RUMORS OF WAR.

General Buller Sends a Brigade Across the Tugela River.

Australian Patrol Defeated and Captured by the Boers.

Rumors That Ladysmith has Been Relieved is Denied.

COMBINED FORWARD BRITISH MOVEMENT

London, Jan. 18.—The war office has received the following dispatch from General Buller, Cape Town, dated today: "I received a telegram from General Buller stating that one brigade and a howitzer battery had crossed Tugela river at Potgieters drift, five miles further west, at Trenchard's drift, and that General Warren has thrown a pontoon bridge over the river. By this part of his force crossed yesterday. The remainder is expected by this morning to be on the north bank. Warren hopes that he will be able to turn the enemy's position, which is being strongly entrenched."

AUSTRALIANS DEFEATED.

Rensburg, Cape Colony, Jan. 17.—A patrol consisting of sixteen men of the New South Wales Lancers and South Australians was ambushed yesterday by the Boers, and overwhelmed after a severe fight. Two of the detachment escaped and arrived at camp. This morning the patrol visited the scene of the fight and found five dead Australians and one wounded. A number of the dead Boer horses were found, showing that the Australians made a gallant fight before they surrendered. It appears that when the Australians encountered the first body of Boers and found their retreat cut off they galloped for a near by kopje, hoping to beat off the Boers, but on arriving they found another force of burghers concealed there.

ONLY RUMORS.

London, Jan. 18.—Rumors from Cape Town that Ladysmith is already relieved are apparently devoid of the facts. In any case, Field Marshal Lord Roberts, whose report was dispatched this morning, was not aware of it. The net result, as far as known, is that General Buller occupies a commanding position north of the Tugela river, thereby securing at least two crossings by which he can bring up the necessary reinforcements.

LADYSMITH RELIEVED.

London, Jan. 18.—A Cape Town special dispatch, dated today, says that it is positively reported there that Ladysmith has been relieved.

BRITISH WILL ADVANCE.

London, Jan. 18.—Officials of the war office are satisfied that the tide has turned and that news of a more hopeful character from a British point of view will hereafter be the rule instead of the exception. While General Warren's force was crossing the Tugela river the Boers occupied a thickly wooded plantation a mile north of the river and sent several volleys into the advance guard. The British replied and their artillery opened on a neighboring kopje. As the British pushed across the river the Boers found their position uncomfortable and retired to the hills. Immediately after the position bridge was completed the whole British force crossed. It is thought probable that a combined forward movement has since developed. In the mean time the naval guns on Swartkops head have been persistently shelling the Boer entrenchments facing Kopje, occupied by Ladysmith's brigade.

PROCEEDINGS OF CONGRESS.

Senate Discussing Government for Islands Captured From Spain.

Wellington, (Maryland), addressed the senate on the Philippine question.

Washington, Jan. 18.—Allen (Neb.) offered a resolution directing the secretary of state to inform the senate if any person had been accredited to the Transvaal to the United States government in any capacity, and if such person was officially accepted and recognized; if not, why? Objection was made to the immediate consideration of the resolution. Ross (Vermont) offered a resolution declaring that the provisions of the constitution do not, unaided by an act of congress, cover Porto Rico and the Philippine Islands; that by the Paris treaty the United States takes sovereignty over Porto Rico and the Philippines and is under duty to exercise it for the general welfare of the inhabitants and a separate department of government is demanded to take charge of all outlying dependencies.

Wellington, (Maryland), addressed the senate on the Philippine question. The text of his speech was a joint resolution he introduced which declared it was not the purpose of the United States to deprive the Filipinos of their right of self-government and war now being waged is not for the permanent possession of the island but for the establishment of peace and order, and further declaring that the Filipinos shall have the privilege under the protection of the United States of establishing a republic.

Wellington said he was not ready to enter upon a policy of expansion, "the first exemplification of which is to be taking by force of arms the island, persons and privileges of the Philippine Islanders." History indicated that "imperial destiny" wrecked many republics. Wellington declared that Schley would go down in history as the true hero of the naval battle of Santiago. Wellington said there is no indication that the island is to keep faith with the Cubans, but there is every indication that by the power of syndicates, cabals and combinations there is to be continued in Cuba a despotism of military government, in which the Cubans themselves have no part.

