BRITISH CAPTURED

Five Companies Surrender to Boers.

Gen. Methuen Makes Important Capture.

Boers Announce That They Will Not Destroy Property.

CECIL RHODES IN LONDON.

London, April 6.—The following is the text of Lord Roberts' dispatch to the war office announcing the capture of five companies of his troops:

"Bloemfontein, April 5.—Another unfortunate occurrence has occurred, resulting in the capture of a party of infantry consisting of three companies of the Royal Irish Fusiliers and two companies of the Ninth Regiment mounted infantry, near Reddersburg, a little eastward of the Bethany railway station, within a few miles of this place. They were surrounded by a stronger force of the enemy with four or five guns. The detachment held out from noon, April 3, until April 4, 9 a. m., and then apparently surrendered, for it is reported firing ceased at that time. Immediately after I heard the news, during the afternoon of April 3, I ordered detachments to proceed from Springfontein, his present headquarters, with all possible speed, and I detached the Cameron Highlanders hence to Bethany. He arrived at Reddersburg at 10:30 a. m. without opposition, but could not get on the missing detachment. There can be no doubt that the whole party were made prisoners."

Cecil Rhodes, South Hampton, April 6.—Cecil Rhodes, who sailed from Cape Town March 21, arrived here to-day.

METHUEN WINS A VICTORY.

He Captures Small Force of Boers After Sharp Fight.

London, April 6.—The war office has received the following dispatch from Lord Roberts, dated Bloemfontein, April 5: "Methuen, telegraphing from Bloemfontein, Orange Free State, a little to the north-east of Kimberley, as follows: 'Surrounding General Villabona Marcell and a body of Boers today and some escaped. Villabona and seven Boers were killed; eight wounded; fifty prisoners. Our losses were: Killed—Captains Doyle and Williams, both of the Yeomanry and two men of the Yeomanry. Wounded, about seven men. The attack lasted four hours. The corps behaved well. Our force was composed of the Yeomanry, Kimberley mounted corps and the Fourth battery of artillery.'"

General Villabona Marcell was chief of staff of the Boer army; he was about 50 years old and was responsible for most of the Boer successes in the Orange Free State. It is said that he entered the Boer service merely because war was his trade. He went through a number of campaigns in the French army.

Boers in unknown numbers are hovering around Bloemfontein out of range of the British guns.

This telegram comes from Kimberley: "Since the departure of the main body of troops, Lieutenant Colonel Chamberlain remains in command of the garrison here." The departure of any considerable body of troops has heretofore been unmentioned. Lord Roberts was last reported at Kimberley ten days ago. The impression is that he has advanced with the main force from Kimberley to the relief of Mafeking. Upington has been occupied by the British.

HAWAII BILL.

House Discussing Form of Government for the Islands.

Washington, April 6.—The house today resumed consideration of the bill to provide a territorial government for Hawaii. An amendment offered by Newland, of Nevada, was agreed to, directing the surveyor general to report to the department of labor annually the holders of less than 100 acres of land. The section

NAVAL APPROPRIATION BILL.

Port Worth, Tex., April 6.—This afternoon killed in the wreck on the Denver City and Port Worth railroad was traveling to Savoy, Tex., on a visit to his mother, whom he had not seen for many years. He was a well known mining man of Golden, N. M. The only other person killed was John P. Dams, mail clerk, of Denver.

NAVAL APPROPRIATION BILL.

Heavy Expense of the Proposed New War Ship.

Washington, April 6.—The naval appropriation bill was reported to the house by acting chairman Ross of the naval committee. The amount carried by the bill is \$22,219,416, the largest ever reported to the house from the naval committee. The report which accompanies the bill is remarkable for the array of facts regarding the sea power of the world and foreign navies, and programs and comparative strength of the navies of the great powers accompanied by colored charts showing the up-building of the various navies. Under the head of "Naval Program," the report says: "For the purpose of further increasing the naval establishment of the United States the committee recommends that the president be authorized to have built by contract two sea-going coast line battleships to cost exclusive of armor and armament not exceeding \$3,000,000 each, three armored cruisers to cost not exceeding \$1,500,000 each, three protected cruisers to cost not exceeding \$2,500,000 each. The maximum cost of the ships here in authorized exclusive of armor and armament will be \$25,500,000. This is the largest naval program ever submitted, and is in accord with the wishes and recommendations of the secretary of the navy and Admiral Dewey, and will relieve the just demands of public sentiment. The battleships, Maine, Ohio and Missouri now in process of construction require 7,250 tons of armor. Your committee recommend that the secretary of the navy be authorized to contract for such armor at a cost not to exceed \$245 per ton. Every nation in the world is using Krupp armor to-day. Your committee believe it little short of disloyalty to recommend any other than the best armor of these battleships."

