killing frost this morning.

**Notice.**

The members of Company F, New Mexico National Guard, are hereby notified that no excuse will be received for absence from drill except unavoidable absence from the city. This order is effective from April 13 until after inspection on April 20. There will be drill every night commencing Tuesday, April 14, and those who fail to attend will be prosecuted by military rules and civil law.

By order of the captain,  
JOHN SHOENAKER.

## DOING GOOD WORK.

Bureau of Immigration is Called Upon to Furnish Varied Information.

The Bureau of Immigration meets many wants. The character of the letters received vary greatly and information on many subjects is requested. The following letters are samples of those received and show the work the Bureau is doing:

Mr. Max Frost, Secretary of the Bureau of Immigration, Santa Fe, N. M.  
Dear Sir: I beg to acknowledge with thanks receipt of packages of bulletins covering Valencia, Mora, San Miguel and Colfax counties. The supply sent will be ample for some time, but if you could send me 200 each on Otero and Lincoln counties. I could use them to advantage. The former supply is about exhausted. These are being distributed carefully throughout the east, and our passenger returns show, with some very decided benefit. Very truly yours,  
A. N. Brown,

General Agent El Paso and Rock Island System.

La Grange, Georgia  
Secretary Bureau of Immigration, Santa Fe, New Mexico.

Dear Sir: There are three of us who wish to move out West and would thank you for answering a few questions.

First, What is the price of land in your locality? Government claims improved and unimproved lands? Second, Is the climate warm enough to raise oranges and other tropical fruits? I have heard that it was. Third, How about water. Do you depend on the rain, or irrigate your farms? If so, does the government furnish irrigation and at what cost? Fourth, What are the principal crops raised? Thanking you in advance for your kindness in answering these questions, I am

Chickasha, Ind. Ter.

Dear Sir: Can you inform me as to the trial for wagons from Santa Rosa, New Mexico to Santa Fe and from there to Durango, Colo., and if free from snow in the early spring and fair for wagon travel. What places would one strike in the best trail.

Parties expect to go from Lere with teams to the Farmington country.

**NEWS FROM GALLUP.**

County School Superintendent L. L. Henry Will Move to Valencia County. Special to the New Mexican.

Gallup, N. M., April 10.—Charles Jones, who lived in Gallup a number of years, is preparing to open a saloon at Thoreau in a few days. A large gang of men is employed at that place, grading and laying track for the American Lumber Company on their 12-mile spur to its timber lands.

Joseph Wilken, a prominent citizen of Farmington, spent two days here this week on business. Joseph Reitz went back to Farmington with him.

K. K. Scott and wife have welcomed the arrival of a baby boy at their home on 24 street.

# SANTA FE NEW MEXICAN

The NEW MEXICAN PRINTING COMPANY

Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the South-west.

MONDAY, APRIL 13.

The world moves. The New York telephone girls are to receive a raise in wages.

The condition of the mining industry of New Mexico is improving. It has been the dumps for some months, but a change for the better at this time is apparent.

The good people of New Mexico need not be alarmed for awhile. The 35th Legislative Assembly cannot be assembled and the session of the 36th is a great ways off.

The Moros in the Island of Mindanao are beginning to find out that General Sherman's opinion of war is quite correct. But they brought it upon themselves.

Governor Jeff Davis of Arkansas, does not believe much in executive clemency. Of 61 applications for pardon recently presented to him, he acted favorably upon but one.

The Santa Fe Central Railway system bids fair to do for New Mexico what the Denver and Rio Grande railroad has done and is doing for the State of Colorado.

Complete returns show that the Republicans carried the City of Cincinnati by 16,000 plurality. This is a very heavy vote for that city and presages Republican success in Ohio this fall.

The Missouri legislature which has been in session in Jefferson City for some time, say the reports published in the leading Missouri papers, have finished their spring boondoggling and are nearly ready for adjournment.

The congregation of an Atlanta, Ga., sensational preacher, has just granted this reverend gentleman a vacation of three months and he has gone to Europe at the congregation's expense. The members evidently desired a rest.

The number of applications for places on the New Mexico commission to the St. Louis World's Fair is increasing and many of these applicants are having an anxious time of it. Uneasy lies the head of the man who seeks office.

Joking or no joking, the good government league in Albuquerque means to make a fight for good government in Bernalillo county, and its members assert it is in the field to stay. The outcome will be watched with interest by a great many people in the territory.

