## Special Prosecutors Named

President Roosevelt Determined to Probe Postal Department Scandals as Far Back as Statute of Limitations Will Permit.

## ORDERS ATTORNEY GENERAL KNOX TO MAKE APPOINTMENTS

Washington, June 24.—The president has sent the following letter to Attorney General Knox:

"White House, June 22, 1903.—Sir: As you know, charges in connection with the Postoffice Department are now being investigated by Fourth Assistant Postmaster General Bristol who has had placed at his disposal by the postmaster general, every resource of the department, including the services of Mr. Roob, whom you detailed from the department of justice to the postoffice department immediately after the removal of Tyner. As a result of this investigation, a number of indictments have been already found and it is probable that other indictments will hereafter be asked for. The district attorney of the District of Columbia has faithfully and zealously seconded the efforts of the postoffice department in this matter, but the amount of work in the office is such as to make it difficult, without neglecting other important duties, to devote all the time necessary to the prosecution of these cases. I suggest, therefore, that if you cannot detail some of your present staff, you appoint special assistants in these postoffice cases, not only to take up cases in which indictments have been found or hereafter may be found, but to examine into all charges that have been made against officials in the postal service, with the view to the removal and prosecution of all guilty men in the service, whether in service now or not, where cases are not barred by the statute of limitations. Sincerely yours, Theodore Roosevelt."

Carrying out the president's suggestion, the attorney general has appointed Charles J. Bonaparte of Baltimore, special attorney to assist in these prosecutions, and upon his return here this afternoon, Holmes Conrad, former solicitor general, will be tendered a like appointment.

ARRESTS AT TOLEDO.

Toledo, O., June 24.—George E. Lorenz and his wife, who were recently indicted by the federal grand jury at Washington in connection with the scandal in the postoffice department, were arrested today. A preliminary hearing will be held tomorrow morning. Mr. and Mrs. Lorenz each gave bond in the sum of \$5,000.

### ANOTHER PAY LEAD.

Grand Jury will Investigate Other Postoffice Contracts.

Washington, June 24.—Having returned indictments against the parties concerned in the transactions of Groff Brothers, involving street letter-box fasteners, the grand jury has begun an investigation of other contracts with the general delivery service. It is said the postoffice department, through its inspectors, who have been working on the case for some time, has made some discoveries which made it imperative that the grand jury take the matter up. The investigation of other contracts with the general delivery service, it is said, is being conducted through the use of aluminum paint on street letter-boxes throughout the country.

### Arguments Resumed.

Newark, N. J., June 24.—When arguments to obtain a receiver for the United States Ship Building Company were resumed today it was the general belief that the court might reach a decision late this afternoon. Charles L. Corbin, of Jersey City, resumed the argument for the defense this morning.

### Will Ship Coal.

Pittsburg, June 24.—The rains of the past 48 hours have resulted in coal boating stage of water and coal operators are preparing to send south, one of the largest shipments in years. By tomorrow, it is expected 7,000,000 bushels will have left Pittsburg harbor. There are 28,000,000 bushels coal awaiting shipment.

## KING PETER HAS ARRIVED

Was Royally Received by Government Officials and Military Authorities.

### HE FIRST ATTENDED MASS

The Only Foreign Representatives Who Participated Were Those From Russia and Austria.

Belgrade, June 24.—King Peter arrived here at ten o'clock this morning. He was received with great enthusiasm. The ministers, government officials, judges, municipal and military authorities and leading citizens were assembled on the platform of the railroad station, which was profusely decorated. The only foreign representatives who participated in the reception were the Russian minister, M. Tschirikoff, and the Austrian minister, Herr Dumba, with the members of their respective legations. A guard of honor, with a band, saluted as King Peter descended from his car and greeted the cabinet ministers. A procession was then formed and the king proceeded to the Cathedral. After the celebration of mass, which was attended with all the splendor of the eastern church, King Peter drove in state to the new palace.

### ONE MAN KILLED.

Long Standing Dispute Over a Ditch Right Ended in Murder.

Denver, June 24.—Henry C. Wild is dead as the result of a dispute over ditch rights with Oscar Ratcliffe. The men met last night near Ratcliffe's home on west Tenth street. After hot words, Ratcliffe shot the bullet striking Wild in the stomach. Wild was taken to the hospital, where he died early this morning. Ratcliffe gave himself up, claiming self-defense. He says he did not shoot Wild to strike him with a shovel. The dispute over the ditch is of long standing and the men have quarreled before.

### HUGHES WITHDREW.

But One Candidate for President of American Labor Union.

Spokane, June 24.—H. L. Hughes, of this city, announced today he had withdrawn from the contest for the presidency of the American Labor Union, thus leaving the field clear for the election of Dan McDonald of Butte, the only other candidate. The election takes place next Monday in all the unions, the returns to be sent to Butte to be canvassed.

### HOPELESSLY BLIND.

No Hope of Restoring the Sight of Sankey, the Evangelist.

