SHARP FIGHTING!

Boers Making Stubborn Defense.

Gen. Cronje to be Sent to St. Helena.

Col. Plummer Trying to Relieve Garrison at Mafeking.

PEACE OVERTURES REJECTED.

London, March 14, 2 p. m.—A few hours should bring important dispatches from Lord Roberts. Sharp fighting is believed to have occurred since the commander-in-chief was last heard of. London confidently expects that the occupation of the Orange Free State capital will occur today. Mafeking can scarcely hold out longer. News of Col. Plummer's approach has given substance to rumors of its relief, but those more informed are inclined to think relief is more likely accomplished by Col. Peakman's column from Kimberley. Private dispatches set forth that Col. Plummer had almost given up hope of accomplishing anything more than harassing the Boers. Judging from the lack of news everything is quiet in Natal, while from Hereroes comes the statement that the total collapse of the insurgent colonies is imminent.

General Cronje, according to a Cape Town special, sails for St. Helena on March 15, accompanied by all the Paardeberg prisoners. Cecil Rhodes is suffering from catarrh of the stomach and is unable to sail for England.

Natal dispatches recount that the greatest satisfaction is felt there at Lord Salisbury's reply to the Boer president's peace overtures.

Private dispatches from Johannesburg have received in London contradicting reports that the mines are flooded and the machinery broken.

Boers Repulse British.

Pretoria, March 13.—Commander De la Rey reports a fight at Abraham's kraal on Saturday and says: "The British were estimated to number 40,000. Their first assault was repulsed. Only two Boers were wounded. The second assault was made on the hills to the left of our position. These hills were of great strategic importance. Appreciating this, 200 men defended the position from 9 in the morning until sundown. The burghers fought like heroes, and three times repulsed masses of British who kept relieving their tired men. Every attempt to storm was defeated. At sundown there were not 50 yards between us. The British lost heavily. No accurate returns of our loss are available."

Boers Repulse British.

London, March 13.—Col. Plummer's force reached here Tuesday, March 6. It is believed only a single British stronghold has been destroyed and otherwise the railroad is intact within five miles of Mafeking. Plummer already has dispersed several Boer police posts in the neighborhood, and is actively pushing his advance southward. Col. Plummer is now within 40 miles of Mafeking.

French Troops in Africa.

Pretoria, March 14.—A dispatch from Bloemfontein says that in view of the military situation the seat of government may be removed to Kroonstadt.

French Troops in Africa.

Washington, March 14.—The state department has been advised formally of the willingness of the French government to extend the period of time allowed for ratification of the pending French-American reciprocity treaty beyond the 24th inst.

Dismissing Two to Rio de Janeiro.

Washington, March 14.—Turner (Wash.) who began yesterday a speech

on the Puerto Rican bill, yielded to Teller (Cal.) who expects to leave for Cuba to-night. Teller said he had no doubt of the power of the government to govern the possessions it had acquired.

Death of Noted Woman.
Kalamazoo, Mich., March 14.—Mrs. Lucretia H. Stone, widely known as the mother of "Women's Clubs," writer and educator of note, died to-day at the age of 94.

British occupy Bloemfontein.
London, March 14, 9 p. m.—It is officially announced that Lord Roberts occupied Bloemfontein and the British flag is flying from the capitol.

British War Loan.
London, March 14.—In the house committee to-day the war loan passed to its third reading.

WARRIORS TO THE FRONT.

Sheriff Hubbell Accompanied to Indian Village by Warriors.

Last Monday The Citizen contained an article to the effect that the Pueblo Indians, residing along the low-lying ditch, were threatening toward the workmen on the canal and had refused to obey the injunction of Judge Crumpacker. In consequence, Sheriff Hubbell, with several men, left the city to inform the Indians that they must not interfere with the work being prosecuted on the canal. The sheriff returned to the city yesterday afternoon and stated that he had about subdued the Indians, but in order to make it more impressive he desired two or three real warriors to accompany him back to the Indians. He therefore commissioned Wallace Henselwood, E. L. Medler and P. E. Harrison, and arming the former with a spade and shovel, Medler with copies of the Congressional Record, and the latter with a rifle and chain, the sheriff, with his warriors, left this morning for the Indian village along the route of the canal. No bloodshed is expected, but the Indians, who so far have refused to abide by the decision of Judge Crumpacker, would do well to quickly acquiesce, for besides the Congressional Record carried by Medler he also has in his inside pocket a weapon more powerful, dangerous and complicated than Samson's famous jaw bone—a lawyer's lengthy opinion.

LOAN OFFICE.

