# SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY  
Entered as Second Class matter at the Santa Fe Postoffice.

THURSDAY, JUNE 11.

John D. Rockefeller has given \$5,000 to the Kansas flood sufferers and in due season, coal oil will be advanced one cent a gallon to the Kansans to make up for the munificent contribution.

Write your friends in the east, the north and the south that the coolest and most charming place at which they can spend a vacation during the hot summer months, is at Santa Fe and vicinity.

Mrs. McCormick nee Miss Ruth Hanna, has received wagon loads upon wagon loads of wedding presents which to paraphrase an old adage, simply illustrates that to her who needs not, shall be given.

Between floods and high waters in the Mississippi and Missouri at St. Louis and vicinity, and boulder charges, investigations and trials, the World's Fair City people are having a rather interesting time of it.

Kaiser Wilhelm is said to want a slice of Brazilian Territory. But between what he wants and what he knows Uncle Sam will let him have there is a wide difference and no one knows it better than Wilhelm himself.

Denver is having trouble with its police department and the latest order is a temperance edict which prevents policemen from drinking beer or whisky while on duty. Fortunately Santa Fe has no police department to give it trouble.

Settlers in great numbers are coming to eastern New Mexico and more will follow this fall. The major portion of this immigration will be permanent. Economic, social and political conditions in the territory are changing rapidly and for the better.

In Kansas a postal employee was recently dismissed on the charge of not earning his salary. This is more creditable than being dismissed for earning more than their salaries as was the case recently with some postoffice department officials in high positions at the National Capital.

That railroad to Bland should be built. Although mining matters have been rather quiet in the Cochiti the past two years, yet, large and valuable ore bodies exist in the district and need but railroad facilities to give employment to several hundred men or more.

Judging from the list of studies in which applicants for teachers' certificates must pass examinations, it is rather easy to become a public school teacher in New Mexico. That being the case, there is no excuse for any city or town employing any but teachers with first grade certificates.

The automobile has invaded San Juan county. It isn't often that the automobile proceeds the railroad. In any section, but in this case the automobile managed to get ahead of the locomotive. But San Juan county will not have to wait many more years for a railroad.

The Postoffice Department has won its fight in the courts against certain publications which the postmaster general has debarred from second class privileges. By weeding out fraudulent second class publications and limiting the franking privilege, the postoffice department will in the near future be able to recommend penny postage without the fear of an enormous deficit.

It is too bad that Santa Fe needs so much poking and prodding in the ribs to keep it on the road of progress and improvement. It seems that age has made the town and its people rather lethargic and an immense amount of inertia must be overcome to keep the city up to the other towns in the Southwest. The New Mexican regrets to make this comment, but it is the solemn truth.

New York and eastern Pennsylvania are suffering from a drought. The middle west has too much water. It is too bad that nature does not distribute her bounties more equally. It is generally either a feast or a famine, especially in sections not blessed with an ideal climate like New Mexico, and even here there is at times an unequal distribution of rain and drought.

Senator S. B. Elkins cleared last year between \$7,000,000 and \$8,000,000 and it must be remembered that "Steve" got his start in New Mexico, and first augmented his little fortune by dealing in coal and iron lands in West Virginia, just that class of lands of which there are still many thousands of acres in this territory, waiting for men like Senator Elkins to turn them to good profit.

According to a two column article in one of the Denver daily morning newspapers, President Daniel McDonald of the American Labor Union, calls P. A. O'Farrell, editor of the Butte Reveille, "a plain liar." If Mr. McDonald would come to New Mexico, he would not only find plain liars, but also liars with fringes. But why waste two columns of nonpareil type on one man calling another a plain liar. Five words ought to cover the item.

Misfortunes never come singly. The immense damage done by the recent devastating floods in the Mississippi and Missouri river valleys is still in mind and in some sections, is not yet completed, still book publishers announce that they have 600 novels for light summer reading ready to force upon an unsuspecting people. They are as merciless as a Cuban yellow fever mosquito.

There are 23,000 homeless and needy people in Kansas City, Kas., and the situation is entirely beyond local control or relief. The official relief committee of that town is asking for outside help which, no doubt, will promptly be afforded by the people of the State of Kansas and also by people elsewhere. The people of the United States, as a rule, are very generous and quick to act in such cases.

