BAKER BATTLES WITH BANK BURGLARS

Was Suddenly Confronted as He Was on His Way to Work By an Armed Man Who Ordered Him to Throw Up His Hands.

THE FIGHT RESULTED IN ONE KILLED AND ONE WOUNDED

Wampum, Pa., April 18.—In a battle following an unsuccessful attempt to rob the First National Bank of this place early today, one man was killed and another seriously wounded. The dead man was one of the burglars and he has not yet been identified. The wounded man is Henry Willoughby, a baker, who surprised the burglars while at work. His injuries are serious but not fatal. Willoughby was passing the bank at an early hour on his way to work, when he was suddenly confronted by a man, who at the point of a revolver, ordered him to throw up his hands and be quiet. He did so but in his right hand was a revolver and a moment later both men fired at each other. Two other men rushed from the bank and took a hand in the shooting. The fight aroused people in the vicinity of the bank and they were soon at the scene of the battle, but the burglars had fled. The men had broken into the banking rooms, but had not completed

drilling the safe and the attempt at robbery was unsuccessful. This morning the body of one of the burglars was discovered in a vacant lot in the upper end of town. As the bullet wound was near the heart, it is presumed that his companions had to drag or drive their dying comrade from the bank to where he was found. Willoughby was shot in both legs and it is supposed he fired the shot that killed the burglar. Great excitement prevails in town and a posse has been organized to pursue the burglars.

KANSAS BANK CRACKED.
Emporia, Kas., April 18.—Cracksmen wrecked the vault and safe of Allen State Bank at Emporia, a small town ten miles north of here, early today and escaped with \$2,700. The building was badly damaged by the explosion. At Admire, another small town a few miles east of Emporia, the postoffice was broken into and a small amount of money taken.

MINOR CITY TOPICS

Special meeting of the city board of education on Monday next.

The members of the Lyceum Literature will give a dance at Gray's hall tonight.

The Claire Cafe is now open to the public. A first class dinner tomorrow for 35 cents.

Bertram Williams, special officer for the Santa Fe system, is here today on business.

Edward Johnson, who has been employed at Kennedy with the Santa Fe Central railway arrived in this city yesterday. He departed this morning for Espanola on business for the same company and from there will go to Alamosa, Colo.

The Sisters of Charity are having a well dug on their grounds just east of the sanitarium and south of the hospital. The water will be drawn from the well by means of a pump run by a wind mill and will be used for irrigating the lawns of the premises and for the laundry.

An interesting article on the treatment of consumption at the U. S. Marine Hospital and Sanitarium at Fort Stanton, will be found on the 3rd page of this issue. News from Tucuman, the county seat of Quay county, also appears on that page.

Edward and John Shields, of Kingman, Arizona, were in the city last night and left this morning for Alamosa, Colo. In a few days they will return to this territory to remain during the summer. They own the Searchlight group of mining claims in the Red River district and will spend the summer working these claims.

The Elks minstrel troupe returned today from Albuquerque and Las Vegas. They gave their performance in Albuquerque Thursday night and in Las Vegas Friday night. In both places they were cordially received by large audiences and the trip was a financial success as they had a \$350 house at Albuquerque and a still larger one at Las Vegas.

The forecast is for fair weather tonight and tomorrow with slightly warmer weather tonight and westerly winds. The maximum temperature yesterday was 60 degrees at 3:30 p. m. and the minimum temperature was 42 degrees at midnight of April 17-18. The temperature at 6 o'clock this morning was 31. The precipitation was .04 inch.

The New Mexican has received an exceedingly handsome invitation to the dedication of the Louisiana Purchase Exposition at St. Louis April 30 and May 1 and 2. The invitation is covered with a silken paper and has an exceptionally handsome embossed picture on the first page. The invitation and names of the committees in charge are the finest examples of the engraving art. James Spivey returned to this city yesterday from Kennedy where he has been painting and lettering station signs for each of the stations along the line of the Santa Fe Central railway. The signs are very pretty and creditable to the road and the painter. Mr. Spivey also painted the mile posts for each mile along the road.

Company F, 1st Regiment of Infantry, N. M. N. G., is keeping up its nightly drills and the members of the company are improving steadily in the manual of arms and in marching evolutions.

The publication of the paper called "The Santa Fe Capital" has been suspended indefinitely by its publisher, W. M. Berger, who is ill and unable to attend to business.

The city has arranged for the right of

SWEEPING DENIAL BY JAMES HOWARD

Says He Never Knew Governor Taylor, Culton or Goebel and Never Met Youtsey Until After They Were in Jail.

NEVER RECEIVED ANY LETTER AS CLAIMED

Frankfort, April 18.—James Howard was called as the first witness for the defense in his trial today for the murder of Governor Goebel. He testified to arriving here shortly before the shooting. He repeated his former testimony that he was in the Board of Trade hotel when he heard of the shooting and that he had not previously on that day, visited the state house grounds. His defense is an alibi and in support of this he gave the alleged movements of himself about the hotel from the time of his arrival until after the shooting. He denied that he knew Taylor, Culton or Goebel. The witness also denied emphatically that he ever saw Henry Youtsey until he met him in jail, and he denied positively and emphatically that he ever received a letter from Governor Taylor or did any of the things to which Youtsey testified. Howard had not concluded his story when the court took a recess.

TO BE DECIDED BY MAY FIRST.

Judge McMillan Given Leave to File Additional Evidence in His Case.

It is reported from Washington that Associate Justice Daniel H. McMillan, who visited Santa Fe during the week, has been gathering additional evidence in his case and has requested permission to proceed immediately to Washington to file the same. This, it is understood, has been granted him. The case will be decided by the first of May by the attorney general and reports submitted to the president. Judge A. A. Freeman of Carlisle is still in Washington working against Judge McMillan but says that he is not a candidate for appointment, a case of the resignation of Judge McMillan, and that he is supporting Captain W. C. Reid, assistant U. S. attorney for New Mexico for appointment.

WANT DECREE MODIFIED.

Attorneys Will Ask That Northern Securities May Receive Dividends.

St. Paul, April 18.—Client Judge Sanborn this afternoon set Monday morning for the hearing of arguments in request by attorneys for the Northern Securities Company, that the decree recently handed down be suspended in so far as it prevented payment by the Great Northern and Northern Pacific railways, of dividends to the Northern Securities Company, since these dividends would ultimately reach the same people anyway.

WEST VIRGINIA LAUNCHED.

Cruiser is a Sister Ship to the California and Pennsylvania.

Newport News, April 18.—The cruiser West Virginia was launched this afternoon in the presence of 25,000 people. She is a sister ship to the California and Pennsylvania. Miss Catharine Vaughan White, daughter of Governor Albert B. White of West Virginia, acted as sponsor for the new cruiser.

Stock Markets.

New York, April 18.—Closing stocks—Atchison, 81½; Atchison pfd., 97½; New York Central, 131½; Pennsylvania, 131; Southern Pacific, 56½; Union Pacific, 90½; Union Pacific pfd., 89½; United States Steel, 35½; United States Steel pfd., 86½.

The Wool Market.

St. Louis, Mo., April 18.—Wool, unchanged.

Territory and western wool, 15 @ 17; fine, 11 @ 16; coarse, 12 @ 15.

MARKET REPORT.

MONEY AND METAL.

