## PRISONERS PARADED.

### Cronje's Captured Army of Boers Paraded at Paardeberg.

### Lord Roberts' Army Expected to Advance on Bloemfontein.

### General Cronje and Wife Reach Cape Town as Prisoners.

### FOOD SUPPLIES FOR LADYSMITH.

Paardeberg, Feb. 28.—All the prisoners were paraded yesterday afternoon. The look upon the faces of the men as they passed showed that they were all overjoyed at the release from the daily hell of shell and shot. They chatted freely with the British discussing the different battles in which they had fought. All the prisoners have an intense admiration for the bravery and pluck of the Highlanders. Some of the sick prisoners have given a vivid description of Cronje's night march. It began in a panic and terrible confusion prevailed. Huge wagons crowded the narrow road.

Desertions were numerous. The Boer rations consisted of a pound and a half of fresh meat daily, a pound and a half of coffee, three pounds of sugar, and five pounds of flour per man, weekly. The soldiers were allowed to take whatever they liked. They carried off clothing, kettles, cups, even umbrellas. Last report announced a large force of Boers operating ten miles away, on the British right flank.

### SUPPLIES FOR LADYSMITH.

London, March 2.—A dispatch from General Buller was received at the war office this morning announcing that seventy-three wagon loads of supplies were now entering Ladysmith, the first eleven wagons containing hospital comforts.

### CRONJE FEELS BADLY.

Orange River, March 2.—General Cronje and wife passed here last night en route to Cape Town. Cronje looks miserable. He entered the refreshment room accompanied by his wife and son and interpreter, and General Pretorius and staff. Taking a seat at a table, Cronje covered his face with his hands a few moments. He engaged in prayer.

### BLOEMFONTEIN TO BE TAKEN.

London, 2 p. m.—With no prospect of any exciting news from Ladysmith in the near future, all eyes are turned once more towards Field Marshal Lord Roberts' advance into the Orange Free State. Critics on the afternoon newspapers are almost unanimous in expecting the main stand of the Boers to occur at Wynburg or in that vicinity. Before the advance on Bloemfontein becomes effective the strong force of Boers already gathered southwest of Paardeberg must be dispersed. The British lack remnants and the necessity of thorough organization may delay decisive action in this quarter several days and perhaps weeks. Making alone now awaits relief and a force to accomplish this is probably already on its way. It is believed that Colonel Baden-Powell's gallant little band will be able to hold out till succor arrives. In northern Cape Colony the British campaign progresses well. The whole line of Orange river should shortly be in their possession.

### BRITISH LOSSES.

London, March 2.—General Buller's casualties among the officers during the fighting on February 27, were: Killed—Colonel O'Leary, Lancashire; Major Lewis, Captain Byke, Lieutenant Simpson, Scots Fusiliers. Wounded—General Barton, Colonel Carr, Scots Fusiliers, and twenty-three others.

There were in Ladysmith at the beginning of the siege, 12,000 troops, 2,000 civilians and 4,000 natives. Between casualties and sickness 8,000 soldiers passed through the hospital. The total casualties were: Killed or died of wounds, fourteen officers, 235 men; died

of disease, six officers, 340 men; wounded, seventy officers, 530 men, exclusive of white civilians and natives.

### RECEIVED THE PRISONER.

Cape Town, March 2.—General Cronje and party arrived at Simonstown to-day. Cronje was received by Gen. Sir Frederick Forster-Walker, and representative of Sir Alfred Milner, governor of Cape Colony.

### NATIONAL EDITORIAL ASSOCIATION.

New Orleans, March 2.—The principal occurrence at to-day's session of the National Editorial convention was a speech by Thomas M. Patterson, of the Rocky Mountain News of Denver, on the subject of the paper trust. Patterson said the protective tariff system made it possible for a few manufacturing concerns to get control of the entire white paper supply of this country. Editor J. F. Laing, of the Legal News, Norwalk, Ohio, disputed the statement that word pulp was protected by tariff. Several delegates denounced Laing, saying that his methods were those of a politician.

### BOERS RETREATING.

Reensburg, March 2.—The greater part of the Dutch residents of Coleberg have been arrested as rebels. The Boers yesterday were in full retreat northward with a British force following.

