CREDITABLE DISPLAY

Prof. Jones Says Territory Will Have Excellent Mineral Exhibit at the World's Fair.

PEOPLE SHOULD HELP

All the Prominent Mining Districts of New Mexico Will Be Well Represented.

Prof. Fayette A. Jones, who will have charge of the mining exhibit from New Mexico for the World's fair was in the city yesterday.

Professor Jones said that the prospects of New Mexico having a very creditable display of her mining industries at St. Louis were good and that he was hard at work along that line.

"I have been over the northern and the northwestern parts of the Territory and have recently returned from the Bromide and Headstone districts of Rio Arriba County," said Professor Jones. "I expect to get a very creditable display from this section of the Territory and Col. J. A. Wood of Golden has stated that he would like to construct a model experimental plant for the saving of placer gold for the New Mexico mining exhibit at St. Louis. He will also have a collection of gold nuggets and gold dust ready for the exhibit by next January. A. B. Renchan, Esq., of this city has promised a fine collection of red and yellow ochre, which is obtained in the same section and which is very valuable in making mineral paints.

"The Glen Woody Mining company will make a large exhibit of its ores and it is possible that a model of the plant will be in operation on the grounds. The Frazer Mountain Copper company will ship to Albuquerque a large display of ores, mattes, concentrates and slags which will be at the Territorial fair and later taken to St. Louis.

"The Santa Fe Central will also have an exhibit of the coal mined from the Hagan fields and of salt and soda taken from the lakes located on the Estancia plains. Promises of an extraordinarily fine exhibit from the lead mines in the Magdalena district have been received. Grant County will be largely looked after by Messrs. Porterfield and Walton who live in that county. As for the eastern part of the Territory where are located the Jicarillo, White Oaks and Capitan districts, though I have not visited these districts yet I have been in correspondence with parties there and they assure me that a very fine collection of the ores of that section will be gotten together for the New Mexico exhibit.

"The matter of taking up the mineral springs and using the analyses that have been or will be made and classifying them accordingly, is also being considered. M. S. Otero of Albuquerque has promised an extensive display of the sulphur from the mines in the Jemez country. The capacity of these mines it is understood will be greatly increased.

"The New Mexico exhibit will include gold and silver ores, copper, lead, tungsten, iron, manganese, uranium, vanadium, molybdenum, cobalt, salt and soda, nitrates, gypsum, cement rock, building stone, lithographing stone and most every kind of mineral known to the commercial world and the rare minerals that are to be found only in this section of the country.

"We are doing everything possible with the amount of funds that have been placed at our disposal for this work and what will count largely will be individual efforts to make this display one of the finest that will be at St. Louis. The board will appreciate any help that is rendered by the citizens of the Territory."

Professor Jones said that during the past year more solid progress had been made than during any previous period in the history of mining in the Territory. He said that the mining operations were being conducted more intelligently and that the idea of adapting the machinery to the characters of the ores to be mined was fast supplanting the old methods.

F. A. Elliott, a mining engineer of the Bromide district, has presented to the board of managers for New Mexico of the St. Louis exposition a very fine specimen of a golden eagle. Though young, the eagle measures 7 feet from tip to tip. The gift was made through Professor Jones and will be shipped within a few days to Hon. Arthur Seligman of this city who will care for it temporarily.

SENATOR HANNA AT HIS OFFICE AGAIN.

Cleveland, Ohio, Sept. 3.—Senator Hanna was at his office today for the first time since his illness. He is determined to take the stump September 19 even against the advice of his physician.

WEDDED LAST EVENING

Miss Jessie Morgan of Denver Becomes the Bride of C. D. Eggleston of This City.

The wedding of Miss Jessie E. Morgan of Denver and Charles D. Eggleston of this city, was solemnized at the manse of the Presbyterian Church last night. The ceremony was performed by Rev. W. Hayes Moore, pastor of the Presbyterian Church, and the attendants were Mr. and Mrs. John Wenborne. There were only a few friends of the young people present and after the ceremony a very dainty wedding supper was had at the Normandy. The dining rooms were tastefully decorated in roses and sweet peas and the collation was most pleasingly prepared and served.

Miss Morgan arrived in this city last evening, accompanied by her mother, and the party was at once driven to the manse where the marriage ceremony was performed. The bride is a graduate of the East Denver High school, a very handsome young woman, a brunette, accomplished and charming. It is understood that this is a love match, pure and simple. She is a daughter of Mrs. Anna Morgan, a prominent and wealthy resident of Denver. The family has a host of friends in the Colorado capital. The groom is one of the popular young business men of Santa Fe and is a member of the firm of Wenborne & Eggleston, contractors. Mr. and Mrs. Eggleston will make their home in this city.

BOOMING THE FAIR.

Scott Knight Arrives in Town With a Gang of Bill Posters in a Special Car.

The much heralded advertising car of the New Mexico Territorial fair which is to be held at Albuquerque, October 12 to 17, landed in the city Tuesday night in charge of Scott Knight, and loaded with a corps of able bill posters, paste and papers sufficient to advertise the best circus in the business. The car is beautifully decorated and some of the few attractions that will be given at Albuquerque are enumerated thereon. Immediately upon arrival in Santa Fe they got busy and the town is now thoroughly familiar with the fact that there will be a big fair at Albuquerque in October.

The horse racing this year will be a big feature, the association having hung up \$4,500 which should attract the best horses in the country. The big Edgewood and Bull Durham stake races for which a purse of \$1,000 each has been offered, will certainly attract many of the best horses. No mark made after June 1, 1903, is a bar to the 2:13 pace or the 2:17 pace which will allow horses to start that have been and are now making big records in the East.

The cow boy tournament, for which \$2,000 is offered in purses, is sure to bring the best ropers and bronco "busters" to Albuquerque during that week. In fact the management has received a list of cow boys who will participate in this event, very nearly filling their limit of the number that can take part in this tournament.

Base ball will be a big feature and attract unusual interest from the fact that it is confined to local players outside of three professional men, and will undoubtedly be the means of bringing more teams to Albuquerque than have ever taken part in base ball contests before.

The big mineral exhibit that will go to the World's fair immediately after its exhibition at Albuquerque will be the best ever gathered in the West, and it is more than possible that this New Mexico exhibit will get the first money at St. Louis the same as she did in Chicago. The Southern Carnival company with its 300 people and its many attractions, which is considered to be superior to any other show of this character in the United States, will entertain the people during the fair for six days and nights.

Taking it all in all, it looks to the New Mexican as though this fair would far surpass anything of the kind ever held in the West; and Santa Fe will send her share of exhibits, and people to assist in making the fair a big success.

NEW HEAD FOR FUEL AND IRON CO.

New York, Sept. 3.—Frank J. Hearne, formerly president of the National Tube company has been placed in full control of the Colorado Fuel and Iron company. At a meeting of the directors he was elected president of the company and chairman of the board of directors. The executive committee as elected consists of F. J. Hearne, John D. Rockefeller, Jr., George J. Gould, F. T. Gates and John C. Osgood. J. F. Welborn was elected vice-president and D. C. Beaman, secretary.

Loose leaf ledgers at the New Mexican Bindery.

CHOCTAW EXTENSION

Thriving Town of Tucumcari to Be the Division Point for Three Railroads.

HAS A GREAT FUTURE

Court House, Jail, Round Houses and Electric Light Plant in Course of Construction.

Special to New Mexican.

Tucumcari, N. M., Sept. 2.—It has been positively announced by the W. R. Stubbs Contracting company which has the contract for the Amarillo-Tucumcari extension of the Choctaw railroad, that work will be resumed again within sixty days, and all sub-contractors who wish to finish up their contracts at this point have so been notified. Most of the sub-contractors, among whom are J. W. Powell and Jerry Connelly, have secured work in Missouri for a couple of months. As soon as this is finished they will return here, and complete their contracts with the Choctaw. This follows upon the heels of the announcement of the trackage alliance between the Rock Island, Santa Fe, and El Paso & Northeastern railroads, and it is also announced that the Belen cut-off be instantly pushed to completion.

Tucumcari will derive a great deal of benefit from this new deal, as in addition to the regular Santa Fe traffic which will go over the main line of the Rock Island from Hutchinson, Kan., to Liano, and thence west via Belen, the business of the Southern Kansas branch of the Santa Fe will come through Tucumcari, over the Choctaw, by way of Amarillo, Texas. As this will be a division point for the Choctaw, and the Rock Island, it will doubtless be the same for the Santa Fe. It means that Tucumcari will have a population of six to eight thousand people within the next two or three years.

Although the town is at present dull due to the stoppage of work on the Choctaw, there has been more business going on than ever before. A number of handsome cottages are going up in the Russell addition, and a great many more are contemplated. Work was started last week on a handsome \$8,000 brick school building, and work will be started in October some time on a \$25,000 court house and a \$5,000 jail. The big boilers for the electric light plant are being made, and it is the intention of the company having this in charge to have its light plant, steam laundry and ice plant in running order by December. The plant, when completed will cost something over \$25,000.

