SCHOOL HOUSE PLANS ADOPTED

The New Building Will Be Four Stories High, Including Basement, and the Estimated Cost is \$21,000.

BIDS FOR BONDS WILL BE OPENED ON JUNE 13

An important meeting of the Board of Education was held last evening at which the plan for the new high school building was selected. The plan which was favored by a majority of the members at a meeting of the board held April 20, was finally adopted. An estimate of the cost of such a building was given by President T. B. Catron who had submitted the plan to I. H. and W. M. Rapp, architects, of Las Vegas. Their estimate is that such a building can be constructed for \$21,000. The probable cost for school furniture will be \$1,500 and the new ward school to be built in the First Ward will probably cost about \$2,000. It is the intention of the board to employ an architect to superintend the construction work on the new high school building.

The exact amount of bonds to be issued has not been decided upon but the board is by law, authorized to issue \$25,000. It is the present expectation that bonds will be issued in the sum of about \$24,000. The committee appointed to negotiate the sale of bonds consists of T. B. Catron, E. S. Andrews and Celestino Ortiz. An advertisement will be inserted in the Daily Bond News of New York City, asking for bids and these will be received up to 6 p. m., June 13. A special meeting of the board will be held to open them.

The new building will have a frontage of 84 feet and will be 80 feet wide with irregular walls. It will be four stories high, including a basement, but it is the intention to have the basement almost entirely above ground. The first story of the building will be

MERCHANTS AND MESSENGERS

Beautiful Fight in New York in Which Everybody Took a Hand Defending a Young Italian From the Attacks of Strikers.

THE POLICE HAD TO PUT A STOP TO IT

New York, May 19.—Clashes between the police and striking Italians took place today at several points along the line of the subway. The bluecoats on duty along the tunnel and reserves in the station houses, were called upon to suppress a dozen fights caused by attempts of strikers to intimidate their countrymen who tried to return to work. At 72d street and Columbus avenue, a young Italian was set upon by a crowd of strikers. Merchants, messenger boys and laborers passing went to the aid of the victim and a general melee was in progress when the police arrived. Three arrests were made. About 2,000 men, or 50 per cent of the required number, are now at work on the subway.

AMICABLE SETTLEMENT. New York, May 19.—President Burt and one or two other officials of the Union Pacific railroad, are holding a session today with representatives of the road's laborers now on strike at Omaha. Unofficially, it is stated an amicable settlement of existing differences will probably be reached shortly.

TRYING TO SETTLE. Denver, May 19.—The joint committee composed of representative business men and representatives from the Typographical Union, which is endeavoring to find a way to settle the strike, called on representatives of the "Citizens' Alliance" this morning. Nothing definite was decided upon and the conference will continue this afternoon. Judge Bailey of Fremont county, in whose court the affairs of the Denver Gas and Electric Company were tried, issued an injunction restraining the engineers of the company from going out. The labor executive committee will be visited this afternoon by the committee of business men and printers. The allied printing trades will hold a meeting at 5 o'clock and, if by that time no solution of the difficulties is at hand, they will take decisive action.

BENJAMIN F. JONES DEAD.

Chairman of the Republican National Committee in the Blaine Campaign.

Pittsburg, May 19.—Benjamin F. Jones, Sr., member of the advisory board of the Jones & Laughlin Steel Company, and for many years head of their immense manufacturing interests, died at his residence in Allegheny at 3:25 this morning. He had been ill for the past week from nervousness, but no serious results were apprehended. He was 70 years of age. Mr. Jones had been one of the foremost contributors to the industrial development of Pittsburg. He was chairman of the Republican National Committee during the Blaine campaign in 1884, and was known throughout the country. He was born in Washington county, Pa., August 8, 1834, and was educated at Brighton, Beaver county, Pa. He was clerk in a transportation enterprise at Pittsburg in 1843 to 1845, and in the latter year joined with his employer, Samuel M. Kier, in purchasing an iron furnace and forges in Westmoreland county. In 1852 he established the American Iron Works, which was the largest in Pittsburg. At that time the firm of Jones & Laughlin was organized. He served for many years as president of the American Iron and Steel Association, to which position he was elected in 1884. He was chairman of the Republican National Committee in 1884, and was candidate for United States senator from Pennsylvania before the legislature in 1890.

TOOK THE COMMISSION.

Albanian Chiefs Did Not Leave the Sultan's Officers Behind. Constantinople, May 19.—The lesson taught the Albanians by the Turkish troops advance on Ipek Albania is considered to have attained the primary object of the expedition, which was the occupation of that place in spite of all opposition. A number of Albanian chiefs, however, are still holding out in the mountains and it is said, when the chiefs fled from Ipek, they took with them the members of the Sultan's special commission sent to pacify the Albanians and who made Ipek their headquarters.

PORTALIS NOTES.

