OPEN FOR BUSINESS

General Manager Hopewell Outlines the Policy of the Santa Fe Central.

MAKE LINE A SUCCESS

Passenger and Freight Trains on the Road Will Be Run on Schedule Time.

"The Santa Fe Central Railway between Torrance, its southern terminus on the El Paso & Rock Island Railroad and the city of Santa Fe, was formally opened for business yesterday. The first passenger train from Torrance arrived here at 9:30 o'clock a. m. and left here for Torrance at 8 o'clock last evening.

"Passenger tariffs have been established from Santa Fe to all points on the line and from all the stations along the line to El Paso, Texas, and to Chicago, via the Chicago & Rock Island Railroad, and all points on the Denver & Rio Grande Railroad via this city.

"Passenger trains will hereafter be run daily on schedule time and in accordance with the published time table of the road.

"Freight traffic will commence on Tuesday, August 25, and as soon as the freight tariffs between this city and all points on the Santa Fe Central, on the El Paso & Rock Island system and the Denver & Rio Grande are published.

"From and after Tuesday the 25th inst. freight trains will run regularly and on schedule time over the road as per published time table. On and after that date freight will be received for any and all points east and west and north and south reached by the Santa Fe Central and its connecting lines.

"For further information concerning passenger and freight rates address or call upon B. W. Robbins, general freight and passenger agent, at the general offices of the company in the Catron block, this city, or at the temporary depot on the south side. All mail inquiries should also be addressed to B. W. Robbins, general freight and passenger agent, Santa Fe.

"The traveling public and the business community are assured that the management of the Santa Fe Central will do its utmost to give speedy, comfortable and safe service and will transport travelers in good, clean, comfortable, new, well-lighted and thoroughly ventilated coaches. The line being constructed of special ties and of heavy steel, the grade strong, safe and thoroughly surfaced, the track straight and uniform, with low grades and being for miles and miles on tangents, the best of service and quickest of time possible under such circumstances will be made. Freight shipments from and to points along the line of the road will be handled with the greatest of care and will be pushed through with the utmost directness, energy and promptness.

"The friendship and co-operation of the people living along the line of the road and especially at its terminal points the city of Santa Fe and the town of Torrance is asked, as the Santa Fe Central is their road and what benefits the road will benefit this city and every town, every hamlet, every community, every business man, every man, woman and child living at the terminals and along the line of the Santa Fe Central.

"The management asks the patronage of the public and will do its utmost to deserve the same by kind and courteous treatment, by strict attention to business, by fair and equitable administration of affairs and by doing everything in its power to make travel on its line, safe, pleasant, secure and speedy.

"Merchants and business men of this city and at points on the Santa Fe Central are urged to order their correspondents, east, west, north and south to send all freight and express matter designed for them and consigned to them via the Santa Fe Central Railway and connections.

"The Wells-Fargo Express Company will do the express business of the line and the Postal Telegraph Company will handle the telegraph business along the new road.

"W. S. HOPEWELL, General Manager."

MUNSEY ENJOINED.

New York, Aug. 21.—In the supreme court Justice Davis today handed down a decision in which is granted an injunction to Colonel Wm. F. Brown for a temporary injunction restraining Frank A. Munsey from selling the plant of the Daily News at auction. He says he will appoint a receiver if one is not applied for within ten days in order to dissolve the corporation.

THE DELEGATE IS RIGHT

Steps Should Be Taken to Collect Material for Comprehensive History of New Mexico.

Editor New Mexican:

Your editorial in yesterday's New Mexican about the necessity of a proper, elaborate and comprehensive history of New Mexico is indeed timely. The need of such a work was brought forcibly to my mind last winter when I went into the congressional library at Washington, and examining the meager collection of works on New Mexico contained in that great collection of literature. I do not think that the history of New Mexico can be properly written at this time. As you say it will be a monumental undertaking, and will involve years of work. There is plenty of material for the work in the archives and monasteries and convents of Spain, Portugal, Italy and other European countries as well as in the republic of Mexico, and above all the history should not be written until the congressional library has had the vast mass of New Mexico archives it received from Santa Fe recently properly classified and separated. That immense quantity of almost unknown archives that was in the vaults of the capitol building at Santa Fe has now, as I understand it, been deposited in the congressional library, and until it is looked over and indexed, no one can know what rich historical material it may contain.

Very truly yours,
B. S. RODEY.

MIMIC WARFARE.

Fleets of North Atlantic Squadron Sail to Attack Portland, Maine.

Portland, Me., Aug. 21.—Theoretically the hostile fleet sailed from the tropics today to attack Portland, and the secret service agents notified the government of the fact. In this way began the mimic war in which a detachment of the United States army and the combined fleets of the North Atlantic squadron are to take part during the next ten days. The fleet will appear in two days and commence operations. In the meantime the army of defense will assemble and prepare itself for protection of the harbor and the city.

INTENSE INTEREST.

Large Crowds Attend the Humbert Trial—Verdict Expected Saturday.

Paris, Aug. 21.—Public interest is growing more intense as the Humbert trial is nearing its close, and the crowds at the Palace of Justice were much augmented today. Although the general expectation is that the verdict will be reached tonight, the court officials believe that the advocate general will reply to Maître Labori, leading counsel for defense, thus postponing the verdict till tomorrow.

JAPAN WILL BUTT IN.

Official Says the Little Empire Will Enter Yacht in the Next Race.

New York, Aug. 21.—Lieutenant Commander Takeshita of the imperial Japanese navy says that Japan will have a yacht in the next contest for the American cup. He said that Japan can make as good a racing yacht as either America or England, and at the next international yacht race the flag of Japan will float from the winner.

WENT AFTER GOLD

AND LANDED IN JAIL

Chicago, Aug. 21.—Charles Corrigan, a Texas cowboy, and five sailors who sailed a year ago in search of a gold mine in Patagonia, according to the Tribune, are under arrest at Turk's Island, West Indies, suspected of filibustering. Their case has been laid before the secretary of state. Corrigan said the location of a gold mine rivaling King Solomon's was revealed to him by the discoverer, who died on the Texas ranch where Corrigan was employed.

VIOLENT DECLINE IN REALTY COMPANY STOCK

New York, Aug. 21.—The feature of the stock market just before noon was the violent decline in preferred United States Realty and Construction Company. That stock sold off over five points on fairly large offerings. On the Stock exchange the impression prevailed that the stock offered today was long stock, implying forced liquidation. The balance of the active list was affected, sympathetically.

ELECTRIC WIRE STARTS FIRE.

St. Louis, Mo., Aug. 21.—The building occupied by A. S. Aloe & Co., dealers in optical instruments and surgical supplies, at 414 North Broadway, was gutted by fire early today. The loss is estimated at \$150,000. It is believed that the fire started from the electric wires.

Try a New Mexican want "ad."

TALKING FINANCE

Representative Hill Discusses Prospect of Currency Legislation at Next Session.

SQUADRON WILL RETIRE

Turkey Has Given Assurances That It Will Comply With All of Russia's Demands.

Oyster Bay, Aug. 21.—Financial legislation and New York state politics were the principal topics of discussion today between the President and his guests. Early in the day Representative Hill of Connecticut talked with the President about the prospect of enacting remedial financial legislation at the approaching session of congress. William D. Murphy of New York, an old friend of the President, also discussed finance with him. Governor Odell of New York was expected to arrive at Oyster Bay shortly after noon. He will remain with the President for several hours. Secretary Cortelyou and Representative Babcock of Wisconsin will be dinner guests of the President.