The Pennsylvania legislative assembly is in session at Harrisburg. It is not making near as much noise as the Missouri assembly. If there is any boondoggling going on there, it is done on the quiet. This, it must be acknowledged, is much the best plan.

New Mexico's great resources are being developed slowly but surely. An instance in this line which is attracting attention at present is the working of the enormous coal fields along the line of the Santa Fe Central Railway in Southern Santa Fe and Eastern Sandoval counties.

The possibilities of the political row now going on in the Duke City, cannot yet be sorted out. It is a good thing for the Republican party of New Mexico that this is not election year. Sore spots and bruises will have to heal by the time the political campaign of 1904 arrives.

According to the anti-reorganizers in the Democratic party, no Democrat can be considered regular and of good standing in that party unless he takes another strong dose of the prescription containing free silver, crown of thorns and cross of gold prescribed by Dr. Bryan.

The agent of the alum baking powder trust who offered the lieutenant governor and presiding officer of the legislative assembly of the State of Missouri, \$1,000 in order that the aforesaid official might look with favor upon legislation desired by the trust, made a mistake. He did not offer enough.

There is a bit of advice which this paper desires to give to several Republican statesmen who aspire to the Republican nomination for delegate to congress in 1904 or for member of congress in that year, from the future Sunshine state. They cannot be nominated, neither can they be elected, if the newspapers are against them.

There will be quite a few who will not be able to ride in the same carriage with President Roosevelt on the occasion of his visits to Santa Fe and Albuquerque. However, the great and inalienable right of free American citizens to stand on the sidewalk and make remarks cannot be taken away from them.

A mistake was made by the 35th Legislative Assembly in repealing the provision in the jury law presenting that citizens of the territory in order to become qualified jurors must be property owners and tax payers. This change in the jury law is in the wrong direction and cannot secure a better class of jurors. This is not good legislation.

J. Pierpont Morgan, President of the Coal Trust, J. J. Hill of the Northern Securities, and other trust magnates, will be asked by the Democratic political managers, to have the "fat fried out of them" during next year's presidential campaign. The plain people, however, will do the voting and that bodes no good for Democratic success.

Traveling Auditor Charles V. Safford has made his first official trip to the Counties of Bernalillo, Sandoval, Valencia and Socorro. He has consulted with the collector and treasurer, assessor and clerk of the counties named and has taken steps to introduce a modern and up to date method of book-keeping. Mr. Safford has taken hold of the duties of his office in a most intelligent and energetic manner.

New Mexico's sheep are the finest on earth. This paper is reliably informed that the sheep of a certain Bernalillo county sheep owner according to the number which he returns for taxation, sheared last year 57 pounds of wool per head, lambs included. Where can that be beaten? Or is it possible that this sheep owner has five times the number of animals which he returns for taxation?

It is said that the Democratic national committee is preparing for a campaign in Iowa in order to gain Democratic votes there next year. If this is true, the fool killer ought to be invited to do a clean job with members of that committee. This action would be about on a par with the Republican national committee trying to carry Mississippi or South Carolina under the election laws of those states.

The Christians and Musselmen in European Turkey are engaged in the, to them, time honored and pleasant practice of assassinating and cutting each others throats. It must be acknowledged however, that the Musselmen are entitled to the lion's share of this horrible business. Still the Christian and civilized powers of Europe look on with amazing stolidity. How long will the Sick Man of Europe be allowed to continue in his murderous regime?

Under the system adopted by Traveling Auditor Charles V. Safford, in accordance with the provisions of the new laws upon the subject, it looks as if there will be considerable of an increase in the valuation of the taxable property returned for the year 1903. Even the sheep barons of Rio Arriba county will be compelled to make something like an honest assessment. Those of Sandoval, Bernalillo, Guadalupe and other sheep raising counties will have to follow suit.

Work on the Eastern Railroad of New Mexico, commonly known as the Santa Fe cut-off from Llano station on the El Paso and the Rock Island railroad, to Puerto on the Santa Fe-Pacific railroad, is being pushed energetically. The grade will be completed six months ahead of contract time and if rails and other materials can be secured, the new line will be in operation within twelve months from date and probably earlier. New Mexico is doing well in railroad construction work.

Colonel Jack Chinn, superintendent and warden of the Kentucky state penitentiary in Frankfort, went across the river to Cincinnati the other day and his six-shooters were taken from him by unfeeling Republican policemen. And now there is trouble between the sovereign states of Ohio and Kentucky. The Ohio executive will not give up these weapons and the Kentucky executive insists that they must be given up. But then Governor Beckham is young and may back out.