W. G. Oldham, cashier of the First National bank of Portales, who went to Tennessee several weeks ago on a visit returned home last week accompanied by his bride. Rev. R. Cecil McArdle, pastor of the Presbyterian church at Portales, has received a call to Porto Rico but has not yet decided whether or not he will accept.

M. E. Montgomery has recently returned to Portales from Texas and brought with him a quantity of cotton seed. This he has been distributing among the farmers of the county to be planted just to see how it will grow in this territory.

ON THE WING ONCE MORE

President Roosevelt is Now Making Brief Stops in Nevada.

MANY INFORMAL CHATS

Carson Enters the Rapidly Growing List of "Most Handsomely Decorated Cities."

Reno, Nev., May 19.—The presidential party arrived at Reno at 7:30 o'clock this morning and ten minutes later, was on the main line of the Virginia and Truckee road on their way to Carson. The crowd cheered and cheered and was kept in good humor by the president informally talking to them. The train returned from Carson at 11:10 o'clock. His party were soon seated in carriages and driven to the court house, where the president spoke. After the speech he was driven about town for ten minutes, spent ten minutes in the Chamber of Commerce and was driven to the State University, where he spoke to 400 students. He was driven to his train and was off for the west again.

ANOTHER HANDSOMEST CITY.

Carson, May 19.—President Roosevelt reached here at 9 o'clock this morning. The city was in gala attire and members of the presidential party stated that the capital of Nevada was the most handsomely decorated city of its size that had been visited. The half mile drive from the depot to the capitol was a solid mass of humanity and it is calculated fully 15,000 people gave the president welcome as he drove down the street leading to Capitol Park. He made an address.

LIEUTENANT WALKER KILLED.

His Force Was Overcome by a Superior Force of Fanatics.

Manila, May 19.—Lieutenant Walker of the constabulary, who yesterday was reported missing after the recent fighting in the Island of Cebu, was it became known today, killed by a superior band of fanatics, which surrounded the lieutenant's party. Two privates of the constabulary were also killed and three were captured. Two of these prisoners were murdered. One escaped.

BANK CLOSED.

Washington, May 19.—The treasury department today received a telegram from National Bank Examiner Perkins announcing the closing of the Southport National Bank of Southport, Conn. The action, it is understood, was taken in consequence of the default of the cashier, which it is believed, approximated \$100,000.

HYDES SOLD OUT.

New York Syndicate has Purchased the Mercantile Interests.

A deal has just been consummated whereby the Hyde Exploring Expedition's stores in Albuquerque and in New York City have been sold to a New York City syndicate headed by J. W. Benham. The Hydes have also disposed of their store at Farmington and the reason given for the sales is that they want to be relieved of the care and responsibility attached to the business. A. B. McGaffey, who has managed the Albuquerque store, is interested in the syndicate and will remain at the head of the store.

The action on the part of the Hyde Exploring Expedition, of which Mr. B. T. B. Hyde of New York is the head, does not mean that the expedition will no longer be identified with the territory of New Mexico. The Hydes will in the future devote an increased amount of money and more time to archaeological and ethnological research in the southwest, unhampered by the necessity of attending to a large mercantile trade. Scientific work is hereafter to be the object of the expedition.

The new head of the company is not unknown in the southwest. From 1885 to 1895 he was in the cattle business in Arizona and he later had a large curio store at Phoenix.

SANTA ROSA REJOICES.

Believes the Santa Fe Cut Off Will Build There.

Santa Rosa is rejoicing in the belief that the Santa Fe cut-off will come to that town and that the proposed cut-off from Abo Pass to the Pecos Valley division will be abandoned. It is stated that a corps of Santa Fe surveyors has arrived at Santa Rosa which will make as near as possible, an air line survey to Liberal, Kas., to connect with a survey made from there to Dodge City. Santa Rosa believes the new line will run from Abo Pass down the Pintado Canon to Santa Rosa and great amounts of sympathy are expressed for Tucumcari. The Choctaw road is commended to Tucumcari and Santa Rosa claims an arrangement has been made whereby the Choctaw trains will be made up at Santa Rosa, to run in connection with the El Paso and Northeastern, so as to avoid two changes.

ANOTHER CHANCE FOR DELEGATES

Supreme Court of Missouri Says That Two St. Louis "Statesmen," Convicted of Perjury May Have New Trials.

SUBURBAN FRANCHISE BILL SCANDAL.

Jefferson City, Mo., May 19.—The supreme court today reversed the decision of the St. Louis supreme court in the cases of former delegates, Faulkner and Lehman, convicted of perjury, and remanded their cases. The perjury is alleged to have been committed before the grand jury in connection with the investigation by that body of the suburban franchise bill scandal in the St. Louis municipal assembly in which \$135,000 was to have been used to pay for its passage.

HARTMANN ON TRIAL.

St. Louis, May 19.—The trial of Emil Hartmann, former speaker pro tem of the house of delegates, charged with selling his vote on the city lighting bill, was called in Judge Ryan's court today. It is the first case growing out of the \$47,500 deal, in which it is charged the money was distributed to delegates.

