BOERS RETREAT!

British Army Crosses
Vet River.

Wynberg is Captured by the
British Army.

Texas Town Almost Destroyed by a
Terrific Tornado.

SUNDAY BASE BALL GAMES.

London, May 7.—Lord Roberts reports to the war office in a dispatch dated Smalldel, May 6 (afternoon), as follows: "We crossed Vet river this morning, and are now encamped at Smalldel Junction. The enemy is in full retreat towards Zand river and Koonstad. The turning movement was made by the mounted infantry just before dark yesterday. It was a very daring affair. The Canadians, New South Wales, New Zealand rifles and Queensland mounted infantry vied with each other in their determination to close with the enemy. Captain Anley, Essex regiment, commanding the Third infantry battalion behaved very gallantly. The naval guns and artillery made excellent practice, particularly the two 5-inch guns, which were used for the first time with this force. We captured a Maxim and twenty-five prisoners. Our casualties are very few, only fifteen wounded, one killed and three missing.

"The British arrived here without opposition. The Boers last night left Saturday night. How losses yesterday on the left flank were forty killed. Their rear guard remains behind kopjes ten miles distant. There is much railway forage and corn here. It is stated that the Boers are retreating toward Koonstad, and the Zand bridge is reported destroyed."

"Doubtless a few days will bring out the British line of action before Biggarburg. Roberts is now nine miles north of Vet, sixty-three miles north of Bloemfontein. Evidently he is not letting the grass grow under his feet."

Wynberg Captured.

London, May 7.—The capture of Wynberg by the British is confirmed and the main advance to Pretoria continues with machine-like precision and rapidity which has characterized all of Lord Roberts' forward movements. By the occupation of Wynberg, General Ian Hamilton puts himself nearly parallel with Lord Roberts and only twenty-nine miles eastward, while he has the additional advantage of being connected with his chief by means of the railroad that runs from Smalldel. The only feature of the carefully devised plan of general advance not disclosed by swift developments is the fact that General Buller has elected to take in the operations. At present there are no indications of any movement on the part of the Natal army.

Destroyed by Tornado.

Dallas, Texas, May 7.—One-third of the houses of Garza, Denton county, were destroyed on Sunday by a tornado. No one was hurt, the people seeking refuge in a storm house. Several houses in Little Elm also were destroyed, and several people injured.

Solver Favors the Boers.

Washington, May 7.—This was suspension day in the house, and Bulwer of New York, created a slight stir by attempting to secure the adoption of a resolution expressing sympathy with the South African republics. He moved the adoption of his resolution under suspension of the rules. "The chair desires to recognize the gentleman for that purpose," replied the speaker.

Boers Defeated.

London, May 7.—The war office received the following dispatch from Lord Roberts, dated Smalldel, May 7, 1900:

a. m. "General Hunter, after defeating the enemy on May 4, joined hands with Paarl near Warrenton. The enemy left thirteen killed and wounded on the ground, and we captured several prisoners. Our losses were slight. Hunter speaks in high terms of the gallantry of the Yeomanry under Col. Maybrick. The enemy retired from the front of Thaban Chu, and the exceedingly strong position they held is now occupied by Hunter's division."

Tornadoes in Kansas.

Kansas City, Mo., May 7.—No less than fourteen funnel shaped tornado clouds are reported to have been seen yesterday in central Kansas, ranging through Saline, Ellsworth, Rice, Barton and Pawnee counties. As far as learned, Mr. and Mrs. William Helfrick, who lost their lives in the destruction of their home north of Ellsworth, comprise the fatalities. Over twenty people are reported slightly injured near Ellsworth.

Nicaragua Canal Bill.

Washington, May 7.—The senate committee on inter-oceanic canals today discussed the Nicaragua canal bill, which passed the house last week. No action was taken. The committee will meet again Wednesday to consider the measure.

CONFIRMATION SERVICES.

Impressive Ceremonies in the Episcopal and Catholic Churches Yesterday. Last evening the audience room of the St. John's Episcopal church was filled to overflowing with the friends of those who were to be confirmed, to witness this solemn ceremony. After the confirmation services Bishop Kendrick delivered a very interesting and instructive address on the subject, "Living by the Day." His first thought was an earnest admonition to begin each day with the resolve to make it a religious day; second, pray every day that strength can be had to overcome the temptations and obstacles of life, and third, do not let a day go by without doing some good.

