## WAR IN SOUTH AFRICA

### Boers Drive in British Outposts at Rensberg.

### Kimberley Bombarded All Day on February 8.

### British Preparing to Advance on Boers at Modder River.

### REFUGEES REACH BRITISH LINES.

Rensberg, Feb. 12.—The Boers again have driven in the British outposts on the western flank to-day, and all the outposts at Rensberg's neck, Hobler's windmill and other points are retreating to Maeder's farm. There were several casualties, but details not yet received.

**KIMBERLEY BOMBARDED.**  
London, Feb. 13.—The war office has posted dispatches from Colonel Kekewich dated February 11, to the effect that Kimberley was bombarded throughout Thursday, February 8. During the morning of February 9, a small infantry engagement, lasting two hours, occurred at Alexander's fountain. The situation otherwise is unchanged.

**BOERS CLOSELY INVEST RENSBERG.**  
Rensberg, Cape Colony, Feb. 13.—The Boers are actively pressing around Rensberg. The British forces under Lieutenant Colonel Paine, consisting of a section of artillery, and 150 horses, which reached Rensberg on February 10, have been compelled to fall back on Rensberg owing to the eastern flank being threatened.

**THOUSANDS OF REFUGEES.**  
London, Feb. 13.—British preparations for a move from Modder river are progressing, and important events can be anticipated within a few days.

A dispatch from Modder river announces the arrival there of 14,000 refugees from Bakley West district, who have been ordered away by the Boers because they refused to join the republicans. The refugees reached Modder river via Koodoosburg.

It is learned that 200 Boers were killed or wounded during General Macdonald's reconnaissance. There is no confirmation of the reported sortie of British troops from Lady Smith, nor of the Boers outflanking the movement.

Reports come from Durban that the British artillery forced the Boers to evacuate their camp on the Blangwana hill, south of Colenso. It would be an important advantage if the British were able to occupy the position.

The absence of General French from the Rensberg district appears to have given the Boers an opportunity for renewed activity. They are meeting with minor success, which is having considerable moral effect on the border colonies.

The Boer invasion of Zululand is causing keen anxiety. Apart from the fact that it threatens Buller's supplies, it is difficult to believe that the Zulus can long be kept quiet while their cattle are commandeered and the country overrun by their hereditary foes.

Friends of Cecil Rhodes are alarmed at his possible fate and have sent an emissary to see Dr. Leyds, diplomatic agent of the Boers in Europe, regarding the probable course the Boers would pursue in the event of his capture. Dr. Leyds assured the intermediaries that the Boers did not intend to kill Rhodes, but he added that they would certainly hold him as a hostage until the indemnity for the Jameson raid was paid.

In view of the developments since the raid the Boers have also decided to double the amount of indemnity demanded, so that Rhodes' friends will have to hand over \$10,000,000 before he is released.

It is learned definitely that Dr. Jameson is still at Lady Smith in spite of all conflicting reports.

A semi-official paragraph is published in the Globe this afternoon saying that Germany does not contemplate intervention.

The German government, it is added, does not consider itself concerned in the future status or existence of the Boer republics.

**BRITISH CAPTURE A DRIFT.**  
London, Feb. 13.—A private telegram received here says that the force commanded by General Wood moved up from the southward and seized Soutpan's drift, which he now holds.

**SEVERE FIGHTING.**  
London, Feb. 13.—6:40 p. m.—A dispatch to the Evening News from Rensberg, says that severe fighting occurred during the British retreat, various outposts on both sides suffering heavy losses. The dispatch adds that it is doubtful if Rensberg can be held.

**RELIEF PROMISED.**  
London, Feb. 13.—A dispatch from Mafeking via Gaborone, February 2, says: "Colonel Baden-Powell received a communication from Lord Roberts promising that relief would be sent in a few weeks. The food will last. The garrison is game as ever. The Boers have expressed intention not to fight but to starve us out. All well."

**FORCED TO RETREAT.**  
Rensberg, Feb. 13.—Yesterday's retreatment from the western outposts included withdrawal from Colekop and all surrounding posts. The Boers placed a forty-pounder at Bastard's Nek, commanding the surrounding country and successfully shelled the British positions. The Boers numbered thousands and were five to one, wherever fighting occurred. The British are chasing under the necessity of retreat from their posts, some of which they have held since New Year. The British now have no camp west of Rensberg. They safely brought off the guns from Colekop.