New York, April 18.—Money on call easy at 4 per cent. Prime mercantile paper 5 @ 5½ per cent. Silver, 50.

New York, April 18.—Lead, quiet, \$4.07½. Copper, nominal, \$15.00 @ \$15.35.

GRAIN.

Chicago, April 18.—Close. Wheat, May, 77½ @ 77¾; July, 72¾. Corn, April, 44½; May, 44½. Oats, April, 35½; May, 35½.

PORK, LARD, RIBS.

Pork, May, \$18.10; July, \$17.02½. Lard, May, \$9.90; July, \$9.82½. Ribs, May, \$9.87½; July, \$9.75 @ \$9.77½.

STOCK.

Kansas City, Mo., April 18.—Cattle, market steady. Native steers, \$4.00 @ \$5.25; Texas and Indian steers, \$3.50 @ \$5.00; Texas cows, \$2.00 @ \$4.00; native cows and heifers, \$2.00 @ \$4.00; stockers and feeders, \$2.75 @ \$5.00; bulls, \$2.50 @ \$4.25; calves, \$2.75 @ \$7.00; western steers, \$2.00 @ \$5.00; western cows, \$2.00 @ \$4.05.

Sheep, weak. Muttons \$3.80 @ \$6.15; lambs, \$5.50 @ \$7.50; range, wethers, \$4.10 @ \$6.30; ewes \$4.15 @ \$5.90.

Chicago, April 18.—Cattle, market nominal.

Good to prime steers, \$5.10 @ \$5.00; poor to medium, \$4.25 @ \$5.00; stockers and feeders, \$2.00 @ \$4.85; cows \$1.00 @ \$4.75; heifers, \$2.50 @ \$5.00; canners, \$1.00 @ \$2.75; bulls, \$2.50 @ \$4.50; calves, \$2.50 @ \$5.75; Texas fed steers, \$4.00 @ \$5.10.

Sheep, nominal.

Good to choice wethers, \$4.75 @ \$5.15; fair to choice mixed, \$4.00 @ \$5.75; western sheep, \$4.50 @ \$4.75; native lambs, \$4.50 @ \$7.00; western lambs, 4.50 @ \$7.00.

GOVERNOR LEE IN CHICAGO

Expected He Will Return to St. Louis Early Next Week.

FOLLOWED WIFE'S ADVICE

Indictments Have Been Found at Jefferson City and Warrants Are Ready.

St. Louis, Mo., April 18.—Mrs. Lee, wife of Lieutenant Governor Lee, who has arrived here, said regarding her husband's absence: "It was on my advice my husband went away. He is not in condition to appear before a grand jury." When asked when he would return, Mrs. Lee refused to say, but added "He is not running away. There was no subpoena served upon him for the St. Louis grand jury. He is a sick man and is not in condition at present to take part in this affair. His physical condition rendered it necessary for him to go away."

Conductor Gibson, of the train on which Lee left Kansas City at the roundhouse says he is not sure Lee was on the train, but a man answering his description is said to have gotten on the train for Chicago by mistake and he took the train going south at the roundhouse.

Lieutenant Governor Lee is absent from St. Louis now because he is physically unable to undergo the strain of testifying before the grand jury. He has undergone a terrible nervous strain in the last few months and must have rest," said Robert E. Lee, a brother of the lieutenant governor, "I don't know his address in Chicago, but I have reasons to believe he is there and I will probably hear from him today. He is simply getting into condition to testify before the grand jury. He needs quiet for a week or so and he is going to get it. He will be in St. Louis to testify before the grand jury soon, probably Monday. I know that to be his intention."

The grand jury today resumed its investigation of the baking powder legislation charges, but several of the witnesses summoned did not appear.

Circuit Attorney Folsom has given Sheriff Dickman instructions to exert every effort to locate Senator Farris and the other senators wanted by the grand jury. It is thought possible Farris went to his home at Steelville. An attachment may be issued for him if he is found there.

Rev. Crayton I. Brooks of Jefferson City, was one of the first witnesses to greet Folsom today. He gave Folsom his views on booting at the capital. Other witnesses are Representatives George K. Lieber, Joseph R. Lee of St. Louis, and J. T. Craighead.

JEFFERSON CITY INDICTMENTS.

Jefferson City, Mo., April 18.—It is only a matter of conjecture as to who were indicted here by the grand jury last night in connection with the legislative bribery charges. Sheriff Smith is out of the city and his return is watched with interest for he will serve the warrants. The grand jury will report late this afternoon and, it is said on authority, that four more indictments will be returned for bribery and these will probably be against state senators, two of whom live in St. Louis. These indictments will be in connection with the alum legislation. Judge Hazell today took under advisement the cases of Page and Hilex who refused to state to the grand jury, from whom they received bills of the denomination of \$1,000 and \$500, until April 27, to which date he will adjourn court today.

DESTRUCTION IS COMPLETE.

No Effort Being Made to Save Much on the Shamrock III.

Weymouth, Eng., April 18.—Shamrock III, challenger for America's cup, which was dismantled in a squall yesterday, is being rapidly overhauled. The destruction of her standing gear was almost complete. Everything above deck must be renewed. The wrecking crew is not trying to save much, the object being to clear away the wreckage as quickly as possible. Lloyd's agent inspected the damage today. No official estimate of the loss is available but it is thought that \$25,000 will cover everything.

WILL BREAK THE RECORD.

Expected 90,000 Immigrants Will Arrive at New York This Month.

New York, April 18.—This month is expected to break all records for immigration at this port. At the close of today's business, 64,000 aliens had passed Ellis Island in 18 days. Those scheduled for the remainder of this month indicate the total for April will exceed 90,000. May of last year, with 82,000 immigrants, is the record month at the island. Reports from European sailing ports indicate that more than 100,000 aliens will arrive next month.

DEADLY RIVALS MEET.

Interurban Car and Automobile Come Together With Fatal Results.

Indianapolis, April 18.—As a result of the collision between an interurban car and an automobile today, Dr. Charles Howard, of St. Paul, Indiana, was killed and Richard Rice, of this city, was badly injured.

SECOND ATTEMPT AT DESTRUCTION

Tomas Irwin Sent a Bullet Crashing Into the Base of His Skull—Out His Throat Twelve Years Ago.

IN A COMATOSE STATE AND MOTIVE NOT KNOWN

Tomas Erwin, a native of this city, aged about 35 years, sent a bullet crashing into the base of his skull at the back, just before the noon hour today, in a little room on Barro alley. The shot was probably fired intentionally.

Parties who were attracted by the shot found the wounded man lying on the floor of the room where he has been living for some time. He was in a semi-conscious state and was unable to give an account of what had occurred.

Dr. Harroun was summoned and had the wounded man moved to St. Vincent's hospital. The doctor did not make a thorough examination of the wound and was unable to say whether the ball had pierced the brain or glanced off. In the latter event, the patient's condition would not necessarily be serious, but if the bullet is in his brain, he will die.

This is the second time that Erwin has come near ending his own life. About twelve years ago he slashed himself across the throat with a razor because the woman he loved married another man. Dr. Harroun was called on this occasion also and sewed up the wound.

Erwin is of a quiet, morose disposition and but few are acquainted with him intimately; he is unsocial and uncommunicative. Those who know him, are aware of no motive for his rash act. So far as is known no second love affair is responsible for the last attempt at self destruction.

