POLICY OF
CONCILIATION

Judge William H. Pope Describes Existing Conditions in the Philippines and Tells of the Wonderful Progress Made During the Past Two Years.

GOVERNOR TAFT HAS
GREATLY ENDEARED HIMSELF
TO THE FILIPINO PEOPLE

Judge William H. Pope, who has just returned to Santa Fe after an absence of a year spent in service on the Court of First Instance of the Philippines, tells of very interesting experiences which he had in those islands. A part of his time was spent in Manila and visits were also paid to the principal towns of Luzon, both north and south of Manila. He also visited a number of the islands of the Visayan group, but the most of his time was spent in holding court in Leyte and Samar, two of the richest and most populous provinces of the archipelago. The district over which he presided, which included also the province of Surigao in Mindanao, contained very nearly a million people. In Samar, the last province to submit to American sovereignty, and the one in which General Jacob Smith's vigorous campaign was carried out, Judge Pope organized the first American court and was engaged for over three months in trying the prisoners left over from the military regime as well as in disposing of the other business which had accumulated after the establishment of the civil government. His experiences and opportunities for observation were thus most unique.

In speaking of the conditions to a representative of the New Mexican, Judge Pope said: "When I left Manila the early part of May, conditions were most promising for the future. Of course, the Philippine Commission has on its hands the greatest problem of recent times, that of guarding the interests of 8,000,000 natives, and of developing in them the capacity for self government. Fortunately, this task is in the hands of most competent men. High as is the estimation in which Governor Taft is held by the people of America, it is not by any means above that to which he is entitled. Knowing the complicated and delicate problems daily coming up for solution in the Philippines, it seems to me that the wisdom which suggested the choice of Governor Taft for this work was most exceptional. Great as have been his services in other directions, I am impressed with the fact that the greatest service rendered by him has been in his erecting lofty ideals for official conduct. It was my observation that the well known position of Governor Taft on the subject of keeping in the foreground the interests of Filipinos, on the avoidance by the Americans of anything like selfish exploitation of the islands, on the necessity for official rectitude whether in finance or morals, pervades the whole body of officials from the highest to the humblest and has resulted in a class of public servants whose equal would be hard to find. Of course there are exceptions as in the case of several of the American postmasters and disbursing officers, but the promptness with which these officials have been arrested and prosecuted, has been notice to the other Americans that the Philippines were not to be made the prey of dishonest officials, and was also notice to the Filipinos that the American officials would be held to strict accountability in the administration of public trusts. One of the results of Governor Taft's policy thus permeating the archipelago has been a considerable treatment of the natives by the Americans and a sympathy for them which has, as a rule, found expression in attempts to interest them in education and in the form of government which is possessed by the United States and whose liberties it is proposed to extend to the Filipinos as they become capable of properly enjoying them. It is doubtless true, as General Chaffee is quoted as saying, that cruelties have characterized the relations between the army and the Filipinos in the past; but this cruelty was, as a rule, the incident of active warfare, now fortunately over.

"My observation is that at present, the treatment of the Filipino by American civilians and soldiers alike is, as a rule, kindly. At all points where I visited, the Americans and the educated Filipinos attended social entertainments together and there mingled upon terms of friendship. In some instances Americans have married Filipino women, have acquired property rights among the natives and have settled down among them for life. This conciliatory policy has resulted in feelings of the deepest affection on the part of the natives, for Gov. Taft and accounts for the protests against his transfer to the supreme bench which were heard so vigorously from Manila last winter. As this policy becomes more and more known among the Filipino people and as they become convinced that this is not only the policy of Governor Taft but of

the home government, it is believed that less and less will be heard of local disturbances and that the islands will become gradually settled down for the prosperity which awaits the development of their splendid resources. At the present time, while civil government has been organized in all of the Christian provinces of the archipelago, the presence of the Ladrone element, augmented by such of the peaceable natives as these Ladrone have been able to intimidate into assisting them, has called for vigilance and prompt action on the part of the authorities. I tried a number of these Ladrone in Samar and Leyte and found them to be mainly of the most ignorant classes. The degree of their intellectuality may be inferred from the fact that in their raids they carry pasted upon the forehead or chew in the mouth, little pieces of paper called "Anting-Antings," which are supposed to make them bullet proof. The policy of the courts has been to punish severely the leaders of these outlaws, allowing the more ignorant of them, after proper instruction as to the results of further disobedience of the law, to return to their homes where they are kept under proper surveillance. In suppressing these outlaws, the civil government has wisely utilized to a great extent, the Filipinos themselves. The constabulary organization, excepting the commissioned officers, is made up entirely of natives and has proved most efficient. This is the organization which deals primarily with the criminal classes and the native members of it, when properly officered, are as brave and competent soldiers as can be found anywhere. In case the situation is too grave for the constabulary alone, provision has been made by congress for calling into service the Philippine scouts, a branch of the regular army. The soldiers of this organization are likewise all Filipinos and they take a deep pride in their connection with the army. Posts of this organization are situated at many points on the islands, available for ready duty. Finally, in case the situation should at any time become too acute for constabulary and scouts confined, the regular American soldiers, which are as a rule, gathered in large posts, healthily located, may be called upon for assistance. With the policy already maintained to assure the Filipino of protection in his rights and with the three organizations already mentioned to exercise prompt and firm action in case he steps beyond the law, it is believed that the experiment of civil government in the Philippines has been well launched and promises permanence. I believe that in the future, less and less will be heard of Ladroneism and more and more of advancement in the direction of material prosperity.

"Preparations for this latter are shown in the improvements of Manila harbor, now reaching completion; the building of an electric line from Manila affording a chance for suburban growth, and various other enterprises now under way.

"The Philippine authorities were much disappointed at the failure of the last congress to lower the duty upon Philippine imports into this country. The present tariff prevents any considerable increase in the exportation of Philippine products to the states which should afford the principal market for them. It is confidently expected, however, that the next congress will remedy this trouble. The provision for a stable currency and the appropriation of several million dollars for the relief of the agricultural interests, made by the last congress, was, however, an assurance to the Filipino people that the people of America are not unmindful of their interests; and with the assurance of enlarged self-government given by the Lodge bill of a year ago, the Filipinos are looking forward more and more confidently to an early realization of the ambitions so long entertained by them, the hope of a government honestly administered and in which they shall have such a degree of participation as their ambitions dictate and their capabilities justify. Preparations are being made for an extensive exhibit from the Philippines at St. Louis next year and I am confident that that exhibit will not only serve to open the eyes of the American people to the great resources of the archipelago, but will also show them what great progress has been made by Governor Taft and his able associates on the commission in transforming hostility into friendliness, in advancing the material and political interests of this most interesting people, and by so doing in elevating the name of the American nation.