The minority of the naval affairs committee present a report in favor of a government armor plate factory at a cost of \$4,000,000. They say \$245 is an outrageous price per ton for plate and on the quantity needed for the new ships proposed \$3,000,000 could be saved if the government would make its own armor plate.

STORY OF THE PLOT.

How It Was Arranged to Kill Senator Goebel.

Louisville, Ky., April 6.—The Courier-Journal prints a circumstantial story of the conception and execution of a plot to kill Senator Goebel. The story is based upon evidence said to have been given to attorneys for the prosecution by Wharton Golden, W. H. Calton, H. E. Young and others. The story gives the name of the man suspected of having fired the shot that killed Senator Goebel. He is a Clay county feudist, and has not yet been arrested. The man implicated in the conspiracy are the same that were implicated by Golden's testimony, several of whom are now under arrest. The story follows Golden's testimony as to the plan to cause a riot in the legislature during which the democratic members were to have been killed and tells how the alleged plan to kill Goebel was carried out. Other purchases from a well-known Cincinnati house of steel bullets and smokeless powder cartridges, procuring a 28-caliber rifle with which the shooting is said to have been done, the weapon being returned an hour afterward and the payment of \$600 in advance to the man who did the shooting. After the shooting this man was escorted to the mountains by a number of armed men.

CLARK CASE.

Argument of Defense Before the Senate Election Committee.

Washington, April 6.—Poster continued his argument before the senate election committee on the case of Senator Clark. He declared that the majority of witnesses for the prosecution were employed by Marcus Daly and two-thirds of them were confessedly corrupt. The evidence, he concluded, was incompetent to convict a tramp of petty larceny, and was ridiculous when depended upon to unseat a United States senator. Poster was followed by former United States senator Faulkner who also charged corrupt methods in the prosecution.

Democratic Court Decides Against Taylor in Contested Case.

ANNIVERSARY BATTLE OF SHILOH.

Washington, April 6.—The senate agreed to the conference on the bill authorizing adjustment of the rights of settlers on the Navajo Indian reservation in Arizona. Senators Shoup, Stewart and McLean were named as conferees. Sullivan addressed the senate in support of Quay's claim to a seat. At the conclusion of Sullivan's speech consideration of the Indian appropriation bill was begun. The measure as reported carries \$8,415,641.

Court Decides Against Taylor.

Frankfort, April 6.—The court of appeals today handed down a decision in the governorship case in favor of the democrats. The opinion is by six judges, four democrats and two republicans. One republican, Durbin, dissented.

The republicans, Burnham and Guffy, give a separate opinion from the democratic judges, but agreed with the democratic majority in its conclusion. Judge Hobson wrote the opinion of the court.

The concurrence of Burnham and Guffy with the four democratic judges was a surprise generally. The opinion holds that the action of the legislature in electing Governor Beckham was final and that the governor has no power to review it; that Governor Taylor exceeded his authority in adjourning the legislature to London, and the journals of the two houses of the legislature being regular cannot be impeached. The republicans will try to get a hearing before the United States supreme court. Thirty days must elapse before a mandate from the court of appeals in accordance with today's decision is issued. Meanwhile a radical change in the relative positions of the two state governments is expected.

NEWHAUS'S POLTRY VENTURE.

Business Was So Rushing, That He Proposed to Retire.

The boys—those familiarly acquainted with Charles Newhall—have perpetrated a mean trick on the gentleman. A few days ago Mr. Newhall confided to a few friends that he had gone into the poultry business and would devote some of his leisure hours to the propagation of fancy fowls. These friends, seeing that a joke could easily be played on Mr. Newhall, had a want advertisement placed in a Spanish weekly paper for the purchase of chickens and eggs in wholesale lots provided a call be made at Mr. Newhall's residence on the Highlands. Yesterday chickens and eggs commenced rolling in, and Mr. Newhall has hired several men to turn the tide of country poultry raisers from his residence. His mail is also burdened with pamphlets, catalogues and circulars from eastern concerns on the subject of poultry and the operation of incubators. This afternoon Mr. Newhall authorized The Citizen to announce his retirement from the business.

The heating apparatus for the new central school arrived from the east yesterday.

MARTIN TIERNEY, Chairman.

MRS. WILLIAMS PASSED AWAY.

She Was the Widow of Col. Williams of Illinois Sharpshooters.