Simpson for loans on all kinds of collateral security. Also for great bargains in unredeemed watches. 209 south Second street, near the postoffice.

New Store.

New Store! New Goods! New Styles! And up-to-date in every particular. The only old landmark in the store is E. L. Washburn, who has had fourteen years' experience in catering to the wants of the people of New Mexico. Here they are: let them talk for themselves: Five hundred new pairs of Pinger's celebrated shoes for ladies and gentlemen. "Composite" brand, \$2.50, "Gloria" \$3.50. Also the latest patent leather goods for ladies, \$2.50.

I shall make a special effort to sell the best stock about girls and boys for \$1.25 found in the city.

Have added a complete stock of men's furnishings goods. The celebrated Monarch undershirts. Cluett's collars. Wilson Bros. underwear and ties.

Ed. V. Price's samples for custom suits.

Give me a call. Gainsley's old stand.

E. L. WASHBURN.

Tax Collector, J. L. Perez, is busily engaged preparing the delinquent tax list. It will include all delinquents from 1888 to the first of the present year, and will be the largest since 1882. When complete it will cover about 300 pages of closely written copy. The assistants will probably finish their work on the list this week.

The supreme court of the territory meets in Santa Fe in adjourned session on May 1st, when opinions in cases heard during the recent term will be handed down.

The territorial sheep sanitary board will meet in Las Vegas on Monday, the 19th, at the office of the secretary, J. A. LaRue.

The party who took another man's hat at Mr. Putney's yesterday, is requested to return the same to Citizen office.

Do not forget the church dinner at the congregational church to-morrow evening. It will cost only 25 cents.

A complete line of mattresses; a superb assortment of rugs. At Albert Faber's, Grant building.

New line of ladies' and misses' spring jackets at the Economist.

ENGLAND'S REPLY!

Salisbury's Answer to American Offer.

Attempt to Blow Up Arizona Miners.

Secretary of War Delivers Address to Cuban Planters.

DEATH OF WAR VETERAN.

Washington, March 14.—The answer of Lord Salisbury to the message of President Kruger and Steyn, transmitted through our government, was received last night by Secretary Hay through Mr. White, our charge at London. It was a declaration of the appeal. It has been transmitted to Arthur Hay, United States consul at Pretoria, who will submit it to the two presidents. This marks the end of the first overture toward peace. It is believed here, however, that an effort will soon be made by the Boers to attain peace, though recourse may be had to some other agency than the United States.

SPIRITED CONTROVERSY.

Partisan Feeling Ignited into Civil.

Alene Investigation.

Washington, March 14.—Feeling ran high in the Couer d'Alene investigation before the house committee on military affairs to-day. There were several spirited exchanges between Chairman Hull and Representative Lenz. George Cornell related his experiences during his imprisonment. He said an old soldier, because of brutality of the negro soldiers toward him, took his Grand Army button from his coat and with tears in his eyes threw it away. Cornell said he made a memorandum of the affair. The book was taken away from him; he saw it afterward in the possession of Bartlett Sinclair, the governor's representative. Sinclair, who was present, declared there was no such soldier as described. Lenz protested against statements not under oath, and gave notice that he would call on Sinclair to produce all his books to locate this alleged soldier. Lenz said he was not the entire committee and was not in position individually to order the production of the books. Lenz then asked the committee to make the request and their objection this was done. Lenz also moved the committee call for all rolls, records, etc. The committee went into executive session to pass upon the motion.

At the executive session the committee voted 6 to 5 against calling for immediate presentation of the records of "bull pen." It was agreed, however, that Gen. Mervin and others be requested to present such papers when heard.

Attempt to Blow Up Miners.

Phoenix, Ariz., March 14.—Advisers from the Whiskey mining camp 40 miles from here say that a plot to blow up 40 men there on Sunday was almost successful. The men were sitting around the tables in the mess room when a miner discovered a burning fuse which he removed. In two minutes the sparks would have reached the charge of giant powder, sufficiently heavy to blow into atoms the mess house. A miner who recently came into the mine, and of whom little is known, is suspected of planning the destruction of the workings. He disappeared shortly before the dinner hour.

Secretary of War at Havana.

Havana, March 14.—Ellis Root, secretary of war, addressing the members of the planters' association, said he understood that distrust existed as to carrying out the joint resolution of the United States congress. He declared, however, that the American government intended to fulfill every obligation and that the Cubans should act accordingly.

Death of a Veteran.

Cleveland, Ohio, March 13.—Gen. Juan W. Ellwell, a civil war hero, died last night of old age.

BORDER DEFENSES

Inquiry Into British Forts on Frontier.

Death of Col. Robert E. Wallace.

