## LIVELY AT LADYSMITH

**Details of Repulse of the Boers  
by General White.**

**General Wood Plants a Post in the  
Transvaal Country.**

**Gen. Warren Crossed Tugela River With  
British Troops.**

**GERMAN VESSEL HAD CARGO OF RIFLES.**

London, Jan. 15.—The Standard's correspondent at Ladysmith is the first to get through from the beleaguered town an unofficial account of the battle of January 6, but unfortunately the most important portion of the message, describing the earlier stages of the engagement, has not yet been received. The assault on the western end of General White's southern position was, it seemed, continued with the utmost stubbornness until darkness came on, and the Devonshire regiment, in the final charge, cleared the Boers from Wagon Hill at the point of the bayonet. The British positions are being strengthened all around, but up to the present time the Boers have made no fresh movement against them.

**CROSSED TUGELA RIVER.**  
London, Jan. 15.—A special dispatch from Cape Town, dated Friday, Jan. 12, evening, announces that General Warren has crossed the Tugela river.

**INVADING THE TRANSVAAL.**  
Orange River, Friday.—General Wood, for the first time in the campaign, has established a post in the enemy's country. With a force of all arms he took position January 6, at Zestup's drift, on the north side of the Orange river, in the Orange Free State.

**BRITISH ADVANCING.**  
London, Jan. 15.—Up to the present the report of the crossing of the Tugela river by General Warren's division remains but a rumor. Nevertheless, the whole tenor of our news has been hitherto from South Africa during the last 48 hours, indicates that a combined forward movement of comprehensive character is proceeding. A column is proceeding via Weenen to Helpmakoer to cut off the retreat of the Boers.

Advices from Pietermaritzburg, dated January 13, says that since their defeat of January 6, the Boers have been removing their guns from positions south of Ladysmith. The same dispatch confirms the report that the Thirteenth Hussars reached Groblerskloof without meeting the Boers. As the trenches at Groblerskloof were perhaps the strongest position held by the burghers, their vacation considerably astonishes the British. Merchants of Pietermaritzburg received messages from Ladysmith, saying: "Bring up jam, etc.," indicating that their Ladysmith agents anticipated immediate opening of communication, while Ladysmith also telegraphed the belief prevalent there on January 13 that the Boers were moving and concentrating their forces elsewhere.

As corroborative of British activity in the direction of the relief of Ladysmith, a dispatch has been received at London from General Buller to the effect that he expected all dispositions for a synchronous movement of the various columns against the besiegers to be completed this morning. Under these circumstances it is considered quite probable that an advance on the beleaguered town has commenced and fighting is progressing.

Optimists go so far as to say that it is expected that Ladysmith will be relieved to-night if all goes well. Military men are divided in opinion whether Buller is at Springfield or personally directing the flank movement from Weenen. Officials are inclined to credit the report that the British crossed Tugela river in that direction, although there is no confirmation of the report, and altogether there is a more hopeful feeling in official circles. General French's forces succeeded in

dragging a fifteen-pounder to the summit of a steep rock at Colenso, a thousand feet above the surrounding plain and routed the Boers camp three miles away from Stormberg.

Three hundred Boers escorting a party of resisters, gathered all the crops within two miles of the colonial camp at Bird's river, the British force being too weak to interfere.

A dispatch from Pretoria says that the federal forces recommended the bombardment of Mafeking on January 12.

**CARGO OF RIFLES.**  
London, Jan. 15.—Rifles have been discovered in the cargo of the German imperial mail steamer Bundersath, seized off Delagoa Bay by the British cruiser and taken to Durban.

**MILITARY ATTACKS.**  
Durban, Natal, Jan. 14.—All of the foreign military attaches arrived here this morning. They will proceed on Monday to Cape Town, where they will join Lord Roberts.