WARSHIPS TO WITHDRAW.

Paris, Aug. 21.—Official advices say that the Russian squadron off Inlada is likely to leave the Turkish waters within the next few days as the Turkish government has given adequate assurances that it will meet all of the Russian demands. The withdrawal of the warships will be chiefly due to Turkey's assurances, but also to Russia's desire to avoid a step which might appear antagonistic to Bulgaria.

PLAN WILL FAIL.

Diplomats Say Proposed Plan for Settlement of Macedonian Troubles Will Not Be Approved.

London, Aug. 21.—The Turkish ambassador called at the foreign office today to make inquiries regarding the report that it was the intention of the powers to make a joint naval demonstration in Turkish waters, and to enter a protest if anything of the kind was contemplated. The foreign office officials made it clear that Great Britain has taken no action of such a character, and it appears as if Italy will also refrain from carrying out her decision to dispatch warships to Turkey as the Italian embassy says no report of their departure has yet been received. Diplomats point out that the scheme for the settlement of the Macedonian question outlined by the independence Belge yesterday could not be approved by the powers as it is evident Turkey would never submit to the peaceful occupation of the Bosphorus and the Dardanelles. A Turkish official says this could only be accomplished by fighting.

MOYER REACHES CRIPPLE CREEK.

Cripple Creek, Colo., Aug. 21.—President Moyer of the Western Federation of Miners, arrived here today and went into session with the executive committee of the miners at Victor. As to his opinion of the situation he said he had every reason to be encouraged. "The opening of the drainage tunnel and the El Paso mine has occasioned no anxiety in the union ranks. I see no reason why mine owners should fear that they have made any progress towards breaking the strike."

LIPTON HOPEFUL.

Thinks the Reliance Had More Luck Than the Shamrock.

New York, Aug. 21.—Sir Thomas Lipton said today: "I have not lost hope in the slightest. The conditions yesterday at Sandy Hook were the worst I have ever seen. It was purely a matter of luck. The Shamrock got no show for wind. Whenever we did get a breeze we lost no time in making up the Reliance's gain, but the luck never lasted with us. The Shamrock, while the wind lasted, did better work than the Reliance. Others may say what they like on this matter but this is my positive belief."

BOTH YACHTS TAKE A

LIMBERING UP SPIN

New York, Aug. 21.—The Reliance this morning cast loose from her moorings and set her jibs and stay sails and stood out on the bay for a sail. Shortly afterwards the Shamrock hoisted her mainsail with the apparent intention of going for a sail stretching. The Reliance, after several short hitches and maneuvers in Sandy Hook bay, returned to her moorings. The challenger left her anchorage, set jib and steady sail, and on a starboard tack headed out to the point.

STILL IN SESSION

Trans-Mississippi Commercial Congress Handles Vast Amount of Important Business.

MAY ADJOURN TONIGHT

The Resolution Committee Recommends Separate Statehood for Oklahoma and the Indian Territory.

Seattle, Aug. 21.—Today is the last of the fourteenth annual session of the trans-Mississippi Commercial congress. On account of the great mass of accumulated business to be transacted this afternoon and the number of prepared addresses yet to be delivered, it is possible that it will be necessary to hold the final session tonight or tomorrow in order to complete the business and conclude the program. This morning the convention proceeded to a discussion of Alaska and its needs.

St. Louis will be the next place of meeting of the trans-Mississippi congress if the executive committee can make proper arrangements for dates and entertainment. The delegates were unanimous in their choice of St. Louis for the convention city, but the matter was left in the hands of the executive committee for settlement, with the understanding that St. Louis is to be given the preference.

The report on resolutions recommends separate statehood for the Indian Territory and Oklahoma. The resolution favoring a ship subsidy was just about to be strangled when a compromise was effected by the delegates from Washington urging congress to enact laws that will build up the American merchant marine.

The sub-committee has reported in favor of a territorial form of government for Alaska, but the committee on resolutions has not yet threshed out that question. Governor Brady is the only member of the Alaska delegation who opposes this.

The delegates were taken to the Puget Sound navy yard tonight to see the cruiser New York and to view the navy yard.

LOGGING ENGINE JUMPS

TRACK AND KILLS THREE MEN

Chehalis, Wash., Aug. 21.—Three men are dead as the result of an accident on the logging railroad at Peel. The logging engine was backing down a grade pulling two cars loaded with logs when the engine jumped the track. Five men were on the engine when it overturned. Engineer Hedrick was instantly killed, and John Hamaker and a man named Koburg were so badly scalded that they died.

PREDICTS GOOD WIND

FOR SATURDAY'S RACE

New York, Aug. 21.—Forecaster Emory of the weather bureau today sent out the following special forecast for the vicinity of the yacht course for tomorrow: "The weather Saturday over the international yacht race course will be fair to partly cloudy, with fresh southerly winds, probably shifting to southwesterly."

TWO PORTS TO BE OPENED.

Washington, Aug. 21.—Sir Liang Chen Tung, the Chinese minister, today informed Acting Secretary of State Adee that he had received a dispatch from his government that Prince Ching had informed Minister Conger that the treaty to be signed October 8 would make provision for opening two ports of Manchuria.

MERCHANT MURDERED.

Ardmore, I. T., Aug. 21.—R. T. Lynch, aged 30, a merchant at Caddo, in the Choctaw nation, was murdered in his store last night by persons unknown, who escaped. Eight shots were fired. There is no known cause, and the shooting has caused much excitement. Lynch's wife is a former Texan.

WAIT BROTHER'S ARRIVAL.

Funeral of the Late Allen Young Will Not Be Held Today.

The body of Allen Young who died yesterday morning at St. Vincent's hospital was not taken to Cerrillos last evening as was intended, but is still held in this city. Dudrow, Kennedy & Townsend, the funeral directors having the arrangements in charge, will hold the body awaiting the arrival of the brother of the dead man, Granville Young of Salem, Ill. The latter was telegraphed for when Mr. Young died and word has been received from him asking that the funeral be postponed until he could arrive. It is thought that Granville Young will reach this city Sunday night and then the time of the funeral will be determined upon. It was the intention to have the funeral services today and interment was to have been made at Cerrillos.

THE BOARD OF TRADE

Committee Appointed to Solicit New Members for the Organization Hard at Work.

The committee appointed by the president of the Board of Trade to secure additional membership for the board met Tuesday night at the office of the chairman in the Catron block and the work was divided among the four members of the committee namely: W. J. McPherson, Leo Hersch, C. W. Dudrow and Arthur Boyle. Citizens will be called upon by the members of this committee and will be urged to join the Santa Fe Board of Trade, that the organization may become powerful and strong and work for the city's good. The New Mexican understands that the committee has been at work and has already secured six applications for membership to be presented at the next meeting. The following are members of the board of trade at present:

Bartlett, E. L., Berger, W. M., Boyle, Arthur, Cartwright, H. B., Cartwright, S. G., Catron, T. B., Dudrow, C. W., Frost, Max., Fiske, E. A., Gefdes, J. H., Gortner, R. C., Haspelmath, Chas., Hersch, Leo, Herlow, Thomas, Hinkley, G. W. M., Lowitzki, D. S., McPherson, W. J., Muller, Frederick, Nagel, M. J., Palen, R. J., Price, W. R., Prince, L. B., Renahan, A. B., Rivenburg, Grant, Schumann, J. G., Sena, Jose D., Seligman, Arthur, Slaughter, W. J., Sloan, J. B., Sparks, L., Spiegelberg, Abe, Spitz, Solomon, Staab, A., Townsend, W. N., White, D. M.