Erwin made a living by cleaning carpets and doing odd jobs around town. He has a brother, Jose Erwin, who is engaged at the carpenter trade in the city.

Another physician was called in later and examined the wound. He found that the bullet had cracked the skull and then ranged downward, lodging in the back of the neck. He thinks the man will recover.

MURDER AND SUICIDE.

Husband and Wife Found With Bullet Holes in Their Heads.

Pueblo, April 18.—Homer H. Haycock, formerly a special policeman in Denver, and his wife, Eva Haycock, were found dead in a room at C and Victoria streets at 11:30 today, each with a 38 caliber pistol wound in their heads. From the position of the bodies it would seem the woman had shot the man and then turned the weapon on herself, as she had the revolver in her hand when found. They came here from Segundo, Colo., two weeks ago. The woman was working in the Colorado Laundry and was sent for by her husband about nine o'clock. They were heard quarrelling and shortly afterward three shots were fired. No cause is yet learned.

BLIZZARD IN AUSTRIA.

Immense Amount of Damage in Fruit Growing Districts.

Vienna, April 18.—Snow, blizzards and severe cold prevail in the southern provinces of Austria which is quite unprecedented at this time. In Vienna, suburban lines suspended operations and telephone and telegraph lines on interrupted. An immense amount of damage is done in fruit growing districts.

DR. GARDNER DEAD.

Chief Surgeon of the Southern Pacific Underwent an Operation.

San Francisco, Calif., April 18.—Dr. Matthew Gardner, chief surgeon of the Southern Pacific Railway, died this morning at the railroad hospital in this city as the result of an operation for appendicitis.

Eight Hour Day Demanded.

Louisville, Colo., April 18.—At a mass meeting of miners of the Northern Colorado coal field last night, resolutions were passed calling for an eight hour day after May 1. No trouble is anticipated here as several of the smaller coal companies have already signified their willingness to operate mines on this basis.

No Chances on "Bill."

Denver, April 18.—Cherokee Bill, who escaped from the county hospital yesterday morning and was captured last night, will be taken to Pueblo Monday to stand trial on the charge of robbing the postoffice at Carlton, Powers county, this state.

PRESIDENT ROOSEVELT

Will be in Albuquerque on May 6 in the afternoon. For this occasion the Santa Fe will sell tickets from all points in New Mexico to Albuquerque and return at one fare for the round trip. Tickets will be sold May 4 and 5, limited to return until May 6. Call on agents for particulars.

H. S. Lutz, Agent, Santa Fe.

The New Mexican Printing Company manufactures the best blank books and loose leaf ledgers in the southwest at very moderate prices. You will serve your own interests by patronizing this very deserving home manufacturing establishment.

FORT STANTON SANITARIUM

Good Work Being Done There—Coal Mines at Capitan—The El Paso and Northeastern Railroad Developing the Country Rapidly.

ABLE MANAGEMENT OF THE ROAD

Special to the New Mexican.
Capitan, April 15.—A trip to the coal mines at Capitan, Fort Stanton, six miles away, and the White Mountains, always proves interesting. The Capitan branch of the El Paso and Northeastern leaves the main line at Carrizozo. It winds over hill and plain, by cattle ranches and small settlements. The ascent to the Indian divide is made on a switch back.

There are two settlements at Capitan. North Capitan, is the coal mining camp, at which live the 160 Americans, Italians, Slovaks and Poles who are employed in the two mines at present being worked, No. 1, nearest to the town, and No. 2, half way between North Capitan and Capitan. These two mines yield 480 tons of a good quality of coal daily, the coal from the latter, however, being superior to that of No. 1. On the Indian divide and elsewhere, there are outcroppings of coal and all around Capitan are prospect holes. In coal measures. The mines are operated by the Colorado Fuel and Iron Company which has erected about 100 houses, all frame and painted a dark brown, for its employees, and a number of pretty cottages for its officials. North Capitan looks much more cheerful and cleaner than the average coal mining camp.

TOWN OF CAPITAN.
Capitan lies half a mile below North Capitan, and is the terminal of the Capitan branch of the El Paso and Northeastern railway. It is picturesquely situated with the snow-capped Sierra Blanca or White Mountains in the background. Its most conspicuous building is a modern 2-story school house, a monument to the enterprise of the people of Capitan. The town has a newspaper, half a dozen stores, blacksmith shop, livery stable and other business enterprises which all seem to do well for Capitan commands the trade of the country for miles around. Several of the biggest cattle ranches of New Mexico are tributary to the town.

FORT STANTON RESERVATION.
From Capitan there is a good and much traveled road to Fort Stanton. The road leaves the Capitan valley through a precipitous gap in the hills. It is only six miles from Capitan to the Fort Stanton military reservation. The reserve is fenced in and upon it graze a big bunch of fine cattle, and part of it is under cultivation. The picturesque Bonito, which carries a large volume of water at present, flows through the reservation. The old fort lies at the foot of a hill on the banks of the Bonito and looks out upon the majestic White mountains which resemble the Santa Fe range in outline, at least from this point. The buildings of the fort make quite a nice sized town and a large force of carpenters and masons is at work at present enlarging and repairing them. The houses are of stone, adobe and frame of various styles of architecture. The principal buildings are grouped around a Plaza that is covered with a well kept lawn. The office and dispensary is a fine structure having a porch with massive Ionic columns. The sanitarium and officers' quarters all face the Plaza. An outer square is formed by the commissary, barracks, kitchen, dining room, saw mill and barns. Owing to the crowded condition of the barracks, many of the patients live in tents, benefiting much thereby in health. In the center of the Plaza is a high flag pole from which waves the Old Glory.

THE MARINE HOSPITAL.
As is well known, the Marine Hospital or rather sanitarium for consumptives, is located at Fort Stanton. Ever since the sanitarium has been established, Dr. P. M. Carrington has been in charge. He is gathering very valuable data of great benefit in treating the white plague and has brought together at the sanitarium a remarkably complete equipment of instruments and apparatus as well as of medicines used in the treatment of consumption. His bacteriological laboratory enables him to carry a research along original lines. However, little reliance is placed in medicine, the chief curative agents are considered to be pure air, nourishing food and rest. The details of the regimen and of the dietary have been enumerated so often that it will suffice to say that they are very simple and conform to the above three principles.

HOMESICKNESS AN OBSTACLE.
The writer spoke to a number of the 155 patients at the sanitarium. He found that the chief obstacle to overcome is homesickness. While patients are constantly arriving, an equally large number are constantly leaving. Most cases show remarkable improvement, but few remain long enough to perfect a cure. One patient who has been here 23 months, an unusually long period, said that consumption cannot be cured even at Fort Stanton, that however, cases like his, which are merely a little nervous or physical breakdown, get better. But few of the patients will admit to themselves that they have consumption. They call it a little "breakdown." As a matter of fact, the majority of patients do not look like consumptives, they are

PROMISING SETTLEMENTS.

Besides Alamogordo, Capitan and Dawson the El Paso and Northeastern has a number of other promising settlements along the line. Torrance, the terminus of the Santa Fe Central Railway, promises to become quite a railroad point; Corona is getting to be a prosperous distributing point for a large area of country; Ancho has cement works; Corriozzo is getting a big hotel and has large railway water pumping works; Oscura is the gate to the Estey City mining district, and the Colorado Fuel and Iron Company's iron deposits; while Jarilla is a mining camp. The fact that the El Paso and Northeastern has become an important and prosperous railway system that has done wonders for the development of a much neglected part of New Mexico is due to the energy and the foresight of its management. The present manager, W. R. Martin, is earning golden opinions from experienced railroad men, and A. N. Brown, the general traffic manager, is one of the most popular and successful railroad officials in the west.