A joint depot for the Santa Fe, El Paso & Northeastern, Rock Island and Choctaw railroads is contemplated, also joint round houses and shops for all of these roads.

Tucumcari is destined to be the commercial and railroad center of eastern and central New Mexico, and has the most desirable location of any town along the Rock Island railroad in New Mexico.

JEALOUSY CAUSES ONE WOMAN TO KILL ANOTHER.

Denver, Colo., Sept. 3.—Mrs. Theodore Kruse was shot and killed at 9 o'clock today at her home, 950 West Seventh avenue, by Mrs. Kate Menier, formerly Kate Flaherty. The murderess was arrested. S. Sedeh, a murderess was arrested. She declined to make any statement. It is supposed that the cause of the shooting was jealousy. Theodore Kruse is a bookbinder. Mrs. Menier was formerly a bookbinder. Mrs. Kruse was attending her 8-months-old baby when called to the door by a knock. Mrs. Bernardine fired through a screen door.

Murderess is said to have been madly in love with Mr. Kruse. She is believed by those who know her to be insane. She is about 35 years of age.

RAILWAY OFFICIALS ARE ACQUITTED.

Newark, N. J., Sept. 3.—In the trial of the directors and officials of the North Jersey Street railway on a charge of manslaughter for last February's crossing accident, the court today directed a verdict of acquittal for all the defendants.

Chief Justice Gummere said that in order to hold defendants criminally responsible it must be shown that they had failed to perform some specific act. This, he said, the state had failed to do.

DRAINAGE TUNNEL COMPLETED TODAY.

Cripple Creek, Sept. 3.—The last shot in the drainage tunnel was fired at 7:30 this morning. Men are now cleaning up the tunnel and taking up the tracks. Water will be turned in from the bulkheads of the El Paso mine Saturday.

FIREMEN'S TOURNAMENT

President Ruppe Thanks People of Santa Fe for Welcome Accorded Fire Fighters.

ELECTION OF OFFICERS

The Races and Contests Postponed from Yesterday Were Pulled Off This Afternoon.

The formal opening exercises of the third annual convention of the New Mexico Association of Firemen were held this morning in the court house and there was good attendance of visitors and of Santa Feans. The firemen were welcomed to the city by Mayor Sparks, who addressed the assemblage in well chosen words. The response was made by President Bernard Ruppe of Albuquerque, who spoke of the pleasure that the firemen had in coming to the Territorial Capital and of the hearty welcome and warm hospitality that was accorded them.

The election of officers resulted in the re-election of President Bernard Ruppe and Secretary A. M. Dettiebach making their third election to their respective offices. The choice for treasurer was E. P. Mackle of Las Vegas. The following were appointed vice-presidents: E. McElroy, Las Vegas (at large), John Cook, East Las Vegas; Eugenio Sena, Santa Fe; Lee Mitchell, Albuquerque. James Cook of Las Vegas, was appointed a member of the board of control for a period of three years.

At the business meeting the minutes of the last meeting were read and approved and the reports of the president, secretary and treasurer were presented. These reports showed that the affairs of the association were in a prosperous condition and that the outlook was bright. There was a nice balance reported in the treasury.

The next convention and tournament will be held in 1904 at Las Vegas. There is some talk of changing the time for holding the convention and it is possible that the next tournament will be held in June.

Owing to the fact that many of the firemen in attendance are compelled to return to their homes the program will be completed today. All the races and contests will be had before night and those who remain over until tomorrow will spend the time in sightseeing. It was the intention to have a game of ball tomorrow between the Santa Fe team and the Albuquerque Browns, but the game was cancelled because of the Browns having two games at El Paso the last of the week.

The smoker at the engine house last night was a success in every way. There were addresses made by Judge John R. McFie and Mayor Sparks of this city, and by O. A. Larrazolo, Esq. of Las Vegas, and J. H. McCutchen, editor of the Industrial Advertiser, of Albuquerque. President Ruppe acted as toastmaster, and there was an impromptu program rendered by the local and visiting firemen. The occasion was a most enjoyable one for all.

The program for the day includes: Trial heats; coupling contests; ladder climb; exhibition of fire apparatus; wet test for the championship of New Mexico; 100 yard foot race; coupling contest; finals; ladder climb; concert and ball at the opera house, Capital City band.

Prizes for the contests: Wet test, \$100 first, \$50 second; team coupling, \$25 first, \$12.50 second; single coupling, \$15 first, \$10 second; 100 yard foot race, \$25 first, \$12.50 second.

Open only to members of the association subject to rules of the association.

The Contests.

Ladder climb—Charles Daniels, Las Vegas, in 5 and 1-5 first; Pedro Alarid, Santa Fe, in 5 and 3-5, second.

Coupling contest—Mason and Lugton, Albuquerque, first; Cook and Gatchel, Las Vegas, second.

In the wet test there was no decision as there was a dispute raised over the alleged use of a non-runner in the coupling. The judges reserved their decision and it will be later announced after the hearing of witnesses that have been summoned.

The teams and their time were respectively, Las Vegas, 45-2-5; Santa Fe, 41; Albuquerque, 34-3-5.

The judges in the contests are Norman L. King for Santa Fe; M. A. Ortiz for Las Vegas, and H. S. Knight for Albuquerque.

Convention Notes.

The First Regiment band gave a most enjoyable concert in the plaza this afternoon.

The Socorro team missed connections and did not arrive in this city until late this afternoon.

The St. Elmo team was named in honor of Joe Barnett, the proprietor of the popular Albuquerque resort.

COMMISSIONERS MEET

Americans Secure Slight Advantage at First Session of Alaskan Boundary Commission.

London, Sept. 3.—The Alaskan boundary commissioners held their first meeting today. They selected Reginald T. Tower of the British diplomatic service as secretary, J. R. Carter, second secretary of the United States embassy, and Mr. Pope, representative of the Canadian government, as assistant secretaries.

It was announced that oral arguments would commence September 15. Lord Alverstone, president of the commission, expressed the hope that the arguments would be finished by October 9. It was agreed that the British counsel shall open. The Americans thus secure the advantage of delivering the closing arguments. The commission removed the injunction of secrecy on all documents heretofore exchanged.

CONSTABULARY AND INSURRECTORS BATTLE.

Manila, Sept. 3.—The Jolo constabulary in a conflict with the insurrectors near Laguna de Bay, province of Cavite, killed twenty of them. The constabulary lost one man.

FRENCH AND AMERICAN SAILORS FIGHT AT PEKIN.

Pekin, Sept. 3.—In a fight today between fifteen soldiers and four Americans the French used bayonets and two Americans were seriously wounded.

THE RELIANCE WINS.

Takes the Deciding Heat in the International Yacht Race for America's Cup.

New York, Sept. 3.—The Reliance wins.

New York, Sept. 3.—The starting gun for the Reliance-Shamrock race was fired at 1 o'clock. A dense fog prevailed this morning but it gradually lifted. The wind was blowing about seven miles an hour when the race started. The course is fifteen miles to windward and return.

The starting time unofficial: Reliance, 1:01:10; Shamrock, 1:01:40. In the first quarter hour the Reliance worked into a position an eighth of a mile to the windward.

1:44 p. m.—The wind has freshened to about eight knots. The Reliance has a lead of half a mile.

Official time, start: Reliance, 1:01:56; Shamrock, 1:02:00.

2 p. m.—The yachts have covered half of the distance to the outer mark. The wind has freshened to nine miles an hour. The Reliance maintains her lead and is outpointing the Shamrock.

The Reliance turned the outer mark at 3:41:35; Shamrock, 3:51:45.

The Reliance covered the 15-mile beat to windward in 2 hours, 39 minutes and 39 seconds; the Shamrock in 2 hours, 49 minutes and 45 seconds. The Reliance thus beat the Shamrock to the outer mark 10 minutes and 6 seconds, deducting time allowance.

TONOPAH MINES IN A COMBINE.

Tonopah, Nev., Sept. 3.—President Brock of the Tonopah company is authority for the statement that a merger of nearly all the mining companies operating in this district is about to be effected. The plan is nearing consummation at Philadelphia. The combination is to be known as the Jim Butler company.

CONFUSION IN THE COTTON MARKET.

New York, Sept. 3.—Great confusion followed the publication of government report of the condition of cotton today in the cotton market. The figures 81:2 showed improvement of 2.4 per cent for month and are 18.1 above those of last year. The statement was followed by a rush of liquidation which carried prices off rapidly.

"The St. Elmo," Barnett and the Territorial Fair association divided the cost of sending a team to compete in the Santa Fe contests and to give expression to the friendly feeling that exists between the people of the Duke City and those of the Capital.

Bernard Ruppe was re-elected president for the third time. He has proved a most efficient executive and his popularity among the boys is too well known to be commented upon.

Frank Guirene, of the Las Vegas team who was injured at practice yesterday, is all right again. Pierce Murphy, Jr., sustained a broken ankle and it will be some time before he will have full use of the injured member.