ALARM INCREASING.

Now Declared That Russia's Demonstration Is to Encourage Revolutionists.

Sofia, Aug. 21.—Russia's naval demonstration in Turkish waters is declared here to be an encouragement to the revolutionists in Macedonia. There is increasing alarm over the situation.

RARE, ANCIENT BOOKS

Just Purchased By the Historical Society of New Mexico for Its Library.

The Historical society is making additions to its collections and library as fast as opportunity is presented and its resources permit. It has just secured a copy of Edward's "Dono-phan's Expedition," which is now very rare, and was found in a London catalogue; and has bought in Paris a history of Louisiana (which then included every thing between the Mississippi and the Spanish possessions) by LePage de Pratz, published in 1750, with maps and engravings, which contain an account of two expeditions to the northern part of New Mexico. They have bought an article of considerable local interest being a beautifully engraved discharge paper of "Christoval Tafoya, soldado de la compania del Presidio de Santa Fe," dated November 6, 1804, and signed by Joseph Antonio Caballero Campo y Herrera, with innumerable titles. This was an especially honorable form of discharge after three terms of continuous service of five years each. The descendants of Tafoya still live in Santa Fe.

OFFICIAL MATTERS

NOTARY PUBLIC APPOINTED. Harry P. Roseberry of Raton was today appointed a notary public for Colfax county by Governor Otero.

THE GOVERNOR'S REPORT. The annual report of Governor Otero to the secretary of the interior is being rapidly completed; in fact, it would have been completed by this time but for a few tardy reports from counties that should be incorporated therein. The report will this year be fully as comprehensive, and in some respects more so, more conveniently arranged and even more accurate than in former years.

POSTMASTER AT TUCUMCARI. A. R. Carter has been appointed postmaster at Tucumcari in the county of Quay. Mr. Carter is a prominent citizen of that new county. He came there with the railroad, is a property owner, a proper man and it is said will make a good official. Dr. Tomlinson, another good and respectable citizen of that town, was the only other prominent candidate. The fight over the appointment was quite spirited for a while.

EXECUTIVE OFFICE.

Governor Otero has drafted a set of rules and regulations which must be observed in making applications for pardons. These rules will be printed in English and Spanish and are intended to do away with a good deal of annoyance which arises from the fact that the public has but a vague idea of the procedure which governs the granting of pardons. Governor Otero will also in the course of a day or two issue his Labor Day proclamation, Labor Day falling this year on September 7.

LAND OFFICE BUSINESS.

The following homestead entry was made today: Juan Bautista Quintana,

BLACK IS ELECTED

Unanimously Chosen as Commander-in-Chief of the Grand Army of the Republic.

BOSTON WINS FOR 1904

Delegates Will Spend Balance of Time Seeing Sights in the Golden State.

San Francisco, Cal., Aug. 21.—The Grand Army veterans and the ladies of the auxiliary bodies will complete business today and the remainder of the time in this state will be devoted to sight-seeing. The national encampment met in executive session to receive the report of the committee on resolutions and to transact final business. Tonight there will be a big camp fire at Mechanics' Pavilion.

Yesterday afternoon the veterans selected Boston as the place in which the encampment of 1904 will be held and elected the following officers:

Commander-in-Chief—General John C. Black, of Illinois.
Senior Vice Commander-in-Chief—Col. Mason Keen, of California.
Junior Vice Commander—Col. Harry C. Kasler, of Montana.
Surgeon-in-Chief—George A. Harmon, of Ohio.
Chaplain-in-Chief—Winfield Scott, of Arizona.

There was no contest over the election of officers except for chaplain-in-chief, and for that position only two votes were taken.

AID THIS LAUDABLE OBJECT.

New Mexico Pioneers Want Help to Erect Monuments to Onate and De Vargas.

Santa Fe, N. M., August 21, 1903. To the People of New Mexico: Sometime ago, the New Mexico Pioneers determined to erect in the plaza of Santa Fe, commemorative monuments to Onate and De Vargas, the founders and reconquerors of New Mexico. As other projects were then before the public a delay seemed proper but now that nothing intervenes it is desired to push the matter to conclusion. The propriety of the movement certainly needs no argument. The funds will be raised by general subscriptions and contributions are requested. The list is headed by Solomon Luna and Joshua S. Reynolds. Subscriptions may be sent to L. B. Prince, secretary, Santa Fe. The rest can effectually aid by copying this notice.

J. FRANCISCO CHAVES, AMADO CHAVES, H. L. ORTIZ, L. B. PRINCE, J. D. SENA, SAMUEL ELDOOT, N. B. LAUGHLIN, For New Mexico Pioneers.

of Chaves, 160 acres located in San Miguel county, being the S 1-2, NE 1-4, Sec. 23, and S 1-2, NW 1-4, Sec. 24, T 12 N, R 24 E.

George Hirttenbaugh of Raton today purchased 55 acres of public land in Colfax county described as lots 3 and 4, Sec. 26, T 32 N, R 24 E, at the price of \$1.25 an acre paying in all the sum of \$107.55. The purchase was made under what is known as "The Isolated Tract Sale" act which allows the purchase of small tracts of public lands. This is the first sale made under this act for sometime as the conditions are hard to comply with.

SCHOOL REPORTS. Superintendent of Public Instruction J. Franco Chaves has thus far received eleven of the twenty-four county annual reports, the last two received being those of Santa Fe and Dona Ana counties, of which the following figures are a synopsis:

Dona Ana county: Teachers 23; male 3, female 20; enrollment 1,372; average daily attendance 735; persons between the ages of 5 and 21, 4,240; number of schools 20; months taught 101; receipts \$13,262.51; wages of teachers \$7,081.47; balance in treasuries \$4,133.89; value of school houses \$8,350; of private institutions \$29,700.

Santa Fe county: Teachers 52; male 30, female 22; enrollment 2,816; average daily attendance 2,066; persons of school age 5,792; schools 37; months taught 151 1-2; receipts \$20,037.52; paid for wages of teachers \$11,220.50; balance in treasuries \$4,222.90; value of property \$18,900; of private institutions \$76,800.

City of Santa Fe: Teachers 13, male 3, female 10; enrollment 655; average daily attendance 373; persons of school age 1,812 within city limits; outside of city limits but on Santa Fe grant 462; months taught 9; receipts \$7,874; paid for teachers' wages \$4,216.50; balance in treasury \$528.24; value of school buildings \$2,500.

SANTA FE NEW MEXICAN

THE NEW MEXICAN PRINTING COMPANY, PUBLISHERS

MAX. FROST Editor
PAUL A. F. WALTER Associate Editor
CHARLES M. STAUFFER Manager

Entered as Second Class matter at the Santa Fe Postoffice.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

Now for the yacht race. There isn't a week these strenuous days when fate does not present some event for the delectation of newspaper readers that furnishes copy for a week before and a week after the event really occurs.

The land office business of the past fiscal year has increased the reclamation fund by \$7,700,000 swelling it to over \$15,000,000 immediately available for the building of reservoirs and irrigation works. New Mexico hopes that it will soon see a portion of these funds applied to irrigation projects in this territory, but it fears that some of its young citizens will be hoary headed before this comes to pass.