CHARRED BODY
HUNG LIMP

Negro Murderer Burned at the Stake at Wilmington, Delaware.

GUARDS WERE OVERPOWERED

Public Sentiment Approves the Action and It is Probable No Arrests Will Be Made.

Wilmington, Del., June 23.—All is quiet in this community today following the horrible lynching of George White, Helen Bishop's confessed slayer, at an early hour this morning. Of the mob of nearly 5,000 that overpowered the authorities, stormed the New Castle county workhouse and dragged from his cell the trembling wretch and burned him at the stake, the identity of only one is publicly known. That person is little Peter Smith, 12 years old, who fell when the workhouse guards fired a volley into the ranks of the attacking mob. The lad was struck by a bullet which entered his back and is thought to have penetrated his kidneys. This morning he is in a serious condition. After the mob had completed its work of vengeance, the body of the negro ravisher and murderer was left chained to the stake, with the fire burning all around it and the members of the lynching party went home. Rain which began falling later, extinguished the fire and at daylight the charred body still hung limp in plain sight of passers-by. Public sentiment here, so far as expressed, appears to approve the lynching of White and it is not believed there will be any arrest. White confessed to the assault and murder of Miss Bishop before the torch was applied.

EVEN IN HIDING.

Witness Against Fugitive Dares Not Let His Whereabouts Be Known.

Lexington, Ky., June 23.—B. J. Ewett, left here today for Louisville, from which point he will hide away until the trial of Jett and White at Cincinnati on the morning of the grand jury in Breckinridge county July 20th. On the same train, Governor Beckham and State Inspector Pope, who held a consultation here last night with Judge Redwine and Commonwealth's Attorney Byrd, left for Frankfort. Governor Beckham said the men behind the assassinations of Breckinridge county would be punished.

TO SELL CRUISER.

Sheriff Says Claims Must Be Liquidated Within Three Months.

New York, June 23.—A legal advertisement published in an Elizabeth, N. J., paper gives notice the cruiser Chattahoochee will be sold by the sheriff within three months for claims against her, unless they are liquidated. A deputy sheriff is still in charge of the cruiser but work is proceeding.

S OOK MARKETS.

New York, June 23.—Closing stocks: Aitchison, 65½; Aitchison preferred, 93½; New York Central, 126½; Pennsylvania, 124½; Southern Pacific, 48½; Union Pacific, 80; Union Pacific preferred, 87½; United States Steel, 30½; United States Steel preferred, 79½.

THE WOOL MARKET.

MANY BOWS AND
MUCH SCRAPING

American European Squadron is at Kiel and Was Royally Received by the German Fleet Under Command of Prince Henry.

OFFICERS MADE CALLS AND THEN PADDOLED HOME TO RECEIVE GUESTS

Kiel, June 23.—The United States European squadron, Rear Admiral Cotton in command, reached its anchorage opposite the Yacht Club house at noon today. The fleet commanded by Admiral Prince Henry of Prussia, which consisted of eight battleships and six cruisers, saluted the American vessels and the band of the German flagship, played "America." The flagship Kearsarge swung into her mooring next to the Hohenzollern, followed by the San Francisco, Chicago and Machias, all German ships being dressed in the visitors' honor and flying the Stars and Stripes. The commanders of the American ships then called on Prince Henry, who immediately returned their calls. Rear Admiral Cotton and Captain Joseph N. Hemphill, commander of the Kearsarge, and all other American commanders also called on the eight German admirals and vice admirals stationed on this, the greatest stronghold of the German sea power, and afterwards received their return calls. Most of the afternoon was spent in calling and receiving calls.

ARGUMENTS CLOSED.

United States Ship Building Company Said to Be Insolvent.

Newark, June 23.—The argument of counsel in the suit for the appointment of a receiver for the United States Shipbuilding Company, was heard today before U. S. Circuit Judge Kirkpatrick. The hearing in Trenton yesterday disposed of all affidavits and formal papers in the case and each side was allotted three hours for final argument. Samuel Untermyer of New York, opened for the complainant, and Charles L. Corbin followed for the defense. R. V. Lindbury will conclude the case this afternoon. Attorney General McArthur has presented the argument for the defense. Untermyer had barely risen when McArthur asked leave to present affidavits of holders of \$200,000 of reorganization bonds, all of whom, he said, desired to join the defense under the reorganization plan. Both Untermyer and Lindbury objected to the introduction of affidavits. Judge Kirkpatrick however held that the addition of \$200,000 of bonds to the \$20,000,000 already represented by Sheldon as chairman of the reorganization committee, would make no special difference and admitted the new documents. Mr. Untermyer's argument was an effort to show the corporation was insolvent.

DEADLY EXPLOSIVES.

Convicts Could Have Blown Up the Colorado Penitentiary.

Canon City, Colo., June 23.—Enough giant powder and nitro-glycerine were found in the penitentiary this morning to blow up the entire prison. It was thought by the warden that these explosives were in the prison but the amount astonished all officers. Tom Fallon and Tom Fisher, two of the men who participated in yesterday's break, were sweating last night and this morning and finally lead the officers to the hiding place. Two sticks of giant powder were found in partitions of the tailor shop and a vaseline bottle of nitro-glycerine was found in the mattress of the bed in the cell of Kuykendall, who was killed in yesterday's break. It is believed that Kuykendall manufactured the nitro-glycerine. The prisoners who made the attempt to escape are now all confined in the dungeons.

KNAPP TRIAL COMMENCED.

Is Charged with the Brutal Murder of His Wife.

Hamilton, O., June 23.—The trial of Alfred Knapp for the murder of his wife began today. Knapp was dressed in black and wore crepe. Lawyers Thomas Darby and John Thomas, of Cincinnati, represented Knapp, who seemed interested but not alarmed. Darby said no objection would be made to trying the case here, but declined to outline his defense. The first venire of 37 jurors was called. The preliminary questioning of jurors continued throughout the day.

ADJOURNED UNTIL TOMORROW.

Court of Private Land Claims Transacted No Business Today.

The June term of the United States court of private land claims convened this morning in the court room in the Federal building. No business was transacted today however and adjournment was taken until 10 o'clock tomorrow morning. Chief Justice Joseph R. Road of Council Bluffs, Ia., presided and there were also present Associate Justice William W. Murray of Huntington, Tenn.; Associate Justice Henry C. Sluss of Wichita, Kansas; Associate Justice Wilbur F. Stone of Denver, W. Col.; and Justice of the Peace, W. J. McPherson, of Santa Fe, stenographer.

Those who sample our wines, liquors and cigars always call again. J. Weinbergers, south side Plaza.

FOR A HALF
CENTURY

Sisters of Loretto Have Conducted the Academy in This City.