A rate of two dollars for the round trip from Las Vegas to this city on the occasion of President Roosevelt's visit to the Capital on May 5 next has been made by the Santa Fe Railway system. This is very well as far as it goes, but a similar low rate should be made from Trinidad to Santa Fe as well as from Silver City to Santa Fe for that event. The Denver and Rio Grande railroad should do the something of the kind between Alamosa and Santa Fe. With low rates, thousands of people will come to the Capital of New Mexico from sections traversed by the railroads named, to do honor and pay respect to the Chief Magistrate of the Nation on his visit to this time honored and beautifully situated capital.

A GENUINE REFORMER. In all ages, in all climes and under all circumstances, genuine reformers seem to have a hard time of it. A case in point: Editor Thomas Hughes of the Albuquerque Citizen, a few days ago joined the Good Government League of that town. Shortly thereafter the executive committee of the league, erased his name from the list. In his paper the aforesaid editor comments upon the occurrence in this wise:

"A few days ago the self-constituted executive committee of the alleged Good Government League called at this office and requested signatures to a statement that their league was in favor of equalization of taxes in this county. The paper was promptly signed by the editor and reporters, and everybody was in favor of good government and all the other blessings that were going to flow when the tax dodgers were captured. A reporter was assigned to begin on a compilation of the tax returns, and in a 'Happy Hooligan' sort of a way he copied from the tax rolls the names of the shining lights of reform who were going to carry the banner of purity and redeem this county from the thralldom of the bosses. The work of the paper for reform was not

appreciated. The returns showed that several of the loudest howlers about high taxes did not pay any taxes whatever, and that several of the others had valued their property at pittance prices. A meeting of the committee of country savers was held and the names of the editor of The Citizen and one of the reporters were stricken from the rolls, and our effort at trying to inaugurate a tax reform in this community is apparently cut short."

Several of the New Mexican's valued contemporaries have published sensational articles on the Penitentes of New Mexico during the past week, that being the week before Easter and which, years ago, was set apart for the peculiar ceremonies and exercises of the order of Penitentes. The publication of such articles does New Mexico no good and the sensational truck used in them has at this time scarcely anything to be based upon. The order of Penitentes in this territory is rapidly disappearing and their horrible practices and rites are no longer in vogue. If anything of the kind now exists, it is of a mild form and nearly shorn of its former brutality and barbarism. The bishops and priests of the Catholic church in this diocese have openly disapproved of the order and its rites and every possible step to stamp them out has been taken by them. In very many localities success has attained their efforts.

## ADVERTISEMENT FOR PROPOSALS FOR BIDS.

The undersigned, The Capitol Custodian Committee, hereby invites sealed bids to repair and sand the cupola, dome, cornices, balustrades, tin roof, down spouts, tin and zinc work, and window frames of the Capitol building, at Santa Fe.

Each bid shall be accompanied by a certified check of \$100.00, to insure the entering into the contract, if it be awarded. Such bids will be received up to the 15th day of April at noon, when they will be opened in the presence of the bidders, and the contract will be let to the lowest and best bidder therefor. This committee reserves the right to reject any and all bids. All work and material to be of the highest and best class.

All bids should be addressed to A. A. Keen, secretary of the committee, at whose office the bids will be opened.

N. B. LAUGHLIN,  
EDWARD L. BARTLETT,  
A. A. KEEN,  
Capitol Custodian Committee.

PRESIDENT ROOSEVELT Will be in Albuquerque on May 5 in the afternoon. For this occasion the Santa Fe will sell tickets from all points in New Mexico to Albuquerque and return at one fare for the round trip. Tickets will be sold May 4 and 5, limited to return until May 6. Call on agents for particulars.

H. S. Lutz, Agent, Santa Fe.

The New Mexican Printing Company has on hand a quantity of tablets made from ledger, linen, flat and book papers which they will close out at 10 cents per pound. Suitable for school purposes and businessmen, also useful for the home. Only a limited supply.

Old papers for sale at this office.

DENVER

It's Your Liver!

Your appetite is poor, your heart "flutters," you have headaches, tongue is coated, bad breath, bowels constipated, bad taste in the mouth? If not all of these symptoms, then some of them? It's your liver.