New York, June 24.—Ira D. Sankey, the evangelist, is now hopelessly blind. Mrs. L. A. Sankey, his daughter-in-law, said today: "The best specialists we could obtain have examined Mr. Sankey and all agree his case is hopeless."

### Destructive Storm.

Guthrie, O. T., June 24.—A heavy rain storm amounting almost to a cloudburst and accompanied by hail, passed over this part of Oklahoma early today. Much damage is reported to wheat, oats and orchards.

### MUCH DAMAGE DONE.

Lower Mesilla Valley has Suffered Heavily from the Rio Grande Overflow.

H. B. Holt, Esq., of Las Cruces, arrived in the city last evening and is at the Sanitarium. He is here to represent the board of regents at the mandamus proceedings instituted by the board of regents of the New Mexico College of Agriculture and Mechanic Arts against J. H. Vaughn, territorial treasurer, which will be held before Associate Justice John R. McPhee next Saturday. He reports that the lower Mesilla valley, for about three miles north of El Paso, is suffering heavily from the overflow of the Rio Grande and there is great loss. At Mesquite station, on the Santa Fe system, the water has washed out a wide crevice and the tracks are under water. The Santa Fe mail train from El Paso to the north are sent out over the Southern Pacific tracks to Deming, and thence north over the Santa Fe tracks via Rincon. The upper Mesilla valley has suffered but little, and splendid crops are expected.

### More Cheap Rates To The East.

During the first ten days in July, the Burlington will sell excursion tickets to Missouri River points and all points east of the Missouri river up to Chicago, Peoria, St. Louis, St. Paul, Minneapolis, Duluth, also points in the northern peninsula of Michigan and to the City of Memphis, Tenn., at rate of one fare plus \$2.00 for the round trip, return limit ninety days from date of sale. These rates will permit many people who were unable to get away on the June excursions to arrange for a vacation in the east, and as the travel will doubtless be large, owing to the fact that it is improbable that any other reduced rates to the East will be in effect this year, requests for reservations in standard pullman sleepers as well as in the new tourist sleeper car, should be sent in promptly to G. W. VALLER, General Agent, Denver.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a consistent rate for the character of the work turned out.

Justice of the peace blanks, in English and in Spanish, for sale in large or small quantities by the New Mexican Printing Company.

## HAVING THE TIME OF THEIR LIVES

American Sailors at Kiel Burn Tons of Powder While the Officers Scoot Around and Make Merry on the Different Ships.

### LUNCHEON WITH PRINCE AND PRINCESS HENRY OF PRUSSIA

Kiel, June 24.—The combined American and German fleets burned several more tons of powder this morning during hurried calls of the captains to one another's ships and the ceremonial visits of Ambassador Tower and some of the belated higher German officials to Rear Admiral Cotton. Then Mr. Tower, Admiral Cotton and the American commanders and Naval Attache Potts lunched with Prince and Princess Henry of Prussia and the German admirals and captains.

## OFFICIAL MATTERS

LAND OFFICE BUSINESS.

The following homestead entry was made at the land office today: George H. Smith, Jr., Santa Rosa, 40 acres in Leonard Wood county.

### INCORPORATIONS.

Articles of incorporation were filed at the office of the territorial secretary today by the Buckeye Land and Livestock Company. The organization is authorized to raise sheep and livestock generally, to carry on a general ranching and farming business and to conduct a mercantile business in connection with the aforesaid enterprises. The company is capitalized at \$25,000, the term of existence is 50 years and the principal place of business is at Las Vegas. The incorporators are Dallas J. Osborne and Hugh L. Davis, and they, with Pearl M. Osborne, compose the first board of directors.

### FORT MARCY RESERVATION.

A Washington dispatch says that Delegate Rodney, Mayor I. Sparks and Major Frederick Muller, who are now in Washington, called upon the President yesterday and urged that the Fort Marcy Reservation be turned over to the City of Santa Fe for the benefit of the Board of Education. The President intimated that he would like Delegate Rodney to procure the approval of Governor Taos to this plan. A dispatch to that effect was sent by Delegate Rodney and Mayor Sparks to Governor Otero, but as the latter is out of town and in Leonard Wood county, out of reach of telegraph, nothing will, very likely, be done in the matter until his return. The chances that the reservation will be turned over to the city for the benefit of the Board of Education are good; it is the sentiment of those who have the matter really at heart that any changes in the present situation would be for the best interests of this city.

### OPINIONS IN CONTEST CASES.

The register and receiver at the United States land office have rendered opinions in the following contest cases:

Mabel Holbrook vs. Daniel Armijo; homestead entry No. 5279, 160 acres in Mora county. It was recommended that the entry be cancelled and that Armijo be given the right to enter the land involved.

The United States vs. Crescencio Baca; homestead entry No. 6533, 160 acres in Leonard Wood county. Charges were preferred by a special agent that claimant had failed to comply with the law. The charge was sustained and cancellation recommended.

