## THE WATER IS GOING DOWN

Flood is Receding as Rapidly as it Came Up--The Kansas City Union Depot is Coming in View.

## STEADY RISE OF THE RIVER AT ST. LOUIS

Kansas City, June 5.—The rivers here are now falling as rapidly as they rose before the flood. The Missouri has fallen a foot and nine inches in the past 24 hours, and at 7 o'clock this morning the government gauge registered 31 feet. The Kaw river fell nearly two feet in the same time. By Saturday noon the platform of the Union depot will likely be partially above water. Permanent communication was opened today between the two Kansas Cities for the first time since Sunday and this will aid wonderfully in the work of restoring order. The several hundred refugees from Armourdale and other districts who have been housed in Convention Hall were removed today to tents in the south portion of the city because of the unsanitary condition of the hall.

Four bodies passed down the Missouri within an hour before noon today with a quantity of drift that came out with the current from between Armour and Fowler Packing houses, situated at the mouth of the Kaw. The bodies were carried along so swiftly that they could not be recovered.

**MAY PLANT CORN.**  
Abilene, Kas., June 5.—The Smoky Hill river here fell 2-2 1/2 inches during the night. Where water has stood for a week, no crops can be harvested though corn may yet be planted.

**MUD THREE FEET DEEP.**  
Topeka, June 5.—The river today was 9 feet below the highest recorded point, the water having fallen during the night at the rate of an inch an hour. The approaches to the Melan bridge on Kansas avenue were completed early today and a steady stream of people, carrying shovels and brooms were soon on their way to North Topeka to clean their homes and stores. The water has receded from the main business streets for a distance of five blocks north of Gordon street and has left an accumulation of mud and slime, that in some cases is piled three feet high along the fronts of stores and in many of the buildings. In spite of the most determined efforts the water company has

been unable as yet to force the water out over the entire city. At 10 o'clock one wall of C. W. Thompson's store in Gordon street collapsed, wrecking the building. No one is reported injured. Other buildings are reported in a weak condition. To the list of known deaths, must be added the names of ten persons whose bodies were recovered or seen in the water up to noon today. Seven of the victims were swept away in a body from the vicinity of 1800 North Harrison street. They are Mrs. Schunkweiler, George Schunkweiler, Mrs. Jessie Stout and four children. The bodies of Nellie Watson and George McDonald, both aged, and Peter Edwards, all colored, were discovered on the north side.

**COMING UP AT ST. LOUIS.**  
St. Louis, June 5.—The river this morning attained the stage of 33 1/2 feet, a raise of 1 1/2 feet during the past 24 hours. The crest of the flood which is expected by Sunday, may be 36 feet and may go even higher as the rivers north and west still pour in their quotas of water. In north and south St. Louis, the river is several miles wide. Along the river front, however, it is encroaching on buildings, making necessary the moving of household goods and business stocks.

A special to the Post-Dispatch from Louisiana, Mo., says: The levee broke opposite here at 10 o'clock this morning. A hundred thousand acres of farm land protected by the levee, will probably be flooded and the estimated losses resulting will aggregate millions of dollars.

**ISLAND NEARLY COVERED.**  
Chester, Ill., June 5.—The river at this point is rapidly rising. The rise has been so great within 48 hours that it threatens to do great damage to property of persons living at Kaskaskia Island. The home of Stanley Jones on Kaskaskia Island, is entirely surrounded by water today and friends of the family in Chester have sent a boat to their rescue. Great damage is done to crops in the lower section of the country here.

**READY TO REPORT.**  
Grand Jury Considering Mache's Case was in Session Only Ten Minutes.

Washington, June 5.—The federal grand jury which has been considering the case of A. W. Mache, former superintendent of the free delivery service of the postoffice department, charged with accepting bribes in connection with department contracts, after being in session ten minutes this morning, adjourned to report to the criminal court No. 3 at 1 o'clock this afternoon.

**The Wool Market.**  
St. Louis, Mo., June 5.—Wool, steady. Territory and western medium, 16 @ 17 1/4; fine, 14 @ 16; coarse, 13 @ 15.

**Stock Markets.**  
New York, June 5.—Closing stocks: Atchison, 73 1/4; Atchison pfd., 93; New York Central, 125 1/4; Pennsylvania, 124 1/4; Southern Pacific, 49 1/2; Union Pacific, 81 1/4; Union Pacific pfd., 87 1/4; United States Steel, 31 1/4; United States Steel pfd., 81 1/4.

**MARKET REPORT.**  
**MONEY AND METAL.**  
New York, June 5.—Money on call steady at 1 1/4 @ 1 1/2 per cent. Prime mercantile paper 4 1/2 @ 5 per cent. Silver 52 1/2.

**GRAIN.**  
Chicago, June 5.—Close. Wheat, July, 75 1/4; Sept., 73 1/4 @ 74. Corn, June, 48; July, 48 1/4 @ 49. Oats, June, 36 1/4 @ 36 3/4; July, 36 1/4 @ 36 3/4.

**PORK, LARD, RIBS.**  
Pork, July, \$17.30; Sept., \$16.05. Lard, July, \$8.85; Sept., \$8.92 1/2 @ 8.95. Ribs, July, \$9.37 1/2; Sept., \$9.30.

**STOCK.**  
Kansas City, Mo., June 5.—Cattle, steady. Native steers, \$3.00 @ \$5.05; Texas and Indian steers, \$3.00 @ \$4.25; Texas cows, \$2.35 @ \$3.25; native cows and heifers, \$1.90 @ \$4.05; stockers and feeders, \$3.00 @ \$4.60; bulls \$2.00 @ \$3.90; calves, \$2.00 @ \$6.50; western steers, \$2.75 @ \$4.90; western cows, \$2.00 @ \$3.60.

**Business Portion Burned.**  
Loss of \$100,000 in Two Blocks at New Lisbon, Wisconsin.

La Crosse, Wis., June 5.—The business portion of the town of New Lisbon, was almost entirely destroyed by fire early today and the loss is approximately \$100,000. Two entire blocks of buildings were destroyed. The fire started in Silson Bros. & Co., store about midnight from an unknown cause.

Did you notice the new iron fences in town? Did you notice the improvement in the looks of the property? They are cheaper than wood. Davis and Spooner, the Sanitary Plumbers.

## PROSPEROUS AND SATISFACTORY

Was the Year Which Has Just Closed at the College of Agriculture and Mechanic Arts at Mesilla Park.

## FEW CHANGES WERE MADE IN THE FACULTY

G. A. Richardson of Roswell, president of the Board of Regents of the New Mexico College of Agriculture and Mechanic Arts, spent a few hours in this city yesterday while on his way home from Mesilla Park where he attended the commencement exercises of the college. There were four graduates this year, one of whom was a Santa Fe young woman, Miss Maud McFie, a daughter of Judge and Mrs. John R. McFie. The remaining three graduates were Miss Ina Nelson of Denver, Miss Frances Ford of Las Cruces, and O. B. Metcalf of Grant county. The exercises were a complete success. The graduates were all especially strong. Miss McFie's thesis was "A History of the Mesilla Valley" which was exceptionally interesting. It was well prepared and eloquently delivered.

At the meeting of the Board of Regents, Professor Dickinson of The Ohio State University at Columbus, was employed to fill the vacancy caused by the resignation of Miss Davis as head of the department of English; Professor Hare who has been assisting in the department of chemistry for a number of years, was promoted to the head of the department to fill the vacancy caused by the resignation of Professor Arthur Goss, who was recently elected professor of chemistry of Dupuy University at Greencastle, Ind.