FORMER SANTA FEANS' RICH STRIKE.

Sold Mining Claim in Arizona for \$50,000—A Taos Man's Experience in That Territory.
A special to the New Mexican from Tombstone, Ariz., states that Ruben C. Wilson and Cass M. Benton, formerly miners of Golden have struck it rich near that place. They disposed of a mining prospect near there within the past ten days, the dispatch says, for which they received \$50,000. Both of these men were among the old timers of Santa Fe county and many of the older citizens will remember them. Wilson left here about four years ago and Benton has been away about ten years.

L. T. Bryan of Taos was in the city yesterday on his way from a six months' stay in Arizona. He, also, has made some money in that territory. He followed a new railroad up from Congress Junction staking out and working a number of claims which he sold at the first good opportunity with one exception. This latter meant a loss of over eight thousand dollars to him. They were offered \$25,000 for the claim but declined to accept the amount. They found that the ore did not pan out near as well as expected and they never did make anything out of that claim.

OFFICIAL MATTERS

BOARD OF DENTAL EXAMINERS.

The Territorial Board of Dental Examiners is in session at the office of Dr. Charles N. Lord in this city today. The following members are present: Dr. L. H. Chamberlain, Albuquerque; Dr. F. E. Olney, Dr. E. L. Hammond, Las Vegas; Dr. Lord of Santa Fe.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a constant rate for the character of the work turned out.

SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY
Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sold to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

RATES OF SUBSCRIPTION.
Daily, per week, by carrier, \$1.25
Daily, per month, by carrier, \$10.00
Daily, per month, by mail, \$10.00
Daily, three months, by mail, \$28.00
Daily, six months, by mail, \$55.00
Daily, one year, by mail, \$100.00
Weekly, per month, \$3.75
Weekly, per quarter, \$11.00
Weekly, six months, \$33.00
Weekly, per year, \$60.00

SATURDAY, APRIL 18.

The Great Southwest is growing rapidly, and New Mexico is in the procession.

The yellow journals are publishing yellow stories from Yellowstone Park, but there is precious little truth in the stories.

The Monroe doctrine is over seventy years of age, but it is still quite hale and hearty. European monarchs find this to be the case.

One sure sign that New Mexico is growing is the fact that the number of presidential postoffices in the territory is increasing.

Some well paid people are already beginning to shout for "Hearst and Harrison" as the Democratic nominees upon the presidential ticket in 1904.

The Union League Club of New York has tackled the settlement of the race question. The Union League has a strenuous task before it.

When a politician goes about abusing decent newspapers, then the people know that he is in the political soup and that it is too hot for him.

New Mexico political bosses are no longer sitting up nights trying to get up a fight with some of the daily papers of the territory. They are learning a lesson.

There will be music in the air at the coming national reunion of ex-Confederates at New Orleans. There are to be twenty brass bands in line in the procession.

Richard Mansfield has announced, in very strong terms, that he will have nothing more to do with the south. The solid south can be accounted as being luckier than it deserves to be.

Eastern New Mexico is growing at a rapid rate. There is many a change going on of which some of the politicians of New Mexico are not aware. They will know more after the election of 1904.

Experience in Wyoming has proven that pretty women are not elected to office in that state. Women have been elected to office there, but the pretty women of Wyoming evidently do not need offices to get along.

Indications are that the Hagan coal fields in eastern Sandoval county will, within six months, supply the Santa Fe railway south of Alamosa, with coal. Railroads must buy the black diamonds where they can get them the cheapest.

The Commoner, Colonel Bryan's newspaper, asserts that President Roosevelt talks too much. Now if any man knows, it is certainly Colonel Bryan. He takes the cake as being the greatest talker against time on record.

The anti-imperialistic pussy cats are still weeping bitter tears for the poor despised and down-trodden Filipinos despite the fact that the latter now enjoy the best, most humane and most liberal government of any of the Asiatic peoples.

The Western Union Telegraph Company has a new general manager. He began as an office boy of the company 25 years ago. It should be stated right here though, that he never smoked cigarettes, did not read the Police Gazette and delivered messages entrusted to his care promptly and quickly.

It is said that the Hon. Adlai E. Stevenson is again willing to run for the vice presidency on the Democratic ticket. The Honorable Adlai is a stayer and reminds one a great deal of some New Mexico officeholders and politicians who are exhibiting most wonderful staying qualities in easy official berths.

The homestead entryman is invading New Mexico. Wherever and whenever there is a chance to develop water on a quarter section of public land, either by wells or reservoirs, he is found and that in increasing numbers. He knows what he wants and carries a gun with him in addition to his agricultural and well digging tools. He has come to stay.

The case of the United States vs. The Rio Grande Dam and Irrigation Company and popularly known as the "Elephant Butte Dam Case," is still worrying the attorney general of the United States, pleasing the thieving El Paso land ring, displeasing the people of this territory and injuring the material advancement and prosperity of the Rio Grande valley in New Mexico. Were New Mexico a state and had it two senators to represent it in Washington, this nefarious dam case would be blown down in mighty short order, but as it is, the people of the territory will have to grin and bear it.

Ohio is a progressive and up to date state, but it must be acknowledged that some of its Democratic citizens are like those who are still voting for Jackson in Pennsylvania. In one of the counties of the Buckeye state a few days ago, a solid free silver delegation to the Democratic Ohio state convention was selected.

Judging from the boodle investigations in Missouri, most of the members of the present Missouri legislature have monkeyed with either boodle or boodidom. The result in all cases so far investigated seems to have been the same, namely the receiving by these "honorable men" of plain boodle.

Correspondence received by this paper from various parts of the territory indicates that there are several men in the Sunshine territory who would like to be United States senators from the Sunshine state. There is no doubt but that this information is correct. Whether, however, they will ever reach the goal of their ambition, is another story.

That \$100,000 that is now being expended by the sovereign state of Kentucky to convict someone of the murder of William Goebel, is doing great work. Another fellow by name of Youtsey, has turned states evidence and accuses Howard of having fired the shot that killed Goebel. In this connection it is proper to say that Judge Cantrell will be equal to the occasion and do some convicting in the case and that the Kentucky court of appeals will do some business in setting aside Judge Cantrell's action.

The people of New Mexico should remember that it is the President of the United States who will honor them with a visit to their Capital City on May 5 next. Nothing in the shape of politics should be allowed to interfere with the success of the occasion. The President is the chief magistrate of this nation and his reception in Santa Fe and Albuquerque should be of the kind that will show the great respect in which the high office is held and the popularity with the people not only of this territory, but of the entire country, of the man who now fills this, the highest position in any government on earth.

The Pennsylvania legislature now in session has enacted a law for the muzzling of the press of that state. This is foolish and ill advised and, dollars to doughnuts, Senator Quay had no hand in it. The senator is too astute and experienced a politician to be mixed up in such foolish business. No matter what ever has been said of the senator he has always in the main been friendly to the newspapers. The officeholder, high or low, federal, state, territorial, county, city or precinct, who dislikes the press and is opposed to it, openly or secretly, in a high or in a low degree, will sooner or later come to grief and that sooner. The press is a two edged sword, both edges are sharp and when it does cut, it cuts deep.