The United States vs. George W. Wilson; homestead entry, 40 acres in Colfax county, sold as additional homestead. Charges of fraud in execution of papers were filed by a special agent. Rejection of the application recommended.

The United States vs. Fred L. Braum; homestead entry No. 6459, 160 acres in Leonard Wood county. Special agent's charge of failure to comply with the law sustained and cancellation recommended.

The United States vs. Bertie A. Johnson; homestead entry No. 6066, 160 acres in Leonard Wood county. Charge of special agent alleging failure to comply with the law sustained and cancellation recommended.

The contest case of the United States vs. Minnie Baca; homestead entry No. 4789, 160 acres in San Miguel county, was tried before R. L. M. Ross, United States commissioner at Las Vegas. The special agent's charge of failure to comply with the law was sustained.

### WILL CONVEY TODAY.

Kansas Legislature Will Make Some Provision for Flood Sufferers.

Topeka, Kans., June 24.—The special session of the legislature called by Governor Bailey will convene here this afternoon at 2 o'clock, enough members being in the city now to insure a quorum in both houses. The principal subject of contention will be whether a general relief bill or local bills will be passed. There seems no doubt about the "Easeling bridge act" law being quickly made legal. It is considered certain, from expressions of advance members here, that a charity bill of some nature will be passed.

## PLATFORM REPUDIATED

Iowa Democrats Have Had Enough of the Kansas City Idea.

### REAFFIRMATION REFUSED

Vote in the Committee Was Seven to Four and Settles the Question.

Des Moines, Ia., June 24.—With the delegates evenly divided upon the reaffirmation of the Kansas City platform, the state Democratic convention was called to order at 11 o'clock this morning in the new Auditorium by George F. Rhinehart, chairman of the state central committee. A conference was held this morning by the followers of the silver idea and it was decided to fight to the end and any desire to keep out of the platform to be adopted any reference to the Kansas City plank. But two candidates are in the field for the nomination of governor: J. B. Sullivan of Creston, and Judge Adam Van Wagner of Sioux City. J. H. Quick of Sioux City, was introduced as temporary chairman and addressed the convention.

At 1:30 the committee on resolutions took a vote on the reaffirmation of the Kansas City platform. It was defeated by 7 to 4. This settles the question of reaffirmation.

### MUCH TAXABLE PROPERTY OMITTED.

County Commissioners of Sandoval County Find This to Be the Case—Steps to Remedy Defects in Assessments—Information Gathered for Them by A. E. Perea of Bernalillo.

Abel E. Perea, Esq., of Bernalillo, has spent several days this week in town obtaining information concerning taxable property located in the new county of Sandoval. He has done this under and by direction of the board of county commissioners of that county and is to report the information gathered by him to the board in special session on July 3, 1903. It seems that at a regular meeting of the board of county commissioners of that county at the county seat on the first Monday of the present month, the assessor, V. B. Miera was not present, and that the board could get but little information concerning the tax schedules for the present year. A man by the name of Silva was in charge of the assessor's office, but he claimed that he was not a deputy assessor. The board being unable to act as a board of assessments and equalization, adjourned for two weeks, and cited the assessor to appear before it with all property tax schedules received by him. This was done and the board found that a considerable part of the taxable property of the county had not been returned for assessment purposes, and that none of the land grants appeared among the tax schedules. After advising with Frank W. Clancy, Esq., district attorney, the members of the board employed Mr. Perea to collect for them all possible information concerning taxable property in the county and submit such to the board at a special meeting to be held July 3, 1903, for action and assessment. Mr. Perea has been diligently at work and will be able to report several hundreds of thousands of dollars for the attention and action by the board at its meeting July 3, coming.

### TWO CASES DISMISSED.

Court of Private Land Claims Settled Down to Business Today.

The United States Court of Private Land Claims convened at 10 o'clock this morning as per adjournment on yesterday. Chief Justice Joseph R. Reed presided, and associate justices and other court officials presided as on yesterday.

The first case called for trial this morning was No. 282, that of Manuel Marie Martin vs. the United States for the Galban land grant. The case was dismissed by the plaintiffs. The grant is in Bernalillo county.

In case No. 278, Mariano F. Sena vs. the United States for the Jose de Leyba land grant in Santa Fe county. The mandate and order of the supreme court was filed.

The order affirmed the previous decree of the court of private land claims. The petition was dismissed without prejudice to any further steps the plaintiffs may desire to take.

Case No. 281, Romel Barela vs. the United States for the Barela land grant in Dona Ana county was the next case called and had not been completed at 3 o'clock.

### BADLY CUT UP.

Two Men Free With Their Knives at Gallies.

Corrillo, N. M., June 24.—Special.—In a drunken fight at Gallies last night Pedro Lopez and Dario Mora, both citizens of that town, were badly cut. Mora is now on the operating table in Dr. Palmer's office at this place, having his wounds dressed. He will probably lose the use of one hand as the arm is cut half off just below the elbow. The other man was badly cut on different parts of the body but has not been brought in yet.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Bernalillo Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7. For further particulars, address

ANTONIO JOSEPH, Proprietor

WEDNESDAY, JUNE 24.