OFFICIAL MATTERS

LAND OFFICE BUSINESS.

The following homestead entries were made today: Jose Antonio Gonzales, Colman, 160 acres in Mora county; John S. Fox, Baton, 162 acres in Colfax county.

COAL LANDS SOLD.

The following coal land was sold at the United States land office in this city today: 142 acres in Section 17, T. 13 N., R. 16 E., Sandoval county. Purchased by J. H. Sloan, consideration \$2,844.20.

NOTARIES APPOINTED.

Governor Otero yesterday appointed the following notaries public: William A. Ballau, Las Vegas, for San Miguel county; William McKean, Taos post-office, for Taos county.

AGENT DESIGNATED.

The M. T. Jones Lumber Company, organized and doing business under the laws of the state of Texas, has filed papers with the territorial secretary designating the company's place of business in New Mexico and naming the agent of the company in the territory. The territorial place of business is at Portales and the affairs of the company at that place are in charge of Milton Newman of Portales. The principal place of business of the company is at Houston, Texas, and it is capitalized at \$100,000 which is divided into 1,000 shares of the par value of \$100 each. The company is authorized to manufacture, buy and sell building material.

SURVEYOR APPOINTED.

Governor Otero yesterday appointed J. E. Edgington of Alamogordo, surveyor of Otero county. L. A. White, who was elected to that office, failed to qualify and this action was taken to fill the vacancy.

The latest information from the railway building camps on the Santa Fe Central Railway is as follows: Nine miles of the grade of the Albuquerque Eastern railway, west of Moriarty Junction, have been completed. The track on the Santa Fe Central railway from Torrance north, up to noon today has been constructed 34 miles. From Kennedy south, track laying at the rate of one-half mile per day is progressing in a satisfactory manner. There is a scarcity of men and more are needed. The authorities of the Santa Fe Central railway would employ 200 additional men at once could their services be obtained.

NO GRAZING PERMITTED.

Forest Superintendent I. B. Hanna is informed by the honorable commissioner of the general land office, that a petition has been received, through Governor Otero, asking that the residents of precinct No. 6 of Rio Arriba county, New Mexico, be permitted to graze 5,000 head of sheep and 1,000 head of goats in the Pecos river forest reserve. The honorable secretary of the Interior has denied this application, and has instructed the commissioner's office to advise the interested parties that their stock will not be allowed in the reserve this season; so that they should now prepare themselves for any possible drought later in the season, as that will not be considered a reason for a further consideration of the matter.

ON NOVEMBER 3, 1902, SUPERVISOR LANGENBERG WAS REQUIRED TO AT ONCE NOTIFY THE PERSONS ALLOWED A TEMPORARY GRAZING PRIVILEGE FOR SHEEP AND GOATS IN 1902, THAT A SIMILAR PRIVILEGE WOULD NOT BE EXTENDED IN 1903, AND THAT NO SHEEP AND GOAT GRAZING, TEMPORARY OR OTHERWISE, WOULD BE ALLOWED IN THE RESERVE IN 1903; SO THAT THESE PEOPLE CANNOT COMPLAIN OF INSUFFICIENT NOTICE.

PECULIAR ACCIDENT.

L. A. Nance Killed by his Revolver Falling From his Pocket.

L. A. Nance, a stock raiser of Pueblo, about fifteen miles from Tucumcari, went to the well Sunday morning to water his horses. In stooping over, his 45 caliber revolver fell from his pocket and struck on a rock at his feet. The force caused the revolver to be discharged and the ball struck Nance below the right eye and came out near the crown of his head. He leaves a widow and four children and was well known and popular around Tucumcari.

THE EXPOSITION COMMISSION

Full Text of the Law Providing for and Authorizing the Representation of New Mexico at St. Louis.

SPECIAL TAX LEVY IS PROVIDED

House Bill No. 192. An act providing for the collection, arrangement and display of the products of the Territory of New Mexico at the Louisiana Purchase Exposition or St. Louis World's Fair of 1904, and to make an appropriation therefor.

Be it enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. That for the purpose of exhibiting the resources, products and general development of the Territory of New Mexico at the Louisiana Purchase Exposition or St. Louis World's Fair to take place within or near the City of St. Louis, in the State of Missouri in 1904, a commission is hereby created to be called the Territorial Board of the Louisiana Purchase Exposition Managers of New Mexico to be organized and continue its duties as hereinafter provided, said commission to consist of seven members residents of said Territory of New Mexico. The members of said territorial board shall be appointed by the governor of New Mexico within 60 days after the passage of this act.

