## BOER WAR!

Capt. Reichman Helping the Boers.

Boers Attack British in Good Shape.

Further Particulars of British Defeat at Strynas Post.

THE VERY LATEST WAR NEWS.

New York, April 2.—The Journal-Advertiser assumes that the American named Reichman, said to have been in command of the Boers at Strynas post, was Captain Carl Reichman, U. S. A. Reichman was detached from the Seventeenth infantry, and was sent to the Cape to report on all military operations. Like French and German soldiers, he is believed to be helping the Boer forces in whatever way he can. If he joined in the fighting without first resigning from the United States army he will be liable to court martial on return. If he does not return he will be dismissed from the service in disgrace.

THE DEFEAT OF THE BRITISH.

Roberts Sends Out Further Particulars of the Defeat.

London, April 2.—Further news of the disaster of the British army in the neighborhood of Strynas post does not tend to improve the matter from a British point of view, but with dispatches somewhat mystifying, it is impossible to accurately portray the present situation. The latest news is that the British have been driven from the Strynas post, and that the Boers are attempting to relieve defeat.

The war office posted a dispatch from Roberts as follows: "Hlooffontein, April 2.—In continuation of my telegram of March 31, there has been a considerable delay in getting accurate reports of casualties, as the action took place twenty-two miles hence, telegraph cables interrupted several times, clouds of smoke interfered with signalling, and although there has been no engagement since, the force is continually in touch with the enemy. There were many acts of conspicuous gallantry displayed during the day. The 'Q' battery remained in action under cross fire for 1,200 yards for some hours, 600 men serving the guns as well as the infantry. Several gallant attempts were made to bring in two guns, the teams of which had been killed, but at each attempt the horses were shot. The Essex, Munster, Shropshire and Northumberland infantry covered the retirement of these guns from that position to the crossing of the drift found by the cavalry two miles further south, and without the determined attacks of the enemy, who, in some cases, advanced within 100 yards. The 'U' battery of the Royal Horse Artillery was suddenly surrounded in the front, and officers and men were taken prisoners without a shot being fired; but Major Taylor and the sergeant-major succeeded in escaping in the confusion. Five guns were captured at the same time. Further details to-morrow.

Roberts' dispatch seems to finally dispose of the early reports of the recovery of the guns.

A dispatch from Maseru, Bechuanaland, says the Earl of Roosty, who is acting war correspondent for the Daily Mail in South Africa, has probably fallen into the hands of the Boers.

The Usual Delay.

Louisville, Ky., April 2.—A decision in the government case is expected from the court of appeals within a day or so, probably to-morrow.

Porto Rico Tariff.

Washington, April 2.—At 11 o'clock the senate convened to begin the final discussion of the Porto Rico tariff bill. Mr. (H.) addressed the senate. His speech included in its scope all the problems attendant upon government of insular possessions.

Mason spoke in favor of the resolution of Wellington which offered independence to the Philippines and against the bill proposed by Spooner, of Wisconsin, conferring authority upon the president to annex the Philippines until congress otherwise directs. Incidentally he opposed the tariff proposed to be placed on Porto Rico products. Mason resented as cowardly and unjust any reflection upon his patriotism and love for the flag, because

ALBUQUERQUE, — — APRIL 8, 1900

A year ago it rained all day, making  
democratic victory certain.

Let's prepare to give Mr. Bryan a  
rousing reception on the 14th of April.

There are at least 1200 voters in this  
city, and nearly all of them have been  
active to-day in serving their country.

The Tribune urges the people of  
Chama to organize an improvement  
club. Every town in the territory  
should have such a society.

If the republicans have beaten Mr.  
Merron for mayor, it will not be his  
fault. He has done the work of a  
dozen men in the short campaign.

Congress is considering a proposition  
to perpetuate the petrified forests of  
Arizona. In what way the plan  
proposed is to improve on petrification  
does not appear.