COMMENCEMENT EXERCISES

Delightful Program Was Given Before a Large and Appreciative Audience Last Evening

Loretto Academy last night closed its 50th year with a brilliant graduating program. The Loretto Auditorium was filled with a most appreciative audience.

The program opened with a unique instrumental selection. Fifteen girls rendered the "Cuirassier Gallop" on five pianos, three playing on each instrument. The selection was brilliantly and creditably rendered. The next number was a cantata "The Jolly Picnic Party" which was very catchy and realistic. A march followed, played by 15 girls on five pianos. The next number was a calisthenic drill by seven misses which was gone through within a rarely graceful manner. A very amusing scene followed which was planned by the Sisters of the academy. Eleven little girls appeared in a sort of drill entitled "What the Big Girls Do." The misses were equipped with fans, powder rags and other articles with which they pictured the big girls as painting, flirting and going through other performances which they pronounced dreadful.

Ten young women then played an overture on five pianos, two at each instrument. The performance was very satisfactory. A pretty and graceful scene was the conferring of the literary honors upon the graduating class by the Rt. Rev. Bishop John B. Pitaval. The two young women went to the bishop's seat where in well chosen words he placed laurel wreaths on their heads.

"The Revel of the Roses," another original part prepared by the Sisters of the academy, was here given in which ten young women attired in gowns of gay color, participated. The last figure formed by them was a combined cross and anchor. A flood of red and green calcium light added to the splendor of the scene.

Miss Nona Murphy, a former graduate of the academy, then sang in her rich sweet voice, "Lead Kindly Light" which was pantomimed by 12 of the older girls of the institution. This was one of the most charming numbers of the program.

The academy orchestra here played a selection and the children of the school in chorus sang "Over the Ocean Blue."

The valedictory was rendered in two parts, the first in prose and the latter in poetry, by the two graduates, Miss Urna B. Hickox and Miss Mary I. Sena. It was entitled "Knowledge Rules the World and Religion Heavens Rules." The first part, in prose, was rendered by Miss Hickox. Her manuscript was shaped like an owl and on the covering was painted a picture of that bird—the emblem of wisdom. She delivered the piece in a clear and eloquent voice with suitable gestures. The composition showed great erudition and extensive reading and was handled in a masterful manner.

Miss Sena's poem "Religion Heavens Rules" was on composition paper in the shape of a cross—the emblem of religion. The poetical ability showed in the construction would have done credit to one of more mature years. The thoughts contained were beautiful, eye even sublime, and the rendition was faultless. How fitting that the two graduates should be both made valedictorians. It would have been difficult indeed to discern which of the young ladies was more entitled to that honor had not the happy thought of a duel valedictory suggested itself to the faculty of Loretto.

The program concluded with the awarding of gold medals by the Very Rev. Anthony Fourchegu as follows:

Gold medal for deportment, donated by Very Rev. Anthony Fourchegu, awarded to Misses Bessie Lodge, Belle Quick, Addie Stroope. By lot to Miss Bessie Lodge. Second awarded to Miss Louisa Ortiz.

Gold medal for Christian doctrine, donated by Rev. J. Deraches, awarded to Misses Felice Hilton, Nattie Sandoval, Libbie Taylor, Josephine McDonald, Margaret Maher, Myrtle Happel, Lucy Coleman, Marie Alderete, Eva Hilton, Candida Read, Bessie Lodge, Trinidad Delgado, Nina Perez, Mamie Holtz, Mary Gormely, Josephine Alary, Carlota Conklin, Lola Chapman, Antonia Valdez, Alice Sanchez, Blanche Burns, Genevieve Morrison, Marie Yanni, Frances Hinojosa. By lot to Miss Louisa Chapman.

Gold medal for general improvement, donated by Mrs. B. Seligman, awarded to Miss Mary I. Sena.

Gold medal for general improvement by Mrs. J. M. Castillo, awarded to Misses Uda Gibson, Margaret Maher, Josephine McDonald, Lucy Coleman, Marie Alderete, Eva Hilton, Candida Read, Bessie Lodge, Trinidad Delgado.

COMMENCEMENT
AT ST. MICHAEL'S

Forty-Fourth Year of Work at This Excellent and Honored Institution Closed Yesterday With a Fine Program.

TERM HAS BEEN ONE OF GREAT
SUCCESS AND PROSPERITY

The 44th annual commencement exercises of St. Michael's College were held yesterday in the College auditorium.

The program at the College opened at 9 o'clock yesterday morning in the presence of a large crowd, composed of the parents and relatives of the students, their friends and friends of the college. The first number was an overture by the college orchestra, a well trained organization composed of students. Ernest V. Digneo then delivered an oration, "Our Holy Father, Leo XIII." The young man in eloquent language spoke of the virtues of the "Grand Old Man" of the Roman Catholic church, his influence upon the world both Catholic and Protestant; of how the crowned heads of the world had remembered Leo on the occasion of his Silver Jubilee, and not only the crowned heads, but many millions of people. The speaker showed that he had given a careful study of the life of the pontiff and also that he was a capable orator.

An instrumental selection by seven young men of the college on different instruments followed. Jeremiah J. Kelly, a speaker of clear enunciation, then recited "Sheridan's Ride." Grover Abbott rendered a piano solo entitled "The Maiden's Prayer." F. and S. Soto, two members of the school from Mexico, played a sweet and most charming violin duet. Maximilian Tafoya's oration on "The Future of New Mexico" was a fine effort. He dwelt at length on the rich mining interests of the territory that only need developing; of what irrigation will do for the territory and of the many other things that will go toward making New Mexico one of the greatest states of the union in the future. The speaker possesses marked oratorical ability.

A very creditable number that was highly appreciated by the audience, was the quartet singing of George Rickel, John Maher, Jose Martinez and Frederick Soto, which was introduced at this juncture. Max Tafoya rendered a mandolin solo, and Daniel Doyle, a very clever and competent speaker, recited "Shipwrecked." After the college orchestra had rendered a selection, John Maher delivered an oration entitled "Our Commercial Relations with the Spanish Americas." The young man had given his subject careful attention and also displayed eloquent powers to advantage. J. Lucero and A. Garcia rendered a pretty duet on the mandolin and guitar.

The junior choir then sang the patriotic "Marching Thru Georgia," the solo parts being taken by Charles Tenny, Jose Diaz and Halford Potter. The college quintet club played a grand march after which the trial

Nina Perez. By lot to Miss Trinidad Delgado.

Gold cross for general improvement, awarded to Miss Genevieve Morrison. Gold medal for music, donated by Rev. George Juillard, awarded to Miss Libbie Taylor.

Second gold medal for music, donated by J. J. Healy of Chicago, awarded to Miss Belle Quick.