Wellington closed with the statement that in his opinion his resolution, if adopted, would conclude the war in a manner both honorable and glorious. Consideration of the financial bill was resumed and Teller continued his speech which began yesterday.

HOUSE.

Washington, Jan. 18.—Hopkins, (Ill.) moved that the house go into committee of the whole for the consideration of the bill extending the scope of the twelfth census. Hopkins explained that the bill, with the exception of the fourth section, met the unanimous approval of the census committee. This section authorizes the director of the census to contract outside of the government printing office for printing the census reports. Hopkins in defending the section said the public printer would be given as much of the printing as he could do. He was willing to incorporate an amendment requiring the work to be done by union labor.

Babcock, (Wis.) asked what there was to prevent a "rat" office if it was the lowest bidder from obtaining the work. "There is not a 'rat' office in America," retorted Hopkins, "which can do this work."

This morning Policeman Martinez arrested Frank Fracorelli, on a complaint of Susario Romero, who accuses the former of assaulting him. Romero is the stepfather of Porfirio Padilla, the notorious Barelvas tough, who undoubtedly shot B. Bertoni early in the morning. Fracorelli is a brother-in-law of the man shot. The case will be heard before Justice Crawford tomorrow morning.

O. W. Strong was called to Las Cruces by telegram early this morning. He was wanted in his capacity of expert gun balmer. It is not known at present just who needed his services.

BARELAS CRIME.

Attempted Hold-up and Shooting in Barelas.

B. Bertoni Receives a Bullet in His Back.

Porfirio Padilla and Two Others Arrested and Jailed.

PARTICULARS OF THE AFFAIR.

The small store house, No. 1423 south Second street, just outside of the city limits and in the Barelas precinct, was the scene of an attempted hold-up and shooting at 12:30 o'clock this morning.

The victim, B. Bertoni, is now lying dangerously, if not fatally, wounded, at his home on south Third street, and his assailants, the notorious Porfirio Padilla and Placido Garcia, are in the county jail.

This morning, when the news of the shooting and attempted hold-up gained circulation, THE CITIZEN representative visited the scene of the affair, and while interviewing Andrea Trujillo, who conducts a small business across the street, Sheriff Hubbell put in an appearance.

The sheriff stated that he was summoned about 3 o'clock this morning to Barelas, in response to a message that a shooting had taken place, and after securing certain evidence, started out after two men—Porfirio Padilla and Placido Garcia, whom he soon captured and placed in the county jail.

The attempted hold-up and shooting took place in the house owned by S. J. Apodaca, but the front room was leased and conducted as a saloon by B. Bertoni. The Apodacas occupy the rear rooms for housekeeping, and Mrs. Apodaca (Mrs. Apodaca being away) on being interviewed regarding the shooting, stated: "Between 12 and 1 o'clock this morning, I was aroused from sleep by a shot from the front part of the house, and on rushing to the glass door leading into the storehouse I fully recognized Porfirio Padilla and Placido Garcia. The former had fired one shot, and had Bertoni panned back of the counter, when another shot was fired, and where they were demanding money from the man left—Padilla's face being blackened, and soon afterwards he returned, having only partially washed off the blacking, and commenced abusing me, stating that he had nothing to do with the shooting."

From Mr. Bertoni, who imparted his information to members of the C. Colombo society, it is learned that the two men under arrest had visited his place several times during the forepart of last night and had taken several drinks. About 12:30 o'clock this morning they entered and Padilla fired a shot into the ceiling. At the same time demanding his money. Mr. Bertoni threw at the men several soda water bottles, breaking two pieces of glass in the front of the store, but doing no damage to the midnight bandits. They then made a spring for Mr. Bertoni and in attempting to hold him tore the buttons from his vest. He was pursued back of the bar, and while in a crouching position, trying to protect his face from blows, one of the men, supposed to be Padilla, fired a shot into his back, the bullet passing into the left side and ranging downward, evidently lodged in some portion of the body that probing for would be out of the question for a day or so.