Resignation blanks have been quite in demand in the Postoffice Department of late. "Turn the rascals out."

The man who is not being mentioned as a vice-presidential possibility these days, can really lay no claim to prominence.

The raises and equalization in assessments made by assessors in almost every county indicate that the creation of the office of traveling auditor by the 35th legislative assembly was a wise step.

The county commissioners of Sandoval county propose to have a fair assessment of taxable property in the county for the present year. In this they will be upheld by all good citizens of the county.

The high line railroad connecting Denver, Colo., and El Paso, Tex., via this city and the Santa Fe Central Railway, will be an accomplished fact within six weeks. It is bound to become a popular route in passenger and freight traffic.

The coal production of New Mexico is increasing at a very satisfactory rate. The coal is here in inexhaustible quantity and of superior quality. By the end of the present decade, New Mexico will be one of the leading coal producing states of this union.

The Postoffice Department investigators are turning in the right direction when they turn to the railway mail service. If the railway mail service in New Mexico is a criterion of the service elsewhere, it needs not only investigation, but a large dose of reform.

There has been an increase of six per cent the past year, in deaths from consumption in Cuba. The West Indies claim to be some pumpkins as a health resort for consumptives, but with Florida and Southern California, they must yield the palm to New Mexico.

The officials of several western railroads say that they will be compelled to raise the tracks of their roads in order to be secure from future floods. It is to be hoped that they will not raise passenger and freight rates at the same time. These, in all soberness, are high enough for all practical purposes.

The Sunday observance law now upon the statutes of New Mexico should be carried out everywhere in the territory without fear or favor. If the business men and saloon keepers of Santa Fe and Las Vegas must observe it, why should not other towns in the Albuquerque? Why, if you please?

### THE VIEWS OF A LEADING DEMOCRAT.

Thomas Taggart, for several years mayor of Indianapolis, and at present the member of the Democratic National Committee from Indiana, a few days ago appeared in print with a declaration containing what he thought the Democratic party should do in 1904. He says:

"The Democratic platform of 1904 should be one upon which all Democrats and every fair-minded citizen can stand. Its principal feature should be to strike at the trusts, and should declare strongly for the application of the only possible remedy, tariff revision. To the Democratic party the people of this country must look for relief from the present intolerable conditions. The tariff plank of the next platform should be so framed as to be one of the chief issues to the victory which awaits us.

"In regard to the question of candidates, I am for the man who will win; but he must be a Democrat of unquestioned party loyalty, of recognized ability, and one upon whom the party can unite with unbounded enthusiasm. Whether he comes from the East or the West, he must come with a clean party record and a personality which in conjunction with a platform consistent with the Democratic ideas will carry with him the promise of certain victory."

Mr. Taggart, it will be remembered, is a candidate for the chairmanship of the Democratic National Committee to succeed ex-United States Senator James K. Jones. His declaration can not and does not inspire the average Democrat with hope, enthusiasm or confidence in his party's success in 1904. Mr. Taggart wants a candidate for the presidency who cannot and will not be found. The Republicans have taken up the trust question as an issue and, what is more, the Roosevelt administration has established the fact that the trust question must be set-

ted on the side of the people. In this respect also, Mr. Taggart is too late. As for tariff revision, that is an issue upon which the Republican national convention in 1904 will meet the Democrats more than half way. The people of the United States want no more tariff revision of the kind illustrated in the panics of 1893, 1894 and 1895, under the administration of that saintly tariff reformer, the rotund Grover Cleveland. Mr. Taggart ought to commence again. He may do better the next time and there is plenty of time for him to do so.

Times change and even Indians change with them. The principle part of the construction work on the Santa Fe Central Railway has been and is being done by Indians from the United States Indian Industrial School in this city and from near-by pueblos and what is more they have proven themselves to be good, hard working and intelligent laborers. The old notion, that no Indian but a dead one is a good Indian, is fully exploded by this time.

A recent Democratic county convention in Iowa refused to denounce the trusts. Another county convention in Alabama refused to denounce imperialism; a Democratic convention held in Louisiana refused to denounce the tariff, and now come the Pennsylvania Democrats and refuse to denounce the gold bugs. The party is certainly in a bad way if it cannot agree on at least one or two things that should be denounced.

The provisions of the traveling auditor law enacted by the 35th legislative assembly are already proving beneficial to the honest people of the territory. Hereafter tax collectors and ex-officio county treasurers, as well as assessors, will be held to a more strict accountability and this, in view of certain existing conditions is very necessary. Under the new law, defaulters, like the one of Abran Abeyta, collector of Socorro county within the last few months, cannot and will not occur. The operation of the law has only commenced, but its usefulness will grow as time advances. Collectors of taxes and ex-officio county treasurers, as well as assessors, will be made to understand that a public office is a public trust, and that they must act accordingly.