Sec. 2. Said members shall meet within 30 days after their appointment, and organize by the election of a president, a vice president, a secretary and a treasurer, who shall act as aforesaid and in the absence of the president the vice president of said board shall be the presiding officer thereof. Five members of said board constitute a quorum for the transaction of business. The said board shall have power to make rules and regulations for its own government, and to do such other things as may be necessary and proper for carrying out the provisions of this act. Any member of said board may be removed, at any time, by the governor for cause, and any vacancy which may occur in the membership of the board shall be filled by appointment by the governor.

Sec. 3. The members of the board created by virtue of this act shall be entitled to their actual expenses for transportation, and the sum of three dollars per day for subsistence for each day necessarily absent from their homes on business of said board, but no member of said board shall receive any further compensation from said territory; provided, that no member of said board shall receive any compensation for any time that he is not actually engaged in attending to the meetings or the work as prescribed in this act as being the duty of said board.

Sec. 4. The said board shall have charge of the collection and preparation of the exhibits of New Mexico for said exposition or St. Louis World's Fair and it shall communicate with the officers thereof and obtain and disseminate through New Mexico all necessary information regarding said exposition in due and ample time for the proper exhibit of said resources and products of New Mexico at said exposition.

Sec. 5. The members of said board shall have and exercise full authority in relation to the participation, the displaying and the arrangement of the exhibits of New Mexico, and the reception of its citizens, at the said Louisiana Purchase Exposition of 1904, but shall incur no expense to the Territory of New Mexico in said reception of its citizens.

Sec. 6. The said board shall make a report of its proceedings and expenditures from time to time to the governor and at any time upon written request; and such reports shall be transmitted by him to the legislative assembly of the Territory of New Mexico of 1905, together with such suggestions as he may deem important for future like exhibitions.

Sec. 7. To carry out the provisions of this act the sum of thirty thousand dollars (\$30,000.00) or so much thereof as may be necessary, is hereby appropriated, from taxes to be levied and collected for said purpose, as hereinafter provided, and the territorial treasurer is hereby directed to pay the same, from the fund to be created out of said taxes to be levied and collected as aforesaid, on requisition of said board, signed by the president and secretary thereof, and approved by the governor, and accompanied by estimates of the expenses for the payment of which the money so drawn is to be applied.

Sec. 8. Said fund shall be called the Louisiana Purchase Exposition Fund and for the purpose of creating and establishing said fund as specified in Section 7 of this act, the auditor of the territory shall cause to be levied upon all taxable property in the territory during the 55th and 56th fiscal years, the tax of three-fifths of one mill to be certified by him each of said fiscal years to the various county commissioners as all of the territorial taxes are levied and certified, and to be collected in the same manner as other territorial taxes, the territorial treasurer is hereby authorized to make loans as now prescribed by law for other loans to the amount as authorized herein for

the purpose of making this fund at once available.

Sec. 9. The said board shall make a detailed report of all its duties under this act together with all moneys expended thereunder to the governor by the 15th day of January, 1905, showing in detail all work done and expenditures made up to that date; and the said board shall not exist longer than March 1, 1905; before February 15, 1905, said board shall make a full and detailed and itemized final report of all its doings and the results of its doings under this act, and of all moneys expended thereunder, which shall not in any event exceed said appropriation of \$30,000.00, and said board shall in no event incur any indebtedness which, together with the amount expended, shall exceed said sum of \$30,000.00. Copies of said reports, together with all receipts, vouchers, documents, books and records of the said board shall be filed in the office of the auditor of the territory.

Sec. 10. The said board may appoint a sub-commission of three members from the several counties of the territory which said sub-commission shall aid toward the exhibits from the Territory of New Mexico; provided, that said sub-commission receive no recompense for said services. The boards of county commissioners of the several counties of the territory are hereby empowered to appropriate such sums of money as they may deem proper to assist said board or commissioners in collecting and preparing the products of such counties for exhibition at the said exposition; provided, that the entire exhibit of the Territory of New Mexico including the separate exhibits of any county of the territory shall be directly under the management of the territorial commission.

Sec. 11. Chapter 100 of the Session Laws of the Territory of New Mexico of the year 1901, approved March 21, 1901, be and the same is hereby repealed. All funds now in the territorial treasury and which have been appropriated by the legislative assembly or raised by means of the provisions of the said act approved in 1901, be and the same are hereby made immediately available to carry into effect the object and purposes of this act; it being hereby expressly understood and provided that a sum equivalent to the amount so made available shall be reimbursed to the treasury of the territory from the amounts produced by the levies authorized to be made by the provisions of this act.

Sec. 12. This act shall be in force and effect from and after its passage.

INSPECTION COMMENCED.

Company F, First Infantry, and First Cavalry Band Examined Last Night.