Those confirmed were: Felix H. Lester, Mrs. Marion S. Lester, Lindsay A. Dudley, Horace R. Yewell, Mrs. Lillian M. Yewell, Fred Parrish, Mrs. Ina Louise Wheeler, Wm. H. Wheeler, Thomas Topham, Mrs. Marion Kennedy, Ernest Dougherty, Master Lorion Miller, Misses Clara Louise Saint, Gertrude Margaret Eddings, Norah L. Werner, Helen W. Roder, Gladys Childers, Mary Hazelidine, Grace Hawks, Wrenette Miller, Mabel Kennedy. A special service was held this afternoon at 4 o'clock when George H. Frost was confirmed, he not being able to be present last evening.

AT THE CATHOLIC CHURCH

With much splendor and devotion eighteen children, namely: Helen Teresa, Josephine, Mary Louise, John, Louise Walsh, Stella Mary, Beatrice, Anna May Horn, Eliza Dolores, Adeline Grace Borradaile, Pauline Marie Schneider, Elsie Mary Rossi, Mary Josephine Donahue, Mary Irene Burke, Juanita Armojo, Joseph Thomas Abell, Frank Armojo, Marcelus Stern, John Edward Lawler, John Joseph, Joseph Patrick Brennan, went the first time to Holy Communion at the 7 o'clock mass.

The girls, twelve in number, were dressed in pure white, the boys in black suits trimmed with white ribbon. The procession formed in the sacristy, and took its way over to Sixth street into the church. Two little cherubs were at the head and tail of the end of the procession. St. Mary's choir rendered the music. The church was decorated very beautifully, and the pews of the first communicants were draped in white. After the children gave their solemn promise to be good Christians, and after the profession of faith, they for the first time received the sacrament.

In the evening, at 7:30, solemn vespers were chanted and a most beautiful sermon on the occasion was preached by Rev. Mandalar, the church being crowded to its utmost capacity.

Opposed to Everything.

Cincinnati, Ohio, May 7.—The national convention of the middle-of-the-road populists meets here Wednesday afternoon. The National Reform Press association, auxiliary to the middle-of-the-roaders, meets to-day and to-morrow. Gen. Garcia Captured.

Ship Burned.

New York, May 7.—Fire destroyed a Malory line steamship at the pier at the foot of Maiden Lane, East river, Sunday. Loss, \$1,000,000. Several barges moored near the pier were also destroyed. The nine-month-old daughter of Captain Charles Locke, of the barge Sherwood, was drowned.

Heavy Rain Storm.

Port Dodge, Iowa, May 7.—One of the worst rain and thunder storms in years occurred last night. Reports of much damage to property and large loss of livestock are coming from all points. Al. Elmone, a prominent farmer of South Madison, Iowa, was struck by lightning and instantly killed.

PROCEEDINGS OF THE SENATE.

Teller Tries to Pass a Resolution Favoring the Boers.

Washington, May 7.—The senate agreed to conferences on the army appropriation bill, fortifications bill and Colorado Co-operative Colony bill in respect to desert lands.

Teller of Colorado, recalled from his resolution expressing sympathy for the Boers. Teller called attention to the fact that his resolution was a phrase of the Cuban plank of the republican national platform in 1896. He was satisfied it would be proper and right to pass such a resolution and quoted a number of precedents for such action by the senate. He found a precedent for it in the resolution offered in the house of representatives by Clayton, of Kentucky, in 1891, in the interest of the Cuban people and in the many subsequent resolutions of similar character. If this resolution was objectionable to the senate he thought any resolution would be objectionable. Such intervention as he suggested could not be regarded as a hostile or unfriendly act.

THE VIADUCT QUESTION.

Messrs. Hurley and Twitchell Confer With the City Council.

EVERYTHING WILL BE SATISFACTORY.

J. E. Hurley, division superintendent of the Santa Fe Pacific railway; Ralph E. Twitchell, assistant counsel for the company in New Mexico; and M. R. Williams, superintendent of bridges and bridge building, came in from Las Vegas last night and are here to-day.

Messrs. Hurley and Twitchell came here to discuss the viaduct question with Mayor Marron and the city council, and a conference was held at the mayor's office this morning.

Mr. Hurley stated at the conference that it was for the city council to say what kind of a viaduct should be built, the amount of money to be expended in the construction of the viaduct, and that the railroad company stood ready to pay its half-share according to agreement.