After the shooting, as stated above, Mr. Bertoni mustered courage and walked to the same time demanding his money. They then made a spring for Mr. Bertoni and in attempting to hold him tore the buttons from his vest. R. Tafoya, one of the substantial Mexican citizens of Barelas, was sent for as soon as the shooting took place and he states that the story as told by Mrs. Apodaca is substantially true in every particular.

Padilla is one of the noted toughs of the Barelas precinct. He has served out sentences in the county jail for robbery, and in the penitentiary for murder and assault. It is believed that he has only recently developed into a hard character.

Washington, Jan. 18.—A distinguished gathering of public officials, including President McKinley and the entire cabinet, representatives of the senate and house of representatives, judiciary of the United States supreme court and other branches of public life, participated today in the exercises attending the unveiling of the colossal bronze statue of Daniel Webster, executed by the Italian sculptor, Trentanove, and presented to the United States by Simon Hutchins. The statue occupies a position in the Scott circle. The ceremonies were held at Lafayette opera house.

Senator Chandler, in behalf of the Italian sculptor, read Mr. Hutchins' presentation letter and added a glowing tribute to the statesmanship, oratory and patriotism of Webster. Secretary Long then accepted the statue in behalf of the United States. After the formal ceremonies, the president and most of the other distinguished guests proceeded to Scott circle, where, at 12 o'clock, the statue was unveiled. Drawing the veil was performed by Jerome Bonaparte, great grandson of Webster, assisted by Mrs. Hutchins and Miss Katherine Dering.

HAPPY MOMENTS.

The Bank Debt Over the Goss Military Institute Limited. About the happiest man in town, and by the way one of the most popular, is Col. Robert S. Goss, principal of the Goss Military Institute. When the colonel came to this city he became involved, not through any disposition of his own, with the New Mexico Savings Bank and Trust company, on account of buildings and building contracts, and when that institution failed, likewise the Albuquerque National bank, the colonel found himself in debt to the amount of nearly \$4,000. Since then, by persistent work and a determination to make his school a success in a small way, the colonel has been able to pay off his debt, and he is now a free man.

Whitney Goss gave the community a chance to observe one of their almost daily deals in the line of implements and hardware yesterday, when the employees received and distributed over the southwest a carload of steel plows, and nearly half a ton of barbed wire. This, in addition to the multitude of other goods that are brought in and sent out every day, speaks well for the house, the country and the times, when such a business constantly increases and extends its territory and usefulness.

George C. Bowman, the United States ganger for this district, left this morning for Santa Fe, where he will do some gauging. He took along with him the famous rod that has done service for the gangsters of this district for many years.

J. C. White, in the employ of the Wells Fargo Express company, and Miss Leona Sinsinger were united in the holy bonds of wedlock this afternoon at A. A. Penwell, No. 321 south Third street, Rev. Jaggard performing the ceremony.

persons licensed as wholesale dealers, 1,000 brewers and 1,000 retailers, making a total of 2,000 licenses granted for the manufacture and sale of liquor. It is fair to estimate that at least three persons are employed under every license. This is undoubtedly a small average, because some of the brewers and distillers employ several thousand men, but even at that rate there are not less than 60,000 persons engaged in the manufacture and sale of liquor in the United States. Estimating the population of the country at 75,000,000, this would make an average of one liquor seller to every 1 1/4 of the population.

DISCUSSING STATEHOOD.