A. M. Dettiebach of Santa Fe, was for the third time chosen secretary of the association. His record as a hustler in volunteer firemen affairs and his efficiency as secretary make him one of the leaders in the association. Mr. Dettiebach is also the fire marshal of Santa Fe.

GENERAL WARNER

Well-Known Washingtonian Comments Upon New Mexico's Growth and Development.

ATTRACTIVE CLIMATE

Came Here to Visit His Old Friends, the Governor and Territorial Secretary.

General B. H. Warner and daughter of Washington, D. C., are at the Palace hotel. General Warner is well known to many residents of New Mexico and came out at this time particularly in reference to the Las Vegas grant, with which he has been connected for many years. Said General Warner to a representative of the New Mexican: "I am delighted to observe the growth and development of the Territory in every direction, and it has only commenced. The climate here is most attractive and I would like to know where on earth a finer morning can be found than this one with its pure air, bright sunshine and the mountains standing out against the silvery sky. Americans who want health ought to come this way. The luxurious coaches of the railroads and the ease with which traveling is accomplished places this part of the West nearer to the eastern and central portions of the country than when I was here before."

"I observe in the New Mexico cities I have visited many new public buildings, chief among them being school houses, so I am sure there has been a rapid advance in education as these facilities are not generally provided where there is not a strong demand for them. I came up here," said General Warner, "particularly to spend a day with my old friends, Governor Otero and Secretary Reynolds. By the way, these officers are better acquainted in Washington than the officers of any other state or territory in the union. Governor Otero has had several fights in the past and has spent considerable time at the national capital where he has many friends who stand with him all the while. He is genial and able and we like officials who come to Washington and depend on their brains, rather than their style. The Governor naturally wants all he can get for his people and his illustrated reports are the greatest advertisement the Territory could have, they are as readable as novels."

"In my opinion he has taken the right position in regard to the cause of education in New Mexico. While our government is making liberal provisions for schools and teachers in the Philippines and Porto Rico it should give even greater attention to educational institutions in our own domain and no force will cause this Territory to bloom in the development of its resources and influences with such strength as an educated citizenship."

"I visited the penitentiary today and was gratified with the appearance and condition of the premises and inmates. The proper utilization of convict labor is almost as much a question as the improvement and reform of criminals. The penitentiary of New Mexico is superior to those of most southern states—probably the worst institution of the kind is in Richmond, Va. I am glad to see the intelligent management which prevails here."

General Warner and daughter were entertained today at luncheon by Secretary and Mrs. Reynolds and will dine this evening with Governor and Mrs. Otero, after which they will leave for Mexico City where they will spend some time.

GOVERNOR PEABODY TO CALL OUT TROOPS.

Denver, Colo., Sept. 3.—Governor Peabody has received telegrams from the mayor of Victor and others demanding that troops be sent to the Cripple Creek district for the protection of life and property. He says that he will call out the troops. No violence has been reported at Cripple Creek since Tuesday night.

Governor Peabody has decided to send General Chase, Attorney-General Miller and Lieut. Tom E. McClelland to Cripple Creek to look over the situation and he will be governed by their report as to sending troops.

Sheriff Robertson, when asked if he thought there was any immediate need of calling out the militia, said: "I cannot see my way clear to make any such request at present. My judgment is that there will be very few violations of the law."

HEAD-ON COLLISION INJURES SEVERAL.

Sedalia, Mo., Sept. 3.—A Missouri, Kansas & Texas stock train and freight met in a head-on collision at McBain. The injured are: H. A. Walker, stockman Wichita Falls, Texas, right leg and ankle badly injured; J. A. Avis stockman, Wichita Falls, left thigh leg broken, and Edward Turbeyville, fireman, hurt internally.

NEW MEXICO NEEDS MANUFACTURING ENTERPRISES.

All kinds of plans are discussed from time to time for promoting the prosperity of New Mexico, but for some unknown reason the question of manufactures is seldom or never mentioned. It is repeating a truism to say that no merely agricultural country or State ever reached a high degree of prosperity or civilization. The more varied the industries of a country the more encouragement there must be for its people, because there are more demands on their ingenuity and enterprise. Where all the people are engaged in farming they are dependent on outside States and countries for all the other necessities of life. So long as America was satisfied with the menial position of raising crops for her own people and foreigners, just so long did a steady stream of wealth flow from her shores but just as soon as her statesmen enacted protective tariff laws the tide turned—then the people engaged in hundreds of other occupations and the demands of the home markets were supplied, exports began, the goods formerly bought abroad are now bought at home, the surplus is sold in the markets of the world and a golden stream of \$1,000,000,000 per annum is pouring into the country. But in the midst of all this prosperity, why is it that the people of New Mexico are among the poorest in the union? Look the facts squarely in the face and answer them if possible. Well, first of all, New Mexico's industries are confined to a few: Farming, mining, stock raising, some building and house decorating and the manufacture of a little lumber.

There is also some scouring of wools and the manufacturing of cloth and blankets has commenced. Everything else for use or luxury is bought abroad, hence nearly all that is earned is spent outside of the limits. This is not quite so bad as if it were being spent in foreign countries but so far as we are concerned the results are precisely the same. It cannot be said that New Mexico has not raw material for it is here in abundance. Our mountains are literally bursting with coal and iron, and any country that possesses them is or can be for richer and the people can become more prosperous and contented than if they possessed an equal amount of gold and silver; and yet New Mexico makes not a nail or her own iron. The Territory has enormous quantities of excellent wool but it has only commenced to weave cloth. There are forests filled with splendid woods, but we do not make a chair, notwithstanding our countless herds of cattle, we are largely supplied with beef from Denver and Kansas City, and shoes from New England. The plain logical result of all this is the "men stand in the market place all the day idle because no man has hired them." What New Mexico wants more than anything else is manufactures to give the people employment. There is room for many woolen mills, tanneries, shoe and glove factories and other industries galore in New Mexico and her people must bring such factories here. They simply must and that as soon as possible. They are already too far behind in the race and cannot wait much longer. Too much harm has been done.

RAILROAD PROBABILITIES IN RIO ARRIBA.

Indications point that the Denver & Rio Grande railroad will in the near future convert its narrow-gauge tracks on the New Mexico division into a broad-gauge line. Broad-gauge ties are being cut in the mountains and timber tracts west of the road in Rio Arriba County and are being hauled to the line at several stations and stored. A commodious two-story frame depot building is now in course of erection at Servilleta station, from this point it is expected that the Taos valley business will be handled. The wagon road from Servilleta to Taos is not the shortest, but it is probably the most available of any that can be used. There is also a rumor that the Denver & Rio Grande railroad will construct a line to Antonio Joseph's hot springs at Ojo Caliente and from there use the old grade built in 1881

as far as the junction of the Coyote River with the Chama. The 1881 survey runs up the Coyote to the town of that name, crossing the plateau between the headwaters of the Coyote on the east to those of the Gallina river on the west and thence to the Canon Largo where the San Juan River in San Juan County is reached. The New Mexican is also informed that the survey of the New Mexico & Southwestern railroad from Lumberton to Gallina, a distance of about forty-two miles, at the latter point connects with the old 1881 survey, and that, report has it, the New Mexico & Southwestern railroad will build to Gallina and will be joined by a branch of the Denver & Rio Grande as described. Where there is much smoke, there is some fire and this report and these preparations evidently indicate that within twelve months there will be some important railroad development in Rio Arriba County. This, of course, cannot but benefit that section of New Mexico in particular and all of the Territory now tributary to the Denver & Rio Grande in general. Santa Fe will of course come in for a share of the benefits to be derived from this very probably railroad extension.

The Tenderloin district in Gotham must be protected. Gambling in the suburbs of New York is to be suppressed by the police.

The New Mexico board of managers of the St. Louis exposition is actively at work, but in order to have a first-class exhibit at St. Louis in 1904 the people must aid in many ways.

Former Senator Dave Hill has it in for President Roosevelt, the latter having, a few years ago, remarked that bald headed bachelors were not of much use in the world. Mr. Hill evidently has a personal interest in the allusion.

New Mexico, especially the eastern portion, is growing and there is no mistake about it. In some instances the growth and the immigration are not especially of the right kind, but that will straighten itself out in due course of time. At any rate the Territory is growing.

The New Mexican is for single statehood for New Mexico first, last and all the time. There will be plenty of time to talk united statehood with Arizona when it shall be clearly demonstrated that single statehood for New Mexico is an impossibility. The New Mexican will fight for it to the last and if it takes all the winter.

The St. Louis Globe-Democrat makes no bones about it and charges United States Senator William Joel Stone of Missouri with connection in the Missouri legislative boodle combine. The Senator contents himself with unsatisfactory denials. It is a disgrace and a shame to the state of Missouri that this should be so.

Give the people of New Mexico a rest on political conventions this year. They will get their stomachs full of them in 1904. This thing of shoving politics down the throats of the people of this Territory at any and all times should be stopped. The people have some rights, which the politicians should respect.

