Strike Situations Are Not Improved

Omaha is Having More Trouble in That Eighteen of the Largest Laundries Have Closed Down, Locking Out 500 Employees.

STREET CAR MEN MAY MAKE DEMANDS IN ST. LOUIS

Omaha, Neb., May 11.—The strike situation in Omaha was further complicated this morning by the closing down of 18 of the largest laundries in the city and the locking out of 500 laundry workers. This action was taken by the laundrymen after an extended conference last night and the reception by them of a request from the Laundry Workers' Union that they not attempt work for hotels, restaurants and other places which have been declared unfair.

MAY MAKE DEMANDS.

St. Louis, Mo., May 11.—Employees of the St. Louis Transit Company who are members of division No. 315, Amalgamated Association of Street Railway Employees of America, are voting on the advisability of submitting to the company the following demands: Recognition of the union, a revision of hours and wages, arbitration on all differences and reinstatement of discharged employees, members of division 315. The Transit Company employs 3,000 men and the majority are said to be members of the union.

STRIKE IS POSTPONED.

New York, May 11.—Ralph M. Easley, secretary of the Civic Federation, announced that he had received a telegram that the Southern Pacific threatened strike had been postponed 15 days to give time for a settlement. The boiler makers on the Southern Pacific were to have gone on a strike today out of sympathy with the striking Union Pacific machinists who have been out for about six months. Senator Hanna, acting for the Civic Federation, asked that this sympathetic strike be postponed, pending efforts of the federation to bring about a settlement. The executive committee of the National Civic Federation meets in this city on Wednesday and the question of reaching a settlement in the Union Pacific matter will come up.

LUMBER INTERESTS AFFECTED.

Chicago, May 11.—A strike of 1,500 tally men and lumber inspectors which may develop serious trouble for the lumber industry of this city was inau-

gured today. Seventy-five lumber yards throughout the city are involved. The men demanded increased pay notwithstanding the scale was signed January 1 for one year.

ASK AN INJUNCTION.

Memphis, Tenn., May 11.—C. G. Bond, the district attorney of the Mobile and Ohio Railroad Company with headquarters at Jackson, Tenn., today went before Judge Hammond of the federal court and prayed for an injunction restraining the striking employees and others from interfering in any manner with the operation of trains on the Mobile and Ohio railroad in the state of Tennessee. Judge Hammond issued a restraining order effective until Wednesday, May 13, when he will hear the application for an injunction.

MORE MEN GO OUT.

Mobile, Ala., May 11.—All the boiler makers, blacksmiths and machinists in the employ of the Mobile, Jackson and Kansas City Railroad Company in this city, struck today. The men demand \$3.65 per day of ten hours. They have been receiving \$2.95.

TRYING TO ARBITRATE.

Denver, Colo., May 11.—An effort is being made to arbitrate differences between the union men who are out and employees and both sides hope to be successful. Otherwise the situation in labor circles is unchanged today. A meeting of the joint committee of labor unions is now in session. Everything possible will be done to prevent a general strike.

NEGOTIATING FOR PEACE.

Omaha, Neb., May 11.—It was stated at Union Pacific headquarters today that negotiations were being carried on between President Burt, Mr. Harriman, the Civic Federation of New York and representatives of the boiler makers of the Union and Southern Pacific. Nothing definite could be made public however as to the probable result. President Kennedy of the Union Pacific boiler makers, stated he believed some arrangement would be reached in the next two weeks for the settlement of the trouble on all of the Harriman lines.

A LONG RECORD.

Appeal in the Northern Securities Case Has Reached the Supreme Court.

Washington, D. C., May 11.—The record in the case of the United States vs. the Northern Securities Company recently decided by the United States circuit court for the district of Minnesota adversely to the Securities Company, reached the United States supreme court today on appeal and was docketed as No. 696. The record covers almost 1,700 printed pages and is confined largely to the testimony. As the call of the docket has been suspended for the present term, the case cannot be called before next October.

UNITED STATES REASSURES CHINA

Minister Conger Repeated the Statement Made to This Government by Russia of Intentions in Manchuria.

IMPROBABILITY OF JOINT ACTION PRODUCES RELIEF

Peking, May 11.—The French minister reports that Minister Conger, following instructions, has notified the Chinese government of the assurance regarding Manchuria which Russia has given the United States, directly through American Ambassador McCormick and also through Ambassador Cassini and says the Russian charge at Peking has given the Chinese officials similar assurances. The French minister adds that Chinese officials are not gravely concerned by Russia's alleged designs on Manchuria, being fully satisfied with the foregoing assurances. The feeling here has been greatly relieved by the official advice from Washington, denying the report that Mr. Hay telegraphed to President Roosevelt relative to the question of joint action on part of Great Britain, Japan and the United States, which report aroused serious apprehension of possible entanglements.

BULGARIANS WERE KILLED.

Severe Engagements With Turkish Troops in Monastir District.

Salonica, European Turkey, May 11.—In an engagement between Bulgarians and Turkish troops, recently fought at Igartari, near Monastir, many Bulgarians were killed and 74 were made prisoners. Another fight is reported at the village of Goroetrovo, near Demir-Hissar. The village was burned. The panic in the Monastir district has not abated.

SANITARIUM PROPOSED.

A Chicago Physician is Considering Building One Near Sunmount.