The labor unions of Albuquerque will have charge of the Fourth of July celebration of the Duke City. A great many visitors to the town are expected on that day and this, of course, will do it good. In Santa Fe, the Capital of the Territory, which ought to be in the lead in all patriotic and public affairs, there are too many baronies for its own good. Could the Capital City shake off some of these, an immediate improvement would be the result.

Governor Van Sant of Minnesota, has announced his intention to retire from politics. He wants to be at liberty to go into Wall St. He has fought trusts and mergers of railroads so assiduously that he has become convinced that there is more money in being a trust magnate than in being governor of a western state. He intends to follow the example of the illustrious Charles A. Towne, of free silver and Populist fame who met the money devil and coal oil octopus and became a willing victim.

The government is doing a great deal of work along the lines of locating reservoir sites and many a locality is rejoicing over the prospects of big irrigation works, but when it comes to building reservoirs, progress will be much slower and some of the localities now rejoicing will grow weary of waiting. Whenever reservoir building is feasible, the localities interested would do well to do as much of the building themselves as they can possibly afford. Waiting for the government to do something is generally a wearisome process.

The Santa Fe merchant who talks about being progressive and does not advertise in the New Mexican is slower than a funeral and is one of the fossils that is keeping the town back. The New Mexican in season and out of season talks up for the town, seeks to interest capital in its advantages and by advertising its attractions is bringing healthseekers, tourists and men of means to the city. Yet, there are people who stand at the street corners denouncing the paper although they never do a penny's worth of work for the upbuilding of the town.

Governor W. J. Bailey of Kansas, has found a bride, and thus fulfills an election promise he made. Now, if he keeps his other promises and makes as many enemies in doing this, as he did in choosing his wife, he might as well say good-bye to political life at once. He has had more proposals since the announcement last year that he was looking for a wife, than any man has ever had, and naturally every woman who has been rejected will say: "The hateful old thing. The idea, to marry a common milliner and a widow at that, instead of my precious little self. It is absurd and I will get even with him and her."

The Democrats howled that the coal oil inspection law was the cause of the high price of coal oil in New Mexico and prevented the importation of cheap coal oil. However, thus far, the New Mexican has not heard of any reduction in the price of oil or of a gallon of oil being imported from El Paso or any other town where coal oil is being sold cheaper than in New Mexico. Not that the New Mexican is sighing for the re-enactment of the coal oil inspection law but it does like to show that the howls of the reformers in the 35th legislative assembly as well as of the Democratic organs, were wild utterances not founded on either truth or fact.

President Roosevelt is somewhat disgusted at the Missouri legislative body attitude of the so-called Republic of Colombia in connection with the Panama canal treaty. Mr. Roosevelt has concluded to convey a polite but strong hint to the boddie president of the Republic that the aforesaid boddie matters find no favor with the administration in Washington. Should the Colombia government insist on its policy of procrastination, negotiations with Costa Rica concerning the Nicaragua canal route will likely be opened. If Colombia knows what is good for herself, she will try to be honest in this matter although, to be sure, it will be very hard for her to do so. Official honesty in Central American republics is about as scarce as justice and fairness in the Democratic supreme court of the State of Missouri.

Associate Justice B. S. Baker, as judge of the second judicial district court, has decided the quo warranto case of the Territory against T. C. Gutierrez and Severo Sanchez, appointed commissioners of the County of Bernalillo, by an act of the 35th Legislative Assembly, to fill vacancies caused by the fact that two of the elected county commissioners for Bernalillo county were residents of the newly created County of Sandoval. The decision sustains the constitutionality and legality of the act. The decision is very exhaustive and lengthy. The New Mexican's esteemed contemporary, the Albuquerque Citizen, rejoices greatly thereat, and makes faces at what it is pleased to call the "Goo

Goo Gang." Judge Baker's decision must be considered good law unless reversed by the territorial supreme court. What the action of the territorial authorities will be in the matter has not yet been determined according to the best information obtainable.