The Las Vegas Optic, in a recent editorial, commends the members of the commission who investigated the charges against the management of the Territorial Insane Asylum for their good and efficient work and very patriotic and public spirit in giving their time voluntarily and without pay for this rather disagreeable duty. The Optic is right. Each and every member of the commission is entitled to the thanks of the people of New Mexico in this regard. That good will come out of the investigation is sure. If abuses exist and harsh and cruel treatment has been practiced, the report of the commission will so state. There will be censure where deserved and praise where it ought to be given. This can be safely assumed and will no doubt be the case.

Five thousand men took a negro charged with criminal assault and murder, from the workhouse at Wilmington, Del., on yesterday and burned him at the stake on one of the principal streets of that city. In a sovereign state such awful things happen and very little ado is made about them. Had the five negroes, one of whom is guilty of the murder of City Marshal Jones at Raton, a few days ago, and who were arrested for the crime, been hanged in any manner by a mob at Raton, what a great howl would have been raised all over the Union that the people of New Mexico were absolutely lawless and thoroughly unfit for self government. But little credit is given the people of this territory for observing the law and for allowing justice to take its course as in the case at Raton above cited. This is the difference between being a sovereign state and a weak territory.

The County of Dona Ana has enjoyed a Republican county administration during the last six years. This has reduced the bonded debt of the county during the time mentioned at the rate of \$5,000 per annum. During the reform days of the saintly Grover Cleveland in New Mexico, that county under Democratic county administrations, was plunged deeper into debt right along and dishonesty and official corruption were the order of the day. Under Republican administrations this rotten state of affairs was immediately changed for the better and the conduct of all business connected with the county became clean, efficient and honest. To be sure there were then and are now counties in New Mexico honestly administered by Democratic officials, but Dona Ana was not in the line. It was a great day indeed when the Winchester gang, which controlled that county under the Cleveland administration, was defeated by honest Republican majorities.

## LOW RATES

From June 5 to October 15 the Denver and Rio Grande Railroad will sell summer excursion tickets to points named at the following low rates: Santa Fe to Pueblo and return, \$17.55; Santa Fe to Colorado Springs and return \$19.55; Santa Fe to Denver and return \$22.55; Santa Fe to Greenwood Springs and return (via Salida and Leadville) \$28.65. Final return limit, Oct. 31st, 1903. At all points except Greenwood Springs a fee of 25 cents is charged when tickets are executed for return passage. Stop-overs allowed north of Pueblo and stop-overs allowed west and south of Pueblo either direction for parties desiring to make the following side trips at one fare for the round trip, viz: From Salida to points between Gunnison and Cimarron; from Alamosa to points on Creede Branch; from Antonito to Pagosa Springs. For any further information, sleeping car reservations etc., call on or address J. B. DAVIS, Agent.

### Burlington Route Tourist Car Service.

The Burlington announces that beginning the 15th inst., a daily tourist sleeper will be operated in both directions between Denver and Chicago on Train No. 2 Eastbound leaving Denver 10 p. m. and Chicago 3 a. m. Westbound leaving Chicago 10:30 p. m. Cars have been definitely ordered into the service and the best ever built by the Pullman Co. A uniformed Pullman porter accompanies each car, and passengers are thus assured the same attention as if they occupied a berth in the standard sleeper, while the rates are much less. For instance, \$10.00 night, against \$2.00 in standard; \$15.00 day, against \$3.00 in standard; \$25.00 day and night, against \$5.00 in standard. Each berth accommodates two persons if so desired without any extra charge. These cars are not so conveniently finished nor so fine to look at as a Palace sleeper, but are just as comfortable and are in every way as comfortable as a Palace sleeper. This new feature of travel will be appreciated by the Colorado people who have hitherto been obliged to depend upon the service offered by the through sleepers from California, which has been more or less unsatisfactory owing to the uncertainty of making connections in Denver. Now one can go to Denver and be sure of a berth in a nice clean tourist sleeper, because the cars are made up at Denver. Write G. W. VALLEY, General Agent, Denver for reservations.

### HIS LAST HOPE REALIZED.

(From the Sentinel, Gebo, Mont.) In the first opening of Oklahoma to settlers in 1889, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards, his camping upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a last hope. A dose was given him while he was rolling about on the ground in great agony, and in a few minutes the dose was repeated. The good effect of the medicine was soon noticed and within an hour the patient was taking his first sound sleep for a fortnight. That one little bottle worked a complete cure, and he cannot help but feel grateful. The season for bowel disorders being at hand suggests this item. For sale by all druggists.

The New Mexican Printing Company has on hand a quantity of tablets made from ledger, linen, flat and book papers which they will close out at 10 cents per pound. Suitable for school purposes and businessmen, also useful for the home. Only a limited supply.