The inspection of the New Mexico National Guard by Captain Kirby Walker, 14th Cavalry, United States Army, Department of the Colorado, stationed at Fort Wingate, was commenced in this city last night when Company F, of the First Regiment of Infantry, and the First Cavalry Band, were inspected. The inspection occupied about 30 minutes' time and was conducted in the presence of Brigadier General W. H. Whiteman, adjutant general of the New Mexico National Guard. The First Cavalry Band was first inspected and while Company F was under inspection, the band played several selections. There were 16 members of the band present, and one absent. The muster roll shows that there are enlisted in Company F 52 men. But 32 were present last night for inspection. Captain Juan Shoemaker explains this by the statement that some of the members of the company are employed outside of the city at this time and were unable to get away for inspection, that a few are away in school. Some were detained on account of illness. Those who were present made a good showing under inspection.

Captain Walker started to a representative of the New Mexican that nothing would be given out about the inspection for publication. He will make his report to department headquarters from where it will be forwarded to the War Department at Washington. The result will be made known in due time to Adjutant General Whiteman.

Captain Walker and General Whiteman left last night shortly after inspection for Las Vegas, where Troop A, First Squadron of Cavalry, and Company K, First Regiment of Infantry, and the field and staff, First Squadron of Cavalry, were inspected today. Tomorrow the field and staff, First Regiment of Infantry, will be inspected at Albuquerque.

Company H will be inspected at Socorro on Thursday, and Company D at Silver City, Friday. Company A will be inspected at Las Cruces, Saturday, and from there, General Whiteman will return home.

TUESDAY, MAY 19.

To anxious inquirer: The question of sheriff of Sandoval county does not as yet, enter into national politics.

Mr. Cleveland, in some respects, strongly resembles that giddy young opera singer, Adelina Patti. She can not resist making farewell tours and neither can the ponderous ex-president.

Those who "skin" public lands, grazing and timber, in New Mexico, must stop it. The federal administration pushed on by the muscular form of President Roosevelt, is getting after them.

Arizona has one-half the population and twice the indebtedness that New Mexico has and if any kicking is to be done at the joint statehood proposition, New Mexico certainly should have the first say.

The Russian government has returned to Kansas the contribution voted by the Kansas legislature for the relief of the starving Finlanders. The Russian is as proud as the Turk, but if anything, even more poverty stricken.

It looks now as if the City of Santa Fe will, by the end of this year, have a new modern and comfortable high school building and ward school ready for use. Here is hoping, that this hope may in fruit end.

Cuban reciprocity and the Philippine tariff will cut quite a figure in an extra session of the 58th congress be called to meet in November next. They are two of a kind, brown skinned, tough and somewhat troublesome.

The El Paso and Northeastern Railway Company is building six miles of sidings between Santa Rosa and Alamogordo to accommodate the increase of traffic on its line. A pretty good indication that things are coming to New Mexico quite lively.

The Bible publishers of this country have formed a trust and an extra 20 per cent is to be added to the price of Bibles. There is nothing that escapes the trusts and even the church will have to pay tribute to them directly as well as indirectly.

The Washington Post, one of the brightest papers in the country, gets off the following very clever ditty on the ponderous "Veiled Prophet of Princeton":

Grover, one question we would ask:
We ask it not in ghoulish gloom,
Within the public "sweet-box" cooped,
How do you like "the third degree?"

Lieutenant General Miles is said to be very sad these days. During his sojourn in Germany last year, he was told that Emperor William spends \$25,000 a year on his uniforms and changes the style, buttons and gold braid on them, as well as the sashes, swords and head gear belonging to them, just as often as he pleases. And right here it is where Emperor William beats Lieutenant General Miles.

It does seem strange that while Arizona produced \$5,000,000 worth of gold last year, New Mexico produced scarcely \$700,000 worth and while Arizona stands third as a copper producer and may soon take first place, New Mexico is near the tail end of copper producing commonwealths. Yet, mountain and rock formations are the same in New Mexico as in Arizona and the indications are that the undeveloped mineral wealth of New Mexico exceeds that of Arizona.

The Missouri supreme court is a dandy. One day it sets bootlers free on merest technical trifles and the next day declares that members of a church cannot be held personally responsible for balance of salary owing to the preacher. What the good old Democratic boodle state of Missouri needs is a new supreme court. To be sure, it needs many other things, but a change in the highest court of the state would certainly be truly beneficial.

Santa Fe possessing the only National cemetery in the Southwest should observe Memorial Day with especial reverence and tenderness. Owing to the unique historic position that it occupies, it also should make it a point to observe national holidays like those of May 30th and July 4th with more than superficial fervor. The magnitude of the service of those who fought for their country during the days of the Civil War and other wars does not diminish as years pass by and the nation owes it to their memory to make Memorial Day a day of general observance, a day when the memories of the deeds of the fathers on the fields of battle are brought to memory solemnly and reflectively. Let Santa Fe make Memorial Day of 1903 and every succeeding Memorial Day occasions of more than ordinary interest and impressiveness.

The nation may still be considered safe, no matter who is chairman of the Republican Territorial Central Committee of New Mexico.