The New York Commercial Advertiser, assuming, apparently, that the territories are full of ignoramuses, insists upon a strict educational test, for the admission of new states. This leads Col. R. M. Twitwell, of Las Vegas, to write the Commercial Advertiser, in which he insists that statehood has not been denied to New Mexico on account of a lack of intelligence, but rather because of ignorance of her advantages on the part of eastern members of congress who know nothing of conditions of men west of the Alleghenies. "The single standard advocated," writes Mr. Twitwell, "has thought this political jurisdiction was wedded to the free silver heresy. Will you kindly permit me to remark that the political platform of the republican party in no state in the union, and the St. Louis platform as well, contained no 'gold' plank as solid as that of the republican party of New Mexico in 1890. And that platform, with the tariff and single standard, the main issues, we defeated the demo by a majority of 2,000 and elected every member of the legislature except four, the legislature standing thirty-two republicans and four democrats."

OTERO VS. CATRON.

The Las Vegas Optic insists that a terrible political fight is pending between Governor Otero and Mr. Catron, and that the factions are being lined up for the fray. The Optic figures that the county delegations will stand as follows: Bernillo county will be for Otero. The Hubbell has the organization and Alejandro Sandoval is with them. Pecos is for Catron. The county delegation will stand as follows: Catron county will be for Otero, as he has a number of appointees who will look after it for him. Colfax county is doubtful, as both Catron and Otero have a number of strong friends there. Dona Ana county will likely be looked after by Senator Garrett and is friendly to Mr. Catron. Guadalupe county is considered as safe for Catron. Grant county will go either way. Lincoln county is being watched and looked after by both factions. Mora county is divided, with Catron decidedly in the lead. Rio Arriba will be split, each side will get part of the delegation. San Juan county will be looked after by Otero and will be carried, as it is understood that General Harriet has friends there. San Miguel and Santa Fe counties will both be the scene of battles. San Miguel may go for Otero as he has promised to have Bernardino Romero go as a delegate to the national convention, if the Otero faction wins. And will Don Eugenio go against his own interest? Santa Fe county is a field for a fierce fight, as all of the old-time Catron men are falling away and going to Otero and all of the new ones are going to Otero and a few, are for Otero, but Catron will spend money to keep from losing his own county and Santa Fe county will be in the Catron column. Sierra county is doubtful and will remain so until the convention meets. Union is but little heard from, but both sides are claiming it. Valencia will be divided. Luna cannot go against Col. J. Francisco Chavez and if any of Chavez's friends get in, they will be for Catron.

THE SHERIFF COURT.

Decision of the Lower Court in Las Vegas Water Rate Case Sustained.

The supreme court met Wednesday at Santa Fe, with Chief Justice Mills and Associate Justices Crumacker, McPhee and Parker on the bench.

In case No. 796, The Mayor and Board of Aldermen of Las Vegas, appellants, vs. The Agua Fria Water Company, Las Vegas, appellees. From San Miguel county, the judgment of the lower court was affirmed and the injunction against the city authorities of Las Vegas made permanent. The city had fixed a maximum rate, which the water company should charge for water, and the lower court enjoined the city from enforcing the ordinance.

In case No. 840, Barbara Chavez de Armijo, plaintiff in error, vs. Justo R. Armijo, defendant in error, the judgment of the lower court was affirmed. Judgment to the amount of \$5,016.24 and court costs was ordered entered against the plaintiff and sureties on the appeal. The suit was on a bill for services rendered.

In case No. 841, Numa Raymond, plaintiff in error, vs. Simon B. Newcomb, defendant in error, error to the district court of Dona Ana county, was argued and submitted. The plaintiff was to recover an indebtedness of about \$10,000. The defendant pleads the statute of limitation.

In case No. 571, E. W. Cogswell and al., appellees, vs. John R. Bushnell, appellee, appeal from the district court of Bernillo county, a motion for a writ of certiorari on the clerk of the Second judicial district was allowed.

Beware of Outcomes for Cancers that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in the United States by F. J. Cheney & Co., Toledo, O.

Superintendent Visiting a Day.

A. H. Vieta, superintendent of the government Indian school in this city, will relinquish his duties at the school soon and will with Mrs. Vieta remove from Santa Fe. Mr. Vieta's successor, who has not yet been officially announced, is expected here next week. Mr. and Mrs. Vieta have many friends in this city, who will regret very much to see them leave, and who wish them abundant success and prosperity wherever they may decide to reside in the future.—New Mexican.