According to the Rocky Mountain News, the department of the interior has just discovered that no national irrigation project is under way in New Mexico, that while Colorado has its Gunnison tunnel project and Arizona has been assured a \$3,000,000 dam and reservoir, this territory is still without any project that the government has decided to put through. This may be the case but it is not the fault of New Mexico nor for the lack of data. Delegate Rodey has been working early and late to get the department of the interior to move in irrigation matters as far as this territory is concerned, but somehow, the department has "just discovered" that there is a spot on the map called New Mexico and that it would not look well if it is omitted entirely when the big war for national irrigation enterprises is expended. Oh, for statehood and three votes in congress to put a little more emphasis back of New Mexico's demands for justice and fair dealing.

The employers' association of Chicago has struck upon a method of advancing wages of its employees that may be followed elsewhere. Last week a large body of workmen demanded higher wages because they maintained that the necessities of life had advanced since last year when the wage scale was fixed. The employers appointed a commission to investigate the cost of living at the present day and found as far as Chicago is concerned that necessities of life average 15 per cent more in cost today than they did a year ago. The wage demands of the workmen were promptly granted by an increase of 15 per cent in their wages and a strike was thus avoided. However, it is a well-known fact, that generally an advance in wages does not come out of the pockets of the big employer but out of the pockets of the small employer and the consumer. An advance in wages means an advance in prices and thus the circle is completed and the wage earner is in the end no better off than before the raise.

For some years the cry has gone up that the homestead lands have all been taken up and that the present day offers not the opportunities to the American citizen which he enjoyed decades ago, to secure a homestead. Yet, the year just ended, shows that all records in the matter of filing upon the public lands have been broken, that nearly 20,000,000 acres were entered during the twelve months ended June 30, 1903. But even this phenomenal filing upon public lands does not exhaust the public domain. In New Mexico alone something like 50,000,000 acres are still open to entry. While all of this land is arid and considerable of it mountainous, yet, the settler upon these lands has no greater difficulties to contend with than had the pioneers of many of the middle western states who had to clear the land of dense forest growth, had to fight marauding Indians, had no railroads, no markets, no advantages of modern-day civilization, no machinery, no well-drilling apparatus, no schools, and no cities nearby. It is no more, in fact, not as much trouble to drill wells on arid land, erect windmills and commence the raising of crops in New Mexico with cities, schools, railroads and markets within easy distance of even the most remote point in the territory than were the hardships endured by the early settlers in the middle west.

DELEGATE RODEY AND THE INDIAN OFFICE.

Assurances have been received that the office of Indian Affairs will not only look into the demands of Delegate B. S. Rodey as to Indian education in New Mexico but that it will consider or has already taken up some of them and will act favorably on one or two of the suggestions, not because New Mexico wants them, but because they had been determined upon before Delegate Rodey formulated his just demands that the Indian children of New Mexico be educated at the schools in this territory, that the capacity of the schools at Santa Fe and Albuquerque be doubled so as to accommodate more New Mexico Indian pupils and that other than full bloods be admitted to the schools, opening them to children with only fractions of Indian blood.

The Indian office assures Mr. Rodey that it will heartily support any demands for any "reasonable" appropriation for the upbuilding of Indian schools in New Mexico, but that it is unwise to increase the capacity of the schools at Santa Fe and Albuquerque because far better results are obtained from small institutions than from the large schools, which will be news to New Mexico educators. There is one project under way, out in Zuni, that will involve the expenditure of \$75,000 for the building of schools to educate the handful of Indian children in that far-off section of the territory when a school more centrally located would be of more benefit to a much larger number of children and \$75,000 expended at the Santa Fe or the Albuquerque schools would increase their accommodations considerably. A plan has also been formulated for the construction of a large irrigation system for the Zunis, with which there is no fault to find, but it may excite wonder that the Zunis are to get a \$75,000 school and a \$100,000 irrigation system all in a lump while there are so many other pueblos in the territory not getting anything at all.

The Indian office maintains that it cannot prevent Indian children going from New Mexico and Arizona to outside "non-reservation" schools within "reasonable" limits, which limits extend to Carlisle, Pa., Chilocco, Okla., and Lawrence, Kan., on the east and Fort Lewis on the north. The bureau thinks that a certain portion of the advanced pupils can be better taken care of at non-reservation schools than they can at schools in their own locality. That is precisely the standpoint that the New Mexican maintains. It knows that the schools at Santa Fe and Albuquerque are not reservation schools, are not in the same locality in which the Indians live, and can take care of the advanced pupils, for they are supposed to maintain the same grade as the schools at Carlisle, Chilocco and the Haskell Institute in Kansas. Therefore the Indian schools in this city and in Albuquerque should contain at least double the number of pupils they now do, as experience shows that the young Indians do better here and in Albuquerque than in the schools in Kansas, Oklahoma and Pennsylvania.

The bureau of Indian affairs knows that the territories have been neglected in this matter of Indian education. It makes no bones about saying so and acknowledges that this is due to the fact that New Mexico has had no votes to trade in congress.

One of the other lame excuses is that the government cannot secure title to the land in the pueblos and that the law prohibits the expenditure of any funds on land to which it has not a clear title. Under the territorial law such title can be obtained and even if it could not it seems strange that the United States government should hesitate to build Indian schools and irrigation works for the Indians in New Mexico, when it expends large sums of money for improvements on Indian reservations elsewhere. The New Mexican is gratified that the delegate is after the Indian office in order to obtain what is justly due this territory in the matter of Indian education, and wishes him all possible success. The thousands of Indians in New Mexico are here and will remain so. They should be educated at home in order that they may become useful and good citizens of this, their native land.

LET THE COLOMBIAN BOODLERS GO.

"The Panama canal treaty has been rejected unanimously by the Colombian congress."—New Mexican's Bogota dispatch. This should peremptorily close all negotiations with Colombia. Indeed, it seems impossible to think of any more temporizing with the paltry brigands who control the Isthmus of Panama. After all, it is a happy deliverance from the entire affair, covered as it is, with French scandals of the most loathsome character. One thing is certain—a canal will never be cut there by any foreign power for the very good reason, that Uncle Sam will not permit it, so the unfinished ditch will remain an unsightly monument to the stupid rapacity of the hungry cormorants who have ruined the grandest opportunity their country ever had or ever will have. Fortunately, the delay need not be long. No further legislation is required so the opponents of an inter-oceanic canal (and there are many of them in congress) can interpose no more obstructions. If the President acts with his usual energy, a month will not have elapsed before he will have initiated negotiations with Nicaragua looking to the speedy construction

of a canal at that isthmus. The country is weary of the shiftless policy which congress has pursued so long and it is unanimous in its demands for the beginning and completion of this great work. Mr. Blaine said long ago: "As England insists, by the might of her power, that her enemies in war shall strike her Indian possessions by doubling the Cape of Good Hope, the government of the United States will in like manner insist that the interior, the safer, and more speedy route shall be reserved for ourselves while our enemies, if we ever shall be so unfortunate as to have any, shall be remanded to the voyage around Cape Horn." This doctrine is as sound now as it was when it was written and the sooner the nation's desires are realized the sooner this safe, speedy interior route will be in our possession. It is up to you now, Mr. President!

