## LADYSMITH MUST FALL.

### No Hope of Relief From British Army.

General Buller Will Try to Relieve English at Kimberley.

At Rosenberg the Boers Have Taken the Offensive With Large Army.

JOURNALS TRYING TO OUTFLANK BULLER.

London, Feb. 11.—The news printed to-day throws a great deal of light on the war situation. Lord Roberts is not engaged in a movement against Bloemfontein, as hoped, but is at Modder river, and it is believed that he means to attack General Cronjé for the purpose of relieving Cecil Rhodes and the beleaguered city of Kimberley, whose inhabitants have been eating horses meat for five weeks, and whose death rate has grown alarmingly. Cronjé has strengthened his position, in expectation of attack.

At Rosenberg the Boers are strong enough to take the offensive. The most depressing news, however, comes from Natal. The Boers occupied a farm south of the Tugela, near Chieveley, which is situated with hills from which the country can be commanded for miles around.

It is reported from Durban that General Buller is marching with 6,000 men to outflank Buller.

The Boer column is operating in Zululand and there seems to be fear that Buller's line of communication will be attacked. Buller has removed his headquarters from Spassman's camp to Springfield and apparently the Boers do not believe that Buller will attack again.

As for Ladysmith, military experts have given up hope. It is agreed that a sortie from the beleaguered town would result in the British being cut to pieces.

DISPATCH FROM LORD ROBERTS.

London, Feb. 13.—4:12 p. m.—The war office received the following dispatch from Field Marshal Lord Roberts, dated Modder river, Sunday, February 11: I received a telegram from Buller as follows, dated February 9: "It was necessary after Vaal Krantz to entrench as a pivot for further operations. But I found after trying two days that owing to the nature of the ground this was impracticable. It was also exposed to the fire of the heavy guns in position from which our artillery was dominated. It is essential to the troops advancing on Ladysmith by Harding on Mager's drift to hold Vaal Krantz securely, accordingly we are pressing the advance by those roads, as I find we cannot make it secure."

DIED FROM WOUNDS.

London, Feb. 12.—A dispatch from Modder river announces that Lieut. F. O. Taft, amateur golf champion, died of his wounds, received during General Macdonald's reconnaissance at Koodoosberg.

BRITISH ARMY.

London, Feb. 12.—The house of commons was crowded to-day in anticipation of a statement of George Wyndham, parliamentary secretary of the war office, in regard to army measures. At present, he said, there were 100,000 regulars and the increase was anticipated to be 30,000. There are now 325,000 men in the auxiliary force, and it was estimated that the increase would be 50,000 men. So altogether the country would soon have at least 517,000 men.

SENATE.

Washington, Feb. 12.—It was known at the opening of day of the senate that financial discussion was to be marked by the delivery of at least three speeches by Wolcott, Colo., Butler, N. C., Ekins, W. Va., and in addition to the large attendance of senators the public galleries were well filled.

Senator Kinkaid took the floor to speak on the financial bill. He commended the general provisions of the bill, but criticized the sixth section which provided for funding the public debt. He said:

"Refunding the public debt is a purely practical or administrative question. It should have no place in our politics or be connected in anywise with political questions or measures. It should be made the subject of a separate bill, to be considered and passed when our bonds mature and the monetary conditions may be entirely different."

The senator suggested that the government might find it difficult at some time in the future to keep the proposed 2 per cent bonds at par, and asked would it not be better and in the public interest to make the rate of interest higher and offer no inducements to national banks.

"It seems," said Kinkaid, "the safer course would be to allow a margin of discretion to the secretary of the treasury in the matter of refunding the public debt when the time comes; for instance, give him authority to refund at a rate not exceeding say 3 per cent per annum. We cannot hope to do in the matter of our finances what all other nations, especially Great Britain, the richest nation of the world, failed to do. She never reached a standard as low as 2 per cent for her national borrowings."

Senator Wolcott, of Colorado, spoke on the financial bill, strongly advocating the proposed amendment, declaring that the nation was favorable to international bi-metallicism. He expressed the belief that we would soon see the leading commercial nations unite in an earnest effort to establish a bi-metallic system.

HOUSE.

Washington, Feb. 12.—Thirty-five private pension bills, favorably voted upon by the committee of the whole at Friday night's session, were passed. A resolution to print 15,000 copies of the report of the Philippine commission was adopted. House then proceeded to consideration of business relating to the District of Columbia.