Charles Wuster, master mechanic of the Regan Printing Company of Chicago, will depart for the Windy City Wednesday, after an extended sojourn in Santa Fe. He has been afflicted with catarrh of the lungs, throat and head, and was advised by a Chicago physician last winter that he could not get well. He later consulted another physician who advised him to come to Santa Fe, which he did just two months ago. He is now a well man and is loud in his praise of the excellent climate of Santa Fe.

The physician who sent Mr. Wuster to Santa Fe is thinking very strongly of erecting a sanitarium in this city. Mr. Wuster has been prospecting a little for the man to whom in addition to Santa Fe's climate, he gives credit for the fact that he is alive and will report thoroughly to his physician on return to Chicago on conditions here. The physician, for reasons of his own does not wish to have his name used in connection with the enterprise for the present, has a number of parties interested who will be willing to put their money into it, the only deal being that pending the return to Chicago of Mr. Wuster. It is needless to state that his report will be favorable.

Mr. Wuster says that he will return to Santa Fe next spring and that he will probably send his wife and two daughters to this city shortly to spend about two months in this delightful climate. The proposed location of the new sanitarium is on the property of J. M. Nagle, near the Sunmount addition.

MASTER CAR BUILDERS.

Men of the Santa Fe System Gather to Discuss Business Matters.

The annual meeting of the Master Car Builders of the Santa Fe system convened in Albuquerque this morning at 9 o'clock. The present meeting is for a discussion of the conduct of the department, ways, means and methods on this and other systems. Among those in attendance at the meeting are: J. A. Staples of Topeka, S. N. Peck of Topeka, M. Manson of Topeka, H. A. Calderwood of Argentine, Kas., G. D. Woods of Newton, Kas., N. H. Taylor of Raton, C. George of Temple, Texas, Fred B. Reinhard of Chicago.

The meetings are called by Superintendent of Machinery Henderson and are held for the mutual benefit of the heads of the various mechanical departments of the road and at the same time to benefit the company.

GARRETT AND GAITHER.

Had a Fight in El Paso Which was Very Amusing.

Patrick F. Garrett, collector of customs at El Paso, Texas, and George M. Gaither, who was some time ago appointed as special appraiser of cattle and later relieved from duty, had a fist fight on San Antonio street in El Paso Friday morning. The two quarreled over Gaither's release from the service and came to blows. Neither exhibited any marked pugilistic skill and the fight was more amusing than serious. They were separated after exchanging a few blows. Both men were arrested.

Money's Digest to New Mexico Supreme Court Decisions for sale by the New Mexican Printing Company.

MINING WORLD IS ACTIVE

Understood the Lake Valley Silver Mines Will Change Hands.

THE SANTA ROSA OIL FIELD

Wild Story Sent Out About the Mines in Grant County Being Unworkable Because of Heat.

C. M. Root and Company have completed arrangements to work the Happy Jack mine and the company has leased the Philadelphia Mining and Milling Company's mill at Andrews, Sierra county, for the purpose of treating the ore. E. J. Fender has charge of the work of putting the mill in order.

James and Saucier are moving the old Wing saw mill from near Hillsboro to Poverty Creek in Sierra county, where it will be set up on the Minnehaha mine.

All active development work in the oil field around Santa Rosa, Leonard Wood county, has ceased, except by the O. K. Crude Oil Company. This company is down 550 feet and is making very slow progress in drilling as it experiences considerable trouble in getting the machinery out of the well and replacing worn out or lost parts. Work has been suspended on the Newman and the machinery will be used in drilling another well by another company, a mile distant from the Newman well. Other companies are holding off to let the O. K. Company explore the field.

From Arizona was telegraphed recently the item that the mines at Steep Rock, Grant county, have become unworkable on account of heat manifestations. It was reported that in one mine at a depth of 180 feet the heat is so intense as to prevent development work. Alexander White is reported to have drilled an 18 inch hole out of which gas and steam rose in such quantities that he had to abandon the work. In other mines at the depth of 200 to 400 feet the heat is not so great but still unbearable. The old mines with deep workings, he said, are full of water which is quite hot, whereas it was cold formerly. He also reported that the mill of the Old Steep Rock Company is being torn down and moved to Malone, in the southern part of the Burro mountains where it will be set up and run on gold ore.

Sanford Robinson, superintendent of the Steep Rock Development Company, makes an emphatic denial of the story which was given quite an extensive circulation. There is no mine in the entire district in which it is not possible to work, excepting the old Carlisle mine which is full of water. The Steep Rock mill is not being removed to Malone. Part of the machinery has been sold to the International Mining Company and has been removed to the camp at Malone but the mill itself has not been torn down but still contains plenty of machinery to operate it.

The low charge for treatment which the American Consolidated Copper Company has received from its properties in the Burros, Grant county, from the El Paso Smelting Company, is resulting in many carloads of ore being shipped to El Paso.

The North American Mining Company operating near Lordsburg, Grant county, has encountered four feet of good ore at the bottom of a 175 foot shaft. The value of the ore makes it a paying shipping proposition.

Work on the Raton oil well is proceeding night and day and a depth of 60 feet has been reached. The well is almost filled with water and there is considerable pressure of gas. When lighted it flames up to a height of several feet. Heretofore the necessary water has been hauled by team from the stream nearby, but a steam pump has been received and water will now be obtained from a well which was drilled for the purpose, a few feet from the oil well.