## LOW RATES

From June 5 to October 15 the Denver and Rio Grande Railroad will sell summer excursion tickets to points named at the following low rates: Santa Fe to Pueblo and return, \$17.55; Santa Fe to Colorado Springs and return, \$19.55; Santa Fe to Denver and return, \$22.55; Santa Fe to Glenwood Springs and return (via Salida and Leadville) \$28.65. Final return limit Oct. 31st, 1903. At all points except Glenwood Springs a fee of 25 cents is charged when tickets are executed for return passage. Stopovers allowed north of Pueblo and, stopovers allowed west and south of Pueblo either direction, for parties desiring to make the following side trips at one fare for the round trip, viz: From Salida to points between Gunnison and Cimarron; from Alamosa to points on Creede Branch; from Antonito to Pagosa Springs. For any further information, sleeping car reservations etc., call on or address J. B. DAVIS, Agent.

**Summer Tourist Rates to Colorado Points**  
On sale daily via the Santa Fe from June 5 to October 15, good for return passage until October 31, to Denver and return \$22.55, Pueblo and return \$17.55, Colorado Springs and return \$19.55, Glenwood Springs and return \$28.65. Stopovers allowed at and north of Pueblo. For particulars call on any agent of the Santa Fe. H. S. LUTZ, Agent, Santa Fe, N. M.

There is no beverage more healthful than the right kind of beer. Barley malt and hops—a food and a tonic. Only 3 1/2 per cent of alcohol—just enough to aid digestion. But get the right beer, for some beer is not healthful. Schlitz is the pure beer, the clean beer, the filtered and sterilized beer. No bacilli in it—nothing but health. And Schlitz is the aged beer that never causes biliousness. Call for the Brewery Bottling. The Beer that made Milwaukee famous. H. B. Cartwright & Bro., 360 San Francisco St. Phone No. 33, Santa Fe.

## Maxwell Grant.

FARMING LANDS UNDER IRRIGATION SYSTEM.  
These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

## GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

For particulars and advertising matter apply to

## THE MAXWELL LAND GRANT CO

RATON, NEW MEXICO

## New Mexico Military Institute

ROSSELL, NEW MEXICO.  
THE MILITARY SCHOOL OF NEW MEXICO ESTABLISHED AND SUPPORTED BY THE TERRITORY

Six men instructors, all graduates of standard eastern colleges. New buildings, all furnishings and equipments modern and complete; steam-heated, gas-lighted; baths, water-works; all conveniences.

Tuition, board and laundry, \$200 per session. Session is three terms of thirteen weeks each.

Roswell is a noted health resort, 3,700 feet above sea level; well-watered. REGENTS—Nathan Jaffa, W. M. Reed, R. S. Hamilton, J. C. Lea and E. A. Cahoon. For particulars address, COL. J. W. WILLSON, Supt.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7. For further particulars, address

# SANTA FE HARDWARE AND SUPPLY CO.

## JOBBER AND RETAILER

Now Open for business with the largest stock of Hardware and Supplies in Northern New Mexico.

Making our opening announcement through The Daily New Mexican, we do not come as strangers, but as citizens of the town and county, believing in the future of our Ancient City and willing and anxious to work together with our progressive business men for the building up of trade relations throughout this section of New Mexico that has hitherto found other channels through which to divert their trade and that rightly belongs to Santa Fe. We believe by concerted effort that during the next two years Santa Fe will take its proper place as the central commercial mart of the southwest.

In order for us to succeed it is necessary for others to prosper hence we bespeak a good word for all and respectfully solicit your patronage and good will.

If you contemplate buying anything in our line step in and examine our goods. We take particular pride in showing our goods whether you buy or not. Our place of business is next door to Seligman Brothers dry goods store at the Cartwright old stand, 216 San Francisco St. We have the largest store room in Santa Fe, two stories and a basement fronting on the Plaza and extending back to Water St. giving us ample room for our different lines.

We expect to sell our goods on merit, honest goods at honest prices, our motto, but no cut throat prices. We hope to be as friendly with our competitors as with the patronizing public.

We beg the indulgence of our patrons and friends for any confusion or irregularities that may occur during the next few weeks for our stock is not yet arranged very systematically owing to recent removal of a large portion of our stock.

We have recently secured the services of Mr. Al Royce who has for the last eight years been with the big hardware store of W. D. Carroll at Antonito, Colo. he will take special pains in waiting on our Spanish speaking patrons, being an expert Spanish linguist—Just call for "Al."

### Hardware and Builders' Supplies

We are completing our line of Hardware and Builders' Supplies and will be able to supply the trade with any article of every day demand. We handle every thing.