**Kentucky Election Contest.**  
Frankfort, Ky., Jan. 15.—The election contest board met today.—Gov. Taylor's attorneys filed a protest against the board sitting in the case. The protest is based on the ground that charges filed by Taylor several days ago alleging that several members were disqualified from serving, without without investigation; that the charges, if investigated, would relieve those members from serving and the committee would then be without a quorum. The protest also filed as many important parties of Goebel's and Beckham's notices of contest.

**Out on Bail.**  
Denver, Colo., Jan. 15.—Informations were filed today in the criminal court by District Attorney Malone, charging W. W. Anderson, who shot Frederick G. Bondis and H. H. Tammen, owners of the Post, on Saturday, charging assault with intent to kill. Anderson is free under \$10,000 bail. Bondis' condition is critical. Tammen is regarded as out of danger.

**Welcome Visitors.**  
St. Paul's Lutheran church, on Third street, has had an official visit from Field Secretary of Church Extension Rev. H. L. Garger, D. D., and Western Secretary of Home Missions Rev. S. B. Barnitz, D. D., which has encouraged Pastor Hendra and his people, and for which they are very thankful. Dr. Garger occupied the pulpit at St. Paul's yesterday, where the Lutheran have a successful mission station, and Dr. Barnitz preached morning and evening at St. Paul's, of this city. The attendance was excellent and the interest in the discourse such as ought to make any preacher feel that his setting forth of the gospel was appreciated. The morning sermon was one of encouragement to the pastor and congregation, the visiting secretary noting reasons for encouragement and signs of improvement in the work since his visit of several years ago. Dr. Barnitz has been familiar with the work and struggles of St. Paul's from its beginning and was present at the dedication of the church. The evening sermon was on "Our Country's Greatest Need," which was pointed out as the gospel. The day was a good one for St. Paul's. The visiting clergymen noted many improvements in our city, and expressed pleasure at what they witnessed. They were also encouraged by their visit to St. Paul's. They go from here to Trinidad, Colo., and thence eastward. Dr. Barnitz's headquarters are at Des Moines, Iowa, and the headquarters of Dr. Garger at Atchison, Kas.

**W. P. Metcalf**, the well-known senior member of the insurance and real estate firm of Metcalf & Strahan, accompanied by his wife, returned home on the limited to day from the east. Mr. Metcalf and wife left for the east a short time before Christmas, and enjoyed the holidays visiting relatives and friends in the big eastern cities.

Brother James, the principal of the boys' school at Bernillo, came in from the north last night, and is registered at the Grand Central. For some time Brother James was seriously ill, but he is slowly recovering his good health.

**Harry Gleason**, who has developed into one of the best fire and accident insurance rustlers in the southwest, has returned to the city from Boise.

We consider our \$2 75 winter suits the greatest bargain ever offered in this city. Call and see them. Simon Stern, the railroad clothier.

**J. J. Blow**, who is a mining expert of considerable reputation, is at Sturges' European room, Knight's.

**W. F. Grounds** and daughter, registering from Hackberry, Arizona, are at the Hotel Highland.

**R. H. Conery**, representing K. C. De Witt & Co., Chicago medical men, is in the city today.

## FILIPINO FIGHTING.

**Bands of Insurgents Routed by  
American Troops.**

**Territory of Alaska to Have Three  
Judicial Districts.**

**Death of Originator of the Overland  
Pony Express.**

**SENATOR HOAR CAUSED INSURRECTION.**

Washington, Jan. 15.—The war department today received the following report from General Otis: "Manila, Jan. 15.—Bole men and armed insurgents, robbers from the Zamboanga mountains, attacked two companies of the Twenty-fifth Infantry, O'Neil commanding, at Iba, January 6, and were driven and pursued with a loss to them of fifty men; no American casualties. Schwan's troops are east and south of Santo Tomas, Batangas.

Yesterday Chestham's battalion of the Thirty-seventh regiment struck the enemy east of Santo Tomas on the San Pablo road. The enemy left five dead on the field, the cavalry soon appearing, pursued the force eastward; no report of result. Chestham's casualties, one wounded.