E. G. Maroney has sold his interest in the Tarantula mine in the Burros to Charles Morrill who with W. B. Wayland, the other part owner, has commenced sinking on the shaft. Very good ore has been encountered and the Tarantula seems certainly to be developing into a paying proposition.

An Albuquerque company is pushing work on the C. and C. mine in the San Pedro district, southern Santa Fe county. The mine adjoins the Lincoln Lumber Company. The company has purchased a new boiler, hoist and pumping plant and will thus master the flow of water which was struck at a depth of 250 feet. At this depth the ore changed from a lead to a gold proposition. There is already a gasoline engine and hoist at the mine and this will be supplemented by a steam engine and modern pumping plant.

John Hayes Hammond has paid another visit to the Lake Valley silver mines in Sierra county and it is understood that the Guggenheims intend to purchase these famous properties which have been idle for some years, as well as a group of silver mines at Kingston in the same county.

The mining camp of Estey City, Socorro county, which was founded with

ORDERS FOR INSPECTION ISSUED

Captain Walker Will Begin in This City on Monday Next and Will Close at Las Cruces on the Friday Following.

THE REPORTS MUST BE MADE IN TRIPPLICATE

The official orders regarding the inspection of the New Mexico National Guard by officers of the army, in accordance with the law recently enacted by congress, have been issued. The orders are as follows:

Territory of New Mexico, Office of Adjutant General, Santa Fe, N. M., May 9, 1903. General Orders, No. 11.

1. The commanding general of the Department of the Colorado having designated Captain Kirby H. Walker, 14th U. S. Cavalry, to inspect the organized militia of the Territory of New Mexico on such dates as might be arranged with the Adjutant General of the Territory, pursuant to instructions from the Secretary of War, under the provisions of General Orders No. 29, current series, Headquarters of the Army, Adjutant General's Office, the inspection so ordered will be held at the following times and places, viz:

Company F, and the 1st Cavalry band at Company F, Armory, Monday, May 18, 1903, at 7 o'clock p. m. sharp.

Troop A, 1st Squadron of Cavalry and Company K, 1st Regiment of Infantry, at Troop A Armory, East Las Vegas, 10 o'clock a. m., May 19. The Field and Staff 1st Squadron of Cavalry will be inspected at the same time and place.

The Field and Staff and Regimental band and Company G, 1st Regiment of Infantry, at Company G, Armory, in Albuquerque, May 19, at 8 o'clock p. m.

Company H at Socorro, May 20, 8 o'clock p. m.

Company D at its Armory in Silver City, May 21, at 4 o'clock p. m.

Company A at its Armory in Las Cruces, May 22, at 8 o'clock p. m.

2. Company and troop commanders will see to the prompt assembly of their commands at the times and places above mentioned, and will require uniforms and shoes to be brushed, and arms and accoutrements to be clean and in perfect order.

3. Company commanders who have not made out and forwarded to this office copies of their muster rolls as directed by General Orders No. 7, are expected to do so without delay.

4. Printed inspection blanks, supplied by the War Department, are herewith transmitted to the commanding officers of the 1st Regiment of Infantry, and the 1st Squadron of Cavalry, and each troop and company organization, which are required to be carefully made out in triplicate, and delivered to the inspecting officer at or before the time of beginning the inspection. Care should be taken in filling the blanks, and all question answered fully as possible in order that the War Department may be furnished with all the information desired concerning the condition of our military organizations.

By order of Miguel A. Otero, Governor and Commander-in-Chief.

W. H. Whiteman, Brig.-Gen., Adjutant General.

ERNEST SOWELL KILLED.

Bruce Jones Claims to Have Fired Through the Door.

Alamogordo was the scene of a shooting affray Friday night, in which Ernest Sowell, of near Cloudercroft, was instantly killed by Bruce Jones, the bartender at the Hillburn saloon. Jones' story is that Ennis Hillburn heard a noise at the door and partly opened it, then closed it and said that there was a man standing outside with a six-shooter in his hand. Jones immediately fired through the panel of the door, and the bullet struck Sowell in the right side of the back ranging through the heart.

A coroner's jury was impaneled and viewed the remains. The jury found the dead man lying face downward where he had fallen. He was only partly dressed. Among the articles found near him was a six-shooter with the muzzle trampled in the sand. One cuff was lying several feet from the body, and the dead man's hat and other articles of apparel were missing. A shirt-sleeve belonging to Ennis Hillburn was found near by.

Sowell was intoxicated when shot. His father operates a saw mill near Cloudercroft, and the family is well thought of.

Excitement in Cotton.

New York, May 11.—The wildest excitement in cotton this season occurred today when an enormous covering movement was started by an unexpected advance of 11 to 14 points in Liverpool, attended by heavy sales of spot in the English market. The local market responded with an advance of 15 to 24 points on the more active months, new high records in all cases being made. The heaviest transactions recorded this season during the same time was reported today.

much promise of success a few years ago, is being abandoned. On May 15, mail service will cease and the last families are preparing to leave. Charles Bender has been placed in custody of the property of the Estey City Mining Company and only four families remain in the camp.

Murder in the Second Degree

Alpheus Hampe Offers to Plead Guilty to the Charge and It is Accepted By Judge McFie.