The corps of instructors on music was increased by the employment of Miss Nora Murphy of Hillsboro, who is a graduate of a Denver school, to have charge of voice culture, and Mrs. Dinegress of Johnston, O., to be in charge of the instrumental music.

With these exceptions the faculty of the year just closed was re-employed. The year closed successfully and the closing exercises were of great interest and of much merit.

Mr. Richardson says that a serious question confronts the board of regents because of the absence of funds for needed additions to the girls' dormitory, the boys' dormitory and the library building. The board will likely meet some time during the present month for the purpose of seriously considering the actual need of additional buildings and, if possible, to devise some means of at least enlarging the girls' dormitory between now and the commencement of the next school term on September 8.

The Pecos Valley is very prosperous, says Mr. Richardson, and is rapidly developing.

Rev. W. A. Cooper of this city, who is also a member of the Board of Regents, has returned from the commencement exercises. In speaking of the institution, Mr. Cooper said:

"The College of Agriculture and Mechanic Arts at Mesilla Park, has just closed the most successful year in its history—best in its equipments, best in its teaching force, and having the largest number of students. The graduating exercises consisted in part of selections taken from most carefully prepared theses by the graduates, each of whom is deserving of notice, especially Miss Maud E. McFie of this city on 'History of the Mesilla Valley'."

G. A. Richardson, president of the Board of Regents, presented the diploma with most fitting words. The chair of English literature made vacant by the resignation of Miss Davis of Topeka, Kas., was filled (conditionally) by an Ohio professor. The chair of chemistry made vacant by the resignation of Professor Goss, who has been made assistant chemist of Indiana, was filled by assistant chemist Professor Hare. The coming year the school will be equipped with both vocal and instrumental teachers. This year promises to surpass the year just closed. All but two or three rooms in the girls' dormitory have been engaged for the ensuing year. The institution needs more room very much. The alumni association as it adds to its numbers is also adding to its college spirit. The banquet was a most enjoyable and social affair. At the track meet the college proved more than an equal to its opponents. Each year adds to the interest, influence and strength of the school. The Board of Regents adjourned Wednesday afternoon, having completed the routine work for the year. Judge Seaman Field of Denning, was the only regent who was not present."

**MARKET WAS FAVORABLE.**  
New York, June 5.—New low records were made in some stocks at the opening of today's market. The entire list was under pressure, especially such market leaders as Amalgamated Copper and Pennsylvania, and Canadian Pacific and some others in the same class. Copper sold down to 51-1/2 and losses of a point or more were quite general. Heavy buying orders rallied the list soon after the opening decline, but the tone of the market soon became feverish again.

During the early afternoon a heavy selling movement broke out, starting in Atchison and Union Pacific, thousands of shares of which were thrown over at declining prices. Atchison fell below 70 and Union Pacific below 80. Some stocks went lower than Monday's low record.

**PHILIPPINE HURRICANE.**  
Much Damage to Shipping and Many Government Vessels Wrecked.

Manila, June 5.—A hurricane has swept over the Philippines, and great damage has been done to shipping. The United States transport Shamshus is reported wrecked. This, however, is not confirmed. The United States steamer Pearl de Visayas is totally lost off Camotes Island. A part of her crew were saved. The United States steamer Haurafel and the schooner Mayflower have been driven ashore off Ormoc, West Leyte, and will prove a total loss. All on board were saved.

**MISTAKE IN NAME.**  
Washington, June 5.—The war department has no record of the transport Shamshus, but there is a small vessel in the service in the Philippines named Samshus.

**SALISBURY ILL.**  
Had a Chill During the Night Which Caused Some Alarm.

London, June 5.—It was reported today that the Marquis of Salisbury was seriously ill at Hatfield House, his Hertfordshire house, but inquiries showed the report was exaggerated. According to the former premier's private secretary, Lord Salisbury had a chill during the night, which occasioned some alarm, but he was better this morning.

**GAINESVILLE SUFFERERS.**  
Government Has Issued Rations to Tornado Victims.

Washington, June 5.—General Chaffee has sent to General Corbin a copy of the following dispatch from Lieutenant Kear at Gainesville, Ga.: "Fifteen hundred people dependent upon charity and 200 seriously injured. Have requested 4,000 rations and medical supplies from Fort McPherson. No further immediate relief necessary."

**Business Portion Burned.**  
Loss of \$100,000 in Two Blocks at New Lisbon, Wisconsin.

La Crosse, Wis., June 5.—The business portion of the town of New Lisbon, was almost entirely destroyed by fire early today and the loss is approximately \$100,000. Two entire blocks of buildings were destroyed. The fire started in Silson Bros. & Co., store about midnight from an unknown cause.

Did you notice the new iron fences in town? Did you notice the improvement in the looks of the property? They are cheaper than wood. Davis and Spooner, the Sanitary Plumbers.

## SUN IS STILL OBSCURED

Dense Smoke and Ashes From the Adirondack Forest Fires.

## ARE YET BEYOND CONTROL

Three Thousand Men Are at Work in the Hudson River Water Shed.

Saratoga, June 5.—The sun today is still obscured by the dense smoke and ashes from the Adirondack forest fires. Reports which reached here today from the Catlin Lake region are that the fires covered a territory 15 miles in width and 20 miles in length and are still spreading despite the efforts of hundreds of fire fighters. The fires in the Cold River region cover 20 miles square.

**FIRE FIGHTERS BURNED.**  
Saville, L. I., June 5.—The section of Long Island that has suffered most seriously from the forest fires is that in the vicinity of Medford and Farmingville and the individual losses will reach into the thousands. Many of the fire fighters have been injured or burned.

**THREE THOUSAND WORKING.**  
Glens Falls, N. Y., June 5.—Reports today from North Creek region state that the fire fighters are holding the flames back. Nearly 3,000 men are at work fighting the fire in the Hudson river watershed.

**GETTING NEAR HOME.**  
President Roosevelt and Party Reached Pittsburgh on Schedule Time.

Pittsburg, June 5.—The train bearing President Roosevelt and party arrived here over the Pennsylvania at 8:24 this morning, seven minutes ahead of time, and departed for Washington sixteen minutes later. The train is to take a slow schedule over the Allegheny mountains. During the stop here, the President got off the train, walked to the platform and took a stroll some distance up the track, stopping here and there to shake hands with the railroad employees. On account of the hour of the President's arrival, there was quite a large crowd of people at the station, many coming in on trains from the suburban towns to their daily employment.

**DEADLOCK WAS PROMISED.**  
Injunction Prevented Anybody From Canvassing the Denver Charter Vote.

Denver, June 5.—With an injunction from Judge Mullins restraining the city council from canvassing the returns of the charter election, and one from Judge Palmer restraining County Clerk Aichele from canvassing the vote, a deadlock was promised in charter matters; but after a conference between the two judges and attorneys on both sides, an agreement was reached by which the matter went over till tomorrow and in the meantime Palmer and Mullins are to decide which judge of the district court shall hear the injunction cases, the two being consolidated for the purpose of the hearing. The agreement was satisfactory to both sides.

**STRIKE COMPROMISED.**  
Each Side Gives Up Five Cents and All is Lovely.

Pueblo, June 5.—The strike of structural iron workers employed by the contractors at the steel works of the Colorado Fuel and Iron Company, was compromised today on a basis of 45 cents an hour for an 8-hour day, and extra for over time. The men had demanded 50 cents and the contractors had heretofore offered 40 cents.