It is reported that the fight on United States Senator Reed Smoot of the state of Utah, will be renewed in the next senate and that an attempt will be made to unseat him. Senator Smoot is not a polygamist nor has he ever done anything to expel him from the senate, to which he was legally and fairly elected. But that makes no difference to a lot of busybodies who are trying to reform the nation. Smoot ought to stay and the chances are that he will do so. The fact that he holds a high office in the Mormon church, has no and should have no bearing in the case. Like other American citizens, it is his right to worship according to his conscience and his convictions, provided his religious views and actions do not interfere with the laws of the land.

Delegate Rodey informs the New Mexican that he has great hopes, that speedy action will be taken by the secretary of the interior in the matter of the disposal of the abandoned Fort Marcy reservation and that the lands contained within the limits thereof will, in all likelihood, be turned over to the City of Santa Fe for school purposes. Mr. Rodey states that he has done much work in that direction and induced the secretary of the interior to reconsider his decision to the effect that the reservation should not be turned over to the city and to reopen the case. He expects early and favorable action at almost any time. The New Mexican is gratified to give this explanation of the delegate to the people of Santa Fe, in justice to Mr. Rodey and for their information. Of course, the sooner the matter is settled and this reservation question disposed of the better for the advancement and progress of the Capital City of the Territory.

It is said that City Ordinance No. 90, concerning the construction of sidewalks, and recently passed by the city council, is to be enforced strictly and to the letter. This ordinance has never been published in a paper of general circulation that anyone knows of. It may have been published, but interested property owners and tax payers know nothing about it. If there is a job in this construction of sidewalks business, let it be known. The New Mexican has strongly and persistently advocated the construction of sidewalks by property owners and, if necessary, by the city, but no snap judgment schemes must be allowed to go through. Property owners and tax payers have rights which must be respected and no jobbery will be tolerated. To be sure, the next city election is somewhat in the distance, but the tax payers and property owners will have any improper actions in paving matters called to their minds at the proper time, should such jobs be attempted.

Melville E. Ingalls of Cincinnati, who ran for mayor of that city on the first Tuesday of this month and was defeated by the Republican candidate by 16,000 plurality, has nevertheless and notwithstanding, the presidential bee buzzing around his ambrosial locks. He is president of the Big Four railroad system and is married to some member of the Vanderbilt family. On yesterday

During Colonel Bryan's visit in Cincinnati, the Colonel was entertained by Mr. Ingalls and a choice lot of gold bug Democrats at the Queen City Club. Can it be that Colonel Bryan is getting around to supporting a gold bug, railroad trust magnate and a sicken stock-plutocrat like Mr. Ingalls for the Democratic presidential nomination in 1904. If not, why not? It is a well established fact, that politics makes strange bedfellows and why not in this case? Colonel Bryan is only human.

The New Mexican Printing Company is headquarters for engraved cards de visite and wedding invitations in New Mexico. Get your work done here and you will be pleased in every particular.

President Roosevelt will be in Santa Fe on May 5th from 9 a. m. to 12 noon. For this occasion the Santa Fe will sell tickets to Santa Fe from all points in New Mexico, including El Paso, at one fare for the round trip. Dates of sale May 4th and 5th, good for return passage May 6th.

For the occasion of President Roosevelt's visit to Santa Fe, May 5th, the Denver & Rio Grande R. R. Company will sell tickets from Antonio, Colo., and intermediate stations on the Santa Fe branch to Santa Fe, N. M. and return for one fare for the round trip. Tickets will be sold on May 4th good to return until May 6th.

MRS. HELENA BLAU,

Young Milwaukee Society Woman.

TEN thousand cured women have written to tell how Wine of Cardui bestows the blessing of health on every woman who takes it, rich and poor alike. Mrs. Helena Blau, No. 123 Seventh Street, Milwaukee, Wis., is one of the young women who Wine of Cardui has rescued from a life of suffering. She writes:
"Wine of Cardui is certainly 'women's best friend' and I am pleased to give my experience with it. A few months ago I caught a severe cold, having been out in inclement weather, which settled all over me, particularly in the abdomen. I was in almost constant pain. I consulted a physician and took his medicine for a month and without any relief. I then decided I would try my medicine and it was a lucky day for me when I did so. I noticed a change in a few days and felt encouraged to continue taking Wine of Cardui, and my patience was rewarded, for in two weeks my pains had left me and I felt like a new woman."

The woman who has suffered from female weakness should do anything within reason to secure health. Wine of Cardui is the medicine that appeals to reasonable women—women who hold operations and cutting in horror—women who know that Nature is the best physician. Wine of Cardui gives women back their health by giving Nature a chance to build up the wasted and diseased tissue. Wine of Cardui regulates the menstrual flow and Nature, when relieved of the drains or of the poisons in the system, makes the functional organs strong and healthy again.
Any woman who is silently suffering untold pains because she is too sensitive to undergo a physician's examination and treatment can find no excuse for not securing relief when Wine of Cardui is offered to her. There is no publicity to deter her. She can take Wine of Cardui in the privacy of her home, with as much assurance of a final cure as though a dozen doctors recommended it. Many physicians do recommend Wine of Cardui to their patients.
Why not get a \$1.00 bottle of Wine of Cardui from your druggist today?

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

SEVERE ATTACK OF GRIP.

Cured by one bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I am at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip bid me adieu." For sale by all druggists.

Colonist Rates to the Northwest.

Effective February 15th until April 30th, the Santa Fe will sell reduced rate Colonist tickets to the Northwest, to Helena at Butte \$32.00; Spokane, \$34.00; Portland, Seattle and Tacoma, \$37.00. For particulars call on agents of the Santa Fe.

Santa Fe, N. M.

W. J. Black, G. P. A., Topeka, Kan.

A THOUGHTFUL MAN.

M. M. AUSTIN of Winchester, Ind., knew what to do in the hour of need. His wife had such annual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at Fischer Drug Co.

A GREAT SENSATION.

There was a big sensation in Leesville, Ind., when W. B. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1. Guaranteed by Fischer Drug Co. Trial bottles free.

Notice for Publication.

(Homestead Entry No. 4391.)
DEPARTMENT OF THE INTERIOR.
Land Office at Santa Fe, N. M., March 14, 1903.
Notice is hereby given that the following named settler has filed notice of his intention to claim land under the act of March 3, 1901, to wit: EUGENIO BARROS for the 6 1/2 a. c. of section 2, lots 3 & 4, section 1, township 19 north, range 2 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Ambrosio Larranaga, Juan N. Sandoval, Margarito Chavez, Cesario Chavez, all of Gilestro N. M.

MANUEL R. OTERO, Register.

DANGER OF COLDS AND GRIP.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

MAKES A CLEAN SWEEP.

There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c and guaranteed to give satisfaction by Fischer Drug Co.

BEAUTY AND STRENGTH

Are desirable. You are strong and vigorous, when your blood is pure. Many—nay, most women, fail to properly digest their food, and so become pale, slow, thin and weak, while their brightness, freshness and beauty of the skin and complexion, depart. Remedy this unpleasant evil, by eating nourishing food, and taking a small dose of Herbine after eating meal, to digest what you have eaten. 50c at Fischer Drug Co.

