LIGHT VOTE!

Election in State of Louisiana.

Straight Tickets in North Carolina.

New York Republicans Holding a State Convention.

PLAGUE IN PERSIA

New Orleans, April 17.—At the Louisiana state election today a full state ticket will be elected as well as a full legislature, which will choose two United States senators to succeed Senators Caffery and McHenry, and parochial and county officers in all the parishes of the state, save in the New Orleans district, and a judge and district attorneys, save in New Orleans; justices of the peace and local and ward officers and municipal officers in most of the towns but New Orleans. The entire state will also vote on a constitutional amendment authorizing the city of New Orleans to issue \$1,000,000 based on special tax money to be used in draining and sewerage of the city. The election is the first general one held under the new constitution and the new suffrage law which contains an educational or property qualification which shuts out nearly all the negroes and about three-fourths of the foreigners whether naturalized or not.

Three tickets are in the field—the democrats, headed by W. W. Hearst, a republican fusion ticket, which has the endorsement of the national republican party and embraces four-fifths of the white republicans and a considerable section of the negroes; the republicans, populists and independent democrats, who are dissatisfied with the present state administration have a ticket headed by Ben Caffery, Jr., son of United States Senator Caffery and an independent democrat of the Palmer-Buckner type, which is composed of two independents, three republicans and two populists.

The regular republican ticket is headed by Eugene Reems and is composed mainly of federal officeholders and old-time republicans. It is generally thought that the democrats will carry the state by a comparatively large majority on a greatly reduced vote, and will control both branches of the legislature by a light majority.

The republican fusion ticket has lost candidates in only three of the fifty-nine parishes and the regular republicans in only four.

FAVOR ROOSEVELT.

New York Republicans Will Renominate the Gallant Colonel.

New York, April 17.—Delegates to the republican state convention will carry the Fifth Avenue hotel to-day, and a careful census of the district leaders taken by Congressman Lucius Latta is said to have shown a large majority in favor of the renomination of Governor Roosevelt. This statement of Mr. Latta's is practically endorsed in a speech prepared by Temporary Chairman Elsborg, and which passed under the eyes of both Mr. Platt and Chairman Odell, evidently meeting their approval. It was pointed out by friends of the governor that it was a clear endorsement of the organization's attitude towards him.

MAY ADVANCE!

English Army to Attack Pretoria.

Boers Active in Vicinity of Wepener.

Floods Destroy Much Property in the Southern States.

QUEEN VICTORIA IN IRELAND.

London, April 17.—At last Robert's was to be on the eve of making the main advance towards Pretoria. Unless all usually reliable sources of information and all indications smugged past the censor are at fault, the British army within a few days will be marching northward. After many premature and unfounded reports that purported to tell this move, there is naturally, even in the best informed quarters, considerable hesitation. It is definitely settled upon that Robert's is likely to leave Bloemfontein, and there is a settled impression that it will occur either at the end of this week or the beginning of the next. The long weary wait in the Free State capital has apparently effected much needed rehabilitation, though it is probable that Robert's would have still further delayed the advance had not the Boers actively forced him to put his forces in such position that to-day, unless they quickly proceed northward, the strategic advantage will be lost. Critics agree in the supposition that the advance will be made in parallel columns with a broad front. West of the railroad the Third and Fourth divisions are sweeping northward to the extreme northwest, the entire force amounting to 75,000 men. Exactly what part Buller will take is still a secret, which none are able to probe. From the seat of war there is considerable silence and from The Hague comes news that the Boer delegates refuse to make public the object of their mission. They hope to be received by the British at Willemstad, but nothing in this direction has yet been decided upon.

FEARFUL FLOODS.

Rivers of the South. Devastating Many Sections of the Country.

Memphis, April 17.—Reports from northern and central Mississippi to-day state that telegraph and telephone communication is being seriously interrupted. The heaviest rains this section has experienced in years has fallen within the past two days. Travel and traffic in many instances is suspended. Reports from Jackson state that no trains have passed through the city since the north bound passenger train over the Illinois Central yesterday morning at 5 o'clock. Washouts are reported in all directions. The "Little 3" road and Illinois Central tracks are under water at several points. Reports from Crystal Springs and Madison state that the cranberry and strawberry beds are under water and that early crops have been entirely lost, and both the cotton and corn crop will have to be replanted. In many places the damage done to fences and bridges is practically incalculable.

Boers Active.

Maseru, Basutoland, Monday, April 16.—The Boers for two days past have been displaying great activity along the Redderburg and Rouxville road. Their scouts report the British advancing on these places to the relief of Wepener, and the burghers' case is divided whether to remain or retire. A majority of them desire to abandon the investment of Wepener, fearing to be cut off, while the minority, led by General Buller, are reluctant to move as long as there is a chance to capture Colonel Buller's garrison. Scouts have just reported recent firing in the direction of Thabane.

Queen in Ireland.

Dublin, April 17.—After her morning's drive to-day the queen received in audience the daughter of Sergeant James Hartigan, now at Colono, Natal, who presented her majesty with a bouquet from the wives and widows of non-commissioned officers and men of the Irish regiments in South Africa. The queen's afternoon drive includes Donnybrook.

Looking Up a Fortune.

Governor Otero has received a letter of inquiry from Mrs. Minnie Burk Porter Chester, N. Y., inquiring for a fortune which she alleges had been left her father in New Mexico by a man named John Greeley. She writes that many years ago, Greeley left the city of Portland, Me., for New Mexico. The writer's father, Hugh Greeley, of the same family, who is now

dead, helped Greeley through business failures and later helped him to go to New Mexico. Greeley agreed that if he succeeded in this territory to repay Greeley. About ten years ago word came that Greeley had died in New Mexico, in what city has been forgotten, and that he left his fortune to Liberty. Since then nothing has been heard of the fortune.

District Court.

The case of the territory vs. Cornelio D. Murphy, indicted for gaming without a license, was called for trial this morning, and a jury sworn and the evidence given. At the close of the case the court instructed the jury to find the defendant not guilty, the prosecution not having proven beyond a reasonable doubt the guilt of the defendant.

The case of the territory vs. Quirino Couiter, indicted on the same charge, was then dismissed by the territory.

The alleged offense grew out of the fact that defendants were engaged in some games of amusement and profit at the fiesta at Los Duranes last January.

A Delightful Fair.

Armory hall was the scene of a most delightful gathering last evening, the occasion being the third annual Easter party given by Mrs. W. V. Walton.

The large number of people present demonstrated the popularity of the lady, while the music and refreshments combined to fill the cup of pleasure to overflowing, so admirably were they to the taste of the participants. Regrets that the hall would be at an early date a remembrance only, and that to replace it as a gathering place would be difficult, was freely expressed. It would seem that the beginning of the end of the city's best dancing place, was, with Mrs. Walton's exquisite taste and good management, made less regretful and somewhat endurable by the charming event of last night.

Committed Suicide.

Chas. Chadwick, the sheep buyer, has thrown himself to his death from a trip through the Mesquitos and Black Range country in Socorro county. He states that a few days ago one of the sheep herders working for him, Solomon Luna, committed suicide by shooting himself through the body. He reports sheep in fine condition and says that lambing will amount to about 90 per cent.