Several of the New Mexican's esteemed contemporaries in Albuquerque and in Las Vegas are defending Frank A. Hubbell, chairman of the Republican Territorial Central Committee and are "laying it on" rather thick. No meeting of the Republican Territorial Central Committee will, in all probability, be called for eight or nine months, and it is therefore somewhat premature for the discussion of the matter. That there are many leading and good Republicans in the territory who will strenuously and seriously object to the continuance in the position named, of Mr. Hubbell is true, but why agitate the matter thus early?

From Albuquerque comes the report that several of the Republican politicians of Sandoval county are not at all satisfied with the appointment by the county commissioners of that county of Frederick J. Otero to be sheriff thereof. It is said that preparations are now being made by some of these statesmen to institute legal proceedings to oust Mr. Otero from the position to which he has been appointed and for which he has qualified. The claim is made that he is not an actual bona fide resident of Sandoval county. There is evidently blood on the moon in the political horizon of the new county. Sheriff Otero can and may be justly expected to make a fight to retain the position and all is not at all lovely there. It is a pity that harmony does not exist in Republican ranks in Sandoval county, but as it is some time yet until an election takes place there, matters political may be so arranged and quieted down as not to imperil or injure Republican supremacy in the county.

THE NEW MEXICO COMMISSION FOR THE LOUISIANA PURCHASE EXPOSITION.

Governor Otero on yesterday appointed the members of the commission, to have charge of the New Mexico exhibit at the Louisiana Purchase Exposition at St. Louis. The commission is non-partisan, consisting of four Republicans and three Democrats. The action of the Governor in making the commission non-partisan is certainly very commendable and will meet with the approval of all good citizens of the territory, regardless of politics. As to the personnel of the commission, the following may be said: Charles A. Spiess of Las Vegas, was a member of the legislative council, and Carl A. Dalles of Belen, a member of the house of representatives of the 35th legislative assembly. Both did some very efficient work on the last day of the session, March 19, 1903, in working the bill through to passage in both houses. The measure reached the Governor just in sufficient time for examination and signature before adjournment and thus it became law. Eusebio Chacon is a resident of Las Vegas, a lawyer and a very creditable representative of the native population of the territory. He is active, energetic and thoroughly acquainted with New Mexico. Herbert J. Hagerman is a resident of Roswell, fully identified with the interests of the territory, of liberal education and high attainments and who has traveled extensively over the globe. Professor F. A. Jones is credited to Albuquerque, and is now connected with the Geological Survey of the Department of the Interior, in charge of the taking of the census of mines and minerals of the territory. He is a civil and mining engineer of extensive experience. He was president of the faculty of the School of Mines at Socorro for two years and is well posted on the mineral resources of New Mexico.

W. B. Walton of Silver City, is a lawyer and newspaper editor, probate clerk and ex-officio recorder of Grant county, bright, energetic and capable, and has a large fund of knowledge concerning New Mexico. Arthur Seligman of Santa Fe, is a merchant, a member of the board of county commissioners of Santa Fe county, and was a member of the New Mexico commission to the Pan-American Exposition at Buffalo. He is, although a young man, nevertheless possessed of considerable business and executive ability and in other respects exceedingly well fitted for the position. The last three named are the Democrats on the board and not wishy-washy ones either, but quite the reverse, straight-out party men. The first meeting of the board for organization was called by the Governor for June 1 in this city and this is none too soon as the commission, in order to do the work necessary and to make a creditable exhibit at St. Louis by May 4 next, has a great deal of hard work to do, and not a very long time, considering the difficulties, to do it in.

There were seventy applications from citizens of the territory filed for the positions filled by the Governor on yesterday and it was certainly not an easy task to select. The commission should promptly go to work and let no grass grow under its feet. Under the law establishing it, funds can be secured by the sale of temporary certificates of indebtedness issued by the territory; these to be paid out of the tax levies for the purpose for the years 1903 and 1904. The New Mexican hopes and trusts that the commission will do the work out for it promptly, energetically and successfully, and if the members thereof work together as they should, labor unitedly and with a single purpose to make New Mexico's exhibit at St. Louis what it ought to be, can be and must be, then and in that case, no reasonable doubt can be entertained, but that their labors will be crowned with the fullest success, and will be a lasting benefit, as well as a matter of pride and joy to the present Sunshine Territory and the future Sunshine State.

The New Mexican, on another page of this issue, for the information of all concerned, publishes the law creating the commission, and making appropriations for its support and maintenance and for carrying out of the objects for which it was created.

"Trust Thyself;

every heart vibrates to that iron string." If you have confidence in your ability to succeed as a seller, the rewards are equal to the difficulties to be overcome—if you have the art of persuading others, and can give satisfactory references as to your character and ability, it might be to your advantage to write me.

Superintendent of Domestic Agencies,
THE MUTUAL LIFE INSURANCE COMPANY
OF NEW YORK
32 Nassau Street, New York, N. Y.

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?

Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?

Schlitz

We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.

Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?

Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?

Ask for the Brewery Bottling.

FARMING LANDS UNDER IRRIGATION SYSTEM.
These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$23 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

OJO CALIENTE HOT SPRINGS.
These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and 13 miles from Barrancas Station, on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 98 to 123 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline water in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, A Female Complaints, etc., etc. Board, Lodging and Bathing, \$1.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:05 a. m. and reach Ojo Caliente at 1 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. Santa Fe New Mexican

TUESDAY, MAY 19.

MINOR CITY TOPICS

Bon-Ton: Andrew Curry, Kansas City; R. J. Ewing, Pecos.

Special attention is called to Kaadi's advertisement of Mexican drawn work. Two prisoners were placed in the county jail last night for being disorderly.

Track laying on the Santa Fe Central Railway is moving along steadily and today the track is reported as having been laid for 34 miles out of Torrance. There was a heavy frost last night, but preparations had been generally made for protecting flowers and tender garden products, so that it is not believed much damage was done.

Claire: G. G. Dreyfus, J. P. Fletcher, San Francisco; J. E. Saint, W. H. Hahn, Albuquerque; Sixto Chavez, El Rito; J. B. Harper, Durango; A. H. Warner, J. N. Fountain, Denver; J. A. Bittle, Walter Dorr, Frederick Holmes, Chicago; A. B. Carr, St. Louis.

The forecast is for fair and warmer weather tonight and tomorrow. Yesterday the maximum temperature was 51 degrees at 2:45 p. m., and the minimum was 34 degrees at 5:30 a. m. The temperature at 5 o'clock this morning was 33 degrees and at 6 o'clock 38 degrees.

Palace: J. Gundelfinger, Lamy; B. W. Eller, Trinidad; C. B. Wilson, Denver; E. R. Letz, Chicago; H. P. Ferris and wife and daughters, Clinton, Mo.; Edward Keffler, Germany; R. O. Caldwell, E. Cooper, Norwood; William C. Barnes, Dorsey; L. Lucero, Albuquerque.

A number of the leading businessmen of this city will give a smoker at the Palace hotel this evening in honor of Senator W. H. Andrews, General Manager W. S. Hopewell and their eastern friends.

Those who came from Albuquerque today said that yesterday there was a severe sand storm with cold weather and that for half an hour there was quite a fall of snow. In the Sandia mountains, eighteen miles east of Albuquerque, it is reported that snow fell to the depth of six inches.

The plans and specifications for the brick laundry to be built at the United States Indian School at Albuquerque, for which bids are asked in an advertisement in another column, have been received and are at the office of the New Mexican where they can be examined by contractors and others interested.

The following marriage has been recorded at the office of the probate clerk and ex-officio recorder of this county: Miss Buria Rogers, of Corralitos, and Samuel H. Sperry, of Madrid. The ceremony was performed in this city on May 17 by V. A. Cooper, pastor of the First M. E. church and was witnessed by E. E. Herman and Miss Virgie Herman.

The most complete and thoroughly equipped book binding department in the southwest is that of the New Mexican Printing Company. It is prepared to turn out the finest work of all kinds and the magnificent book presented to President Roosevelt as a souvenir of his visit to Santa Fe was bound in this office. The equipment includes a Hickok ruling machine, 64 inches, which is the largest in the southwest; the latest improved wire stitcher which stitches from 1-16 to 1-12 inch; the latest Singer sewing machine with which all blank books are sewed; a Hickok numbering machine for work on blank checks, etc.; a Latham punching machine; a 30-inch Brown-Carver steam cutting machine; and the latest design of power ruling machine. With such an equipment and with the expert and skilled workmen employed, the office is prepared to do the best of work. The only practical loose leaf ledgers made in the southwest are in the bindery department of the New Mexican Printing Company. Unquestionably the bindery department of the New Mexican Printing Company is the largest and most complete in the southwest. Books of every description and size are manufactured and, unless otherwise instructed, the Frey patent flat opening stubs are used by which the book opens absolutely flat. This causes them to be unequalled for strength and durability. No matter what you want done in binding, it can be done at the bindery of the New Mexican Printing Company.

PERSONAL MENTION

Gregorio Herrera of Santa Cruz, was in town on business yesterday.

R. J. Ewing, ranger on the Pecos forest reserve, was in the Capital today.

J. H. Crist returned to Monero this morning after spending a few days in this city on business.

W. C. Barnes, secretary of the New Mexico Cattle Growers' Association, is here on business today.

John B. Harper of Durango, Colo., superintendent of irrigation for the Pueblo Indians, is here today on business.

Professor R. R. Grant, who was the principal of the Santa Fe High School during the past year, has resigned to accept a better paying position.

Mr. and Mrs. Jose D. Sena returned last evening from Taos where Mrs. Sena visited her sister, Mrs. W. M. Adair for the past three weeks, while Mr. Sena attended the Rio Arriba court as court interpreter.