Secretary Wilson has severely denounced the cotton speculators who brought about the recent corner in that staple but as they have made big money thereby his denunciation did not scare them to any great degree. There are limits even to the powers of a cabinet officer in this country.

Railway mail service should be established over the Santa Fe Central between this city and Torrance. Mail as far as Alamogordo south and as far as Tucumcari north from this part of New Mexico should be sent via the Santa Fe Central. Hurry up and give the people along this route railway mail service, as they are entitled to it.

The anti-imperialists of this country have nothing to say against the wholesale murders, assassinations, violations of women and arson now being committed by the Turks in Macedonia, but they are still howling about the administration of the water cure in two instances during the Philippine insurrection to native assassins and murderous spies by United States soldiers.

The assessment rolls for the year 1903 reveal some funny facts. For instance the Eddy County rolls show that on the first of March of this year there were on hand 6 tons of hay valued at \$25 and 200 bushels of corn valued at \$200 in the county. On the other hand, it is shown that there were over 70,000 head of cattle, 80,000 sheep, about 10,000 goats and 10,000 horses in the county on that day. The New Mexican is perfectly willing to admit that the ranges of Eddy County are excellent and that the grass there was in abundance and very nutritious at that time, still it cannot but believe that in the many stables and corrals in that prosperous county on the first of March of this year there were on hand just a few more pounds of hay and a bushel or two more of corn. Right here it is, however, well to remark that the assessment of Eddy County sizes up very well and compares more than favorably with the assessment returns in these particular items and many others of the older and wealthier counties of the Territory. It is a good

thing that even in the serious business of assessing property for taxation there is found room for numerous humorous instances.

LOW RATES

From June 5 to October 15 the Denver and Rio Grande Railroad will sell summer excursion tickets to points named at the following low rates: Santa Fe to Pueblo and return, \$17.55; Santa Fe to Colorado Springs and return, \$19.55; Santa Fe to Denver and return, \$22.55; Santa Fe to Glenwood Springs and return (via Salida and Leadville) \$28.05. Final return limit Oct. 31st, 1903. At all points except Glenwood Springs a fee of 25 cents is charged when tickets are executed for return passage. Stopovers allowed north of Pueblo and stopovers allowed west and south of Pueblo either direction, for parties desiring to make the following side trips at one fare for the round trip, viz: From Salida to points between Gunnison and Cimarron; from Alamosa to points on Creede Branch; from Antonito to Pagosa Springs. For any further information, sleeping car reservations etc. call on or address.

J. B. DAVIS, Agent.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal 5.00.
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address
NEW MEXICAN PRINTING CO.,

The New Mexican Printing Company has the best bookbinding in the southwest and the only modern bindery in New Mexico. It turns out superior blank-books, cash-books, journals and ledgers, and also loose-leaf ledgers and blank-books of all descriptions. The work done by it is first-class and at very low rates. Bankers and merchants in New Mexico should not send their book binding work out of the territory, but should patronize this very deserving home manufacturing institution.

Harvey Towner has been appointed first assistant to the principal at the Farmington school.

TIME TABLE.

(Effective June 4, 1903.)

No. 720 leaves Santa Fe at 9:40 a. m. to connect with No. 2 east bound, with connection from El Paso and Southern California, returning, arrive at Santa Fe at 11:50 a. m.
No. 722 leaves Santa Fe at 3:30 p. m. to connect with No. 1, west bound, for Southern California, returning arrive at Santa Fe at 5:35 p. m.
No. 724 leaves Santa Fe at 7:10 p. m. to connect with No. 7, westbound for San Francisco and Northern California, returning, arrive at Santa Fe at 9:30 p. m.
No. 726 leaves Santa Fe at 9:35 p. m. to connect with No. 8, east bound, from San Francisco and Northern California, returning, arrive at Santa Fe at 11:45 p. m.

THE CALIFORNIA LIMITED.
Now twice a week between Chicago, Los Angeles and San Francisco. This train leaves Lamy, westbound, at 8:40 a. m., Monday and Thursday. Eastbound, at 2:02 a. m., Wednesday and Saturday. No connection with these trains from Santa Fe, except that passengers arriving on No. 3, west bound, can reach Santa Fe at 11:50 a. m. on No. 2's connection.
All of above trains run through solid from Chicago to California and carry through Pullman and tourist sleepers except California Limited, which carries Standard Sleepers only.
Through sleeping car reservation arranged for on application.

Malaria

Is a veritable dragon of ill-health. It leaves in its path more physical wrecks than probably any other one disease peculiar to Americans.

WHY? Simply because upon the first indication of the malarial system, is usually scourged with quinine, or that deadly mineral—calomel.

Don't Do It. It's Dangerous. It isn't at all necessary either. We positively guarantee

HERBINE

to prevent and permanently cure any form of Malaria. It is purely herbal. Has all the virtues of quinine and calomel—none of their deadly effects. It corrects all liver, kidney and stomach troubles. 50c per bottle. All Druggists.

MINES AND MILLS

TAOS COUNTY.

The Cashier Mining and Milling company is operating a group of claims in the Anchor district near Red River. The ore is low grade, but free milling, and very large veins have been disclosed, one being 90 feet wide. A considerable amount of development work has been done, and the company is said to contemplate the erection of a mill in the near future. M. A. Braidon, of La Jara, Colo., is president of the company.

There is considerable activity at present in the Red River mining district and also in the Arroyo Hondo district near Twining and Amizette. Owing to trouble and possible litigation between the owners of the mines at Twining there is a dearth of activity there, and live business operations are not likely to be resumed until the troubles are adjusted. There are about a dozen patented claims in the Twining district. Some copper matte is now being run through the smelter at Durango, Colo.

Across the watershed from Twining and on the Red River side the development is confined principally to location and assessment work. The Jennie Hawley and five adjacent claims are being developed by Fred H. Mullinex and John Holland. They have driven a tunnel 60 feet into the mountain and have developed a good and well-defined vein of quartz, assays from which have given results of from \$8 to \$15 per ton in gold. Specimen assays have been made that run as high as \$400 to the ton.

The Queen of the Hills and four adjacent claims, further up the canon, are being developed by Joseph Martin. The ore found here is identical in character to that in the Jennie Hawley. A vein from 10 to 15 feet in width is being developed, and assays return about \$8 per ton. The ore yields readily to cyanide.

The Rockingham Placer company is doing its annual assessment work on the Continental lode adjoining the Red River ditch.

Some rich specimens of copper and gold-bearing ore have been taken from the Bull of the Woods, owned by Michael Conley, Patrick Lynch and others. These parties are doing their assessment work on the New York claim, further down the gulch, and near the head of the old Red River ditch.

DELIGHTFUL CLIMATE

Valuable Information Regarding the Month of September for Many Years Past.

The following data, covering a period of 29 years, has been compiled from the weather bureau records at Santa Fe, N. M.

The month of September:

TEMPERATURE.—Mean or normal temperature, 61 degrees; the warmest month was that of 1892 with an average of 65 degrees; the coldest month was that of 1880, with an average of 56 degrees; the highest temperature was 90 degrees on September 7, 1879; the lowest temperature was 27 degrees on September 27, 1880; average date on which first "killing" frost occurred in autumn, October 10; average date on which last "killing" frost occurred in spring, April 21.

PRECIPITATION (rain and melted snow).—Average for the month, 1.55 inches; average number of days with .01 of an inch or more, 7; the greatest monthly precipitation was 4.69 inches in 1891; the least monthly precipitation was a trace in 1892; the greatest amount of precipitation recorded in any 24 consecutive hours was 1.70 inches on September 27 and 28, 1893.

CLOUDS AND WEATHER.—Average number of clear days, 16; partly cloudy days, 11; cloudy days, 3.

WIND.—The prevailing winds have been from the southwest; the highest velocity of the wind was 46 miles per hour from the north on September 13, 1893.

BUCKLEN'S ARNICA SALVE. Has world wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for cuts, corns, burns, boils, sores, felons, ulcers, tetter, salt rheum, fever sores, chapped hands, skin eruptions; infallible for piles. Cure guaranteed. Only 50c at Fischer Drug Co.

LAND SCRIP.

By the use of so-called land scrip, title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of the supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

HUGO SEABERG, Springer, N. M.

SPRAINS.

S. A. Read, Cisco, Texas, writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c., 50c., \$1. Sold by Fischer Drug Co.

AMERICAN MINING CONGRESS.

Deadwood and Lead, S. D., Sept. 7-11. For this occasion the Santa Fe will sell tickets to Deadwood at one fare plus \$2 for the round trip, (\$34.55) tickets will be sold Sept. 2d to 6th, good for return until Sept. 30, 1903. H. S. Lutz, agent, Santa Fe, N. M.

WHAT IS LIFE?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular liver means derangement of the organs, resulting in constipation, headache and liver trouble. Dr. King's New Life Pills quickly readjusts this. It is gentle yet thorough. Only 25c at Fischer's

Trans-Mississippi Commercial Congress, Seattle, Wash., August 18-20, 1903.