**ARGUMENTS COMMENCED.**  
Minnesota Begins Its Suit Against the Northern Securities Company.

St. Paul, Minn., June 5.—Arguments were begun today before United States Judge Lochran in the case of the state of Minnesota against the Northern Securities Company and the roads whose control is merged in the New Jersey corporation. The arguments may last two or three days.

**Daniels Reappointed.**  
Richmond, Va., June 5.—United States Senator Daniels was today declared the nominee of the Democratic party as his own successor for the United States senate. He is now serving his third term in the senate.

**Judge Cobb Dead.**  
Judge James Cobb, for twelve years a congressman from Alabama and later a judge in that state, died at Las Vegas Wednesday from general debility. He was 67 years old. The body has been shipped to his old home in Tuskegee, accompanied by the widow, a son and daughter.

**Broke His Neck.**  
Mariano Ruiz was killed at La Tijera in the Sandia mountains yesterday. The horse he was riding stepped into a hole and fell and Ruiz was thrown to the ground, breaking his neck. His relatives left Albuquerque yesterday for the scene of the accident.

**Coronado Tent City Band will be in Santa Fe, June 8, in the evening.**

## BY THE MIDDLE OF AUGUST

Mountainair Expects to Have Railroad Communication With the Outside World--Traffic Has Commenced

## SANTA FE RAILWAY IS PUSHING THE GRADING VIGOROUSLY

Special to the New Mexican.  
Mountainair, N. M., June 3.—Indications now are that Mountainair will have railroad connections with the outside world by the middle of August. Traffic has already commenced between Torrance and Willard on the Santa Fe Central Railway and the road from here to Willard will be finished as soon as the necessary ties and bridge timbers can be secured. The grading will soon be finished.

As soon as the track between this place and Willard is completed, C. H. Sharp will bring one of his steam shovels from Oklahoma and begin work on the big cut at the summit. The permanent track will be laid on both ends by the time the rock work in the Abo canon is done.

Eggleston and Matthews have moved to their new camp about three miles east of Mountainair and expect to finish their contract in a few weeks.

Mr. Bailey has moved from Yaso settlement to near the summit and the west side will soon be graded to where the steam shovel will begin work.

The Santa Fe railway is setting a good example to the settlers by constructing immense reservoirs along the line wherever the topography is favorable. If all the water that falls in this country could be stored for irrigation purposes, there would be enough to make farming no mean industry.

E. J. Hiley was held up and robbed the other night by two highwaymen who, judging by the way they went at it, were not amateurs. The robbers secured \$105 and some valuable papers among which was Mr. Hiley's land office receipt for his homestead filing.

A tramp went to Mr. Bailey's camp the other day and found Mrs. Bailey alone. He demanded something to eat and, upon her refusal, became abusive and threatening. Mrs. Bailey's screams brought several men from work nearby. They were getting ready to demonstrate to the ruffian the danger of such tactics when, woman like, Mrs. Bailey interceded for him and the brute got off with nothing worse than a few well directed kicks. Most of the men employed on the grade are well behaved fellows and such characters as this fellow generally receive an invitation to move on without ceremony.

The company well drill is down nearly 80 feet in the new well and it is now in white sandstone. The drill was lost in the first well at a depth of nearly 100 feet.

W. F. Burtell has bought lots in Mountainair and is constructing the first store building on the townsite. He will put in a large stock of general merchandise.

F. J. Smith has sunk a well on his claim over 30 feet and is now digging in moist dirt. He expects a gusher at any moment.

James Dunn, chief engineer of the Santa Fe railway, and J. V. Key, superintendent of construction, made a flying trip over the line this week. While here, Mr. Dunn selected the site for the depot, the "Y" and coal chute. There will be 14,000 feet of side tracks at this place.

Miss Emma Corbett is expected from Kansas City next week. She has a fine claim adjoining the townsite.

Frank Dalby has been sick with something like mountain fever, but is rapidly improving.

The tie cutters and other employees of B. B. Spencer and Company struck the other day and for a time business was at a standstill. Matters have been satisfactorily adjusted and things are running smoothly again.

W. V. Tully is in Albuquerque on business. He made the trip on his bicycle.

Lambing has been unusually good in this vicinity this spring. Many of the men report 90 per cent. The nights so far have been very cold but otherwise the weather was very favorable.

**Santa Fe Central Railway Notes.**  
Another heavy hail and rain storm along the line of the Santa Fe Central Railway in southern Santa Fe and in eastern Valencia counties is reported on yesterday.

The Santa Fe Central Railway has just received its fourth locomotive, the same having arrived on Monday at Torrance.

Orders for several passenger coaches for the use of the road have been placed and these coaches are expected to be here about the time the road is ready for operation.

The Denver and Rio Grande Railroad has sent two narrow gauge locomotives to the shops at Salda for a thorough overhauling. Upon the completion of the Santa Fe Central Railway, the locomotives are to be put on the division between Santa Fe and Antonio and the run between the two points is to be made in five hours and a fast daily train service including Sundays will be installed.

**"NEW GAME LAW"**  
Requires dealers to possess certificates from the Game Warden before they can sell Mountain Trout. The Bon-Ton is the only place where you can get the speckled beauties. Give us a call.

## NINE WERE KILLED OUTRIGHT

Two Santa Fe Trains Crashed Together Near Stillwell, Kansas, on Account of Confusion in Orders.

## PULLMANS DID NOT LEAVE THE TRACK

Kansas City, June 5.—The following is a revised list of the killed and injured in the Santa Fe train wreck at Stillwell, Kas., yesterday: Link Day, Los Angeles; Wm. Newmiller, Plainfield, N. J.; Dan Monahan, Prescott, Ariz.; H. Ward, New Castle, Pa.; C. A. Kniskern, Monett, Mo.; Carlos Tarpardo, Porto Rico; Frank Johnston, conductor of a Pullman; two unknown men. The most seriously injured are Baggage-master Owen Patchin, who will probably die, and A. L. Zellers of N. Manchester, Ind. Those whose conditions are serious are J. Green, Indianapolis, left leg fractured; Thomas McDonald, Temple, Tex., arm broken and three fingers cut off and other injuries; William Woods, North Forest, left leg crushed and internal injuries. At 9 o'clock this morning the physicians in charge reported all the injured doing as well as could be expected. The trains that collided were the third section of No. 4 northbound, from California to Chicago, and the southbound California limited. With the exception of two tramps on the bumpers, all the killed and injured were in the chair car of the southbound train. The Pullmans did not leave the track. Confusion of train orders caused the wreck.

The trains were routed over the Missouri Pacific on account of the floods which have washed out the Santa Fe tracks. Orders were sent out by the train dispatcher for both trains to meet at Stillwell. It is claimed the crew on the Chicago train disregarded the orders and ran more and more past the meeting place. The tracks were cleared last night and traffic resumed.

**OFFICIAL MATTERS**

**TERRITORIAL FUNDS.**  
The following territorial funds have been received by J. H. Vaughn, territorial treasurer: From H. O. Bursum, superintendent of the territorial penitentiary, convicts' earnings, \$181.

**DEPUTIES NAMED.**  
Page B. Otero, territorial fish and game warden, has appointed the following deputies: George D. Young, A. D. Rauch, Hugh Allen, Vermijo; W. G. Logan, Cimarron; Wade Brackett, George Doyle, Frank Hadden, Cutskill, all of Colfax county.