Go'd in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills." The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

G. W. VALLERY,
Gen'l Agent, Burlington Route, Denver, Colo.

HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient into a good condition in a few days.
G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Terr., writes, April 18, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." Fifty cents at Fischer Drug Co.

LOW RATES

From June 5 to October 15 the Denver and Rio Grande Railroad will sell summer excursion tickets to points named at the following low rates: Santa Fe to Pueblo and return, \$17.55; Santa Fe to Colorado Springs and return \$19.55; Santa Fe to Denver and return \$22.55; Santa Fe to Glenwood Springs and return (via Salida and Leadville) \$28.65. Final return limit Oct. 31st, 1903. At all points except Glenwood Springs a fee of 25 cents is charged when tickets are executed for return passage. Stopovers allowed north of Pueblo and stopovers allowed west and south of Pueblo either direction, for parties desiring to make the following side trips at one fare for the round trip, viz: From Salida to points between Gunnison and Cimarron; from Alamosa to points on Creede Branch; from Antonito to Pagosa Springs. For any further information, sleeping car reservations etc., call on or address J. B. DAVIS, Agent.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and healthseekers in the city abundantly shows.

TIME TABLE.

(Effective June 4, 1903.)

No. 720 leaves Santa Fe at 9:40 a. m. to connect with No. 2 east bound, with connection from El Paso and Southern California, returning, arrive at Santa Fe at 11:50 a. m.

NEW MEXICO ILLUSTRATED.

The United States Indian Industrial School at Santa Fe.

TERRITORIAL PICKINGS

RIO ARRIBA COUNTY.

The board of county commissioners of Rio Arriba county has adopted a resolution to refund its funded indebtedness of \$34,000 that bears 6 per cent interest with refunding bonds to bear 5 per cent interest.

DONA ANA COUNTY.

Needed repairs are being made to the court house at Las Cruces. A surveying party of the United States Geological Survey which has been at work in the vicinity of Engle and Paraje has moved into northern Dona Ana county. The party consists of seventeen men and two two-horse teams. Part of its task is to bore for artesian water below the Elephant Buttes on the Rio Grande river.

SIERRA COUNTY.

Work on the Hirsch block at Hillsboro is progressing and the big lodge room will soon be ready for occupancy. The Hillsboro school district has engaged Miss Cora Miller as principal. Miss Myrtle Williams of Lake Valley will be primary teacher. Henry Cox, one of the old-timers of the Black Range country, died last week at Edwards Camp. He is survived by his wife and several daughters.

COLFAX COUNTY.

The Raton brass band has given up its public concerts on Sunday and Thursday evenings owing to the lack of financial support. Drilling in the oil well at Raton had to be suspended temporarily on account of a broken piece of casing having dropped into the drill hole. A few days ago it was discovered that the rafters of the Gate City hotel at Raton were on fire. A prompt alarm saved the building but several hundred dollars' damage was done. Last Friday the Methodist Episcopal church on Johnson's Mesa was dedicated, the occasion being celebrated with a picnic. The children of the three schools on the Mesa joined in the festivities.

CHAVES COUNTY.

Liddon Cowden of Roswell has bought the 160-acre ranch of R. W. Johnson in Roosevelt county for \$1,000. Mrs. J. L. McGardner of Roswell, died at Los Angeles recently. The funeral took place at Roswell last Friday. Manuel Tafoya was arrested at Roswell this week on the charge of horse stealing. He was taken to Lincoln for a hearing.

The teachers' institute for Chaves county is in progress at present at Roswell, Professor Edgar L. Hewett being the conductor. The store house of John Gayle at Roswell was on fire this week but the steam fire engine of the Roswell fire department made short work with the blaze. The damage was slight. The board of education of Roswell, has rejected all the bids for the construction of the proposed new school buildings on Military Heights. There were three bids ranging from \$9,132 to \$9,165.

QUAY COUNTY.

Pablo Jaramillo has resigned as deputy in the office of the probate clerk at Tucumcari. Subscription papers have been circulated at Tucumcari to gather funds for the grading of Main street. Tonight a box supper will be given at the Puerto school house for the benefit of the Sunday school at that place.

Miss Metallic Lockie, was recently married to Abraham Clayton, at the residence of B. Clayton, two and one-half miles northeast of Tucumcari, the ceremony being performed by Dr. Pearson.

Quay county has made settlement with Leonard Wood and Union counties of the amount of indebtedness it is to assume. The sum is about \$12,000. Professor Craig represented Quay county and Leopoldo Sanchez Leonard Wood county. The commissioners met at Santa Rosa.

Colonel Theodore W. Heman, representing a Chicago investor, has offered to purchase all the bonds to be issued by Quay county, including court house bonds, jail bonds, current expense bonds and establishment bonds. The board of county commissioners ac-

cepted the offer but required Colonel Heman to place a guaranty deposit of \$2,500 in the First National bank of Tucumcari.

The foundation of the new school house at Tucumcari will be of brownstone. The remainder of the two stories is to be of hard brick and the arches of stone. In the center of the front will be a tower. On each floor there will be two large class rooms, each with four windows in one wall and three in the other. The roof is to be of redwood shingles.

SAN JUAN COUNTY.

James Bryant last week purchased from W. N. Knight at Farmington, ten acres of fruit land paying \$110 an acre therefor. Mr. Bryant will erect a home on the plot.

Bishop Z. B. Ashcroft of the Mormon colony at Fruitland, was found unconscious in the fields where he was at work. He is quite ill. He has gone to the Zuni mountains to recuperate.

S. H. Bretherton of Dolores, Colo., has been elected principal of the Farmington public schools. The other teachers thus far elected are Miss Maud Agnew of Dolores, and Miss Lizzie Quillan of Walsenburg, Colo.

The closing of the election for queen of the fair at Aztec and her maids resulted in the choice of Lucile Markley, and Clara Daniels of Farmington, and Carrie Eblen of Aztec. Who of the three is to be queen will be decided by another ballot.

The Farmington Times says that the value of the Fruit Growers' association to San Juan county fruit raisers was demonstrated last week when the market at Durango went to pieces and peaches sold at 45 cents a box. Prompt measures by the association re-established prices at 85 cents a box.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

THE DEATH PENALTY.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when burns, sores, ulcers and piles threaten. Only 25c at Fischer Drug Co.

Notary Public, Stenographer and Type writer. Translations
From Spanish into English and from English into Spanish carefully made. Office with U. S. Attorney for the Court of Private Land Claims, Federal Building, FRANCISCO DELGADO.
Santa Fe N. M.

STOP THAT COUGH!

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable, take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, writes: "We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c, \$1.00 at Fischer Drug Co.

Loose leaf ledgers at the New Mexican Bindery.

NOT OVER-WISE.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on a snake. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglecting to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of cyclones a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by all druggists.

CURES SCIATICA.

Rev. W. L. Riley, L.L.D., Cuba, New York, writes: "After fifteen days of excruciating pain from sciatic rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c, \$1.00 at Fischer Drug Co.

The New Mexican Printing Company has the best bookbinding in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

Scratch Paper.

Made from ledger, linen, flat and book papers at 10 cents per pound at the New Mexican. This is scratch paper put up in pads and is less than the paper originally cost. Only a limited supply.

"The Grand Canon of Arizona," a superbly illustrated volume of 124 pages. Fifty cents a copy. Apply to H. S. Lutz, city agent of the Atchison, Topeka and Santa Fe Railway in the Catron Block.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of Justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal 5.00..
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address
NEW MEXICAN PRINTING CO.