### Wagons and Buggies

We have a car load of wagons and buggies en route, shipped from South Bend on May 20, that should arrive here in a few days. We expect to be headquarters for anything in the vehicle line. You can see just what you are buying.

### The Studebaker Wagons

will be our leader—well known; well advertised and when you get a Studebaker you know you are getting the very best wagon that is manufactured anywhere on earth.

### Nails and Barbed Wire

We have just received a car load of Nails and Barbed Wire, being the first car load received here in several years. We can surely sell you your Nails or Wire.

### Harness and Saddles

We are Headquarters for Harness and Saddles. Our Harness Rack, fifty feet long, shows you the largest and most complete assortment ever displayed in Santa Fe. We can also fit you out on Saddles. Cowboy Saddles, Common Saddles and Ladies' Side Saddles all conveniently displayed and easily shown.

### Blacksmith's Materials

Our Stock of Wood and Iron Material for Blacksmiths is very complete, also Anvils, Forges, Vices, Bellows, anything usually needed at the Modern Blacksmith Shop can be had at the right price.

### Furniture Next

We have half a car of furniture left over from the Cerrillos Stock that we propose to sell quick. Dressers, Wardrobes, Tables, Chairs, Wood and Iron Bedsteads—All must go. We have Iron Beds as handsome patterns as can be found any place. These goods must be moved as soon as possible. The prices will suit you.

### Stoves and Ranges

Our Store will be Headquarters for Stoves and Ranges. We have decided after some weeks' investigation to put in

### Buck's Stoves and Ranges

knowing no other stove on the market can excel this line. These goods will not be shipped from factory until July 1, by this time we can get the latest product of the factory, with all modern improvements of 1903, meantime we have other staple lines in stock to supply immediate demands.

### Samson Windmills

The SAMSON WINDMILL may not be the cheapest but it is the best. We believe in making an investment for a Windmill it pays to buy the best. We have them in stock and you don't have to wait if you need a mill. Come and see for yourself.

### Other Lines

We carry Queensware, Glassware, Tinware and a choice line of Blue Delft Enameled Ware that is guaranteed not to crack or peel off. Comes a little higher than the cheap stuff but you will find it pays to buy the best.

## KENNEDY & TOWNSEND

Santa Fe, New Mexico, June 1, 1903.

216 SAN FRANCISCO STREET.

### STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottle free, regular sizes 50c and \$1.00.

### HOT WEATHER WEAKNESS.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Propr. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Fischer Drug Co.

### PLenty OF IT.

Lots More Proof Like This and it is All From Santa Fe People.

"The proof of the pudding is in the eating of it." If any city or town in the union has sufficient proof on the following subject it is Santa Fe. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our reader give statements like the following for publication it is proof convincing for the most skeptical. Read this testimony: Hilario Sandoval, painter and paper hanger, San Francisco St., says: "Any one engaged in my calling requires a good sound back and if that part of his anatomy gives out or is weak, lame and aching for six or seven months, he cannot perform the ordinary day's work without great discomfort. My backache never compelled me to stop work, but to say the least it was decidedly irksome when in the acute stage. Gradually as I continued the treatment with Doan's Kidney Pills procured at Ireland's drug store the aching ceased and in a comparatively short space of time totally disappeared."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

### THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture.

### NEW MEXICO SECTION CLIMATE AND CROP SERVICE WEATHER BUREAU

In Co-Operation With the New Mexico Weather Service.

Santa Fe, N. M., June 8, 1903.

A cloudy, showery week with higher temperatures but nights still cool for the season. The rains have come as gentle, soaking showers, and as a rule have been of the greatest possible benefit for the amount. The nights remain cool and crops are still somewhat backward, but with warmer weather a most decided improvement should be noted in a few days. The prairies, which in many sections, especially in the northeast, were almost as brown and bare as in winter already show the effects of the more favorable conditions and are beginning to look green. Cattle will show a decided improvement now that the grass is started. Owing to the cool weather corn is quite backward, but other crops are fairly well along. First alfalfa is being cut as far north as Albuquerque. The prospects are for a light crop of apples, peaches, cherries and apricots, many orchards of the colder valleys having none. Lambing is about finished in the more northern camps; reports indicate a very fair yield of lambs.

