TERRIFIC FIGHTING.

Forty Thousand British Held  
Checked by Boers.

Berlin Dispatch Says That General  
Buller Met Defeat.

Boer Defense Most Wonderful in History  
of Warfare.

REPORT OF RELIEF OF MAFKINGO.

Berlin, Jan. 27.—Some papers here  
claim to have a telegram from Pretoria  
saying that General Warren entered into  
Spionkop, where the Boers held upon him,  
and that seventeen of his cannon were  
captured, and that Buller's host retreat  
over the Tugela river alone can save him.

The alleged Pretoria telegram adds  
that the losses of the British are 800 men  
killed and 1,500 wounded. The dispatch  
comes through Brussels and does not re-  
ceive much credit in this city.

ENGLISH DEFENT REPORT.

London, Jan. 27, 1:15 p. m.—The war  
office has no news of a catastrophe to  
General Buller's force, reported from  
Berlin, and discredits the story. Neither  
has the war office any explanation, at  
least for publication, of the abandon-  
ment of Spionkop. The evacuation to-  
day is regarded as not so serious as at  
first thought. Commentators are abus-  
ing the military authorities, both at the  
front and at home, for publishing hasty  
accounts of the incomplete, half under-  
stood operations.

CAUSTIC COMMENTS.

The afternoon papers describe General  
Buller's dispatch as unpleasant reading  
for the British people, intensely mortify-  
ing to the national pride, damaging to  
the country's prestige and scathingly de-  
nouncing the general's conduct, of which  
the St. James Gazette says: "The  
display of academic frivolity, not uncom-  
monly found in combination with con-  
ceit, practical incapacity and passing to  
insanity when they ought to rebuke and  
filled with slang and humor of Kipling's  
sublimity."

There are signs of important move-  
ments developing in the north of Cape  
Colony. General French succeeded in  
getting in touch with General Gatacre,  
possibly prearranging a combination of the  
two columns and the commencement of  
the concentration of forces, which is be-  
lieved to be the groundwork of Lord Rob-  
erts' plan of campaign.

BOERS HOLD POSITIONS.

Boer Camp, Middelburg, Upper Tu-  
gela river, Jan. 23.—The British are now  
endeavoring to force with 40,000 troops  
the Spionkop route to Ladysmith. Firing  
on General Buller's position yesterday  
was terrific. The grass was dried, rocks  
dislodged and trenches pierced, but the  
battle was practically one-sided, the  
federals only firing thirty shots. A ball  
from a shell landed in General Buller's  
pocket. One Boer cannon, and some  
wounded horses. Firing ceased at dark,  
but was resumed this morning in the vi-  
cinity of Ladysmith and here, but up to  
noon lacked vigor.

MAKING RELIEVED.

Lord Roberts, Delagoa Bay, Jan.  
26.—It is reported on good Transvaal au-  
thority that Mafeking was relieved on  
Tuesday, January 23.

BRITISH LOSSES.

London, Jan. 27.—The war office an-  
nounces that the casualties reported by  
General Buller yesterday occurred in the  
battalions of General Lytton's brigade,  
which, so far as known, was not engaged  
in the capture or defense of Spionkop. It  
appears, therefore, that they are addi-  
tional to the considerable casualties Bul-  
ler reported as having occurred at Spion-  
kop.

RUMORS OF ENGLISH DEFEAT.

London, Jan. 27.—The defense commit-  
tee of the war office met this afternoon.  
Lord Salisbury presiding. There are re-  
iterated rumors of the gravest kind of

NEWSPAPER CONFIRMED.

Berlin, Jan. 27.—It is said that the  
German foreign office has confirmation of  
the report of Warren's division having  
been crushed.

INTERVIEW WITH TRANSVAAL ENVOY.

Berlin, Jan. 27.—The Lokal Anzeiger  
publishes an interview with Dr. Leyds,  
in which he is quoted as saying that his  
presence in Berlin has nothing to do  
with politics, but is due merely to an  
invitation to a diplomatic dinner re-  
ceived from the imperial chancery. Re-  
garding mediation, Leyds said that the  
Boers had no occasion to appeal to  
anyone. As to the conclusion of  
peace, his personal opinion was that  
great Britain would have to return a  
great portion of the territory she had  
seized to the Boers and that the fed-  
eral republics would of course obtain  
every guarantee that not a hair of the  
heads of their kinsmen would suffer. No  
words, he continued, need be wasted on  
the absolute independence of the two re-  
publics. Ladysmith, Mafeking and Kim-  
berley, Leyds added, were simply pris-  
ons with the sole difference that the British  
had to consume their own provisions.

MORE TROOPS FOR AFRICA.

London, Jan. 27.—The war office has  
decided to embody two additional militia  
battalions and another battery of artil-  
lery.

PLENTY FUN TO-NIGHT.

"Uncle Josh Sprucey" and Company at  
Orchestra Hall.

One of the novel advertising devices  
used by the "Uncle Josh Sprucey" com-  
pany to attract attention is the daily  
parade of the "Hayseed" band. The  
band itself, while of much better caliber  
than the usual traveling organizations,  
has its members attired, as the title in-  
dicates, in the usual characteristic dress  
of the New England rustic. Some dress in  
their best, as on "dressed day," while some  
are attired in stage boots and jeans ap-  
pearing from "chore" with "Uncle Josh"  
himself in the lead, umbrella and carpet-  
bag in hand, they parade the principal  
streets and give a concert of choice selec-  
tions.

The above clipping is from a Chicago  
exchange. The parade took place this  
morning and created considerable fun.  
"Uncle Josh Sprucey" and his famous  
company of fun-makers will appear at  
the Orchestra hall this evening.

millinery establishment of Eason, Keith

after which she will leave for southern  
California.

the Contested Seat.

Death of the Son of Phil. Armour, Mil-

MASKED ROBBERS AT CHICAGO.

Frankfort, Ky., Jan. 27.—As goes the  
vote on the Van Meter-Berry contest in  
the house of representatives, so will  
probably go the vote in the senate. The  
democrats claim that they will have  
forty-three votes to beat the republi-  
cans. The republicans claim that they  
will have forty-six votes to beat the dem-  
ocrats. The latter claim fifty-two against  
a maximum of forty-seven. On strict  
party vote there are in the house fifty-  
nine democrats, including the speaker,  
Trimble, and forty-one republicans. Of  
the democrats, Orr, Williamson, Cochran  
and Tridger are expected to vote with the  
republicans. In addition they claim  
Bagby, Lafferty, Weatherford, and pos-  
sibly Hinton, with some others whose  
names they will not give.

DEMOCRAT SEATED.

Frankfort, Ky., Jan. 27.—The case of  
Van Meter (democrat) against Berry  
(republican) for the latter's seat in the  
house was decided in favor of Van Meter  
by a vote of 51 to 45. This vote, the re-  
publicans and democrats admit, is an ac-  
cursed forecast in the Gobel-Taylor  
contest.

DEATH OF YOUNG ARMOUR.

Son of the Chicago Millionaire Dies in  
Southern California.

Chicago, Jan. 27.—Phillip D. Armour,  
jr., youngest son of the millionaire Chi-  
cago packer, died suddenly at Monticello,  
near Santa Barbara, California. The  
news came as a complete surprise, as  
when he left for the Pacific coast he was  
in the best of health. Young Armour,  
with his wife and two children, went to  
California two weeks ago, the double  
purpose of their visit being apprehension  
for the health of Mr. Armour's oldest  
child, Philip D. Armour, jr., whose health  
is not the best and who has taken a re-  
sidence in Pasadena. Phillip D. Armour,  
jr., was 31 years old.

MASKED ROBBERS.

Chicago, Jan. 27.—Three masked rob-  
bers entered the factory of Dr. Peter  
Fohrney & Sons last night and beat  
and gagged the four employees, blew open  
the safe and escaped with \$1,700 in cur-  
rency and a considerable amount of notes  
and valuables.

Bank Robbed.

Madison, Wis., Jan. 27.—The bank of  
Deerfield, sixteen miles east of this city,  
was robbed of about \$17,000 last night.  
The vault was blown open with dynamite.  
The robbers escaped.

GENERAL MANAGER MUDGE.

He, with Other Officials, in the City  
Last Night.

Last night, at 8:10 o'clock, a special  
train with engine No. 274, and special  
coaches Nos. 9, 213 and 216 arrived from  
the north.

The engine was handled by Engineer  
Frank Sweetney, while the train was under  
conductor Davidson.

In the first car, "Nine Spot," was J. K.  
Hurley, the popular division superintendent,  
and in the car No. 213 was the new  
general superintendent, C. F. Rosengate,  
and James Dun, the chief engineer of the  
system.

General Manager H. U. Mudge, with  
his stenographer, occupied the special  
coach No. 216.

C. G. Sholes, the superintendent of tele-  
graph for the Santa Fe system, was a  
member of the party on arriving here.

At Las Vegas, N. M., Grant, the divi-  
sion resident engineer, accompanied the  
distinguished railroaders to this city.

F. J. Parker, who was appointed super-  
intendent of the western division, vice  
Chas. F. Iyer, resigned, left the Mudge  
party at Colorado Springs.

When the train pulled into the local  
depot, THE CITIZEN representative board-  
ed the train and heartily congratulated  
Mr. Mudge on his deserved promotion to  
the important position of general man-  
ager of the big Santa Fe system, and as-  
sured him, he formerly having come from  
this section, that New Mexico has always  
recognized his ability as a broad-minded  
railroad manager.

Mr. Mudge, to many direct questions  
put to him, stated that the object of the  
trip was to acquaint the new general  
superintendent, Mr. Rosengate, with his  
duties along the line, which he has not  
heretofore visited, and to allow him to  
see for himself what is absolutely neces-  
sary to improve certain sections and to  
get acquainted with the division officials.  
Regarding a new depot, or a combina-  
tion depot and hotel, Mr. Mudge stated

WEEKLY BANK STATEMENT.

Washington, Jan. 27.—Admiral Wat-  
son reports that he has taken possession  
of the Isabela coast station, and es-  
tablished a marine garrison under com-  
mand of Lieutenant Long.

Admiral Watson called the following  
account of the navy department's par-  
ticipation in General Robbes' successful  
campaign through the islands south of  
Luzon, which contain most of the hemp  
ports in the archipelago: "Robbes' ex-  
pedition in southern Luzon, con-  
voyed by the Nashville, Helena  
and Mariveles, was a complete suc-  
cess. Sorogoon, Donsol, Bulua,  
Larao and Legaspe were taken and  
garrisoned. Legaspe was captured on  
Tuesday after sharp fighting. The Nash-  
ville was operating inside of 500 yards.  
Private Marine Franklin was wounded,  
and on board the Nashville Captain  
Bradley and five others; none serious.  
Fifty-one dead Filipinos in the trenches.  
Captain Rodgers commands Moore, of  
the Helena; Tripin, of the Mariveles;

ALBUQUERQUE, — JAN. 27, 1900

Meeting of Republican Territorial  
Central Committee.

Hughes, Rep. Com. of N. M.,  
Jan. 26, N. M., Jan. 26, 1900.  
A meeting of the Republican Territorial  
Central Committee of New Mexico is being  
held at the city of Santa Fe at 10 a. m.  
Saturday, January 26, for the purpose of  
discussing the time and place for the holding of  
the Republican territorial convention to make  
arrangements for the election of delegates  
to the national convention to be held at  
Philadelphia on June 19th, 1900, for the  
purpose of nominating candidates for president  
and vice-president of the United States  
and to transact such other business as may  
properly be brought before the committee.

JOHN S. CLARK, Chairman.  
MAX FROST, Secretary.

This choice of evils confronts humanity  
every day.

The British people are beginning to  
realize that they have run up against a  
hard proposition.

The Denver Times says that "Clark's  
Montana senatorial toga ought to be a  
beauty, as it is estimated to have cost  
\$2,000,000."

The Santa Fe railroad company could  
make money by giving the merchants of  
this city better freight rates on the Santa  
Fe Pacific road.

The case of Congressman Roberts, of  
Utah, is a conspicuous illustration of the  
fact that the American home still has a  
tremendous influence in American politics.

In a divorce case at Chicago a man  
testified that his wife was subject to  
"duck dips." He should have called in a  
"quack doctor" instead of a divorce  
lawyer.

The San Francisco Post says that  
"Senator Clark might throw a little  
light upon the investigation by telling the  
country how much his seat in congress  
really cost him."

In the last two years the geographical  
knowledge of newspaper readers has  
undergone a lively expansion. The maps  
grown familiar reach from Puerto Rico  
to the Philippines, from Skagway to Pol-  
gater's drift.

The El Paso Times says that it is  
charged, and with full truth, that rail-  
road values in Texas aggregate \$404,371,  
075 and yet taxes are levied on a value of  
\$98,775,445, only on about one-sixth of  
the amount.

GENERAL BULLER'S treatment by the  
London war office confirms the statement  
of the immortal English bard that "the  
dread bringer of unwelcome news hath  
but a loving office and his voice sounds  
ever after as a sullen bell knolling and  
tolling a departed friend."

The gross earnings of thirty-five rail-  
roads for the second week in January  
were \$1,645,405, against \$1,138,757 for  
the second week in January, 1899, an in-  
crease of \$507,579. Twenty-nine roads  
show increases and five decreases, and  
one no change.

The Chicago News says that Senator  
Clark, of Montana, is said to be an ac-  
complished linguist in French, German,  
Italian and Spanish. But if his accusers  
are to be believed he also thoroughly un-  
derstands the only universal language, far  
is it not a proverb that "money talks?"

DELEGATE PEREA has favored this  
office with copies of the following bills  
introduced by him in the house: H. R.  
6052, a bill to ratify an act of the leg-  
islative assembly of the territory creating  
county courts; H. R. 6053, a bill to  
amend an act entitled "an act to estab-  
lish circuit courts of appeals and define  
and regulate, in certain cases, the juris-  
diction of the courts of the United  
States"; H. R. 6054, to establish a court  
of appeals for the territories of New Mex-  
ico and Arizona.

STARTLING FIGURES.  
Advice from Washington state that  
claims for pensions by reason of the  
Spanish-American war continue to pour  
into the pension office, says the Los An-  
geles Express, and that while it was to  
be expected that a great many claims  
would be filed, the officials of the de-  
partment had no idea that the volunteer  
forces would furnish so many claimants.

As a matter of fact, it has developed that  
a large proportion of the claims for pen-  
sion come from the volunteers, and while  
it is argued that this perhaps is natural  
in view of the large number of volun-  
teers participating, a careful resume of  
the statistics shows that the percentage  
of claims and the number engaged far  
outnumber a similar percentage of regu-  
lars.

So impressed were the pension officials  
with this extraordinary state of affairs  
that the bureau has gone to considerable  
trouble along this line, and the result  
furnishes perhaps one of the strongest  
arguments yet presented in favor of an  
increased force in the regular army.

To make the statistics authentic and  
valuable the department selected the bat-  
tle of San Juan, where the greatest num-  
ber of casualties occurred, and taking  
the names of the different regiments en-  
gaged, located the pensions that have  
been filed from each. The bureau didn't  
have any statistics showing the men en-  
gaged, but only the regimental designa-  
tions. At San Juan there were 102  
regulars killed, 1,997 wounded and 56  
missing. Claims for pensions from the  
regular army show a total of 2,405 for in-  
fantry, 176 for widows and 380 for in-  
fants.

In marked contrast to this is the show-  
ing of the volunteers. At that battle 34  
volunteers were killed, 177 were wound-  
ed and 45 were missing. Yet with this

small list of casualties a total of 3,175 in  
valid claims for widows and 803 for de-  
pendents.

There were 23 regiments of regulars  
and three regular batteries engaged in  
this fight, as against nine regiments of  
volunteers.

From the District of Columbia one  
regiment of infantry was sent, with a  
complement of 971 men. This regiment  
lost none in killed, wounded or missing,  
yet there are 419 claims for pensions  
pending.

The Seventy-first New York, which  
made a record in that fight that was con-  
siderably criticized, has presented 318  
claims for pensions.

And so it goes all along the line. It  
can readily be seen from the examples  
presented that unless congress speedily  
takes steps to stop the abuse of the pen-  
sion system, the treasury will be depleted  
and bonds will have to be issued to meet  
the demands.

imposed upon; if so, we shall cheerfully

ing the charges made by Mr. Jones will  
be cheerfully published.