**APPOINTED CAPTAIN.**  
Governor Otero has appointed W. C. Porterfield of Silver City, as a captain in the First Regiment of Infantry, New Mexico National Guard. He is assigned to duty as commissary officer on the staff of the colonel commanding the regiment.

**AGENT DESIGNATED.**  
The Sierra Florida Mining Company, organized under the laws of New Mexico, but a majority of whose stockholders reside outside of the territory, has filed a certificate with J. W. Reynolds, territorial secretary, designating the place of business in the territory and the name of the local agent. The agent is J. J. Smith and the principal place of business is at Deming, Luna county.

**SURVEY APPROVED.**  
Mineral survey No. 1154 has been approved by Surveyor General Morgan O. Llewellyn. The survey is of the Cashere group comprised of the Northern Light, Pay Roll, Cashere and Newfoundland lead mining claims situated in the Keystone mining district in Taos county. The claimants are the Cashere Mining and Milling Company of Taos county, and the survey was made by William E. McKean of Taos, deputy United States mineral surveyor.

**TAOS COUNTY NOTES.**  
Mrs. E. I. Couse Thrown from a Burro and Her Arm Broken.

Special to the New Mexican.  
Taos, June 3, 1903.

E. I. Couse, wife and son, of New York City, arrived in Taos a few days ago and will spend the summer here. They were here for several months last year. Mr. Couse is a well known artist of New York City and while here last summer, painted a number of Indian pictures, one of which won the \$500 prize at the Art Exhibition in New York. He will devote the summer to his art.

Mrs. Couse, wife of the artist, met with a serious accident yesterday morning. She fell backwards from a burro she was riding and dislocated her right elbow and fractured the humerus. She was alone and about a mile from town. Though suffering intensely, she walked to town, to the residence of Bert Phillips where she told of her accident. Dr. Martin was summoned and reduced the dislocation and fracture. A few hours later Mrs. Couse was able to be moved to her rooms at Ranchitos where she is now resting easily.

Daily rains are the order now. Yesterday the rainfall was .72 inch.

At the school election held yesterday, A. Adamson was elected director. There was no opposing candidate and only about 25 votes were cast.

The Fraser Mountain Copper Company of Twining made a very successful smelter run last week. On June 9 they will blow in again for a long run.

W. M. Frayne has rented a room in Dr. Martin's new block on the Plaza and will soon open an insurance office.

The county commissioners are in session as a board of equalization. They are doing considerable raising of tax schedules.

The New Mexican is sending about 50 copies each week to parties desiring information about Santa Fe. This is done for the public good, and free of charge, although it is quite expensive.

**Pierce in Prison.**  
E. W. Pierce, who at one time opened a law office in Las Vegas and Mora, is serving a term of seven years in the Idaho penitentiary on the charge of embezzlement. He will soon apply for a pardon, and has sent to New Mexico a statement of his side of the case, in which he claims he held the money in question from a husband, as he was acting as attorney for the wife.

**Railroad Company Censured.**  
The coroner's jury which inquired into the killing of Fidel Chavez in the railroad yards at Albuquerque returned a verdict of negligence on the part of the switching crew and severely censured the Atchison, Topeka and Santa Fe Railroad system for not providing better protection for its employees.

# SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY  
Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

FRIDAY, JUNE 5.

The people of the Capital City of New Mexico must bestir themselves and get up a first class celebration for the coming Fourth of July. In all such matters this city should set the proper kind of an example.

The New Mexican is informed that "will or not" there is absolutely no more room for insane patients at the Territorial Insane Asylum and that the institution is seriously overcrowded. This is too bad indeed and a remedy for this undesirable state of affairs at present, it must be admitted, is not easy to find.

The Ohio Republicans are going into the campaign, harmoniously, energetically and with a united front. Myron T. Herrick of Cleveland, is the standard bearer, being the nominee for the office of governor. Every indication points to a grand Republican victory in the Buckeye state at the coming November election.

Many people express the opinion that the physician in charge of a Territorial Asylum for the Insane, should reside at the institution and that his salary should be such as to permit him to devote his entire attention to his work. A man who calls at the institution only a few hours every other day can hardly be held responsible for any abuses that may occur during his absence.

The Ohio Republicans in yesterday's convention, unequivocally endorsed Mr. Roosevelt for the Republican nomination for the presidency next year. The platform commends the president for his strong fidelity to duty, for his faithful adherence to the McKinley policies and for the many great achievements of his administration. Ohio Republicans do not propose to take a back seat in the Roosevelt band wagon. In fact they have secured for themselves a very prominent front place.

The El Paso Herald this week published an industrial edition that is above anything in that line yet attempted in the Southwest. The edition is beautifully illustrated and devotes many pages to the resources and wealth of Grant, Otero, Luna and other New Mexico counties. The newspapers are doing work of inestimable value in building up the Southwest in general and their own localities in particular, but the New Mexican regrets to say at the same time, that this work is not appreciated as it should be by those who are especially benefited thereby.

Many of the Wall Street financiers act upon the principle that presidents of the United States should be chosen with a single purpose that Wall Street men might be prosperous and happy. For this very reason many of them, although bright, keen and successful business men, are against the election of Mr. Roosevelt in 1904. They know he is not a Wall Street man and cares precious little for the "street." On the other hand, the fisherman of Princeton just fills the bill for them and hence the stock brokers and bond dealers in New York and other eastern money markets are now shouting for a third term for Grover.

President Diaz of the Republic of Mexico, is rather far seeing. The Mexican government has just bought a large block of the stock of the Mexican National Railroad. This was done in order to prevent a merger of that road with the Mexican Central Railroad, the two being in the main competing lines. President Diaz understands perfectly that railroad mergers may be beneficial to a few, but in the very nature are bound to be detrimental to the many and he proposes to have as little of that sort of business as possible in Mexico, and while he is president. In this respect, Mexico seems to be somewhat ahead of the United States.

The Las Cruces Board of Trade held an important and interesting meeting on Tuesday evening at which the vital question of the preservation of the flood waters of the Rio Grande was discussed. Colonel W. H. H. Llewellyn, who recently returned from Washington, where he looked into this matter minutely and thoroughly, informed the Board that it is not necessary to go to the expense of sending a special representative to the National Capital to look after New Mexico's irrigation interests and especially those of the Mesilla Valley. The facts and data wanted by the department can be gathered and submitted without personal wire pulling at Washington. This is gratifying because it shows a disposition on part of the Department of the Interior to deal with the western states and territories without discrimination and in accordance with the opportunities and needs of each particular section.

The fact that strikes the visitor to the College of Agriculture and Mechanical Arts at Mesilla Park above all others is the intensely practical nature and the thoroughness of the work by the pupils. It is work along lines that must enable every graduate from the institution to help himself and at the same time the community in which he pursues his calling. It is this that makes an education at this college of greater practical value to the average boy or girl than an education at Harvard or Yale.

**THE NEW MEXICAN'S POSITION.**  
"Our esteemed contemporary, the New Mexican, is becoming a noted peace-maker. The halo of the beatitude is materializing around his head like a 'dove' wave. Nothing could induce him to indulge in a scrap. He is already entitled to be called one of the children or at least, one of the grand-children."—Albuquerque Journal-Democrat.