For the above occasion the Santa Fe will sell tickets to Seattle, Tacoma and Portland at a rate of \$48.75 for the round trip, dates of sale August 2nd to 15th, good for return until October 15th, stop-overs allowed. For particulars call on any agent of the Santa Fe.

H. S. LUTZ, Agent, Santa Fe, N. M.

AMERICAN BANKERS' ASSOCIATION.

San Francisco, Calif., Oct. 20-23, 1903. For this occasion the Santa Fe will issue tickets to San Francisco and Los Angeles and return at one fare for the round trip, Los Angeles, \$38.45, San Francisco \$43.05. Dates of sale October 9th to 18th, final return limit November 30th.

H. L. LUTZ, Agent, Santa Fe, N. M.

NEGLECTED COLDS.

Every part of the mucous membrane, the nose, throat, ears, head and lungs, etc., are subjected to disease and blight from neglected colds. Ballard's Horehound Syrup is a pleasant and effective remedy. 25c., 50c. and \$1.00. W. Akendrick, Valley Mills, Texas, writes: "I have used Ballard's Horehound Syrup for coughs and throat troubles; it is a pleasant and most effective remedy." Sold by Fischer Drug Co.

Summer Tourist Rates to Colorado Points

On sale daily via the Santa Fe from June 5 to October 15, good for return passage until October 31, to Denver and return \$23.55, Pueblo and return \$15.55, Colorado Springs and return \$19.55, Glenwood Springs and return \$23.65. Stop-overs allowed at and north of Pueblo. For particulars call on any agent of the Santa Fe. H. S. LUTZ, Agent, Santa Fe, N. M.

STOMACH TROUBLE.

"I have been troubled with my stomach for the past four years," says D. L. Beach, of Clover Nook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by all druggists.

Engraved visiting cards with or without plate furnished by the New Mexican Printing Company.

CHICHESTER'S ENGLISH PENNYROYAL PILLS

INSTITUTE CLOSSES.

Final Sessions Held Today—List of Teachers and Their Assignments for 1904.

The final sessions of the Presbyterian teachers' institute were held today, and this evening a lecture by Rev. George McAfee, D. D., will end the week's program. The day's program was as follows: Language, Dennis W. Crawford; primary geography, Miss Caskey; lecture on Mexico, Rev. H. C. Thomson D. D.; round-table, Sunday school conference, Rev. Gabino Rendón; "Communion." The lecture by Rev. Dr. McAfee, will be at 8 o'clock.

The following is a complete list of the teachers and their assignments for the coming year: Marion A. LeDuc Las Cruces; Bertha A. Little, Pajarito; Alice A. Blake, Tremetina; Henrietta Caskey, Los Lentes; Lenore Montoya, Las Trenchas; Jacob Mondragon, Arroyo Seco; Isa E. Dwir, Dixon; S. Elizabeth Blackwell, Agua Negra; H. C. Thomson, R. M. Craig and Mr. and Mrs. J. C. Ross, Albuquerque; Elizabeth D. Porter, Las Cruces; M. Bertha Leaningham, Santa Fe; S. Louisa Conklin, Chacon; A. D. McNair, Holman; D. W. Crawford, Albuquerque; Antoinette Brengle, Santa Fe; Bertha L. Huntley, Las Vegas; Rebecca Meeker, Truchas; Olinda Meeker, Santa Fe; Mrs. B. W. Wise, Arroyo Honda; Prudence Clark, Chiriquito; Edith M. Davis, Taos; Myra B. Morrow, Santa Fe; Laura B. Soule, Albuquerque; Bessie F. Read and Harriet Woodward, Santa Fe; Etta Moore, Raton; Sue M. Zuer, Penasco; Elizabeth W. Craig and Lucy M. Craig, El Prado de Taos; Alice Hyson, Rancho de Taos.

FIRST DISTRICT COURT.

Final decree in divorce has been entered in the case of Sarah L. Garcia vs. Antonio S. Garcia, and the custody of a minor child awarded to the plaintiff. The parties are from Taos.

There have been filed in the office of the clerk of the First District court for San Juan County the following suits for divorce: Mary J. Greaves vs. Vernon R. N. Greaves, and Winslow Wetherill vs. Pauline M. Wetherill. In both cases desertion is charged.

There has been filed in the office of the clerk of the District court for Santa Fe County a suit by E. J. McLean & Co. vs. Marcelino Baca of Pena Blanca, Sandoval County. The plaintiff asks that an attachment be issued for the recovery of certain monies alleged to be due.

PERSONAL MENTION

A. B. McGaffey, Albuquerque merchant, is in the Capital.

Miss L. Jeanette Howell, who has been ill at the sanitarium, is much better.

O. A. Larrazolo, Esq., Las Vegas attorney, is in town attending to legal business.

Mr. and Mrs. W. R. Melver entertained a few friends at the sanitarium last evening.

Christian Hall of Colorado Springs is in the city looking after his property interests.

Territorial Secretary and Mrs. J. W. Reynolds have returned from a short visit to Las Vegas.

W. P. Clarke, land and industrial agent of the Santa Fe Central at Estancia, was a visitor to Santa Fe yesterday.

W. H. Hahn, agent for the Colorado Fuel and Iron company, in this city and in Albuquerque, is here looking after business matters.

H. O. Bursum, superintendent of the Territorial penitentiary, made a visit up the canon yesterday to inspect the work on the new Scenic Route road.

Chief Justice W. J. Mills, who presided over the recent session of the Territorial Supreme court in this city, left last night for his home in Las Vegas.

Neill B. Field, Esq., and Mrs. Field, of Albuquerque, and Miss Mary Williams of Canandaigua, N. Y., are guests at the residence of Mr. and Mrs. A. M. Bergere.

James H. Nicholson of Pittsburg, Pa., is in town and it is understood that he will be connected with the literary department of the Santa Fe Central railway.

L. Beech Crawford, wife and baby, arrived from Albuquerque last night and are guests at the residence of A. R. McCord. They will remain in Santa Fe until Monday next.

Mrs. Pedro M. Lobato and son and Mrs. J. A. Buchanan and daughters of Albuquerque arrived last night and will spend some time in this city the guests of Antonio J. Rael and family.

Sister Mary Charles accompanied by Sister Mary George arrived in Santa Fe from Cincinnati last night. Sister Mary George will go to Albuquerque where she will enter St. Joseph's hospital.

Associate Justice Benjamin S. Baker of Albuquerque, who attended the sessions of the Territorial Supreme court here Tuesday and Wednesday, was a passenger for the Duke City last evening.

Miss Ona Black and Miss K. Atkinson are expected to return to this city about the middle of next week. They have been spending the summer at Fairfield, Iowa. Miss Atkinson was

quite ill during her visit but her many friends in Santa Fe will be pleased to know that she has fully recovered her health.

Ward D. Anderson of the Albuquerque Journal-Democrat is in the city for the firemen's convention.

Mrs. Thomas Moore and Miss Teresa Bowers of Albuquerque arrived in the city last night and will visit with relatives here.

Miss Grace Haskell of Chicago stopped over in Santa Fe a few days on her return from California and will visit friends in the city.

Sisters Nolasco and Angelica left this morning for San Miguel where they will take up their work in the school of the Sacred Heart of that place. Sister Nolasco has been Sister Superior of St. Vincent's for the past year and will be succeeded by Sister Mary Charles. Sister Angelica has been in Albuquerque for the past two years and is a sister of Mrs. Alfredo Hinojos of this city.

GOVERNMENT ENDORSES MINISTER BEAUPRE'S ACTS.

Washington, D. C., Sept. 3.—Additional instructions have been cabled to Beaupre, the American minister at Bogota, reiterating the position of this government regarding the canal treaty, and the state department assumes entire responsibility for every representation of Beaupre to the Bogota government concerning the treaty, and his activity is heartily endorsed by the President. Beaupre's latest instructions advise him that President Roosevelt will not enter into any engagement with the Colombian government which will hamper his scope of action under the canal law. This government will not indicate what its course will be in the event the treaty is rejected.

TWO MILLION PESOS FOR THE PHILIPPINES.

San Francisco, Sept. 3.—The transport Thomas sailed for Manila today with 307 marines for the Philippines, and Guam, 25 members of the Fourteenth cavalry and \$7,000,000 in treasure, of which \$2,000,000 is in the new silver pesos and the rest in Philippine certificates.

COLOMBIAN MINISTER EMULATES THE PARROT.

Washington, D. C., Sept. 3.—Dr. Herran, Colombian charge d'affaires, will be asked as to the truth of his reported criticism of Minister Beaupre's activity at Bogota. The alleged criticism by Dr. Herran was not well received at the state department.

SECRET SERVICE FORCE INCREASED AT OYSTER BAY.

Oyster Bay, Sept. 3.—President Roosevelt has received many telegrams congratulating him on his escape from Henry Weillbrenner, the insane farmer. The secret service force has been increased.

MONTANA MURDERER CHEATS THE GALLOWS.