Prize for violin music, awarded to Miss Eva Hilton.

Gold medal for attendance, donated by Loretto Academy, awarded to Misses Mary Sena, Candida Read, Marie Alderete, Emilia Read. By lot to Miss Candida Read.

Gold cross donated by Loretto Academy, awarded to Miss Mamie Holtz for arithmetic.

Gold cross for improvement in drawing and painting, awarded to Miss Mary Martinez.

Miss Mary I. Sena and Miss Urna B. Hickox of Santa Fe, having completed the course of study required by the academy, are entitled to graduating honors, and first literary honors.

The academy has been in existence a half century. Sister Lucia, superior of the academy, was educated in the institution and has been connected with it ever since. She has been superior seven years and the school has progressed nicely under her management. The corps of instructors is the best the academy ever had and the school year just closed has been one of the most successful.

TUG RUN DOWN.

Three Members of the Crew Were Drowned and the Others Were Rescued.

Buffalo, June 23.—The great lakes tug O. W. Cheny was run down by the propeller Chemung today about seven miles up the lake. Three members of the tug's crew were drowned, as follows: Captain John Wheland, Steward Andy Schaefer, Fireman Eddie Dugan, Engineer James T. Byers, and other firemen were picked up by the tug Frank S. Butler and brought to this city.

scene from the drama "Major Andre," was presented by the first year class. Considerable histrionic ability was here displayed. The work of George Rickel as General Green, Joseph Doyle as Major Andre, and Jose Martinez as General Washington, was of especial merit. A musical selection followed, after which an address was delivered by Rt. Rev. Bishop John B. Pitaval, who presented medals as follows:

Medal for first undergraduate class, awarded to George Rickel of Flagstaff, Ariz.

Second medal for undergraduate class, awarded to Lorenzo Flores of Morenci, Ariz.

Third medal for undergraduate class, awarded to Alfredo Valdez of Park View, N. M.

First medal, for general standing in second class, awarded to Felipe Quintana of Santa Fe.

Second medal for general standing in second class to Ramon Martinez of Concho, Ariz.

First medal for general conduct to Chris. Dabovich of Bisbee, Ariz.

Second medal for general conduct to Jno. P. Parker.

Two medals are usually given for excellence of study and conduct. There were eight this year who were entitled to the medals, so they cast lots and they were received by Chris. Dabovich and John Parker. The others who were entitled to medals were Severo Soto, Frederick Soto, Rafael Chavez, S. Romero, M. Ribera, Theodosio Arroyo.

The members of the graduating class received no medals.

The diplomas were then presented to the graduating class by Brother Butolph, president of the college. The members of the graduating class were John E. Maher, Albuquerque; Jeremiah J. Kelly, Bisbee, Ariz.; Maximilian Tafoya, Las Vegas; Gilberto Mirabal, San Rafael, N. M.; Francisco D. Luna, Tierra Amarilla, N. M.; Jose R. Martinez, Tierra Amarilla, N. M.; Ernest Digneo, Santa Fe; Grover C. Abbott, Santa Fe.

St. Michael's College opened October 27 in the year 1857. English and Spanish are taught and the tutors are members of the well known society of Christian Brothers. The present faculty consists of members of experience and some of them have been here more than 20 years. Brother Butolph, the venerable and efficient president of the college, has been at the head of the institution for 33 years. The members of the faculty are to be congratulated upon the success of the exercises and of the school year. There were 165 boarding pupils and 115 day pupils enrolled at the college this term. The musical ability of the students which was shown to such great advantage at the graduation was developed by Brother Fabian, who has entire charge of the music.

FOR KANSAS RELIEF.

Outline of the Measure which will be Introduced by Senator Smith.

Topeka, June 23.—Senator Fred Dumont Smith will introduce a relief measure in the senate tomorrow along lines of the precedent established in 1891 when an appropriation was made to furnish new seed to settlers in the northwest who had lost their all by drought. He would make a state appropriation to be distributed among the counties affected by the flood in amounts necessary to relieve distress. He would require those to whom money is supplied to give a note therefor, without interest, due on October 1, 1904, and when it is collected, the money shall be returned to the state treasury. This plan will require a half mill levy to meet the appropriation. It would mean to the average tax-payer over the state a tax of 40 or 50 cents.

SUCCESSFUL TRIAL.

Santos Dumont Executed Many Skillful Manoeuvres Over Paris Today.

Paris, June 23.—Santos Dumont made his first appearance today in airship No. 9 over the center of Paris. He started from Longchamps, going in the direction of Place De L'etolie. He executed a number of skillful manoeuvres over Place De L'etolie, made a tour of Arc De Triomphe and, turning down Champs Elysee, brought his airship down at the door of his house. The ship maintained an altitude of about 100 feet and answered her helm perfectly.

Sentenced to Death.

London, June 23.—Samuel Herbert Dougal was today found guilty of the murder of Miss Camille Holland, a wealthy woman with whom he lived at Mount House, Saffron-Walden, and was sentenced to death.

SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY

Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

TUESDAY, JUNE 23.

The month of June of the present year so far, is full of great disasters and death dealing calamities. Devastating floods and many railroad accidents combined show up a fearful record of loss of life and destruction of property. Verily man and his works are like the gentlest breath of a zephyr when opposed to the fury and power of the elements.

The Santa Fe Central Railway is running daily trains from Torrance to Moriarty, a distance of 63 miles. In another month daily trains are expected to run from Torrance to this city. Hail the day. The high line route via the Denver & Rio Grande railroad, the Santa Fe Central railway, the El Paso and Rock Island and the El Paso and Northern railroad will in six months be the most popular line from Denver, Colo., via Santa Fe to El Paso, Texas.

The Republican administration in Washington evidently believes in turning the rascals out. This is very lucidly and clearly shown by the action of the United States grand jury in Washington in finding indictments against ex-officials of the postoffice department, charged with malfeasance and corruption in office. This official dishonesty may occur under any administration, but when it is found out it should be promptly checked and severely punished. This is what is being done in Washington at present.

The esteemed Las Vegas Optic declares that the Meadow City contains several character assassins. This is unfortunate, to be sure; but if the Meadow City likes company, this city will have to join it in this matter. Unfortunately also, it contains several character assassins of the most despicable and lowest kind, who either for pelf, from envy, jealousy or for revenge, are constantly at work endeavoring to blacken the characters, reputations and business and political standing of their betters and superiors.

Three years ago Colonel William Jennings Bryan predicted that the election of a Republican president would do away with Fourth of July celebrations and that the United would speedily become an empire. In his paper, The Commoner, he is now shouting with great glee for a grand celebration of the natal day of the Nation on the coming Fourth of July in Lincoln, Neb. The Colonel has a very convenient memory and when he wants to forget, which by the way he manages to do quite often, he does so completely.