### CONFESS TO MURDER.

Washington, March 2.—The following telegram was received at the war department to-day: "Fort Bliss, Texas, March 2.—Have all the guilty men and evidence to convict them, except McKelvey, who deserted. Corporal Powell has confessed. Longhorough, commanding. This refers to the recent riot at El Paso."

### AGAINST LOANING PUBLIC LAND.

Washington, March 2.—Senator Carter of Montana, presented the memorial of the governors of the western states protesting against the bill introduced in congress providing for the leasing of the public lands for grazing purposes. Carter said there was no probability of any such bill passing, and in order to prevent further agitation, he hoped the bill would find eternal sleep. Teller said such legislation was contrary to the policy of the government and would never be enacted. Foster (Wash.), who introduced the bill, says he has no intention of pressing it if it meets the opposition of the people.

### QUAY CHASE.

Washington, March 2.—In the closing argument in favor of seating Quay, Hear said that the senators knew that the three seats claimed by Mantle, Allen and Beckwith, were decided against them because they were silver men and the senate was about to enter upon the consideration of the repeal of the Sherman law.

### CHICAGO MACHINISTS STRIKE.

Washington, March 2.—A special message from the president was received recommending that all revenue collected on importations from Puerto Rico since the evacuation of the island by the Spanish, over \$2,000,000, should be placed at the disposal of the president for the relief of the island. Reading of the message was greeted with republican applause. Cannon asked for unanimous consent for the immediate passage of the bill to carry out the recommendation. There was no objection. It was agreed that there should be a twenty minute debate on the side.

### PUTTINGREW AGAIN.

The message of the president concerning revenue collected from Puerto Rican products was referred to the committee on appropriations.

### MACHINISTS STRIKE.

The Machinists of Chicago Order a General Strike.

Chicago, March 2.—Having failed to reach an agreement with the manufacturers the executive committee of the Machinists association decided to call a general strike of the machinists of Chicago. By to-night practically every union and many non-union machinists in this city will have laid down their tools, the only exceptions being at the shops which signed the agreement.

President O'Connell said the trouble developed into a life and death struggle for the union and there were possibilities of the strike including all machinists and extending to all metal working organizations of the country, which would affect nearly 50,000 men. Representatives of the metal working organizations of Chicago have decided to order sympathetic strikes wherever that action is found necessary. This may involve nearly 50,000 men in this city alone.

### TO RELIEVE PUERTO RICO.

Washington, March 2.—The president will send a message to congress to-day recommending the appropriation of the moneys received from customs through the Puerto Rican systems since the United States occupation for general relief of the Puerto Ricans. The sum approximately amounts to \$2,000,000.

A mule team, belonging to W. L. Trimble & Co., resorted to a lively run this morning on west Copper avenue. When the driver, James Griswold, began hitching them to a scraper, they started on a run, knocking the driver from his bearings and succeeded in scratching him a little. No serious damage was done to the driver or harness, and when the mules had traveled around a few blocks they were stopped—none the worse for their lively spirit.

### THE DRINK CASE.

Suit was filed in the office of the district court this morning, entitled The City of Albuquerque vs. Martin P. Stamm et al. It will be remembered that Mr. Stamm stopped the city workman from working on the big open ditch on his property. The court orders that the defendant, M. P. Stamm, be summoned to show cause at the court house to-morrow morning at 10 o'clock why a temporary injunction should not be granted as prayed for in the plaintiff's complaint.

### WORK STOPPED.

Maroon C. de Baca, who was at Pena Blanca on business, returned to the city last night. He states that there was considerable excitement at the Indian village of Santa Ana the other day, owing to the fact that about twenty Indians suddenly appeared at the low line ditch camp and threateningly demanded that work cease. Desiring no trouble with the belligerent redskins, Contractor Shutt called off his workmen. It is understood that a delegation of Santa Ana Indians will soon again visit Washington and make another protest to the Indian department against the building of the ditch through their reservation.

L. R. Thompson and wife, who are at San Diego, Cal., on a pleasure visit, are expected to return to Albuquerque the first of next month. As a visit of a week or ten days to Mr. Thompson's brothers, proprietors of the Casa de Oro, on west Gold avenue, they will continue on to their old home at Bellefontaine, Ohio.