Livingstone, Mont., Sept. 3.—Martin Zidmair, who was to be hanged tomorrow, was found dead in his cell today. Two years ago he killed George Reider, a life-long friend on Trail creek for ruining his daughter.

SECRETARY SHAW SAYS RUMOR IS UNFOUNDED.

Chicago, Sept. 3.—The report that the government deposits in national banks are to be materially increased is declared by Secretary of the Treasury Shaw to be unfounded.

FIRST TO SCALE SORATA.

A New Mexican reaches Summit of South American Peak.

W. G. Tight, president of the University of New Mexico, has come safely through his adventurous attempt to reach the summit of Mount Sorata, in Bolivia, the highest peak in the Andes. The university authorities at Albuquerque have received a cable message from Dr. Tight dated Arica, Chili, stating that the party had made the ascent in safety, and were now homeward bound. Dr. Tight left Albuquerque early in June for New York where he joined Miss Annie Peck, who has achieved fame as a mountain climber, and accompanied by two Swiss guides they began the ascent from the base of the mountain the first of August. They are the first climbers who have succeeded in scaling the summit of Sorata.

Good for health and wealth — Schilling's Best — at your grocer's, and moneyback.

SUNDAY DINNERS

Now being served at the Bon-Ton have become quite popular, and are proving good drawing cards. Everything served that the market affords.

MONEY'S DIGEST.

The New Mexican Printing Company has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell same at the reduced price of \$6.50 delivered in any part of the territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of this book. This price is subject to withdrawal without notice, cash to accompany each order.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

IMPOSSIBLE!

— and then they'd have laughed —

"SOMETHING FOR NOTHING"

That's just what people would have said and done a few years ago if you had told them

That we are going to give away Five Dozen Corsets ABSOLUTELY FREE.

And people to-day will exclaim, IMPOSSIBLE! when we say that we have a plan whereby we can give them SOMETHING FOR NOTHING.

But that's just what we CAN do and what we ARE GOING TO DO.

To every lady who will bring to our Corset Department a purchaser for one F. C. or American Beauty Corset at the regular retail price of \$1.00 we will present the corset of the same make in any style or color absolutely FREE OF CHARGE.

This is a bona fide offer, made to introduce these goods, and will positively not be repeated.

SALE COMMENCES AUGUST 31ST, 1903, AT 10 A. M.,

And the offer will be withdrawn when the quantity named above has been given away.

THE IDEA IS FREE

SELIGMAN BROS. CO.,

PRESERVING.

Do you want yellow free peaches or Bartlett PEARS for preserving? If so, now is your time.

20 pound box Yellow Peaches...\$1.25

40 pound box Bartlett pears...1.75

MEADOW GOLD.

We are still selling large quantities of Meadow Gold Butter. It keeps better, and longer than any brand of which we have any knowledge. Per pound... .30

Keystone is as good a grade of butter as is made in Colorado. It is equal to any brand of butter that we have ever handled except the Meadow Gold. Per pound... .25

Special prices in quantities.

FRESH EGGS.

Many grocers are now suffering great grief because they cannot get fresh eggs. We are not troubled that way. "Select" eggs, selected for quality and size, dozen... .30

"First" eggs, selected for quality, but not for size, dozen... .25

Ordinary eggs, 2 doz... .45

IMBODEN'S IMPERIAL.

The products of the Imperial Mills have been sold in Santa Fe, by our firm for many years. They are better now than they have ever been in the past. New machinery, better methods and intelligent management have al-

ways kept the products of these mills at the front.

2 packages Imperial Breakfast Food... .25

10 pound sack Imperial Graham... .35

10 pound Imperial Health Flour... .40

50 pound sack Imperial Wheat Flour... .1.25

MEAT MARKET.

The steady patronage of many of the most discriminating buyers in Santa Fe and the surrounding towns has confirmed us in the belief that it is possible to successfully conduct our market on the plan of furnishing none but the highest grade corn-fed beef and the best in all other items. The packing houses have found by experience that a cut price will not induce us to use the poorer grades of meat. None but the best is our motto. Swift's Premium hams and bacon give satisfaction. Honesuckle brand is of high quality and somewhat more moderate in price.

FRESH VEGETABLES.

We are now receiving Egg plant, green corn, celery, beets, squash, etc. Something new and fresh nearly every day.

MELONS.

Take advantage of the low prices we are now making on Watermelons and Cantaloupes. Express shipments almost daily.

SANTA FE, N. M.

J. P. VICTORY

Attorney at Law and
Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
Money to loan upon real estate security on easy terms.

Something choice: First class properties on San Francisco street paying more than 8 per cent net on rentals.

Have upon my books excellent fruit ranches in the Espanola valley, large and small ones, plenty of water.

Furnished rooms on Palace avenue. **IMPORTANT TO LIVERYMEN.**

I can sell you the finest and best equipped livery stable in the Territory at two-thirds of its real value; includes fee of land and commodious brick barn, together with the good will of a flourishing business, 30 horses, busses, hacks, picnic wagon, buggies, and all the other vehicles that go to make up an up-to-date livery barn, and all practically new. Good excuse for sale. In a live and growing city. Write for particulars.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Examine a 23-acre tract east of the Wileland place, and then ask me its price; you will be surprised.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

On lower San Francisco St., east of the railroad track, I can sell you properties desirable for homes or business propositions; these will bear examination. I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian Church, which in a few years will be worth double the present asking price.

About two blocks west of Guadalupe church, on De Vargas St., I can sell you three small homes.

OUTSIDE PROPERTY.
At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

MERCANTILE PROPOSITIONS.
To those desiring an investment in a good mercantile business located in a thriving town in Rio Arriba county I can suit them with the chance of their lives; general merchandise, large stock; store, two cottages, stables, and other buildings; large tract of land, with big orchard, producing the last season \$1,400; merchandise business pays from \$2,500 to \$3,000 a year and can be increased; fine fishing, boating and bathing; with horses, wagons, etc., 20 varieties of choice roses and other flowers in abundance; owner will allow prospective purchaser to thoroughly investigate before buying; good reason given for selling.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central, and an eight page daily, who says that the world don't move, and our city with it.

HOUSES TO RENT.
Several small houses, some adobe, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

Also the building corner of Water st. and D & R G railroad track lately used as a saw mill.

UNFURNISHED ROOMS.
I have 3 or 4 rooms, and stable, that I will rent, on De Vargas St., two blocks west of Guadalupe church.

MINOR CITY TOPICS

Extra Tubing and Cork for Little Brown Jug Filters 35c at GOEBEL'S.

The guild of the church of the Holy Faith will meet with Mrs. Gerdes, Friday afternoon at 2:30 o'clock.

If you have any clean cotton rags that are suitable for cleaning machinery, bring them to the New Mexican office and receive cash for same.

An adobe residence burned to the ground on Tuesday afternoon near Alcalde. The fire made such rapid headway that the furniture could not be saved.

The fine new depot of the Denver & Rio Grande railroad at Servilleta is nearing completion. It is the handsomest depot between Antonito and Santa Fe.

It is a pity that the bridge across the Rio Grande at Buckman's is not being kept in repair. It is falling to pieces, one span having already dropped into the river.

On account of the unsatisfactory condition of the water in the city reservoir, many people are sending to Sunmount for a supply of water from the Tent City for their homes and for domestic purposes.

On the seventh page of this issue is the weekly crop bulletin issued by the New Mexico division of the weather bureau. It will be found to be of great interest to horticulturists and agriculturists.

The social hop that was to have taken place at the Palace hotel tomorrow evening, will be held at the Post hall. It is a subscription dance gotten up by several of the young society men of the town.

The subject of the lecture tonight at the Allison school is "The Christian Home and Christian School, Bulwarks of the Nation." The lecture will be delivered by the Rev. George F. McAfee, superintendent of the Presbyterian Mission schools in the United States.

Mrs. Anna G. Poole of Cleveland, Ohio, writes the management of Sunmount that within a few days she will send her son, 21 years of age, and a young friend of his, to Sunmount to take up their residence at the Tent City for some months. Both of the young men come here for the benefit of their health.

The predictions are for fair weather tonight and warmer in the southern portion of the Territory; Friday, fair in southern part and showers and cooler weather in the northern portion. The maximum temperature yesterday was 81 degrees at 2:10 p. m., and the minimum was 58 degrees at 5:55 a. m. The precipitation yesterday was .01 of an inch.

The Weekly New Mexican Review is published by the New Mexican Printing Company every Thursday. It contains the most reliable and latest territorial, mining, educational, stock raising, railroad, social and political news of the week from all points of the territory. It is an excellent paper to send to friends in the east. Price five cents per copy.

S. F. Richardson, a resident of Alamogordo, was brought to this city yesterday by Deputy Sheriff C. H. Haynes and Dr. O. W. Miller. Richardson is a man of about 63 years of age and was brought here to have a commission pass upon his sanity. A commitment was issued by Judge Parker and he will be taken to the Territorial asylum for the insane at Las Vegas today.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

MEXICAN CALIENTES.
Posole, Menudo, Temole, Frijoles, Chile Verde, Hot Tamales and Chile Con Carne, can only be found by calling at the Bon-Ton. The headquarters for Mexican dishes.