THE "SQUARING OF THE CIRCLE."  
For over two thousand years, competi-  
tion and incomprehensible struggle have  
striven to solve the problem known as the  
"squaring of the circle." So many in  
correct answers were presented, that in  
the year 1775, a resolution was adopted  
by a prominent board not to accept any  
more. There is another problem as diffi-  
cult, and for which people have been  
seeking the answer since the beginning  
of life, and this is the problem of health  
—how to get it, and how to keep it. If  
you have lost yours through neglect or  
abuse of the stomach, get Hood's Sarsaparilla  
Stomach Bitters instantly. It will re-  
store health, and keep you healthy. For  
fifty years it has cured constipation, in-

Burglary at Central.  
On Sunday a burglar entered the  
butcher shop of Joseph J. Murphy at  
Central and succeeded in getting away  
with \$50. After an absence of a few  
hours Mr. Murphy returned to the shop  
and found the back door open. Entering  
he discovered that his cash drawer had  
been forcibly opened with a most clever  
and begun to congratulate himself that  
he had put his money in his trunk for  
safekeeping. Advancing farther into  
the house he found the door to the  
bedroom open. He found the door  
broken open and the trunk and the  
trunk had been discovered—Silver City

Beware of Ostentatious for Ostentatious Com-

as mercury will surely destroy the sense  
of smell and completely derange the  
whole system, entering it through the  
mucous surfaces. Such articles  
should never be used except on prescrip-

damage they will do is ten fold to the  
good you can possibly derive from them.

STATEHOOD BILL.  
Several Needed Amendments to the Peres  
Admission Bill.

Upon examination of the bill intro-  
duced by Delegate Peres, providing state-  
hood for New Mexico, I find that it makes  
no provision for the establishment of per-  
manent residents for irrigation and other  
purposes by appropriating lands therefor,  
and also none for the improvement of the  
Rio Grande, both of which are  
partially provided for by the Fergus-  
son act of last session of congress.

Section 7 of the Ferguson act provides:  
"That this act is intended only as a par-  
tial grant of the lands to which said terri-  
tory may be entitled upon its admission  
into the Union as a state," etc., and  
as we are now to be admitted why not  
provide for the remainder? If we do not  
ask for the lands we surely will not re-  
ceive them. Both Arizona and Oklahoma  
ask for 1,500,000 acres for such purposes.  
Why not New Mexico? Again, he makes  
a great pretense of providing for the uni-  
versity, but when we analyze the clause  
we find that it provides for only  
45,000 acres of land, while  
all the other institutions are fairly  
well provided for, though not adequately  
when we consider that the lands are  
arid. Would it not be well for the com-  
mercial class to take action on this im-  
portant matter? Certainly permanent  
water reservoirs and improvement of the  
Rio Grande are of the utmost importance  
to the whole territory, and these errors  
should be corrected before the commit-  
tee of congress act on the pending bill.

Senator Shoup, chairman of committee  
on territories, informs me under date of  
20th instant that no bill has yet been in-  
troduced in the senate providing for the  
admission of New Mexico to statehood;  
so why not have a corrected bill prepared  
and sent to him.

He pledged us while here a few days  
ago that he would do all in his power  
and he will cheerfully introduce the  
bill and labor for favorable action for it  
before his committee.

Prompt action is necessary if we hope  
to get the measure through this session  
of congress.

Robbers at Kingman.  
Two peculiar robberies took place in

says: Hobos or parties having some  
criminal intent broke into the W. H.  
Taggart Mercantile company's powder  
house a few nights ago and took a num-  
ber of cartridges. It is thought the  
burglars had the holding up of a train  
in view. The other was the stealing of  
the hide of the two physicians and an  
abstract of the Chloride school bond  
master from the office of the board of  
superior. The two bidders having  
copies of their bids submitted them in  
place of the original.

## TERRITORIAL SUPREME COURT.

One Appeal From Chavez and Two From  
Bernalillo County Argued.

The territorial supreme court, Chief  
Justice Mills presiding, and all the as-  
sociate justices present, except Judge Le-  
land, continued industriously engaged in  
hearing arguments in the cases pending  
before it in the order in which they ap-  
pear upon the calendar.

Case No. 826, Le Grand R. Pratt, ap-  
pellant, vs. The Territory of New Mexico,  
appellee, was argued and submitted  
Thursday afternoon. Judge A. A. Free-  
man represented the appellant and So-  
litor General Bartlett appeared for the  
territory. Growing out of an acrimo-  
nious controversy over water rights in  
Chavez county, the appellant killed a  
man acting or pretending to act as de-  
puty sheriff, was convicted of homicide in  
the lower court and was sentenced to the  
penitentiary for a term of several years,  
but is out on bail, and the contention is  
made that the district court erred in ex-  
cluding testimony that would have shown  
that the homicide was committed in self  
defense.

