THE SCENIC ROUTE ROAD

Work Being Pushed By Superintendent Bursum With Increased Number Men.

42 CONVICTS AT WORK

Measures for Permission to Proceed When Line of Pecos Forest Reserve Is Reached.

Hon. H. O. Bursum of the territorial penitentiary has put ten more convicts to work upon the Scenic Route road now being constructed. He expects that between 400 and 500 feet of roadway per day will be built during the next two weeks and while he has this large force of forty-two convicts at work upon it. He is very sanguine that unless something unforeseen happens the Dalton divide will be reached by the end of the season. Yesterday Forest Ranger R. J. Ewing informed John A. Gwinn, the engineer who is in the immediate charge of the construction, that work would have to cease as soon as the line of the Pecos forest reserve is reached. It is not known by what authority Ranger Ewing gave this warning. Under the law and instructions in force concerning the building of roads private or public through forest reserves, such roads can be constructed without hindrance from the officials of the interior department if due application for such purpose has been made to the secretary of the interior. This was done some time ago by County Commissioner Arthur Seligman on behalf of Santa Fe county and in this application all the requirements laid down by the instructions were complied with. No answer thereto had been received, however, up to yesterday.

Hon. Arthur Seligman of the board of county commissioners was seen regarding the matter. Mr. Seligman said that he had complied with all the requirements of the law so far as he was cognizant of them.

"I had anticipated this matter and had taken it up with the local authorities and through them with the department of the interior about five weeks ago. I did this hoping that the reply would be more prompt and that the work would not be delayed. I had a talk with Forest Ranger Ewing and he offered his services to us as guide when our engineers were ready to go through the reserve. Now there was only one route to the divide and from there we had three routes to the Pecos in view. It was our intention to have Superintendent Bursum reconnoitre the country when the divide had been reached and then we would have availed ourselves of Mr. Ewing's services. "The matter was also taken up with the department through Forest Superintendent I. B. Hanna and plans of the reserve were asked for and the proposed routes marked out. The townships and ranges through which the road was to pass, as well as the estimates of the quantity and value of the timber and stone that would be required were furnished the proper authorities. So far as I know every requirement of the law has been complied with."

The laws and regulations governing the "Creation and Administration of Public Forest Reserves" under date November 6, 1900, contain the provisions which are pertinent to the case. Under the head, "Public and Private Uses," the law reads:

"It is further provided that—Nothing herein shall be construed as prohibiting the egress or ingress of actual settlers residing within the boundaries of such reservations, or from crossing the same to and from their property or homes; and such wagon roads and other improvements may be constructed thereon as may be necessary to reach their homes and to utilize their property under such rules and regulations as may be prescribed by the secretary of the interior. Nor shall anything herein prohibit any person from entering upon such forest reservations for all proper and lawful purposes thereof: Provided, That such persons comply with the rules and regulations covering such forest reservations."

"The public in entering, crossing, and occupying the reserves, for the purposes enumerated in the law, are subject to a strict compliance with the rules and regulations governing the reserves."

"Private wagon roads and county roads may be constructed over the public lands in the reserves wherever they may be found necessary or useful, but no rights shall be acquired in said roads running over the public lands as against the United States. Before public timber, stone, or other material can be taken for the construction of such roads, permission must first be obtained from the secretary of the interior. The application for such privilege

STORAGE RESERVOIR.

Uncle Sam Looking to the Construction of a Big Dam in This Territory.

The United States reclamation service has this week begun investigation looking to the construction of a big dam and reservoir in New Mexico. At the present time no special irrigation project in this territory is under consideration, and in this point of view New Mexico is behind her sister states and territories. The interior department, however, has noted this omission and two assistant engineers of the reclamation service have just been dispatched from the western headquarters of the department in Denver to look over the ground and make preliminary investigations as to visible supply of water in streams and feasible locations for a storage reservoir.

M. C. Hinderlider, superintendent of the reclamation service for Colorado and five surrounding states and territories, under direction of A. L. Fellows, arrived in New Mexico Tuesday. Part of his duties will be to establish gauging stations at Watrous, on Mora river; Las Alamos, on the Gallinas creek near Las Vegas hot springs, and other points. F. Cogswell, assistant engineer, is already in New Mexico, conducting investigations further south in the territory. He has established gauging stations at Embudo and at San Ildefonso, on the Rio Grande river. This work is done at the suggestion of Arthur Powell Davis.

Mr. Davis is familiar with the needs of irrigation in the arid wastes of New Mexico and he is turning his attention to neglected New Mexico. This territory has been suffering this summer from a severe drouth, and the presence of Uncle Sam's expert hydrographers will be a cause of general rejoicing.

The most notable irrigation project in New Mexico at the present time is a storage reservoir in Grant county. The territorial government is fostering this enterprise, which is to irrigate a large region in the neighborhood of Silver City and Fort Bayard. The dam and reservoir are under contract for completion by July 1, 1904, and the estimated cost is \$600,000.

TWO INJURED.

Street Car Jumps Track and Badly Hurts Two Passengers.

St. Louis, Mo., Aug. 20.—A Belfontaine street car jumped the track while running at full speed today and crashed into a car coming from the opposite direction, resulting in the injury of a number of passengers, two badly. Alexander Witteger was internally injured and Miss Lulu Murphy was badly cut by flying glass.

PROMINENT AMERICANS QUIETLY MARRIED IN LONDON

London, Aug. 20.—Honore Palmer, of Chicago, son of Mrs. Foster Palmer, and Miss Grace Greenaway Brown, of Baltimore, were quietly married here this afternoon.

lege should describe the location and direction of the road, its length and width, the probable quantity of material required, the location of such material, and its estimated value."

The following letter was sent to Superintendent Hanna by Mr. Seligman, under date of yesterday:

"Hon. I. B. Hanna, Pecos, N. M. "Dear Sir—Some time ago we made application on behalf of Santa Fe county for the right of way through the Pecos Park reserve for a wagon road and also for what timber and other material might be needed to complete or construct such road; we also quoted the sections, etc., that the road would pass through and as yet have had no reply to our communication."

"It is of great and vital importance that the road should be built and I trust the privilege will be granted. "I am informed by Superintendent Bursum, who has charge of the work, that our surveyor was prevented from completing the survey of the proposed road. Will you kindly let me know as soon as possible if we must get permission for the surveyor to pass through and the survey to be made, and if so send me full instructions on the subject, also inform me if we can proceed with the work through the reserve as the superintendent is very anxious to push along with it and is now to this point."

"The convicts who are engaged in building the road will require fresh meat and we would like to have the privilege of herding about 50 mutton near the camp as they proceed, as it would be utterly impracticable to haul fresh meat to them from this city each day."

"Kindly take the matter up with the department at once and by wire if you deem it necessary at my expense and let me hear from you as soon as possible, and oblige."

"Very truly yours
"ARTHUR SELIGMAN."

GOOD TIMES PREVAIL

McKinley, Bernalillo and Valencia Counties Are Prosperous—Every Man at Work.

MANY SMALL RANCHMEN

The Free Range in New Mexico Will Soon Be a Thing of the Past.

Hon. Amado Chaves of this city, who returned Sunday last from a two-weeks' trip through McKinley, Valencia and Bernalillo counties, when seen by a representative of the New Mexican and asked concerning his trip and the conditions in that section, said:

"The people who live in the western part of Valencia, Bernalillo and McKinley counties are very prosperous, and good times prevail there. Every man is at present employed and getting good wages. That is the best section of the territory for sheep raising. In this connection it may be remarked that the free range in New Mexico will soon be a thing of the past. All over that section people are taking up homesteads and starting sheep and goat raising on a small scale. The time is not far distant when there will be thousands of small ranchmen owning the millions of sheep that at present are owned by a few individuals. This year the western part of the territory is very dry, but in Arizona they have the best feed that they have had at any time during the last fifteen years and the sheep buyers of that territory are buying all the sheep they can get at a reasonable price and driving them over to their ranges. There are many ranches between Grant station on the Santa Fe Pacific and the American valley country. At almost every ranch dipping plants have been constructed and great care is being taken by the sheep owners to have their flocks carefully dipped at least twice a year and the result is that no signs of scab can be seen anywhere. "The American Lumber Company is doing great work in the Zuni mountains constructing timber railroads into the heart of the mountains to connect to cut logs for transportation to Albuquerque where the plant of the company is nearing completion. A great many people are at work in the mountains and you can see signs of good times and prosperity on all sides. The low wages which prevailed in that section of the territory at one time are now things of the past. The men are getting better wages, they are improving their homes and sending their children to school and living better. "Another good sign of improvement is that nearly every ranchman is constructing reservoirs and putting land into cultivation with alfalfa in order to feed some of the old stock that might perish in the early spring months for lack of feed. The time of the scrub sheep is also gone. Every sheep owner has discovered that it pays to raise good stock, and the result is that all the flocks are now improved, producing fine wool and heavier mutton. Lambs will sell this fall for \$2 and more, which prices will enable the sheepmen to continue with their improvements in the line of reservoir construction and the raising of forage plants for spring and winter feed."