The appropriation committee of the house today reported the executive, legislative and judiciary appropriation bill. The estimates submitted aggregated \$25,012,209, and the bill appropriates \$25,874,871.

Payne (New York), chairman of the ways and means committee, called up the bill to permit transit through the United States of goods in bond without payment of duties.

Amendment to the free zone provision was adopted repealing the joint resolution of March 1, 1895, to prohibit the entry of goods into the free zone, Mexico. The bill then passed and the house adjourned.

There will be a hot time in old town tomorrow night when Charley Lawler, of New York, will appear at Orchestra hall. Do not fail to be there.

## SHOOTING AT ALBEMARLE.

### George Boyle Shot Twice, Will Probably Prove Fatal.

At 2 o'clock Sunday morning in Albemarle, George Boyle was shot twice, once in the abdomen and once in the side. Three shots were fired, one going wide of the mark. The shooting was done by one Allen, familiarly known in the Cochiti district as "Kentucky Kid." It is said upon good authority that the act was done under great provocation, and that the deed was committed in self defense.

The injured man was brought to the home of his mother, Mrs. Wm. Ruby, 105 East Coal avenue, last night at about 11 o'clock.

This forenoon an examination was made by Dr. W. G. Hope, assisted by Drs. Pierce, Wroth, Tachner, Kider and Rutherford, and it was found that two bullets had entered the body, which would probably cause the young man's death, and after a consultation with the family it was decided to perform an operation in the hope of saving the unfortunate man's life.

The surgeons completed the operation a little after 12 o'clock, and it is thought the man can not possibly recover from the wounds sustained at Albemarle, and the surgeons are of the opinion that the chances for his recovery are extremely slight.

Before the operation was performed, Sheriff Hubbell and District Attorney T. A. Finley called at the residence and received the young man's statements regarding the shooting, which includes the following:

"The 'Kid' and I were in Graham's saloon at 2 o'clock Sunday morning, and we began quarreling over the possession of a blanket. The 'Kid' called me a vile name and I told him if he would come outside I would make him 'eat' those words. Once outside the saloon I slapped the 'Kid' on the face, and he started to run, and I followed, whereupon the 'Kid' turned and began shooting at me, two bullets striking me and the third passed by."

It is understood the above statement is the only one Boyle has uttered to any question.

Many rumors were about in Bland, none of which have been verified or sent to this city. The "Kentucky Kid" was placed under arrest after the shooting by Deputy Sheriff Joseph Overhulse, and lodged in the Bland jail. Deputy Sheriff Newcomer, of this city, left this morning for Bland, with the prisoner in the county jail to-morrow night.

George Boyle is well known in this city, but for the past nine months has been employed at various occupations in the Cochiti district. It was only recently that he accepted a position at the big milling plant in Albemarle, where he gained the confidence and respect of a large number of friends, who will regret to learn of this sad affair.

Don't miss the dance at the Armory hall February 14. Members of No. 2 hose company have spared no time or expense in making preparations for the event and none should let this opportunity slip.

Patrons of the Brehany concert need have no fear regarding the temperature of the Armory to-night. The Armory will be comfortable if it takes all the coal in Albuquerque.

Prohibit the Importation of Arms.

At Paso, Feb. 11.—The Mexican government prohibits the entrance of arms and ammunition to the state of Sonora, owing to the revolution in progress there. The miners are stripped of arms and ammunition at Nogales and Nogales. An order was issued because it was reported that Americans were pouring into Sonora in the guise of miners, while their real object was to assist the rebellious Yaquis in gaining their freedom.

New York, Feb. 11.—A special to the Herald from Washington says: Governor Roosevelt will not accept the nomination of the vice presidency on the republican ticket. ## A CARD.

To the Gentlemen Dressers of Albuquerque:

FASHION DICTATES that the first Spring

Season of the new Century shall inaugurate many radical changes in the cut of men's garments and the textures from which they will be made. Instead of the narrow shouldered, loose-fitting garments of the past, those who aim to dress properly will wear them broad shouldered and very close-fitting. The trousers will also be an extremely different cut. The popular vest will be double-breasted with a collar. The tailoring house that we represent is on Broadway in New York City and they cater to the fine retail trade of that city and with our system of measurement it stands to reason that the most fastidious dressers can be pleased. Another thing: In our fine goods we remove the sample after an order which makes it impossible to duplicate.

Our Spring Samples have arrived; also fashion plates by America's style dictator.