LAS VEGAS.

From the Optic.

J. J. Reynolds of Las Vegas, recently shipped five tons of ore from his mine, on the west fork of Hanover, down in Grant county.

Col. Marcus Brunwick has gone down to Water canyon, Socorro county, to inquire into the reported rich strike in the "Buckeye" mine.

Jacob Gross, of the firm of Gross, Blackwell & Co., proprietors of one of the largest business concerns in the southwest, came in from St. Louis, on one of his occasional trips out here.

Geo. W. Ward, steward at the asylum, is at home from an enjoyable visit to Mexico.

Col. George H. Hutcheson has sold a piece of property on lower Grand avenue, belonging to John Richardson, who owns the former Pace corner, to Joseph Blevins and wife, of Iowa, he a railroad engineer, for a consideration of \$500.

Mrs. Mary A. Pepper, mother of Mrs. M. J. Hunter, breathed her last at the residence of her son, S. B. Cover, at the age of sixty-eight years. Deceased had been in declining health for the past nine years. Her home was at Leavenworth, Kansas, but she came here from Canyon City, Colo., last June. Mrs. Pepper had lost her husband and brother in the past six months, but her mother still survives at the advanced age of eighty-nine years. The funeral took place from the Covert residence, Rev. Norman Skinner attending.

COMING THIS WAY.

The Citizens stated yesterday afternoon that General Manager Mudge and other high officials of the Santa Fe railway would soon visit this city on a general inspection tour. The party will, no doubt, reach this city sometime next week.

The Topeka State Journal says: A special train carrying General Manager C. H. Mudge, General Superintendent C. T. McGinnis, and Division Superintendent C. T. McGinnis, left Topeka Monday over the Santa Fe for Kansas City, where Mr. M. J. Barr, third vice president of the road, is to be met. The object of this trip is the inspection of the Kansas City and Argentine yards, a part of the eastern division which will be under hereafter inspected, and the Southern Kansas division trip will consume the greater part of this week.

occasionally used. Light subjects after taking them were inoculated with confluent smallpox virus and escaped infection. Long standing malignant blood diseases, even cancer, yielded to this new preparation. The Immune Tablet Co., Washington, D. C., have sole control of this drug, and are forming a stock company for the dissemination of Immune Tablets, Sunflower Chili Capsules, and other preparations all over the country. Shares (\$25) can be secured now at "ground floor" advantage. Profits cannot be estimated, but will be exceptionally large, as this product is without a rival in pharmacy. They want stockholders who will watch their interests in different sections of the country liable to outbreaks of smallpox, yellow and other contagious fevers.

Runaway Boy Found.

Deputy Sheriff Huber returned last evening from Bland with 16-year-old Juan Jose Lopez, who ran away from his home in Cherry county, Colo. Huber tracked Lopez to Colla canyon, where the boy had secured employment at chopping wood. Young Lopez was much surprised to be a rested, but came willingly to this city. His father, Juan Jose Lopez, a wealthy ranch and sheep owner, who had arrived here, took his son home with him this forenoon. Mr. Lopez paid the deputy sheriff a handsome reward for capturing young Lopez.—New Mexican.

MARY NEW ENGINES.

Santa Fe Locomotive Orders Will Be Filled Rapidly.

When the present orders for new locomotives, which have been placed with the locomotive firms of the east have been filled and the locomotives which are to be built at the Topeka shops have been turned out, the motive power of the Santa Fe road will be adequate for all needs for some time to come.

An order for ten freight locomotives has just been filled, and three have been delivered on an order of five new passenger locomotives from the Baldwin Locomotive Works. There is, in addition to these, an order for forty freight locomotives from the Baldwin people, delivery of which will be commenced the latter part of this month, and also twenty locomotives for freight service on the Santa Fe Pacific road, delivery to be commenced within the next sixty days. The latter locomotives will be eight-wheel consolidated, with cylinders 21x30 inches. The locomotives now building at the Topeka shops are known as the Marys, and are very powerful, having cylinders 21x34 inches. They are for use on the Santa Fe Pacific road west of Albuquerque.