IMPRISONMENT FOR LIFE IS THE PENALTY OF LAW

Special to the New Mexican.

Tierra Amarilla, May 11.—Hampe's plea of guilty to murder in the second degree was accepted this morning and he was sentenced to life imprisonment.

Arrangements have been completed whereby Alpheus Hampe will plead guilty to the charge of murder in the second degree when his case is called for trial at Tierra Amarilla. The case was docketed for today and the plea has probably been entered by this time. Hampe was indicted at the March term of the district court for Santa Fe county for the murder of Epitacio Gallegos, jailer of the Santa Fe county jail, January 19, 1903, and was granted a change of venue to Rio Arriba county. Jose Telles, Hampe's partner in the crime, was executed in this city on April 3, he having entered a plea of guilty to a charge of murder in the first degree at the March term of court. Sheriff H. C. Kinsell and Deputies C. C. Closson and C. R. Huber left for Tierra Amarilla Friday morning with Hampe in custody. Just prior to his departure Hampe announced his

willingness to plead guilty to a charge of murder in the second degree. Judge John R. McFie, the presiding judge of this, the 1st judicial district,

his willingness Friday morning to accept his second degree plea and as this was satisfactory to counsel for Hampe, witnesses here were wired not to go to Tierra Amarilla. Sheriff Kinsell and deputies were not expected to arrive in Tierra Amarilla until some time Sunday, but there is no doubt that the arrangement made by Hampe's attorneys will be perfectly satisfactory to him. He will be sentenced to life imprisonment.

When interviewed last Thursday evening by a representative of the New Mexican, Hampe stated several times that if he was convicted he wanted his interviewer to call again as he wanted to make a statement. Whether or not he will make that statement under the existing circumstances remains to be seen, but if he had a confession to make it is hardly probable that he will do so now as that would jeopardize his chances of ever obtaining a pardon in after years.

OFFICIAL MATTERS

LAND OFFICE BUSINESS.

The following desert land entry was made today: Charles L. Fraker, Oate, 320 acres in Colfax county.

NOTARY APPOINTED.

The following notary public was appointed today by Governor Otero: J. D. Bell, Roswell, for Chaves county.

TERRITORIAL FUNDS.

The following collection has been received by J. H. Vaughn territorial treasurer: From George W. Knaebel, treasurer of Santa Fe county, taxes for 1902, \$259.36.

APPLICATION FOR MINERAL PATENT.

R. L. Pooler, and W. D. Kerchner of Raton, have filed application for a patent on the Memphis Lode mining claim situated in the Keystone mining district in Colfax county.

DEPUTY WARDEN APPOINTED.

Page B. Otero, territorial fish and game warden has appointed the following deputy for San Miguel county, James W. Leonard of Trout Springs. Samuel Cienfuegos, deputy fish and game warden was sent to Truchas by Mr. Otero, to investigate reports that the laws with reference to hunting and fishing were being violated there. Nothing was found to indicate that the reports were well grounded. While there the deputy posted a number of copies of the laws regarding fishing and hunting.

PENSIONS GRANTED.

New Mexico—Joseph McGovern, Fort Bayard, increase, \$24; William A. Brown, Fort Bayard, increase, \$30; David H. Baxter, Fort Bayard, increase, \$16; Timothy Durkin, Fort Bayard, increase, \$17; Noah W. Bullard, La Luz, increase, \$10; Jose Gutierrez y Garcia, Alameda, original, \$6; Noah F. Rash, Fort Bayard, original, \$30; Henry F. Lowe, Fort Bayard, original, \$17; Uriah Gould, Alamogordo, increase, \$12; John Gray, Weed, increase, \$12; Jesse Harris Redrock, increase, \$12, and Alexander L. Morrison, Santa Fe, increase, \$12.

SANTA FE COUNTY COLLECTIONS.

The financial statement of Colonel George W. Knaebel, collector and ex-officio treasurer of Santa Fe county for the month of April, 1903, shows that he has collected and turned over to the proper funds the following taxes: Territorial treasury \$259.36, city of Santa Fe, taxes, \$162.59, licenses and fees, \$153.33, total \$315.92; the city funds were turned over to City Treasurer W. J. McPherson; for the town of Cerrillos \$5.41; County of Santa Fe \$947.13; the total collections for the month were \$1,527.82.

INCORPORATIONS.

Articles of incorporation have been filed by the Esmeralda Fruit Company. The incorporators are William Jenkins, Margaret M. L. Jenkins and Thomas Jenkins, all of Albuquerque. The company's place of business will be at Albuquerque and it is capitalized at \$25,000, which is divided into 25,000 shares of the par value of \$1 each. The term of existence is 50 years and the affairs of the company are to be in the hands of a board of three directors for the first three months. The board is composed of the incorporators. The company is authorized to buy, own and sell real estate and personal property, to grow, buy, sell, evaporate and preserve all kinds of fruits, vegetables and all kinds of ranch produce.

CONTEST DECISIONS.

Information has been received at the local land office that the decision of the office has been sustained by the commissioner of the general land office in the following homestead entry contests: Entry No. 5,465, Antonio M. Olona vs. Mariano Duran. The contest involves

160 acres in San Miguel county. The contest is dismissed, it appearing that the defendant is improving the land and complying with the law.

