ALBUQUERQUE, NEW MEXICO, TUESDAY AFTERNOON, APRIL 10, 1900.

NUMBER 138.

HEAVY FIGHTING!

Battle in Progress at Wepener.

Heavy Losses Reported on Both Sides.

Boers Make Determined Assault on Garrison at Mafeking.

FIGHTING NEAR LADYSMITH.

Albion, North, April 9.—An engagement took place yesterday at Wepener. The Boers' Maxims did considerable execution at the range. Fighting lasted all day. The Boers received a check. Casualties were rather heavy on both sides. Another commando is advancing toward Wepener from Dewetsdorp.

Heavy fighting continued at Wepener this morning. The result is unknown. Three of the Boer commanders are attacking the town.

MOVEMENT OF TROOPS.

British Officials Give Out No Information of their Destination.

London, April 9.—Mysterious movements of troops at Bloemfontein are proceeding. Newspaper correspondents are not allowed to telegraph their destinations and the presumption is that Lord Roberts is making disposition to cut off the raiding Boer forces when they try to withdraw northward from the pursuing British column. The appearance of the Boers in the occupied country has caused a revival of warlike feeling among the Free States in the Transvaal and the Orange Free State. British residents have been told that steps for their defense will be immediately taken.

The Boers are reported to have ventured south of Bloemfontein and to be posting heavy guns four miles north of Elandsburg. They are also said to have fortified in the vicinity of Wessels Nek.

The war office proposes to land at Cape Town before the end of May 20,000 horses, which will be conveyed there in twenty-three steamers, sailing from New Orleans, Buenos Ayres and Australian ports.

Boer Peace Commissioners.

Naples, April 10.—The Boer peace commissioners, Pieter, Wolmar and Wessels arrived today.

Heavy Firing Near Ladysmith.

Ladysmith, April 10.—Heavy firing was heard this morning in the direction of Sunday's river. It continued a few hours.

BOERS ATTACK.

Make Desperate Efforts to Capture Garrison at Mafeking.

Mafeking, March 27.—News was received yesterday of the advance of the southern relief column. The Boers this morning opened fire at sunrise with seven guns, including one 100-pounder. This has been the most vigorous bombardment of the season. The Boer siege has already fired over sixty rounds. Under cover of fire the Boers advanced to the northern face works, but retired precipitately on coming within rifle range. They also advanced to the south-western parts but were repulsed. There was one casualty.

The Boers under the command of Jan. Cronje are evidently failing back under the advance of the southern relief column, concentrating with the two commanders, who are retiring before Col. Plummer, in order to make final effort to reduce the town. All the outlying positions are now manned, the troops standing to arms and everywhere under cover. All are convinced that this is the Boers' last attempt.

Boers Hold Free State.

Bethlehem, Orange Free State, April 9.—It is expected that the Boers will endeavor to retake the destroyed bridge over the Orange river. Consequently extraordinary precautions have been taken. A force of Boers is located twelve miles east. As a matter of fact the Boers practically again hold the Free State eastward of the railroad and are greatly encouraged by successes at Reddersburg and Kora spruit.

Boers Pushed Back.

Bulawayo, March 31.—Col. Baden-Powell wires from Mafeking under date of March 31 confirming the report that the Boers had been pushed back so far that the town is comparatively out of range of musketry. He concludes: "All promises well for eventually cutting off this force of the enemy if we can hold Snyman here."

Kaffirs Fight Boers.

Protoria, April 7.—Advices from Mafeking say that a band of armed Kaffirs left Mafeking through the burglers line during the night of April 5, and were surrounded in the bush and killed by Maxim-Nordenfolt guns. The Boers then stormed the Kaffir position, killing 21. The Kaffirs fought stubbornly. Skirmishes are reported at Higgarsburg and Free State, mostly between patrols.

Dewey Withdraws.

New York, April 10.—A Washington special to the Evening World says: "It is asserted this afternoon that Admiral Dewey has decided to withdraw his fleet from the Philippines and within a few days will formally announce his decision. His brother-in-law, John R. McLean, is alleged to be responsible for this latest move."

Snow Storm in Kansas.

Kansas City, April 10.—Star special says the worst snow storm and wind storm of the season is raging over western Kansas.

Death of Jos. Pinter.

Jos. Pinter, son of B. Pinter, the railroad avenue tailor, died today, aged about 20 years. The young man had been an invalid for many years. The funeral will be from the family residence at No. 217 Fruit avenue at 2 o'clock to-morrow afternoon. Friends of the family are invited to attend.

Clairvoyant.

Mrs. Dr. Russell, clairvoyant and palmist, will be in your city for a short time only. Over postoffice.

Eleven men belonging to the United States navy passed through Albuquerque last night on their way to Manila. They have formerly been on the battleship South Dakota and are part of the crew of the recruiting steamer Vermont. They are going to San Francisco, where they expect to go aboard the Wisconsin. There were twelve others who should have come, but got left by the train at Jersey City and will be along to-night. Nine of them are electricians, one boiler maker, one cooper and one yeoman. They are expected to take great interest in the country as they passed along.

Dr. R. C. Caldwell, of Danville, Ky., passed through Albuquerque last night with his son, James, for Las Cruces. They go there for the son's health. The doctor has never been in this portion of New Mexico before and was delighted with the ride between Las Vegas and Albuquerque. The doctor is a man of great intelligence and kept gentlemen in the adjacent seats to him on the train in a good humor, manifesting great interest in the country as the train passed along.

Mr. H. H. Rinken, the leading merchant in Watrous, and wife, who are now in Europe, expect to start home April 15. They do not care to go to the Paris exposition. They are now in Germany with Mr. Rinken's brother. They went from New York by the way of Gibraltar and Rome. This is the fifth visit Mr. Rinken has made to his old home since coming to the United States.

FEARFUL FLOODS!

Texas Rivers are Raging Torrents.

Texas Town Swept by an Awful Tornado.

Government Surplus About Seventy Million Dollars This Year.

CLARK TO BE UNSEATED.

Dallas, Texas, April 9.—The flood situation today remained practically the same as yesterday. Most of the rivers appear to be at a stand, but more rain is feared as the weather is threatening. The outlook in the Indian territory is serious. A bulletin from Cimarron says the river there is slowly rising. The Canadian river is nearly up to the tracks of the Missouri, Kansas & Texas railway.

Swept by a Tornado.

Austin, Texas, April 10.—Reports from La Grande and Fayette counties today show that the Colorado river continues to rise. The lower part of La Grande is inundated. It is rumored that Lebanon, Bee county, was swept by a tornado early today and wrecked. From Wharton county comes the report that everything is under water, although no loss of life is reported. The Brazos river is rising rapidly today, inundating a large acreage.

CLARK CASE.

Senate Committee Unanimously in Favor of Expelling Him.

Washington, April 9.—The senate committee on privileges and elections decided unanimously in favor of unseating Clark of Montana.

Harris, of Kansas, indicated the most pronounced leaning toward leniency for Clark. He did not express any doubt that there had been a lavish expenditure of money in Clark's behalf, but spoke in terms of strong condemnation of the tactics pursued by some of Clark's opponents. Harris practically agreed with Harris. These two senators also expressed doubt of the justification of the conclusion drawn by the majority of the committee that Clark's candidacy for the senate began in August, 1898, when he returned to Butte from New York. The effect of this conclusion was to charge up the entire \$125,000, which Clark confessed to have expended in his campaign for the senate, to the year 1898. Clark was directed to prepare the report. Clark was surprised at the action of the committee but refused to make a statement until after consultation with his friends and attorneys.

The report is to declare the seat vacant and not expel.

Government Surplus.

Washington, April 24.—In response to a resolution of inquiry, Secretary Gage has sent to the house a statement of estimated receipts and expenditures, showing a probable surplus of \$70,000,000 for the fiscal year ending June 30 next and \$82,000,000 for the year ending June 30, 1901. He estimates that the internal revenue tax under the war revenue act of the fiscal year of 1899 and nine months of 1900 at \$79,000,000.

Closing Out Sale of Staple and Fancy Groceries.

Beginning Monday, April 9th and continuing for exactly ten days we will sell everything in the staple and fancy grocery line at exact cost to us, for not only only. Remember this is the biggest bargain sale ever known in Albuquerque. We mean exactly what we say that everything will be sold at exact cost and we advise you to lay in a large supply of groceries when you have the chance to get them at wholesale prices. Remember the date and place—Albuquerque Fish Market, Lamb & Stone, proprietors, 204 and 208 south Second street.

LOAN OFFICE.

Simpson for loans on all kinds of collateral security. Also for great bargains in unredeemed watches, 209 south Second street, near the postoffice.

TO THE LADIES.

Mr. Bruhl, French ladies' tailor, has opened his dressmaking department and is prepared to receive any orders, which will be made up in short order. Do not neglect this opportunity of securing the services of an artistic cutter. If you desire, a first-class tailor-made costume perfect in style and fit guaranteed, or same in any kind of silk garments, at my dressmaking parlors in the Armory building over Mrs. Oaker's millinery store.

MONEY TO LOAN.

On diamonds, watches, etc., or any good security; also on household goods stored with me; strictly confidential. Highest cash prices paid for household goods. T. A. WHITTEN, 114 Gold avenue.

DISTRICT COURT.

Interesting Question Regarding Garnishments—Other Court News.

An interesting question was disposed of in the case of the Albuquerque Grocery Company vs. Michael H. Carman and A. T. & S. F. Ry Co., garnishees, which was tried this morning. The defendant pleaded as against the claim of the plaintiff that he was entitled to an exemption of his wages due from the railway company from the effect of an execution issued out of the justice of the peace court in the sum of five hundred dollars, in lieu of a homestead exemption, in addition to the amount of chattel property otherwise exempted. The court sustained the plea of exemption, the effect of the decision being to grant to the wage earner who is the head of a family

PUERTO RICO!

Island to be Created a Territory.

General Lee to Command at Havana.

Several Italians Injured in a Riot in New York State.

CASE OF SENATOR QUAY.

Washington, April 10.—At a special meeting of the ways and means committee, today, it was decided by a vote of 8 to 5 to report the Puerto Rico bill as it passed the senate, without amendment and move concurrently in the senate amendments. This means acceptance of a territorial form of government for Puerto Rico as added to the bill by the senate and other lesser changes in the tariff and other features. The vote was on party lines except McCull (Muss.) republican voted with the democrats. An attempt will be made to pass the bill to-morrow.

COMMANDER AT HAVANA.

Gen. Lee Will Have Charge of the Cuban City.

New York, April 10.—A special to the Herald from Washington says: Formal orders will be issued by Secretary Root on Tuesday directing the detachment of Brig. Gen. Ludlow from command of the city of Havana, assigning Brig. Gen. Lee to command the new department of Havana and Pinar del Rio. Ludlow will receive instructions to report for duty as president of the army war college board.

Lee and Wilson will remain in Cuba until after the municipal elections, which will determine whether the military force in the island can be further reduced. Major Gen. Wesley Merritt will be detached from command of the department of the east before June 15, when he reaches the retiring age. Gen. Brooke will succeed Merritt.

Injured in a Riot.

New York, April 10.—There was a riot at Mamaroneck, Westchester county, between striking laborers and men hired to take their places on local improvements. One striker, an Italian, was probably fatally wounded; another was shot in the knee, and several others received lesser injuries. Several rioters were arrested.

The Quay Case.

ALBUQUERQUE, APRIL 30, 1920

This is democratic week in New Mex-
ico.

Real estate deals are active in this
city.

Now is the time to systematically
advise Albuquerque.

This city will make a half million
dollars worth of improvements this
year.

Kansas City has already subscribed
\$50,000 for the rebuilding of convention
hall.

At least one thousand men will be
employed in building operations in this
city this summer.

The delegation from this territory
to the Kansas City convention will be
instructed for Bryan.

This city has \$17,000 in its treasury,
and its bonded debt for school houses
and sewer system draws only four per
cent interest.

Dewey has given convincing proof
that he is unfit for the presidency. He
says he would have voted for Cleve-
land if he had been on shore at the time.

Western farmers will see to it that
the high price of wool is maintained
for another four years by voting for
McKinley and electing only republican
congressmen.

Bryan will be defeated in November,
and it may be the last time he will
swing around the circle. Therefore,
come to Albuquerque next Saturday
and see him.

February export of American manu-
factured goods exceeded \$1,500,000 every
business day of the month. This was
an increase of \$600,000 a day over the
value of similar exports in the pre-
ceding February.

Exports of gold and silver from New
York to all countries for last week ag-
gregated \$78,955 silver bars and coins
and \$2,732 gold, a total of \$81,687
against a total of \$1,298,787 gold and
silver in the same week last year.

El Paso has a candidate for vice
president. His name is Mills and he is
noted as the advocate of El Paso as a
dam site. By differently spelling
dam site Col. Mills' chances can be
fully expressed.

The employees of the machine shops
will take a half holiday next Saturday
to hear Bryan. They took a six
months holiday when the last democ-
ratic president was elected, and when
they went to work it was on less pay
and shorter hours.

The demand that has arisen in the
west for the minting of a half cent
piece cannot be understood here in the
west. The cent succeeded in crossing
the Mississippi during the panic pe-
riod, but west of the Missouri its use is
limited and the average man feels
above waiting for copper change.

In two years of the Wilson free trade
tariff, 1918-1919, Europe bought from
the United States merchandise worth
\$1,300,000,000. In two years, 1919-1920,
of the Dingley protective tariff, Europe
bought from us to the extent of \$1,
510,000,000. There was an increase un-
der protection of \$200,000,000 in two
years' sales of our goods to Europe.

"What Lincoln was to his country in
his day, McKinley is to the country to-
day, and the nation which expressed its
endorsement of Lincoln by re-elect-
ing him to the presidency will set a
similar mark of approbation on the
statue of his distinguished successor."

Increases in wages continue to be
fashionable. The National Tube com-
pany has just given its second advance
within six months, of 10 per cent to
more than 20,000 employees. Another
instance comes from the York Cotton
mill of Yorkville, S. C., where 2 per
cent has been taken from the stock-
holders' dividend and given to the
operatives. "Open the mills," said
Mr. McKinley in 1894. The sequel is
"Good work and good wages."

Tuberculosis, it is said, has increas-
ed more than 50 per cent in certain
districts of Norway within the last
thirty years, and this despite the in-
vigorating effect of the Norwegian climate
and the hardy physique of the Norwe-
gian people. Statistics also show a
steady gain in the number of deaths
from consumption in Sweden, Russia
and northern countries generally,
while in more southern territories
consumption is seldom seen. This con-
dition of affairs eventually may mean
that the northern peoples will be com-
pelled to migrate in order to preserve
their very existence.

TAKING THE CENSUS.
Director Merriam, in charge of the
census that will be taken this year,
has contributed to Harper's Weekly an
extremely entertaining article on how
the enumeration and the gathering of
information will be conducted. The
whole work of ascertaining facts will
extend over a period of not to exceed
twenty days in any locality. Contrary
to the ordinary view, the only territory
acquired by the republic within the
last two years in which the census will
be taken, is Hawaii. Puerto Rico and

DE VARGAS GRANT SOLD.