The following remarks are extracted from the reports of correspondents: Albert H. Hanson: Cloudy with promise of rain but so far nothing but occasional showers. Pastures from which cattle were removed six or eight weeks ago show no growth. Some grass on sandy soil, and fine grass is reported from the eastern part of the county. It seems that the drought is worse in this immediate locality than in neighboring sections. Highest temperature, 80; lowest, 46; rain, 0.20.

Andrews: A. S. Warren: Heavy hail storms and high winds doing great damage to fruits and to gardens. Cloudy, with heavy rains in places. Arabela: A. M. Richardson: Clear and dry previous to June 1, since then light sprinkles and quite cool. Highest temperature, 83; lowest, 43.

Beil Ranch: C. M. O'Donel: Continued high winds of the latter part of May blighted the fair prospects of the early part of the month. Severe drought conditions existed until relieved by rains of the 3d, 4th and 5th instant. Cutting the first crop of alfalfa; average yield, Rainfall, 1.81.

Dorsey: Will C. Barnes: The generous rains of the past week have brought a new lease of life to the farmers and stockmen of this district.

How long will it take the man to fill the sack if he does not stop the leak? To attempt to nourish the body when the stomach is diseased is like trying to fill the sack with the hole in it. When the stomach and other digestive and nutritive organs are diseased, there is a constant loss of nutrition.

Enough is eaten but the body loses flesh, plain proof that the food eaten is largely wasted because it is not digested and assimilated. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It stops the leaks by which nutrition is lost, and enables the building up of the body by the nutrition derived from food. The gain in weight proves the cure.

"Three years ago I was taken sick with what the doctor called nervousness and indigestion," writes Mrs. Warren E. Parker, of Orange Street, Manchester, Mass. "He gave me medicine for the trouble, but I could not eat even a little loaf of bread without suffering severely. In a few months I began to have distressing pains right in the pit of my stomach. I called the doctor again, and he said I had a curable stomach disease. I began taking Dr. Pierce's Golden Medical Discovery, and soon began to feel better. I have taken six bottles of Golden Medical Discovery, and now I feel like a new man. I have gained ten pounds. Can eat everything."

Dr. Pierce's Pleasant Pellets cure constipation.

So far as heard from they have been general over the entire county, and have done untold good. Grass on the prairies is already green. The rains have been gentle and soaking. Ditches are full and farmers will try to raise what, short season crops they can.

Folsom: Jackson Tabor: Cloudy weather with the much needed rain. The rains have been gentle and none has run to waste. Crops have been greatly benefited; grass and water are now assured. Highest temperature, 69; lowest, 32; rain, 1.25.

Fort Stanton: E. W. Halstead: Favorable week for plant growth. The rains of the 2d and 3d replenished the water, which was getting low, and will bring out the grass. Storm of the 2d was accompanied by severe hail which greatly damaged growing crops and trees. Highest temperature, 79; lowest, 42; rain, 0.82.

Fruitland: C. J. Collyer: Favorable week in every way, but only a sprinkle and grass and ranges need rain. Alfalfa about to bloom. Abundance of irrigation water. Highest temperature, 95; lowest, 36; rain, trace.

Hobart: W. H. Hough: Cloudy with light showers and cool nights. Crops and fruit fairly well and grass good. River very high.

Las Vegas: Wm. C. Bailey and J.

Hanson: Highest temperature, 76; lowest, 36; rain, 1.62.

Laguna: Gus Weiss: Generally cloudy with several good showers. Grass coming in good shape. Plenty of good pasture and sheep and lambs in good condition.

Los Alamos: Wm. Frank: Heavy, soaking showers the past week, and it is believed that all crops are assured. Grass on the ranges is coming fine, and sheep and cattle will soon show improvement. Shearing will begin the latter part of the month. First alfalfa will be cut about the 20th.

Mesilla Park: R. H. Hart: Warm and somewhat cloudy week; threatening showers nearly every day, with a refreshing shower the night of the 6th. Highest temperature, 89; lowest, 45; rain, 0.24.

Mimbres: Chas. Dennis: Good rains almost every day, and yesterday (5th) the heaviest of the summer. Crops looking well; grass is good; cattle in fine condition. Cold nights. A good shipment of cattle from this section this week. A slight hail storm on the 4th, but no damage to crops.

Mountain: John W. Corbett: Vegetation very backward; recent rains will help it very much. A light hail on the 3d, but no damage. Highest temperature, 80; lowest, 40; rain, 0.47.