Herbine

is a natural vegetable remedy, containing no mineral or narcotic poisons. It will correct any or all symptoms, make your health, appetite and spirits good. At druggists, 50 cents.

## TO ADVANCE THE GREAT

### SOUTHWEST

Farmers, farmers' wives and daughters, school teachers, doctors, clergymen, merchants, in the smaller towns, any citizen who has something to say, are invited to write letters and longer articles about the locality in which they live in the Southwest.

The territory includes Arkansas, Arizona, Indian Territory, Louisiana, Southern Missouri, New Mexico, Oklahoma and Texas.

Premiums that make it an object are offered, a set for each state and territory. Full particulars of the conditions of the contest, and a list of the prizes and awards will be sent upon application, to

J. W. STEELE, Commissioner, Colonization Agency, Southwestern Lines, Columbia Theater Bldg., St. Louis, Mo.

### Justice of the Peace Dockets

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00  
Combination civil and criminal \$6.00  
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address  
NEW MEXICAN PRINTING CO.,  
Santa Fe, N. M.

The Santa Fe will have Colonist tickets to California on sale April 1 to June 15 inclusive, at rate of \$25. It will pay you to wait for our rates. Services unsurpassed. H. S. Lutz, Agent, Santa Fe, N. M.

Letter copy books, Japanese paper, the best manufactured in the United States for sale by the Office Supply Company. Prices lower than anywhere else in the Southwest. Send for prices.

From our dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly show.

The New Mexican Printing Company has the only bindery in the territory where first class loose leaf ledgers are manufactured. Merchants and business firms, requiring such books for the coming year, should immediately address this company and they will find that the best work at the lowest prices in the southwest will be done for them if they order from this company.

Old papers for sale at this office.

# Maxwell Land Grant.

## FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and Sugar Beet grow to perfection.

## GOLD MINES.

On this Grant, about forty miles west of Springer, New Mexico, are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the Mining Regulations of the Company, which are favorable to the prospector as the U. S. Government Laws.

Near Raton, New Mexico, on this Grant, are located the COAL MINES of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farm work or prospecting can not be successfully done.

Colonist Tickets - California

Will be on sale at the Santa Fe ticket office daily to June 15, 1903, at rate of \$25.00. These tickets will be honored on fast trains carrying free chair cars and Pullman tourist sleepers. Liberal stop-over privileges in California accorded. The same favorable rates will be made to many intermediate points in Arizona.

If you contemplate locating in California, this is your opportunity to go there comfortably and economically. Irrigated farms, orange and lemon groves and other branches of agriculture have yielded competencies to other persons. Why shouldn't you be as successful?

I have illustrated descriptive literature about California, as well as of the country intervening. Other books describe the equipment of our California trains. If interested come and get copies, or write me and I will mail them to you.

## SEVERE ATTACK OF GRIP.

Cured by one bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I am at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip bid me adieu." For sale by all druggists.

## Colonist Rates to the Northwest.

Effective February 15th until April 30th, the Santa Fe will sell reduced rate Colonist tickets to the Northwest, to Helena at Butte \$32.00; Spokane, \$34.00; Portland, Seattle and Tacoma, \$37.00. For particulars call on agents of the Santa Fe.

H. S. LUTZ, Agent, Santa Fe, N. M.

W. J. Black, G. P. A., Topeka, Kan.

## A THOUGHTFUL MAN.

M. M. AUSTIN of Winchester, Ind., knew what to do in the hour of need. His wife had some unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at Fischer Drug Co.

## A GREAT SENSATION.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1. Guaranteed by Fischer Drug Co. Trial bottles free.

## Notice for Publication.

(Homestead Entry No. 4331.)  
DEPARTMENT OF THE INTERIOR,  
Land Office at Santa Fe, N. M., March 14, 1903.  
Notice is hereby given that the following named settler has filed notice of his intention to commute to cash and make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on April 23, 1903, viz: Elmer J. Davis for the 1/4 sec. 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, section 1, township 13 north, range 9 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Ambrosio Carranza, Juan N. Sarmiento, Margarito Chavez, Cesarito Chavez, all of Galisteo N. M.  
MARIE R. O'NEAL, Register.

## DANGER OF COLDS AND GRIP.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

## MAKES A CLEAN SWEEP.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c and guaranteed to give satisfaction by Fischer Drug Co.

## BEAUTY AND STRENGTH

Are desirable. You are strong and vigorous, when your blood is pure. Many—many, most women, fail to properly digest their food, and so become pale, allow, thin and weak, while their brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after eating meal, to digest what you have eaten. 50c at Fischer Drug Co.