The New Mexican is sending about 50 copies each week to parties desiring information about Santa Fe. This is done for the public good, and free of charge, although it is quite expensive.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

J. P. VICTORY

Attorney at Law and
Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
Money to loan upon real estate security on easy terms.

Something choice: First class properties on San Francisco street, paying more than 8 per cent net on rentals. Have upon my books excellent fruit ranches in the Espanola valley, large and small ones, plenty of water.

Furnished rooms on Palace avenue. I have a nice cottage (double) six rooms, on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Examine a 23-acre tract east of the Wileland place, and then ask me its price; you will be surprised.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

On lower San Francisco St., east of the railroad track, I can sell you properties desirable for homes or business propositions; these will bear examination. I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and the vicinity of the Presbyterian Church, which in a few years will be worth double the present asking price.

About two blocks west of Guadalupe church, on De Vargas St., I can sell you three small homes.

OUTSIDE PROPERTY.
At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

MERCANTILE PROPOSITIONS.
To those desiring an investment in a good mercantile business located in a thriving town in Rio Arriba county I can suit them with the chance of their lives; general merchandise, large stock; store, two cottages, stables, and other buildings; large tract of land, with big orchard, producing the last season \$1,400; merchandise business pays from \$2,500 to \$3,000 a year and can be increased; fine fishing, boating and bathing; with horses, wagons, etc., 20 varieties of choice roses and other flowers in abundance; owner will allow prospective purchaser to thoroughly investigate before buying; good reason given for selling.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central, and an eight page daily; who says that the world don't move, and our city with it.

HOUSES TO RENT.
One 9 room house, with all modern conveniences, excellent neighborhood. A new 6 room cottage, bath, stationary range and all modern conveniences. Also the building corner of Water st. and D & R railroad track lately used as a saw mill.

Several small houses, some adobe, some brick, others frame upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

UNFURNISHED ROOMS.
I can rent several rooms in the Hersch building on lower San Francisco street, or will lease the whole building.

I have 3 or 4 rooms, and stable, that I will rent, on De Vargas St., two blocks west of Guadalupe church.

FARMS & RANCHES.
I have inquiry from outside party for ranch in the Espanola valley; also for ranch in the district between Tesuque and Espanola; price must be reasonable.

MINOR CITY TOPICS

Use Sherwin-Williams Paint for your Fall Painting at GOEBEL'S.

Adjutant General W. H. Whiteman was in Albuquerque yesterday on official business.

George Berleth, who recently had a leg amputated, is now in possession of an artificial limb.

Pretty music, pretty scenes and pretty girls, at "The Dress Rehearsal" on Thursday, the 27th.

Gus Kirtchener has resumed his duties as clerk at the Bon Ton after a three-weeks' vacation.

Louis Gold who has been an employee at the Santa Fe depot at Lamy has been transferred to this city.

The little son of Mr. and Mrs. Frank Dettelbach, who has been critically ill, is reported as somewhat improved.

The regular weekly meeting of Santa Fe Lodge No. 2 I. O. O. F., will take place this evening at 7:30 o'clock at Odd Fellows hall.

Probate Judge Marcos Castillo has appointed Colonel George W. Knaebel special administrator of the estate of the late Allen Young.

A heavy rain storm visited the Mora valley about forty miles north of here yesterday. It was especially severe in the vicinity of La Cueva.

The up-stairs of the Bon Ton hotel will soon be re-furnished and it is the intention of the manager to make it second to none in Santa Fe.

Quite a number of the Catholic priests of the archdiocese of Santa Fe who have been in retreat here for the past few days, returned to their parishes this morning.

The express business of the Santa Fe Central Railway will be handled by the Wells-Fargo Express Company in accordance with a contract entered into between the two companies sometime since.

Ray Rivenburg, Wells-Fargo express messenger between this city and Lamy, is taking a ten-days' lay-off during which John A. Bell, city messenger, is supplying his place on the Lamy branch.

Miss Anna Maria Apodaca and V. C. Pino will be married at San Antonio, Socorro county, in a few days. Mr. Pino is connected with the well-known mercantile firm of A. H. Hilton & Co., at that place.

Deputy Sheriff Huber has returned from Santa Cruz, San Ildefonso and Chimalgo where he has been serving venires for grand and petit jurors for the September term of the district court for this county.

Residents on the south side request of the city authorities that the city sprinkling cart be sent to their section of the town. Montezuma avenue, Cerrillos road and Galisteo street especially stand in need of sprinkling.

A large shipment of pottery was transferred from the Rio Grande to the Santa Fe this morning. The shipment was made by Biggs & Pollard of Espanola, and was consigned to Boston parties. The pottery was made at Santa Clara pueblo.

A forest fire in the mountains northeast of town and probably a little east of Baldy has been noticed for several evenings past. The attention of Superintendent I. B. Hanna is called to this and an investigation should be speedily had.

The pebble dash fence in front of the Conway residence on Cerrillos road has been completed and it adds greatly to the already attractive appearance of the place. The contract for the building of an adobe stable and back picket fence was awarded to Patricio Lucero.

A professional card of Benjamin M. Read, Esq., appears in the New Mexican today. Mr. Read has practiced law in the courts of this territory for over twenty years and gives all legal business entrusted to him the most careful and strictest attention.

Inquiries for merchandise to be delivered along the line of the Santa Fe Central Railway are being received and answered by Santa Fe merchants every day. Shipments of fruit and vegetables are being made today.

The predictions are for generally fair weather tonight and Saturday with warmer weather in the southern portion tonight. The maximum temperature yesterday was 82 degrees at 4:10 p. m., and the minimum was 59 degrees at 5 a. m. The temperature at 6 o'clock this morning was 60 degrees.

The suit of forcible entry and detainer instituted by Eugenio Ortiz, against Madaleno Lucero was heard by Justice of the Peace J. M. Garcia yesterday. The decision was for complainant, but Benjamin M. Read, Esq., attorney for the defendant filed an appeal in the district court and an appeal bond for the sum of \$300 was given.

A tiny horned toad is attracting much attention among the guests at the Claire. The little fellow was presented to Mrs. Jeanette Putnam and was captured out in the sand hills. The owner of his toadship has him for a pet and prizes the small specimen greatly. The toad is a little more than an inch in length, but is none the less a most lively customer.

An additional territorial levy ordered by the auditor of the territory and by the board of commissioners of this county at their recent meeting amounting to .45 of a mill for the support and maintenance of the Normal university at Las Vegas and .25 of a mill for the support and maintenance of the Territorial Orphans' home at Belen have

SENT CONGRATULATIONS

Carlton Post Sends Happy Message to the New Commander.

As soon as the election of General John C. Black as commander-in-chief of the Grand Army of the Republic was known in this city Hon. John P. Victory at once wired the congratulations of Carlton Post. It is expected that General Black will visit Santa Fe on his return to the east after the business of the national encampment is concluded.

INSTITUTE NOTES

The institute is growing in interest and in numbers.

Superintendent John V. Conway will address the institute tomorrow morning at 10:15. He will be pleased to have all the teachers present and as many visitors as possible.

Professor Deschamps' lecture at the court house last night was very interesting and was attended by an appreciative audience. The speaker gave a brief history of the development of the subject of physiognomy, showing that it was as worthy to be classed as a science as is the subject of medicine or even mathematics itself, as it deals with lines, angles and curves, the same as do many of the different phases of mathematics.