Ojo Caliente: Antonio Joseph: Copious showers during the past week; growing crops and grass on the ranges greatly improved. Wheat is doing exceedingly well but corn is backward. The lamb crop in this vicinity will average 75 per cent.

Santa Fe: U. S. Weather Bureau: Gentle, soaking showers; the most favorable week for several months. Prairie grass begins to look green; crops and vegetation in general greatly improved. Alfalfa about ready to cut. Local strawberries in the market. Irrigation water abundant. Highest temperature, 70; lowest, 42; rain, 1.55.

Teel (Grant Co.): Hugh A. Teel: Local showers nearly every day; weather cool. Crops doing well. Apple crop will be light; other fruits fair. Alfalfa being cut. Grass is good and cattle in good condition; stockmen are gathering and shipping cattle.

Watrous: M. C. Needham: The best growing week of the season. Cloudy and showery, and grass assured a good start. Highest temperature, 70; lowest, 33; rain, 1.15.

R. M. HARDINGE, Section Director.

### Notice for Publication.

(Homestead Entry No. 7,530.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., June 3, 1903.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on July 15, 1903, to wit: Marcus Moya, for the sw<sup>1</sup> 1/4, sec. 11, twp. 16 north, range 12 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land: viz: Manuel Madrid, Chavez, Ambrosio Larraga, Felipe Frutilla, Luciano Mares y Chavez, all of Galisteo, N. M.

MARCEL R. OTERO, Register.

A small gasoline engine, new, for sale by the New Mexican Printing Company. Call or write and get price.

### A SPLENDID REMEDY.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1 at Fischer Drug Co.

### CONSTIPATED BOWELS.

To have good health, the bowels should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main St., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at Fischer Drug Co.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY. Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

THAT THROBBING HEADACHE. Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25c. Your money back if not cured. Sold by Fischer Drug Co.

Chamberlain's Stomach and Liver Tablets are just what you need when you have no appetite, feel dull after eating and wake up with a bad taste in your mouth. They will improve your appetite, cleanse and invigorate your stomach and give you a relish for your food. For sale by all druggists.

### TAX ON BABIES.

Extreme hot weather is a great tax upon the digestive power of babies; when puny and feeble they should be given a few days of White Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. 25c at Fischer Drug Co.

### Notice for Publication.

(Homestead Entry No. 4,730.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., May 21, 1903.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on June 25, 1903, to wit: Canuto Lopez for the e<sup>1</sup> 2 of sec. 11, sec. 11, twp. 16 north, range 12 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land: viz: Manuel Madrid, Chavez, Ambrosio Larraga, Felipe Frutilla, Luciano Mares y Chavez, all of Galisteo, N. M.

MARCEL R. OTERO, Register.

### HIS LAST HOPE REALIZED.

(From the Sentinel, Gebo, Mont.)

In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards, his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

### WORST OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Fischer Drug Co.

"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

### DRIVEN TO DESPERATION.

Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at Fischer Drug Co.

### FOR RENT.

9-room brick house with all modern improvements and pleasantly situated. Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Fort Marcy Heights, with its historic associations, magnificent views, and other attractive features, is destined soon to be adorned with the magnificent homes of New Mexico's millionaires, and for speculative purposes no other tract of land in the Territory today appeals to the cautious investor for immense returns in the near future. I can sell you an undivided one-half interest in this tract, consisting of about 250 acres, at a reasonable price.

I can sell you a very desirable six acre tract convenient to the penitentiary, and now used by that institution as a vegetable garden.

I have also several large and small tracts of desirable land in the neighborhood of the Government Indian School, which I can sell at your figures, perhaps. Several small houses, some adobe, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

terrible trouble with washouts in this territory. Three spans of the steel railroad bridge across the Pecos river at Ribera in San Miguel county were washed out night before last and this fact delayed traffic yesterday and today. A temporary bridge across the river at that point has been constructed and yesterday's trains from the east are expected to reach this city sometime this evening. A washout is also reported in the Mora canon which may delay trains today. Last night's No. 8 from the south and west, which ought to have reached here last night at 10:40 arrived about 2 o'clock this afternoon. The train was held at Albuquerque on account of high water at Alameda, nine miles above Albuquerque, and which had spread over the railroad tracks in that vicinity. It was thought that the bridge at that point was unsafe and that it was considered best to run last night's and today's trains from the south over it in daylight. The Rio Grande is constantly rising on account of the heavy rains in the mountains in this county, in Taos and in Rio Arriba, as well as in the San Luis valley in Colorado, and more trouble on the Rio Grande division and in the valley of the Rio Grande is feared. The Denver and Rio Grande railroad is also having difficulties in the valleys of the Arkansas in Colorado and Tuesday and Wednesday evenings' trains over that road from Denver to this city were several hours delayed.