**HOUSE ADJOURNED.**  
Washington, Feb. 13.—The house adjourned early as a mark of respect to the late Representative Chickering.

**Gold at Lincoln.**  
The Roswell register received a letter from J. J. Jaffa, secretary and treasurer of the Lincoln Trading company, at Lincoln, the county seat of Lincoln county, saying that the Chinaman formerly employed by J. F. Patterson, of White Oaks in his harness shop, and a Mexican, had discovered ore just across the Bonito river, opposite the town, last Sunday, which, upon being pulverized and burned, showed to contain silver in large quantities from \$1,500 to \$2,000 to the ton. It also showed traces of gold, claimed to contain as high as \$20 to the ton.

**Outlaws' Association.**  
The Dona Ana County Outlaws' association will meet again at Hinson February 21 at 3 p. m., at which time organization will be more fully completed. It is hoped a larger attendance of people interested in such an organization will be present. The meeting held last week had not been sufficiently advertised. It is hoped that a stop can be put to cattle stealing and promiscuous slaughtering.

**Wool Scouring Plant.**  
Five carloads of machinery have arrived at Carlsbad for the new wool scouring plant. Work on the building is progressing and the plant will be ready to start up in ample time for the spring clip.

**LOAN OFFICE.**

## ANTI-TRUST MEETING.

### Conference Opposes Financial Bill Pending in Congress.

### New York Congressman Killed By Fall From Hotel.

### Kentuckians Will Be Good and Tell Their Troubles to the Courts.

### BILL FOR PACIFIC CABLE.

Chicago, Feb. 13.—The anti-trust conference adopted by a rising vote resolutions protesting against the currency bill now pending in congress as the "most audacious, dangerous, oppressive measure ever presented to a legislative body by a set of conspirators." These resolutions were presented by Judge Fleming, of Kentucky, and were adopted by a rising vote. The preamble declares that the bill, if enacted, would "bestow an immense bonus upon bondholders, and give a bounty of at least \$500,000,000 to the national banks and make all debts heretofore contracted payable in gold; place it in the power of the money-holding, money-lending class to contract the currency at will and possess themselves of the property of the people at their pleasure, and in short, enslave the people and destroy the republic to the end that free government may perish from the earth."

Amel Thornton, of New York, notified the presiding officer that he would refuse to deliver the speech for which he was scheduled to-day, as he considered the conference a partisan gathering.

Frank S. Monnett, former attorney general of Ohio, was chosen permanent chairman of the conference. Delegate Robert A. Neff, of Oklahoma, presented the following which was unanimously adopted: Resolved, That it is the desire of this conference that congress extend to settlers upon government lands the same advantages given railroad corporations, and grant said settlers free homes by the immediate passage of the free homes bill now pending in congress.

### KENTUCKY IS PEACEFUL.

Both Political Factions Awaiting Action of the Courts.

Louisville, Ky., Feb. 13.—It is reasonably certain that the political situation will remain in the present quiet state until a decision has been handed down by the court of appeals clearing the title to the office of governor. Before Judge Cantrell, at Georgetown, to-morrow, the democrats will bring suit, asking for an injunction restraining Governor Taylor from exercising the functions of the office of governor. It is expected that a temporary injunction will be granted. In case the restraining order is granted, the democrats will not press the proceedings for contempt, but will take the case to the court of appeals, which they claim is the court of last resort in these proceedings. This plan was decided upon to-day at a conference of democratic leaders. Pending the result of this suit and the case before Judge Taft, at Cincinnati, involving minor state offices, it is expected that both sides will allow things to remain as they now stand. The democratic legislature will remain in Louisville, and it is believed the court of appeals will sit here instead of at Frankfort, so long as there are any armed men about the state buildings. The assembly is proceeding with the legislative business.

**Death of a Congressman.**  
New York, Feb. 13.—Congressman Charles A. Chickering, of Copenhagan, N. Y., was found dead outside of the Grand Union hotel in this city. He either fell or jumped from the fourth story window. Chickering had complained considerably of rheumatism, but nothing irrational in his actions was observed. Chickering was born in Harrisburg, N. Y., November 26, 1843. He was elected to the fifty-third congress, and re-elected three times.

**Pacific Cable.**  
Washington, Feb. 13.—The house committee on interstate and foreign commerce to-day decided by a vote of 8 to 5 to report the Pacific cable bill along the lines of the Sherman bill, defeating by 5 to 8 the Corliss proposition for government ownership.