At the close of the lecture the professor gave a public reading of Mr. Tarley, Mr. Shurman, Professor J. A. Wood and S. C. Carding, of Columbus, Ohio. The readings were very interesting and satisfactory to the audience.

The next public attraction will be a humorous reading at the court house Monday night by the funny man, Professor Edward F. Dunlavy from King's College of Oratory, Pittsburgh, Pa. Everybody will be delighted to hear him.

HOTEL ARRIVALS.

Palace: R. McMillan, Socorro; D. Meek, Denver; A. C. McNary, wife and son, Mrs. W. D. Kelley, Las Vegas; H. L. Waldo, Las Vegas; A. C. Teichmann, St. Louis; George Packer, Denver.

Claire: B. S. Jackson, Kennedy; E. M. Wightman, Mrs. Keyes, George Keyes, Mrs. McElwee, Mrs. Finney, B. Tarkington, Torrance; Lou Geornawein, Oklahoma; J. C. Dexter, Senorita; A. S. Barney, Denver; W. E. Sower, Taos; F. C. Roberts, Denver; Chas. Day, Mansfield, Mo.; W. D. Crabtree and wife, Lincoln; W. T. Brown, Jerry Brown, Charlestown, Ill.; Mrs. C. Fay, Richard E. Fay, Milwaukee; Mrs. J. H. Shonehart, Mesa, Colo.; E. D. Sothorn, Somerset, Ky.; R. A. des Jardines, St. Louis.

Malaria

Is a veritable dragon of ill-health. It leaves in its path more physical wrecks than probably any other one disease peculiar to Americans.

Why? Simply because upon the first indication of the malarial system is usually scourged with quinine, or that deadly mineral—calomel.

Don't Do It. It's Dangerous. It isn't at all necessary either. We positively guarantee

HERBINE

to prevent and permanently cure any form of malaria. It is purely herbal. Has all the virtues of quinine and calomel—none of their deadly effects. It cures all liver, kidney and stomach troubles. 50c per bottle. All Druggists.

MINES AND MILLS

An effort is being made to get into shape the 50-ton cyanide plant of the Thelma Mining Company near Baldy, Colfax county.

On the Ute Creek ledge of Aztec hill gold bearing slate crops out on the Mountain Lion and Rosita prospects in addition to several 8 to 12-foot veins of cyaniding ore. The prospects have been developed by John James with shafts and tunnels. The slate veins are in evidence the length of nearly four claims. Free gold is not abundant, but nine-tenths of this immense body of slate is, practically speaking, ore with an occasional outcrop of some other mineral matter.

Somewhat similar conditions exist on the Ponil on the north side of Aztec hill. The French Henry is a free-milling property and thus far the only one on French Henry mountain. All the other prospects are quartz veins of a more or less refractory nature and requiring either the cyanide or chlorination process to recover the values.

It is difficult to make mining pay even with \$110 to \$125 per ton ore in a district as remote as the Baldy district which must ship its ore all the way to Pueblo or Denver.

On the Guerrilla mine, which has produced considerable ore, the usual yield by straight amalgamation is from \$5 to \$12 per ton, while the concentrates and tailings usually assay from \$12 to \$85 per ton.

On the Highland Mary claim, directly below the Aztec mine, the slate outcrop is from 100 to 125 feet wide and carries values from the grass roots. It has been tested in 5-ton lots on a stamp battery for free gold bringing from 90 cents to \$3.50 per ton on the plates, while the concentrates assay all the way from 1 to 23 ounces of gold per ton and a small per cent of silver.

The placer ground in the Ponil canon is of a decidedly nugget nature. Soft red hematite ore is also found in the placers that yields from \$150 to \$295 per ton of ore, free milling.

NUGGETS.

Copper veins are usually thin at the surface, as they should be, because they are leached of their substance by solution and the redeposition below increases the copper deposits.

The greatest discovery of pure malachite, carbonate of copper, ever known was opened several years ago in a mine at Nischne, Tagilsk, Siberia, a mass measuring 9 feet by 18 feet being disclosed and yielding upwards of a million pounds of malachite.

Steatite, commonly known as soapstone, is a species of talc. It is soft and greasy to the touch. Its color is usually white or gray. Its uses are for slabs to line furnaces, stoves and fire places in the manufacture of porcelain and in powder for medicinal purposes.

Radium, polonium, actinium and thorium, these are the remarkable substances which have been recently discovered that give light the moment that they are created without having to be stimulated by any form of heat, light, electrical or any other vibrations.

The pitchblende which contains the largest percentage of radio active material which has thus far been discovered is the Bohemian pitchblende. It is also found in Saxony in small pockets and a distinct vein of it has been found in Cornwall, England. It is also found in Colorado and recently its discovery was announced from Hell canon, Bernalillo county, in this territory. Radium maintains its own temperature at 1.5 centigrade above its surroundings, this being equivalent to stating that half a pound of radium salt would evolve in one hour sufficient heat to equal that caused by the burning of one-third of a cubic foot of hydrogen gas, and that the heat evolved from pure radium salt is sufficient to melt more than its own weight of ice every hour. This evolution of heat goes on constantly for indefinite periods and leaves the radium at the end of months of activity as potent as it was in the beginning. The problem, therefore, confronts the world of solving how radium can constantly throw off heat without combustion or chemical change.

Mrs. Mollie Allen of South Fork, Ky., says she has prevented attacks of cholera morbus by taking Chamberlain's Stomach and Liver Tablets when she felt an attack coming on. Such attacks are usually caused by indigestion and these tablets are just what is needed to cleanse the stomach and ward off the approaching attack. Attacks of bilious colic may be prevented in the same way. For sale by all druggists.

D. & R. G. CHANGE OF TIME.

Until further notice the Denver & Rio Grande train arriving here in the evening will be run as an extra from Espanola to Santa Fe, arriving at Santa Fe about 5 p. m.

J. B. DAVIS, Agent.

PUTS AN END TO IT ALL.

A grievous wall oftentimes comes as a result of unbearable pain from over-taxed organs. Dizziness, backache, liver complaint and constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by Fischer Drug Co.

New Mexican want and miscellaneous ads always bring good results.

Loose leaf ledgers at the New Mexican. Special to the New Mexican.

AMERICAN MINING CONGRESS.

Deadwood and Lead, S. D., Sept. 7-11. For this occasion the Santa Fe will sell tickets to Deadwood at one fare plus \$2 for the round trip, (\$34.55) tickets will be sold Sept. 2d to 6th, good for return until Sept. 30, 1903. H. S. Lutz, agent, Santa Fe, N. M.

DYSENTERY CURED WITHOUT THE AID OF A DOCTOR.

"I am just up from a hard spell of the flux" (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by all druggists.

Trans-Mississippi Commercial Congress.

Seattle, Wash., August 18-20, 1903. For the above occasion the Santa Fe will sell tickets to Seattle, Tacoma and Portland at a rate of \$48.75 for the round trip, dates of sale August 2nd to 15th, good for return until October 15th, stop-overs allowed. For particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent, Santa Fe, N. M.

RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00 at Fischer Drug Co.

AMERICAN BANKERS' ASSOCIATION.