Anderson of the Thirty-eighth regiment, enroute to Lipas, struck the insurgents a few miles south of Santo Tomas, and drove them through Lipa to Rosario; enemy's loss twenty dead and wounded, sixty Spanish prisoners and twenty thousand dollars.

Schwan has liberated about two hundred Spanish prisoners now enroute to Manila.

Anderson's casualties yesterday, one man killed, two wounded. Wheaton's forces are actively operating in western Cavite and Batanga provinces; all important towns are held and constant patrolling. A great many Filipinos, returning to their homes, are believed to be insurgent deserters.

**HOAR IS A TRAITOR.**  
Chicago, Jan. 15.—John Barrett, ex-United States minister to Siam, for the first time publicly named Senator Hoar. In an address at Lake Forest University, as the senator whose anti-expansion speech was called to Hong Kong and subsequently put in the hands of the Filipino soldiers, causing, as Barrett believed, open insurrection.

**Dead.**  
Chicago, Jan. 15.—Alexander Majors, originator of the pony express and the first man to conduct a complete overland mail service, is dead, aged 85.

**Judicial Districts in Alaska.**  
Washington, Jan. 15.—The senate committee on territories to day considered a bill creating three judicial districts for Alaska and for a revision of the laws of the United States applying to that territory.

Lumber men of Alaska were present and made suggestions which they desired to be incorporated in the law. They were asked if there was any sentiment in favor of dividing the territory at Mount St. Elias, making the southeastern portion of the territory Seward. The reply was that the people believed such division would be necessary at some future time. The judicial bill was referred to a sub-committee.

**DOINGS OF CONGRESS.**  
Discussion of the Philippine Question in the Senate.

Washington, Jan. 15.—At conclusion of routine business in the senate, the resolution of Pettigrew calling on the secretary of war for certain information regarding the Philippine insurrection was laid before the senate.

Pettigrew declined Hoar's request to substitute a resolution presented by Hoar.

Berry (Ark.) had read the resolution offered by Bacon (Ga.), also that by Beveridge (Ind.) Those who desired to discuss the Philippine question he said were met by the objection that they were aiding those in arms against the United States and were responsible for loss of life among our soldiers. He regarded this absolutely unwarranted and declared that no man who was a man would be deterred from speaking by charges that were absolutely unfounded by facts. Berry believed that the two resolutions read from the desk fairly represented the views of the two great parties of this country. He was certain that the resolution by Beveridge reflected the sentiment and feelings of the administration, because it had been favorably commented upon by the administration speakers and newspapers throughout the country. The resolution had been endorsed, he said, by the administration leaders, yet it conferred authority and power upon this country as absolute, as possessed by the czar of Russia.

Senator Pettigrew followed Berry, and criticized the Philippine policy of the administration. At 2 o'clock the financial bill was temporarily laid aside in order to allow Pettigrew to finish his speech, and afford Wolcott, Colorado, an opportunity to utter some remarks on the resolutions. Wolcott said the speech of Pettigrew was intemperate and that Pettigrew was fitted to speak for ill-tempered people who never had a good word to say for anything or anybody. Wolcott said that he did not believe expressions of sympathy for Philippine had any effect. If Aguinaldo knew anything that was going on, he knew that the speeches made here carried little weight. Wolcott said if Aguinaldo was in Pettigrew's place representing South Dakota, he would not be traducing the president and officers of the American army fighting in the Philippines. Wolcott also took issue with Beveridge upon

what he said regarding the hand of the Almighty in making the Anglo-Saxon and Teutonic peoples the guardians of the heathen and savage races of the world.

**HOUSE.**  
Washington, Jan. 15.—Mr. Cannon (Ill.) from the committee on appropriations, reported the urgency deficiency bill, and gave notice that he would call it up for consideration to-morrow.