OLD RUINS.

"There is one thing that the government ought to do and that is to take some steps to put a stop to the destruction of the historical places in this territory. All over the western part of the territory one can see parties of people who are digging up all the ruins they can find and there are many hundreds of them all over that country. These people go at it in a very careless way and a great portion of the pottery they find is destroyed. What they can get in fair shape is sold to dealers in New Mexico, and Arizona for good prices. Some parties are making as high as \$400 per week and the time will come, when all these very interesting ruins will be destroyed. If they are saved they will be a drawing card for New Mexico for all time to come. It is an easy matter to save these valuable ruins now if proper steps are taken."

"At a no distant date there will be sheep on a thousand hills owned by thousands of happy men, fathers of numerous children, who will take care of the stock and the day of the great sheep owner is coming to an end. That will be a happy day for New Mexico when reservoirs will be seen all over the country and homes constructed on every site where water can possibly be secured."

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

DECLARED RACE OFF

Neither the Reliance Nor the Shamrock Could Finish Within Time Limit.

AMERICAN WAS IN LEAD

This Makes the Third Attempt of Sir Thomas Lipton to Lift the Cup.

New York, Aug. 20.—The Reliance and Shamrock III, the accredited representatives of yacht craft of two nations, sail their first race today in the thirteenth series of contests for the now famous America's cup, wrested from the Englishmen fifty-two years ago by the schooner yacht America and ever since retained by this country, though the Britons have repeatedly tried to recapture the cup. This is Sir Thomas Lipton's third attempt to take the prize. Both boats in today's race have shown themselves faster than their predecessors. The course is the international yacht club course outside of Sandy Hook, a distance of thirty miles. Captain Charles Barr, who commands the Reliance, has sailed two other cup defenders in international races. Captain Robert Wringe commands the Shamrock and there is said to be no better skipper in England. Showers were frequent during the night. The morning was hazy but the sun fast dissipated the mist. There was hardly any breeze and the disappointment over the weather was manifest.

Highland, 11:01 a. m.—The starting signal was fired at 11 o'clock. The Shamrock crossed the line in the lead. New York, 11:39.—The Shamrock is still leading.

Noon.—The boats are now on even terms.

New York, 12:20.—The wind has changed so that the Reliance is in a windward position and leads by about ten yards.

New York, 1:35 p. m.—The Reliance leads the Shamrock by one mile with turning point two miles away.

2:31 p. m.—The sea is rough. Both boats are pounding badly. The Reliance is approaching the mark. The Shamrock is nearly becalmed. Very doubtful if they can finish within the time limit.

2:47 p. m.—The Shamrock has scarcely moved during the past hour. The Reliance is slowly forging ahead.

3:28 p. m.—Both yachts have a light west wind and headed straight for the mark. The Reliance is nearing the mark, leading by two miles.

3:40 p. m.—The Reliance turns the outer mark.

4 p. m.—The Reliance turned mark at 3:40 giving her fifty minutes to cover the distance.

The race has been officially declared off.

GRADUALLY DECREASING.

During Past Year 7,245 Veterans Joined the Silent Majority.

San Francisco, Aug. 20.—The thirty-seventh annual encampment of the G. A. R. opened this morning at the Grand Opera house. After disposing of some preliminary matters the morning was spent in listening to the annual reports of the officers. Thomas J. Stewart, commander-in-chief, in his report shows that the net loss in membership during the past year was 7,245. The report of Inspector-General F. A. Walsh states that the number of posts are 6,711, a loss of 5; the members in good standing number 255,200; value of property owned by the posts is \$1,815,108.

SAME OLD CAUSE.

Negro Commits Assault and All Blacks Ordered Out of Texas Town.

Dallas, Texas, Aug. 20.—News from Whitewright, Texas, is to the effect that all the negroes of the town, more than a hundred persons, have fled from fear of a race war. A negro attacked a white woman about a week ago and that night the negro accused of the offense was hanged but was rescued and saved from death by the sheriff and a posse. Notices were posted ordering all negroes to leave the place and the blacks fled.

DENVER MAN DIES

New York, Aug. 20.—Colonel C. E. Taylor, of Denver, who was taken to the Hudson Street hospital from his hotel last night suffering from hemorrhage of the stomach, died today. He was found unconscious in his room. Facts which appeared suspicious caused the police to commence an investigation. Cards were found proving his identity.

Headquarters for wedding cards and announcements—New Mexican Printing Company.

BROKE UP MEETING.

Rumors of Street Car Strike Cause Trans-Mississippi Congress to Adjourn Suddenly.

Seattle, Wash., Aug. 20.—The proceedings of the second day's session of the trans-Mississippi congress were broken off with a jar yesterday afternoon when John Henry Smith, of Utah, presiding temporarily, raised his hand for order and announced that the women in the hall had better hurry to their homes for there was a rumor that the street car men were going out on a strike at 4 o'clock in the afternoon.

Five minutes later the hall was cleared not only of women but of men as well.

Though official action has not yet been taken, it is generally understood that the next session of the congress will be held in St. Louis during the world's fair.

Richard C. Kerens, the Republican leader of Missouri, was unanimously elected president for next year.

A. L. Black, of Whatcom, Wash., first vice-president.

Walter Gresham, of Galveston, Tex., second vice-president.

Hon. John Caulfield, of St. Paul, Minn., third vice-president.

C. B. Booth, of Los Angeles, Cal., fourth vice-president.

George B. Harrison, of Kansas City, Mo., was elected treasurer.

Arthur F. Francis, of Cripple Creek, Colo., was re-elected secretary.

FINED A HUNDRED.

Missouri Bribe Solicitor Gets Off With Light Punishment.

Kansas City, Mo., Aug. 20.—A special to the Star from Jefferson City says: "State Senator William P. Sullivan, accused of soliciting bribes for three votes on the anti-alum bill during the session of the legislature last winter, was found guilty by the jury at 2:35 this afternoon and his punishment was fixed at \$100 fine."

HIGHWAYMAN SHOT, CONSTABLE KILLED

St. Louis, Aug. 20.—The two highwaymen who attempted to rob the St. Charles hotel office early today were put to flight by Clerk Dawson with a revolver. One of them, who gave the name of Joseph Wright, was probably fatally shot. Policeman Cremins, attracted by the shooting, received a bullet in the leg. Twenty minutes later John McAuliffe, a deputy constable, who was driving rapidly several blocks from the St. Charles hotel, was shot and killed. It is not known who fired the shot.

TALK OF LYNCHING.

Bowman, Colo., Aug. 20.—The first shooting affair at Camp Bowman occurred this morning when Larry Kennedy shot and probably fatally wounded Arthur Bennett, the bartender of the Big Tent saloon. Kennedy is under arrest and there is some talk of lynching.

TEN MILES COMPLETED

Work on the New Mexico & Southwestern Railroad Is Progressing Satisfactorily.

The Rev. Father Antonio Jouve-neau, who is well and favorably known in this city and who is now a parish priest at Park View, spent the past week in town attending the retreat of the Catholic priests of the archdiocese in this city. Father Jouve-neau states that the range and crops in northern Rio Arriba county are in excellent condition and that stock is doing very well. Work on the new road, the New Mexico & Southwestern Railroad, from Lumberton to Gallina in Rio Arriba county which is about forty-two miles in length, is progressing satisfactorily. The grade is completed to Stone lake, about fifteen miles south of Lumberton, and the track is laid to the vicinity of Horse Lake about ten miles south of the same town. It is expected that Elvado, the new location of the saw mills of the Burns-Biggs Lumber mills will be reached about October 1. Elvado is about twenty-two miles from Lumberton. Many of the men in that section are working on road construction and also in the lumber mills, preferring this to work on farms and herding sheep, as it gives them ready money. Upon the whole Father Antonio is well pleased with the condition of affairs in his parish. It will be remembered that he served in this city for many years and for some time as director of St. Catherine's Indian school, in which position he gave excellent satisfaction. He is very popular and highly respected by the many who know him in this county and city.

Justice of the peace blanks, in English and in Spanish, for sale in large or small quantities by the New Mexican Printing Company.

PLANS FOR SETTLEMENT

Negotiations in Progress for a Scheme to End the Troubles at Macedonia.

THE POWERS WILL ACT

Russia on the Sea, Austria on Land and Little Italy to Help Out.