## ROBBED THE GRAVE.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Fischer Drug Co.

## WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed. C. Nud, Iowa, Sedgewick Co., Kansas, "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons, all express themselves as being benefited by it. I now now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1 at Fischer Drug Co.

## SAVED THE LOVED ONES!

Mrs. Mary Villet, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1 at Fischer Drug Co.

## LAS VEGAS WILL COME.

Rate of \$2 for Round Trip Secured for May 5, the Roosevelt Reception Day.

According to the Las Vegas Optic there will be a large crowd from the Meadow City here for the President Roosevelt reception. The Optic says: "Hon. J. S. Duncan, who is taking charge of the matter of getting up a big crowd to go to Santa Fe to attend the reception to President Roosevelt, reports having secured a round trip rate of \$2 to the great celebration, providing 250 people go. A committee is taking up the matter and it is well nigh certain that many will go down. It is proposed to take along the band, have the Meadow City people wear distinguishing badges and make themselves felt and heard in the grand pavilion. President Roosevelt has often said that he had one of the finest times of his life at the Rough Riders reception here. Some there are who have good reason to know the president is telling the truth when he says so. It is eminently fitting that those who honored the president on the notable occasion four years ago should meet him again at Santa Fe and take with them as many more as can be persuaded to go."

Even though he does not stay here, he will receive a Las Vegas welcome from those who go down to the capital. There can be no more effective way of branding as a slander the false report that the Denver papers concerning this city."

## EXPERIMENTS AT CARLSBAD.

Egyptian Cotton and Turkestan Alfalfa Will Be Tested—City Council Proceedings.

At a meeting of the Ladies' Aid Society of the Presbyterian church of Carlsbad held Wednesday afternoon, the following officers were elected: Mrs. N. Cunningham president; Mrs. I. S. Osborne vice president; Mrs. Louis Crawford treasurer; Mrs. Charles Adams secretary.

An Easter bazaar was held by the ladies Thursday night at which they cleared \$46.

There was no opposition to the regular Democratic ticket in Carlsbad on Tuesday, so the election passed off very quietly.

At Friday night's meeting of the Carlsbad city council a proposition from the Pecos Irrigation Company to furnish water to the city at the same rate as during the past year was accepted. It was decided to have new sidewalks laid on Canon street, Blocks 20 and 49 were set aside as parks and the street commissioner authorized to improve them.

Thomas H. Kearney of the bureau of plant industry, U. S. Department of Agriculture, was in Carlsbad last week, and arranged with F. G. Tracy, manager of the Pecos Irrigation Company, to make experimental test for the government with two acres of Egyptian cotton. A portion will be planted in soil known to contain a large percentage of alkali and the remainder in land free from alkali. Two acres of land will also be used for Turkestan alfalfa, a species said to resist both alkali and drought.

Last year Mr. Kearney traveled over much of Egypt and Algeria in connection with his position with the government.

## SOCORRO ELECTION.

But One Ticket in the Field—School of Mines Trustees—Other Notes.

The People's ticket was the only one in the field at last Tuesday's election in Socorro county, but quite a number of votes were cast. The vote has not been canvassed by the city council. The ticket was composed of the following: J. W. Terry, mayor; Eduardo Baca, clerk; E. L. Price, treasurer; councilmen, R. J. Terry, L. E. Kitterell, A. C. Abeyta, Rafael Lopez.

An important meeting of the trustees of the Socorro School of Mines was held in that city Friday. The board organized by electing Juan Jose Baca, president, and C. T. Brown, secretary. It was decided to take out a \$4,000 insurance policy on the new building and its equipment. The following new chairs were provided for: Mining engineering, mechanical engineering, metallurgy, mineralogy and physics.

The Socorro Knights of Rose Croix observed Maunday, Thursday. After the ceremonies the members repaired to the banquet hall where a pleasant hour was spent partaking of good things.

S. T. Reynolds of Socorro, has purchased a large tract of land near Las Cruces which he will devote to the raising of alfalfa.

W. A. Lane of Socorro, and his brother, Andrew Lane of Dresden, Canada, have purchased the Hilton ranch near Socorro.

## LAS CRUCES NOTES.

Two Men Sent to the Penitentiary by Judge Frank W. Parker.