On motion of Clark, (N. H.) the resolution was adopted, calling upon the secretary of state for information in relation to the status of the agreement between Great Britain and the United States which prevented the United States building, arming or maintaining more than one war vessel upon the great lakes.

Hobcock, chairman of the committee of the District of Columbia claimed the day for consideration of District Columbia business.

**Death of Mrs. Farrell.**  
Last Saturday night a message was received from Oswego, New York, conveying the sad intelligence to friends here of the death there at 5 o'clock that afternoon of Mrs. Edward Farrell. Last summer, on their wedding tour from Oswego, Mr. and Mrs. Farrell arrived in this city. The lady was sick before her arrival, and a few months in this climate helped to make her faithful husband and friends believe that her health had been fully restored. Fate, however, ordained otherwise, and a short time ago, seeing that her condition had changed for the worse, her physician here so informed her husband, and soon thereafter the homeward journey was commenced. Now the sad news of her death is received, and in consequence the Oswego, N. Y., colony in this city is called upon to mourn her death. Mr. Farrell will be remembered as the young gentleman who had charge of the ticket-taking at the grand stand during the territorial fair of last September.

**DANCE AT HELEN.**  
The Heyday Entertainment Last Saturday Evening.

A very pleasant party was given by the Heyday club of Helen on Saturday evening, the music for which was furnished by several musicians from Mexico, and they put up a first class article for the dancers.

Dancing commenced at 9 o'clock p. m., and the merry waltzers indulged in the pastime until 2 o'clock Sunday morning. Those who did not dance, played billiards and sought the bowling alley, which are popular adjuncts to the dancing department of the club.

Refreshments were served, which were happily enjoyed. THE CITIZEN representative reports the following present: Mesdames Didier, Le Bruhn, Dallas, of Helen, and Mrs. Solomon Luna, of Los Lunas.

Misses Willey, Becker, Zinth, Owen, Albuquerque; Volstead, Ruth, Haak, Helen; Otero, Santa Fe; Huning and Nowlin, Los Lunas.

Messrs. Radcliffe, Bernard and Carl Reinken, P. B. and C. Dallas, Le Bruhn, Hana and Louis Becker, A. Didier, Kraetz and W. Zweiger, Max Kibert, C. Schelle, Morris, Matthews, Menard, Volstead, F. A. Becker, L. Huning, Jr., and Whitmore, of Los Lunas; Harry Gleason and E. Schelle, of Albuquerque.

C. F. Riggs, the well-known theatrical manager, who has had a lease on the Orchestra hall the past winter, left last night for City of Mexico, for the purpose of directing the Mexican tour of the famous contralto, Madame Scialchi, and her company of operatic artists. Mr. Riggs left his business here, during his absence, in the hands of his wife (Rose Stillman), and stated that he expected to return about the middle of next month. He will arrange for the noted singer and her company to perform in this city as soon as the new opera house legal entanglement is settled.

The Non-Sectarian Benevolent society are very much in need of more ladies as active workers in the society. The work of this society is worthy of every lady's attention, but for the past year the work has fallen upon a few ladies, making it very hard. The next meeting will be held at Mr. Clancy's office, Wednesday, January 17, at 2 o'clock. The committee hope a large number of ladies will be present. Miss Julia Lee, president.

Dr. J. A. Bacon and wife, the former for several months a dentist in the Grant building, have located for the time being in Tucson, Arizona.

E. W. Spencer, of the News, and wife, visited Laguna yesterday, returning to this city in the evening.

## MAY STRIKE.

**Trainmen on Great Northern  
Road Reject Waga Schedule.**

**Thirteenth Annual Report of Inter-  
state Commerce Commission.**

**United Mine Workers Released From  
Jail for Contempt of Court.**

**PRESIDENTIAL APPOINTMENTS.**

Minneapolis, Jan. 15.—A poll of the entire Great Northern system on the question whether the trainmen should reject the company's schedule, was taken up yesterday. The leaders are confident that it will be practically unanimous in favor of rejection. It was taken at the request of the company officials, who professed to believe that the sentiment of the trainmen is not behind their grievance committee. The men do not want to strike, but prefer that to retreat from the position they have taken.