The new locomotives will be a material addition to the motive equipment of the road. With the delivery of the sixty locomotives from the east and the completion of the ten new building at the shops in Topeka, all outstanding orders of the Santa Fe for locomotives will have been filled, and probably no additional orders will be placed for some time to come.

Story of a slave.
To be bound hand and foot for years by the chains of disease in the worst form of slavery, George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been a slave for five years, that she could not turn over in bed alone. After using two bottles of Electric Bitters she is now fully recovered and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cts. Sold by J. H. O'Reilly & Co.

SAVING A LIFE.
From the West.
Charlie Lyle spent a few days in town en route to Winslow, where a job awaits him in the railway shops.

The local office of the Postal is now doing business in the store of J. N. Iroyes, Operator Haines taking charge last night.

Frank Armstrong is wearing a nugget pin which represents the first gold taken out of a claim near Chloride, and being opened up by W. D. Armstrong, H. B. Morgan.

Conductor Lot M. Morris, of this place, and Miss Chetilla L. Conley, of Roswell, Kansas, were married at the home of the bride's parents Wednesday evening at 8 o'clock. The newly married couple will be at home, San Marcial, after Feb. 1.

A very pleasant dance took place Wednesday evening in the opera house. A pleasant feature was the music and instruction given by Professor Ford and wife, who are in town to give dancing lessons if sufficient encouragement be given.

A gentleman who is largely interested in the Rosedale properties, and who is away on a business trip, writes to him that he expects to have three companies at work at Rosedale by next spring. He has a buyer for the Golden Bell on the string and a party who will buy the Noonday mine. He met a mining expert from St. Louis the other day who will visit Rosedale shortly in the interest of a syndicate.

Bids are asked for carrying the mail between San Marcial and Rosedale three times each week. The bids must be in by January 17, and all will be mailed to the department by the San Marcial postmaster, from whom blank bonds may be had. From March 15, 1900, to June 30, 1902, will be the length of the contract.

Robert Burham, of the Dipping Springs mining district in the San Matias county from Lava, was in town this week in search of Mexican laborers. A pleasant feature was the music and instruction given by Professor Ford and wife, who are in town to give dancing lessons if sufficient encouragement be given.

LIEUT. MAXWELL KEYS.
The Official Order to Regional Officers to Wear Mourning.

In an order by the commanding officer of the Third Infantry in the field at Bataan, Philippines, this tribute was paid to a gallant young New Mexican of color.

General Orders No. 124.
Headquarters Third Infantry, Bataan, Philippines, November 26, 1899.

The regimental commander announces with profound sorrow and deep regret the death of Second Lieutenant Maxwell Keys, Third Infantry. He was killed in action with the Philippine Insurgents about 10:30 a. m., November 24, 1899, near San Isidro, Luzon island, Philippine Islands, while in command of the Third Infantry scouts, as he was courageous and successfully resisting a large force of the enemy until the arrival of the main body of the expedition.

Lieutenant Keys was born and reared in the military service, and evinced from early youth a passionate ambition for a soldier's profession.

Upon reaching his majority he enlisted in the Tenth United States infantry, serving as private, corporal and sergeant. Upon the declaration of war, with Spain he was appointed a second lieutenant in the First United States volunteer cavalry and after commissioning a first lieutenant in the same regiment, and appointed regimental adjutant for conspicuous bravery on the firing line before Santiago de Cuba. After he was mustered out of the volunteer service he was commissioned a second lieutenant of infantry and assigned to this regiment June 1, 1899. It is needless to recount his brother officers and many virtues or dwell upon his efficiency and bravery as a soldier, for they were patent to all and are a matter of record. The officers of the regiment will surely be authorized badge of mourning for thirty days.

By order of Colonel Page.
(Signed) F. M. M. BRILL, Captain and Adjutant Third Infantry.