Brussels, Aug. 20.—The Independent Belge says it hears that the powers have arrived at an understanding regarding the steps to be taken to suppress the revolt and to apply reforms to Macedonia. According to this unconfirmed report Russia will act on the sea, occupying the Dardanelles and Bosphorus, while Austria will act on land, and Italy will exercise a surveillance over Albania. After peace has been restored the powers will withdraw and restore Turkey to full sovereignty.

PLAN TO END TROUBLES.

London, Aug. 20.—The Associated Press learns that important negotiations are in progress between the powers which promise to result in the early adoption of a new plan for the settlement of the Macedonian troubles. A foreign office official said: "It is somewhat premature to say that a definite agreement on the subject has already been reached as stated in the Independence Belge of Brussels, but notes are being exchanged in this direction." In other quarters it was intimated that the scheme was practically on the lines referred to by the Belgian newspaper."

RUSSIAN SQUADRON ARRIVES.

Constantinople, Aug. 20.—The Russian squadron arrived off the eastern coast of Turkey yesterday afternoon.

STATEMENT DENIED.

British Mediterranean Squadron Will Not Be Despatched to Salonica.

London, Aug. 20.—The admiralty today denied the Chronicle's statement that Admiral Domville, commanding the British Mediterranean squadron now off Portugal, had received orders to immediately despatch some of his ships to the vicinity of Salonica. The officials informed the Associated Press that nothing had been done regarding the despatch of the British force to Turkish waters and it was not expected that such action would be taken in view of Great Britain's announced support of the policy of Russia and Austria, unless some radical change in the situation should take place.

SITUATION IS ACUTE.

Chinese in Manchuria Throw Stones at Russian Troops.

Berlin, Aug. 20.—A despatch to the Cologne Gazette from St. Petersburg says: "The situation in the far east is becoming more acute. Even in Manchuria the Chinese are assuming an insolent attitude toward the Russians particularly toward the troops. At one place stones were thrown at the commander of the troops. While all the Russians are the objects of insult, a spirit of opposition to the Chinese government is also manifested."

BANK FAILS.

President Borrowed Nearly All the Funds of the Institution.

Washington, Aug. 20.—The Citizens' National bank of Beaumont, Texas, which was closed yesterday by National Bank Examiner Logan, shows that the estimated loss will amount to \$229,000, and the doubtful items to \$49,000. The failure is said to be due to large loans made to the president, R. Oliver, and to the enterprises in which he was interested. It is believed that no other institution in Beaumont will be affected.

COLOMBIA WILL DRAFT

ANOTHER CANAL TREATY

Washington, Aug. 20.—Acting Secretary of State Adey today said he had received a cablegram from Minister Beaupre at Bogota, dated August 12, saying that the Colombian congress had under consideration another proposition looking to the drafting of a satisfactory canal treaty.

WILL PAY DEATH PENALTY.

Cheyenne, Wyo., Aug. 20.—James Keffer, who murdered William Warren in 1901, and who was almost a subject of lynching at Lander last Friday and Saturday nights, for the reason that it was believed he would secure a new trial, was resentence today to be executed September 23.

The fight for single statehood must be recommenced without delay, and with great vigor and cohesion. The harder the fight, the greater the victory.

The city council of Albuquerque has granted an electric street railway franchise to W. H. Greer of Deming and his associates, who have the necessary financial means to construct and operate such a railway. Mr. Greer is a good business man and the New Mexican hopes the project will be successfully carried out by him. This paper favors improvement in every section, county, precinct, city, town and hamlet in this territory. What is good for one is good for all.

There never was a fight made for the rights of a people, where the people themselves apart from the press, did so little to help their own cause along, as the people of New Mexico have done for themselves in the statehood fight.—Journal-Democrat. The Journal-Democrat hits the nail on the head in the above item. The people must help the press just as the press helps the people to obtain what is needed and good for New Mexico. When the people and the press are united and are working for the same object the latter must and will be attained.

The management of the New Mexico Territorial Fair association, which will have its exhibition this year from October 12 to 17, inclusive, at Albuquerque, appears to be leaving no stone unturned to have the grandest exhibition ever given in this section. The \$4,500 in purses offered for horse racing is bound to draw a large collection of first-class horses, while the \$2,000 purses for the cow boy tournament will get together an array of talent never before seen in New Mexico. Santa Fe should have her baseball team ready to go down and capture the first money in the baseball tournament.

It is said the iron and steel trade is the truest test of a nation's industrial standing. If that is true America has reached the very apex of prosperity. Washington dispatches of recent date state that the state department has received from consular sources some notable comments on the development of the world's steel industries. Of all the countries producing steel the United States, in 1902, with an output of 15,000,000 tons stands away in the lead. Of one report the department says: "These figures grow in importance when it is remembered that the world's production in 1894 was only 12,851,000 tons. Germany's product in 1902 was 7,780,000 tons or one-half of the United States', while England's was only 5,000,000 tons or one-third of America. This marvelous increase of the steel product of the United States is all the more remarkable when it is remembered that a few years ago America was behind both Germany and England and that now this country far exceeds them both. The world's total output of steel for 1902 is estimated at 35,000,000 tons of which this country will produce about one-half. This output indicates a growth of 700 per cent in 22 years or an increase of from a little more than 4,000,000 tons in 1880 to 35,000,000 tons in 1902. The increase is due to the introduction of improved processes, notably the flame furnace. Pennsylvania leads the world in the use of this furnace, is closely followed by Illinois, New England and Ohio. It should not be forgotten that nearly all of this steel output grew up under the benign influence of Republican protection for it had hardly an existence previous to the Morrill tariff of 1861. It is hardly within the bounds of probability that the people will abandon the exuberant prosperity they now enjoy in every branch of industry and indulge in wild experiments with free trade which has always been attended with ruinous consequences to the country.

New Mexican want and miscellaneous ads always bring good results.

NOT A LOCAL APPOINTMENT.

The New Mexican's esteemed contemporary, the Las Vegas Optic, insists that the people of the territory should get together and join in the recommendation to appointment of a resident of the fifth judicial district to fill the vacancy now existing on the territorial supreme court bench. In the same editorial the Optic intimates that Judge W. H. Pope of this city, who is a candidate for appointment, is not a bona fide resident of the territory as he but recently returned from the Philippine islands where, for a year, he has served most acceptably in the position of judge of the court of the First Instance. The Optic also says that Frank W. Clancy, Esq., of Albuquerque is a candidate for the office but should not be appointed because he is a resident of the second district. In addition the paper says that Captain W. C. Reid is the only candidate from the fifth district.

The New Mexican is compelled to differ from its valued contemporary upon all these points. In the first place the appointment to be made by the President is not one of a judge for the fifth judicial district, but is one of associate justice of the supreme court of New Mexico, an office which in no way can consistently be called local. The fifth judicial district has no more claims upon the appointment than has any other district. The people of the entire territory should have a voice in this matter and if they cannot agree upon one man, a New Mexico lawyer receiving the strongest and best recommendations should, of course, be selected by the President.

On the present supreme bench are two lawyers who, at the time of their appointment, were residents of the third judicial district. One of them, Judge J. R. McFie was assigned to this district, the first; there was not only no remonstrance from the people of the district, but quite the reverse, they were greatly gratified that so good a lawyer, so honorable a man and so patriotic a citizen as Judge McFie came here. Judge Mills and Judge Baker were non-residents when named as chief justice and associate justice of the supreme court of New Mexico respectively, and not as judges of any particular district. The selection as district judges was made by the court itself and the people of New Mexico had absolutely nothing to do with it.

The New Mexican has been assured by Frank W. Clancy, Esq., that he is not a candidate for the position. This paper is free to say that had he been such a candidate, second district or no second district, it would have cheerfully, earnestly and energetically supported him against all other candidates no matter from where.

In the fifth judicial district this paper knows that W. E. Kelly, Esq., of Socorro, has been very strongly indorsed and has probably as many recommendations from the district as has Captain Reid, if not more. Right here the district itself seems to be divided and it appears to the New Mexican that what the people there really want is a judge who will hold court and they are not very particular what his name shall be, provided he will promptly and energetically attend to the accumulated court business that awaits him.

Judge Pope is in every respect more of a bona fide resident of the territory than any lawyer who is an avowed candidate for the position except Mr. Kelly. Judge Pope has been a resident of Santa Fe for ten years and was appointed by the Philippine commission to a judgeship in the Philippines as a resident from New Mexico and upon the recommendation of many of its leading and best citizens. His outside influence is small compared with the New Mexico influence exerted in his behalf. He is a property owner and has invested nearly every cent of his savings in real estate in this country. He came here when but twenty-three years of age, with the intention of making this territory his permanent home and the very fact that he resigned his judgeship in the Philippines and returned here proves this assertion conclusively. Captain Reid, no doubt, has good claims both as a citizen and as a lawyer; he has been a resident of New Mexico about eight or nine years. Mr. Turner of Silver City has been a resident of the territory for but few years; if residence alone were to be considered, Mr. Kelly, who has lived in Socorro for about twenty-two years, should receive the appointment.