Entry No. 5,531, Manuel M. Cordova vs. Miguel A. Garcia. The contest involves 160 acres in Colfax county. The contest was decided in favor of the contestant and the entry of Cordova ordered cancelled. The parties losing in the contests are given 60 days in which to appeal.

COMMERCIAL CLUB TOUR.

Points in New Mexico Where the Kansas City Business Men Will Stop.

A slight change has been made in the itinerary of the Commercial Club of Kansas City and the organization will reach Santa Fe a little earlier than has been previously announced. The train is scheduled to reach here at 6 p. m. Thursday evening next and the party will remain here until 5:30 the following morning. The new itinerary for New Mexico is: Arrive at Raton, Wednesday evening at 6 and remain until 5:30 Thursday morning; Springer at 7 and remain 30 minutes; Wagon Mound at 8:25 and remain 15 minutes; Watrous at 9:30 and remain 15 minutes; Las Vegas at 10:30 and remain 1 1/2 hours; Lamy at 5 and remain 10 minutes and Santa Fe at 6. The schedule for Friday, after leaving here at 5:30 is: Arrive at Cerrillos and remain 35 minutes; Bernalillo at 8:55 and remain 10 minutes; Albuquerque at 9:40 and remain 2 hours and 50 minutes; Los Lunas at 1:05 and remain 15 minutes; Belen 1:40 and remain 15 minutes; Socorro at 3:15 and remain 45 minutes; San Antonio at 4:20 and remain 15 minutes; San Marcial at 5:20 and remain 50 minutes and Silver City at 8:45 and remain 30 minutes. On Saturday the train will arrive at Silver City at 2 a. m. and will remain until 9:30. Other stops in New Mexico will be to arrive at Deming at 12 noon and remain one hour and a half, Las Cruces at 4:40 and remain one hour, Mesilla Park at 5:45 and remain 10 minutes. The train will then pass into Texas, but Monday night at 8 it will reach Carlsbad and there remain over night. The schedule for Tuesday in New Mexico is: To leave Carlsbad at 5 a. m. and arrive at Harrison at 7:10 and remain 15 minutes; South Spring at 8:10 and remain 2 1/2 hours; Portales at 2 and remain 30 minutes. The 56 businessmen who will be on the trip represent almost every line of business. The club will also carry Zimmerscheid's Orchestra and a male quartet of vocalists. Hon. W. S. Cowherd, member of congress from the Kansas City district, will accompany the party.

CAR STABLES BURNED.

Power House at Las Vegas Was Saved by Hard Work.

The car stables of the Las Vegas Electric Street Car Company were burned Friday and it was only by the hardest work that the power house, a few feet away, was saved. It is thought the fire was of incendiary.

Decision in June.

Judge B. S. Baker of the second district court, will not render a decision in the case of the territory against County Commissioners Gutierrez and Sanchez of Bernalillo county, until his return from Omaha in June. The case has been argued and Judge Baker took with him the briefs submitted.

Will Attend Fair.

W. R. Hearst and party will visit New Mexico and the territories in the fall. Delegate Rodney has invited Mr. Hearst to so arrange the trip so as to spend a day at Albuquerque during the Territorial Fair.

Old papers for sale at this office.

SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY

Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sold to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

MONDAY, MAY 11.

Sales of territorial public lands are to be duly advertised. This is right and will prove for the best interests of the people.

A general European war with Turkey and China as the stakes would be worth while and would clear the atmosphere to such an extent that the era of universal peace could be announced after its conclusion.

The boards of county commissioners of the counties of Santa Fe and San Miguel, should show more activity in the matter of the survey for the "Scenic Route" road between the cities of Santa Fe and Las Vegas.

The question of a substantial bridge across the Rio Santa Fe on Don Gaspar avenue in this city is an important one and should receive prompt and immediate consideration by the Santa Fe county board of commissioners.

Quite a real estate boom is on in the State of Panama on account of Uncle Sam's determination to complete the Panama canal. No fear need be felt, however, that Panama will rival Santa Fe as a summer resort.

All classes of insurance companies certainly do a paying business in the territory. The annual reports of the territorial auditor for the past few years show that as far as New Mexico is concerned, the companies make not only a fair but an enormous profit.

Carnegie told the iron and steel kings of Great Britain that they should regard every employee as a partner. That is a new doctrine not only in England, but also in the United States, but in this country it has already found more or less acceptance.

A trust has cornered cod liver oil and now consumptives have only the air and sunshine of New Mexico, which however are far superior to any cod liver oil treatment, upon which they can fall back without paying tribute to a trust.

There are a few would-be statesmen in the Republican party who are playing fast and loose and who are trying to be on both sides of several political questions. The New Mexican is "on" to their antics and in due season and at the proper time will show them up, so that the people may know.

The lumbering industry in New Mexico is becoming important and assuming greater proportions right along. There is much money in the manufacture of lumber in this territory. The market is right here and cannot be over supplied. Timber lands are becoming more valuable daily.

Bribe givers and bribe takers are having a hard time of it in Missouri, Minneapolis and at other places where energetic district attorneys backed by a strong public sentiment are clearing the political atmosphere of the stench of bribery. It is a favorable sign of the times that political bosses and corrupt rings are powerless to save themselves from searching investigations and punishment.