**Last Night's Concert.**  
The music-loving public of Albuquerque was delightfully entertained last night at the Army hall by the Brehany concert company. The vocal renditions by Miss Brehany, Miss Monroe and Messrs. Carr and Mintz were applauded to the echo. Olga Schmitt, the 16-year-old violinist, and Mr. Sauviet, the pianist, wonderfully impressed the audience with their selections.

The concert was given under the auspices of the Albuquerque Guards, and while they did not expect to reap any financial benefit they are nevertheless gainers in the entertainment.

**St. John's Guild.**  
A special meeting of St. John's Guild will be held at the vestry room of the church Wednesday morning at 10:30. Important business to be transacted.

**Benevolent Association.**  
The monthly meeting of the Benevolent society will be held at Mr. Clancy's office, Wednesday morning, February 14, at 9:30. Mrs. Rodey, secretary.

**The Camp Fire Last Night.**  
About forty members of the W. R. C. and G. A. R. were delightfully entertained at the residence of Mrs. Alva Isherwood last night. In commemoration of Lincoln's birthday the meeting was held on Monday, instead of Tuesday evening. Capt. A. M. Swan, who was personally acquainted with Lincoln, gave a most interesting talk, dealing with his early experiences of the great statesman. The address was supplemented by numerous anecdotes by various members of the company. Refreshments in the form of brown bread and beans, salad, cake, coffee and doughnuts served to cater to the comfort of the inner man.

### DEATH OF GEORGE BOYLE.

The injuries sustained at Albemarle Sunday morning proved fatal. George Boyle, the victim of the shooting affray at Albemarle early Sunday morning last, and who has suffered untold agony since the occurrence, was relieved by death at 1:56 this afternoon. The death occurred at the home of his mother, Mrs. Wm. Ruby, 105 east Coal avenue. Since the removal of the young man from the scene of the tragedy Sunday evening and after a careful examination and an operation was performed by the most skilled surgeons, very little encouragement could be offered for his recovery, but in spite of his dangerous wounds he struggled to recover, but all in vain.

The unfortunate young man took very little nourishment, and was unconscious all forenoon, and when death came, the family and friends were not altogether surprised. George Boyle was born in 1880, and has made this city his home nearly all his life. He was well-known and respected by all who knew him, and the statement of his untimely death will be received with profound regret. Besides his parents, a sister, Miss Lillie, is left to mourn his death. The funeral will be announced later in these columns.

Mrs. J. H. Kuhns and her bright little son, Stanley, are here from Los Angeles, visiting their relatives and many friends. They will remain a week or ten days.

In the case of A. J. Maloy vs. Andrew Smith and his wife, Eliza J. Smith, suit on an account for \$67.50 has been filed in the district court.

Miss Gillett can teach you how to sing. Residence 923 south Walter street.

## FINANCE BILL.

Measure Being Discussed at Length in the Senate.

Washington, Feb. 13.—The financial bill was laid before the senate. Allison (Iowa), the ranking republican member of the finance committee, addressed the senate. He said he did not propose to enter upon a general discussion of the financial question, that had been more or less considered in the past twenty-five years. In the pending measure it was proposed to deal with the currency question at large in a general way. Allison referred to the senate substitute for the house bill, and said there was no purpose to change the existing currency, gold and silver certificates, greenbacks, treasury notes and national bank notes. Allison said that from 1792 to 1873 this country had a double standard of value. He said that since enactment of the law of 1873 there had not passed current a single dollar of any kind of United States money that was not absolute parity with the gold dollar. The passage of this bill would practically re-enact the provisions of the law of 1873.

To the Gentlemen Dressers of Albuquerque:  
FASHION DICTATES that the first Spring Season of the new Century shall inaugurate many radical changes in the cut of men's garments and the textures from which they will be made. Instead of the narrow shouldered, loose-fitting garments of the past, those who aim to dress properly will wear them broad shouldered and very close-fitting. The trousers will also be an extremely different cut. The popular vest will be double-breasted with a collar. The tailoring house that we represent is on Broadway in New York City and they cater to the fine retail trade of that city and with our system of measurement it stands to reason that the most fastidious dressers can be pleased. Another thing: In our fine goods we remove the sample after an order which makes it impossible to duplicate. Our Spring Samples have arrived; also fashion plates by America's style dictator.