On the lakes ships worth \$900,000 are  
under construction, an increase over  
last year of \$3,000,000. Water transpor-  
tation is keeping pace with the pro-  
gress of the world.

The city of Albuquerque will grow  
and prosper no matter who is elected to-  
day. In fact, the fellows who are  
defeated are the best off. Serving a  
city without pay is a thankless job.

The information that Turkey has de-  
cided to prohibit the importation of  
American pork is not likely to materi-  
ally disturb trade circles in view of  
the fact that the average shipments  
of that product have only amounted  
to about \$12 a year for five seasons  
past.

CORN VS. WHEAT.  
Efforts now being made to extend  
the market for American corn, and  
the Paris exposition will be taken ad-  
vantage of to this end by a very carefully  
prepared plan, has aroused the antago-  
nism of wheat raisers and exporters  
who maintain that increase of corn ex-  
ports will be at the cost of wheat ex-  
ports. They figure that if an enlarged  
European market is found for thirty  
million bushels of corn at present  
prices that will displace twenty mil-  
lion bushels of wheat at a net loss to  
the country at present prices, of four  
millions of dollars.

LETTER POSTAGE RATES.  
Agitation for penny postage on let-  
ters is gaining ground at a rate that  
justifies the belief that congress will  
not for many years fail to find an al-  
most universal demand for a reduction  
of the present charges just one-half,  
which penny postage would mean. The  
cutting down of rates has been rapid  
even in the memory of those still in  
their youth. It is not so many years  
ago since 3 cents was the regular rate.  
Then came the rate of 2 cents for each  
half ounce, and that was followed by  
the present rate of 2 cents for each  
ounce. These rates of course apply to  
any part of the United States, whether  
the carriage by the government be one  
mile or three thousand miles.

PRICE ADVANCED.  
A thousand dollars is now the price  
of a Chickasaw Indian wife, to the  
white man that gets her. The advance  
in price is in accordance with the im-  
mutable law of supply and demand.  
A few years ago the white man who  
would wed a Chickasaw maid had a  
license fee of only \$50 to pay. The de-  
mand exceeding the supply, quotations  
were raised to \$100. This is some ex-  
tended checked business, but prosperity  
has revived it, and now the rate is  
raised to \$1,000. As the dowry of a  
Chickasaw wife is \$5,000 in lands and  
cash, there is a large percentage of  
profit in the investment, not counting  
the wife.

AGAINST THE BOERS.  
The African Methodist conference of  
Delaware, which adopted a resolution  
denouncing the Boers as slaveholders,  
may not have immediately affected the  
progress of the war in South Africa,  
but it adhered strictly to the line of  
history. A Dutch trading vessel is  
said to have landed the first African  
slaves in Virginia, and the Dutch were  
the pioneer slaveholders in South Af-  
rica. The right of reducing not Guinea  
negroes alone, but all Africans, to  
some form of slavery is something the  
Boers have always contended for.  
Their first serious troubles with the  
English arose from British emancipa-  
tion. To whip and enforce the labor  
of all manner of black people has al-  
ways been the favorite pursuit of the  
Boer, existing in a proportionate de-  
gree with his piety.

MUMMY CAVES OF ARIZONA.  
The so-called mummy caves of  
Arizona, from which mummies have  
been taken, are said to be  
very interesting and elaborate in  
their structure. One is known as  
Mummy Cave Ruin, and is in Del  
Mundo Canyon, and known to the Na-  
vajo to-day as Teci-yah-kun. It  
stands about 80 feet above the level  
of the canyon on the face of the cliff  
with a commanding view and is placed in  
a natural weathering. It is believed that  
originally there were twenty rooms in  
the western cave, and fourteen can be  
distinguished to-day. In the eastern  
cave about forty-four can be distin-  
guished, and it is estimated that origi-  
nally the ruin represented ninety  
rooms, affording a home for possibly  
sixty people. Many of the rooms are  
possibly 20 feet wide and 15 feet across,  
and were two stories in height. What

## NEW MEXICO NOTES.

SOCORRO.  
From the Citizen.