Boys will be boys wherever they are. During the recent visit of Emperor William to the Pope, the emperor's sons, Prince Eitel and Prince William, mischievously gazed the body guard of the Pope on account of its medieval costumes. When the Emperor heard of this, he was very angry and administered severe punishment, although the old man must have laughed into his sleeve at the same time, to learn that his boys are just like other boys.

The plain people and that is nearly all of the people in the United States, cannot understand clearly why the United States should go to any great lengths to thwart Russia's plans in Manchuria or anywhere else, especially since Russia binds itself not to place any impediments in the way of American commerce. Russia is one of the traditional friends of this nation and the policy of Uncle Sam should be hands off in the Eastern question as long as this country is not directly affected.

It is still time to plant trees for this season. Santa Fe's streets would appear much more beautiful if they were all lined with shade trees. Property owners would add considerable to the value and appearance of their property if they were to plant trees along their street frontage. Carlsbad and Alamogordo are considered the most beautiful towns in New Mexico because their avenues are shaded and the existence of shaded streets generally makes the difference between a town which people call beautiful and a town deemed unattractive.

Anarchists, Nihilists and the Mafia should be rooted out from American soil. In suppressing and weeding out these lawless elements any means will be justified to attain the end.

If the owners of the land grants in New Mexico are wise and want to lay the foundation of a fortune, they will replant the areas robbed of their timber with eucalyptus or some other tree which does well on the barren and bleak sides of New Mexico hills. Even around Santa Fe, in the Santa Fe canon, on steep hillsides, which will never be of any value to the farmer, eucalyptus trees should be planted and all effort should be made to re timber the bare hillsides. It is a policy that will pay well.

The Eastern newspapers gave this city considerable advertisement on the occasion of President Roosevelt's visit to Santa Fe and the very successful reception accorded him by the citizens of New Mexico in general and the citizens of Santa Fe in particular. The large illustrated edition published by this paper in connection with the president's reception is also doing great good and is directing the attention of many Eastern people to this city and this territory. President Roosevelt's visit here is proving of benefit in many directions.

The action of the Territorial Land Board in adopting a regulation that no sales of public lands belonging to the territory should take place unless such were duly advertised for two weeks in a daily newspaper at the Capital, at Las Vegas and at Albuquerque, and in a weekly paper in the town nearest to the land to be sold, is very timely and proper. The carrying out of this rule will certainly bring higher prices for territorial lands and will prove in every respect very beneficial. It will be an absolute public matter and all applicants for the purchase of territorial lands, timber or grazing, will be treated fairly and alike. The members of the board are certainly entitled to just credit in the matter. The board consists of Governor Otero, Solicitor General E. L. Bartlett and Land Commissioner A. A. Keen.

The Southern Pacific Railroad Company is being criticised severely at San Francisco for refusing to contribute toward the entertainment fund for President Roosevelt. The company as an excuse, makes the statement that it hauls the president's train free of charge at considerable expense and also has granted special rates to visitors to San Francisco during the president's reception. To this the city of San Francisco answers: "The city has no part in the matter of hauling the president free of charge but as the president is a representative of a client of the Southern Pacific, namely the United States government, which pays to the Southern Pacific something like \$2,000,000 annually for hauling troops, freight and mail, a free ride to such a customer is not an extraordinary courtesy and since San Francisco gives the company many millions of dollars annually in freight and passenger traffic, it is not acting out of the way by asking for a contribution of a few thousand dollars towards receiving the President of the United States worthily." There seems to be good argument on both sides, the Southern Pacific stifles itself by refusing a contribution, and the city of San Francisco belittles itself by insisting upon a contribution from a corporation which is too close-fisted and narrow to contribute without coercion.

FIRE, LIFE AND SECURITY INSURANCE COMPANIES DO A VERY PROFITABLE BUSINESS IN NEW MEXICO.

The business done in New Mexico by insurance companies during the year 1902, reflects to a certain extent the business prosperity of the territory. The following figures are taken from the annual report of the insurance department of the territorial auditor, covering the business of all insurance companies legally transacting business in New Mexico during the year 1902, the report having just been printed. There are 22 life insurance companies doing business in New Mexico, which on December 31, 1902, had 5,511 policies in force amounting to \$14,444,974. Of this number 1,475 were issued during 1902, amounting to \$3,095,554. The losses incurred during 1902 amounted to \$137,440.10; the losses paid \$131,649.35; the premiums received \$462,046.39 and the policies that ceased \$1,501,143, showing that as far as New Mexico is concerned there must be something like 800 per cent profit in the life insurance business. The company doing the most business is the New York Mutual Life with 1,507 policies, amounting to \$3,965,193 in force and 286 new policies written in 1902, amounting to \$564,635, while the death losses paid amounted to \$76,685.58, and the amount of premiums collected to \$119,953. Other companies having over 100 policies in force are: New York Life 1,455; Equitable 895; Union Central 361; Germania 289; Northwestern Mutual 252; Washington 216; Union Mutual 146.

Of fire insurance companies there are 22 legally doing business in New Mexico and they too show a good profit on their business in the territory. The amount of risks written in 1902 was \$15,550,668.32, the companies writing over a million dollars being the Liverpool and London and Globe Insurance Company \$1,693,831; Fireman's Fund \$1,791,587; Royal \$1,308,203; National \$1,253,830; Hartford \$1,240,310; Springfield \$1,106,007. The losses incurred during the year 1902 amounted to \$105,741.50; the losses paid \$98,646.66, and the premiums collected to \$270,236.57.