Philippine Commission Will Meet at Washington, March 27.

FINANCIAL BILL SIGNED.

Washington, March 14.—The house committee on military affairs to-day called up Sutter's resolution directing that the secretary of war inform the house what fortifications Great Britain is erecting along the northern frontier of the United States, especially on Puget Sound and in the north-west border country. An amendment was made striking out reference to Great Britain, and making it refer "to any foreign power." Motion to postpone consideration of the matter a week prevailed on a party vote of 6 to 5.

Philippine Commission.

Washington, March 14.—Judge Taft, president of the Philippine commission, has notified his fellow commissioners that the commission will convene in this city, March 27. Taft's resignation of judicial office takes effect to-morrow.

Death of Col. Wallace.

Washington, March 14.—The war department has been informed of the death at Fort Huachuca, Arizona, yesterday of Col. Robert E. Wallace, (first lieutenant Second cavalry) commanding the Thirty-seventh volunteer infantry. Wallace was appointed to the colonel of the First Montana volunteer regiment in 1896. He was lieutenant colonel of the First Montana volunteer regiment and was severely wounded at Calocan. Gen. MacArthur recommended him to the position for "meritorious service."

Financial Bill Signed.

Washington, March 14.—The president signed the financial bill at 12:40 p. m.

READY FOR PLANTING AT ONCE.

Hardy 2 year roses, Lilacs, White and Purple, Honey suckle in variety and Sweet pea seeds. YES, THE FLORET!

Since the big event at the home of A. J. Crawford last night, it has developed that the Fourth section, on certain conditions, is the most prolific in the city, and Justice Crawford has advised several of his married friends to immediately take up their residence in that ward. An exodus from other wards is now expected.

W. H. Erickson, bookkeeper for Gross, Blackwell & Co., has returned to the city after a pleasant vacation to his old Missouri home.

Edward Grunfeld will be married in Philadelphia to-day to Miss Blanche Stern. His host of friends here extend congratulations.

ALBUQUERQUE, — MARCH 14, 1920

Three hundred thousand bushels of potatoes will be ground in Wisconsin starch factories this year.

New Jersey evidently believes that she is governed in abundance. Out of 252 bills before her legislature, it passed only ten.

It is estimated that there are 1,500 gambling houses running in New York and contributing \$2,000,000 a year to Tammany.

Customs collections at Havana during January totaled \$1,152,512, a sum in excess of any month since American occupation.

About 120,000 bushels of seed corn have been purchased in Philadelphia for Egyptian account. The seed is to be used in the soil along the Nile.

The records show that less death occurred in the city of Santa Fe during the past six months than during any corresponding six months in ten years.

John Bull's iron knapsack has been captured by Uncle Sam. During the past few days American iron has been sold in England at below the British figure.

The department of agriculture is turning its attention to irrigation of the Atlantic coast and especially to the irrigation of tea at the South Carolina farm near Charleston.

Everything is favorable for an old time westward movement of emigration this year. States north of New Mexico are making extensive preparations for capturing a large share of it.

If present conditions continue Kansas will produce not less than 70,000,000 bushels of wheat, Nebraska 20,000,000 bushels and Oklahoma 40,000,000 bushels, says the Kansas secretary of agriculture.

The year 1899 shows the United States to be easily the first wheat producing country of the world, the production amounting to 675 million bushels, or nearly one-fourth of that of the whole world.

Helen Gould is the donor of \$100,000 to the New York University for a hall of fame. Love and honor to the father inspired Miss Gould to build this splendid monument to the great dead of America.

The anti-foreign attitude of the government of China grows more pronounced, and is extremely menacing to foreign enterprise. Never in the last forty years has the central government been so intensely anti-foreign.

For the four months ending October 31 last, the United States received \$12,173,000 out of a total of \$12,485,972 of Mexican exports, or nearly 90 per cent, all competing countries showing a largely decreased percentage of importation from Mexico.

The proposition for the appointment of a commission to study the commercial conditions in China and Japan, embodied in sundry bills now before congress, is along lines similar to those already adopted by several of the active commercial nations of Europe.

The total production of Bessemer steel ingots in 1919 was 7,546,354 gross tons, against 6,609,917 tons in 1918, showing an increase in 1919 of 14 per cent, or over 14 per cent. The production of 1919 was more than twice the production of 1914, and was almost twice the production of 1916.

All the newspapers are criticizing Rev. Sheldon's attempt at publishing a daily paper as Jesus would. Here is what the naughty Los Angeles Times has to say: "We are glad to hear that Mr. Sheldon does not think that correct advertisements are proper things to go in a great religious daily. He has no objection, as we understand it, to the lovely things that go in the corsets. My goodness! how could he?"

