STILL IN TURMOIL.

Kentucky Legislature Remains in Mixed Condition.

Henry Watterson Says the Nashville Railroad is Responsible.

Report That Governor Taylor Had Weakened Denied by Him.

TROUBLES MAY BEGIN ANY MOMENT.

Louisville, Ky., Feb. 5.—After a business-like session, which saw brought nearly to completion the plans maturing for a week to establish a state government at this place, the democrats this morning found all their arrangements upset by a surprise move on the part of the legislature, which indicated that peace was nearer than at any time since Governor Beckham's notification from Frankfort on Sunday. It conveyed the information that Governor Taylor had weakened in his purpose to convene the legislature at Louisville, Kentucky, and that the general assembly would be permitted to hold sessions at the state capital unmolested.

General Castlemann, the democratic adjutant general, was more reticent than ever this morning concerning the organization of a new national guard. The fact that such a force may not be needed has checked the plans, which had proceeded as far as the organization of one battalion of the first regiment under Major J. A. Gregory.

MILITIA COMPANY.
London, Ky., Feb. 5.—A company of 10, numbering ninety men, arrived from Bardonia.

THE LEGISLATURE.
Ky., Feb. 5.—Although no element has yet been made by the legislature, it is certain that the next session of the Kentucky legislature will be held in the capital building in this city, probably tomorrow. The London session will be abandoned. The members were sent to the republican members this morning to return to Frankfort at once.

Gov. Taylor will, it is expected, give the democrats in an informal way to understand that they will be allowed to enter the capital building as soon as they wish to do so, and no effort will be made to prevent them from holding a session of the legislature.

IMPORTANT CONFERENCE.
Louisville, Ky., Feb. 5.—An important conference is to be held this afternoon. It is expected that Lieut. Gov. John Marshall, Attorney Raleigh and probably Attorney Augustus Wilson will represent the republicans. For the democrats, Gov. Beckham, Speaker Trimble, ex-Gov. McCreary, Col. Bennett Young, Senator Blackburn. It is believed that the final actions of both sides as they relate to the time and place of holding the next session of the legislature are being delayed to await the result of this conference. The democrats are prepared to carry out the original plan to assemble their members here and adjourn at once, or go to Frankfort on short notice.

It is believed that both sides are sincerely trying to find a basis on which a peaceful settlement may be conducted.

RELEASED.
Frankfort, Feb. 5.—Alonzo Walker, the stenographer who was placed under arrest on the charge of inciting the state guard to mutiny while giving a notice of the proposed application of the injunction upon the door of the office of Governor Taylor, was released. The release was not made in response to the writ of habeas corpus which Sheriff Sutton tried in vain to serve upon Governor Taylor, but the governor consented on the ground that Walker had been sufficiently punished.

WHAT WATTERSON SAYS.
Louisville, Ky., Feb. 5.—Henry Watterson today gave out the following statement: "The head and front of our present troubles in Kentucky, at once the source and the cause of the revolutionary proceeding by which republican government has been for the time being struck down and a military dictatorship put up in its place, is the Louisville & Nashville railway company. At the recent state campaign it supplied the material resources in such abundance as to draw out all the dangerous elements of society and put into activity all the forces of political adventurism. The two leading parties of the contest were as nothing to compare with its gigantic machinery for corrupting elections. The horde of desperate mount-

HEAVY FIGHTING.

Such Is the Report by the Way of Durban.

General Buller Keeping His Movements a Close Secret.

Russia Taking Advantage of Great Britain to Secure Asiatic Ports.

APPOINTMENTS BY THE PRESIDENT.

London, Feb. 5, 4:43 p. m.—A special from Durban, Natal, dated today says: "There is no definite news from General Buller, but it is reported that there was heavy fighting yesterday."

NOTHING CONFIRMED.
London, Feb. 5.—A correspondent of the Associated Press learns from official sources that absolutely no confirmation has been received by the war office of the report that General Buller had recrossed the Tugela river and is marching on to Ladysmith. On the contrary, according to information at the war office, there is every indication that things are quiet at the front, and no immediate movement is anticipated.

DISPATCHES ARE CENSORED.
London, Feb. 5.—The war office statement that it has received no confirmation of the report of General Buller recrossing the Tugela river has failed to shake the public belief that operations of tremendous importance are proceeding at Tugela, though the denial is prompted by the desire to keep the military movements as secret as possible until something is accomplished, or else Buller is keeping the home officials dark. Correspondents of Buller's headquarters convey the impression that his main force is still south of the Tugela, and it is easily conceivable that the dispatches are so censored.

BOERS AT NORTALSPOORT.
Cape Town, Feb. 5.—A dispatch from Nantwepport says: There is great activity here on the Boers' side. The Boers are said to be dispatching an overwhelming force of infantry to seize Nantwepport. The cavalry having completed a reconnoissance, is being ordered to move forward. The Boers at Nantwepport are virtually surrounded.

Russia Grabbing Ports.
St. Petersburg, Feb. 5.—A campaign in favor of taking advantage of the present complications in South Africa to secure Russian ports in the Indian ocean and Mediterranean is being pushed with vigor. The newspapers openly advocate the ultimate prosperity of Russia and which Great Britain has always frustrated.

Presidential Appointments.
Washington, Feb. 5.—The president sent the following nominations to the senate: Joseph D. Smith, Colo., agent, Indiana Southern life agency, Colorado.

Navy: H. F. Merry to be captain; Lieut. W. F. Fulton to be lieutenant; Lieutenant Commander U. R. Harris to be commander; Medical Inspector William G. Fairwell to be medical director; D. N. Bortolotto to be medical inspector; Pay Inspector D. A. Smith to be pay director.

Bill Defeated.
Washington, Feb. 5.—The house defeated by 60 to 67 the bill for investigating the pollution of water by the Chicago drainage canal.

Future of Cuba.
Washington, Feb. 5.—Bismore discouraged the diplomatic consular appropriation bill said the action of the majority indicated an intention to absorb Cuba. He would favor annexation if desired by the people, but not by any such manner as the Hawaii annexation.

Cases of Substruck.
Buenos Ayres, Feb. 5.—There were 219 cases of substruck here on Sunday, of which 144 were fatal.

Adjusted.
Washington, Feb. 5.—The United States supreme court today adjourned until the 20th inst.

Roosevelt Talks.
Albany, N. Y., Feb. 5.—Gov. Roosevelt said today that if further bloodshed is to come in Kentucky, it must lie at the doors of those who conspired to accomplish by force what they failed to accomplish by fraud.

Louise Brehany, Albuquerque Guards.
There is to visit this city on Monday, February 12, under the auspices of the Albuquerque Guards, a concert company of universal attractiveness and merit; we refer to the Louise Brehany Ballad & Opera Concert, headed by one of America's favorite artists, Louise M. Brehany. Miss Brehany has become famous as a ballad singer the country over, and has appeared heretofore as soloist with some of the great organizations of the country, including Sousa's band, The Marine Band, Edward Borden's company, Bernard Lieberman's company, etc. This her second season at the head of her own company, she has surrounded herself with great artists, including W. Guillaume Savriel, the noted

DEATH OF GOBEL.

The death of this Kentucky fire brand
occurred Saturday evening. His death
is regretted because it was at the hands
of a cowardly assassin. Mr. Goebel's
life cannot be commended. To attain
political power he was willing to de-
bauch the ballot box, and plunge his
state into riot and bloodshed. A demo-
cratic returning board decided that he
was not elected governor, but he deter-
mined to rule or ruin his state, and
finally came to his death as the natural
outcome of the lawless methods he had
invoked. What the result in Kentucky
may be is yet unknown, but it is certain
that the misrule brought about by Mr.
Goebel and his partisans will bear a
prolonged curse of crime.

AZTEC RUINS.

There has been appointed a special
commission to report on the ruins of the
cliff-dwellers in the vicinity of Mancos
and Cortez, Colo., and also near Aztec,
New Mexico, with the idea of reserving
the lands as a national park. The action
has been taken as a result of an agita-
tion in Colorado for the protection of
these ruins against vandal relic hunters.
Some of the best preserved ruins have
been ruthlessly entered by curio hunters,
who have broken through walls and roofs
and carried away the relics. It would be
wise to have these ruins guarded by
the government, so that they can be in-
vestigated by experts. Fortunately,
some of the best of them have not been
tampered with as yet.

BANKRUPTCY CASES.

From R. L. Medler, the energetic young
attorney of this city, who has made a
careful study of bankruptcy litigation, THE
CITIZEN obtains the following com-
pilation of bankruptcy cases in the
United States during the year ending
September 30, 1899: Cases of bankruptcy,
19,362; assets of bankrupts, \$37,863,

THE ROBEY AND SLAVE HOLDING.

Henry B. Blackwell, of Rochester,
Mass., furnishes food for thought on the
part of the Boer sympathizers in the
open letter. He first speaks in the Bos-
ton Herald of the public meetings held
in this country to express sympathy for
the Transvaal, and asks the question:
Do the men who take part in these meet-
ings realize that they would be prohib-
ited from holding a public meeting in
South Africa? Do they know that thereason the Boers immigrated to escape
British rule was for the reason that the
British would not permit the existence
of slavery, and that negro slavery is
practiced and is a cherished institution in
the South African republic? Do they
know that under this "republic" that no
Roman Catholic or Jew can vote or hold
office? That the English language is
proscribed in all law cases? That the
education is not permitted and free
speech and freedom of the press is de-
stroyed? The rule of the British admitted
by treaty is now being, the money wrung
from the British is now used to fight
them and three-fourths of the population
is disfranchised.On the other hand, in all the British
provinces in South Africa freedom of
speech and of the press is admitted and
cherished, religious freedom is given to
all Irish English and American Protestants,
Catholics and Jews, and slavery is
abolished. The Transvaal, by the ad-
mission of its agents, seeks to extend its
territory, to have an open sea port—in
other words to extend and perpetuate
the system of slavery, abolished by all
civilized countries, except the Trans-
vaal.

Pictures of Electricity.

The photograph of lightning is
science's latest achievement. These are
called "electric photographs," and are
considered of great value in the future
knowledge of electricity. It is well
known that a person struck by lightning
leaves an impression resembling a tree.
The photograph has proved that this is
because lightning itself has a tree-like
shape, which always leaves a vivid im-
pression wherever it strikes. In this
respect it is similar to the famous medi-
cine, Hostetter's Stomach Bitters, which
also leaves an impression—that of health
—upon every one who uses it. The great
specific for all stomach ills, such as
dyspepsia, indigestion, biliousness, ma-
laria, kidney trouble and all ailments
which arise from impaired digestion. It
will not offend the weakest stomach.

Brave Men Fall.

Victims to stomach, liver and kidney
troubles as well as women, and all feel
the results in loss of appetite, pains in
the blood, backache, nervousness, head-
ache and tired, listless, run-down feeling.
But there's no need to feel like that.
Listen to J. H. O'Reilly & Co. who say:
"Electric Bitters are just the thing
for a man when he is all run down and
don't care whether he lives or dies.
It did more to give me new strength and
good appetite than anything I could
take. I can now eat anything and have
a new lease on life." Only 50 cents, at
J. H. O'Reilly & Co.'s drug store. Every
bottle guaranteed.

G. W. Smith.

G. W. Smith, superintendent of ma-
chinery in the local railway shops, left
Saturday night for Topeka, where he will
consult with the officials of the Santa Fe
system.

O. C. Watson, the Mutual Life Insurance

solicitor, returned from Bland Sat-
urday evening with a deep-seated cold,
and will be laid up a few days for re-
pairs.

largely attended meeting at the court
house in old town yesterday afternoon.

"Spring Unlocks

The Flowers

To Paint the Laughing Soil."

And not even Nature would
allow the flowers to grow
and blossom to perfection
without good soil. Now
Nature and people are much
alike; the former must have
sunshine, latter must have
pure blood in order to have
perfect health.

Hood's Sarsaparilla

Never Disappoints

Hood's Sarsaparilla cures blood troubles

of all sorts. It is to the human

system what sunshine is to Nature—the

destroyer of disease germs. It

never disappoints.

Poor Blood—"The doctor said there

were not seven drops of good blood in my

body. Hood's Sarsaparilla built me up and

made me strong and well." Susan E. Rogers,
18 Astor Hill, Lynn, Mass.

Dyspepsia, etc.—"A complication of

indigestion, chronic catarrh and

inflammation of the stomach, rheumatism,
etc., made me miserable. Had no appetiteuntil I took Hood's Sarsaparilla, which
acted like magic. I am thoroughly cured."
N. B. Rogers, 1214 W. 14th Av., Denver, Col.

Rheumatism—"My husband was

unable to give up work on account of rheu-
matism. No remedy helped until he usedHood's Sarsaparilla, which permanently
cured him. I cured my daughter of cat-
arrh. I give it to the children with good

results." Mrs. J. B. McNamee, Stamford, Ct.

Spitting Blood

"I used to cough a great deal and spit blood, and my neighbors in Dayton, Ohio, where I live, said among themselves, 'I had a con-
sumption, though they did not tell me so to my face, for fear of making me dependent. I kept on coughing and trying different sorts of medicines but nothing seemed to reach my trouble until I got hold of a bottle of Acker's English Remedy. I prayed for health all the time, and when I received it, I began taking this celebrated English expectorant and tonic. Since my recovery I have told hundreds of sufferers from coughs, colds and weak lungs that Acker's English Remedy would cure them. Some of them won't try it, and they seem to me terrible when anyone deliberately refuses to be cured. There ought to be a law compelling consumers to take it. Even if they don't care for their own lives, the public's welfare should be considered. Don't you think so too? I hope such a law will soon be enforced."

PETITION THE COMMISSIONERS.

A Communication Signed by Nearly 200 citizens of Bland.

A number of property owners and citizens of Bland are in the city today and have in their possession a petition which contains the names of about 200 people of that town. The petition was presented to the board of county commissioners. It reads as follows:

We, the undersigned residents and property owners of the city of Bland, N. M., being informed of the action of your board in granting to certain individuals of this community an "exclusive franchise" for the construction of a water system for the town of Bland, hereby register our protest at such action, as it prevents the operation of equal rights; and further, that a certain permit previously signed was not intended for use in securing said or any other franchise.

Now, therefore, we pray and petition that the action of this board in the instance above cited be rescinded and made of no effect, and that no exclusive franchise be granted, nor any other franchise without first specifying reasonable time limit for such construction, and stating reasonable conditions for the ample protection of consumers.

At their last regular meeting in January the county commissioners passed and granted certain resolutions for a franchise for a system of water works in Bland, and from all appearances it was not very favorably received by the residents of that place. It is expected the commissioners will take some action on the petition at their next meeting.