This is the situation. Judge Pope is an applicant for appointment and has received many and flattering endorsements not only in this city and county, but from every section of the territory. As stated above the position is not at all local and it would be for the best interests of the people were it never made so. The New Mexican hopes in this instance that local claims will not be considered and it believes that they will not. This paper in reality has no candidate of its own for the place; it has simply stated facts as they have occurred and gives such in connection with Judge Pope's candidacy. He seems to be the candidate of the majority of the people and of many of the leading and influential Republicans of the territory. This fact this paper recognizes. That is all that there is to it.

The Beer That Made Milwaukee Famous

HERBINE

Readers the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient into a good condition in a few days.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Ter., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." Fifty cents at Fischer Drug Co.

LOW RATES

From June 5 to October 15 the Denver and Rio Grande Railroad will sell summer excursion tickets to points named at the following low rates: Santa Fe to Pueblo and return \$17.55; Santa Fe to Colorado Springs and return \$19.55; Santa Fe to Denver and return \$22.55; Santa Fe to Glenwood Springs and return (via Salida and Leadville) \$28.65. Final return limit Oct. 31st, 1903. At all points except Glenwood Springs a fee of 25 cents is charged when tickets are executed for return passage. Stopovers allowed north of Pueblo and stopovers allowed west and south of Pueblo either direction, for parties desiring to make the following side trips at one fare for the round trip, viz: From Salida to points between Gunnison and Cimarron; from Alamosa to points on Creede Branch; from Antonito to Pagosa Springs. For any further information, sleeping car reservations etc., call on or address J. B. DAVIS, Agent.

THE ENGINEERING AND MINING JOURNAL
261 Broadway, New York

Go'd in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills". The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY,
Gen'l Agent, Burlington Route, Denver, Colo.

Justice of the peace blanks, in English and in Spanish, for sale in large or small quantities by the New Mexican Printing Company.

Notice for Publication.

(Homestead Entry No. 7375.)
Land Office at Santa Fe, N. M., July 18, 1903.
Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on August 26, 1903, viz: Piedad Madrid, for the n.w. section 17, township 11 north, range 10 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Jose Leon Madrid, Cristoforo Madrid, of Galisteo, N. M., Feliciano Lobato, of Lamy, N. M., Santiago Madrid, of Placitas, N. M.
Any person who desires to protest against the allowance of such proof, or who knows of any substantial reason, under the law and the regulations of the Interior Department, why such proof should not be allowed, will be given an opportunity at the above mentioned time and place to cross-examine the witnesses of said claimant, and to offer evidence in rebuttal of that submitted by claimant.
MANUEL R. OT, Register.

TERRITORIAL PICKINGS

ROOSEVELT COUNTY.

Death Invaded Three Homes at Portales During the Past Week.

D. E. Griggs is building a large residence of the artificial stone manufactured at Portales.

Jesse Bros. have commenced operations on the artesian well which is to be drilled at Portales, the expense being borne by public subscription.

W. E. Lindsey, W. O. Oldham, and W. K. Breeding appointed to get together an exhibit from Roosevelt county for the Louisiana purchase exposition have gotten down to work.

Sheriff W. W. Odem of Roosevelt county has brought Will Boykin from Abilene, Texas, to Portales. Boykin was arrested some time ago for crookedness in a cattle deal and was bound over in the sum of \$1,000. While trying to secure bondsmen he gave the officers the slip but was recaptured at Abilene.

Three deaths occurred at Portales during the past week. Mrs. Annie Price, wife of P. W. Price, manager of the Donoho Mercantile Company, died, aged 42 years. Intermittent was at Weatherford, Texas. Joseph Elbert Washam, the oldest son of Mr. and Mrs. J. S. Washam, succumbed to typhoid fever. He was aged 22 years. Mrs. R. A. Kelley died on Tuesday evening, leaving a husband and three small children.

A nondescript tramp drifted into Portales last week and reported that artesian water had been struck by well drillers at Delphos, twelve miles west of Portales. He described in detail how the well was down 250 feet and that the water flowed eight inches over a six inch casing. In less than half an hour many Portales people were on their way to Delphos, and later the exodus became quite general. Of course, it was discovered before the day was over that the tramp's story was a fake. In the meanwhile the tramp had left for other parts and thus escaped a severe drubbing.

GRANT COUNTY.

Accidental Killing at Santa Rita—Flood Last Week Not so Bad as Reported.

C. Silsby, aged 58 years, died at Silver City last week.

The Fort Bayard baseball team defeated the Central team on Sunday by a score of 14 to 6.

Pinos Altos people complain of men riding through the camp at night and discharging their fire weapons.

Miss Cordelia Jones, formerly of Silver City, was married at Los Angeles a few days ago to Robert W. Gowanlock.

A breakwater has been erected alongside the Silver City National bank and the Murray and Lane buildings on Main street, Silver City.

Silver City was visited by another flood on Saturday which came down Bear mountain. It caused two small buildings to fall in and washed out Main street.

The teachers' institute for the county of Grant is in session at Silver City and is being conducted by County School Superintendent Alvan N. White. The total enrollment is thirty teachers.

Miss Pearl Dotson has been elected principal of the public schools at Lordsburg. Miss Gussie Rogers, a graduate of the Silver City normal school, has been appointed a teacher at Duncan, Ariz. Charles L. Dotson and W. S. Littlefield have been appointed directors to fill vacancies in the Horn school district.

Jenaro Jimenez, of the Mimbres country, was accidentally killed at

Santa Rita. He was in the camp selling fruit and was just ready to return home when he dropped a six-shooter he had with him. The weapon was discharged and the bullet entered the left side of the abdomen passing through the body. Death resulted from an internal hemorrhage.

Ground has been broken for the new Asbury Methodist Episcopal church at Silver City. Dr. A. P. Morrison, superintendent of the New Mexico English missions, was in charge of the services. The new church to be erected is to be one of the most beautiful Methodist church edifices in New Mexico. It will be of brick and the main audience room will be 46x25 feet. The building will have two towers and is to cost \$11,000.

The Silver City Independent deprecates the reports that were sent out anent the flood in that city last week. The report that the damage was \$100,000 is declared to be a lie, pure and simple. The Silver City Independent falls in line with the suggestion of the New Mexican that the business portion of the town should be moved out of the gulch to higher ground as it is an absolute certainty that future years will bring other floods that will cause destruction if not loss of life.

A suit has been instituted by James R. Brent and D. C. Hobart, representing the citizens of Silver City, for the purpose of testing the application of the laws recently enacted by the territorial legislature and controlling the election of mayors, aldermen, treasurer and members of boards of education in cities and towns. It is contended by the petitioners that this law does not apply to Silver City which was incorporated under a special charter.

Judge Frank W. Parker granted an alternative writ of mandamus against the mayor and the members of the town council returnable on September 7 at Silver City to show cause why they should not call a municipal election forthwith for a mayor and three councilmen. If the petitioners are sustained in their contention it would leave Councilman Richard Grabe as the entire local government of Silver City.

QUAY COUNTY.

Henry Young and S. C. Pandolfo are building neat residences at Tucumcari.

A party of United States surveyors is surveying reservoir sites on the Canadian in Quay county.

H. H. Crosbie has shipped two carloads of young steers from Tucumcari to Cottonwood, Iowa, to be fed before being put on the market. He recently purchased the stock from Browning and Caleb Adams.

Nine cars of bridge material have been purchased by the Rock Island Company which had been at work on the Choctaw extension. Last week the claim agent of the Rock Island paid for the right-of-way of the Choctaw over private property in Tucumcari.

The teachers' institute for Quay county is in session at Tucumcari. County School Superintendent Milnor Rudolph and Professor S. C. Pandolfo are the conductors. The following have been appointed teachers at Tucumcari for the coming year: Professor Branche Craig, principal; Miss Donnell of Clarendon; Miss Mamie O'Rourke and Miss Lula Berry of Mineral Wells.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Money's Digest to New Mexican Supreme Court Decisions for sale by the New Mexican Printing Company.

THE DEATH PENALTY.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at Fischer Drug Co.

D. & R. G. CHANGE OF TIME.

Until further notice the Denver & Rio Grande train arriving here in the evening will be run as an extra from Espanola to Santa Fe, arriving at Santa Fe about 5 p. m.

J. B. DAVIS, Agent.

STOP THAT COUGH!

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable, take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00 at Fischer Drug Co.