The valued Albuquerque Journal-Democrat has the thanks of this paper for the above item. As far as scraps are concerned, the New Mexican never indulges in them. Whenever this paper deems it proper and right to make a fight for the best interest of the people of the territory and of the Republic, it does so and the past shows that such fights have been, nine cases out of ten, successful. During the past few years the New Mexican has made several such and has come out on top. Whenever occasion requires it will do so again. For the present the New Mexican is in the language of President Roosevelt "Speaking softly, but is carrying a big stick." Among the mottoes observed in the conduct of this paper is "Notti me tangere," "touch me not." This paper seeks no scraps and carries no chip on its shoulders, but when it goes into a fight it will "bear it that the opposer may beware" of it. Whenever this paper deems proper and right to take up any matter, public or political, in this territory for discussion and approval or condemnation it will do so, but it has its own mind upon such subjects and will continue the privilege of choosing time, manner, method and subject of doing so in its own good time and as it sees fit.

**THE NEW MEXICO OF TODAY.**  
The New Mexican is pleased to republish from the columns of the valued Albuquerque Journal-Democrat, an editorial concerning the action of the New Mexico Board of Managers for the St. Louis exhibition. In this matter the New Mexican and the Journal-Democrat stand upon exactly the same plane and have the same objects. Antiquities, ancient history and archaeological curiosities are very well in their way. New Mexico has many of them and these attract the scientist and some rich tourists. New Mexico wants these to come to the Sunshine Territory, spend as much time here as possible and enjoy themselves in every way practicable, but the homeseeker, the man who desires to secure a competency for his old age; the husband and father, who wishes and does well by his family and who desires to educate his children in order to give them a proper start in life, the farmer, the merchant, the stock raiser, the fruit-grower, the miner, the engineer, the capitalist and the healthseeker must have more than antiquities and archaeological subjects.

The New Mexico exhibit at St. Louis is to show to all those of the above mentioned classes visiting it that New Mexico offers more than fair opportunities to climb up the ladder, the rungs of which are health, good reputation, the attaining of a competency, securing good homes and many excellent chances for advancement in all walks and conditions of life. "The New Mexico of today" is to be mainly represented in this exhibit. Of course, the New Mexico of yesterday, of a century ago, of three, four and five centuries ago and even of a thousand years ago will receive due consideration, but the New Mexico of today will be the guiding feature of the exhibit. So let it be. The editorial from the Journal-Democrat reads as follows:

"It is with a feeling of much satisfaction that the Journal-Democrat turns from the county school scandals and the insane asylum scandals, to the hopeful action that was taken by the World's Fair commission at its initial meeting in Santa Fe on Monday last. "In the selection of its officers the board showed that it means 'business' from the start. It is not the mere fact of business, however, that furnishes the ground for congratulations, but the character of the business which the board laid out for itself. It has inaugurated a complete revolution. It has disregarded the precedents of three hundred years. It has dropped the fossils, the antiquities and the prehistoric remains which have heretofore constituted the bulk of every exhibit from this territory, it has determined to let the dead past bury the dead, and will send an exhibit to St. Louis that will represent the living New Mexico—the New Mexico of the present age, even of the present century—right up to date.

"As we have said, that is a revolution—it is a complete transposition, and leaves the territory with its face to the future and its back to the past."

## ANNUAL STATEMENT, January 1, 1903.

New York Life Glass Insurance Company, New York City.

Notary Public, Stenographer and Type writer. Translations From Spanish into English and from English into Spanish carefully made. Office with U. S. Attorney for the Court of Private Land Claims, Federal Building, FRANCISCO DELGADO, Santa Fe, N. M.

## FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

## GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

# SANTA FE HARDWARE AND SUPPLY CO.

## JOBBER AND RETAILER

Now Open for business with the largest stock of Hardware and Supplies in Northern New Mexico.

In making our opening announcement through The Daily New Mexican, we do not come as strangers, but as citizens of the town and county, believing in the future of our Ancient City and willing and anxious to work together with our progressive business men for the building up of trade relations throughout this section of New Mexico that has hitherto found other channels through which to divert their trade and that rightly belongs to Santa Fe. We believe by concerted effort that during the next two years Santa Fe will take its proper place as the central commercial mart of the southwest.

In order for us to succeed it is necessary for others to prosper hence we bespeak a good word for all and respectfully solicit your patronage and good will.

If you contemplate buying anything in our line step in and examine our goods. We take particular pride in showing our goods whether you buy or not. Our place of business is next door to Seligman Brothers dry goods store at the Cartwright old stand, 216 San Francisco St. We have the largest store room in Santa Fe, two stories and a basement fronting on the Plaza and extending back to Water St. giving us ample room for our different lines.

We expect to sell our goods on merit, honest goods at honest prices, our motto, but no cut throat prices. We hope to be as friendly with our competitors as with the patronizing public.

We beg the indulgence of our patrons and friends for any confusion or irregularities that may occur during the next few weeks for our stock is not yet arranged very systematically owing to recent removal of a large portion of our stock.

We have recently secured the services of Mr. Al Royce who has for the last eight years been with the big hardware store of W. D. Carroll at Antonito, Colo. he will take special pains in waiting on our Spanish speaking patrons, being an expert Spanish linguist—Just call for "Al."

### Hardware and Builders' Supplies

We are completing our line of Hardware and Builders' Supplies and will be able to supply the trade with any article of every day demand. We handle every thing.

### Wagons and Buggies

We have a car load of wagons and buggies en route, shipped from South Bend on May 20, that should arrive here in a few days. We expect to be headquarters for anything in the vehicle line. You can see just what you are buying.

### The Studebaker Wagons

will be our leader—well known; well advertised and when you get a Studebaker you know you are getting the very best wagon that is manufactured anywhere on earth.

### Nails and Barbed Wire

We have just received a car load of Nails and Barbed Wire, being the first car load received here in several years. We can surely sell you your Nails or Wire.

### Harness and Saddles

We are Headquarters for Harness and Saddles. Our Harness Rack, fifty feet long, shows you the largest and most complete assortment ever displayed in Santa Fe. We can also fit you out on Saddles. Cowboy Saddles, Common Saddles and Ladies' Side Saddles all conveniently displayed and easily shown.

### Blacksmith's Materials

Our Stock of Wood and Iron Material for Blacksmiths is very complete, also Anvils, Forges, Vices, Bellows, anything usually needed at the Modern Blacksmith Shop can be had at the right price.

### Furniture Next

We have half a car of furniture left over from the Cerrillos Stock that we propose to sell quick. Dressers, Wardrobes, Tables, Chairs, Wood and Iron Bedsteads—All must go. We have Iron Beds as handsome patterns as can be found any place. These goods must be moved as soon as possible. The prices will suit you.

### Stoves and Ranges

Our Store will be Headquarters for Stoves and Ranges. We have decided after some weeks' investigation to put in

### Buck's Stoves and Ranges

knowing no other stove on the market can excel this line. These goods will not be shipped from factory until July 1, by this time we can get the latest product of the factory, with all modern improvements of 1903, meantime we have other staple lines in stock to supply immediate demands.

### Samson Windmills

The SAMSON WINDMILL may not be the cheapest but it is the best. We believe in making an investment for a Windmill it pays to buy the best. We have them in stock and you don't have to wait if you need a mill. Come and see for yourself.

### Other Lines

We carry Queensware, Glassware, Tinware and a choice line of Blue Delft Enamelled Ware that is guaranteed not to crack or peel off. Comes a little higher than the cheap stuff but you will find it pays to buy the best.