United States Commissioner Whiting yesterday afternoon bound over the Tomasa, accused of opening a letter belonging to another Tomel. The evidence was slight. The United States was represented by Attorney E. L. Medler. After hearing elaborate arguments on both sides the commissioner bound the defendants over to the next grand jury under \$200 bonds on their own recognizances.

SUIT OVER TWO GRANTS.

Testimony Being Taken as to the Lamy and Canada de Los Alamos Properties.

Testimony is being taken in the case of Francisco A. Manzanera et al. vs. James M. Bies et al., involving title to the Canada de Los Alamos grant and the Lamy grant in Santa Fe county, says the Santa Fe New Mexican. The contention of plaintiff is that they purchased all interests in the above named grants, that are approved and patented, and that the heirs and assigns, and that they possess full and clear title. The defendants, of whom there are a good many, claim that all interests were not so bought, and that they are co-owners as heirs and assigns.

Col. G. W. Knaebel is attorney for plaintiff, and Messrs. L. Bradford Prince, J. W. Yeeder, T. B. Catron and A. B. Renahan are attorneys for different defendants. Col. Max Frost is the referee, and K. L. Baca, clerk, taking the testimony.

The properties involved are quite valuable, the Oodendock goat-raising farm being located therein; also the Lamy railroad station and depot grounds of the Atchison, Topeka & Santa Fe railway. The interests of that corporation are represented by Messrs. H. L. Waldo, R. K. Titchell and R. C. Gortner.

The land contained within the grant amounts to 12,000 acres for the Lamy grant, and is due grazing land.

Remarkable Recovery.
Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself bound from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this great discovery at J. H. O'Reilly & Co.'s drug store. Only 50 cents and \$1.00. Every bottle guaranteed.

IMPORTANT MEETING.
Durango Club Will Push the Albuquerque Road Project.

The annual meeting of the members of the Durango Club is called for Tuesday evening, January 10, at 8 o'clock.

It is desired that all members will take an interest in this meeting as officers for the ensuing year will be elected, and other important matters will be brought before the meeting.

The Albuquerque club has expressed a desire to co-operate with the citizens of Durango, in the matter of taking up a plan for connecting the two cities by rail. The present financial condition of the country seems to offer encouragement for promoting an enterprise of this kind, and if it can be brought to the attention of the proper parties, good results will follow.

Durango should certainly be willing to render any possible assistance to an enterprise so necessary to this section.—Durango Herald.

BEARDED WOMEN.

Designing men, through stirring and convincing worded advertisements, constantly endeavor to work upon the feelings of sick and suffering women, to induce them to take a woman's (and secure a woman's sympathy. It is well to remember that the best sympathy is to be had at home and not from strangers, perhaps hundreds of miles distant. The object of the sick is to get well, and however precious sympathy may be, it never yet cured a seriously afflicted woman. While the sympathy of your milliner or dressmaker is appreciated and is as sympathetic as a stranger, yet it can not effect your cure if you are an ailing woman. It is loudly proclaimed through the press that a woman's ailments, and on this ground sick women are invited to "write to a woman" and get the benefit of a woman's advice. The sort of "understanding of her ailments" wanted by a sick woman is a trained medical and nursing woman, one who has this trained medical knowledge she understands woman's ailments not as a woman, but as a physician. If she is not a doctor she cannot understand the ailments at all, and cannot treat them successfully, because she lacks the necessary training.

As far as known, there is no regularly qualified woman physician connected with any proprietary medicine, especially designed for women—no one, therefore qualified by learning and experience to advise on questions of disease and its cure.

It is certain that there is no man, or woman, connected with any proprietary medicine for women, excepting only Dr. Pierce's Favorite Prescription, who, like Dr. Pierce, is a trained and qualified physician, and who has, like him, devoted more than thirty years to the special study and treatment of diseases of women.

For more than thirty years Dr. R. V. Pierce, a regularly graduated doctor, has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. On his staff are nearly a score of regularly graduated, experienced, skilled physicians, each of whom is a specialist in some class of disease. Every letter addressed to Dr. Pierce as above, has prompt consideration, is read, answered in a plain envelope so your private affairs are kept safe from prying eyes.