Mrs. John A. Williams, of Illinois, died yesterday at the home of her daughter, Mrs. William A. Sanders, wife of the general manager of the Equitable Life assurance society of the United States, 22 West Willis avenue.

Col. Williams was appointed by Gov. Yates of Illinois, as lieutenant colonel of the Illinois Yate Sharpshooters, during the war of the rebellion and was afterwards promoted to the rank of colonel. He died some years ago in New York.

Mrs. Williams was born in New York city in 1818 and was at one time a teacher in the late Bishop Potter's parochial school in that city. Her former home was Albany, N. Y., where she was widely known and where the remains of her husband were interred. The funeral services will be held Thursday afternoon at her daughter's home here and will be private. The remains will be placed in the receiving vault at Woodmont cemetery, but will likely be taken to Albany for burial later. A son, H. Seymour Williams, of Inglewood, N. J., also survives Mrs. Williams.—Detroit, Mich., Free Press, March 14.

While Mr. and Mrs. Sanders resided in this city a few years ago, Mrs. Williams was here with them. She was beloved by all who knew her here, and her great activity at such an advanced age was often commented upon.

PRESIDENT J. J. FREY

Of Several Well-Paying and Prosperous Colorado Railroads.

INTERVIEWED WHILE IN TOPEKA.

Mr. Frey was in Topeka Tuesday and was interviewed on matters of general interest as follows by the State Journal:

"I am well pleased with my new position," said Mr. Frey. "I have been in the position of general manager of the Santa Fe for several years, and I have been able to make it a success. I have been able to make it a success. I have been able to make it a success."

"My great endeavor in railroad work," continued Mr. Frey, "has been to make it a success. I have been able to make it a success. I have been able to make it a success."

"The feeling against the tonnage system now practiced on the Santa Fe is an illustration of what I have just said," went on Mr. Frey. "I am confident that if the tonnage system is abolished, the matter will be taken up in all other states where 'double-header' trains are run."

"If troubled with rheumatism, give Chamberlain's Pain-Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frost-bites, quins, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Price 10 and 50 cents. All druggists."

FOR SALE.

A good house and lot on South Arno, near Coal. A bargain if taken soon.

A good building lot near Second ward school house.

Improved and unimproved property in different parts of the city at prices that will make money.

J. E. Saint.

Many Lives Saved.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by all druggists.

Wm. Orr, Newark, O., says: "We never felt safe without One Minute Cough Cure in the house. It saved my little boy's life when he had the pneumonia. We think it is the best medicine made." It cures coughs and all lung diseases. Pleasant to take, harmless and gives immediate results. J. C. Berry and compositum drug stores.

Carpet: Carpet: Carpet: See our new spring line. We can save you money. Albert Faber, 305 Railroad avenue.

Remarkable Cure of Rheumatism.

Kenna, Jackson Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance. Her limbs being swollen to double their normal size. Mr. S. Madi cox insisted on my using Chamberlain's Pain-Balm. I purchased a 50 cent bottle and used it according to the directions and the next morning she was able to walk without assistance in any manner, and she has not had a similar attack since.—A. B. Parsons. For sale by all druggists.

The Best in the World.

We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisement in our own and other papers we purchased a bottle to see how it would affect us. It is the best medicine out for colds and coughs.—The Herald, Andersonville, Ind. For sale by all druggists.

Sample line of hats for gentlemen, bought at 50 cents on the dollar. Will sell the same way. New and stylish hats for 75 cents and up. B. Hild & Co.

Heavy snow storms prevailed to-day on the mountains north of the city.

Seats on sale at Matson's to-morrow for the Nashville Students. Prices 50 and 75 cents and \$1.00.

The office of President G. L. Brooks, of the Aztec Land and Cattle company, is now located in room 22 in the Grant building.

Mrs. W. H. Gibson arrived from Emporia, Kansas, last night, and will remain a few weeks visiting with the family of James McRae.

Yesterday afternoon Grunfeld Bros. signed the contract for their new business building. Work is expected to commence in a very short time.

Sam Supple with his family arrived here last night from Ft. Wingate. Recently he sold his interests in a large Indian trading store at that place.

Souvenirs in the shape of a folding slate are being given to school children by Simon Stern, the enterprising clothier, at his store on Railroad avenue.

Manager D. P. Jones, of the big company store at Madrid, came in from the north last evening, and was around to-day greeting his many friends.

C. F. Waugh, who was in the northern part of the territory on a business trip in the interests of Gross, Blackwell & Co., came in from the north last evening.