Sixto Chavez, assessor of Rio Arriba county, is in town from his home at El Rito. He is here on official business. He states that there will be a considerable increase in the taxable valuation of Rio Arriba county for the year 1903, exclusive of the valuation of Esplanada precinct, which was taken from

IT MAKES STRONG NERVES

Headaches, Nervousness, Sleeplessness, Have Never

Troubled Rev. A. L. Brantley Since Taking

PAINE'S CELERY COMPOUND

The prompt, effective, and honest results that are always obtained by the users of Paine's Celery Compound, call forth the grateful and unstinted praise of clergymen of all denominations. In every parish and district of our land, clergymen are quietly but surely spreading the joyful intelligence that Paine's Celery Compound banishes ill health and makes sick people well.

Like men and women in other professions and in the ordinary callings of life, church ministers are victims of ailments and diseases. When oppressed by sufferings and agonies, it is cheering to note that our clergymen have implicit confidence and faith in Dr. Phelps' life giving prescription.

Santa Fe and added to Rio Arriba county by an act of the 35th legislative assembly.

J. Conklin, who has been employed at Fischer's drug store for the past year, has resigned and will go to Albuquerque, where he will accept a similar position with R. Rupp.

S. H. Elkins, the postmaster of Columbia, Mo., who has been in this city for some time on business, departed this morning for Silverton, accompanied by J. H. Vaughn, territorial treasurer. The two have valuable mining interests at that point.

J. Gundelfinger, manager of the Orendonk Livestock Company at Lamy, drove into town yesterday and was here during the day attending to business. He reports that the killing of the extensive goat herds on the property of the company is about completed and that the increase will amount to about 65 per cent.

Oscar J. Tauer of La Crosse, Wis., treasurer of the Glenn-Woody Mining and Milling Company, with mines and works at Glenn Woody, about 60 miles north of here on the Rio Grande, has spent several weeks at the company's works, and returned yesterday to his La Crosse home. He is very much pleased with what is being done at Glenn Woody. The ores at Glenn Woody are a free milling proposition and the works are to be increased so as to have a capacity of 1,000 tons per day. It will, however, take two or three years to bring this about.

Senator W. H. Andrews, General Manager W. S. Hopewell and party arrived in the city last night. This morning was spent driving over Santa Fe where the visitors were shown the points of interest. Accompanying Senator Andrews and General Manager Hopewell are G. W. Delamater, Major A. G. C. Quay and Colonel A. J. Lester. The latter is a Chicago capitalist and a member of the staff of Governor Richard Yates. Major Quay is a son of Senator Matthew S. Quay of Pennsylvania and, judging from the marked resemblance to his father, is a chip off the old block. Mr. Delamater is also a Pennsylvanian and is engaged in the brokerage business in Pittsburg. The party has inspected the Hagan coal fields and, in fact, all of the properties of the Santa Fe Central and the Pennsylvania Development Company south of this city. Tomorrow morning the party will drive to Tesuque and in

Paine's Celery Compound. Rev. A. L. Brantley, Summertown, Ga., tells how he was raised from a condition of suffering and great danger:

"Before using Paine's Celery Compound I was continually suffering with sick and nervous headache, and it was a common occurrence for me to sleep little or none at night. Often have I arose in the morning with a severe headache and inactive mind, prostrated with nervousness from the loss of sleep. Now I can sleep well at night, have an active mind, and can study ten hours a day, while before I could study but a short while at a time. I certainly feel grateful for such a medicine as Paine's Celery Compound."

the evening will go to Albuquerque. After spending a couple of days there, they will return east. The three gentlemen accompanying Senator Andrews and General Manager Hopewell are capitalists.

MORE TRACK NEEDED.

Impossible to Handle the Coal and Coke Coming Down.

The El Paso and Northeastern has completed arrangements to build at Santa Rosa and between Santa Rosa and Alamogordo, 20,000 feet of new track and switches. This will be done to afford storage room for the coal and coke which is being received from the Dawson branch at the rate of 20 cars of coke and 33 cars of coal daily.

The New Mexican Printing Company manufactures the best blank books and loose leaf ledgers in the southwest at very moderate prices. You will serve your own interests by patronizing this very deserving home manufacturing establishment.

"The Grand Canon of Arizona," a superbly illustrated volume of 124 pages. Fifty cents a copy. Apply to H. S. Lutz, city agent of the Atchison, Topeka and Santa Fe Railway in the Cartron Block.

The New Mexican is sending about 60 copies each week to parties desiring information about Santa Fe. This is done for the public good, and free of charge, although it is quite expensive.

The New Mexican Printing company is headquarters for engraved cards de visite and wedding invitations in New Mexico. Get your work done here and you will be pleased in every particular.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a constant rate for the character of the work turned out.

Justice of the peace blanks, in English and in Spanish, for sale in large or small quantities by the New Mexican Printing Company.