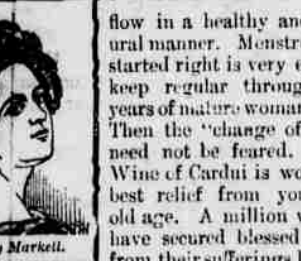

## MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

A million suffering women have found relief in Wine of Cardui.

### A FATAL MISTAKE.

Is Often Made by the Wisest of Santa Fe People.

Backache is the first symptom of kidney ills. Serious complications follow. Doan's Kidney Pills cure them promptly.

Don't delay until too late. Until it becomes diabetes—Bright's disease.

Read what a Santa Fe citizen says: "Lino Romero, driver of delivery wagon for Kaine and Company, residence Palace av., says: 'Sometimes my back ached acutely, sometimes it was a dull pain just across the loins, and when in the acute stage, I have been laid up for two or three days at a time. I never took anything for it as the attacks seemed to disappear as mysteriously as they came, but when suffering from one I happened to read about Doan's Kidney Pills in a Santa Fe paper, and I went to Ireland's Pharmacy for a box. It absolutely stopped the attack.'

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### SILK CULTURE IN SANTA FE

Experiment Being Made by Major Frederick Muller Under Direction of the Department of Agriculture

### H. SALMON SAYS CONDITIONS ARE IDEAL FOR A SILK WORM FARM

Several months ago, Major Frederick Muller received from the Department of Agriculture at Washington, about a thousand eggs of the silk worm with which he was to experiment. The eggs were cared for and about sixty days ago hatched. Since then, the worms have been feeding on mulberry leaves preparing to spin their cocoons. A dozen of the worms are on exhibition in a box at Salmon & Aboussleman's store on San Francisco street. Mr. Salmon was seen by a representative of the New Mexican last evening and talked very interestingly of the ugly but valuable little workers. In his native country, Syria, Mr. Salmon was engaged in raising silk worms and he is thoroughly acquainted with their habits and needs. He believes New Mexico is an ideal country for the raising of the worms and he will endeavor to interest the merchants of this city and the department of agriculture at Washington in the establishment of the silk worm industry here.

The egg of the silk worm is about the size of the head of a pin and requires more care than the worm. Eggs obtained in the fall of the year must be kept away from warm rooms during the winter and when the warm days of spring come, they are removed to the ice chest. This is done to prevent hatching. The food of the silk worm is the leaf of the mulberry and when that tree begins to leaf, the eggs are placed where the sun will shine upon them and they will hatch in three or four days. From 55 to 65 days after they have hatched, the worms are ready to begin weaving their cocoons.

Those on exhibition in Mr. Salmon's store are 60 days old. One of them has woven her cocoon, but the others are still eating mulberry leaves. Around the edge of the box are placed small branches of cedar in which the worms go to weave their cocoons. If not provided with a suitable place to do their weaving, they leave the box and search for a place to their liking. If provided with leaves and the pine branches, they will never leave the box. About 15 days after the cocoon is completed, the worm turns to a butterfly and cuts its way out, of course ruining the cocoon. A few are permitted to do this in order that they may lay eggs for the next season's supply. The cocoons from which it is desired to take the silken

### HOPELESS CASES.

When the doctor leaves and says the case is hopeless, what remains to be done? Nothing, if the doctor's word is final. Much, if you will listen to the statements of men and women who were once "hopeless cases" given up by doctors, and who were perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. Nothing is more sure than that thousands of men and women with diseased lungs, obstinate coughs, hemorrhage, emaciation and night sweats, have been restored to perfect health by the use of Dr. Pierce's Golden Medical Discovery and she began to improve from the first dose. By the time she had taken eight or ten bottles she was cured, and it was the cause of a large amount being sold here. I think the "Golden Medical Discovery" is the best medicine in the world for lung trouble.

It has cured in ninety-eight cases out of every hundred where it was given a fair and faithful trial. By that record you have only two chances in a hundred of failure and ninety-eight chances of being restored to perfect health. It is worth trying.

Abram Freer, Esq., of Rockbridge, Greene Co., Ill., writes: "My wife had a severe attack of pleurisy and lung trouble; the doctors gave her up to die. She commenced taking Dr. Pierce's Golden Medical Discovery and she began to improve from the first dose. By the time she had taken eight or ten bottles she was cured, and it was the cause of a large amount being sold here. I think the 'Golden Medical Discovery' is the best medicine in the world for lung trouble."

Dr. Pierce's Common Sense Medical Adviser containing over a thousand large pages is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

### A SPLENDID REMEDY.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1 at Fischer Drug Co.

### STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing lung and throat troubles, consumption, pneumonia and grip. Guaranteed by Fischer Drug Co. Trial bottle free, regular sizes 50c and \$1.00.

### WORST OF ALL EXPERIENCES.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insupportable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by Fischer Drug Co.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY. Is everywhere recognized as the one remedy that can always be depended upon and that is pleasant to take. It is especially valuable for summer diarrhoea in children and is undoubtedly the means of saving the lives of a great many children each year. For sale by all druggists.