Engraved visiting cards with or without plate furnished by the New Mexican Printing Company.

NOT OVER-WISE.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglecting to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of cyclones a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists.

CURES SCIATICA.

Rev. W. L. Riley, L.L.D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, \$1.00 at Fischer Drug Co.

Nothing has ever equalled it.
Nothing can ever surpass it.

Money back if it fails. Trial Bottles free.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4 00
Combination civil and criminal \$ 6 00
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address
NEW MEXICAN PRINTING CO.,

The New Mexican is sending about 50 copies each week to parties desiring information about Santa Fe. This is done for the public good, and free of charge although it is quite expensive.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$35 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

Chief Justice W. J. Mills returned yesterday to Las Vegas from a thirty days' leave of absence which he spent in his old home in Connecticut.

L. A. Bond and wife of Wagon Mound, are in the city and stopping at the Claire. They will leave for Estancia where they will visit relatives.

Mrs. H. W. Stevens, has returned from Albuquerque where she visited her husband, who now holds a good position in the office of the daily Citizen.

Mrs. Sylvester Davis, Mrs. A. Chavez, Miss Chavez and George Davis, of Galisteo, who have been guests at the residence of Ambrosio Ortiz, have returned to their home.

John Mainetti and son are at the Bon Ton. John Mainetti was recently injured in the mines at Madrid and has come to this city for treatment. His eyesight is severely injured.

A jolly picnic party consisting of Mrs. Connelly, Mrs. Perkins, Mrs. Stauffer and Mrs. McElroy, spent the day in the vicinity of Monument Rock in the beautiful Santa Fe canon.

Mrs. J. P. Dunlavy, wife of the assistant general manager of the Dunlavy Mercantile Company at Torrance, was among the passengers who arrived on the Santa Fe Central train this morning.

Mrs. J. J. Keyes, wife of Assistant Superintendent Keyes of the Santa Fe Central, was a passenger on this morning's train from Torrance. Mr. and Mrs. Keyes will take up their residence in this city.

S. H. Spooner and wife of Indianapolis, who have been spending a few days in Santa Fe, have gone to Albuquerque. Mr. Spooner is special agent of the department of justice in Indian depredation claims.

A. G. Kennedy, chief engineer of the Santa Fe Central Railway came in this morning and enjoyed the ride from Torrance to this city over the road greatly, as he was the engineer who located the line and now finds it to meet all expectations.

H. R. Mitchner of Albuquerque, arrived in the city last evening and will work in the New Mexican bindery as foreman for some weeks and until Hugh B. Phillips, who has been in that position for some months but is now quite ill, recovers and is again ready for work.

Estanislado Chavez and Miss Margarita Mora will be married at the church of St. Joseph at Galisteo next Monday. Mr. Chavez, accompanied by his father Romolo Chavez, is now in this city purchasing the furnishings for the new home that the newly married couple will occupy at Galisteo.

Mr. and Mrs. M. O. Van Fleet and daughter Lula, who left Cleveland for Sunmount ten days ago, are detained in Denver on account of Mr. Van Fleet's illness which renders his traveling impossible. As soon as he is able to resume the journey they will proceed to this place and take up their residence at the Tent City.

J. C. Spears of Gallup, collector and ex-officio treasurer of McKinley county, went east yesterday on a visit to his old home in Pennsylvania. While there he will attend the annual session of the Sovereign Grand Lodge of Odd Fellows, which meets in that city September 24, as representative from the Grand Lodge I. O. O. F. of New Mexico.

Frank Dibert, assistant treasurer of the Santa Fe Central, and C. G. Kaadt, official photographer of the road, returned last evening from a visit along the line, during which they spent several days securing fine panoramic views of the scenery and landscapes in the vicinity of the road. They had

a rather hard trip of it, but found it enjoyable and interesting nevertheless. M. T. Moriarty, the well-known ranchman of Moriarty, is in the city on business.

Ben Bibb of Cubero, assessor of Valencia county, is in town on official business.

Mrs. M. T. Long, who has been visiting the family of Mayor Sparks, has returned to her home in Las Vegas.

A. R. McCord, chief clerk in the surveyor-general's office, and Roy P. Creighton, have returned from their vacation, which they spent fishing.

Dr. John P. Norris, one of the surgeons of the Santa Fe Central Railway arrived this morning, coming in on the first Santa Fe Central train from Torrance.

ALLEN YOUNG DEAD.

Well Known Cerrillos Man Passes Away at St. Vincent's Hospital.

Allan Young died at St. Vincent's hospital this morning at 6:30 o'clock of typhoid fever after an illness of six weeks. For four weeks he had been at the hospital having come from Cerrillos, but the malady would not yield to treatment. Mr. Young was aged about 62 years and for the past fifteen years had made Cerrillos his home. He came west from Salem, Ill., and a brother who lives there survives him. This brother has been telegraphed.

The body has been taken in charge by Dudrow, Kennedy & Townsend, undertakers, and prepared for burial. It will be taken to Cerrillos this evening and interment will be made there tomorrow afternoon. The services will be held from the Methodist church and will be conducted by Rev. E. J. Messer, the pastor. W. H. Kennedy, who for many years has been a friend of deceased, will accompany the remains to Cerrillos. Mr. Young was a carpenter by trade and was well known throughout this section of the territory.

The common taste for vanilla is formed on tonka, a strong coarse flavor. Real vanilla—Schilling's Best—is delicate soft fine rich creamy and not overstrong.

LUNCH COUNTER

Our Lunch Counter is kept stocked with everything in the eating line from Eastern and Western Markets, and if you are looking for a good place to eat at, call at the BON TON.

MEAT MARKET. PHONE 49.
During this hot weather it is more important than ever, if possible, that you should look well to your meat supply. We handle nothing but the best that we can get, and at reasonable prices. If you really care for fancy meat you should give our market a trial.

NEW GOODS.
Asparagus Tips..... .30
Dunbar's Shrimps..... .25
Saratoga chip potatoes..... .25
Keystone Butter..... .25
Keystone Butter is Colorado made butter and packed in sealed cartons. Guaranteed pure separator creamery.
Corned Codfish..... .15
FERNDELL TEA.
We have lately added Ferndell mixed tea to our stock. It is a pleasing blend of several different sorts of tea, and is especially desirable for those who use iced tea. One-half lead packages..... .40
FRESH FRUIT.
We are now receiving, Free Stone Peaches, California and Mission Grapes, California Plums, Bananas, Oranges, Apples, Strawberries, Blackberries, etc.
CHASE & SANBORN.
We have for many years sold Chase & Sanborn's famous Boston Coffees. We are now selling more of them than we ever have in the past. This we think a strong recommendation for them. Seal Brand, in cans..... .40
1 pound packages, C. & S. Coffee..... .25 30 and 35
3 pound cans C. & S. Coffee..... 1.00
FRESH VEGETABLES.
Fresh vegetables are somewhat scarce just now, but we aim to have all there is to be had. Cucumbers, radishes, onions, cabbage, squash, New Jersey sweet potatoes, green chile, tomatoes, green corn, etc.
WATERMELONS.
Our plan of receiving express shipments of watermelons almost daily has proved very popular. Unless melons are fresh they are not desirable. Express shipments insure freshness.

J. P. VICTORY

Attorney at Law and
Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
Money to loan upon real estate security on easy terms.

Something choice: First class properties on San Francisco street paying more than 8 per cent net on rentals. Have upon my books excellent fruit ranches in the Espanola valley, large and small ones, plenty of water. Furnished rooms on Palace avenue.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Examine a 23-acre tract east of the Wieland place, and then ask me its price; you will be surprised.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

On lower San Francisco St., east of the railroad track, I can sell you properties desirable for homes or business propositions; these will bear examination. I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian Church, which in a few years will be worth double the present asking price.

About two blocks west of Guadalupe church, on De Vargas St., I can sell you three small homes.

OUTSIDE PROPERTY.
At El Cervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,600 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

MERCANTILE PROPOSITIONS.
To those desiring an investment in a good mercantile business located in a thriving town in Rio Arriba county I can suit them with the chance of their lives; general merchandise, large stock; store, two cottages, stables, and other buildings; large tract of land, with big orchard, producing the last season \$1,400; merchandise business pays from \$2,500 to \$3,000 a year and can be increased; fine fishing, boating and bathing; with horses, wagons, etc., 20 varieties of choice roses and other flowers in abundance; owner will allow prospective purchaser to thoroughly investigate before buying; good reason given for selling.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central, and an eight page daily; who says that the world don't move, and our city with it.