Piracy still flourishes in Chinese waters, and it is said that before since the "Ting" dynasty it has been a rife. According to recent reports, the notorious chief Foo-chan-hoi has behind him a band of 2,000 men, and shows much boldness and skill that the marine soldiers dare not attack. The pirate has fifteen steam launches and a great number of spike boats, and have laid in enough provisions and ammunition to last for years.

The postal deficit last year amounted to nearly \$7,000,000. The postoffice department lacked that much of paying running expenses. It has been found after careful investigation and calculation that if the mail matter which was carried at second-class rates but which was not entitled to the benefit of such rates had paid the lawful rates required under a strict construction of the postal regulations, there would have been a comfortable surplus to the credit of the department instead of a deficit.

CENSUS PORTFOLIO.
In the census building at Washington a great room is now the scene of bustling activity, the work of preparing portfolios for use by enumerators in the coming count of 1920, and common every-day white cotton tape will fasten the schedule-filled portfolios in their round from habitation to habitation. For convenient and accurate and rapid enumeration, the United States has been divided into 300 supervisor's districts, of E. D. as they are called in the census office. Each of the 300 enumerators is to be appointed, as on the portfolio a blank space is left for his name.

DEVELOPING MEETINGS.
The New Mexican says that Carlos had to have a cowboy carnival this fall. However, and Albuquerque are preparing for street fairs, country and other towns will have their horticultural fair and a capital dedication, and other New Mexican towns will think up some other schemes to attract visitors during the summer and fall. The influence of such efforts must work for the good of the state. The cheap railroad fares granted upon such occasions induce the people of New

Mexico to visit each other and make them acquainted with the progress of next-door neighbors, as well as shows them the vast opportunities for development that exist everywhere in the territory. The people of the territory can not learn too much of their commonwealth, its communities and their resources.

It is stated that Tennessee has become the leading phosphate producer of America. There are 28 valuable mines in the state and over 2,000 men are employed in the business. New mines are being opened daily.

Don't count! count!
The latest El Dorado is reported to be on Nome City Beach, Alaska. Thousands of people are hastening there, many of whom will return broken in health. Of what avail is gold when health is gone? Guard your health with the best of all medicines—Hosmer's Stomach Bitters, and you will have true wealth. The bitters are for people who have abused their stomachs, or are naturally weak. It will regulate the bowels, stir up the system, invigorate the kidneys and all-voluntarily cure indigestion, constipation, malaria, chills and fever. It is a natural tonic, absolutely free from dangerous narcotics. It should be taken at the present season, to protect the system from sudden colds and malarial attacks. It's a good medicine to keep on hand.

Miners and Investors Attention
You can, on very liberal terms, interest yourself in a single mine, having valuable property carrying lead, copper, zinc, silver and gold, which will unquestionably develop into large paying propositions. You could be taken at the present season, to protect the system from sudden colds and malarial attacks. It's a good medicine to keep on hand.

Silva Helman, of the Edgewood Distilling company, Cincinnati, Ohio, spent the day here and closed a contract with Bachechi & Gioni for 500 cases of Edgewood spring ninety-three whiskey, bottled in bond, 100 cases to be shipped every thirty days. The whiskey is made by T. W. Paxton, president of the Edgewood Distilling company, in Lincoln county, Kentucky. Bottled by No. 78. Anybody wanting a bottle of pure whiskey, ask for Edgewood.

Chronic Diarrhea Cured.
My mother suffered with chronic diarrhea for several months. She was attended by two physicians, who at last pronounced her case hopeless. She procured one 25-cent bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy, and five doses gave her permanent relief. I take pleasure in recommending it to the best of the market.—Mrs. F. E. Acker's Saved Her Life

"About two miles from Vassar, Mich., where I keep a drug store, lives Mrs. T. M. Pratt. She was very sick and hopeless with consumption. I watched her case with interest after she began taking Acker's English Remedy for Consumption, because I had heard so much about it."

"I saw this woman get well and strong on that remedy. In a very short time the cough stopped, her lungs were healed up, the stomach and bowels began to work on fish. She herself said: 'Mr. Bullard, I owe my life to Acker's English Remedy. It is a certain cure.' In Mrs. Pratt's neighborhood her recovery has occasioned much comment, as you can easily understand. It was one where everybody thought it was only a question of a little while until she would die. I feel it a duty to write this letter, so that there need be no more deaths from consumption." (Signed) E. A. BULLARD, Vassar, Mich.