The investigation of the charges against the management of the Territorial Insane Asylum at Las Vegas has closed. The official report of the committee to investigate them is in the hands of Governor Otero. The investigation was very searching and thorough as is proven by the fact that the testimony adduced fills about 500 pages of legal size paper. The report and findings, no doubt, will be given to the people upon the return of Governor Otero to this city. Until then, patience. There are many rumors concerning the results of the investigation, but no official or correct versions of the findings can be obtained at present.

The New York World does not care very much what it says and when it wants to say anything against an official or a man, it does it with great gusto. It now jumps all over President Roosevelt on account of the appointment of Perry S. Heath as first assistant postmaster general, when in fact he was appointed to that office by the late President McKinley and before Mr. Roosevelt was even nominated for the vice presidency. The paper also goes for Mr. Roosevelt rough shod on account of the appointment of Tynes as an assistant attorney general of the postoffice department, when Tynes commenced to hold office in the department while Mr. Roosevelt was yet a boy in his teens, and was named for that particular position during the first term of the late President McKinley.

On yesterday commencement exercises of St. Michael's College, conducted by the Christian Brothers, and of the Academy of Our Lady of Light, conducted by the Sisters of Loretto, took place in this city. These exercises were largely attended by hundreds of persons from the central and northern portions of New Mexico who have sons and daughters at these strongly established, carefully conducted and very successful educational institutions. The capital of New Mexico in particular and the people of the territory in general, can justly feel proud and ought to feel fully satisfied with the great and good work being done by them and which has now been going on for more than a half century in each case. Their usefulness and power for good is constantly on the increase and this paper sincerely hopes that such will continue until time shall be no more.

The way of the transgressor is hard. Yesterday morning fifteen convicts at the Colorado state penitentiary at Canon City, attempted to escape. One of them was killed, two of them seriously wounded and the remaining twelve were recaptured and will have a harder time of it hereafter. The good of the commonwealth demands that the law punish such offenders with the greatest severity and swiftness.

ASSOCIATE JUSTICE CLEMENT C. SMITH.
President Roosevelt has appointed Judge Clement C. Smith of Hastings, Mich., to be associate justice of the supreme court of the Territory of New Mexico, vice Daniel H. McMillan, removed. The president exercised his prerogative under the laws and the constitution, and while this paper would have liked to have had the home rule plank in the Republican platform of 1896 and 1900 carried into effect, still as the president has chosen, the best should be made of his action. The new associate justice is reported to be a man of excellent reputation, great legal ability and learning, and of high standing, having filled judicial positions in his home state of Michigan for years and now being a judge of one of the state circuit courts. The New Mexican hopes that the new judge will make this territory his permanent home and become identified with its people, its interests, its progress and advancement. He will meet with a cordial and hearty reception by the people of his district and of the territory. A successful administration of justice in the fifth judicial district, of which he will be presiding judge, and of the high trust placed in him as an associate justice of the supreme court, will depend entirely upon himself. The New Mexican believes that the appointment will prove a very good one and will add to the very enviable reputation enjoyed by the supreme court of the Territory of New Mexico.

JUDGE WILLIAM H. POPE.
The New Mexican has watched with especial pride and interest the brilliant career of Judge William H. Pope, not only because he was not so long ago a member of the editorial staff of the New Mexican and is considered one of its own by Santa Fe, but because his successes so early in life demonstrate anew that he is at New York or at Washington or at Chicago or at Santa Fe, the man who is capable, the man who is well balanced, the man who keeps himself clean morally and the man who pays strict attention to the task nearest to him, is bound to be selected for responsible positions and high honors. It is not a matter of chance, it is the result of character. It is the men who give two dollars' worth of talent, work and attention in return for one dollar's worth of pay, who give attention to little details and not the men who shirk the small things while looking for the big ones, who most generally succeed.

Judge William H. Pope came to Santa Fe about ten years ago, an unknown young man, one might almost say a boy, shattered in health and with poor prospects compared with other men, and yet, the recognition of his talents, of his earnestness, came almost instantaneously. It was immediately noticed that he gave as much thought and energy to the little things that came to him as if they were the great tasks of a life time. The quality of doing his work in a whole-souled manner was again recognized in the Philippines where as judge of the court of the first instance, a great and noble work awaited his doing and he attained honors such as are given to but few men.

The following letter from William H. Taft, the civil governor of the Philippines, in accepting the resignation of Judge Pope, shows the high appreciation and the great value placed upon Judge Pope's work in the new possessions of the United States:
"Office of the Civil Governor of the Philippine Islands—Baguio, Benguet, April 20, 1903.—Honorable William H. Pope, Judge of the Court of First Instance, Manila, Philippine Islands—My Dear Judge: I beg to acknowledge receipt of your letter of resignation as a judge of the Court of First Instance of these Islands. This acceptance of your resignation is to take effect at once (as requested), but is not to prevent the payment to you by appropriation of the Commission of the amount due you as pay for the leave which has accumulated to you under Act No. 80.

"In accepting your resignation, I must express to you my high appreciation of the very great service which you have rendered here as a judge. You have entered into the spirit of the work which this government has on hand, and with your knowledge of Spanish, with your knowledge of Spanish law, with your sympathy for the people and your understanding of the situation, you have made a model judge. I cannot exaggerate the regret which I feel in losing you from the public service. So many men have ability in various directions as lawyers and judges, who lack the element of earnest sympathy with our purpose and with the people here, that when we find a man who has, in addition to all the other necessary qualifications of a just and learned judge, these qualities, and have to lose him, the loss is very great. I am exceedingly sorry that you have found the climate here so injurious as to require you to leave. With the hope that you may find, on your return, to America, the prosperity and happiness which you deserve, believe me, my dear Judge,

"Your sincere friend and well wisher,
Wm. H. Taft,
"Civil Governor."

It is idle to predict what the future may hold in store for Judge William H. Pope, to what other high and responsible positions he may be called, for men's lives do not run in measured grooves, but this much is certain, be his task great or small, it will relieve the full measure of his ability and energy and it will be well done.

Why Pay as Much

for an inferior beer?

Schlitz beer costs twice what common beer costs in the brewing. One-half pays for the product; the other half for its purity. One-half is spent in cleanliness, in filtering even the air that touches it, in filtering every bottle. And it pays the cost of aging the beer for months before we deliver it.

If you ask for Schlitz you get purity and age, you pay no more than beer costs without them.

FARMING LANDS UNDER IRRIGATION SYSTEM.
These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.
On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.
For particulars and advertising matter apply to

THE MAXWELL LAND GRANT CO

RATON, NEW MEXICO

New Mexico Military Institute

ROSWELL, NEW MEXICO.