B. A. Sleyser, as special agent for the Atlas assurance company, will leave for the southern towns to-morrow morning. He will be absent about ten days.

The regular meeting of the Library association will be held Saturday morning, April 7, at 10:30. All members are requested to attend these meetings.

J. T. Keogh, the Simmons Hardware company representative in New Mexico, came up from the south this morning and spent the day here calling on the local merchants.

William Walsh, one of Albuquerque's popular young men, who has been employed as a machinist in the Santa Fe Pacific shops, left Wednesday evening to accept a position at Winslow.

William Glaser, the Gold avenue tailor, left on the early morning train yesterday from Ontario, Cal., announcing the death of Miss Marian McDonald, a young lady who visited here last fall and who was a large number of friends during her stay.

A dispatch was received here yesterday from the Christian Endeavor society of the Congregational church which held at the house of the president, 402 South Fifth street, at 7:30 this evening. A full attendance was desired.

Seats go on sale to-morrow morning for the return date of the Nashville Students. This will be the last chance to hear the sweet voiced singers and see the funny comedians as the company is now on its way back to the extreme east.

That pretty pneumatic rubber tire road wagon, which was purchased the other day from J. Korber & Co., by Oscar Clifford has been resold by the latter to Joe Barnett, and instead, however, Mr. Clifford has purchased from the same firm one of the new Columbus top-buggies.

George H. Bush, who conducts the big dairy business in Bland and Alameda, is again in the city purchasing a number of thoroughbred milk cows. He says business in all lines is holding its own this season, and before the year is ended the people there will be enjoying all kinds of prosperity.

Frank Hall, a deputy United States marshal, went up to the capital city yesterday and turned over to Superintendent Bureau of the penitentiary, Charles Lockett, who was sentenced to a two-year term in the "pen" for the murder of Sheridan Phillips at Ft. Wingate last fall. Mr. Hall returned to this city last night.

People are still kicking and complaining about the new law, but in their loud attitude, that reside on the main street to the new theater, and some effort should be made before the grand informal opening night to weed them out, or make them understand that they must not advertise themselves too conspicuously to the disgust of decent people.

The new advertising curtain for the new theater arrived Wednesday and was put into position yesterday when Proprietor Neher invited all advertisers to inspect and admire the pretty work. The center picture, around

which are advertisements, represents a Vienna scene. The entire paraphernalia of the new and handsome theater has been received, and the house will show up very creditably with any playhouse in the southwest.

At the depot last evening Deputy United States Marshal J. J. Sheridan met his old friend, Sherman Bell, the ex-Rough Rider, who was just returning from a business trip to Denver. Mr. Bell is quite well known in this city, and since the war he has acquired some valuable mining properties in Grant county. It is said he has struck it rich.

Mrs. H. R. Elwell and daughter, Miss Phoebe Elwell, family of H. R. Elwell, of this city, and Mrs. Blanche M. Steele, arrived last night from New York, and for the time being have taken rooms at the Grand Central.

Harry Spurlock, who has been engaged as freighter at Bland for the past year, recently resigned his position, and has concluded to sample a warmer climate. He passed through this city to-day en route to El Paso.

John A. Ross, a well-known and popular railroad of Las Vegas, came in from the north last night, and is among local railroaders to-day.

James McCorriston, who has been kept quite busy the past few days, is now figuring on a big cement sidewalk job for an outside town.

Wm. Zachariah, the Bland contractor and carpenter, who was here the past few days on business, returned to Bland this morning.

Hear the double quartette of the Nashville Students Wednesday evening. Mrs. M. C. Glenn, from Cedar Rapids, is here to spend a few days.

The city council will hold an important meeting this evening.

He Captured a Senorita.

About eight months ago Otto Frank arrived in this city from Italy—a young man who did not understand a word in either the English or Spanish language. The second day after his arrival he went to work for Bachschl & Glom, sleeping in a room at the firm's warehouse on north First street. He failed to master the queen's English, but he knew how to handle barrels and cartons in Spanish. It is now announced that he has captured the heart of a fair senorita that would occasionally perambulate around the warehouse, and that the marriage ceremony will be celebrated in a short time. Otto has taken a lay-off, and the firm of Bachschl & Glom will be minus his services until after the wedding.

Raton Election.

The democrats of Raton elected their candidate for mayor, Dr. Shuler, by 382 votes to 292 for Dayne, the opposing candidate. Morris, democrat, beat Higgs for clerk by a majority of 13 votes, while Alf. Jels, for treasurer, defeated. The republicans elected two aldermen and two members of the school board, likewise the democrats.