The sale of about 8,000 acres of the
Subsistence of Vargas grant under a de-
cree of court was made Saturday
morning by Hon. Amado Chavez, refer-
ee at Santa Fe. The land was sold in
tracts to suit purchasers, from 30 to
500 acres, and the bidding was quite
spirited, though prices were low. The
average prices realized were about 30
cents an acre, the lowest being 15
cents and the highest 50 cents per
acre. H. B. Cartwright & Bro. were
the largest purchasers, obtaining over
2,500 acres, most of which adjoins other
property of theirs. Telegrafo Rivero
bought over 1,300 acres and was un-
able for mineral. W. M. Berger ob-
tained the tract which is considered
best for agriculture. Inocencio Gon-
zales secured his own ranch, on the
south coast. Among the other pur-
chasers were M. J. Nangle, L. B. Prince, J.
H. Bain, Atanacio Romero, Fred Mul-
ler and C. J. Wood. The prices real-
ized were low, but considering the
amount of mountain land included in
the sale, were perhaps all that could be
expected at this time.

FARM ANIMAL VALUES.

Pasture has not yet forgotten how
the value of their live stock depreciated
in value when Grover Cleveland was
president, the loss being more than
\$900,000,000 during his last term
of office.

Under President Harrison, in the
two years from January 1, 1891, to Janu-
ary 1, 1893, the value of all live stock
on American farms increased by \$144,
000,000.

During the four years following, un-
der President Cleveland, the farmers
lost upwards of \$200,000,000 through
the smaller value of their live stock.

But under McKinley prosperity the
farmers have again benefited. Placing
the market value of all American live
stock on the farms, at the beginning of
this year, only on the same basis as on Janu-
ary 1, 1899, then the department of
agriculture figures show a total gain
of \$357,000,000 in the value of all farm
animals during the three years that
William McKinley has been president.

It was a level-headed man who made
the following observation: "Did you
ever notice that it is the fellows who
never go down into their jeans and
dig up for charitable purposes, and
seldom drop a cent of money in their
home towns, and are scarcely ever able
to rub two nickels together, that are
the lads who work their jaws and
swing their tongues the hardest
against public improvements? If you
have not, just keep your eye peeled
for awhile. It's as true as gospel."

Colossal crosses are to be erected
this year on nineteen mountain peaks
of Italy to commemorate the nine-
teenth century of the Christian era. A
religious society will have charge of
the matter.

The Santa Fe railroad is now com-
pleted to San Francisco, and the road
will be able to handle freight over the
new line by May 1.

About \$100,000 a month will be spent
on public improvements in Puerto
Rico from the \$2,000,000 recently ap-
propriated.

It is evident that lists of closed fac-
tories will not form a part of democ-
ratic campaign literature this year.

A syndicate has been formed in
New York to construct a railroad the
entire length of Cuba, 800 miles.

Passing of Yellowstone Park.
It is stated upon good authority that
the geysers which have made Yellow-
stone famous are declining. Spots
where the scene of extraordinary phe-
nomena are now covered by buildings
showing that nature's work has been
exhausted. Tourists who have never
visited the park are advised to go
soon, before they have passed their
prime. This information brings to
mind, rather pointedly, the fact that
the decline in the law of the world, both
geographical and physical. Health is
the most precious possession in the
world and too great care cannot be
taken to it. In the spring you should
renew your strength and revitalize
your blood and nerves with the best of
all medicines—Hostetter's Stomach
Bitters. It also cures stomach disorders.
Try it.

Advices from Jerome, Arizona, say
that the gold discovery eight miles
from that camp on the United Verde
railroad, is developing richer than the
one at the ancient mine. The excitement
has not abated in the least, and min-
ers are flocking to the new fields as
fast as they can equip themselves.

company, is slowly recovering from an
attack of the grip.

Hon. F. A. Hubbell enjoyed Satur-
day last with Santa Fe politicians. He
returned to the city that evening.

For the past week Dr. Crossan has
suffered with muscular rheumatism. He
is better to-day and was at his office.

"King" Bailey, formerly an Albu-
querque base ball player, is now a fire-
man in paid department of Shreveport,
La.