THE MILITARY SCHOOL OF NEW MEXICO ESTABLISHED AND SUPPORTED BY THE TERRITORY

Six men instructors, all graduates of standard eastern colleges. New buildings, all furnishings and equipments modern and complete; steam-heated, gas-lighted; baths, water-works; all conveniences.

Tuition, board and laundry, \$200 per session. Session is three terms of thirteen weeks each.

Roswell is a noted health resort, 3,700 feet above sea level; well-watered. REGENTS—Nathan Jaffa, W. M. Reed, R. S. Hamilton, J. C. Lea and E. A. Cahoon. For particulars address,

COL. J. W. WILLSON, Supt.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7. For further particulars, address

Upper San Francisco Street, Santa Fe, N. M.

CITY PROPERTY.
I have also a nice cottage (double) 6 rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

SANTA FE HARDWARE & SUPPLY CO.

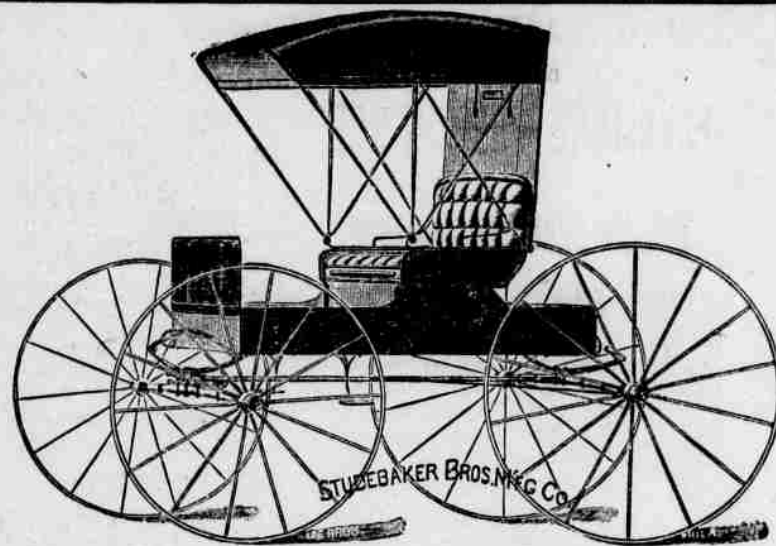

SANTA FE, N. M.

Our Motto:
LIVE, AND
LET LIVE.

JOBBERS AND RETAILERS

Now Open for business with the largest stock of Hardware Supplies in Northern New Mexico.

Just Received.

Car Studebaker Wagons and Buggies, Mountain Wagons, Valley Wagons. Top Buggies and Buggies without Tops. Diamond Four Springs for mountain traveling. Spring goods of all kinds, with and without rubber tires. The latest patterns direct from factory. Prices as cheap as you can get A-1 goods anywhere. Remember them

Just Received.

ANOTHER CAR NAILS, which shows there has been something doing in the nail business. One car just lasted us three weeks. The rapid sale of first car established the fact, with us at least, that we are in a position to sell you your nails.

Blacksmith's Materials

Our Stock of Wood and Iron Material for Blacksmiths is very complete, also Anvils, Forges, Vices, Bellows, anything usually needed at the Modern Blacksmith Shop can be had at the right price.

Stoves and Ranges

Our Store will be Headquarters for Stoves and Ranges. We have decided after some weeks' investigation to put in

Buck's Stoves and Ranges

knowing no other stove on the market can excel this line. These goods will not be shipped from factory until July 1, by this time we can get the latest product of the factory, with all modern improvements of 1903, meantime we have other staple lines in stock to supply immediate demands.

Our Bargain Counter.

A novelty for Santa Fe which we have introduced is our Bargain Counter. You will find many needful articles at bargain rates. You are sure to see something you need on this counter.

Samson Windmills

The SAMSON WINDMILL may not be the cheapest but it is the best. We believe in making an investment for a Windmill it pays to buy the best. We have them in stock and you don't have to wait if you need a mill. Come and see for yourself.

Other Lines

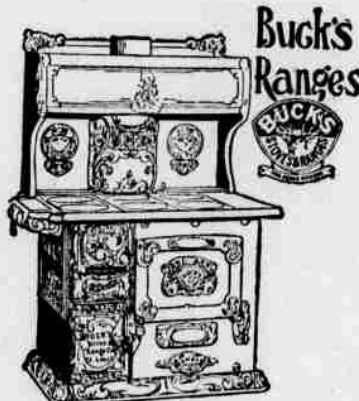

We carry Queensware, Glassware, Tinware and a choice line of Blue Deft Enameled Ware that is guaranteed not to crack or peel off. Comes a little higher than the cheap stuff but you will find it pays to buy the best.

Ice Cream To-day.

Several families enjoyed ice-cream at home Sunday made in one of those White Mountain Ice Cream Freezers. We sold them. None better. The price must be all right. We got a few left we are willing to sell.

Water Filter and Cooler.

The Filter and Cooler Combined we are pushing fills a long-felt want. It is giving the best of satisfaction. All you have to do is put your water and ice in, the filter does the rest. Save that doctor bill this season. Invest your money in one of our Filters.

Bad on Flies.

We are headquarters for Screen Doors and Wire Netting. Better lock out the flies now, for they will be after you soon as it quits raining.

Mowing Machines.

We have several mowing machines on hand that we propose to sell if price is any inducement. With such beautiful rains, your alfalfa will surely grow rapidly. Let us sell you a mower, so you can cut it as fast as it grows.

Hardware and Builders' Supplies

We are completing our line of Hardware and Builders' Supplies and will be able to supply the trade with any article of every day demand. We handle every thing.

KENNEDY & TOWNSEND

Santa Fe, New Mexico.

216 SAN FRANCISCO STREET.

HIS LAST HOPE REALIZED.

(From the Sentinel, Gebo, Mont.)
In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards, his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That little bottle worked a complete cure, and he cannot help but feel grateful. The reason for bowel disorders being at hand suggests this item. For sale by all druggists.

THAT THROBBING HEADACHE.
Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for sick and nervous headaches. They make pure blood and build up your health. Only 25c. Your money back if not cured. Sold by Fischer Drug Co.

DRIVEN TO DESPERATION.
Living at an out of the way place, remote from civilization, a family is often driven to desperation in case of accident, resulting in burns, cuts, wounds, ulcers, etc. Lay in a supply of Bucklen's Arnica Salve. It's the best on earth. 25c at Fischer Drug Co.

READ ALL THIS.