The New Mexican bindery has just turned out a new and large supply of superior scratch pads. These are sold at 10 cents per pound and are handy for memoranda and calculations for an office.

OFFICIAL MATTERS.

Notary Appointed.
Paul Wunschmann of Santa Fe has been appointed a notary public by Governor Otero.

Territorial Supreme Court.
In the Territorial Supreme court yesterday the case of the United States of America, appellee, vs. Lewis E. Densmore, appellant, appeal from Second Judicial District court, was argued and submitted.

The court has adjourned until Tuesday, January 5, 1904.

Want Change of Venue.
Argument was had before Judge John R. McFie this morning on the motion for a change of venue from Taos County in the case of the Defensive Association of the Settlers of Rio de Castillo vs. The United States Freehold, Land and Irrigation company at al. Motion for judgment on the pleadings in the same case were also filed by the defendants. The attorneys for the plaintiff are Messrs. Larrazolo and Spiess and for the defendants Abbott & Abbott of this city.

Assessment Rolls.
The assessment rolls for 1903 for the counties of Socorro and Lincoln have been received by Territorial Auditor W. G. Sargent. Though the assessors have abstracted the rolls there are no totals given. The summaries for Lincoln County are as follows: Total assessed value of all kinds of property, \$1,275,347; exemptions and reductions, \$86,545. The summaries for Socorro County are: Total assessed value of all kinds of property, \$2,086,610; exemptions and reductions, \$141,600.

The rolls of Dona Ana were also received but there was no abstract and the Territorial auditor has instructed the assessor of Dona Ana to at once prepare and forward the abstracts to his office.

1903 Assessment of Bernalillo County.
Territorial Auditor Sargent has received the assessment rolls of Bernalillo County. The figures given are as follows:

The valuation of the agricultural lands is placed at \$219,490, and improvements on same at \$136,690. There are 220,840 acres of grazing lands which are valued at \$73,772, while the value of the city and town lots with improvements is put at \$1,554,905. The assessed valuation of the telephone and telegraph lines, there being 893 miles, is \$12,836. There are 39.48 miles of railroad and the assessed valuation of the rolling stock is \$186,065, and that of the buildings machinery, etc., is \$81,898. The value of the mines is placed at \$1,050, while the saw and flouring mills are assessed at \$6,300. The value of the notes and book accounts is placed at \$16,350. There are 1,339 horses with an assessed valuation of \$22,298; 84 mules at \$1,884; 909 head of cattle at \$14,418. There are no numbers given for the following animals but their assessed valuation is: sheep, \$122,155; goats, \$1,881; swine, \$300; burros, \$75. Vehicles of all kinds are put at \$15,781, and the harness and saddles are valued at \$1,550. There is a valuation of \$2,090 placed on farming implements, and of \$10,785 on store and office fixtures. There is \$1,680 in cash, while the valuation of the stock held in banks and corporations is put at \$163,940. Jewelry and other valuables are assessed at \$6,102 and household furniture at \$56,229. The total assessed value of all kinds of property is \$3,103,050, and the exemptions amount to \$197,200 making a balance subject to tax of \$2,905,850.

LOW RATES

From June 5 to October 15 the Denver and Rio Grande Railroad will sell summer excursion tickets to points named at the following low rates: Santa Fe to Pueblo and return, \$17.55; Santa Fe to Colorado Springs and return, \$19.55; Santa Fe to Denver and return, \$22.55; Santa Fe to Glenwood Springs and return (via Salida and Leadville) \$28.65. Final return limit Oct. 31st, 1903. At all points except Glenwood Springs a fee of 25 cents is charged when tickets are executed for return passage. Stopovers allowed north of Pueblo and stopovers allowed west and south of Pueblo either direction, for parties desiring to make the following side trips at one fare for the round trip, viz: From Salida to points between Gunnison and Cimarron; from Alamosa to points on Creede Branch; from Antonito to Pagosa Springs. For any further information, sleeping car reservations etc., call on or address,
J. B. DAVIS,
Agent.

THE EQUITABLE LIFE ASSURANCE SOCIETY

"Strongest in the World"

IT IS NO ACCIDENT that
THE EQUITABLE SURPLUS
is now OVER \$75,000,000

And that it has paid DIVIDENDS to its policyholders of over \$26,000,000 in the last TEN YEARS. It is simply the result of long years of economical management. ABCESS.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail which caused the cords in my leg to contract and an abcess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world. ABCESSSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Fischer Drug Co.

D. & R. G. CHANGE OF TIME.

Until further notice the Denver & Rio Grande train arriving here in the evening will be run as an extra from Espanola to Santa Fe, arriving at Santa Fe about 5 p. m.

J. B. DAVIS, Agent.

TERRITORIAL PICKINGS

ROOSEVELT COUNTY.

The Portales Herald is being published again.

Plans have been drawn for a court house at Portales to cost \$8,000. Bids will soon be asked for.

Tales had to be stopped until more casing could be brought to the spot. The well is down 161 feet.

Melvin Wason, a 13-year-old boy of Plainview, Texas, was arrested at Portales for being a runaway from home. He was returned to his parents.

Work on the artesian well at Port C. T. Pinkston, who claimed to be a private detective, was arrested at Portales for parading the streets armed with a deadly weapon. He met the incoming train with a rifle in one hand and a navy revolver in the other. He was placed under \$200 bond.

OTERO COUNTY.

In October a Farmers' institute will be held at Cloudercroft.

The lodge at Cloudercroft is to be enlarged next year and a number of new cottages will be put up.

The 7-year-old son of M. Weaver at Cox Canon, died last week, death being caused by spinal meningitis.

A daily stage route is to be established from Cloudercroft to Ruidoso. Cloudercroft is discussing ways and means to establish several fish ponds near the town.

A train of nine cars loaded with lumber and a log loading machine was wrecked last week on the Alamogordo & Sacramento Mountain railway. The cars went down the canon half a mile before jumping the track. It was the most costly wreck in the history of the road, the loss on the log loading machine alone being \$3,000.

A shooting occurred at the Casino at Cloudercroft on Saturday night. Six shots were fired by M. Orr, the proprietor of the place, at a negro who had secreted himself in the building but was discovered as Mr. Orr was closing the building for the night. The negro escaped through an open window. It is not known whether he was hurt or not.

BEAUTIFUL WOMEN.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of HERBINE after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian Tex., writes, May 31, 1901: "We have used HERBINE in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by Fischer Drug Co.

SOVEREIGN GRAND LODGE, I. O. O. F.

Baltimore, Md., Sept. 21st 28th.

His Life Saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"B. L. Byer, a well known cooper of this town, says he believes Chamberlain's Colic Cholera and Diarrhoea Remedy saved his life last summer. He had been sick for a month with what the doctors call bilious dysentery and could get nothing to do him any good until he tried this remedy. It gave him immediate relief," says B. T. Little, merchant, Hancock, Md. For sale by all druggists.

A REMARKABLE RECORD

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidentially to a baby as to an adult. For sale by all druggists.

TERRITORIAL FAIR.

Albuquerque, N. M., Oct. 12th to 17th, 1903.

For this occasion the Santa Fe will sell greatly reduced rate tickets from all points in New Mexico and Colorado to Albuquerque and return. The rate from Santa Fe will be \$2.65 for the round trip. Dates of sale Oct. 11th to 16th, good for return passage until Oct. 19th.

H. S. LUTZ, Agent.

A. BOY'S WILD RIDE FOR LIFE.

With family around expecting him to die, and a son riding for life 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, Pneumonia, Bronchitis, Coughs, Colds, and Grip prove its matchless merit for all Throat and Lung Troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Fischer Drug Co.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdoch, assistant general passenger agent.

"The Grand Canon of Arizona," a superbly illustrated volume of 124 pages. Fifty cents a copy. Apply to H. S. Lutz, city agent of the Atchison, Topeka and Santa Fe Railway in the Catron Block.

FEARFUL ODDS AGAINST HIM

Bedridden alone and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies, "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by Fischer Drug Co.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor
Ojo Caliente, Taos County, N. M.

THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture.

NEW MEXICO SECTION CLIMATE AND CROP SERVICE WEATHER BUREAU

In Co-Operation With the New Mexico
Weather Service.

Santa Fe, N. M., September 1, 1903.
Continued warm weather during the past week, but the nights are getting quite cool in the northern valleys. The light rains that have fallen have been local in character and entirely insufficient for the needs of late vegetation. However, there have been heavy showers as a rule on the mountains which have kept a fair supply of water in the streams, but in some localities there is complaint of a shortage of irrigation water. All kinds of live stock are reported to be in very good condition at present, but grass on the ranges is curing rapidly under the influence of the dry, hot days, and stock water is getting very scarce in places. The season has not been a good one for securing wild hay, and as the grass on the ranges is of very irregular growth the outlook for good fall and winter feed for stock is not promising. Wheat and oats harvests are about over in northern counties, sowing in general a very good yield. Corn and beans where well irrigated, are very favorable, but on unirrigated lands corn is badly wilted and dwarfed. Late fruits, as plums, peaches, apples, and late peaches, are maturing rapidly; apples, peaches and, in general, pears will yield very irregularly. Latest reports show that the calf crop was unusually light on northeastern ranges.