The district court convened at Las Cruces on Monday of last week, with Judge Frank W. Parker presiding. Ramon Chavarria and Donaciano Herrera were sentenced to serve a year in the territorial penitentiary.

The following have been selected by the Junior Epworth League to go from Las Cruces to the convention at Alamogordo: Raymond Franger, Donald W. Young, Bella Ford. The Senior League elected Miss Ciria Isaacs and Miss Lottie Sweet as delegates.

Jose M. Madrid died at his home in Las Cruces Friday, aged about 65 years. He had been a sufferer from paralysis. He leaves a wife, three sons and one daughter.

A small gasoline engine, new, for sale by the New Mexican Printing Company. Call or write and get price.

## Would You Think It?

Would you think it possible that you could be disappointed in the face of a woman whose shapely shoulders, and beautiful hair suggest womanly perfection and beauty? Such disappointment comes not seldom when the face turned to you shows disfiguring blotches and blemishes. In general the eruptions of the blood, and removes the corrupt accumulations which cause disease. When the blood is cleansed, pimples, tetter, salt-rheum, boils, sores, and other eruptions of impure blood, are perfectly and permanently cured.

"For three years I suffered with that dreaded disease eczema," writes Mrs. J. Koop, of Herman, Oregon. "I was told to try Dr. Pierce's Golden Medical Discovery which I did, and after I had taken fourteen bottles I was permanently cured. It has been a year since I stopped taking your medicine and it has never appeared since. I think your medicine a wonderful cure and hope others suffering as I did, will take it and be relieved of their suffering."

Some of the most remarkable cures effected by "Golden Medical Discovery," have been of scrofulous diseases.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. Joe Murphy of Iowa. "I had been a sufferer from chronic eczema of the face for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

## BASEBALL AT SILVER CITY.

Club Will Be Put in the Field—Purchases of Cattle.

A number of the baseball enthusiasts of Silver City met Wednesday and decided to put a strong team in the field this season. James A. Shipley was selected to manage the team and will at once get a good team together.

A Denver buyer was in Silver City last week and secured 200 head of cattle from David Tullock, 200 head from T. W. Holston and the same number from Wesley Williams. The cattle are to be delivered at Deming in May.

The Trout Creek saw mill situated near Silver City was destroyed by fire last Monday afternoon. It had been idle for several years and had just resumed operations the day of the fire. The damage aggregated \$7,000 and there was no insurance.

George Jakes, living near Silver City, has a freak of nature in the shape of a 3-legged dog that despite its missing limb, is very agile.

Francis, the daughter of Mr. and Mrs. B. H. Gifford, died at Silver City last Wednesday, aged 5 years.

## THEY ALL DEMAND IT.

Santa Fe Like Every City and Town in the Union Receives It.

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Here is evidence to prove that Doan's Kidney Pills cure and the cure is lasting.

Juan A. Ortega, ex-policeman, of Loma street, says: "I'm all troubled with pain in the back that annoyance ended as quickly as the use of Doan's Kidney Pills procured at Ireland's Pharmacy ended mine then backache due to kidney complaint would cease to have any terrors for users of this very strengthening and curative preparation. No one in Santa Fe needs be the least dubious about using Doan's Kidney Pills if they require a medicine to wash, purify and strengthen their kidneys."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

## Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mining and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLEY, Gen'l Agent, Burlington Route, Denver, Colo.

The New Mexican Printing Company has the best bookbinding in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

## MONEY'S DIGEST.

The New Mexican Printing Company has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell same at the reduced price of \$6.50 delivered in any part of the territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of this book. This price is subject to withdrawal without notice, cash to accompany each order.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

H. S. LUTZ, Agent, Santa Fe, N. M.  
W. J. BLACK, G. P. A., Topeka, Kas.

## HERBINE CURES

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroud, Midlothian, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years, and found it the best medicine we have ever used, for gripple, bilious fever, and malaria." 50c at Fischer Drug Co.

## Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States.

Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdoch, assistant general passenger agent.

## Homeseekers' Excursions.

Another series of homeseekers' excursions has been arranged for from the east and tickets will be sold at one fare plus \$2.00 for the round trip to points in New Mexico, Arizona and Texas. Tickets will be on sale until April 30th, May 5th and 19th, June 2nd and 16th, 1903, limited to 21 days from date of sale. "Tell Your Friends in the East" for particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent, Santa Fe, N. M.

## PROPOSALS FOR INDIAN SUPPLIES.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barrancas Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 99 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline hot springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis
