## BLACK WILL BE ELECTED

All Opposition to Him for Commander-in-Chief of the G. A. R. Has Vanished.

## POISONED ICE CREAM

Colorado Springs Dealers Used Embalming Fluid to Keep Their Cream From Souring.

San Francisco, Cal., Aug. 18.—It may be set down as a certainty that General John C. Black of Illinois, will succeed General Stewart as commander-in-chief of the G. A. R. All opposition to Black has vanished with the announcement that General Miles would not oppose the popular son of Illinois. It is conceded that if he does not object the honor will be given to Miles at the next encampment. The parade of the military, naval and civic bodies of this city and state which took place this morning furnished an imposing spectacle for the thousands who thronged the sidewalks.

## EMBALMED THE CREAM.

Colorado Springs, Aug. 18.—Over fifty people, a majority of whom are tourists in this city and Manitou from all parts of the country, have been poisoned from eating ice cream. An analysis by the health officers of Colorado Springs reveals the fact that the cream had been charged with formaldehyde, better known as embalming fluid, to keep it from souring. No deaths have resulted but several cases are critical. Health Officer Hanford of this city states that arrests will be made at once and the case promises to be sensational.

## BUILDING TRADES COUNCIL.

Ejects a President and Favors Western Federation in Its Eight-Hour Fight.

Denver, Colo., Aug. 18.—J. H. Maloney of Chicago, was elected general president of the National Building Trades council at its session in this city this morning. The other officers will be elected and the place of the next meeting selected this afternoon. A resolution was passed this morning favoring the Western Federation in its fight with the American Smelting and Refining Company for an eight-hour day and pledging its moral and financial support.

## SHEEP HERDERS FIND DECOMPOSED BODY OF MAN

Albuquerque, Aug. 18.—A party of sheep men in the employ of Louis Trauer, while trailing sheep in the Rio Puerco valley, Monday, found the body of a man who had probably been dead for a week or ten days. The corpse was discovered in the vicinity of the village of Cerrito Colorado. It appeared to be that of a native about 60 years of age and was very badly decomposed. There are no indications of foul play and it is probable that the man died a natural death.

## NEW YARDS TO BE OPENED.

Pittsburg, Aug. 18.—The new Herr's Island yards which have just been completed at a cost of more than \$3,000,000 will be formally opened September 7, with A. J. Cassatt, president of the Pennsylvania Railroad as the guest of honor. Preparations are being made to take care of 25,000 people. The new yards will be controlled by the Union Stock Yards Company.

## CONVICT KILLED.

Makes Desperate Attempt to Escape and is Shot by Turnkey.

Rawlins, Wyo., Aug. 18.—James Williams, convict No. 426, known as a desperate man, was shot in the head and killed at the penitentiary here early this morning by Ernest Goodsell, turnkey, while Williams was making a desperate attempt to escape. Williams called the turnkey to his cell while the latter was making his rounds. The convict seized the keys through the bars and seemed likely to succeed in his attempts to open the door when Goodsell drew his revolver and this was also seized by Williams. During the struggle the revolver was discharged and Williams was killed. Williams made an escape last June by fashioning a key out of wood and was pursued for several days before he was captured.

## PRESIDENT WILL NOT SEE FIRST YACHT RACE.

Oyster Bay, Aug. 18.—It is announced that the President will be unable to attend the first of the international yacht races which will take place next Thursday. Mrs. Roosevelt, Miss Alice Roosevelt and two or three friends will witness Thursday's race from the deck of the Mayflower. They will be accompanied by Secretary Moody.

## IRRIGATION CONGRESS

Number of Valuable Cash Prizes Will Be Given for Best Exhibits of Irrigated Fruit.

The eleventh national irrigation congress will convene in Ogden, Utah, September 15, and will continue in session four days. This will be one of the most important congresses that has ever been held and particular effort has been directed to the securing of a representative exhibit of the fruit, brewing hops and brewing barley from the semi-arid states and territories. For the first time in the history of the United States will be shown a representative exhibit of the fruits grown by irrigation in the semi-arid region, and this display will be of more than passing interest as "Arid America" includes within its boundaries some of the best fruit lands in the world. The premiums and awards will surpass anything heretofore given for similar exhibits and there are three \$500 prizes as well as many medals and cash prizes. The congress has been strongly endorsed by President Roosevelt, the secretaries of the interior and the secretary of agriculture, and it is announced that many leading experts and scientists have arranged to attend.

All fruit exhibits must be the property of and grown by exhibitors, under irrigation, in any one of the states or territories whose arid lands are to be reclaimed by the federal government under the provisions of the national irrigation act, namely, Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Oregon, South Dakota, Utah, Washington and Wyoming. Individuals and firms may enter into this competition for all medals and cash prizes. All exhibits that are to compete for a prize must be entered before September 15 and be in place the forenoon of that day.

It is hoped that New Mexico will be well represented at the Ogden meeting as it will prove one of more than ordinary interest and importance. One fare for the round trip is offered by the railroads and the express charges on exhibits will be defrayed by the congress. The basis of representation in the congress will be as follows: The governor of any state and territory has the right to appoint twenty delegates. Each city of more than 25,000 inhabitants is entitled to four delegates and each city or town of less than 25,000, to two. Two delegates are allowed each of the following organizations: Board of county commissioners, chamber of commerce, board of trade, commercial club, real estate exchange, each organized irrigation, agricultural or live stock association, irrigation company, agricultural college, emigration society, society of engineers and each college or university having chairs of hydraulic engineering or forestry.

The first vice-president of the congress is ex-Governor L. B. Prince of this city, and the vice-president for New Mexico is G. A. Richardson of Roswell.

The following delegates were named by the board of county commissioners to represent Santa Fe county at the congress: A. L. Kendall of Cerrillos, and Herbert T. Conger of Santa Cruz.

## YACHTS TO BE MEASURED.

New York, Aug. 18.—Both the Shamrock and the Reliance will be floated this afternoon in the dry dock at Erie Basin to be officially measured. Tomorrow the challenger will be taken out for trial to stretch her sails which have been altered.

## HORRIBLY MANGLED.

Colorado Miner Falls Under the Wheels and is Killed.

Eagle, N. M., Aug. 18.—Henry Brunner, who was found along the tracks horribly mangled, was buried here Monday. The examination of the dead man's effects proved him to be a miner who had left Colorado on account of the strike and he had a membership card from the Victor union. He was also a member of the Ancient Order of United Workmen. A wife and three children survive him and are living in Victor. Brunner was evidently riding on the brakebeams and fell under the wheels. His wife has been notified.

## FELL FROM TRAIN.

Albuquerque, N. M., Aug. 18.—A special to the Journal-Democrat says: While trying to alight from passenger train No. 8 this afternoon Mrs. Genia Lucero and Ramona Jaramillo fell with great force on to the platform and both were badly hurt. Several bones were broken in the limbs of Mrs. Jaramillo and it is thought that she is dangerously injured internally. Mrs. Lucero is badly cut and bruised about the head. The women had boarded the train to say good bye to some friends who were leaving and in endeavoring to get off in a hurry after the train had started they were thrown to the ground. Both ladies had a narrow escape from being killed and mangled under the wheels of the swiftly moving train.

## TRANS-MISSISSIPPI COMMERCIAL CONGRESS

Meets Under Most Favorable Auspices With Delegates Present From Every State and Territory in the West.

## STRIDENT VOICE OF EVOLUTION

A Number of Addresses By Prominent Members of the Congress and By the Secretary of the Good Roads Association.

Seattle, Aug. 18.—The fourteenth annual session of the trans-Mississippi congress convened in this city this morning under the most favorable auspices. The attendance is unusually large, there being delegates present from every state and territory in the trans-Mississippi region, also from Alaska and the Hawaiian Islands. Governor McBride welcomed the delegates for the state, Mayor Humes for the city, and Judge Thomas Burke for the commercial organizations. Addresses were scheduled for this afternoon on "Immigration and Its Distribution," by Thomas Richardson of New Orleans, and "Good Roads," by R. W. Richardson, secretary of the National Good Roads association.

John R. Kirby, president of the congress, was unavoidably absent during the morning session, and his address was read by Thomas Richardson. The speech, in part, is as follows:

Gentlemen of the Congress.—The trans-Mississippi Commercial congress has become a fixed entity among those great institutions that make for the progress of the American republic. It is true that railroads eliminate time and distance, but these have been superseded by that staunch American sentiment and oneness of commercial aim which has wiped out all but geographical divisions of the republic.

The trans-Mississippi Commercial congress was conceived in the fact that the states on the Atlantic seaboard were receiving a greater share of benefactions from the general government than those contributory to the Gulf and the Pacific. Then the trans-Mississippi Commercial congress was sectional. But it is not so now. That which is now the mission of the trans-Mississippi Commercial congress is as broad, as deep and as eternal as the republic itself.

The roar of Dewey's guns at Manila was the strident voice of evolution. Destiny directed that voice, and when it spoke it declared anew the doctrine of the survival of the fittest and blazed the way for American supremacy over the world. The mission of the trans-Mississippi Commercial congress is to come to insist on opening up the routes to the markets of the Orient and to the Pacific coast states of Latin America that the surplus products of the country may find profitable sale, for by no other policy is it possible to insure and to maintain the prosperity and the commercial supremacy of the United States.

Already the rapid commercial growth of the United States has aroused a jealousy and apprehension on the part of European powers which all their infinite diplomacy cannot conceal. This is gratifying to American pride, but it likewise is a challenge to American genius. Whatever diplomats may tell you we stand alone without an ally in this Titanic struggle for supremacy among the giant nations of the world. If we win we will win upon American initiative and sustained industry. If we fail, we will fall through the decadence of American statesmanship. That is not possible.

The international commerce of the world in manufactures amounted last year to \$4,000,000,000, and the United States furnished more than 10 per cent of this grand total.

But talk about our commerce and the prosperity of the country until, transported by the magic of figures we experience the sensation of personal riches, and after all the basis of our trade balance and the foundation of all our wealth is the American farm. It is out of the ground that the wealth of the surviving nation must come. It has been said that the population of the United States doubles every thirty years. If so, where thirty years from today will we care for an added 75,000,000 of people? This suggests no new problem. You say we will put them in the mighty west and your answer has

in it the inspiring suggestion of a splendid prophecy rushing on to fulfillment. It is estimated that the government can reclaim 100,000,000 acres of land from the arid and desert wastes of the west, while in Texas alone, if it were as densely populated as Massachusetts, we could take care of 80,000,000 of the earth's population. Let me say to you that irrigation is as old as the pyramids and that wherever intensive agriculture is practiced today you find the wealthiest and most contented people in the world. That spirit of adventure and demand for elbow room that has characterized every progressive people since the Phoenicians bore Americans on to the embracement of Florida, Texas and California into the union of the states.

Obedient still the same spirit and yielding to the same great law the American has begun the commercial invasion of the Orient.

When I consider the geographical position of the United States with respect to Mexico, to the Pacific coast states of Latin America, to the Pacific coast provinces of China now dependent on Europe to provide them with the necessities, and that Europe to gain the trade of the Orient, must cross two oceans while the United States will cross but one, I am convinced that the Great Master of the universe has designed the American republic to eventually become the one transcendent civilization of the world. But the great Master will not solve for us the problems in transportation and statesmanship that these conditions make obligatory upon a chosen people.

## CLOUDBURST IN ARIZONA.

Los Angeles, Cal., Aug. 18.—A special from Tucson, Ariz., says: "A cloudburst at Cerro Prieto Sunday, wrecked the stamp mill of the Principal gold mine at that place and the floods carried away 10,000 tons of tailings valued at \$40,000. The tailings were being worked for gold by the cyanide process. Cerro Prieto is located in a deep canon and the deluge of water which came down immediately after the cloudburst swept everything before it. No lives were lost so far as known."

## DEMOCRATIC WINDOW.

Well Known Hardware Man Tells How He Places Candidates Chances.

W. H. Goebel, the well-known hardware man of this city, has a window that is attracting much attention. Mr. Goebel says that it is a Democratic window and the way he regards the chances of the prospective candidates is very clearly made known. The window is filled with stoves which are of various sizes. The largest of the collection he has labeled "Cleveland" and the others follow in order, Gorman, Bryan, Hearst and Parker. The chances of the last two named are not given much consideration as they are represented by the small camp stove. The exhibit is novel and is attracting much attention.

## DEVASTATING DELUGE.

Tennessee Cloudburst Drowns Man and Son and Does Much Damage.

Greenville, Tenn., Aug. 18.—A cloudburst occurred in this section last night. In Freeville and Morristown the creeks passing through the towns were out of their banks, inundating the streets and flooding many stores, damaging stock considerably. Two deaths are reported as a result of the flood, the drowning of Robert Parks and his 7-year-old son.

## Venire Issued.

The clerk of the district court for the county of Santa Fe has issued venires for the grand and petit juries for the next term of court. They have been placed in the hands of the sheriff for service.

## SPARKS RESIGNS.

May Accept an Important Position With the Capital Light and Power Company.

This morning the news became public that Mayor I. Sparks, manager of the Santa Fe Water and Light Company, had resigned, his resignation to take effect September 1, 1903. W. H. Fritchman of the New York office of the company arrived yesterday and will be in charge of the local office for the present and until a new manager shall be appointed. There will be no change in the policy of the company and in the employees for the present. Mr. Sparks will devote his time after the first of the month to the management of the Santa Fe Telephone Company and other important business matters which will require his attention. Edgar A. Street, who is the supervising engineer of the Santa Fe Water and Light Company, will reach this city in October and at that time no doubt will install a new manager and determine the future policy and action of the company. Mr. Fritchman states that while in temporary charge, he will devote his entire time to improving the affairs of the company wherever possible and getting it into shape.

It was rumored today that Mayor Sparks had resigned as manager of the Santa Fe Water and Light Company in order to accept the position of general superintendent of the Capital Light and Power Company which will commence the operation and construction of its plant shortly. A. R. Gibson, president of this company, was seen by a representative of the New Mexican, but declines to either affirm or deny the report. Mr. Sparks was also noncommittal when questioned upon the subject. The people of this city hope that this latest report will prove true and that the Capital Light and Power Company will secure his services as he is fully competent for the position, well acquainted with everything connected with its duties and favorably known as a public-spirited and go-ahead citizen.

## SHOT IN THE BACK.

Wisconsin Millionaire Manufacturer Killed by a Discharged Employee.

Oshkosh, Wis., Aug. 18.—Thos. R. Morgan, the millionaire sash and door manufacturer, was shot to death today by Frederick Hampel, a discharged employee. It is said Hampel was under the influence of liquor. Three shots were fired from behind, each entering the victim's back. Hampel was overpowered and taken to jail where he later hanged himself in his cell.

## SINKS A WARSHIP.

Canadian Pacific Railroad Steamer Runs Down Chinese Cruiser.

Hong Kong, Aug. 18.—The Canadian Pacific Railroad steamer, the Empress of India, from Vancouver, for Hong Kong, collided in this port today with the Chinese cruiser, Huang Tai. The warship sank after the collision. The Empress of India saved 170 of the crew of the cruiser. The captain of the Huang Tai, who refused to leave his ship, and thirteen of the crew were drowned. The Empress of India is badly damaged amidships. Empress of India carried 25 cabin passengers and 200 steerage passengers, latter being mostly Chinese.

## WATERS RECEDING.

Member of Bridge Gang at Lawrence, Kansas, Drowned.

Kansas City, Aug. 18.—The Kansas river fell five inches during the night but a rise is expected late today. No further damage has been done. The Kansas river above here at Lawrence and Topeka, continues to rise today and the Smoky Hill at Abilene rose six inches last night, covering a number of fields. At Lawrence early today Harry Noah, member of the bridge gang, was drowned while working to strengthen the Union Pacific bridge.

## INSURGENTS DEFEAT TURKS.

Sofia, Aug. 18.—A fierce battle is reported to have occurred in the neighborhood of Monastir. Three Turkish battalions attacked a thousand insurgents and after the fight had raged for six hours the Turks were repulsed with a loss of 210 men killed and wounded. The insurgent loss is not given.

## AMERICAN MINING CONGRESS.

Deadwood and Lead, S. D., Sept. 7-11. For this occasion the Santa Fe will sell tickets to Deadwood at one fare plus \$2 for the round trip, (\$34.55) tickets will be sold Sept. 2d to 6th, good for return until Sept. 30, 1903. H. S. Lutz, agent, Santa Fe, N. M.

## NO DANGER OF FLOOD.

Topeka, Aug. 18.—Reliable water gauges show that the Kaw fell at least seven inches last night and is receding rapidly today. All danger of a flood at present seems over. Street car traffic has been resumed along the river this morning and North Topeka has again settled down to business.

## MUSSULMANS MASSACRED

Reported in Constantinople That the Insurgents Have Put 800 to the Sword.

## MOVEMENT IS GAINING

Russia's Proposed Demonstration Has Been Kept a Secret From the Turkish People.

Constantinople, Aug. 18.—The Russian squadron of warships which left Bebastople yesterday, is expected to arrive off the Turkish coast this afternoon to support the demands made by Russia on Turkey. The fact that Russia is about to make a demonstration in Turkish waters has been kept a secret here, the public being in profound ignorance of Russia's movements. According to advices received at one of the embassies no less than eight hundred Mussulmans have been massacred in the district of Monastir by the insurgents whose movement continues to gain ground. The insurgent bands in the vilayet of Adrianople are also active.

## SENATOR QUAY IN USUAL HEALTH.

No Truth in Sensational Report That He Had Died Suddenly.

Pittsburg, Aug. 18.—Senator M. S. Quay arrived here today on the way to his home at Beaver. Early today a sensational report was circulated that the senator had died suddenly on the train. It is not known how the rumor started. He is in his usual health.

## ACCIDENT TO TORPEDO

BOAT IS NOT SERIOUS

Oyster Bay, N. Y., Aug. 18.—The torpedo boat destroyer, Morris, which met with an accident yesterday before the naval review and was unable to take part in the maneuvers, left here for the Brooklyn navy yard this morning. The accident, it is understood, was caused by striking an obstruction of some sort, her propeller blades being twisted and some damage was sustained amidships.

## NEBRASKA REPUBLICANS MEET.

Lincoln, Aug. 18.—The Republicans of Nebraska met here today to nominate a candidate for the supreme court, university regents and to select a state committee. C. H. Sloan of Geneva, was chosen temporary chairman.

## TOO CURIOUS TO BE TRUE.

Vienna, Aug. 18.—The curious suggestion has been made in some political circles to the effect that the Russian squadron bound for Turkish waters is not intended so much as a menace to Turkey, as to protect the sultan in the event of a serious outbreak in the palace.

## OFFICIAL MATTERS

### NOTARY APPOINTED.

Governor Otero today appointed Catarino Casaus of Guadalupe a notary public for Leonard Wood county.

### COMMISSIONER OF DEEDS.

Governor Otero today appointed Abraham H. Fischer of Baltimore, Md., commissioner of deeds for New Mexico in Maryland.

### TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn today received from E. W. Hulbert, treasurer and ex-officio collector of Lincoln county, \$779.51 of 1903 taxes, and from Walter H. Gainey, treasurer of Luna county, \$744.07 of taxes of 1903.

### CORRECTING TAX LEVIES.

Assessor Ortiz of the county of Santa Fe is now engaged in the work of making the additional levies that have been required by the territory. These levies are .45 of a mill for the maintenance of the Normal University at Las Vegas and .25 of a mill for the maintenance of the Orphan Children's home at Belen. The omission of these levies at the July meeting of the board was not made because the board had not been ordered to do so by the auditor of the territory. The work will require about a week.

The New Mexican bindery has just turned out a new and large supply of superior scratch pads. These are sold at 10 cents per pound and are handy for memoranda and calculations for an office.

The Sunday observance law should be uniformly enforced all over New Mexico. If not, why not?

The Colombian congress has rejected the Panama Canal treaty. A good drubbing would do the boddies of the congress of the republic of Colombia good.

Wagon Mound in Mora county is evidently a growing town. It is claimed that about three million pounds of wool were handled by its merchants during the wool season just closed.

Professor Starr of the University of Chicago is continuing to furnish evidence that he has very long ears. He now insists that cannibalism is a very natural thing and asks to be informed of a good reason why cannibals should not eat each other.

The people of New Mexico would like to see the vacancy existing on the supreme bench of the territory filled at the earliest possible moment. Delay in this case is doing the territory no good. There is also much business awaiting the new associate justice in his capacity as judge of the fifth judicial district of the territory.

The Lily White Republicans in the solid south have taken an adjournment for an indefinite period. Of late they have found it hard to get a quorum. Even the office will of the wisp could not hold them together. There is no room in the Republican party of the nation for such a color line as the Lily Whites wanted.

The little coterie of papers in New York and New England that is trying to boom the sage of Princeton for a fourth nomination and a third term is not increasing to any alarming extent. The voters of the country are opposed to third terms and that quite strongly, no matter what a few newspapers in the pay of Wall street may say.

The Democrats of North Carolina favor United States Senator Arthur Pue Gorman for the Democratic presidential nomination in 1904. This is sensible but nevertheless and notwithstanding will not secure Mr. Gorman's nomination. It takes a good many state delegations to make a two-thirds majority for a nomination in the Democratic national convention.

The following terse editorial from last Saturday's issue of the Albuquerque Citizen may not be very interesting to the general reader but it contains matter of much interest to the paper wherein it appeared and to some citizens. Items of that kind are the material aid when it comes to paying expenses: "The Weekly Citizen, published today, contains the delinquent tax list."

Raton observed the Sunday law very strictly last Sunday for the first time in its history and according to all reports Raton likes the new order of things better than it did the old. The same experience is noted at Santa Fe where even the saloon keepers are glad to have one day of rest in seven. The only fault to find is that Albuquerque and other cities to the south are wide open on Sundays in direct defiance of the law. It is up to the judges and district attorneys having jurisdiction in the places concerned to insist that the law be observed in their districts as it is observed in the other districts.

If the people of Roswell will do the right thing and seize the opportunity, they can and will secure the extension of the Santa Fe Central Railway from Torrance to their flourishing and growing town and that within the next twelve months. Roswell is prosperous and steadily advancing at present, but with another rail connection giving the town a second southern and eastern outlet, via the El Paso & Rock Island Railroad and a northern connection via this city and the Denver & Rio Grande, the town will double the pace of its advancement and growth and within three years will contain at least 15,000 people.

There is at present a tide in the affairs of Santa Fe which if taken proper advantage of by its property owners, business men and citizens, will make this city prosperous and wealthy. It already has the most beneficial and best climate on this great continent. This, as well as many other advantages, were given to the town by nature. But much must be done by its inhabitants and now is the time and here is the place to do this. Get a move on and keep on moving in the right direction. This is the way to attain success.

The New Mexican said it would, and it has. To be specific, it is now being issued in an enlarged and improved form, and is easily in the lead of all other territorial journals. A man who wants to keep posted on what is going on in New Mexico, and especially wants information on capital doings and the latest political happenings, must have the New Mexican. Editor Frost has a host of friends in the Pecos valley country who note with pleasure the ever increasing improvement of his journal.—Carlsbad Argus.

The bureau of immigration has gotten out another pamphlet on San Juan county. It is a pamphlet of 30 pages, neat and attractive with numerous illustrations. It is the work of Judge Granville Pendleton, vice-president, and Colonel Max Frost, secretary of the association. It is an exhaustive description of San Juan county's boundless resources and will no doubt be the means of attracting a large amount of immigration to our county. Copies can be had of Judge Pendleton or at the Hustler office.—Farmington Hustler.

Senator Tillman of South Carolina offers as an explanation of the fact of his having a great many railroad passes, telegraph and express franks in his possession, that those blood-sucking corporations and gigantic monopolies compelled him to accept these iniquitous and invidious pieces of paste board. There is no doubt that Senator Tillman's explanation is true, but nevertheless there will be some evil-minded and cynically-disposed people who will not give credence to the senator's innocent and child like story.

Says the Silver City Enterprise: "The Santa Fe New Mexican has made a distinct advancement in the last few weeks. If it will now give the various territorial weekly papers credit for articles copied from them, its advancement will be still greater and will be appreciated by newspaper toilers in less conspicuous fields. Both the Albuquerque papers credit reprint with religious regularity and the New Mexican might do likewise, without injuring its prestige in the least."

The Albuquerque papers take the news of their exchanges verbatim and therefore give credit at times but not always, at least not always in the case of clippings from the New Mexican. The New Mexican owes much to its exchanges for news items, but it edits and re-writes these adding thereto what it may have received from its own sources of information and taking the story as it may be reported, for instance, by the three Grant county newspapers, and rewriting the items making them as complete and concise as possible. The Silver City Enterprise in the very same issue in which the above editorial appears, gives the reasons why Judge Smith declined the judgeship offered him by President Roosevelt. The article appeared first in the New Mexican but the Enterprise does not give credit, probably because it condensed and rewrote it, or took it from some exchange which copied it from this paper. The New Mexican does not look for credit in cases of that kind. Every exchange is welcome to all the news it can clip or rewrite from the columns of this paper. Whenever the New Mexican quotes verbatim from the columns of an exchange it does give due credit even if other journals are not always as courteous in this matter. In some cases, it is difficult to determine the newspaper in which the news may have appeared originally, also when three or four newspapers print the same news items simultaneously, although perhaps in different form, credit cannot well be given to all such. News, even when copyrighted, is considered general property, although the form in which it appears may not be thus considered. The New Mexican aims to give news, when derived from outside sources, a new garb and therefore has some claims of its own upon it. It is right for the Albuquerque newspapers to credit their exchanges whenever they quote them verbatim and it is right for the New Mexican to withhold that credit when it re-edits, re-writes and adds to a strictly news item.

## HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient into a good condition in a few days.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." Fifty cents at Fischer Drug Co.

Can anyone suppose that we would double the necessary cost of our brewing without a vital reason?

Would we spend so much on cleanliness? Would we cool the beer in plate glass rooms? Would we filter all the air that touches it? Would we age it for months? Would we sterilize every bottle?

**Schlitz**

We do it to attain absolute purity—to avoid the remotest possibility of germs—to make Schlitz Beer healthful.

Why accept a common beer, brewed without any of these precautions, when Schlitz Beer costs no more?

Your dealer may prefer to furnish a beer that pays a little more profit; but does it pay you to permit it? Isn't pure beer—Schlitz Beer—worth asking for?

## Notice for Publication.

(Homestead Entry No. 7878.)  
Land Office at Santa Fe, N. M., July 18, 1903  
Notice is hereby given that the following  
named settler has filed notice of his intention  
to make final proof in support of his claim,  
and that said proof will be made before the  
register or receiver at Santa Fe, N. M., on  
August 26, 1903, viz: Piedad Madrid, for the  
n.w. section 17, township 14 north, range 10  
east. He names the following witnesses to  
prove his continuous residence upon and  
cultivation of said land, viz: Jose Leon Ma-  
drid, Cristoval Madrid, of Galisteo, N. M.; Fel-  
ciano Lobato, of Lamy, N. M.; Santiago Ma-  
drid, of Pinos Wella, N. M.  
Any person who desires to protest against  
the allowance of such proof, or who knows of  
any substantial reason, under the law and  
the regulations of the Interior Department,  
why such proof should not be allowed, will  
be given an opportunity at the above men-  
tioned time and place to cross-examine the  
witnesses of said claimant, and to offer evi-  
dence in rebuttal of that submitted by  
claimant.

## TERRITORIAL PICKINGS

### OTERO COUNTY.

Alamogordo Isn't Quite as Big as It Thought It Was—Survey of Tularosa Lands.

The good roads movement is making headway around Cloudercroft and as a result property values are increasing.

John Helker had a rib broken while at work in the lumber camp at Traversty's in the Sacramento mountains.

At the home of the groom's father at Alamogordo last week Marion Rhodes Messer and Miss Minnie May Bell were married by the Rev. Van Valkenburgh.

Captain J. T. Bennett, aged 78 years, and a veteran of the Mexican war, died at Alamogordo last week. He lived at Weed for many years. The funeral was held under Masonic auspices.

The El Paso & Northeastern Railroad has decided to open a coupon ticket office at Torrance in view of the expected change of passenger business with the Santa Fe Central.

A. P. Jackson has given out the contract for the construction of a 14-room house in the Baptist college addition of Alamogordo. The contract price is \$5,000.

Colonel Edgington of Alamogordo, has received the contract to survey the lands which will be watered by the proposed Rinconada reservoir near Tularosa. The land is to be sold in small tracts.

A fire occurred in White's boarding house at Alamogordo last week caused by the explosion of a lamp. The interior of the building was considerably damaged before the blaze was extinguished.

C. A. McIlroy has completed the census of Alamogordo and found that the city has a population of 3,131, about 2,000 less than it thought it had. The children of school age were found to be 776 in number.

Mrs. George Dixon has been retained by the board of education of Alamogordo to teach the Spanish speaking school children. This makes a teaching force of nine in the public schools of the city.

While J. W. Combs was driving across the railroad crossing at Cloudercroft, the wheels of his wagon slid and he was thrown out of the wagon, landing on his head. He received a painful though not fatal wound.

### SOCORRO COUNTY

Large Crop of Grapes—Former Resident Killed at Carthage.

There will be a large crop of grapes in Socorro county this year.

San Marcial complains of a scarcity of boarding house accommodations.

John F. Fullerton and Mrs. Catherine Sleight were married at Socorro last week.

Polvadero celebrated the feast of San Lorenzo, its patron saint, with special festivities.

A rise in the Puerco and Salado rivers caused by recent rains is filling the ditches around Socorro.

E. A. Clemens of Magdalena has donated 800 volumes to the New Mexico School of Mines library at Socorro.

The teachers' institute of Socorro county convened yesterday in the high school building at Socorro.

Edward Bransford, a former resident of Socorro, fell from a load of coal at Carthage and was crushed to death beneath the wagon.

The Methodist congregation at San Marcial will repair the outside of the church and of the parsonage, and will also make interior alterations and improvements.

In the barroom of the Windsor hotel at Socorro, Ambrosio Torres and Jacobo Baca were examining a revolver when it was accidentally discharged.

the bullet passing between Baca's body and arm and puncturing a slot machine a few feet further on.

The new depot at San Marcial has been completed and the handsome new quarters are now occupied. The building is a modern structure 30x140 feet and two stories high.

A. J. Bahney, the 7-year-old son of C. S. Bahney, fell from a ladder at Carthage and broke his left arm. The bone of the forearm was broken in two places, the broken bone penetrating the boy's flesh and skin.

### TERRITORIAL FAIR.

Albuquerque, N. M., Oct. 12th to 17th, 1903

For this occasion the Santa Fe will sell greatly reduced rate tickets from all points in New Mexico and Colorado to Albuquerque and return. The rate from Santa Fe will be \$2.65 for the round trip. Dates of sale Oct. 11th to 16th, good for return passage until Oct. 19th.

### SUICIDE PREVENTED.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or dependency invariably precedes suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

Summer Tourist Rates to Colorado Points

On sale daily via the Santa Fe from June 5 to October 31, good for return passage until October 31, to Denver and return \$22.55. Pueblo and return \$17.55. Colorado Springs and return \$19.55. Glenwood Springs and return \$23.55. Stop-overs allowed at and north of Pueblo. For particulars call on any agent of the Santa Fe. H. S. LUTZ, Agent. Santa Fe, N. M.

### END OF BITTER FIGHT.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes of Du Pont, Ga., "and gave me up. Every body thought my time had come. As a last resort, I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by Fischer Drug Co. Price 50c and \$1. Trial bottles free.

### LAND SCRIP.

By the use of so-called land script, title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of the supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

HUGO SEABERG, Springer, N. M.

Mrs. Mollie Allen of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by all druggists.

New Mexican want and miscellaneous ads always bring good results.

### THE DEATH PENALTY.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at Fischer Drug Co.

### D. & R. G. CHANGE OF TIME.

Until further notice the Denver & Rio Grande train arriving here in the evening will be run as an extra from Espanola to Santa Fe, arriving at Santa Fe about 5 p. m.

J. B. DAVIS, Agent.

### STOP THAT COUGH!

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable, take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00 at Fischer Drug Co.

Engraved visiting cards with or without plate furnished by the New Mexican Printing Company.

### NOT OVER-WISE.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglecting to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of cyclones a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists.

### CURES SCIATICA.

Rev. W. L. Riley, L.L.D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, \$1.00 at Fischer Drug Co.

Nothing has ever equalled it. Nothing can ever surpass it.

**Dr. King's New Discovery**

A Perfect Cure For All Throat and Lung Troubles.

Money back if it fails. Trial Bottles free.

### Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00

Combination civil and criminal 5.00..

For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address

NEW MEXICAN PRINTING CO.,

The New Mexican is sending about 50 copies each week to parties desiring information about Santa Fe. This is done for the public good, and free of charge, although it is quite expensive.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$35 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

**GOLD MINES.**

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

his daughter, who is a teacher, to town  
to attend the county institute.

Cashier W. S. Strickler of the Bank  
of Commerce Albuquerque, and fam-  
ily, were at the Sanitarium over Sun-  
day. Mr. Strickler has returned to the  
Duke City but Mrs. Strickler and the  
children will spend some time in Santa  
Fe.

Wesley Merritt, industrial commis-  
sioner of the Santa Fe Railway system  
with headquarters at Chicago, is in  
town today looking after matters con-  
nected with his official duties. Mr.  
Merritt is accompanied by his wife  
and brother.

Frank Valerius and Mrs. Valerius of  
Kansas City, are guests at the San-  
itarium. They are making a visit to  
Santa Fe on their way home from the  
Pacific coast. This is Mrs. Valerius'  
first visit to Santa Fe since her resi-  
dence here five years ago.

Mrs. Sylvester Davis, Mrs. A. Chavez,  
Miss Chavez and George Davis, all of  
Galisteo, are guests at the residence of  
Ambrosio Ortiz. Mr. Davis and Miss  
Chavez will be married at Galisteo Sat-  
urday next and the party is now in  
this city selecting furnishings for the  
new home.

A. M. Bergere has received a letter  
from Judge J. R. McFie. The judge  
wrote from Los Angeles under date of  
last Saturday and in it he states that  
he expected to leave for San Francisco  
that night. Judge McFie is in attend-  
ance at the annual encampment of the  
Grand Army in that city. It is ex-  
pected that he will return to Santa Fe  
the latter part of this week.

J. D. Ball of West Lafayette, Ind.,  
who came here in a very weak condi-  
tion two months ago and has been a  
sojourner at Sunmount ever since, has  
improved so much that he was able to  
leave for Denver this morning to visit  
relatives and to attend to some press-  
ing business. He has gained fifteen  
pounds since his arrival. He will re-  
turn in two weeks and spend the fall  
at Sunmount.

Chief Engineer A. G. Kennedy and  
Land Agent W. P. Clark of the Santa  
Fe Central Railway left at 9:30 this  
forenoon on a construction train for  
Torrance. Mr. Kennedy will look after  
construction and engineering work on  
the line while Mr. Clark will attend to  
the sale of lots at Estancia, there be-  
ing several intending purchasers there  
awaiting his arrival. Mr. Kennedy  
and Mr. Clark will be absent until  
about the latter part of the week.

B. W. Robbins, general freight and  
passenger agent of the Santa Fe Cen-  
tral Railway, leaves this evening for  
Chicago, Ill., to consult with the gen-  
eral freight agent of the Rock Island  
system and other railroad officials as to  
traffic arrangements for his road. Be-  
fore returning he will visit Kansas  
City and Denver for similar purposes  
and hopes to arrange all necessary  
matters in that direction and for ac-  
tive freight and passenger traffic be-  
fore returning home. He will be ab-  
sent about two weeks.

W. H. Fritchman of New York, ar-  
rived here yesterday. He comes from  
the office of Street, Wykes & Co., of  
New York city, to whom the manage-  
ment of the Santa Fe Water and Light  
Company is entrusted by the corpora-  
tion. He is a civil engineer and has  
had twenty-five years' experience in the  
management and operation of water  
and electric light plants. Mr. Frit-  
chman will remain here for some time  
as he has relieved Mayor I. Sparks of the

TORTURING  
DISFIGURING

Skin, Scalp and Blood  
Humours

From Pimples to Scrofula  
From Infancy to Age

Speedily Cured by Cuticura  
When All Else Fails.

The agonizing itching and burning of  
the skin, as in Eczema; the frightful  
scaling, as in psoriasis; the loss of hair  
and crusting of the scalp, as in scalded  
head; the facial disfigurements, as in  
acne and ringworm; the awful suffer-  
ing of infants, and anxiety of worn-  
out parents, as in milk crust, tetter and  
salt rheum,—all demand a remedy of  
almost superhuman virtues to success-  
fully cope with them. That Cuticura  
Soap, Ointment and Resolvent are such  
stands proven beyond all doubt. No  
statement is made regarding them that  
is not justified by the strongest evi-  
dence. The purity and sweetness, the  
power to afford immediate relief, the  
certainty of speedy and permanent cure,  
the absolute safety and great economy,  
have made them the standard skin  
cures, blood purifiers and humour re-  
medies of the civilized world.

Bathe the affected parts with hot  
water and Cuticura Soap, to cleanse the  
surface of crusts and scales and soften  
the thickened cuticle. Dry, without  
rubbing, and apply Cuticura Oint-  
ment freely, to allay itching, irritation  
and inflammation, and soothe and heal,  
and, lastly, take Cuticura Resolvent,  
to cool and cleanse the blood. This com-  
plete local and constitutional treatment  
affords instant relief, permits rest and  
sleep in the severest forms of eczema  
and other itching, burning and scaly  
humours of the skin, scalp and blood,  
and points to a speedy, permanent and  
economical cure when all else fails.

management of the company for the  
time being. Mrs. Fritchman will join  
him in this city in a few weeks. She  
would have come with him now had it  
not been for the illness of her father  
who is 86 years of age.

Wesley Merritt, industrial commis-  
sioner of the Santa Fe Railway system,  
accompanied by his wife and brother,  
visited Sunmount and the Tent City  
this forenoon and made a thorough in-  
spection of the resort and surroundings.  
He was greatly impressed and pleased  
with the beautiful scenery, comfortable,  
commodious and clean tents, the  
health-giving and cool atmosphere and  
the pure water of the resort, and ex-  
pressed himself to that effect. He also  
stated that in his official capacity he  
would do all he could towards sending  
guests there and to attract the atten-  
tion of tourists and those in search of  
health and rest to Santa Fe and to Sun-  
mount. He considered it an ideal loca-  
tion for the purpose for which it was  
selected and prophesied a grand future  
for it.

CARD OF THANKS.  
Mrs. Mary Gold, widow of Abraham  
Gold, desires in this manner to pub-  
licly tender her heartfelt thanks to the  
many friends who assisted her during  
her husband's last illness, and who,  
by many acts of kindness, tried to make  
her bereavement less hard to bear; and  
especially does she thank the B. P. O.  
Elks, who attended the funeral in a  
body and who took charge of the ser-  
vices.

## J. P. VICTORY

Attorney at Law and  
Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.  
Money to loan upon real estate security on easy terms.

Something choice: First class properties on San Francisco street paying more than 8 per cent net on rentals.

Have upon my books excellent fruit ranches in the Espanola valley, large and small ones, plenty of water.

Furnished rooms on Palace avenue.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Examine a 23-acre tract east of the Wieland place, and then ask me its price; you will be surprised.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

On lower San Francisco St., east of the railroad track, I can sell you properties desirable for homes or business propositions; these will bear examination. I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian Church, which in a few years will be worth double the present asking price. About two blocks west of Guadalupe church, on De Vargas St., I can sell you three small homes.

**OUTSIDE PROPERTY.**  
At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

**MERCANTILE PROPOSITIONS.**  
To those desiring an investment in a good mercantile business located in a thriving town in Rio Arriba county I can suit them with the chance of their lives; general merchandise, large stock; store, two cottages, stables, and other buildings; large tract of land, with big orchard, producing the last season \$1,400; merchandise business pays from \$2,500 to \$3,000 a year and can be increased; fine fishing, boating and bathing; with horses, wagons, etc., 20 varieties of choice roses and other flowers in abundance; owner will allow prospective purchaser to thoroughly investigate before buying; good reason given for selling.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central, and an eight page daily; who says that the world don't move, and our city with it.

**HOUSES TO RENT.**  
One 9 room house, with all modern conveniences, excellent neighborhood. A new 6 room cottage, bath, stationary range and all modern conveniences. Also the building corner of Water st. and D & R G railroad track lately used as a saw mill.

Several small houses, some adobe, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

**UNFURNISHED ROOMS.**  
I can rent several rooms in the Hersch building on lower San Francisco street, or will lease the whole building. I have 3 or 4 rooms, and stable, that I will rent, on De Vargas St., two blocks west of Guadalupe church.

**FARMS & RANCHES.**  
I have inquiry from outside party for ranch in the Espanola valley; also for ranch in the district between Tesuque and Espanola; price must be reasonable.

## MINOR CITY TOPICS

The "Original" Measuring Spoons at GOEBEL'S. Three in One.

D. M. White has purchased from Charles Glosson a fine driving horse. The horse is of high pedigree and presents a very attractive appearance.

Charles Glosson, the well-known horseman of this city has purchased from N. Salmon the trotting mare Victoria. This horse has a record of 2.24. The several committees of the board of trade of this city can do this town great benefit by attending to the work laid out for them. The board of trade can and ought to do much good for the town.

The New Mexico board of managers of the St. Louis exposition will hold its next meeting in Las Vegas on August 27, at which time sub-committees and the ladies' auxiliary committee will be appointed.

Mrs. J. G. Simpson died at her home in Bolivar, Mo., last Tuesday and was buried there the day following. Mrs. Simpson was a sister of Mrs. W. A. Bell of this city and was known here. She had been in poor health for the past three years.

The following deed was filed for record in the office of the probate clerk and ex-officio recorder of the county of Santa Fe: Emeline Carter to Francis E. Bade a tract of land situated in precinct 3, ward 1 of the city of Santa Fe. Consideration, \$500.

Several Santa Fe people are preparing to visit the pueblo of Acoma, in Valencia county, on the occasion of the annual feast at that pueblo, which will take place Wednesday, September 2. The ceremonies at that feast are said to be very unique and interesting.

Several outing parties are camping in the canon of the Santa Fe river and are scattered for several miles above Monument Rock. The canon is very beautiful and possesses many inviting sites for camping grounds. It is becoming a very popular resort.

Business is reported good by the dry goods merchants, especially by Seligman Bros. Company and Salmon & Abouseman. The retail grocery firms, namely the Cartwright-Davis Company, H. S. Kaune & Co., and H. C. Kinsell & Co., also report good trade.

E. A. Fiske, Esq., has added his card to those in the professional column in this paper. Mr. Fiske has been a practicing attorney in this city and territory for over twenty-five years and attends to business in all the territorial and United States courts, as well as to legal matters before the land and surveyor-general's offices.

The predictions are for partly cloudy weather tonight and Wednesday, with possible local thunder showers, and cooler weather in southern portion. The maximum temperature yesterday was 79 degrees at 5 o'clock p. m., and the minimum was 58 at 4:30 a. m. The temperature at 6 o'clock this morning was 6 degrees.

The business of the Abe Gold "Old Curiosity Shop" which has for the past thirty years been located at the corner of San Francisco street and Burro alley will be conducted by his widow, Mrs. Mary Gold, with Jake Gold, who understands the business thoroughly and who has had life-long experience therein, as manager.

The Santa Fe Hardware and Supply Company wishes to call attention to the offers that are made in the company's ad today. These offers are of exceptional interest and the prospective buyer will find it to his interest to investigate these. Particular attention is called to the wagon and harness department and to the display of stoves and ranges.

The city authorities should see to it that contractors having contracts for the construction of sidewalks and having the necessary brick on hand should not delay in the work of putting them down as the piles of brick to be used for such purpose now on street corners and on certain streets of the city are a great inconvenience and unsightly.

The fourth annual meeting of the Associated press, of which the New Mexican is a member will be held at the Waldorf-Astoria in the city of New York on Wednesday, September 16, 1903, at which time directors of the association have received invitations to be present and if they can not be represented in person, should send proxies.

George Davis, who owns a ranch in the southern part of the county about six miles northeast of Moriarty station, will be married at the Catholic church at Galisteo on Saturday next to Miss Angelica Chaves, daughter of Ascension Chaves, a well-known citizen of that town. There will be a dance and supper Saturday evening at the home of the bride's parents after the ceremony. The couple after marriage will make their home on Mr. Davis' ranch.

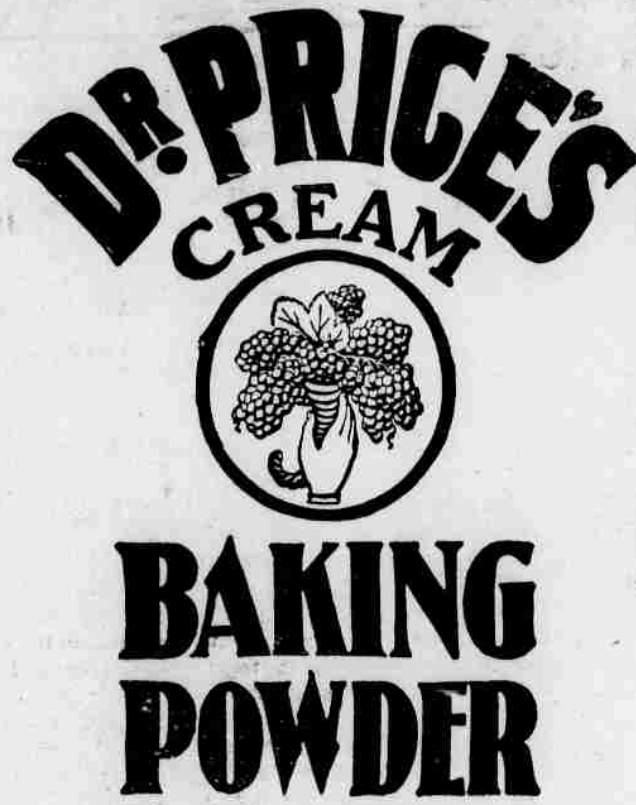

Vidal Mora has been appointed as administrator in the estates of Alejandro Mora and Teodora Valdez de Mora. The father and mother died within a short time of each other at the family home in Galisteo; the father dying June 1, and the mother July 25. There are three heirs, Vidal Mora and Dario Mora of Galisteo, and Victoria Mora de Chaves of Mesa de los Cabos. The will designated Vidal Mora as executor and Probate Judge Marcos Castillo has appointed him as administrator of the estate.

W. W. Ingersoll of this city, is developing three mining claims in Box canon about five miles north of here. They are the Comstock, the Illinois and the Lone Star. He has driven a tunnel

on the Comstock and is in forty feet. He is doing the assessment work on the other claims. The ore runs in gold, silver and copper and in some places the veins run quite high. Mr. Ingersoll is sanguine that with development work he will have a good thing and is now organizing a company for the systematic and proper development of the properties.

The regular meeting of Santa Fe Lodge No. 2, Knights of Pythias, will be held this evening and as business of particular importance will be brought before the lodge a full attendance is desired.

One of Leo Hersch's wagons collided with a pole in front of the residence of Dr. Diaz, Water street and Don Gaspar avenue, yesterday afternoon, and the pole was broken off. Fortunately the driver suffered no injury though his escape is regarded as little short of miraculous. The team was not injured to any considerable extent.

Prominent in the Joseph Newman Company, which comes to Santa Fe, Tuesday, August 25, is Miss Ida Burman, the singer. Her voice is a high soprano of really remarkable range, sweetness and power. It is sympathetic and flexible and full of exquisite tones of feeling and temperament. The young singer has it under wonderful control and she has a charmingly easy and graceful stage presence. Her repertoire this season includes "Dudley Buck's, When the Heart is Young," Luder's "A Message of a Violet," Thomas' "A Japanese Love Song," Herbert's "In Dreamland," Woodman's "An Open Secret," and the old favorite "Bonnie Sweet Bessie," which she sings most charmingly.