## KENNEDY & TOWNSEND

Santa Fe, New Mexico, June 1, 1903.

216 SAN FRANCISCO STREET.

### STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottle free, regular sizes 50c and \$1.00.

**CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.** Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

**THAT THROBBING HEADACHE.** Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25c. Your money back if not cured. Sold by Fischer Drug Co.

### IF WOMEN ONLY KNEW.

What a Heap of Happiness it Would Bring to Santa Fe Homes.

Hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache pains come from sick kidneys. Doan's Kidney Pills will cure sick kidneys. Santa Fe people endorse this. Mrs. J. C. Hull (J. C. Hull, carpenter and contractor) of Johnson St., says: "Three years ago a physician told me he did not think I would ever recover from an attack of dropsy. I did, but since then I have frequently puffed about the eyes, in the hands, feet and limbs. I suffered from backache so severely and acutely that it was impossible to sit up. It is at least eleven years since I first noticed a tendency toward dropsy and I had given up all hopes of ever being helped, let alone cured. An advertisement about Doan's Kidney Pills induced me to go to Ireland's Pharmacy for a box. If kidney pills had not brought undoubted relief I never would have bought a second nor a third, and if the treatment of three boxes had not driven away the last attack, I would be the last resident to publicly endorse the means employed, namely Doan's Kidney Pills." For sale by all dealers. Price 50c. Doan's Kidney Pills, Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Justice of the peace blanks, in English and in Spanish, for sale in large or small quantities by the New Mexican Printing Company.

### SUCCESSFUL FIELD DAY.

A Large Crowd Was Present at St. Michael's College Yesterday.

The 19th annual field day exercises of St. Michael's College were held on the college campus yesterday afternoon in the presence of a large and enthusiastic crowd. The majority of the contests were spirited and there were no mishaps of a serious nature. Some of the contestants showed splendid training. Soto who was a comparatively easy first in the running high jump, is a graceful and good performer and should develop into a crack jumper. He also took first in the running broad jump. Martinez, who won the 100 yard dash in 10 1-4 seconds is a splendid sprinter. This time is within one second of the world's record for that distance.

One of the prettiest contests of the afternoon developed in the junior bicycle race. There were five starters and they were off in a bunch, holding well together all the way around. Tenney was in lead at the stretch and the front wheel of Cortes's bicycle lapped the rear wheel of the leader's machine. Ellis was right in behind Cortes, pushing him for the place when the wheels of the two front riders collided and they were thrown. Ellis managed to miss the wreckage and passed under the wire a winner, closely followed by Mondragon and Digneo. Neither of the boys were hurt in the collision.

In the pony race there were three starters, Diaz, Luna and Ellis. Ellis scratched and Diaz took a 20-yard handicap, while Luna, who was mounted on a Shetland pony, was given 50 yards. The distances given in the handicap were maintained the first time around, but the Shetland pony flew the track near the grand stand. Ellis then closed in on Diaz whose mount only led by a neck when Ellis' pony went up in the air just before reaching the home stretch. Diaz is a good little rider and had control of his pony throughout the race.

Following are the winners of the various events, standard events coming first: 100 yard dash, class B—Alarid first, Martinez second, time 11 seconds. 100 yard dash, class C—Armijo first, Potter second, time 13 seconds. 100 yard dash, class D—Garcia first, Sandoval second, time 15 seconds. 100 yard dash, minima—Kaune first, Berardine second, time 17 1-2 seconds. 100 yard dash, championship—Martinez first, Soto second, time 10 1-4 seconds. Shot put—Tafuya first, Sanchez second, distance 34 feet 8 inches. 220 yard dash, seniors—Martinez first, Sanchez second, time 29 3-4 seconds. 220 yard dash, juniors—Romero first, Potter second, time 31 3-4 seconds. Running broad jump—Soto first, Mirabal second, distance 18 feet 1 inch. Throwing ball, seniors—Abbott first, Tafuya second, distance 114 yards. Throwing ball, juniors—Romero first, Tenney second, distance 77 yards 2 feet and 7 inches. Running high jump—Soto first, Rick-

### "To say a pleasant word to anyone was almost impossible."

"I was troubled with female weakness for eight years; and suffered more than I can tell," writes Mrs. Gust. Moser of Oquendo, Berklodge Co., Mont. "My disposition was affected to such an extent that to say a pleasant word to anyone was almost impossible. "I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and followed the advice given in the Common Sense Medical Adviser. "I continued this treatment for three months, and to-day am as healthy and well as a woman can be. I cannot thank Dr. Pierce enough for his kind letters to me."

Womanly diseases, as a rule, spoil the "disposition," because of the extreme nervousness and suffering they cause. Happiness as well as health is restored to the woman whose diseased condition is cured by the use of Dr. Pierce's Favorite Prescription.

After eight years of suffering and two fruitless operations, three months' use of "Favorite Prescription" restored Mrs. Moser to perfect health. This great remedy for woman's ills, establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

120 yard hurdle race—Martinez first, Ossa second, time 19 1-2 seconds.

1-2 mile bicycle race, seniors—Digneo first, Ortiz second, time 1 minute 25 seconds.

1-4 mile bicycle race, juniors—Ellis first, time 1:07.

The following miscellaneous events were held:

3-legged race—Won by Baca and Garcia.

100 yard run by fat boys—Romero first, Murillo second.

Sack race—Doyle first, Knitel second.

Potato race—Garcia first, Mondragon second.

Egg race—Padilla first, Sandoval second.

In the tug of war the team of the first grade defeated the second year team and the third grade team defeated that of the fourth grade.

Pony race—Diaz first.

Burro race—Hampel first, Strovel second. This latter event which wound up the afternoon's program, while not very exciting afforded no small amount of amusement.

The Brothers are to be congratulated upon the success of the contest. Brother Elisear, who has charge of the athletics, has developed some splendid

### OFFICIAL MATTERS

#### DEPUTIES APPOINTED.

Page B. Otero, territorial fish and game warden has appointed the following deputies: A. M. Hubbard, Aztec, for San Juan county; Dr. L. G. Rice, Elk, for Chaves county.

#### COAL STATEMENT.

The following coal declaratory statement was made at the land office yesterday: Samuel H. Wallace, Denver, 8, 1-2, SE. 1-4, Section 8 and N. 1-2, NE. 1-4, Section 17, T. 31 N., R. 1 W., 100 acres in Rio Arriba county.

#### LAND OFFICE BUSINESS.

The following homestead entries were made yesterday: Manuel M. Trujillo, Tlayado, 160 acres in San Miguel county; Trinidad Rael, Santa Rosa, 160 acres in Leonard Wood county; Gabriel Chacon, Santa Rosa, 160 acres in Leonard Wood county; Primitiva Martinez, Wagon Mound, 160 acres in San Miguel county.

#### INCORPORATIONS.

Articles of incorporation were filed with the territorial secretary today by the White Mountain Mining and Development Company. The incorporators are: J. W. Sanson, M. H. Garland, E. V. Estelle, of Chaves county, New Mexico; J. Mack Smith, of Eddy county; W. F. Peacock, of Lincoln county. The board of directors is to have a membership of five stockholders of the company and the first board is composed of the incorporators. The company is authorized to buy, sell, lease and develop mining claims and to place necessary machinery for the same in Lincoln county, New Mexico. The principal office is to be at Roswell, in Chaves county, and the term of existence is 50 years. The capitalization \$250,000, which is divided into 10,000 shares of the par value of \$25 each.