The following remarks are extracted from the reports of correspondents: Albert—H. M. Hanson—Still very dry; the rain of last week, although heavy, was so brief and dashing that the benefit was slight. Some hay is being cut but the yield is slight. Scarcity of water on the ranges is reported from various sections. Calf crop is reported to be very light. Highest temperature, 100; lowest, 58; rain, 0.09. Andrews—A. S. Warren—Hot days and cold nights. Wells and springs are failing. All vegetation is withering. Stock looks very well, however, considering the drought. Good rains badly needed.

Cliff—T. J. Clark, Sr.—Range and stock in prime condition. First crop of alfalfa was secured in excellent condition, but the second crop was damaged by rain. Corn will not make half a crop on account of the June rains bringing weeds in such profusion. Fruits will not be half a crop. Plenty of water for irrigation in all the streams.

Dorsey—Will C. Barnes—Another dry and disappointing week. Grass has cured rapidly on the ranges, and is done growing for the season. In this district the feed is very spotted; in some places fine, others good, and in many very poor.

El Rito—P. Lopez—Very warm during the day time; daily rains in the mountains keep the streams replenished, but no rains on the plains. Second cut of alfalfa has been well secured.

Exter (Union County)—W. F. McCash—Hot and dry; no rain for three weeks and grass is dried up and stock water getting scarce. There is a fair crop of hay. Cattle are in good condition; calf crop was light.

Folsom—Jackson Tabor—Drying winds during the day and cool nights characterized the past week. Grass on the range is cured. There have been light, local showers but the stock water is getting scarce. All kinds of stock are fat, and getting fatter, but the summer hay crop was light, and winter feed will be short. Highest temperature, 84; lowest, 49; rain, 0.10.

Fruitland—Cyril J. Collyer—Continued favorable weather. Grains show a good yield in threshing. Corn is well eared; third growth of alfalfa coming nicely. Excepting pears summer fruits are a light crop. Irrigation water abundant.

Gallinas Springs—Jas. E. Whitmore—Crops and grass have improved during the week. Excepting where damaged by hail corn and beans look better. Stock is in fine condition. Highest temperature, 94; lowest, 57; rain, 0.06.

Laguna—Gus. Weiss—Nights getting cooler; hot season about over. Wheat harvest is finished; about half a crop. Corn is looking very well. Several light rains but more is needed. Cattle and sheep in good condition. Fall shearing will begin in about three weeks.

Las Vegas—Dr. W. J. Bailey—Generally fair, with no high winds nor hail. Highest temperature, 90; lowest, 45; rain, 0.28.

Las Vegas (Mora Road)—Leon J. Thornhill—Weather continues warm, with some showers but not enough to do much good. Where irrigated crops are looking well, but unirrigated corn is withering. Third growth of alfalfa will soon be ready to cut.

Ojo Caliente—A. Joseph—The long continued drought was broken on the 29th by a copious rain. Standing crops are looking well, and fruits are maturing finely. Range stock is in excellent condition.

Santa Fe—U. S. Weather Bureau—Continued warm weather with almost

daily showers in the mountains but very little on the plains. Irrigation water is not sufficient, and some gardens and orchards have been damaged greatly. Pears, plums and late peaches are ripening; yield very irregular, especially peaches, but quality generally very good. In some orchards, however, there is hardly a sound pear on the trees. A very good yield of wheat is being threshed. The continue warm weather has made up for the cold spring, and the accumulated temperature for the season is now about normal. Highest temperature, 84; lowest, 53; rain, 0.01.

R. M. HARDINGE,
Section Director.

For a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all druggists.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Santa Fe.

Because it's the evidence of a Santa Fe citizen.
Testimony easily investigated.
The strongest endorsement of merit.
The best of proof. Read it:
Cipriano Chavez, county jailer of Agua Fria street, says: "I had attacks of backache for three or four years. Lately they were of much longer duration and occurred much more frequently. For 20 days before I went to Ireland's Pharmacy there was no let up to the dull aching and nagging pain despite the fact that I used medicines and wore plaster. Two days' treatment with Doan's Kidney Pills was sufficient to let me know that the remedy was going to the root of the cause and a continuation of it for some time stopped the very severe attacks. I now know what to use if in the future I notice any traces of backache."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

The New Mexican Printing Company has on hand a quantity of tablets made from ledger, linen, flat and book papers which they will close out at 10 cents per pound. Suitable for school purposes and businessmen, also useful for the home. Only a limited supply.

Loose leaf ledgers at the New Mexican Bindery.

Santa Fe Central Rail'y.

THAT SPECIAL SALE

Last week we sold nearly every article advertised at a specially reduced price, which convinced us that our "ad" is largely read and that the people of Santa Fe appreciate bargains when they can get them.

This week we are offering special bargains in Dishes and Kitchen Furniture. Let us convince you.

COME AND SEE OUR NEW FURNITURE

Make your home comfortable during the hot weather. With the many conveniences we offer you can convert your home into a summer resort. We aim to provide something newer, something different, something better than other stores, and at lower prices.

The Latest Improved
AMERICAN
WASHING MACHINE
—Best on Earth—

A Wagon's First Cost

is not all there is to it. There are plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood—pithy, "dead," the defective axle-wood, or foresee the shrinking, rattling, loosening of spokes, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

STUDEBAKER WAGONS

are that kind. That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Studebakers in Your Town.

The undersigned are the local sales agents. We carry a generous stock, we'll order and quickly get anything you want. You see the goods and know what you are buying. We stake our reputation on pleasing you. Always ready to show you. Give us a call.

Colonial, Caxton Building, Chicago.

LLEWELLYN IN WASHINGTON.

Said to Be Interested in the Armijo and Other Political Matters.

A recent Washington dispatch says: "Major W. H. Llewellyn of New Mexico, now in Washington, reports that all New Mexico is worked up over the prospects of a renewal of the fight for statehood at the coming session of Congress. 'The people of New Mexico,' said he, 'are not in favor of joint statehood with Arizona. They want statehood for New Mexico alone. However, if single statehood cannot be secured at the coming session and a bill admitting Arizona and New Mexico as one state can be passed, a majority of the citizens of New Mexico will accept it. It will require a considerable campaign of education to bring them up to this point, before such a proposition will be accepted.'"

"He says Republicans of the Territory endorse Delegate Rodey's fight for statehood, and favor his retention in Congress."

It is understood that Major Llewellyn's present visit in Washington is to look after the case of George W. Armijo, recently suspended by Postmaster Walter of this city from the position of assistant postmaster upon charges; it is also said that the major is keeping an eye upon the appointment of associate justice of the Territorial Supreme court, which will be made when the President returns to Washington, and that he is there also to look into the report that charges have been filed against W. B. Childers, Esq., United States attorney for New Mexico.

PREVENTED A WRECK.

Railway Employee Flags Train With Burning Handkerchief.

Passengers who came into Albuquerque on the east-bound Santa Fe train Tuesday morning tell of the deed of an employee of that road near Williams, Ariz., which prevented a wreck if not the loss of many lives. The man was riding along the rails on his railroad velocipede at night when the track spread and the wheels of the machine dropped between the rails. Knowing it was about time for the No. 2, east-bound passenger train, to appear he lifted his velocipede off the track and ran up the road for a few hundred yards.

The train was just rounding a curve when the man pulled out his handkerchief, applied a match to it and waved the burning cloth in the air. The engineer stopped the train within a few yards of the break, thus the train was saved and a large number of passengers escaped death or injury. The track was temporarily repaired and the train pulled out for the East.

HOTEL ARRIVALS.

GOOD CROPS IN CHAMA VALLEY.

Handled Entire Wool Crop of Abiquiu at a Profit.

Henry Grant, the Abiquiu merchant, yesterday afternoon accompanied his family and nephew, George Grant, to Lamy from where they left for New York while Mr. Grant returned to this city from where he will go to Conejos and then home to Abiquiu. His nephew George, was a visitor at Abiquiu this summer. The boy enjoyed New Mexico immensely and declared that this was the country in which boys can have a good deal more fun than in New York. Mr. Grant handled the entire wool crop of the Abiquiu district consisting of several hundred thousands pounds this year and at a good profit too. He says that the crops in the Chama valley are up to the average and that people in his section, as a general rule, are prosperous.

THE BON-TON

Is the only first-class Short Order Restaurant in the city where anything in the eating line can be found. Manager Conway personally looks for your needs. Call, you will be treated right.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a consistent rate for the character of the work turned out.

U. S. Weather Bureau Notes.