The residence recently vacated by
Jay Hubbs and family at south West
street, is now occupied by Rev. Fred
Baker Kinney and family.

Dr. W. S. Brayton and wife, accom-
panied by their daughter, Mr. and
Mrs. H. S. Munson, have gone to the
seaside resorts of southern
California, where they will remain for
some time.

R. P. Hall, of the Albuquerque Foundry
and Machine works, is arranging to
leave this evening for southern Cali-
fornia, on a visit to his wife and
daughter.

Ivan Grunfeldt, the outside master of
the Grunfeldt Bros., was out west last
week. He has returned and reports
business very good.

Last Saturday afternoon Miss Bessie
Terry, the pretty daughter of Mr. and
Mrs. T. W. Terry, entertained a few
of her young friends at her home No.
1011 North Third street.

Mrs. D. L. Russell, of Las Vegas, is
in the territorial metropolis to-day.

T. E. Derbyshire and wife, register-
ing from Phoenix, Arizona, are stop-
ping for a few days at the Grand Central.

H. D. C. Richards and wife came in
from the west last night and registered
at the Hotel Highland. Mr. Richards is
attending New Mexico State school,
and this morning went up to Corralito.

A. A. Trimble, superintendent of the
street railway, is busily engaged these
days in breaking branches. He is do-
ing a good job and will soon have a
new first-class street car for the
service.

Prof. George Coghill, of the New
Mexico university, has accepted the po-
sition of assistant professor of biology
at the Brown university, his alma
mater. He will enter upon his duties
in the fall.

Mrs. M. Thompson and children, who
have friends in this city, have return-
ed after a short visit to Tucson, Ariz-
ona, and will remain for a few weeks
after which they will continue to their
home in Chicago.

The three children of Rev. and Mrs.
A. A. Hyde—Pearl, Bruce and Hazel
Hyde—came in from Santa Fe last
night, and will remain for a few days
at the Hotel Highland, where their home
has been for some time.

The Mother Superior of the Sisters of
Charity of the United States, with
her secretary, Sister Evelyn,
arrived in this city last night. They
will remain here for a few days.

Dr. H. P. Merriman, wife and two
daughters, Misses Mary and Faith,
who were in southern California the
past few months, are stopping at the
Hotel Highland. They are from Chi-
cago and will remain here a few days
before continuing homeward.

Rev. D. A. Simpkins, the Gallup Con-
gregational minister, came in from
the west last night and continued north
to Santa Fe. While Rev. Allen, of the
local Congregational church, is at To-
peka, Kan., Rev. Simpkins will be trans-
ferred from Gallup to this city.

Hon. F. A. Hubbell stated last night
that he would go his lambing this
spring in the Mogollon mountains,
about 100 miles from this city. He is
now collecting together about 100 men
to do the work and expects to leave
with them for his lambing; pens to-
morrow.

Hugh Murray, the extensive property
owner of the James hot springs, who
has been the past few days, purchas-
ing goods and transferring his bank-
ing account from the territorial capital
to the territorial metropolis, left
for his return to the springs yesterday.
He camped last night at Los Corrales,
and from there will make the drive to
the springs to-day.

FLAGSTAFF.

From the Sun.

The residence of Jos. Fisher, three
miles north of town, was burned on
Monday.

The school election on Saturday last
was lively contested. There were 384
votes cast. M. J. Hordan received 165
and Dr. W. S. Robinson 219.

The pipe line from the Anderson
reservoir to the reservoir was finished
Thursday, and water was pumped at
the rate of 22,000 gallons per day.

Last year at this time there was
about \$15,000 in certificates of indol-
gence outstanding. Now the
county has all certificates paid and
money in the treasury.

A party of Santa Fe Pacific railroad
engineers are making a survey be-
tween the Grunfeldt Bros. and Oak Creek to
determine the cost of a pipe line between
those points. If the cost is not too
great the railroad will construct the
line within the next three months.

Dr. Walter Fox and wife came in