ROBBED THE GRAVE.

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Fischer Drug Co.

WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed. C. Nud, Iowa, Sedgewick Co., Kansas, "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; had recommended it to a number of persons, all express themselves as being benefited by it. I now now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1 at Fischer Drug Co.

SAVED THE LOVED ONES!

Mrs. Mary Vile, Newcastle, Colo., writes: "I believe Ballard's Horehound Syrup is superior to any other cough medicine, and will do all that is claimed for it, and it is so pleasant to take. My little girl wants to take it when she has no need for it." Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and \$1 at Fischer Drug Co.

TREATMENT OF CONSUMPTION.

Results at the Fort Stanton Sanitarium as Set Forth by Dr. P. M. Carrington.

Dr. P. M. Carrington, surgeon in charge of the United States Marine Hospital or Sanitarium for Consumptives at Fort Stanton, has prepared a paper in which he shows the results obtained in the treatment of 303 cases of pulmonary tuberculosis treated at Fort Stanton since the sanitarium was opened. The paper was read at the 53d annual meeting of the American Medical Association. Dr. Carrington says in computing the value of his observations and statistics, the chronic nature of tuberculosis of the lungs and the comparatively short duration of treatment must be considered, the average length of fatal and discharged cases having been something less than six months. In 142 cases, or nearly 50 per cent, the history of the disease extended over a period of one year or more prior to admission. A great difficulty encountered is to keep patients for a sufficient length of time to secure favorable results. Patients unaccustomed to restraint except while on board ships, soon tire of the rigid regulations required. The use of alcoholic stimulants is forbidden except as ordered medicinally for a small percentage of cases and this is considered a hardship and not long borne by those who have been steady and hard drinkers for many years. The problem how to keep occupied men accustomed to the license of large resorts, lake and river cities, in an arid region, is a serious one. Those who permit the longing for city life to overcome them are usually those with fair or good chances of recovery while the unfavorable cases remain. Cards, checkers and other games are provided to be played out of doors as a rule, some cultivate flowers, others have taken to golf. There is a fair library and horseback riding is allowed a limited number of convalescent patients.

From November 18, 1899, to April 30, 1902, 45 patients have died, 9 discharged not improved, 97 discharged improved, 37 discharged apparently recovered, and 115 under treatment. In 21 cases or a little over 10 per cent, there was history of tuberculosis in either the father or mother of the patient. In 226 cases both lungs were affected and in 77 cases but one lung was affected. The tubercle bacillus was demonstrated in the sputum of 273 cases and in 123 cases other organisms were found. Pulmonary hemorrhage occurred in 117 cases, in 77 before, but not after admission, in 12 after, but not before and in 27 cases both before and after. Eliminating from calculation those cases that were under treatment, less than one month, the percentages are: died 23 per cent; improved 53 per cent; apparently recovered 24 per cent. The cases in which the febrile condition was permanent gave the greatest mortality. All patients are required to expectorate in a pocket sputum flask or a hand and bedside sputum cup. They are forbidden to expectorate anywhere else and a violation of this rule involves expulsion from the institution. Metal cups are disinfected by steam daily although burning is preferable, and the other cups are burned daily. All table ware is treated by boiling water after each meal and clothing and bedding used by the patients is disinfected by steam before going to the laundry. All rooms, wards, etc., are disinfected monthly by sulphur fumigation, formaldehyd and washing with bichlorid. The essential elements of treatment followed are life in the open air, ample feeding and rest or graduated exercise. The patients remain outdoors all day and sleep with doors and windows wide open. In the spring, summer and autumn, many sleep in tents and cases so quartered do better than those that remain in the wards. Ordinary colds are rare and there has never been a case of pneumonia in the institution. It is necessary to restrain patients who have the false idea that they must take as much exercise as they can stand. Dr. Carrington says this idea is a widespread fallacy. More patients are injured by too much exercise than too little and it is constantly necessary to require patients to rest. Cases having fever and hemorrhages require absolute rest. Those in which the disease is actively progressive should take but little exercise and that of the gentlest sort. Convalescent patients play golf, croquet and quito, some use the punching bag and a number take daily walks. The amount of exercise allowable should be in inverse ratio to the activity of the disease. Comparatively few cases require cough remedies after the first few weeks. Dyspepsia gives more trouble than any other symptom and constipation and torpid liver give much trouble. Whiskey is used in less than 10 per cent of the cases and its excessive use is found prejudicial and several cases, which were previously doing well, date their decline from excessive drinking of smuggled whiskey. The best of food is provided and at 10 in the morning a lunch of milk and crackers is served. Dr. Carrington is not prepared to say as yet, whether it is perfectly safe for one who is apparently cured to go to another climate. At present, he advises that one apparently cured, remain in this or similar climate, for at least six months or more, according to the case. His conclusions are as follows:

"1. Given a sufficient length of stay recovery may be expected in a very large per centage in the first stage uncomplicated cases.

"2. Recovery or arrest may be expected in a fair proportion of second and third stage cases and all the afebrile cases in which there remains sound lung tissue to support life, but we should exercise caution lest we be premature in pronouncing second and third stage cases cured.

"3. Results in permanent febrile cases, especially those in which there is a wide range of daily temperature, are

not better than in less favorable climates.

"4. Hemorrhages seem less liable at this altitude than at the sea level.

"5. Heredity plays an important part in the causation of the disease."

Of the periodic pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from disease. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. T. Dolan, of Madrid, Perkins Co., Neb., writes: "I was cured of painful periods by the use of Dr. Pierce's Favorite Prescription, and his Compound Extract of Smart-Weed. I think Dr. Pierce's medicine the best in the world."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

The sluggish liver made active by the use of Dr. Pierce's Pleasant Pellets,

not better than in less favorable climates.

"4. Hemorrhages seem less liable at this altitude than at the sea level.

"5. Heredity plays an important part in the causation of the disease."

Tucumcari Notes.

A number of new residences have recently been erected in the Buchanan and Russell additions to Tucumcari.

There are good prospects for a new union depot at Tucumcari. The proposed site for the new building is near the stock yards.

The recent high winds damaged the Tucumcari hotel to some extent, twisting it on its foundation. It has been placed in repair.

The people of Tucumcari are having a three days' racing meet this week, Thursday, Friday and Saturday. Prizes aggregating \$500 have been hung up for the meet.

Judge Bogard and wife have just returned to Tucumcari from an extended trip to the Republic of Mexico. Judge Bogard may invest in real estate and return to that country with his family to reside.

A CASE OF IT.

Many More Like it in Santa Fe. The following case is but one of many similar occurring daily in Santa Fe. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such a conclusive evidence. Ruperto Martinez of Griffin st., says: "I knew that a pretty sure indication of kidney complaint is an aching back, but in my case there was added to that annoyance trouble with the kidney secretions. At first the pain across the loins was the only evidence, but latterly the condition and action of the kidney secretions plainly told me that I must do something for my kidneys or aggravated trouble would follow. I went to Ireland's drug store for Doan's Kidney Pills, took a course of the treatment and the complication stopped. To my faith in Doan's Kidney Pills, let me tell you that while working at Watrous getting out stone for the railroad an acquaintance of mine was compelled to stop and go home on account of his back. I advised him to use Doan's Kidney Pills. He acted on my advice and in a couple of days after commencing their use he returned to work."