Julius Price has for several days  
been numbered among the sick but is  
now much improved.

Captain William French was in the  
city Thursday between trains en route  
to Magdalena for the purpose of mak-  
ing a shipment of two train loads of  
cattle to his ranch near Springer.

E. Hanes and family who have  
spent the winter in this city to be ben-  
efited by New Mexico's climate will  
depart Tuesday for their home in In-  
diana, stopping for a short time in Al-  
buquerque.

P. Lepage, day operator at the Santa  
Fe station, left this morning accom-  
panied by his family for his former  
home in Canada. He will leave his  
family there for the purpose of educa-  
ting his children.

F. M. Doherty, a flourishing stockman  
of Ojo Caliente, arrived in this city  
yesterday over the Magdalena branch.  
Mr. Doherty will remain until Monday  
visiting his daughter, Miss Lily, who  
is attending Mt. Carmel convent. He  
expects to visit the western part of  
the county in excellent condition and  
the grass beginning to grow.

SAN MARCIAL.

From the Bee.

The owners of the White Oak mine  
at Roswell have let a contract to sink  
an additional 100 feet, at an outlay of  
about \$600.

The road work for 1900 will be under-  
taken in this precinct, No. 12, on Mon-  
day, April 9, and continue for ten con-  
secutive working days, ending Thurs-  
day night, April 13.

Wednesday afternoon about twenty  
five bales of hay, stored in J. N. Broyles'  
yard and owned by the Clyde  
postmaster, were set on fire by chil-  
dren playing with matches, and be-  
came almost a total loss.

King & Son, horse dealers, were here  
this week and purchased from A. E.  
Houtz, a fine pair of horses, a pair of  
range horses. Five cars have already  
been shipped, four going to La Junta,  
Colo. We understand the price was \$5  
per head, run of herd. This makes  
twenty-two carloads of horse shipped  
from this vicinity since the beginning  
of the year.

SANTA FE.

From the New Mexican.

Deputy Sheriff C. H. Huber returned  
from the Bernalillo county line, near  
Punta Prieta. He brought with him  
Anastasio Padilla, who is accused of  
assaulting and attempting to maim  
a man named Ignacio Arroyo.

George W. Kephart, manager of the  
big store of the Albemarle Mercantile  
company, in the Cochiti mining dis-  
trict, arrived in Santa Fe from Denver  
over the Rio Grande railroad, and left  
for El Paso on the same train.

It is definitely decided that most of  
the goods for the Albemarle Mercantile  
company in the Cochiti mining district,  
will hereafter be shipped to this city  
over the Denver and Rio Grande rail-  
road, and thence by freight wagon di-  
rect to the company's store. While in  
Santa Fe on Saturday evening, Man-  
ager Kephart arranged with Leo Her-  
schel to attend to the forwarding of the  
goods for the company.

A boy about 6 years old was run-  
ning around the streets the other day  
flourishing a 35-caliber six-shooter,  
and frequently pointing the weapon at  
his little mates, explaining that it be-  
longed to his father and was positively  
not loaded. In this connection it may  
be noted that several large  
boys about town are known to be car-  
rying loaded pistols on the streets.  
Their parents may avoid the penalty  
of being stopped by this unpardonable  
conduct.

The Latest War News.  
The latest war news is eagerly

## NEW MEXICO NOTES.

SOCORRO.  
From the Citizen.

Julius Price has for several days  
been numbered among the sick but is  
now much improved.

Captain William French was in the  
city Thursday between trains en route  
to Magdalena for the purpose of mak-  
ing a shipment of two train loads of  
cattle to his ranch near Springer.

E. Hanes and family who have  
spent the winter in this city to be ben-  
efited by New Mexico's climate will  
depart Tuesday for their home in In-  
diana, stopping for a short time in Al-  
buquerque.