HOUSES TO RENT.
One 9 room house, with all modern conveniences, excellent neighborhood. A new 6 room cottage, bath, stationery range and all modern conveniences. Also the building corner of Water St. and D & R G railroad track lately used as a saw mill.
Several small houses, some adobe, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.
UNFURNISHED ROOMS.
I can rent several rooms in the Hersch building on lower San Francisco street, or will lease the whole building.
I have 3 or 4 rooms, and stable, that I will rent, on De Vargas St., two blocks west of Guadalupe church.
FARMS & RANCHES.
I have inquiry from outside party for ranch in the Espanola valley; also for ranch in the district between Tesuque and Espanola; price must be reasonable.

MINOR CITY TOPICS

Wait a moment. I have to stop at GOEBEL'S on my way home. Andres Ruiz and Cleofes Garcia, ranchmen from Rowe, are in the city on business before the land office.

Train No. 2 on the Santa Fe system, from California and points west, was about an hour late this morning. Any one contemplating matrimony soon should hear Prof. Deschamps at the court house tonight.

Those having the care of children, either parents or children, should hear Prof. Deschamps tonight at the court house.

The report in the Albuquerque newspapers that I. Sparks has resigned as mayor of Santa Fe is without foundation.

Work was commenced today on the foundation for the turn table in the Santa Fe Central Railway yards. The foundation for the track scales has been completed.

A lawn ice cream social will be held at the residence of H. S. Lutz this afternoon and evening. The proceeds will be for the Ladies' Aid Society of the Methodist church.

The Guild of the church of the Holy Faith will meet with Mrs. Garrett and Mrs. Martin, at the home of Mrs. Garrett Friday afternoon. The conveyance will be in front of the Catron block at 2 p. m.

"The Santa Fe New Mexican is now issuing a metropolitan paper having doubled its size. We wish Colonel Frost success as he is one of New Mexico's best friends."—Red River Prospector.

On the seventh page of this issue is the weekly crop bulletin issued by the New Mexico division of the weather bureau. It will be found to be of great interest to horticulturists and agriculturists.

Henry Krick announces that he is prepared to fill all demands of the trade and that mail orders will receive prompt attention. He is the local agent for Lemps St. Louis beer and handles all kinds of mineral waters.

While enjoying camping out in the Santa Fe canon John L. Zimmerman and E. P. Shields are doing some surveying work for the Capital Light and Power Company. A compass and other surveying instruments were sent to them this morning.

The predictions are for generally fair weather tonight and Friday with warmer weather Friday and in the southern portion tonight. The maximum temperature yesterday was 80 degrees at 1:10 p. m., and the minimum was 59 degrees at 5 p. m. The temperature at 6 o'clock this morning was 59 degrees.

The operatta to be given for the benefit of the Woman's board of trade on the 27th inst., is a very pretty little composition. Comical situations and catchy airs are interspersed with spicy dialogue. Many well-known society ladies are in the caste. Come and spend a pleasant evening and help a good cause.

H. S. Lutz, city ticket agent of the Atchison, Topeka & Santa Fe Railway Company, has posted notices that from 500 to 1,000 men to work in the mines are wanted at and around Prescott, Ariz. The wages paid range from \$2.50 to \$3.50 per day. The time is, here when every man who desires to work in the southwest can find employment at remunerative wages.

The Weekly New Mexican Review is published by the New Mexican Printing Company every Thursday. It contains the most reliable and latest territorial, mining, educational, stock raising, railroad, social and political news of the week from all points of the territory. It is an excellent paper to send to friends in the east. Price five cents per copy.

R. B. Meyers of Albuquerque, is in the city. Mr. Meyers is the news agent of the Santa Fe Central and is looking after the business along the line of the new road. Mr. Meyers will make this city his headquarters for the present and will develop the territory along the new line. He says that the demand for the New Mexican is very considerable all along the road. He leaves for a trip along the line this evening.

An always popular member of the Joseph Newman Company, which comes to Santa Fe, Tuesday, August 25, is Miss Carlotta Bixler, the violinist. This is her fourth tour with Mr. Newman and she has a warm place in the hearts of all true lovers of music. Miss Bixler has had every advantage offered in this country and in Europe in perfecting herself in her chosen line of work. She has had considerable experience in concert work and she compares favorably with the best lady violinists in the country. Among her selections for this season are Debussy's Seventh Concerto, Ernst's Flegie, Musin's Mazurka de Concert and Godard's Berceuse, "Joselyn."

OIL DERRICKS BURN.
Beaumont, Texas, Aug. 20.—A telephone message from the Sour Lake oil fields this afternoon states that a disastrous fire is raging there. Thirty oil derricks are reported to have been consumed.

GOOD DINNERS
Are being served every day at the BONTON. These dinners are becoming quite popular, and it is the intention of the management to keep them up to the standard. It will pay you to call.

OFFICIAL MATTERS

SURVEY APPROVED.

The following application for survey has been approved by the commissioner of the general land office: T 21 N, R 22 E.

TERRITORIAL FUNDS.

Territorial Treasurer J. H. Vaughn today received from Oscar Lohman, treasurer and collector of Dona Ana county, \$725.75; from Charles O. Leach, treasurer and collector of Roosevelt county, \$106.99 of 1902 taxes.

COAL LAND CONTEST CASE.

The hearing in the case of S. Spitz against George W. Green is being held before the register and receiver of the land office. The case grows out of the application to purchase coal lands located on the Pecos, which was filed by Green and which is contested by S. Spitz. The attorneys are: N. B. Laughlin, Esq., for the plaintiff and Charles F. Easley, Esq., for Green.

NEW MEXICO PENSIONS.

Mrs. Dorotea O. Dominguez of Miera, Sandoval county, has been informed by the bureau of pensions that her claim, as the widow of Nepomuseno Dominguez, for pension which had accrued from the date of her husband's death to March 25, 1900, has been allowed; and she herself has been granted a pension of \$8 per month from July 9, 1900, and each of her two minor children will receive \$2 per month from July 9, 1900, and she will receive as back pay nearly \$450, for herself and children.

James H. Jackson, of Central, Grant county, has been allowed a pension of \$4 per month from December 23, 1892, and of \$6 per month from March 2, 1895, and he will receive over \$700 as back pay.

LAND OFFICE BUSINESS.

The following homestead entries have been made: William F. Tudor of Santa Rosa, 150 acres in Leonard Wood county, being the NW 1-4, Sec. 31, T 8 N, R 23 E.
Ignacio Tenorio of Palma, 160 acres located in Bernalillo county, being the NW 1-4, NE 1-4, E 1-2, NE 1-4, Sec. 28, NW 1-4, NW 1-4, Sec. 27, T 9 N, R 14 E.

Robert Crabtree of Eastview 160 acres located in Valencia county, being the SE 1-4, Sec. 15, T 4 N, R 5 E.

The following final homestead entries have been made: Vivian Abeyta of Wagon Mound 160 acres located in Mora county, being the SE 1-4, SE 1-4, Sec. 13, E 1-2, NE 1-4, and NE 1-4, SE 1-4, Sec. 24, T 19 N, R 22 E.

Santos Ortega of Glorieta 45 acres located in San Miguel county, being lot 4, Sec. 6, T 16 N, R 12 E.

DISTRIBUTION OF BULLETINS ON SAN JUAN COUNTY.

The bureau of immigration today sent via the Denver & Rio Grande express 3,000 pamphlets descriptive of San Juan county, with envelopes to match, to Hon. Granville Pendleton, vice-president of the bureau at Aztec, who will distribute these from his office to applicants for information concerning that county. Mr. Pendleton is very active in this matter. Has done and is doing a great deal of work in advertising the resources of that county, which is one of the best from an agricultural and horticultural standpoint in the territory. The Denver & Rio Grande Railroad granted an express frank for the pamphlets from here to Durango as the officials of that road appreciate, and that to a very high degree, the excellent work which is being done by the bureau of immigration and by Mr. Pendleton in bringing many desirable and well-to-do immigrants into northwestern New Mexico.

Money's Digest to New Mexico Supreme Court Decisions for sale by the New Mexican Printing Company.

Malaria

Is a veritable dragon of ill-health. It leaves in its path more physical wreckage than probably any other one disease peculiar to Americans.

WHY? Simply because upon the first indication of the malarial system is usually scourged with quinine, or that deadly mineral-cholera.

Don't Do It. It's Dangerous. It isn't at all necessary either. We positively guarantee

HERBINE

to PREVENT and PERMANENTLY CURE any form of malaria. It is purely herbal. Has all the virtues of quinine and colchicine—none of their deadly effects. It corrects all liver, kidney and stomach troubles. 50c per bottle. All Druggists.