Of miscellaneous insurance companies doing business legally in New Mexico, there are 11, which wrote risks in 1902 amounting to \$2,916,414.08, those having written over \$100,000 being The Continental Casualty Co., \$1,630,890; U. S. Fidelity and Guaranty Company \$542,957.38; Travelers' Life Insurance Company \$224,803; American Bonding Company \$194,500; Fidelity and Deposit Company \$128,500. The amount of pre-

miums collected was \$33,971.58; losses incurred \$22,564.90; losses paid \$20,952.42; not one of the surety companies sustaining a cent of loss; the amount at risk on December 31, 1902, was \$4,366,963.99. The report was compiled by Territorial Auditor W. G. Sargent as ex-officio insurance commissioner. It is valuable and interesting. The insurance companies, life, fire, and security, certainly cannot complain at the business done by them in this territory. The figures in the report prove that the balances are largely in favor of the insurance companies.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal \$5.00
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address

It's Your Liver!

Your appetite is poor, your heart "flutters," you have headaches, tongue is coated, bad breath, bowels constipated, bad taste in the mouth? If not all of these symptoms, then some of them? It's your liver.

Herbine

is a natural vegetable remedy, containing no mineral or narcotic poisons. It will correct any or all symptoms, make your health, appetite and spirits good. At druggists, 50 cents.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$12.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdoch, assistant general passenger agent.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and 12 1/2 miles from the Santa Fe Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 99 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round--There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,684.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly

tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, Lodging and Bathing, \$1.50 per day; \$14 per week; \$30 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:00 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. MONDAY, MAY 11.

MINOR CITY TOPICS

Exchange: Abe Bengston, Madrid. Claire: John B. Harper, Durango; S. H. Elkins, Dolores; V. P. Harris, Denver; O. A. Larrazola, Las Vegas.

Normandie: Joseph Fleming, Redland, Calif.; John Thurman, William Archibald, Denver; D. E. Shriver, Jersey City.

Leo Hersch received a carload of sugar at his wholesale house Saturday. George Antone received a carload of the same article.

Santa Fe Chapter No. 1, R. A. Masons will hold its regular monthly convocation this evening at 7:30 o'clock at Masonic Hall.

The Denver and Rio Grande railroad ran an extra double header into this city Sunday with 13 cars of steel rails for the Santa Fe Central railway.

George Parsons left this morning for Antelope Springs to prepare the Pennsylvania Club house at that place for the reception of General Francis J. Torrance and party this week.

A row of elm and linden trees have been set out along the east side of the capitol grounds along Don Gaspar avenue. Wooden guards have been placed about the trees to protect them from injury.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

Bon-Ton: W. Maxwell, George Edmondson, Kennedy; Frank Burkes, T. Sanderson, Durango; A. Johnson, C. McVain, El Paso; Antonio Medina, Albuquerque; Franklin Poedsmith, Denver.

Forty-two young Indians from the United States Indian Industrial School in this city were sent to Kennedy Saturday by Superintendent C. J. Crandall. From Kennedy they will go overland to work with the track laying machine on the Santa Fe Central Railway.

Palace: E. H. Carr, Denver; E. A. Loft, S. N. Schwartz, Chicago; John A. Germann, New York City; William P. Spaulding, Los Angeles; H. Strauss, Cincinnati; Louis J. Benjamin, Albuquerque; William S. Wolf and wife, Kansas City; C. W. Todd, Las Vegas.

The St. Michael's college baseball team was defeated Sunday afternoon at the college campus by the score of 8 to 5, by a picked nine. Up to the 7th inning the college boys held the lead, the score being 3 to 1. In the 7th inning the picked team forged ahead and won out. The two teams will play again next Sunday.

Hearings in the cases of the Sebastian Martin and Mesa Prieta grant which were set for this morning have been adjourned by the referee, E. A. Johnson, for two weeks to enable Hon. T. B. Catron and Gov. L. Bradford Prince to procure further witnesses and proof in said cases. The land grants are situated in Rio Arriba county and the Sebastian grant contains about 52,000 acres of land.

Doctor Charles A. Wheeler, osteopath has a professional card in today's paper. The doctor is a graduate of the Northern College of Osteopathy at Minneapolis, one of the best in the United States. He comes very highly recommended and can be found at his office at 103 Palace avenue during office hours. Although the doctor has been in the city but a month, he has already secured several patients.

Santa Fe claims the champion girl bowler of the territory in Miss Burna Dilts, who is 15 years old. At the alleys in this city yesterday she established a record of 201 points, her average for the three games being 188 2-3 pins. This record exceeds that of Colorado or Kansas. A challenge has been received from Raton for a match game between ladies to be played by telegraph. It will probably be arranged for the near future.

Harvey and Eastgate, the contractors, today commenced work on the brick cottage of Charles J. Parsons on Corriols road. The cottage will contain four rooms and a bath room. They have also signed a contract with John V. Conway, superintendent of schools, for the erection of a brick cottage also on Corriols road to contain six rooms and a bath room. The firm has sent for two skilled carpenters from Denver and will be prepared hereafter to do first class carpenter work in connection with the erection of stone and brick structures.