**COMMERCE COMMISSION.**  
Their Thirteenth Annual Report Asks for More Stringent Laws.

Washington, Jan. 15.—The Interstate Commerce commission today made public its thirteenth annual report. A feature of the report is the strong plea made that congress uphold the hands of the commission by amendments making the interstate commerce law more effective. The bill embracing the more important amendments is recommended by the commission. Senator Cullum introduced the report in congress and significantly asks whether continued failure to perfect a regulating statute on reasonable lines will not soon result in the demand for drastic legislation. During the year 1899 there were 199 employees killed, and 5,339 injured upon 89 roads, against 209 killed and 5,484 injured in 1898, a result attributed to the more general equipment of the roads with safety appliances.

**PRESIDENTIAL APPOINTMENTS.**  
Washington, Jan. 15.—The president sent to the senate the following nominations:

Treasury—Charles H. Sherman, California, to be assayer of the mint, San Francisco.

Interior—P. F. Barclay, receiver of public moneys, Del Norte, Colorado; Kil. L. Warner, St. Paul, Minnesota, surveyor general, Minnesota.

**United Mine Workers Released.**  
St. Louis, Jan. 15.—Judge Thayer, of the United States court of appeals, today rendered a decision in the case of John P. Reese, member of the United Mine Workers of America, now in jail at Fort Scott, Kas., for contempt of court, ordering his release. The contention of Reese that the injunction under which he was imprisoned for addressing the striking miners, did not apply to him, was upheld by Judge Thayer.

IMPORTANT BILL.

To Confirm to this City Villa de Albuquerque Land Grant.

A few days ago THE CITIZEN published a brief paragraph to the effect that Hon. Pedro Perea, delegate to congress, had introduced a most important bill to the city of Albuquerque, in the county of Bernalillo and territory of New Mexico, the Villa de Albuquerque land grant, and providing for the settlement of titles therein, and for other purposes.

The bill in full reads as follows: Whereas the people of and in the vicinity of the city of Albuquerque, in the county of Bernalillo and territory of New Mexico, have heretofore believed, understood, and acted upon the fact of the existence there of a grant of land from the Spanish Crown of four square leagues, which, under the treaty of Guadalupe Hidalgo, the United States would be bound to respect and confirm; and

Whereas said grant of land was, by authority of the United States, segregated from the public domain in about the year Anno Domini eighteen hundred and eighty-two, and was confirmed to said city by the United States of private land claims in April, eighteen hundred and ninety-two, but which confirmation was, on appeal to the supreme court of the United States (one hundred and seventy-first United States, six hundred and eighty-five), reversed and remanded under such conditions as virtually to leave the title to said land grant, and of the lots, tracts, houses, and improvements of the people thereof still in the United States, without any adequate law under which the same can be remedied; Now, therefore, in order to correct such condition of things:

Be it enacted by the senate and house of representatives of the United States of America in congress assembled, that there is hereby given, granted, and confirmed unto the city of Albuquerque, in the county of Bernalillo and territory of New Mexico, and in trust for the use and benefit of the lot holders under grants from the Villa de Albuquerque land grant of four square Spanish leagues, containing seventeen thousand three hundred and sixty-one and six hundredths acres, as said land grant is known and described in the survey, maps, and plats thereof in the office of the surveyor-general of said territory: Provided, that there is excepted from this grant and confirmation all that portion of the same on the west side of the Rio Grande that may be found to overlap or conflict with the town of Alamosa, as the latter was confirmed by the Court of Private Land Claims.