Considerable talk was then indulged in as to the closing of Railroad avenue to the switching and making up of trains. The council stated to Mr. Hurley that no objection is intended to be made to the company doing switching necessary for the warehouses located on and adjoining the right of way, but the council would object to the switching and making up of trains as now carried on across that thoroughfare.

Mr. Hurley then stated that evidently a misunderstanding exists between Mr. Ripley and the council on this subject.

Several of the councilmen present then remarked that they distinctly remembered the talk with Mr. Ripley on the subject, and that no misunderstanding should exist.

After the conference, the following letter was prepared by Mayor Marron, signed by the members of the council and submitted to Mr. Hurley.

J. E. Hurley, Division Superintendent A. T. & S. F.

Dear Sir:—Referring to the matter of the viaduct proposition in this city, it seems that there is a misunderstanding upon one point talked between Mr. Ripley, the president of the road, and the members of the city council, and that it is as to the keeping of Railroad avenue an open street.

It is our distinct recollection that one of the reasons assigned for the building of the viaduct was that trains would not be made up and broken across this avenue, as at present. Of course, it is not contended that the switching necessary to supply the

warehouses on or adjoining the right of way should not be done across Railroad avenue, but we do insist that the understanding between Mr. Ripley and the council was that there should be no breaking or making up of trains on that avenue and that the same should be kept an open street, except as hereinafter mentioned. The necessity for this is apparent when it is remembered that over one-half of our population live on the east side of the tracks and there will be but two grade crossings and the viaduct whereby that section of the city can be reached within the city limits, a distance of more than two miles, and, furthermore, Railroad avenue being the principal thoroughfare between the two sections of the city.

We understand that this agreement regarding Railroad avenue can not be complied with until the viaduct is built and the improvements completed, but we want it understood that within a reasonable time after such completion, say three months, this avenue will be kept open in accordance with our understanding with Mr. Ripley. Very truly yours, O. N. MARION, Mayor.

The Citizens have direct information this afternoon that the alleged difference between the railroad company and the city council will be satisfactorily arranged and adjusted to the city and in accordance with the resolution of the council as to the conference held with President Ripley when he was here sometime ago.

Mr. Hurley was seen at his car by The Citizen representative and he stated that the viaduct question now rests with the city council, after which, when everything is arranged, the other big improvements will be put into execution. Accompanied by Mr. Twitchell, Mr. Hurley left this afternoon for the south.

At the city council meeting to-night, the viaduct question will be fully discussed, an ordinance on the subject will be drawn up and a proclamation for an election will undoubtedly be issued.

ALBUQUERQUE, — MAY 7, 1900

Governor Otero has appointed Jose
Biaz Lacerdo, of Albuquerque, notary public
for Bernalillo county.

Republican platforms coming from
the different states show perfect har-
mony in the party on national issues.

The Methodist Episcopal church in
the United States has increased from
\$1,000,000 in 1890 to nearly \$6,000,000 in 1899.

The bubonic plague has put Honolulu
to an expense of \$1,000,000, not includ-
ing property destroyed by sanitary
fear.

Denver has a republican club com-
posed of men who in 1896 voted for
Bryan, and who in 1900 will vote for
McKinley.

It is stated that this country last
year exported more meat products,
leaving out sheep and mutton, than all
the rest of the world combined.

Two thousand special agents appointed
by the director of the census to ob-
tain information of the manufacturing
industries began their work on the 1st
of May.

The people of this city want the new
railroad improvements and viaduct,
and will be glad to see the railroad
demand on the part of the railroad
company.

In Germany 1,067,338 acres were seeded
to sugar beets last year. The yield
was about eleven and a quarter tons
to the acre, and the sugar yields 12.7
per cent.

Census-takers are invested with legal
rights and authority, but every good
citizen will cheerfully facilitate their
labors without regard to that part of
the business.

Even livestock is benefited by republi-
can policy. The value of live stock
on farms February 1 was \$2,558,-
000,000, an increase of \$68,000,000 over
the same date in 1895.

H. A. Pease is greatly improving the
appearance of the Holbrook Argus. He
is a first-class newspaper man, and
will make the Argus one of the very
best weekly newspapers in Arizona.

The people of New Mexico are vitally
interested in water rights, and the
meeting called by Governor Otero to
protest against the Stephens bill, now
pending in congress, should be well at-
tended.

In 1878 there were \$25,000,000 of silver
in circulation. In 1890 there are \$22,-
000,000 passing from hand to hand. This
is important evidence bearing on the
"crime of '73" which has been over-
looked by Mr. Bryan.