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Santa Fe to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itches of the skin for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:
Ruperto Martinez of Griffin st., says: "While getting out stone for a railroad, I was holding the drill and was engaged in other work particularly hard on the hands. Mine were completely used up. I could scarcely handle anything, in fact it was difficult to use a spoon at the table. I had a box of Doan's Ointment with me which I had procured at Ireland's Pharmacy, and it struck me that it could not do any harm and it might at least help. I applied it and the relief obtained was magical. If every one receives as much benefit from the use of Doan's Ointment as I the preparation will prove of untold value in this vicinity."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y. Remember the name—Doan's—and take no other.

AT ONE DOLLAR EACH.

Pills Sold Which Would Forever Prevent Sickness.

A man giving the name of E. F. Hubbard, and stating that he hailed from the Arizona town of that name, has just been playing a game in Grant county that should land him in the penitentiary, should all reports be true. It is said that he canvassed the county, claiming that he had a medicine that would cure any disease and that after once taking this treatment the patient would never again experience any sickness. One man who was in the last stages of consumption, bought some of the medicine, and true to the promise of Dr. Hubbard, will never be sick again. After taking the first dose of the medicine the man's spirit winged its ethereal flight. Several others bought the medicine, but so far none of them have left this transient earthy abode. Some of the buyers of the medicine were not sick at all but merely invested to keep from becoming sick. The medicine is in the form of pills and is done up in packages of five which sell for \$5 each.

SAN JUAN RANCH TRADE.

J. E. McCarty and Larkin Beck have exchanged their properties. J. E. McCarty and Larkin Beck, both of San Juan county, have exchanged their ranches. That of McCarty's is near Fruitlands, while Beck's is known as the Stevenson place. The considerations named in the trade are \$12,000 for the Stevenson ranch and \$8,000 for the McCarty ranch. Each owner will remain on the ranch he occupies now until fall and will gather the crops from those ranches. The trade is one of the largest that has taken place in San Juan county.

FARMINGTON AUTHORESS.

Mrs. Mattie A. Bridge Has Written a Novel Which Has Been Accepted.
Mrs. Mattie A. Bridge of Farmington, has completed the manuscript for a novel which is dedicated to Odd Fellowship, and is written in its interest. The title has not been announced yet and the story is said to deal with journeys under the patronage and protection of the I. O. O. F. It has been accepted by Scribners and will be published by that house.

Eight Members Left.

Eight members of the hospital corps at Fort Bayard decided last Wednesday to leave the service of the United States and without consulting Uncle Sam departed from the fort. When their absence was discovered, a search was instituted, and three of the men were found at Silver City, two at Central City and two at Santa Rita. The last member of the party made good his escape and has not been found.

That Gold Spoon.

There are some men who seem to be favorites of fortune. They are industrious, cheerful workers, full of overflowing of the energy of splendid health, and success seems fairly to drop into their hands. It is of such as these that the less hardy and less successful man says enviously, "That fellow was born with a gold spoon in his mouth." And yet on analysis it will be found that this success is largely due to the splendid health, the endowment of a healthy mother.

Dr. Pierce's Favorite Prescription gives the mother health to give her child. It cures nervousness, nausea and sleeplessness. It makes the body comfortable and the mind content. It gives physical vigor and muscular elasticity so that the baby's advent is practically painless. "I will endeavor to tell you of the many benefits I have derived from taking Dr. Pierce's Favorite Prescription," writes Mrs. B. H. Robertson, of Medicine Lodge, Barber Co., Kan. "In the fall of 1899, I was expecting to become a mother and suffered terribly with pains in the back of head; in fact I ached over. Suffered with awful bearing-down pains; I was threatened with weeks with miscarriage. A lady friend told me to use Dr. Pierce's medicine. She had taken them and felt like a new woman. I began using the 'Favorite Prescription' and took four bottles before my baby came and two afterwards. I suffered almost death with my other two children, but hardly realized that I was sick when this baby was born and she weighed twelve and one-quarter pounds. She is now eleven months old and has never known an hour's sickness; at present she weighs thirty-seven pounds. I owe it all to Dr. Pierce's Favorite Prescription."

"Favorite Prescription" makes weak women strong, and sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Raised the Assessments.

The county commissioners of McKinley county in session at Gallup last week acting as a board of equalization raised taxes of different persons, firms and companies in the county to the total amount of \$3,500. The town of Gallup has leased a drill and will bore for water as soon as the drill arrives.

Notice for Publication.

(Homestead Entry No. 4954.)
Land Office at Santa Fe, N. M., June 22, 1903.—Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim and that said proof will be made before the register or receiver at Santa Fe, N. M., on July 31, 1903, viz: Ventura Anaya, for the e. 1/4, s. 1/4, w. 1/4, and lot 1, section 10, lot 1, section 14, township 13 north, range 9 east. He names the following witnesses to prove his continuous residence upon, and cultivation of said land, viz: Marcos Anaya, Antonio Anaya, Gil Sandoval, Tomas Villanueva, all of Gallisteo, N. M.

MARI EL R. OTERO, Register.
"I have been troubled for some time with indigestion and sour stomach," says Mrs. Sarah W. Curtis, of Lee, Mass., "and have been taking Chamberlain's Stomach and Liver Tablets which have helped me very much so that now I can eat many things that before I could not." If you have any trouble with your stomach why not take these tablets and get well? For sale by all druggists.

A SPLENDID REMEDY.

Neuragic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. P. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1 at Fischer Drug Co.

STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottle free, regular sizes 50c and \$1.00.

WORST OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Fischer Drug Co.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY.

Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

HOT WEATHER WEAKNESS.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Prop. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Fischer Drug Co.

Santa Fe New Mexican
TUESDAY, JUNE 23.
MINOR CITY TOPICS

One Dollar Alarm Clocks at Goebels. Today's trains from the east, Nos. 1 and 7, are on time.

Two new desks were placed in the office of Territorial Secretary J. W. Reynolds yesterday.

Everything is in readiness for the Plaza Fete tonight. The weather is agreeable and a large crowd should be in attendance where they will be pleasantly entertained. Plenty of choice refreshments will be offered.

An injunction was granted yesterday afternoon by Associate Justice John R. McFie, sitting as judge of the first district court for Rio Arriba county, wherein F. Trujillo is enjoined from grazing his stock on the Piedra Lumbre land grant in Rio Arriba county. The plaintiff in the case was Hon. T. B. Catron of this city.

Quirino Sedillos has one of his arms in a sling today. The member was broken last night in a fight in which Sedillos states that he was hit on the arm with a club by Benito Romero. The injured man had been drinking and the fight is said to have started over a woman with whom both men are in love. Sedillos' injury was dressed by Dr. Knapp.

A freight train on the Santa Fe collided with a work train near Cerrillos last night and as a result of the accident Fireman Redding was killed and six others injured. The injured were members of the train crews, but none of them were seriously hurt. The wreckage has been cleared away and traffic resumed. Redding was not killed outright, but expired during the night at Cerrillos.