MINES AND MILLS

M. Thomas of Socorro county, tells of a fine copper prospect that he is developing near San Acacia in Socorro county about seven miles from the railroad and the Rio Grande river. The property is known as the Jerome copper group and is located in the San Lorenzo mining district in the foothills of the Magdalena mountains. A shaft has been sunk on the Jerome property to a depth of 60 feet with very satisfactory results. A drift has been run from the main shaft a distance of 40 feet and this also gave very satisfactory results. A 6-foot vein of copper ore has been opened up, assaying from 50 to 75 per cent copper and \$5 in gold per ton. The vein lies between walls of porphyry and limestone. Four men are employed at present in developing the property and eastern capitalists are being interested in the group.

A ledge of black chrome garnet has been discovered at Gold Hill, Grant county, the finder being Charles Snyder, Jr.

According to a court decision, Mrs. Bremen is the undisputed and sole owner of the valuable Bremen mines in Chloride Flat just west of Silver City. St. Louis parties had brought suit to enforce an equity of redemption which they claimed to hold in the mines. Mrs. Bremen held bonds in the amount of \$240,000 to secure which a mortgage had been given on the property, which she sold eighteen months ago under the power of sale contained in this mortgage. The New Mexico statute allows one year for the exercise of the equity of redemption. But the statute was enacted subsequent to the execution of this mortgage and Judge Parker on the demurrer held that the contract must stand as it stood at the time of the execution of the mortgage when no equity of redemption existed.

S. M. Ashenfelter of Silver City is advertising the lease on two fine mining properties at Pinos Altos. At the Boston Mine Exchange, last week, 75 shares of Santa Fe Gold and Copper Company stock were sold at from \$1 to \$1.25 per share, par value \$10 a share.

Hydraulic mines have paid with a yield of only 3 cents or one and a half grains of gold per ton, that is, the collection of 3 parts of gold in 15,680,000 parts of rock has been rendered profitable.

The production of asbestos in the United States in 1902 was 1,005 short tons, valued at \$16,200, chiefly from the mines at Salt Mountain, White county, Ga. The production of asbestos in the United States has never been over 1,200 tons a year. The total value of the imports of asbestos in 1902 was \$762,432, an increase of over 100 per cent in four years. Nearly all the asbestos imported into the United States is obtained from the province of Quebec, Canada. Any one having an asbestos mine hidden in New Mexico has a very good thing.

The production of crude tungsten ores during 1902 in the United States amounted to 183.5 tons of which not more than a few tons were sold. The larger part of the production was from Colorado with a smaller amount from Connecticut. No new finds were reported during 1902. Almost the entire production of commercial molybdenite was by the Crown Point Mining Company of Seattle, Wash., from its property in the western part of Chelan county. The production amounted to 12 tons. The value of the ore is very erratic, the prices quoted varying from \$1,500 to \$100 per ton. There was a marked increase in the production of uranium and vanadium minerals in 1902 which, as reported, amounted to 2,810 tons valued at \$48,125 or \$12.65 per ton. A portion of the uranium ore was treated, giving a concentrated product of 25 tons. The production of crude barytes amounted to 61,548 short tons last year valued at \$195,983. The states producing barytes in 1902 were Virginia, North Carolina, Tennessee and Missouri. The production of fluor spar in 1902 was 48,018 tons valued at \$271,814. There was an increase in the price of both the crude and the ground fluor spar. The production of talc and soapstone was 21,640 short tons, valued at \$413,497. The production of fibrous talc mined in St. Lawrence county, N. Y., was 71,100 short tons valued at \$615,350. The talc imported into this country last year, chiefly from France and Italy was valued at \$35,366.

Mrs. Mollie Allen of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by all druggists.

New Mexican want and miscellaneous ads always bring good results.

Loose leaf ledgers at the New Mexican Special to the New Mexican.

PUTS AN END TO IT ALL. A grievous wall oftentimes comes as a result of unbearable pain from over-taxed organs. Dizziness, headache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by Fischer Drug Co.

AMERICAN MINING CONGRESS.

Deadwood and Lead, S. D., Sept. 7-11. For this occasion the Santa Fe will sell tickets to Deadwood at one fare plus \$2 for the round-trip, (\$34.55) tickets will be sold Sept. 2d to 6th, good for return until Sept. 30, 1903. H. S. Lutz, agent, Santa Fe, N. M.

DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by all druggists.

Trans-Mississippi Commercial Congress.

Seattle, Wash., August 18-20, 1903.

For the above occasion the Santa Fe will sell tickets to Seattle, Tacoma and Portland at a rate of \$18.75 for the round trip, dates of sale August 2nd to 15th, good for return until October 15th, stop-overs allowed. For particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent, Santa Fe, N. M.

RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00 at Fischer Drug Co.

AMERICAN BANKERS' ASSOCIATION.

San Francisco, Calif., Oct. 20-23, 1903. For this occasion the Santa Fe will issue tickets to San Francisco and Los Angeles and return at one fare for the round trip, Los Angeles, \$38.45, San Francisco \$43.05. Dates of sale October 9th to 18th, final return limit November 30th.

H. L. LUTZ, Agent, Santa Fe, N. M.

SOVEREIGN GRAND LODGE, I. O. O. F.

Baltimore, Md., Sept. 21st 28th.

For this occasion the Santa Fe will sell tickets to Baltimore and return at a rate of \$55.50 for the round trip, dates of sale from New Mexico points Sept. 16th, 17th and 18th, good for return passage until Oct. 3d, 1903.

W. J. BLACK, G. P. A., Topeka, Kans.

H. S. LUTZ, Agent, Santa Fe, N. M.

TERRITORIAL FAIR.

Albuquerque, N. M., Oct. 12th to 17th, 1903. For this occasion the Santa Fe will sell greatly reduced rate tickets from all points in New Mexico and Colorado to Albuquerque and return. The rate from Santa Fe will be \$2.65 for the round trip. Dates of sale Oct. 11th to 16th, good for return passage until Oct. 19th.

SUICIDE PREVENTED.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or dependency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

Summer Tourist Rates to Colorado Points. On sale daily via the Santa Fe from June 5 to October 15, good for return passage until October 31, to Denver and return \$22.55, Pueblo and return \$17.55, Colorado Springs and return \$19.55, Glenwood Springs and return \$28.65. Stop-overs allowed at and north of Pueblo. For particulars call on any agent of the Santa Fe. H. S. LUTZ, Agent, Santa Fe, N. M.

END OF BITTER FIGHT.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes of Du Pont, Ga., "and gave me up. Everybody thought my time had come. As a last resort, I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by Fischer Drug Co. Price 50c and \$1. Trial bottles free.

LAND SCRIP.

By the use of so-called land script, title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of the supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture.

NEW MEXICO SECTION CLIMATE AND CROP SERVICE WEATHER BUREAU

In Co-Operation With the New Mexico Weather Service.

Santa Fe, N. M., August 18, 1903.
The weather continues hot and generally dry. Some good showers have occurred during the week but they have been of a local character, and while some fields and some portions of the prairies are fairly well watered other portions are very dry and suffering severely from lack of moisture. All kinds of stock remain in very good condition as yet, and almost daily showers in the mountains furnish a fair supply of irrigation water for the streams, but good, general rains are needed to supply stock water on the prairies, and to bring out the grass on the ranges for fall and winter feed for stock. Unirrigated fields as a rule are needing rains badly, especially corn, but where irrigated the crop is very promising. Second alfalfa is generally secured in northern counties in very good condition; in southern parts the third growth is not turning out well on account of the drought. In some localities the rains have been torrential in character, causing much damage to fields and property. The flood at Silver City on the 11th and 12th is conservatively estimated to have caused damage to the extent of \$100,000, and that of the 16th in Socorro county washed out a portion of the Magdalena branch of the railway and flooded the town of Socorro. Apples, plums, pears and late peaches are coming into local northern markets; the quality of the fruit is very fair but the yield very irregular.

The following remarks are extracted from the reports of correspondents:

Albert—H. W. Hanson—Getting extremely dry; grass is bleaching, and even trees and shrubs are wilting. Cloudy with thunder and lightning almost every afternoon but only a trace of rain. Drought is really becoming severe. Highest temperature, 98; lowest, 57; rain, 0.14.

Andrews—A. S. Warren—Hot and dry; all vegetation is burning up. Springs and wells failing. Considering the drought stock looks well.

Arabela—A. M. Richardson—A good rain on the 6th, but more needed. Highest temperature, 92; lowest, 55; rain, 0.93.

Bell Ranch—C. M. O'Donel—Daily thunder showers but very light, and covering but a limited area. Some portions of the range have had no rainfall, and a good, general rain is much needed. Third cutting of alfalfa is giving an average yield. Rain, 1.04.
Fruitland—Cyril James Collier—Fine weather for all crops. Second alfalfa is in the stack, and a good crop. Corn is well started in the ear and is growing fast. The range is still good. The river carries a good supply of water. Highest temperature, 100; lowest, 51; rain, trace.