The Mutual Building and Loan Association will hold its regular meeting tonight at the office of H. N. Wilcox in the Catron Block.

Probate Clerk Celso Lopez is busy notifying parties in the county whose taxes were raised by the county commissioners of the fact.

J. Claudio Martinez, who is charged with forgery, waived his preliminary hearing when taken before Justice J. M. Garcia and was bound over in the sum of \$2,500 to await the action of the territorial grand jury, in default of which he was remanded to jail.

Dr. W. S. Poppewell has purchased a lot of the Capitol building, of Judge N. B. Laughlin and will erect a neat brick cottage thereon. It will be one story high with substantial foundation so that a second story can be added if wanted at any future time.

The following assignment of mortgage has been recorded at the office of the probate clerk and ex-officio recorder of this county: Alphonso Dockwiler and wife and Simon Nussbaum, their 1-2 undivided interest in a mortgage given by William Strover and wife to Alphonso Dockwiler and Simon Nussbaum.

The train on the local branch of the Santa Fe went to Lamy Junction this afternoon at 2:30 and is expected to return at 7 o'clock tonight. Six trains will not meet there from the east. The noon train from the west came through on time today. Some mail from the east has been coming in by way of Denver and some by way of El Paso.

Page B. Otero, territorial fish and game warden, returned last night from a visit to Las Vegas, where he went on business connected with the recent arrest of M. Romero, who is charged with violation of Section 7 of the fish and game law of 1903. Romero's trial will occur on Saturday. He is said to have allowed sawdust from his saw mill to blow into the Gallinas river.

### PERSONAL MENTION

A. E. Laudenslager went to Espanola and other northern points on business this morning.

G. A. Richardson, Esq., of Roswell, president of the Irrigation Commission, is in the city today on official business.

Mrs. T. Z. Winters and children left this morning for a six weeks' visit with relatives at Des Moines and Boone, Ia.

Charles Waddles of St. Joe, Mo., who has been in Santa Fe on business, departed for Antonito, Colo., this morning. He is a traveling salesman.

E. B. Leamer, a Kansas City commercial man who has been in the city on business a few days, left this morning for a visit to Antonito and other Colorado points.

H. S. Kaune, the busy San Francisco street grocer, is able to be at his place of business again after being detained at his home on account of illness during the past week.

B. W. Robbins, general freight and passenger agent of the Santa Fe Central Railway, left this morning for a few days' visit to Denver, Colo., on business connected with his position.

Solicitor General Edward L. Bertlett, who has spent the past three weeks in Washington on official and legal business for the territory, is expected to return home tomorrow evening.

Mrs. J. R. Dudley and two children departed this morning for their home in Denver after visiting in this city with Mrs. Dudley's parents, General W. H. Whitman and Mrs. Whitman. They were accompanied by Mrs. Whitman who will return home in about two weeks.

W. M. Reid, an engineer connected with the hydrographic department of the United States Geological Survey, is in the city today. He is investigating the feasibility of constructing reservoirs on certain sites and has been inspecting sites in the Gallinas river canon near Las Vegas. Tomorrow he will go to San Juan county to examine certain sites.

Notice of Meeting.

Notice is hereby given that the annual meeting of the stockholders of the New Mexican Printing Company will be held at the office of the company at 11 o'clock in the City of Santa Fe, Territory of New Mexico, in the morning of Monday, July 13th, 1903, for the election of directors and for the transaction of such other business as may properly come before the meeting.

In witness whereof I have hereunto set my hand and seal at Santa Fe, New Mexico, this 8th day of June, A. D. 1903.

[Seal] C. M. STAUFFER,  
Business Manager,

### "A Wonder - Working Remedy for Women," Says Mrs. Brown.

### PAINE'S CELERY COMPOUND

Tones and Strengthens Every Weak Organ and  
Invigorates the Whole System.