Case No. 836, Santiago Baca, ap-  
pellant, vs. The Board of County Commis-  
sioners of Bernalillo county, appellee, was  
argued and submitted. The appellant  
contends that the appellee has unlaw-  
fully retained from him \$2,315.14 due  
for making the annual assessment of  
property in Bernalillo county for the  
years 1893 and 1894. The appellant's  
statement of the facts and the law in the  
premises is disputed by the appellee.

Aronzo B. McMillen represented Baca,  
and District Attorney T. A. Finlay ap-  
peared for the county commissioners.

Case No. 857, Heber T. Strong, trustee,  
appellant, vs. Mattie L. Kakin et al.,  
appellees, was also argued and submitted  
yesterday. The question involved is  
whether the first interest of Mattie L.  
Kakin in the firm of Melvin & Kakin,  
doing business in Albuquerque, should be  
applied on the payment of the debts  
of James D. Kakin, adjudged a bankrupt  
on May 18, 1899, it being contended that  
the marriage community composed of  
James D. and Mattie L. Kakin owned the  
Kakin interest in the firm of Melvin &  
Kakin.

Case No. 857, Marcos C. de Baca et al.,  
plaintiffs in error, vs. The Pueblo of San  
Domingo, defendants in error, was ar-  
gued yesterday afternoon by K. V. Chavez  
for the plaintiffs, and by George Hill  
Howard for the defendants. Water right  
near Pena Blanca is involved.

Case No. 829, Pueblo de Sandia et al.,  
appellees, vs. The Albuquerque Land  
and Irrigation Company, appellee, and  
case No. 858, Thomas C. Gutierrez et al.,  
appellees, vs. The Albuquerque Land  
and Irrigation Company, cannot be ar-  
gued in the absence of Judge Leland, as  
Judge Crumpacker and McFie are dis-  
qualified. On account of the somewhat  
indistinct health of Judge Leland, these  
cases will probably be heard by the court  
at Albuquerque. The interesting ques-  
tions growing out of the low line ditch  
enterprise are involved. George Hill  
Howard represents the Pueblo de Sandia,  
N. B. Field is attorney for Gutierrez et  
al., and Caldwell & Dobson appear for  
the ditch company.

The Sufferer.  
The sufferer has lately come into ex-  
traordinary prominence, a valuable al-  
ternative (active principle) is obtained by  
hybrid variety by a special process  
which is causing great interest to the  
medical profession. It has a powerful  
effect upon the blood, first seen in  
malaria, chills were promptly and  
permanently averted. Tested as a pro-  
phylactic (preventing disease) it was  
found that it cured diseases could get a  
foolish where germ disease was  
occasionally used. Light subjects after  
taking them were inoculated with con-  
taminated smallpox seeds and escaped in-  
fection. Long standing malignant blood  
diseases, and even cancer, has yielded to  
this new preparation. The Immune  
Tablet Co., Washington, D. C., have sole  
control of this drug, and are forming a  
stock company for the dissemination of  
Immune Tablets, Sundry Little Cap-  
sules, and other preparations all over the  
country. Shares (\$25) can be secured  
now at "ground floor" advantage. Profits  
cannot be estimated, but will be excep-  
tionally large, as this medicine will be  
a rival in pharmacy. They want stock  
holders who will watch their interests in  
different sections of the country liable  
to outbreaks of smallpox, yellow and other  
contagious fevers.

My Life Was Saved.

weak I couldn't even sit up in bed. Nothing  
helped me. I was nearly dead. I was

relief. I continued to use it, and now  
am well and strong. I can't say too  
much in its praise. This marvelous  
medicine is the surest and quickest cure  
in the world for all throat and lung  
troubles. Regular size 50 cents and \$1.00.

## IS YOUR HAIR TURNING GRAY?

What does your mirror say? Does it tell you of some little streaks of gray? Are you peevish? Do your friends of the same age show this loss of power also?

Just remember that gray hair never becomes darker without help, while dark hair rapidly becomes gray when once the change begins.

Ayer's Hair Vigor will bring back to your hair the color of youth. It never falls. It is just as sure as that heat melts snow, or that water quenches fire.

It cleanses the scalp and prevents the formation of dandruff. It feeds and nourishes the bulbs of the hair making them produce a luxuriant growth. It stops the hair from falling out and gives a fine soft finish to the hair as well.

We have a book on the Hair and Scalp which you may obtain free on request. From the use of the Vigor, write the doctor about it. Address, Dr. J. C. Ayer, Lowell, Mass.