Gallinas Springs—Jas. E. Whitmore.—Fine grass in the pasture and stock getting very fat. Unirrigated crops are looking well in places; heavy dews every night keep vegetation from drying up. Wild hay will be scarce in these parts. Fruits are not more than a fifth of a crop. Highest temperature, 96; lowest, 59; rain, 0.36.

Las Vegas (Mora Road)—Leon J. Thornhill—Heavy rain and hail on the 9th, storm doing much damage to standing crops. Second crop of alfalfa is being secured; the third growth is coming on finely. The hail has given corn and other growing crops a setback.

Mesilla Park—R. H. Hart—Days hot and partly cloudy. Third alfalfa will be a failure on account of the drought and the lack of irrigation water, but some water has now been tuffed into the canals. The rains have not been enough to be of much benefit. Peaches (late) and pears are on the market. Highest temperature, 94; lowest, 65; rain, 0.58.

Mimbres—Charles Dennis—Drought finally broken; storm accompanied by hail, which did little or no damage. Local showers have occurred almost every day recently; grass is now growing finely. Third crop of alfalfa is growing nicely. Early summer fruit is now on the market, and the quality is good.

Ojo Caliente—Antonio Joseph—Recent rains in the mountains have replenished the streams, and irrigation water is ample. Wheat and the second crop of alfalfa just harvested are excellent. Live stock in good condition, but the ranges need rain badly. Fruits are better than was expected last spring.

Santa Fe—U. S. Weather Bureau—Light showers almost daily in vicinity but very little at station. Irrigation water insufficient, and some young orchards may suffer greatly from lack of irrigation. Second alfalfa generally secured, and in good condition. Peaches very irregular in yield but of fair quality. Apples very scarce. Highest temperature, 87; lowest, 57; rain, 0.53.
R. M. HARDINGE,
Section Director.

COMMON PROPERTY.

Public Praise is Public Property—Santa Fe People May Profit by Local Experience.

Grateful people will talk. Tell their experience for the public good.

Santa Fe citizens praise Doan's Kidney Pills.

Kidney sufferers appreciate this. They find relief for every kidney ill. Read what this citizen says:

Benito Romero, employed with Lam-bertson's Transfer, residence San Francisco st., says: "The use of plasters for a year and a half on my back did not bring the results I expected and relief from pain across the loins was just as remotely in the distance as it was when I first noticed it. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills and take a course of the treatment. I read in our Santa Fe papers that they could be depended upon and with considerable faith in the preparation because it positively stated they were for the kidneys and the kidneys alone. I commenced the treatment. It was very satisfactory. I used two boxes and they stopped the last attack."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

BIDS FOR CONSTRUCTION OF UNION DEPOT.

Bids for the construction of a union depot for the Santa Fe Central Railway and the Denver & Rio Grande Railroad to be erected in the city of Santa Fe, in the Territory of New Mexico, will be received up to 12 o'clock noon on Tuesday, the 25th day of August, A. D., 1903, at the office of the chief engineer of the Santa Fe Central Railway Company in the Catron Block, in the city of Santa Fe aforesaid, where they will be opened in the presence of the bidders. Plans and specifications can be seen and examined at the same office. A certified check of 15 per cent. of the amount of the bid accepted drawn to the order of the Pennsylvania Development Company, will be required from the successful bidder for the faithful performance of his contract. The company reserves the right to reject any and all bids.

Bids to be in sealed envelopes and endorsed "Proposals for Construction of Depot."

Office of W. S. Hopewell, General Manager, Santa Fe, N. M., August 4, 1903.

Scratch Paper.

Made from ledger, linen flat and book papers at 10 cents per pound at the New Mexican. This is scrap paper put up in pads and is less than the paper originally cost. Only a limited supply.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

THAT SPECIAL SALE

Last week we sold nearly every article advertised at a specially reduced price, which convinced us that our "ad" is largely read and that the people of Santa Fe appreciate bargains when they can get them.

This week we are offering special bargains in Dishes and Kitchen Furniture. Let us convince you.

COME AND SEE OUR NEW FURNITURE

Make your home comfortable during the hot weather. With the many conveniences we offer you can convert your home into a summer resort. We aim to provide something newer, something different, something better than other stores, and at lower prices.

The Latest Improved
**AMERICAN
WASHING MACHINE**
—Best on Earth—

A Wagon's First Cost

is not all there is to it. There are plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood—pithy, "dead," the defective axle-wood, or foresee the shrinking, rattling, loosening of spokes, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

STUDEBAKER WAGONS

are that kind. That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Studebakers in Your Town.

The undersigned are the local sales agents. We carry a generous stock, we'll order and quickly get anything you want. You see the goods and know what you are buying. We stake our reputation on pleasing you. Always ready to show you. Give us a call.

OUR MOTTO:
LIVE, AND LET LIVE

OUTLOOK IS BRIGHT.

Firemen From the Territory Responding to the Santa Fe Meet—Big Delegation From Vegas.

The outlook for the third annual convention of the New Mexico association of firemen which will be held in this city September 2, 3 and 4 is bright and there is every indication that a large attendance will be had. Fire Marshal A. M. Dettlebach is in receipt of letters from various towns and associations and these all promise delegations. The Las Vegas department will have a particularly good delegation in attendance and they will probably bring some of their apparatus. They will have a team if they can secure suitable rates for its transportation. The departments of Silver City, Alamogordo and Gallup will be represented by delegations and there are other towns yet to be heard from. The program is now being prepared and will be ready for distribution about the same time. It is the intention of the management to have the regular program supplemented with baseball games and negotiations are now in progress with the view of securing games with the Albuquerque and Las Vegas teams. The Santa Fe team will be in good condition and if the contests can be arranged some good ball will be played.

Fire Marshal Dettlebach has received an invitation to be present at the meet of the National Firemen's association which will be held in Chicago next month. He has been asked to read a paper on "Volunteer Firemen and Volunteer Associations." Mr. Dettlebach has not yet decided whether he will be able to attend as there are many matters here demanding his attention.

TRES PIEDRAS MINING NOTES.

Special to New Mexican.
Tres Piedras, N. M., Aug. 19.—Forty thousand pounds of copper matte were shipped from Tres Piedras last week. Denver capitalists are taking out gold from the old Symington placers at Good Hope that have not been worked for many years.

The 16 to 1 claim in the Bromide district has struck a better ore in its shaft and ore that will pay a handsome profit in shipping.

Judge Royal of Pueblo, Colo., has placed a force of men at work on the Whale claim in the Bromide district.

More patents are being obtained in the Bromide district than ever before and most of the work being done is for the permanent improvement of the mines and not merely prospecting as heretofore.

TO ADVERTISE SUNMOUNT.

Twenty-Five Thousand Copies of Handsomely Printed and Fully Illustrated Prospectus to Be Sent Broadcast.

The management of Sunmount and the Tent City is having prepared copy and cuts for a finely illustrated folder descriptive of the climatic and health conditions of this health resort. Twenty-five thousand copies of this folder will be printed and they will be distributed judiciously throughout the eastern, southern and northern states. When this edition is exhausted and early in the spring in time for the 1904 season, a revised, enlarged and better illustrated edition will be put forth. The Sunmount management proposes to make this not only a summer resort but also an all-year-around resort for tourists and health-seekers. Substantial and commodious brick buildings will be erected for the accommodation of guests this fall and next spring. This prospectus, which will be ready for distribution in about three weeks, will be accompanied by a personal letter calling attention of the recipient, to Sunmount and the Tent City in particular and to the various attractions of Santa Fe, the capital of New Mexico, in general. The management of Sunmount is enterprising, active and energetic and will leave no stone unturned to set forth in the proper light the many advantages of the resort and of this city.

FIRST TRAIN ON SANTA FE CENTRAL

Arrived on Schedule Time, 9:30 a. m.—Brought Twenty Passengers.

The first through train on the Santa Fe Central Railway arrived promptly on time at 9:30 o'clock this forenoon. It consisted of engine No. 6, W. E. Sowers, engineer, and Booker, fireman, caboose No. 50 and combination car No. 1. The train was in charge of J. M. Whitman, conductor, and McIlhee and Robb, brakemen. There were twenty passengers on the train. Quite a lot of Wells-Fargo express matter was brought in by the train. The trip was made on schedule time in five and a half hours and the road bed is reported as in very good condition.

There was quite a crowd at the station to welcome the first train over the new road and a hearty cheer was given when the train pulled into the station. The train will be run back to Torrance this evening as No. 2, leaving this city at 8 o'clock.

The New Mexican bindery has just turned out a new and large supply of superior scratch pads. These are sold at 10 cents per pound and are handy for memoranda and calculations for an office.