In this issue of the New Mexican appears an advertisement offering one of the Ellis cottages on Chapelle street for rent.

A special meeting of Carleton Post G. A. R. will be held at 8 o'clock this evening. A full attendance of members is called for on account of muster and other important business.

The city authorities are having the street sprinkler repaired, the bottom of the tank having rotted off. As soon as the repairs are completed the sprinkler will again be placed in service.

The forecast is for generally fair weather tonight and tomorrow with steady temperature. Yesterday the maximum temperature was 77 degrees at 3 p. m. and the minimum was 54 degrees at 3:55 a. m. The temperature at 6 o'clock this morning was 54 degrees.

The city authorities should get a move on in the direction of the construction of a new bridge across the Arroyo Salto on upper Palace avenue. There is much travel by teams and pedestrians, and the fact that there is no bridge there now is a great inconvenience and hardship.

Acting Mayor J. D. Sosa informs the New Mexican that the plans for the bridge over the Arroyo Salto on upper Palace avenue are low being drawn and that the city council will be ready by Saturday next to call for bids for the structure. He said that the city council is doing all in its power to push this matter and have the bridge constructed as soon as possible.

Captain John A. Forsha died a year ago today. He was one of four brothers who served bravely from Ohio during the civil war. He came to New Mexico in the early '70s with the Barlow & Sanderson stage company and was one of the charter members of Carleton Post G. A. R. in 1883. His grave in the National cemetery was beautifully decorated today.

The excursion which was advertised by the Denver and Rio Grande to be run tomorrow to the San Juan pueblo to witness the exercises of St. John's day has been called off. The Rio Grande is so high that the approaches to the bridge over it are scarcely considered safe enough to chance running a heavily loaded excursion train over it. The railroad company has concluded to take no risks and therefore the excursion will not be run.

Mrs. Aniceta B. de Robal, wife of Silvestro Robal, superintendent of schools of Rio Arriba county, died at her home in Chamisa on June 3, 1903. She was 26 years, 3 months and 24 days old at the time of her death and she leaves the husband, two sons and two daughters to mourn her loss. Her sickness lasted one year and four months. Mr. Robal was in the city yesterday for the first time and brought the sad news.

Several hundred of Santa Fe's citizens, tourists and healthseekers visited Sunmount and the Tent City on Sunday. All were pleased with the beautiful surroundings, the artistic and pure atmosphere, the excellent supply of fine water, and the progress which the management has made recently. Within a day or two four persons who have engaged tents are expected to arrive. Two of these are from California and two from Cleveland, Ohio. The management is constantly communicating with applicants for tents, and within a few weeks hopes to have many people located in the Tent City.

PERSONAL MENTION

General Manager W. S. Hopewell of the Santa Fe Central Railway, went to Albuquerque this afternoon on business for the road.

Mrs. Francisco Sarracino, of Cebolla, is in the city.

Dr. F. Palmer, of Cerrillos, was in the capital city today.

Hon. T. B. Catron left last night for Kansas City, where he will spend several days on business.

E. Chacon, interpreter for the United States court of land claims, arrived last evening to attend the sessions of that court.

H. B. Hamilton, Esq., of El Paso, formerly an associate justice of the supreme court of New Mexico, is in the city on legal business.

Jose C. Valdez and wife, of Alamosa, Colorado, are in the capital, visiting friends and relatives. They expect to return home tomorrow.

Mrs. J. Duchemin and children, and her sister Miss Fannie White, who formerly lived in this city have arrived from Denver and are at the Claire Hotel.

Traveling Auditor Charles V. Sanford returned last night from a month's trip through many of the counties of the territory, where he visited the county seats and investigated the records and

offices of the county collectors and assessors. He did not find financial records in very good condition. He visited county seats in the following counties: Terrell, Grant, Luna, Otero, Leonard, Wood, Lincoln, Eddy, Chaves, Roosevelt, Colfax and San Miguel.

F. B. DeGarmo, of Alamosa, Colo., assistant superintendent of the fourth division of the Denver and Rio Grande Railroad, was in the city last night on official business.

W. R. McCleave and family, of El Paso, Tex., arrived in the city last night and are stopping at St. Vincent's sanitarium. They will be in the city about two weeks.

A. A. Keen, land commissioner, who has been ill at his home in Albuquerque the past few weeks, underwent a surgical operation last week and is now recovering nicely.

Chief Justice Joseph R. Reed of the U. S. court of private land claims, arrived from Council Bluffs, Iowa, his home, last evening and presided over the session of the court today.

Rt. Rev. J. B. Pittaval and Rev. Jules Desrosches left this morning for San Juan, where they will attend the exercises in celebration of San Juan Day tomorrow.

Matthew G. Reynolds, of St. Louis, United States attorney with the court of private land claims, arrived from the Mount City last evening and attended the session of the court today.

Jose R. Martinez, wife, two daughters and two sons left this morning for Tierra Amarilla, their home. The two sons have attended St. Michael's College and the daughters Loreto Academy during the past year and will spend their vacation at home.

Sister Nolasco, superior of the Sisters of Charity in this city, left this morning for Mt. St. Joseph, Ohio, where the mother house of the order is situated and where she will observe the annual retreat.

Miss Clara Zimmer manager of the Western Union telegraph office in the city who has been on a vacation in California during the past six weeks, is expected to return to Santa Fe tomorrow to resume the duties of her position.

CUTICURA PILLS
For Cooling and Cleansing
the Blood and Skin

In Cases of Itching, Burning,
Scaly Humours,
And for Renovating and Enriching the Blood.

The Best and Most Economical
Yet Compounded.

Cuticura Resolvent Pills (chocolate coated) are the product of twenty-five years' practical laboratory experience in the preparation of remedies for the treatment of humours of the skin, scalp and blood, with loss of hair, and are confidently believed to be superior to all other alternatives as well as liquid blood purifiers, however expensive, while enabling all to enjoy the curative properties of precious medicinal agents without consuming needless expenses and often injurious portions of alcohol in which such medicines have heretofore been preserved.

Cuticura Pills are alternative, antiseptic, tonic and digestive, and beyond question the purest, sweetest, most successful and economical blood and skin purifiers, humours cures and tonic-digestives yet compounded. Medium adult dose, one pill.

Complete external and internal treatment for every humour may now be had for one dollar, consisting of Cuticura Soap, to cleanse the skin, Cuticura Ointment, to heal the skin, and Cuticura Resolvent Pills, to cool and cleanse the blood. A single set, costing but one dollar, is often sufficient to cure the most torturing, disfiguring skin, scalp and blood humours, eczemas, rashes, itching and irritations, with loss of hair, from infancy to age, when physicians and all other remedies fail.