The tracklaying machine on the Santa Fe Central Railway resumed work this morning one mile this side of Progresso and pushing toward Willard at the rate of two miles a day. Progresso station was passed at 11:45 a. m. on Saturday, and 2,000 feet of siding were put down in the afternoon. From Progresso the grade is down hill over the Estancia Plains. Last week, at Cameleon, an abundant flow of water was struck at a depth of 200 feet. This is quite important, for a prior attempt to strike water at the foot of the Trinchera Mesa at Cameleon was a failure. The water is of especially fine quality for engine use. As Cameleon is only seven miles from Torrance, it will for the present supply Torrance with engine water, and it is possible that the El Paso Rock Island Railroad will also take part of its supply from the Cameleon well, instead of running water tanks down from Tucuman, over a hundred miles away.

The main reservoir of the Santa Fe Water and Light Company is to be stocked with black bass. Page B. Otero, territorial fish and game warden, on a recent visit to Las Vegas, learned of a place near that town where he could get about 1,000 black bass and he spoke to a number of local businessmen with reference to stocking the reservoir. All were willing to assist in defraying the expense, but when the subject was broached to Mayor Sparks he stated

that he would pay the expense of stocking the reservoir. While it will be some length of time before any fishing can be done there the reservoir will someday be a good place for the sport. Mr. Otero has also arranged with the state fish and game warden of Colorado whereby he is to get 10,000 mountain trout with which he will stock the Rio Santa Fe above the reservoir. He will go to Durango, Colo., for these fish some time during the present month.

The forecast is for fair weather to-night and tomorrow except possibly showers and cooler in the north portion Tuesday. The maximum temperature Saturday was 67 degrees at 3:30 p. m., and the minimum was 46 degrees at 4:45 a. m. Yesterday the maximum temperature was 69 degrees at 3:10 p. m., and the minimum was 44 degrees at 4:15 a. m. The temperature at 6 o'clock this morning was 42 degrees.

PERSONAL MENTION

O. A. Larrazola, Esq., a Las Vegas attorney, is in the city on legal business.

Miss Ella Muller left today for Philadelphia where she will remain permanently.

Colonel J. Francisco Chavez, superintendent of public instruction, went to Bernalillo last evening.

John B. Harper, superintendent of irrigation for the Pueblo Indians, is in the city on official business.

C. W. Dudrow is reported as improving and will likely be able to attend to business again in a few days.

Miss M. Whinery of South Bend, Ind., arrived in this city Saturday and is a guest at St. Vincent's Sanitarium.

Augustus Johnson of El Paso, Tex., is in the city as the guest of County School Superintendent John V. Conway.

Page B. Otero, territorial game and fish warden, left this afternoon for Albuquerque, on business connected with his office.

Mrs. Frances Seligman was a passenger for Philadelphia this morning. She expects to remain absent for several months.

Edward F. Otero, clerk in the United States land office, returned last night from a visit with relatives at Albuquerque.

Mrs. A. J. Chapman, private secretary to Solicitor General E. L. Bartlett, resumed her duties this morning after being ill since last Wednesday.

William S. Wolf and wife of Kansas City are in town. Mr. Wolf represents a hat and cap jobbing house and is looking after business here.

Charles Johnson of Redland, Calif., was in this city Sunday and left this morning for Denver. He is making the trip for pleasure.

Colonel R. M. Force, who is the manager of valuable mining properties near Globe, Ariz., but whose headquarters are in this city, arrived from the south yesterday.

Mrs. Harvey T. Warner will leave tomorrow for Jamestown, N. Y., to make her future home. On the way east she will stop for a visit with relatives in Omaha, Neb.

S. H. Elkins, brother of U. S. Senator S. B. Elkins, postmaster at Columbia, Mo., was in the city last night on his way home from a visit to his mining property near Dolores.

Mr. and Mrs. Charles Williams of Chicago, who have been in this city viewing the sights, departed this morning for Denver. They are en route home from a trip to the Pacific coast.

R. C. Gortner, Esq., returned last night from Tierra Amarilla, where he went as counsel for Alpheus Hampe, indicted for the murder of Epitacio Gallegos. The other attorney in the case was W. A. Barney, Esq., who is still with his client.

Trenco L. Chavez, clerk of the court of private land claims, returned Saturday night from Denver where he has been for the past month receiving treatment for an affliction of the ear. So far he has not been benefited much but will return to the Queen City of the Plains shortly to receive further medical attention.

H. G. Allen and wife of Niagara Falls, Ontario, are guests at the Sanitarium. They are here for Mrs. Allen's health and expect to leave in a day or two for Ojo Caliente, where Mrs. Allen will remain for a few weeks at Antonio Joseph's Hot Springs to take the baths. Both are well pleased with Santa Fe and it is likely that Mrs. Allen will spend the summer here.

Mrs. Pannie Britton of New York City, who has been in Santa Fe for six weeks on a visit to her niece, Mrs. Arthur Seligman and Mrs. W. H. Wherry, left this morning for the east. Mrs. Wherry and baby accompanying her. Mrs. Britton enjoyed her visit in the Capital of New Mexico greatly. Mrs. Wherry will spend the summer in Cleveland, O., with her parents.