Paine's Celery Compound has been irregularities commenced to make my life miserable. Though I sought the cure of the many ailments that afflict women, and it never fails to give a new and healthy tone to the female organs; it removes relaxed debility and unhealthy secretions; it purifies the blood and establishes a perfect and vigorous health. Mrs. V. L. Brown, Vineland, Cal., writes as follows:—"Four years ago female troubles and

#### SEVERE RAIN STORMS.

Delay Construction Work on the Santa Fe Central—Mortality Station May be Reached Tomorrow—Estancia Plains Covered with Water.

Telegraphic advices to General Manager W. S. Hopewell, of the Santa Fe Central states that at the close of work last evening the tracklaying machine and gang were one mile and one third of a mile south of Moriarty. Four thousand six hundred feet of track were put down yesterday, but work was very much delayed by a very heavy rainstorm which lasted all yesterday afternoon. It rained during the night and was raining on the Estancia Plains today. A great deal of water has come down during the past week, and in many places the Estancia plains are covered with water from one to two feet deep. If the rains cease today, tracklaying will be resumed and Moriarty station will be reached some time tomorrow. The rainfall on Estancia Plains during the present month has been unprecedented, and a vast amount of rain has fallen during the entire past week. Much difficulty has been experienced in doing track work, but every available chance for work has been taken advantage of and utilized.

#### BEARS IN PANIC.

Good Crop Report Threw Them Off in Their Calculations.

New York, June 11.—Uncovered bear operators in stocks made a panicky rush to cover their shorts this morning, causing a rebound in prices which exceeded in violence the demoralizing slump at yesterday's opening. There was some reaction after the opening, but prices were well sustained at a level within a point below the first quotations. The uneasiness of the bears seemed due to the unexpectedly good showing made by the Government crop report.

#### FIRE AT ROCHESTER.

Pancoat Building and Presbyterian Church Were Destroyed.

Rochester, N. Y., June 11.—A damage estimated at six to eight hundred thousand dollars was caused by fire here today. The blaze started in the Pancoat building which, with the brick Presbyterian church adjoining, was destroyed. An entire row of houses in Fitzhugh street and several buildings in State and Allen streets were badly damaged. No loss of life.

#### What Ewen Says.

Jackson, Ky., June 11.—Captain J. B. Ewen stated to State Inspector Hines, who is Governor Beckham's personal representative here, that he, Ewen, was offered five \$1,000 bills to testify in the Jett case that he was excited immediately after the shooting and did not remember whether he saw Jett or not. For his better protection Captain Ewen was today taken to the military camp.

### OFFICIAL MATTERS

#### OFFICERS RESIGN.

The following officers of Company K, First Regiment of Infantry, New Mexico National Guard, have tendered their resignations which are now in the hands of Adjutant General Whitman: Capt. A. R. De Costa, First Lieutenant Hou-facio Lucero, Second Lieutenant J. C. Lynch, all are of Las Vegas.

INDIANS THREATEN TROUBLE.

Page B. Otero, territorial fish and game warden, is in receipt of a communication from one of his deputies in Taos county in which it is stated that the Indians there declare that anyone who interferes with their hunting rights will be killed. Mr. Otero states that the law will be enforced with reference to the Indians the same as others.

NOTARIES APPOINTED.

Governor Otero has appointed the following notaries public: Frank C. Allen of Tularosa, for Otero county; Al-gernon H. Garnett of Chihuahua, for Valencia county; Frank A. Chavez of Las Vegas, for San Miguel county.

#### SESSION OF THE UNITED STATES LAND COURT POSTPONED.

A telegram received this morning by the clerk of the United States Court of Private Land Claims from Chief Justice Joseph R. Reed of the court, announces that the session of the court which was to have convened on Tuesday the 16th instant, has been postponed until Tuesday the 23d instant, at which time the session will open at the court's chambers in the Federal building in this city.

#### SURVEY APPROVED.

The survey of the Whale group of lode mining claims by United States Deputy Mineral Surveyor Duane Wheeler of Tucson, has been approved at the office of the surveyor general. The claims are The Royal Copper Mining and Milling Company of Pueblo, Colo., and the group comprises the Whale and Whale No. 1 lodes, situated in the Bromide mining district in Rio Arriba county.