### HOT WEATHER WEAKNESS.

If you feel fatigued out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, make digestion perfect, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Propr. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Fischer Drug Co.

Bon-Ton: A. M. Hay, William Maxwell, John Hayes, Kennedy.  
J. S. Candelario has had a portion of the partition removed from between his grocery and curio store and will look after both stores in the future.

Arrangements have been made for the placing of gates at the head of the stairs leading into the basement of the Catron Block on the east side of the Plaza.

Claire: W. A. Jackson, Louisiana; W. M. Woody, Glenn Woody; John B. Harper, Durango, Colo.; W. R. Forbes, J. E. Saint, Al. Coleman, Albuquerque; Eugene Van Patten, Las Cruces.

Trains No. 2 from the west and No. 1 from the east were two hours late today. The local train to meet the latter will go to Lamy at 5 o'clock, No. 7 from the east is on time.

This was a happy day for the children at St. Vincent's Orphanage. Early this morning they were taken in conveyances to the Bishop's ranch north of the city where they spent today outing.

There will be a special meeting of the Woman's Board of Trade tomorrow morning at 10 o'clock. All members are urged to be present as business of urgent importance must be transacted.

Palace: R. S. Zimmerman and wife, Colorado Springs; Silva Helman, Cincinnati; J. H. Sayward, Miss Lockwood, Chicago; C. W. Todd, Las Vegas; A. Wakefield, Baltimore; George Price, Boston; B. B. Buell, Denver.

The following real estate transfer is reported by the probate clerk and ex-officio recorder of this county: J. T. McLaughlin to G. L. Brown and W. S. Strickland, one-fourth undivided interest in the Old Timer, a placer mining claim in the New Placers Mining District; consideration \$1.

Suit was filed in the first district court for Rio Arriba county yesterday by A. B. Renahan, Esq., counsel for Mrs. Catherine Stephens, administratrix of the estate of the late Lewis Cooley of Rio Arriba county, vs. The Denver & Rio Grande Railroad. The plaintiff alleges that deceased lost his life while employed as brakeman on the Denver & Rio Grande, and that the accident was due to the carelessness or incompetency of some employee of the road whose name is not mentioned. The accident occurred at Lumberton in 1902. Damage in the sum of \$1,250 is asked.

A scene not arranged for by the Woman's Board of Trade took place in the Plaza last evening while festivities were at their height. Sitting on one of the benches was a young man well known here and a young matron. The husband of the young matron appeared on the scene and at once drew a revolver and started toward the aforesaid young man who fled at full speed. A man sitting on a nearby bench saw the irate husband draw his revolver and called a policeman who arrived after the principals had left. Later the young man returned and was escorted home under police protection. The irate husband has not been found as yet.

Carleton Post, G. A. R., held a well attended special meeting last night and added two members to its roster, making the present membership 57. James Garland, one of the recruits, has a Civil War record as follows: Enlisted June 12, 1861, in Company H, 3d United States Infantry, discharged December 31, 1862; reenlisted August 1, 1863, in the 2d District of Columbia Volunteers, discharged September 12, 1865. John C. Martin, the other recruit, was born in 1848. He enlisted January 6, 1865, and was discharged October 1, 1865. After the meeting was closed, Judge McEly, post commander, invited the comrades to form in line and march to the Plaza to get rations of coffee and ice cream.

Professor Clinton J. Crandall of the United States Indian Industrial School, this morning sent two employees of the school to Moriarty station on the Santa Fe Central Railway, to aid in the search for the body of Taylor Dave, the young Shoshone Indian, who was drowned in the lake near Moriarty while bathing on Sunday evening last. The Santa Fe Central Railway Company also sent two experienced men to the locality with similar orders. Everything possible is being done for the recovery of the body of the unfortunate young man, as Professor Crandall is especially desirous of giving the corpse decent burial. By this time it is too much decomposed to be returned to the young man's parents on the Shoshone reservation in Nevada.

The work on the new race track on lower San Francisco street is progressing rapidly and it soon will be completed so that within a few weeks it will be possible to hold races thereon. The horseman of the city are already preparing for it. It is understood that on his way east recently, A. Stank purchased a fine trotter in Kansas, which will be received here within a few days. John V. Conway is negotiating a sale of some of his present horses for one of the crack horses of Albuquerque and Charles Closson expects great things from his trotter. N. Salmon is ready at any time for a brush and horsemen say that while Dr. Diaz now has one horse that can give a good account of itself, he is looking for another. It will not be long until Santa Fe will have some good races.

A team of horses attached to a light vehicle owned by Jose Antonio Anaya of Galisteo, ran away yesterday afternoon while in this city. The owner had left the vehicle when the team started. Near the capitol building the wagon collided with a telegraph pole and was demolished. Being freed from the incumbrance of the vehicle the horses increased their speed and ran

until they were thoroughly tired. They eventually became separated and one of them was captured near the Claire hotel. The other animal was later found near the Santa Fe depot.