PERMANENT SERVICE.
Santa Fe Railroad May Make Its Tourist Service Permanent.

General Manager H. U. Mudge of the Santa Fe railroad announces that probably the transcendental tourist service which the Santa Fe railroad has for the past four years run only during the winter months will be established as a regular accommodation throughout the year. This step is to be taken on account of the opening of the Santa Fe line into San Francisco via the coast route, and the travel to California, is assuming tremendous proportions. In the Los Angeles district there are at present over 30,000 tourists most of whom were carried by the Santa Fe railroad.

Mrs. Calvin Zimmerman, Milwaukee, Pa., says: "As a speedy cure for coughs, colds, croup and sore throat, One Minute Cough Cure is unequalled. It is pleasant for children to take. I heartily recommend it to mothers." It is the only harmless remedy that cures immediate results. It cures throat and lung diseases. It will prevent consumption. J. C. His Life Was Saved.
Mr. J. E. Lilly, a prominent citizen of Hays, Kan., lately delivered a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened and I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular price 50 cents and \$1.00. Trial bottles free at J. H. O'Reilly & Co.'s drug store. Every bottle guaranteed.

BLAND BREVITIES.
From the Herald.
Three new cars were received for use at the Star.

Prizes for the cake walk will be awarded at the poverty ball the 16th. Both lumber companies are being pushed to their full capacity to fill orders.

Work on the tunnel of the Navaho company is progressing rapidly. The average headway now being made is about ten feet a day.

The new hotel is rapidly assuming the appearance of completeness. When finished it will be one of the most substantial structures in the camp, with ample accommodations.

From present indications the stock of the new Cochiti Tunnel company will be taken from the market before even a small percentage of would-be purchasers are supplied.

Blind carpenters and contractors have no cause for complaint. Every day in the week and up to the hour of darkness one hears the continual hammering.

The item in reference to the shut down of the Star mill was somewhat incomplete inasmuch that it should have stated it is a preparatory move toward cleaning up.

The rumor which was in circulation last week to the effect that the Alameda mill would be the first to shut down was without foundation.

A visit to Alamosa last Saturday resulted in nothing but improvement. It is a certain cure for getting out the material for a road.

Rev. W. E. Sitzer, W. Canon, N. Y., writes: "I had dyspepsia over twenty years, and tried doctors and remedies without benefit. I was persuaded to use Kodol Dyspepsia Cure and it helped me from the start. I believe it to be a panacea for all forms of indigestion." It digests what you eat. J. C. Hugh Murray of San Antonio springs, in the Jemez mountains, is in the capital today purchasing supplies. He is the owner of the springs and the station at San Antonio and expects a prosperous season this summer. He reports that the Jemez country is suffering greatly from a drought.

Mr. J. Padilla, who owns and works a turquoise mine in southern Santa Fe county, this week discovered an old Spanish mine adjoining his turquoise mine. It has 15 feet of workings and a number of tools were found in the mine. Mr. Padilla has a number of pretty specimens of gold-laced-copper ore from the mine on exhibition at J. S. Candelario's store on San Francisco street.

Colorado-New Mexico Boundary.

Colorado Appoints Officials to Determine the Boundary Definitely.

For years there has been trouble about the exact location of the northern boundary line of New Mexico. Just where New Mexico commences and Colorado ends is a question which has come up many times in recent years and now to settle the dispute the residents of the district surrounding Pagosa Springs have asked Governor Thomas to appoint a boundary commission to settle the question for all time to come.

During the last week in February of this year an officer who went out from Pagosa Springs arrested a man for larceny on land which lies, according to the border, according to a letter received by the attorney general of Colorado, votes in New Mexico and holds office in Colorado. Attorney General Campbell has since then been investigating the matter and trying to determine the boundary line definitely. Laws and surveys of the United States will enter into the case for a great extent. At present the boundary is the 37th parallel of latitude but the question as to exactly where the line as thus designated is located, has not been raised.

REDUCED RAILROAD RATES.
All Arrangements Have Been Made for Delicacies to Socorro.

Through the efforts of the chairman and the secretary of the territorial republican committee, the Santa Fe railroad has granted a one and a fifth single fare, and the Denver & Rio Grande railroad a single fare, from points along their lines for the round trip to the delegates to the territorial republican convention at Socorro, Saturday of this week. The tickets will be issued to delegates on the certificate plan. They pay the single fare to Socorro and at Socorro receive a certificate from the secretary of the convention certifying that they had been delegates, when they will be given the return trip over the Santa Fe railroad by paying a fifth single fare. Arrangements have also been made for a sleeper and delegates will therefore have the accommodation of sleepers both ways.