For sale by all dealers. Price 50c. Foster-McBirn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

HERBINE CURES

Fever and Ague. A dose will usually stop a chill, a continuance always cures. Mrs. Wm. M. Stroud, Midlothian, Texas, May 31, 1899, writes: "We have used Herbine in our family for eight years, and found it the best medicine we have ever used, for la grippe, bilious fever, and malaria." 50c at Fischer Drug Co.

ADMINISTRATOR'S NOTICE.

Territory of New Mexico, County of Santa Fe.—Having been appointed by the honorable the probate court of the County of Santa Fe, of the Territory of New Mexico, administrators of the estate of the late Demetrio Leyba, deceased, we hereby give due notice that any and all persons indebted to said estate are requested to make settlement of such accounts with us within 60 days from the date of the first publication of this notice, else these accounts will be collected by law. We also hereby request all persons having any accounts against said estate to present them to us for examination, approval and settlement. The postoffice address of the administrators is Lamy, Santa Fe county, and all communications should be addressed to Jose Leon Madrid, administrator.

In witness whereof, we have hereunto set our hands this 4th day of April, 1903, in the City of Santa Fe, in the County of Santa Fe, and territory aforesaid.

JOSE LEON MADRID,
ELIGIO GUTIERREZ,
Administrators.

Notice for Publication.

(Homestead Entry No. 4928.)
Land Office at Santa Fe, N. M., April 14, 1903.
Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver at Santa Fe, N. M., on May 20, 1903, viz: Basilio Perea, for the 1/2 of section 12, 1/4 of sec. 10, of section 17, township 14 north, range 9 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Eligio Gutierrez, Feliciano Lobato, Julian Carrillo, Anastacio Carrillo all of Lamy, N. M.

MANUEL R. OTERO, Register.

TO ADVERTISE THE GREAT

SOUTHWEST

Farmers, farmers' wives and daughters, school teachers, doctors, clergymen, merchants, in the smaller towns, any citizen who has something to say, are invited to write letters and longer articles about the locality in which they live in the Southwest.

The territory includes Arkansas, Arizona, Indian Territory, Louisiana, Southern Missouri, New Mexico, Oklahoma and Texas.

Premiums that make it an object are offered, a set for each state and territory. Full particulars of the conditions of the contest, and a list of the prizes and awards will be sent upon application, to

J. W. STEELE, Commissioner,
Colonization Agency, Southwestern Lines,
Columbia Theater Bldg., St. Louis, Mo.

The New Mexican Printing Company has the best bookbinder in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

The Santa Fe runs tourist cars daily from Chicago and Kansas City to Los Angeles, and San Francisco. Colonist tickets to California points will be honored on such cars April 1 to June 15, 1903. H. S. Lutz, Agent, Santa Fe, N. M.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station, on the Denver & Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline of hot springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:08 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. SATURDAY, APRIL 13.

SOCIAL AND PERSONAL

Rev. H. de Juillon, parish priest at Taos, accompanied by his mother, is in the city today.

Land Commissioner A. A. Keen went to Albuquerque last night to remain over Sunday with his family.

Dr. E. L. Hammond of Las Vegas, is here today to attend the meeting of the Territorial Board of Dental Examiners. Dr. F. E. Olney of Las Vegas, a member of the Territorial Board of Dental Examiners, is in the Capital today on official business.

Mrs. Carl Metzger, accompanied by her mother, Mrs. Neff, left this week for Altoona, Pa., where they will remain during the summer.

Postmaster Paul A. F. Walter and family have again taken up their residence at the Walter house on Hickox street on the south side.

Mrs. A. R. Gibson entertained at dinner Wednesday evening at her home on Hillside avenue, for Dr. and Mrs. A. F. Spurney of Cleveland, O.

A. Staab expects to leave for Europe at an early date and will spend the summer on that continent, most of the time at some of the health resorts in Germany.

Dr. and Mrs. S. D. Lord of Sackett's Harbor, New York, who have been in this city the guest of their son, Dr. Charles N. Lord and family, returned home the first of the week.

Governor and Mrs. Otero and son spent a portion of the past week at Las Vegas, the guests of Captain and Mrs. J. A. LaRue. They are expected to return to the Capital tonight or tomorrow night.

Mrs. J. W. Reynolds and children were the guests of Mr. and Mrs. Jefferson Reynolds at Las Vegas during the past week. Territorial Secretary J. W. Reynolds joined them in the Meadow City on Thursday.

Dr. and Mrs. J. M. Diaz went to Denver Thursday night where Mrs. Diaz will remain for a year. The Doctor will be away but a few days. During the absence of Mrs. Diaz, their son, Jose, will remain at St. Michael's College.

Mrs. R. L. McCance, wife of the efficient treasurer of the Santa Fe Central Railway and Pennsylvania Development Company, who has been seriously ill, is slowly improving. Mr. and Mrs. McCance now have rooms at St. Vincent's Sanitarium.

B. M. Read, Esq., and Juan Delgado will go to Albuquerque tonight to see the latter's son, and Mr. Read's son-in-law, J. P. Delgado, who was injured in the Santa Fe railway shops there yesterday. He had the great toe of one of his feet, cut off, but the details of the accident are lacking.

Charles V. Safford, traveling auditor of the Territory of New Mexico, will leave Monday or Tuesday for the north on an official trip. He will visit the counties of Taos, Rio Arriba and Colfax while away and may go to San Juan and other counties. He hopes to get back to Santa Fe in time for the visit of President Roosevelt to the city on May 5.

The following party left early this morning for the Crater, 19 miles west of the city, where they will spend the day outing and viewing the scenery: Mesdames Connelly, Perkins, Knight, McElroy, Stauffer, Marsh, Hanna and Walter; the Misses McQuarrie, Atkinson, Marsh, Lewis, Courtney and Frances Allison; Lewis and Elmer Marsh and Robert Harvey.

Word has been received in this city of the marriage at Clayton, N. M., of Miss Mabel Gildersleeve, formerly of this city, and J. Goode of that place. The ceremony was performed on Easter Sunday. Miss Gildersleeve has been living in that town with an uncle the past year. Mr. Goode is connected with the First National Bank of Clayton and comes from an old southern family.

Invitations have been issued for a "smoker" to be given by General Manager W. S. Hopewell of the Santa Fe Central Railway, at the Pennsylvania Club on San Francisco street, next Tuesday evening. The hour for assembling is 7:30 o'clock. A very enjoyable time will surely be had as it is well known that whatever Mr. Hopewell undertakes, he carries out successfully.

The Rt. Rev. J. B. Pitaval, auxiliary bishop of the Santa Fe diocese of the Roman Catholic church, returned last night from a pilgrimage to San Juan. The following priests who are sojourning at St. Vincent's Sanitarium also returned from San Juan last night: Rev. Albert Ryensburys of Denver, Order of Franciscans; Rev. Alphonsus Miller, of Cincinnati, Order of the Precious Blood; Rev. Anthony Mitchell, of St. Meinard, Ind., Order of St. Benedict.

A. J. Sampson of Rocky Ford, Colo., who is connected with the extensive factory of the American Beet Sugar Company located there, is in town today on business for his company. He is the son of General A. J. Sampson, for many years U. S. consul at Juarez, Mexico, who is well known throughout New Mexico and Arizona where he has many friends. General Sampson is now U. S. minister to the Republic of Ecuador and is located at Quito, the capital.