The forecast is for fair weather tonight and cooler in the south portion. The forecast for tomorrow is fair weather in the south part and showers and cooler weather in the north portion. The maximum temperature yesterday was 77 degrees at 2:30 p. m. and the minimum was 54 degrees at 5:40 a. m. The temperature at 6 o'clock this morning was 54 degrees.

**A DELIGHTFUL AFFAIR.**

Woman's Board of Trade Cleared Over \$300 at the Plaza Fete.

The Plaza Fete by the Woman's Board of Trade last evening was a delightful affair and a success in every way. Incandescent lights were strung along the walks and Japanese lanterns added to the beauty of the scene. The fish pond gave forth wonderful things while at the rummage table, all were kept busy disposing of the wares. Miss Mary Morrison exhausted her stock of fish rather early in the evening, and Mrs. Palen, at her rummage table, started after customers before it was yet dark. Mrs. Fischer had charge of the candy table, and it was liberally patronized. Like the other tables, the demand was greater than the supply and that was exhausted before the money was. Mrs. Rivenburg sold all the ice cream there was in Santa Fe and could have sold more. Mrs. Baca had a booth which was the mecca for the women and where fancy articles were in profusion. Mrs. Catron had a restful place where lemonade, cigars, cigarettes, etc., were on sale and comfortable chairs provided. All of these attractions were on the north side of the Plaza, but south of the monument there was a booth. Little gypsies went through the large crowd, beating tambourines and small drums and led the visitors to the booth where bigger gypsies peered into the future at so much per peer. Nearby was the Capital City Band which played delightfully during the evening. A large crowd was present and over \$300 was cleared, although the exact amount is not yet known.

**PERSONAL MENTION**

J. E. Saint of Albuquerque, arrived in this city last night on business.

Dr. W. M. Popplewell made a professional trip to Moriarty last night, arriving home this morning.

Miss Pearl Wean of Las Vegas, who formerly resided in this city, is visiting friends here.

C. W. Todd, a Las Vegas commercial man, is in Santa Fe today interviewing merchants.

Miss Christine Louise Probstel of Neston, Oregon, arrived in Santa Fe last night for an indefinite stay. She is stopping at St. Vincent's Sanitarium.

W. M. Woody of Glen Woody, manager of the Glen Woody Mining and Milling Company, arrived in this city last night on business.

Mrs. W. H. Bartlett and Miss P. L. Robertson returned last night from a ten days' visit to Zuni, Acama and the Enchanted Mesa.

Miss Libbie Taylor of Deming, and Miss Belle Quick of Raton, who attended Loretto Academy, are the guests of Miss Uda Gibson.

Abel E. Perea, Esq., of Bernalillo, who has spent the past few days in town gathering official data regarding taxable property in Sandoval county, has returned to his home.

Major Eugene Van Patten of Las Cruces, interpreter in the court of the third judicial district, is in the Capital City today on official business.

John B. Harper of Durango, Colo., superintendent of irrigation for the Pueblo Indians, arrived in the city last night from Cochiti, where he has just completed work on the big irrigation tunnel through a bluff that borders the Rio Grande near that village.

Miss Lella Howells of Chicago, and Miss Jesse Rorick of Los Angeles, Calif., are tourists in town viewing the interesting and historical spots in and near the Capital of New Mexico. They are greatly pleased with this climate and found much to see and admire. They are enroute east.

Miss Clara Zimmer, manager of the local office of the Western Union Telegraph Company, was expected home today from a trip to California. Word was received from her, however, that she is indefinitely delayed at The Needles, Calif., by the washing out of a bridge on the Coast Line division of the Santa Fe system.

C. T. Brown, the mining expert and engineer of Socorro, who is well and favorably known throughout New Mexico, is in Hillsboro, Sierra county, where he is spending several days on mining business and also communicating the degrees of the Ancient and Accepted Scottish Rite of Free Masonry under the direction of Colonel Frost, the inspector general of the rite for New Mexico, upon six candidates, all well known citizens of Sierra county. They are Henry Abram Ringer, Thomas Jefferson Ross, Frederick Shaw, Farquhar Campbell, Oliver Andrew Gould and William Henry Bucher.

**TWO PUEBLO INDIANS KILLED.**

In Freight Wreck Near Waldo Monday Evening—Stealing Rides in Violation of Superintendent Crandall's Orders.  
In the freight wreck near Waldo Station on the Santa Fe railway on Monday evening last, in which a fireman was killed, according to a dispatch received this forenoon by Superintendent Clinton J. Crandall of the United States Indian Industrial School, two Santo Domingo Pueblo Indians, who were stealing a ride, were also killed. Superintendent Crandall has standing a very strict order to the Indians to keep away from rail-

road, freight and passenger trains and not to steal rides on them. It seems, however, that the Indians very often disobey these orders. It will be remembered that about a year ago in a railroad wreck near Thornton, three Pueblo Indians were killed. These accidents are not taken much to heart and are very easily forgotten by the Indians.

**NOTICE.**