The San Marcial Bee will soon issue
a big special edition, describing that
live town and that portion of the Rio
Grande valley. It will be carefully
compiled and will deserve a liberal
patronage and wide circulation.

General Otis does not take any stock
in the report that Aguinaldo is either
dead or has escaped from the island of
Luzon and taken refuge at Singa-
pore. He believes the insurgent chief
is in Iloilo province with a body
guard of perhaps 400 men.

The Nicaragua canal bill that has
passed the house of representatives by
a vote of 235 to 15 looks to the con-
struction of the canal by the govern-
ment of this country. No terms are
made with private corporations. It is
to be purely a national undertaking.

The reports of commercial agencies
on the business of the country for last
month show clearly how substantial
and widespread is the prosperity that
has grown up in the United States.
The failures during the month of April
were fewer than in the corresponding
months of previous years. They were
13 per cent less than in March. They
were the lightest since last September,
a month that broke all records for sev-
en years.

THE LOW LINE DITCH.
The business men of Albuquerque
have invested \$100,000 in the construction
of an irrigation ditch, which when
completed will afford this portion of
the Rio Grande valley with a modern
system of irrigation. The money has
been expended in securing right of way,
building a dam at the head of the ditch
and in building several miles of
the main canal. It is estimated that
it will take about \$60,000 more to com-
plete the work, and put the canal in
perfect shape for irrigation purposes.
This money must be secured in some
way. It will never do to sink \$100,000
and not complete the irrigation ditch.
It may be necessary to bond the ditch,
but this should be avoided if possible.
The proposition is a profitable one, and
could, when completed, pay a large in-
terest on the investment. With this
irrigation ditch Albuquerque can secure
a best sugar factory, and other
needed agricultural enterprises. The
ditch would provide this city with an
excellent water power for all sorts of
manufacturing plants. If the enter-
prise is allowed to fall through it will
be a hard blow to the prosperity of the
city and the whole valley. It must be
built and the stockholders should get
together and devise some plan to con-
tinue the work, and there should be no
delay in doing this.

OLD CANNON.
At Fortrose Monroe and various
other forts and arsenals throughout the
United States are an enormous quan-
tity of antique and obsolete cannon,
columbards, howitzers, mortars, shells
and other projectiles, gun carriages
and equipment which the secretary of
war is authorized to loan or give to
soldiers monument associations, munici-
pal corporations and posts of the
Grand Army of the Republic under an
act passed in 1896 by congress. Some
of these guns are very old and are
more or less ornamental. They are
otherwise worthless except for old iron.
Any of the organizations mentioned
can obtain them either as loans or gifts
by application through a member of
congress.

Most of these old cannons will be of-
fered for sale. On the 10th day of May,
for example, proposals will be received
by the major commanding the Fourth
artillery at Fort Delaware for the pur-
chase of a large quantity of eight-inch
columbards and Rodman guns, ten and
fifteen-inch Rodmans, ten-inch mor-

ters and other cannon and equipments,
shot and shell of all sizes, and other
stores that have been condemned.
There is also an enormous quantity of
similar stores at other posts which will
be sold soon unless applied for. There
are quantities of Parrot rifles, eighteen
twenty-four, thirty-two and forty-two
pounders, five and four inch and ten
inch cannon that were considered very
fine and effective in the civil war, but
are now entirely out of date.

There is no reason why any city or
village in the country should not obtain
cannon and shot and shell to ornament
parks and public squares by paying
for the transportation.

Mexico is progressing. Nearly every
day train loads of machinery pass
through this city for the Diaz republic.

Locomotives Run With Oil.

One of the largest railroads on the
Pacific coast has decided to substitute
oil in place of coal as fuel on its en-
gines. But whether the experiment
will prove a success or not is yet to be
seen. In this respect it differs from the
famous Hostetter's Stomach Bitters,
which has made a decided success in
its fifty years of cure of stomach ills
such as dyspepsia, indigestion, bilious-
ness. Do not expect of stomach ills
unknown remedies when this safe and
reliable medicine can be had of any
druggist. Try a bottle. It will build up your de-
bilitated system, strengthen your weak
stomach and make it capable of digest-
ing the food taken into it, and when
this is done health must naturally fol-
low.

Discovered by a Woman.