### HIS LAST HOPE REALIZED.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards, his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

### WORST OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Fischer Drug Co.

### DRIVEN TO DESPERATION.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at Fischer Drug Co.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

### Notice for Publication.

(Homestead Entry No. 7,550.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., May 21, 1903.—Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on June 23, 1903: viz: Casuto Le va for the E 1/2 of sec. 21, NW 1/4 of sec. 14, and lot 4, section 15, township 13 north, range 9 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Manuel Madrid, J. Chavez, Ambrosio Ibarra, Felipe Trujillo, Luciano Mares y Chavez, all of Galisteo, N. M.

MANUEL R. OTERO, Register.

### HOT WEATHER WEAKNESS.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Prop., Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Fischer Drug Co.

### CONSTIPATED BOWELS.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main St., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at Fischer Drug Co.

### A SPLENDID REMEDY.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1 at Fischer Drug Co.

### TAX ON BABIES.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few days of White Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at Fischer Drug Co.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

Upper San Francisco Street, Santa Fe, N. M.

FOR RENT.

9-room brick house with all modern improvements and pleasantly situated.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, a greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Fort Marcy Heights, with its historic associations, magnificent views, and other attractive features, is destined soon to be adorned with the magnificent homes of New Mexico's millionaires, and for speculative purposes no other tract of land in the Territory today appeals to the cautious investor for immense returns in the near future. I can sell you an undivided one-half interest in this tract, consisting of about 250 acres, at a reasonable price.

I can sell you a very desirable six acre tract convenient to the penitentiary, and now used by that institution as a vegetable garden.

I have also several large and small tracts of desirable land in the neighborhood of the Government Indian School, which I can sell at your figures, perhaps.

Several small houses, some adobe, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

## Santa Fe New Mexican

FRIDAY, JUNE 5.

## MINOR CITY TOPICS

Additional local on the third page of this issue.

A large assortment of Fishing Tackle with or without options at Goebel's. The quarterly report of the territorial auditor will be found on the second page of this issue.

The high wind of last night blew a portion of the fancy work from the tower on the Santa Fe county court house.

The fishing season on the Upper Pecos river has commenced and fishermen from various parts of the territory are already going there.

A full account of the athletic events of the 19th annual field day exercises of St. Michael's College and official news, will be found on the third page of this issue.

Mr. and Mrs. Camillo Padilla are rejoicing over the arrival at their home this morning, of a small daughter, George Fred Padilla, the first born, has given up the front seat.

Claire P. Ross, Albuquerque; J. W. Peterson, Denver; R. R. Des Jardins, St. Louis; H. Kearns, Phoenix; Miss Rogers, Miss Jennie Rogers, Tennessee; F. A. Provot, Los Angeles.

The Santa Fe is sending its trains into Kansas City by way of the Missouri Pacific, the Missouri, Kansas and Texas, the Wabash and a fourth line, but expects to be using its own track by tonight.

The funeral of Alejandro Abeyta, who died at Arroyo Hondo, Wednesday, was held at St. Francis' Cathedral in this city this morning at 6 o'clock, interment following in Rosario cemetery.

The Coronado Tent City Band with A. A. Weiss of Cincinnati, in charge, will be in Santa Fe tomorrow afternoon. A free concert, lecture and stereopticon exhibition in the Plaza, commencing at 8 p. m.

Mayor I. Sparks yesterday appointed City Clerk Facundo Ortiz and Benito Alarid, collector of garbage, as special policemen. The appointments were made because the two at times need to show authority in the discharge of their duties.

Palace: A. Lilly, Jr., J. W. Charles, Denver; G. A. Richardson, Roswell; W. A. Brodie and wife, Genesee, N. Y.; S. C. Applegate, G. H. Rautenberg, St. Louis; L. A. Bland, Kansas City; C. A. Spiess, Las Vegas; R. R. Larkin, Gallup; C. E. Hoenshel, Topeka.

The forecast is for showers tonight and tomorrow. The maximum temperature yesterday was 70 degrees at 12:10 p. m., and the minimum was 47 degrees at 4:35 p. m. The temperature at 6 o'clock this morning was 46 degrees. The precipitation yesterday was .02 of an inch.

Suit for divorce was filed this morning in the first district court for Santa Fe county by Maximo Martinez versus Viviana C. de Martinez. The plaintiff alleges that he was married to the defendant 16 years ago but that she deserted him and has refused to live with him since 1900, averring that she was jealous of him without grounds and made life miserable for him when they did live together. He asks for an absolute divorce.

A telegram was received yesterday stating that the Rev. R. A. N. Wilson, Colorado Superintendent of Home Department, Pueblo, would be here certainly next Sunday to do some advance work toward arousing enthusiasm for the success of the coming Territorial Sunday School Convention to be held here next week. The exact character of this work is not yet known, but it is hoped that a definite announcement may be made by tomorrow.

The board of county commissioners of Santa Fe county is still in session examining property tax schedules. The examination of these for the county precincts has been finished as well as for precincts 3 and 4 in the city of Santa Fe. This afternoon the board is investigating the returns in precinct 17 and 18. Tomorrow the assessment of railroads, telegraph lines, corporations and land grants will be had. The board will meet on the first Monday in July as the board of appeals at which time appeals from increases of taxation made by the board will be heard and decided. The board will finish its labors as a tax assessment body tomorrow evening.

## PERSONAL MENTION

Charles A. Spiess, Esq., of Las Vegas, is transacting business in this city today.

I. B. Hanna, superintendent of forest reserves, returned last night from an official trip to Cardova, in the Pecos forest reserve.

R. L. Baca, clerk in the department of education, has returned from several days' absence spent in the mining districts of Sandoval county.

Charles F. Easley, Esq., one of the attorneys for the Santa Fe Central Railway, returned on yesterday from a visit on legal business to the Hagan coal fields.

Governor and Mrs. Otero and son Miguel returned yesterday afternoon from Las Vegas, where they were in attendance at the LaRue-Davis wedding.

Professor R. R. Larkin of Gallup, agent for a school book publishing concern, is in town to appear before the meeting of the Territorial Board of Education.

Charles L. Bishop has returned from the Presbyterian assembly at Los Angeles to which he was a delegate. Before returning, he accompanied Mrs. Bishop to Sacramento, Calif., where she is now visiting.

C. E. Hoenshel of Topeka, Kas., agent for a school book publishing concern in that town, was among yesterday's arrivals in the Capital. He has come to attend next Monday's meeting of the Territorial Board of Education.

P. F. Scheinfeld, roadmaster of this, the 4th division of the Denver and Rio Grande railroad, spent last night in Santa Fe on business. He left this morning for his headquarters at Antonito, Colo.

Mrs. N. Salmon and daughter left today for Bernadillo where they will be met by Mr. Abousleman whom they will accompany to Jemez, where Mrs. Salmon will sojourn for a season at the Jemez Springs.

On yesterday at noon, Miss Mary R. LaRue of Las Vegas, was married to Stephen B. Davis, Jr., Esq., at the home of the bride's parents in the Meadow City, the Rev. Mr. French officiating. The wedding was to have taken place on the 24th of this month, but the time was changed as Mr. Davis has very important business to attend to early in July, which had the marriage taken place at the latter date, would have prevented a wedding tour. The ceremony was entirely private and there were only the members of the LaRue family and Governor and Mrs. Otero and son Miguel present.