There will be a called meeting tonight at 8 o'clock in the Caron block at the office of W. J. McPherson, chairman of the committee appointed by the president of the board of trade last Friday night, to secure new members to the board of trade. This meeting is called for the purpose of systematizing and dividing up the work among all the members of the committee. The members of this committee are W. J. McPherson, Leo Hersch, Dr. J. H. Sloan, C. W. Dudrow and Arthur Boyle. Personal notice has been sent to each of the above named members of the meeting called for tonight. All members are urged to be present. The board needs more members and funds to help the work mapped out last Friday night to make Santa Fe a good place in which to live.

**NORMAL NOTES.**  
Superintendent J. V. Conway shows his interest in the teachers and the institute by being present and observing the work being done by the teachers and instructors. He expects to address the institute on some important subjects in the near future.

The following have enrolled from Santa Fe: Manuel Montoya, Clemente P. Ortiz, Candido Ortiz, Frank Ortiz y Baca, Miss Urna Hickox, Miss Elizabeth Cross, Mrs. Hall, Miss Maybeth Hogle, Miss Daisy Patterson, Miss Olive Wrightsman, Miss Olinda A. Meeker, Miss Katherine Collins, Miss Laura Wood, Miss Grace M. ## WELL KNOWN FIRM.

Jewelry House of S. Spitz One of Santa Fe's Leading Business Concerns.

The firm of S. Spitz is one of the best known jewelry houses in the southwest and also in the general jewelry trade, because of the extensive dealing in filigree work. For twenty-three years the firm has enjoyed the confidence and esteem of all and today is one of the most attractive and modern of the business houses of Santa Fe. The firm is known throughout the territory and the store is one of the show places of this city. The location of the attractive place of business lies on the south side of the plaza and the display of watches, clocks, diamonds, jewelry and silver ware is not surpassed, if it is equalled by the houses of any town of similar size in the country.

The arrangement of the stock is most convenient and complete. The large cases that line both sides of the store are filled with the most pleasing creations of the jeweler's art and of the silversmith's handiwork. There is also a most choice collection of bronzes, marbles and bisques, while the array of handpainted china and art ware is one very select, and is unique in many ways. The firm of S. Spitz is not only engaged in the retail trade but is a wholesale house as far as the filigree work is concerned. It is a manufacturing concern and four skilled workers are employed in the factory. In the retail and repair department an expert watchmaker and engraver is employed. It was this firm that designed and executed the beautiful cover of the souvenir book of Santa Fe that was presented to President Roosevelt on the occasion of his recent visit to this city, a work that has been most favorably commented upon both at home and abroad.

Mr. Spitz is one of the leading men of the city and is progressive. On the completion of the Santa Fe Central, it was he who gave the solid silver spike to be driven at Kennedy. This spike has been suitably prepared for presentation to President Kennedy and will be taken to him by General Manager Hopewell, when the latter leaves for the east. The engraving on the spike has just been finished. As the head is the legend, "Hon. Arthur Kennedy," and on the four sides of the piece of silver appear, "President of the Pennsylvania Company, and Constructed Santa Fe Central R. R.—Commenced May 1, 1902—Completed August 13, 1903.—Presented by S. Spitz, Santa Fe."

The spike is solid and weighs three ounces.

## Malaria

Is a veritable dragon of ill-health. It leaves in its path more physical wrecks than probably any other disease peculiar to Americans.

WHY? Simply because upon the first indication of the malarial system is usually scourged with quinine, or that deadly mineral-calomel.

Don't Do It. It's Dangerous. It isn't at all necessary either. We positively guarantee

## HERBINE

TO PREVENT AND PERMANENTLY CURE ANY FORM OF MALARIA. It is purely herbal. Has all the virtues of quinine and calomel—none of their deadly effects. It corrects all liver, kidney and stomach troubles. 50c per bottle. All Druggists.

## MINES AND MILLS

A rare ore has been discovered in the Graphite mine at Magdalena, Socorro county. The ore is a zinc known as marionite and has thus far been found only at Marion, Arkansas.

Professor O. R. Smith and H. L. Brown of Socorro were at Kelly, in the same county, last week, doing engineering work in three of the mines of that camp. They also made a trip to the Cat Mountain mining camp.

The Hardscrabble mine continues to be a good producer. It is situated at Magdalena and keeps two or three four-horse teams hauling the mineral to the station.

The Pittsburg stockholders of the Abbey Mining Company were in Magdalena last Wednesday to inspect their property.

The mill of the Socorro Gold Mining Company at Cat Mountain began operations last week and saves 58 per cent of the value in the ores by amalgamation.

Ulrich Fritsch at Las Cruces last week attached two carloads of ore belonging to the Federal Copper Company for a claim of \$353, wages earned working on the Torpedo mine at Organ.

Very satisfactory results were obtained with the 100-ton run of Empire ore at Hillsboro, Sierra county, last week.

A fine showing of ore is reported on the Prosper mine at Hillsboro. Drifting has been commenced on the 340-foot level.

This week work is to be resumed on the Ready Pay mill at Hillsboro. Operations had been delayed on account of the non-arrival of certain parts of machinery. The new pumping plant works well.

The South Percha Gold Mining and Milling Company has struck rich ore in the Moser tunnel at Hillsboro. The Moser is a parallel lead to the Stuck lead, both being within the boundary lines of the Great Eastern. The old shaft of the Hillsboro mine has been cleared out by the same company preparatory to putting up a whim. A large amount of fine ore has been exposed on the property and the company's officials are elated over the showing of ore in the breast of the drift at 250 feet on the Great Eastern.

The main shaft on the Empire mine at Hillsboro is to be sunk to a depth of at least 500 feet by the Empire Gold Mining Company. Levels are to be run at each 100 feet.

E. H. Wilson, secretary and treasurer of the Hillsboro Gold Mining and Milling Company, arrived at Hillsboro from San Francisco last week. He came to witness the trial test of the company's pumping plant which proved an entire success.

T. N. Stebbins, who purchased the Casino mine nine miles southwest of Silver City, is pushing work on that property. The grading for the new mill is in progress. It is probable that the cyanide process will be installed. Besides grading for the mill, a number of roads to the property are being built. Work on the mill is to begin inside of a month.

D. S. Miller of Lake Valley and Lewis Sly have bonded their partners' interests in the Log Cabin mine at Tierra Blanca. The surface workings of this mine made a famous output from 1887 to 1890. The ore while being in pockets and small pipes was exceedingly rich and carloads would net thousands over working expenses. The oxidized talc ores gave way to a lower grade quartz containing sulphides. The surface claim at the north end is literally honeycombed on the surface in search for high-grade ores while the real wealth of the property lies in the quartz, much of which will run from 20 to 30 ounces in silver and a little in gold, both of which would give up their values by roasting and leaching.

The Lookout mine on the Trujillo is being operated by Albert Ricketson and Isaac Knight under a lease. Five years ago Ricketson, Sleaze and Knight leased this property, or rather a portion of the claim. Ricketson was \$2,000 in debt. At the end of the year the debt was paid and a bank account started. The bank account has been growing since then, for the mine has proved a bonanza. Colonel J. P. Parker, one of the owners, who was at the head of the Sierra county expedition to the Klondyke, has been more than reimbursed by his half of the royalties for the money he sunk in the Klondyke expedition. The ore which is a telluride of both gold and silver with calaverite and free gold in occasional pockets, is found in a vitreous white quartz spar occurring in a large dyke or vein in a contact of diorite and lime. This spar is the medium and very little value is found away from it. The ore has not always been continuous but the spar has. In one shipment 7 sacks of extra grade ore gave returns of 133 ounces gold and over 9,000 ounces of silver, \$6,000 to \$10,000 being average returns from lots of 5 to 12 tons.

But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by Fischer Drug Co.

### DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by all druggists.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

## THANKS MRS. BASCOM

The Historical Society Acknowledges the Presentation of the Picture of General Kearny.

The Historical Society of New Mexico has officially tendered its thanks in the following resolutions to Mrs. Ella Kearny Bascome for the portrait of her father, the late Stephen W. Kearny, recently presented by her to that organization.