San Francisco, Calif., Oct. 20-23, 1903. For this occasion the Santa Fe will issue tickets to San Francisco and Los Angeles and return at one fare for the round trip, Los Angeles, \$38.45, San Francisco \$43.05. Dates of sale October 9th to 18th, final return limit November 30th.

H. L. LUTZ, Agent, Santa Fe, N. M.

SOVEREIGN GRAND LODGE, I. O. O. F.

Baltimore, Md., Sept. 21st 28th. For this occasion the Santa Fe will sell tickets to Baltimore and return at a rate of \$55.50 for the round trip, dates of sale from New Mexico points Sept. 16th, 17th and 18th, good for return passage until Oct. 3d, 1903.

W. J. BLACK, G. P. A., Topeka, Kans.

H. S. LUTZ, Agent, Santa Fe, N. M.

TERRITORIAL FAIR.

Albuquerque, N. M., Oct. 12th to 17th, 1903

For this occasion the Santa Fe will sell greatly reduced rate tickets from all points in New Mexico and Colorado to Albuquerque and return. The rate from Santa Fe will be \$2.65 for the round trip. Dates of sale Oct. 11th to 16th, good for return passage until Oct. 19th.

H. S. LUTZ, Agent.

SUICIDE PREVENTED.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50c. Satisfaction guaranteed by Fischer Drug Co.

Summer Tourist Rates to Colorado Points

On sale daily via the Santa Fe from June 5 to October 15, good for return passage until October 31, to Denver and return \$22.55, Pueblo and return \$17.55, Colorado Springs and return \$19.55, Glenwood Springs and return \$28.65. Stop-overs allowed at and north of Pueblo. For particulars call on any agent of the Santa Fe. H. S. LUTZ, Agent, Santa Fe, N. M.

END OF BITTER FIGHT.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes of Du Pont, Ga., "and gave me up. Everybody thought my time had come. As a last resort, I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all coughs, colds and throat and lung troubles. Guaranteed by Fischer Drug Co. Price 50c and \$1. Trial bottles free.

LAND SCRIP.

By the use of so-called land script, title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of the supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

THAT SPECIAL SALE

Last week we sold nearly every article advertised at a specially reduced price, which convinced us that our "ad" is largely read and that the people of Santa Fe appreciate bargains when they can get them.

This week we are offering special bargains in Dishes and Kitchen Furniture. Let us convince you.

COME AND SEE OUR NEW FURNITURE

Make your home comfortable during the hot weather. With the many conveniences we offer you can convert your home into a summer resort. We aim to provide something newer, something different, something better than other stores, and at lower prices.

The Latest Improved
**AMERICAN
WASHING MACHINE**
—Best on Earth—

A Wagon's First Cost

is not all there is to it. There are plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood—pithy, "dead," the defective axle-wood, or foresee the shrinking, rattling, loosening of spokes, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

STUDEBAKER WAGONS

are that kind. That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Studebakers in Your Town.

The undersigned are the local sales agents. We carry a generous stock, we'll order and quickly get anything you want. You see the goods and know what you are buying. We stake our reputation on pleasing you. Always ready to show you. Give us a call.

OUR MOTTO:
LIVE, AND LET LIVE!

LEAVES FOR THE SOUTH

Fire Marshal Goes to Albuquerque and Socorro in the Interest of the Tournament.

Fire Marshal A. M. Dettlebach will leave this evening for the southern part of the territory where he goes in the interest of the third annual convention of the New Mexico association of firemen, which will be held in this city September 2, 3 and 4. Mr. Dettlebach will go from here to Albuquerque and from there to Socorro. At the latter place a meeting of the firemen has been called for tomorrow night and there is much enthusiasm being shown among the fire ladders of that progressive town. It is expected that Socorro will have a good representation present in the Capital City when the meet is held.

It is the intention of Fire Marshal Dettlebach to spend some time in Albuquerque on his return from Socorro, and it is possible that he may remain in the Duke City over Sunday, looking after the affairs of the association. The outlook for the success of the meet is most promising and there are still towns to be heard from. The program will include many features and will be of especial interest to the volunteer firemen of the territory. There will be a number of pertinent addresses and well-known speakers will be on the program. The athletic events and the various contests will prove great attractions and the rivalry existing among the various teams will add zest to them.

MADE THE TRIP WITH TEAMS.

Fine Condition of Affairs Reported Along the New Road.

Frank Dibert, assistant treasurer of the Pennsylvania Development Company, and C. G. Kaadt, official photographer of the Santa Fe Central, have returned from a trip over the territory tributary to the line of the Santa Fe Central and report a fine trip. They made the whole distance with teams and traveled over 255 miles. The most notable changes along the line were the great number of homesteads located and the many new houses that have been erected. There is a locator now looking over the ground at Willard with the intention of locating a colony of the most desirable homesteaders. They report that Estancia is on the boom and houses are going up on all sides. The gentlemen say that there is no doubt as to the Salt Lakes furnishing

a great industry and that the working of these deposits will prove a most important business undertaking. A very good grade of salt can be secured and there is quite a large amount of the commodity now being hauled. Antelope Springs they say is at its best and it is proving a most delightful place. On the ranch of General Torrance there are an hundred head of blooded Hereford cattle and they are in perfect condition. The company has on the ranch about 150 head of horses which they are feeding. These horses have been used on construction work.

There were about fifty views taken which will be used in advertising the advantages of this section of New Mexico throughout the country.

FASTED FORTY DAYS.

Remarkable Case of Going Without Food Near Silver City.

Wellington Putnam, formerly instructor in elocution in the department of English at Columbia university, but who came to New Mexico in search of health, has succeeded in going without food for forty days. Mr. Putnam is now on a ranch near Silver City and endured his remarkable fast to cure a kidney affection. Mr. Putnam left New York last May and went at once to Gila Hot Springs. There he began his fast and living in a tent spent as much time as possible in the open air. To take his mind from his condition he studied and wrote almost continuously and as a result a technical work on elocution is in the hands of eastern publishers. Reports say that Mr. Putnam thinks that he has been entirely cured of the malady.

DIVORCE GRANTED.

Judge Frank W. Parker of the third judicial district, sitting for Judge John R. McFie of the district court of the first district, Rio Arriba county, has handed down a decree in the case of Nannie Lamberson vs. Era N. Lamberson, granting the plaintiff a divorce and awarding the custody of the child, Ethel. Desertion and non-support were alleged. The attorney for the plaintiff was A. B. Renahan, Esq.

LAST WILL FILED.

The last will and testament of the late Allen Young was filed in the office of the probate clerk and ex-officio recorder of Santa Fe county this morning. The witnesses are Sister Mary de Sales and Samuel H. Hannah. The executor named is George W. Knaebel. The will bequeaths all the property of the testator to his brother, Granville Young, of Salem, Ill.

FIRST JUDICIAL DISTRICT COURT.

Contempt Proceedings Instituted Against the Commissioners of Pojoaque Acquia.

Parties from Pojoaque have instituted proceedings against Santiago Romero, mayordomo of the Acquia Nueva, and Antonio Jose Romero and Florenzo Garduno, commissioners, in which it is alleged that the defendants have persistently violated the injunction granted by Judge McFie about a year ago regulating the use of the waters of the Nambé river. The complainants allege that the officers of the acquia have violated the injunction and pray that they be attached for contempt. Judge Parker, in the absence of Judge McFie, has issued an order requiring the defendants to show cause on next Monday why they should not be punished for contempt.