Dr. Charles A. Wheeler of Colorado Springs, graduate of the Northern Institute of Osteopathy at Minneapolis, Minn., will remain in this city for some time and will probably locate here permanently to practice his profession. He has filed the sworn certificate, required by law preparatory to commencing the practice of the science of osteopathy and surgery, with the probate clerk and ex-officio recorder of Santa Fe county. As soon as he secures an office room and furnishes up the same, he will be ready to do professional work in this line. He will in all likelihood take office rooms in the Griffin Block No. 108 Palace avenue, east of the office of Colonel G. W. Knaebel.

Miss Berta Rogers, Mrs. Messer and Miss Duval were in the city today. Miss Rogers is a teacher in the public schools of Cerrillos, and came over for a visit with her friend, Miss Nellie

Warning. Miss Duval is a resident of Kansas City, Mo., and is on her way home after a visit at Cerrillos, with Mrs. Messer, who is her sister.

Judge Henry L. Waldo, who spent the past month in Kansas City, is expected to return to Las Vegas during the coming week. He will also visit Santa Fe.

Associate Justice Daniel H. McMillan of the territorial supreme court with headquarters at Socorro, was a visitor to the Capital during the week.

Mrs. James D. Hughes of El Paso, Texas, well and pleasantly remembered in this city, has returned to the Pass City from a month's visit to friends and relatives in Los Angeles and other California points.

Hon. Granville Pendleton of Aztec, who has spent the past few days in Denver on business connected with the Territorial Bureau of Immigration, of which he is vice president, left that city on yesterday for his home in prosperous San Juan county.

The Misses Lindeman entertained this afternoon at their home on San Francisco street. The following were present: The Misses Hayward, Cross, Hutchinson, Gibson, Kahn, Smith, Easley, Dougherty, Hogle, Ortiz, Hickox and Gutterman.

Miss Juanita Gonzales and Amelio Mares of Taos, will be married in that town at the Church of Our Lady of Guadalupe on Wednesday, May 6, 1903. The young people are well known and popular in their home town. Mr. Mares being a part owner of the Columbian Hotel at the county seat of Taos county.

Hon. and Mrs. W. S. Hopewell and two sons left on Wednesday for the beautiful Hopewell home ranch in Sierra county, where Mrs. Hopewell and two children will remain for some weeks. Mr. Hopewell, who is the ever busy and hustling general manager of the Santa Fe Central Railway and other big enterprises, is expected to return to the Capital tomorrow.

W. L. Frame of Taos, is on a business trip to this city.

Associate Justice John R. McFie went to Albuquerque yesterday and spent today in the Duke City.

Colonel J. Francisco Chaves, territorial superintendent of public instruction, left this afternoon for Valencia county on official business and will be absent for two or three days.

Mrs. J. P. McNulty, of Turquoise, left this morning for England where she will visit relatives for some months. She will stop en route in Pennsylvania for two days to visit Mr. McNulty's relatives in that state. She will sail from New York on the 24th instant. Mr. McNulty accompanied her as far as Lamy.

Rev. J. B. Courbon, who has been visiting in different parts of France the past three years, arrived in Santa Fe Thursday and after a brief visit here departed this morning for San Juan, where he will live. Father Courbon was priest of the Santa Cruz parish for a number of years before he went to Europe for his health. He is now in splendid health.

Southern Medley—Trio, H. D. May.

ACT IV.

NOTICE TO PROPERTY OWNERS.

The attention of property owners and tax payers is called to the provisions of the territorial revenue laws, which require that every person owning personal or real property within this county shall make his or her return of such property for taxable purposes to the assessor of the county at his office in the city of Santa Fe between the first of March and the thirtieth day of April of each year. There are but a few days left within which such property returns can be legally filed with the assessor. Therefore, the undersigned assessor of the County of Santa Fe gives due notice to property owners and persons who are required to make tax returns under the law to make such and file them with him at his office as aforesaid between this and the thirtieth day of April, 1903, else the said assessor will be compelled to make such assessment and to add thereto the penalty prescribed by law which is twenty-five per centum of the amount assessed by him.

Citizens and persons desiring blank property returns can obtain them by applying either in person or by mail to the assessor at his office in the court house, where either the assessor or his deputy will be in attendance daily except Sunday from 9 in the morning until 5 o'clock in the evening to attend to the desires of all persons in this matter.

MARCELINO ORTIZ, Assessor.

Santa Fe, N. M., April 12, A. D. 1903.

Loose leaf ledgers at the New Mexican Bindery.

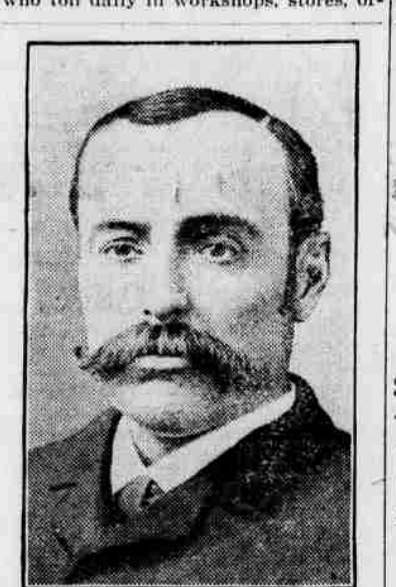

SENATOR SUTTON

of Burlington Vt., Does Not Wait for Sickness.

HE USES
Paine's Celery Compound.

The Spring Health Giver, Whenever He Feels Out of Sorts, and Thus Maintains Regular Health and Vigor.

Paine's Celery Compound is more talked of in the springtime in each state, city, town and village, than any other medicine now before the public. It has a place in the home of the wealthy, influential and intellectual; it is the disease banisher that has the entire confidence of our men and women who toil daily in workshops, stores, of-

E. M. SUTTON.

ices and homes. When the first warning symptoms of physical weakness and disease are experienced, wise and prudent men and women invariably seek new vitality, health and strength in nature's health builder, Paine's Celery Compound. If the reader of this article finds it difficult to obtain restful sleep, if nervousness and weakness are causing alarm, if the blood is impure and sluggish, if rheumatism, neuralgia, dyspepsia, kidney or liver troubles are commencing to annoy, follow the safe and wise example of Ex-Major Sutton of Burlington, Vt., use Paine's Celery Compound and promptly banish the little ills; do not wait till you are sick. One bottle, as a rule, will brace the nerves, correct impaired digestion, cleanse the blood, and make you robust and strong. Read Senator Sutton's cheering testimony:

"People have often asked me how I managed to keep so well, for although out in nearly all kinds of weather, and traveling considerable, I have no aches or sickness. My one answer has been, that instead of waiting until I am sick in bed and forced to stop work for a while, whenever I feel out-of-sorts the least bit, I take Paine's Celery Compound, which keeps me well and strong. It is a great deal better, in my opinion, to take a medicine that keeps one well, rather than to wait for sickness and then hunt around for a medicine or a doctor. I have been a hearty advocate of Paine's Celery Compound since it was first made a great many years ago, and have yet to hear of a case in which it has failed to fulfill its promises."

Those who sample our wines, liquors and cigars always call again. J. Weinbergers, south side Plaza.