Wednesday afternoon, 1:30 sharp, at 410 east Railroad avenue, I will sell all of the elegant furnishings of an eight-room house at public auction. These goods belong to Mrs. J. Keleher and are all in fine condition. They consist in part of kitchen utensils, dishes, glassware, oak extension table, dining room chair, sideboard, heating stove, base burner, brass top iron bed, dresser, washstands, chamber sets, lace curtains, pictures, brussels and Ingrain carpets, cheffonier, lamp, folding bed, rockers, center table, upholstered parlor furniture, etc.; also a fresh thoroughbred Jersey cow will be sold. This is a rare chance to get good furniture at your own price. Remember, Wednesday at 1:30 sharp. House open for inspection Monday and Tuesday.

H. S. KNIGHT, Auctioneer.

A Hog Story.

Joe Farr, who recently visited Great Bend, Kan., on a hog purchasing trip, has returned home. He tells a good joke on himself while in that town. He states that he had purchased several car loads of hogs and saw them safely loaded into the cars. While waiting for the train to move out for the south, a policeman walked up to Joseph and said: "I want you; a burglary was committed here last night and I arrest you as a suspicious character."

For a moment Joe was nonplussed, but on recovering himself, said: "I am a meat carver and stock buyer of Albuquerque; I feed on cactus and soap weed, and if you persist in your determination to make me a bad man, without my consent, I will crush every bone in your body and drop your miserable carcass into the cars for the hogs to devour."

Just then the whistle of the engine was sounded and Joe, bolting headlong for the train, leaving the thoroughly terrified Great Bend officer standing dumfounded and almost riveted, as it were, to the ground.

Company G, Attention!

Regular meeting this evening at 8 o'clock, of the Albuquerque Guards. All members are requested to be present.

The Kilo Club will meet with Mrs. Fenner at 612 south Second street, to-morrow afternoon at 2:30.

DANCE AND SUPPER.

Degree of Honor Ladies Entertain Their Friends.

Knox Lodge No. 1, Degree of Honor, A. O. U. W., gave a reception to their friends last night, and knowing the good time prepared for them, they turned out in numbers to fill Old Fellows' hall. Professor Di Mauro and his orchestra furnished delightful music for the dance, and as about all present were dancers, all enjoyed themselves. That young man, known as "Hawley on the Corner," was as frisky as a yearling colt, and insisted, on having his way in picking out dances to suit himself, and in the absence of a caller for an old time quadrille, took the place himself and did splendidly. As for the supper served by the ladies, it was as always the case, superb, and was enjoyed hugely and disposed of in short order. The committee in charge, headed by Mrs. Edward Johnson, are to be congratulated upon the success of their efforts.

Mr. and Mrs. Ernest Lix of south Arno street, are rejoicing in the arrival of a sweet baby daughter, who opened her eyes on this busy world yesterday noon. Papa and mamma are as happy as can be and granddaddy Fink is charmed, and if the little miss only knew it she would congratulate herself on having such a doting nurse as granddaddy will be.

Lieutenant Hickok, with his wife and twenty members of Troop K, Ninth cavalry, passed up the road for Fort DuChesne, Utah, this morning. They were stationed at Fort Bayard, but day before yesterday the lieutenant turned over that fort to the medical department of the government and with his few soldiers left for the Utah fort.

J. E. Turner and J. B. Cline, two New Yorkers, interested in the Copper Hill Mining company, of Rinconado, Taos county, left for the north this morning. Mrs. E. Anderson and Miss Blanche Willy, who, it is claimed by the New Mexican, are Chicago journalists, accompanied the gentlemen north.

Adolph Shultz, the El Paso merchant, came in from the south this morning, and was met at the depot by Mrs. B. Spitz, a sister. The young gentleman continued east.

No one to waste your time in looking around for shoes. Go at once to U. May, the popular priced shoe dealer, 208 Railroad avenue, and you will surely be suited.

Will Springer and James Gansfield left this morning for the Pecos Wells country. They will be absent several days.