The newly married couple left on the early afternoon train for Denver for a wedding trip. The bride is a most charming and popular young woman, very well known and liked throughout the territory and specially so in her home town of Las Vegas, and in the Capital City, where during the past few years, she has visited a great deal as the guest of Governor and Mrs. Otero at the Executive Mansion. She is a daughter of Captain and Mrs. J. A. LaRue, who have many warm friends in New Mexico. The groom is a native of Middletown, Conn., of very good family, a lawyer by profession and came to New Mexico about five years ago. He settled in Las Vegas, and has during the past five years, established an excellent business and an enviable reputation for himself as a lawyer and as a man. He is now holding the important position of district attorney for the territory for the 4th judicial district. The many friends of Mr. and Mrs. Davis in this city extend most hearty and sincere congratulations and best wishes for their future.

**"CUT WITH A KNIFE"**  
and now at the Bon-Ton Restaurant. Where you can get fine Kansas City Steaks, Pork Chops, Veal Cutlets, Spring Lamb, and everything else good to eat. Call and be convinced.

**May Weather.**  
During the month of May the mean atmospheric pressure at the local office of the weather bureau was 29.78. The highest was 30.11 on May 30 and the lowest was 29.42 on May 17. The highest temperature was 75 degrees on May 14, the lowest 33 degrees on May 19, the greatest daily range 33 degrees on May 13 and the least daily range 12 degrees on May 21. The total movement of the wind during the month was 5,962 miles and the prevailing direction was southwest. The maximum velocity for five minutes was 39 miles per hour from the southwest on May 17. The total precipitation for the month was .17 of an inch while the average for the month for 31 years is 1.17 inches. There were 22 clear days, 8 partly cloudy days and one cloudy day. On 6 days .01 inch or more of rain fell. There was a light frost on May 6 and a heavy one on May 19, but no killing frost.

**Earlham Man Killed.**  
William McDonald of Earlham, New Mexico, general master mechanic of the Deschubia Mining Company of Deschubia, Mexico, was killed yesterday by a smoke stack falling on him, breaking his back and neck.

**U. S. Weather Bureau Notes.**  
Forecast for New Mexico: Showers tonight and Saturday.

Yesterday the thermometer registered as follows: Maximum temperature, 70 degrees, at 1:10 p. m.; minimum, 47 degrees, at 4:35 a. m. The mean temperature for the 24 hours was 58 degrees. Mean daily humidity, 47 per cent. Precipitation, 0.02 of an inch. Temperature at 6:00 a. m. today, 46 degrees.

Those who sample our wines, liquors and cigars always call again. J. Weinbergers, south side Plaza.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourists and healthseekers in the city abundantly shows.

Subscribe for the New Mexican.

**Cuticura Ointment**  
Purest of Emollients and Greatest of Skin Cures.

**The Most Wonderful Curative of All Time**  
For Torturing, Disfiguring Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permits rest and sleep, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectively, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Sanative, antiseptic cleansing," or "One-night treatment of the hands," or "Single treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchy and chafings, as well as for all purposes of the toilet, bath and nursery.

## THE FIRST ARREST.

M. Romero Charged With Violating the Game and Fish Law in San Miguel County. The first arrest under the new fish and game law was made in San Miguel county yesterday by W. D. Steadman, deputy warden for that county. M. Romero, who operates a saw mill on the Gallinas river, is charged with allowing saw dust from his mill to be blown into the river. He will have his preliminary hearing before Justice Worcester in Las Vegas, June 13. The penalty for violation of the section of the law which covers the case is not less than six months nor more than one year imprisonment.

## A HARD FALL.

F. W. Clancy was Thrown from His Bicycle in Albuquerque Last Evening.

F. W. Clancy, Esq., of Albuquerque, district attorney for the second judicial district, received a hard fall last evening. He was riding to his home in Albuquerque, when his bicycle slipped on a wet street car rail and he was thrown to the ground with such force that he was unable to stand for some time. As president of the board of regents of the University of New Mexico he was to have presented the diplomas to the graduates last evening, but was unable to do so.

**Talking Good Roads.**  
The summer rains usually make the roads between Cloudcroft and Alamogordo almost impassable and the people of the former town are talking of good roads. Something will likely be done to improve these roads.

**Money in Goats.**  
J. N. Daugherty and Sons shipped 600 head of mutton goats out of Alamogordo last week to Kansas City. Mr. Daugherty says there is more money in it and it is made quicker out of goats than cattle.

**William McDonald Killed.**  
William McDonald of Earlham, New Mexico, general master mechanic of the Deschubia Mining Company of Deschubia, Mexico, was killed yesterday by a smoke stack falling on him, breaking his back and neck.

**U. S. Weather Bureau Notes.**

Yesterday the thermometer registered as follows: Maximum temperature, 70 degrees, at 1:10 p. m.; minimum, 47 degrees, at 4:35 a. m. The mean temperature for the 24 hours was 58 degrees. Mean daily humidity, 47 per cent. Precipitation, 0.02 of an inch. Temperature at 6:00 a. m. today, 46 degrees.

Those who sample our wines, liquors and cigars always call again. J. Weinbergers, south side Plaza.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourists and healthseekers in the city abundantly shows.

Subscribe for the New Mexican.

**Cuticura Ointment**  
Purest of Emollients and Greatest of Skin Cures.

**The Most Wonderful Curative of All Time**  
For Torturing, Disfiguring Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permits rest and sleep, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectively, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Sanative, antiseptic cleansing," or "One-night treatment of the hands," or "Single treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchy and chafings, as well as for all purposes of the toilet, bath and nursery.

IMBODEN MILLING CO.'S PRODUCTS.

For many years we have sold the products of the IMBODEN MILLING CO. We do it because we believe them to be much the best for all around family trade that we have ever seen. We have IMPERIAL FLOUR, IMBODEN MEAL, IMPERIAL BREAKFAST FOOD, and IMPERIAL GRAHAM, all made by the Imboden Milling Co., at Wichita, Kas. Be sure that you get Imboden's. None so good.  
**FERNDELL CANNED GOODS, BOTTLED GOODS AND SHELF GOODS.**  
A great variety of Pure Food products are put up under the FERNDELL Brand. Each is the best of its kind. Ferndell French Lima Beans are something different from the ordinary kind. They are green and fresh as though just picked from the vine. Ferndell preserves in one and two pound glass jars are also especially nice. We have

all sorts of vegetables, catsup, etc., under this same label.

**MEADOW GOLD BUTTER.**  
We have had no trouble with our butter since we have been selling the Meadow Gold. It is sterilized, packed in air and moisture proof packages, which insure cleanliness and purity. It will keep fresh longer than any other kind.  
**HIGH GRADE COFFEE AND TEAS.**  
We give special attention to our coffee and tea, carry all grades and flavors. We can suit any purse and any palate with our several brands and grades.  
Scent Brand coffee, in one and two pound cans, per pound..... .40  
OUR LEADER, in three pound cans only, per can.....\$1.00  
OUR OWN, in one pound packages only, per pound......25  
Chase and Sanborn's Famous Teas, many flavors, per pound..... .75

**NO. 4 BAKERY.**

**NICE THINGS FOR NICE HOMES**

We not only carry the staples, but we have some of the nicer things which tempt the appetite and make you feel like eating—also make you feel like you had your money's worth. The way to buy is to buy the best, and then you will not be disappointed.

**Fresh Vegetables of all kinds**  
Oranges, Bananas, Pineapples