Sec. 2. That said city shall, as soon as may be, and within six months after the passage of this Act, cause to be published, not less than once a week for four consecutive weeks, a proper notice, setting forth the substance, objects, and requirements hereof, and shall thereafter, on request, execute and deliver a good and sufficient deed of conveyance to every owner of any of said land. All persons shall be

considered owners who by themselves or their predecessors in interest, or both, have claimed or possessed, under color of title, and paid taxes upon the land claimed for not less than ten years next before the passage of this Act, and against which title or possession, no suit is then pending. The certificates of the clerk of the district court and the official recorder of said county, for which each of said officers shall receive the sum of twenty-five cents and no more, shall be prima facie evidence of such facts; and each owner shall at his election be entitled to have all his land included in one certificate and one deed. For every deed received the owner shall pay the sum of five dollars, and no more, into the city treasury, to be covered into the school fund of the school district where the property is situated. Such deeds shall be sufficient when signed by the city through its mayor, and attested by the signature of the city clerk and the seal of the city without any notary's acknowledgment or revenue stamps being affixed thereto, and shall be entitled to be recorded in such condition and form in the city records.

Sec. 3. That all land, if any, within the limits of said grant, as by this Act granted, save the roads, streets, alleys, parks, and other public lots, tracts, or places, or land necessary therefor, in the opinion of said city authorities, for which an application for a deed shall not have been thus made within one year from the date of the passage of this Act, and the title or possession to or of which is not then in question in any proper court of record, shall be taken and considered to be an unclaimed portion of said land grant, and shall belong to said city, to be disposed of by it in such manner as may be provided for by the Territorial or State legislative assembly, as the case may be, for the benefit of the schools of the school district where such portions of land may be situated.

Sec. 4. That as to any of such land, the possession or title to which shall be in controversy in the courts, said city shall issue a deed therefor, as may be ordered by such court.

Sec. 5. That this Act shall be in force and take effect from and after its passage.

Last night, at 9 o'clock, an agent from the San Domingo Indian village, through the Indian Agent Waple, served papers on G. W. Shurt, of the Shurt improvement company, at Algodones, that his company was cutting government timber off the San Domingo reservation.

Mr. Shurt hatched up his team and drove to Albuquerque, arriving here this morning at 1:30 o'clock. He has interviewed lawyers of this city, and has ascertained that the timber being cut is at least four miles from the San Domingo reservation. This afternoon he left on his return to Algodones, and on his arrival there will order timber cutting to be resumed.

COLLIER'S BREAK.

The Burglar and Sneak Thief Attempts to Break Jail.

This morning City Marshal McMillin received a letter from Abe Harris, one of the city's policemen, who was called to Trinidad, Colo., as a witness, that Collier, the burglar, who was on trial at Trinidad, Colo., had been found guilty of burglary in the first degree and that he would be sent to the Canon City, Colo., penitentiary for a goodly number of years.

Folleson Harris is expected to reach Albuquerque this evening.

As a last resort, knowing that he finally had a hopeless case on which to secure liberty, Collier made an attempt to break jail. The Chronicle says:

R. G. Collier attempted to break out of the county jail about 4 o'clock this morning and nearly succeeded in getting out of his cell. He secured a broom-stick, a wash-board and some bailing wire and in some manner had almost pried the bars off the door when discovered by the night jailer. He said it would have been little trouble for him to pick the lock, and by sawing some bars escape would have been easy. Collier is very smooth. He escaped from the jail at Albuquerque where he was arrested for stealing several thousand dollars' worth of jewelry. He was arrested in Los Angeles, Calif., and returned to this city where he is awaiting trial on the charge of burglary (stealing the safe of the Colorado & Southern and Santa Fe deposes a year ago. At the conclusion of the trial last night Collier's case was called.

Jerome Mallette and wife have returned to the city and expect to remain here in the future. About a year and a half ago they left this city to cast their fortunes with Alamosa and Tularosa, where Mr. Mallette was engaged in the drug business. "It was hard picking," said Mr. Mallette, "and truly we are glad to get back." He states that Laurie & Frezier, formerly of this city, are getting along fairly well in the hardware business in Alamosa.