Santa Fe, N. M., August 13, 1903.  
 Whereas the Historical Society of New Mexico has been this evening honored by the presence of Mrs. Ella Kearny Bascome, of St. Louis, Missouri, who has come to this city for the purpose of presenting to this society a portrait of her distinguished father, Major-General Stephen Watts Kearny, and

Whereas, Mrs. Bascome has upon this occasion made such presentation, accompanying it by a most interesting and suitable address,

Now, therefore, be it Resolved by the Historical Society of New Mexico,  
 First, that it hereby records its high appreciation of the presence of Mrs. Kearny Bascome, its great obligation to her for her beautiful and appropriate remarks and its profound thanks for the very faithful and handsome portrait of her father which she has presented to this society; and it accepts with sincere appreciation the gift so gracefully tendered.

Second, that this society deems itself most fortunate to have become the possessor of so excellent a portrait of the able military officer who accomplished the peaceful annexation of New Mexico, and it will always consider as among its most valued possessions this likeness of one whose memory deserves to be perpetuated in the heart of every resident of the southwest.

Third, that these resolutions be spread upon the minutes of this society and that a copy thereof be delivered to Mrs. Bascome and also to the territorial press.

GEO. W. KNAEBEL,  
 WM. H. POPE,  
 JOSE D. SENA,  
 Committee.

### IMITATING A GOOD CIGAR.

United States Internal Revenue Agents Make One Arrest and Expect More.

From the New York American.  
 The arrest of Henry Silberstone, a cigar dealer at No. 283 Bowerly, charged with having refilled cigar boxes, marked the beginning of a war that will be waged by the United States Internal revenue agents against dealers all over the city who have been engaged in similar practices. For some months past a large cigar concern has been greatly annoyed by complaints that inferior cigars were being sold under its label, and notified the revenue agents.

Silberstone is alleged to have bought several boxes of "Cremo" cigars, and after selling the genuine article at the regular price (five cents), refilled the boxes with a cheaper article, which he sold at eight for 25 cents, explaining to his customers that the only difference in the cigars was in the matter of the brands.

The cheap cigar was sold without a label, while the real "Cremos" have bands about them. In this manner Silberstone is alleged to have made a profit of considerably more than 100 per cent. He was arraigned before Commissioner Shields and held for examination before the federal grand jury.

### CLOSE CONNECTIONS MADE.

New Schedule of the Santa Fe Central Goes into Effect Thursday.

The new schedule of the Santa Fe Central goes into effect Thursday and will be ready for passenger and freight traffic on that date. The road here makes close connections with the Denver & Rio Grande and at Torrance with the El Paso & Northeastern system. At Kennedy connection is made with the Atchison, Topeka & Santa Fe for all points on that system.

The present schedule provides for a train leaving this city at 8 o'clock in the evening, connecting with the Denver & Rio Grande train which reaches here at 6:30 o'clock. This train is due at Torrance at 1:30 a. m., and connects with the El Paso train going south which reaches El Paso at 9 o'clock in the morning. The train on the Santa Fe Central leaving Torrance at 4 a. m. and reaching this city at 9:30 a. m. makes connection with the El Paso & Northeastern train from the east which is due at Torrance at 3:49 a. m. Thus close connection is afforded at both ends of the Santa Fe Central.

## HARD TO COMBAT.

The Evidence of Our Senses—What Santa Fe People Say is Pretty Good Proof for Santa Fe People.

When we see it ourselves. When our own ears hear it. When our neighbors tell it. Our friends endorse it. No better evidence can be had. It's not what people say in Maine. Or distant mutterings in California. No deceiving echoes here. Santa Fe people talk about Santa Fe people.

Public opinions published for the public good.

There is no proof like home proof. Read this statement made by a citizen:

Charles Harris, ex-policeman of San Miguel st., says: "The aching across the small of my back was not the kind that comes from overwork, it was deeper seated and much more painful, positively proving to me that some inward cause existed. When an attack was in the aggravated stage, I could not stoop to put on a shoe or lift any weight and if I managed to stoop after suffering twinges when I went to straighten ex-cruciating pangs were sure to be my reward. Doan's Kidney Pills procured at Ireland's Pharmacy stopped every aggravated attack. I sincerely hope that backache and I have parted company."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

### BIDS FOR CONSTRUCTION OF UNION DEPOT.

Bids for the construction of a union depot for the Santa Fe Central Railway and the Denver & Rio Grande Railroad to be erected in the city of Santa Fe, in the Territory of New Mexico, will be received up to 12 o'clock noon on Tuesday, the 25th day of August, A. D., 1903, at the office of the chief engineer of the Santa Fe Central Railway Company in the Catron Block, in the city of Santa Fe aforesaid, where they will be opened in the presence of the bidders. Plans and specifications can be seen and examined at the same office. A certified check of 15 per cent. of the amount of the bid accepted drawn to the order of the Pennsylvania Development Company, will be required from the successful bidder for the faithful performance of his contract. The company reserves the right to reject any and all bids.

Bids to be in sealed envelopes and endorsed "Proposals for Construction of Depot."

## A Wagon's First Cost

is not all there is to it. There are plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood—pithy, "dead," the defective axle-wood, or foresee the shrinking, rattling, loosening of spokes, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

## STUDEBAKER WAGONS

are that kind. That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

### Studebakers in Your Town.

The undersigned are the local sales agents. We carry a generous stock, we'll order and quickly get anything you want. You see the goods and know what you are buying. We stake our reputation on pleasing you. Always ready to show you. Give us a call.

## FLOOD AT SOCORRO.

Roaring of the Water Heard Nearly an Hour Before it Reached the Town.

Special to New Mexican.

Socorro, N. M., Aug. 18.—Saturday about 8 p. m. the largest body of water on record came down the arroyo. The cloudburst was about eleven miles west of the city. It carried away one bridge entirely and badly damaged two others on the Magdalena branch road and damaged the road bed for a distance of 2,000 feet between the cloudburst and the city. The terrible roaring of the water could be heard fully forty minutes before it struck the city, and greatly alarmed the people. When it reached the western side of town it divided into three raging torrents, one south of the Magdalena track, which did much havoc to the people living in the valley, the second came down Spring creek and spread fully 1,000 feet in places, the water on Spring street being fully ten feet deep, it struck the Benson dam, which saved his home, garden and orchard, but he lost about 70 feet of the dam. The third stream went down the arroyo proper and spread all over the north portion of the city, forming a lake near the main line of the Santa Fe about one mile long and nearly a half mile wide. The loss will not be heavy, as most of the crops had been harvested. Several houses went down and several more were ruined. The waters entered the beautiful homes of A. C. Abeyta, Rev. Taylor, D. Wallette and a score of others, damaging carpets, rugs and household goods. The present loss is the least that now confronts the people, it is the real condition that this flood has caused, which now leaves us entirely at the mercy of another flood, should one come and the only hope is that the Santa Fe Company will build a dam at the point of the mountain. Should they refuse, Socorro is at any time liable to be washed out of existence.

Superintendent McNally thinks he can have the Magdalena branch running again by Thursday.

A stage line is being run to Carthage and mail to Magdalena.

Gregorio Baca, age 70, late county commissioner, died Sunday morning.

Relief Agent Hallock takes the place of Thomas Jaques for one month as station agent.

The Magdalena train and crew were caught on the Magdalena side of the washout.

El Republicano did not issue last week. It has silently gone to rest for

a few months but may revive during the campaign.

A party of sixteen from Pittsburg, Pa., were caught by the flood and had to come in rigs from Magdalena.

### GETTING IN SHAPE.

Work of Surfacing the Santa Fe Central Road Bed Progressing Rapidly.

Work of surfacing and improving the road bed of the Santa Fe Central Railway preparatory to the commencement of daily train service on Thursday is being pushed energetically under the direction of Chief Engineer A. G. Kennedy. The track is getting into first-class shape and on quite a number of miles of it forty miles per hour with a loaded train can be made and on the tangents of which there are two or three of considerable length, on the road, a higher speed could easily be obtained.

New town sites on the Santa Fe Central Railway have been laid out at Moriarty, at Estancia and at Torrance. These contain about two hundred acres each and have been surveyed and platted. Town lots are already offered for sale and are finding ready buyers.

Plans for a new union depot to be used jointly by the Santa Fe Central Railway and the El Paso & Rock Island Railroad at Torrance are completed and work on the depot will be commenced at once. It is to be a handsome two-story affair with commodious offices, waiting rooms, restaurant and other accommodations for passengers.