Another great discovery has been
made, and that, too by a lady in this
country. "Disease fastened its clutches
upon her and for seven years she
withstood the attacks of the terrible
disease. Her life was in danger and
death seemed imminent. For three
months she coughed incessantly, and
could not sleep. She finally discovered
a way to recovery by purchasing of
us a bottle of Dr. King's New Discovery
for consumption, and was so
much better on taking the first dose
that she was able to sleep at night. The
bottle has been absolutely cured. Her
name is Mrs. Luther Lutz. Thus
writes W. C. Hamrick & Co., of
Shelby, N. C. Trial bottles free at J. H.
O'Reilly's drug store. Regular size
50c and \$1.00. Every bottle guaranteed.

Kingman Depot Burned.

The Santa Fe Pacific Railroad com-
pany's depot and warehouse at King-
man, together with several cars loaded
with coal, were entirely destroyed by
fire Saturday morning at an early
hour. The origin of the fire is some-
what of a mystery, as the wind was
blowing in the wrong direction for it
to have caught from a train, and as
there was a little sprinkle of rain dur-
ing the night there is some reason to
believe that it may have been started
intentionally. The fire had gained such
headway before it was discovered that
nothing could be saved from the freight
house, and Agent Gooding and family
had only just time enough to escape
with their lives, losing all their house-
hold goods and not having time to
save even their clothes and valuables,
all of which were consumed. As the
warehouse was full of freight and the
books and the waybills all destroyed,
it will be some time before the straight-
ened affairs out. The depot will doubtless
soon be replaced with a more substan-
tial one—Cocooning Sun.

A Pleasure and a Duty.

I consider it not only a pleasure but
a duty I owe to my neighbors to tell
about the wonderful cures effected by
my case by the timely use of Cham-
berlain's Colic, Cholera and Diarrhoea
Remedy. I was taken very badly with
dyspepsia and procured a bottle of this
remedy. A few doses of it effected a per-
manent cure. I take pleasure in recom-
mending it to others suffering from
that dreadful disease.—J. W. Lynch,
Dorr, W. Va. This remedy is sold by
all druggists.

A New Store.
With a large and fine line of new and
second-hand house furnishings, that

pay the highest cash prices for house-
hold goods of all kinds. Give me a call
before buying or selling. No. 216,
South Second street, opposite postoffice.

jured while he was at work at the local

J. I. Carson, Prothonotary, Wash-
ington, Pa., says: "I have found Kodol
Dyspepsia Cure an excellent reme-
dy in case of stomach trouble, and
have derived great benefit from its
use." It digests what you eat and can
not fail to cure. Berry Drug Co. and

An Ancient Relief.
The ancients believe that rheuma-
tism was the work of a demon within a
man. Any one who has had an attack
of sciatic or inflammatory rheumatism
will agree that the infliction is demon-
iac enough to warrant the belief. It
has never been claimed that Cham-
berlain's Pain Balm would cast out dem-
ons, but it will cure rheumatism, and
hundreds bear testimony to the truth
of this statement. One application re-
lieves the pain, and this quick relief
which it affords is alone worth many
times its cost. For sale by all druggists.

W. H. Shipman, Beardley, Minn.,
under oath, says he suffered from dys-
pepsia for 25 years. Doctors and diet-
ing gave but little relief. Finally he
used Kodol Dyspepsia Cure and now
eats what he likes and as much as he
wants, and he feels like a new man. It
digests what you eat. Berry Drug Co.
and Cosmopolitan drug store.

The Acme of Perfection

Is a description which is but slight praise when speaking of our Shirt Waists. They are ideal, embodying as much honest and intrinsic value as is capable of being crowded into any one garment. Their style is chic; their fabric novel; their workmanship the best, and their fit perfect. This is not only our opinion, but that of the wearers of these garments. Accompanying cuts portray but two representative styles. Space does not permit of more.

This is the representation of one of our most popular styles—Our \$1.25 Waist. It comes in most handsome patterns: is made with plain or blue French back—it is genuine sterling value. We have at least a dozen numbers at this price for your selection.

FANCY LINEN WAISTS.
Our line of White India Linen Waists is immense. Special prominence is given this season to those made of fine all-over embroideries, of which we have a vast assortment. Above cut shows a very fine India Linen Waist, with four rows of Swiss insertion, the entire back being of very narrow tucking, and the sleeve an elaborate dress sleeve. It sells for the low price of \$2.25. We show a very pretty line, ranging from 90c to \$3.00.