P. Lepage, day operator at the Santa  
Fe station, left this morning accom-  
panied by his family for his former  
home in Canada. He will leave his  
family there for the purpose of educa-  
ting his children.

F. M. Doherty, a flourishing stockman  
of Ojo Caliente, arrived in this city  
yesterday over the Magdalena branch.  
Mr. Doherty will remain until Monday  
visiting his daughter, Miss Lily, who  
is attending Mt. Carmel convent. He  
expects to visit the western part of  
the county in excellent condition and  
the grass beginning to grow.

SAN MARCIAL.

From the Bee.

The owners of the White Oak mine  
at Roswell have let a contract to sink  
an additional 100 feet, at an outlay of  
about \$600.

The road work for 1900 will be under-  
taken in this precinct, No. 12, on Mon-  
day, April 9, and continue for ten con-  
secutive working days, ending Thurs-  
day night, April 13.

Wednesday afternoon about twenty  
five bales of hay, stored in J. N. Broyles'  
yard and owned by the Clyde  
postmaster, were set on fire by chil-  
dren playing with matches, and be-  
came almost a total loss.

King & Son, horse dealers, were here  
this week and purchased from A. E.  
Houtz, a fine pair of horses, a pair of  
range horses. Five cars have already  
been shipped, four going to La Junta,  
Colo. We understand the price was \$5  
per head, run of herd. This makes  
twenty-two carloads of horse shipped  
from this vicinity since the beginning  
of the year.

SANTA FE.

From the New Mexican.

Deputy Sheriff C. H. Huber returned  
from the Bernalillo county line, near  
Punta Prieta. He brought with him  
Anastasio Padilla, who is accused of  
assaulting and attempting to maim  
a man named Ignacio Arroyo.

George W. Kephart, manager of the  
big store of the Albemarle Mercantile  
company, in the Cochiti mining dis-  
trict, arrived in Santa Fe from Denver  
over the Rio Grande railroad, and left  
for El Paso on the same train.

It is definitely decided that most of  
the goods for the Albemarle Mercantile  
company in the Cochiti mining district,  
will hereafter be shipped to this city  
over the Denver and Rio Grande rail-  
road, and thence by freight wagon di-  
rect to the company's store. While in  
Santa Fe on Saturday evening, Man-  
ager Kephart arranged with Leo Her-  
schel to attend to the forwarding of the  
goods for the company.

A boy about 6 years old was run-  
ning around the streets the other day  
flourishing a 35-caliber six-shooter,  
and frequently pointing the weapon at  
his little mates, explaining that it be-  
longed to his father and was positively  
not loaded. In this connection it may  
be noted that several large  
boys about town are known to be car-  
rying loaded pistols on the streets.  
Their parents may avoid the penalty  
of being stopped by this unpardonable  
conduct.

**DISTRICT COURT.**  
Ed. Prevercher Bound Over Until the  
Fall Term. Petit Jury Completed.

In the United States court the other  
day the case charging Edward Prever-  
cher with selling liquor without a li-  
cense, was continued until the fall  
term, and the defendant gave bond in  
the sum of \$500 for his appearance at  
that time. He lives at Alarque, south  
of Grants, in Valencia county.

A plea of guilty was entered in the  
district court this morning by Louis  
Morano, who was indicted for stealing  
a watch, and the prisoner was given a  
sentence of three years in the peniten-  
tiary.

This morning six men qualified to act  
as petit jurors, and the panel was  
completed. No business was taken up  
and an adjournment was made until 10  
o'clock Wednesday morning, when  
they will go to work in court.

**Systematic Steal.**  
Judge Hildreth and about thirty other  
judges in Ward Three were  
disfranchised today by the canvassing  
board leaving their names off the  
voter list. The original list was in  
possession of C. W. Moffet and he re-  
fused to turn it over to the election  
board. The list as exhibited in front  
of the office of the board of registra-  
tion contained these names:
