BOERS ATTACK BRITISH.

They Successfully Hold Coles-
berg Against Gen. French.

Gen. Buller Gathering An Immense
Army to Relieve Ladysmith.

Large British Reinforcements Being
Sent From Cape Town.

BOERS MAKING WONDERFUL DEFENSE.

Rensburg, Cape Colony, Jan. 5.—Col-
elsberg has not yet been occupied. The
Boers unexpectedly attacked the British
left flank at daybreak this morning, but
were repulsed. They occupied the hills
to the north of the town, but were
eventually driven out of their positions
after an hour's shooting. The British
still hold, however, the hills im-
mediately surrounding the town, pre-
venting the Boers from advancing
along the railway. The British loss in
yesterday's engagement was light, while
the Boers are reported to have lost 100,
including twenty prisoners.

The Boer attack, however, a thousand
men. The Boers killed six British
soldiers and wounded many more. They
were forced to retreat by the heavy
artillery and infantry.

MOLTENO AFFAIR.

London, Jan. 5.—Gen. Buller's report
of the Molteno affair confirms the Asso-
ciated Press dispatch, showing that it
was merely a determined attack on a po-
lice outpost, which was successfully re-
pelled. There were no British casualties.

ZULU HOSTILITIES.

Pietermaritzburg, Jan. 5.—The rest-
lessness of the Zulus is increasing.
Many are on the verge of starvation and
there have been several instances of loot-
ing of stores. It is feared that the mag-
istrates will not be able to restrain the
warriors much longer. It is asserted
that they are anxious to attack the Boers.

REINFORCEMENTS FOR GEN. FRENCH.

London, Jan. 5.—The war office this
afternoon published a dispatch from Cape
Town, dated January 3, saying that Gen.
French's special request for the house-
hold cavalry, a battery of field artillery
and the first battalion of Buffs, which
had been dispatched to reinforce him
temporarily.

BOERS MAKING BRAVE DEFENSE.

London, Jan. 5.—There is still no im-
portant news from the front, but the
alliance which has descended on Gen-
eral Buller's huge force at Tugela river is
believed to be the prelude to another at-
tempt to reach Ladysmith. Meanwhile
the extraordinary tenacity the Boers
are displaying around Colesberg, where
they even assume the offensive, tends to
detract from the success of General French
is supposed to have achieved.

The latest news of Colonel Picher's
raid shows that some of the first accounts
considerably exaggerated the effect on
the Boers and sympathizers. While it is
true that he successfully drove a couple
of hundred of rebels from Sunnyside,
killing and capturing many, he did not
destroy the Boer camp. The Boers, in-
stead, evacuated of Douglas seems to
prove that he had information that there
was a sufficient number of Boers in the
neighborhood to make his position un-
safe. Indeed, there is reason to believe
that only the dispatch of a cavalry bri-
gade from Molteno, after the Boers were
sent by General Cronje from at-
tacking Picher's column, and as soon as
the cavalry returned to Molteno river,
Cronje's troops reoccupied Sunnyside.

According to advices from Sterkstroom,
the Boers completely retired from the
neighborhood of Molteno, but General
Cronje does not appear to have pursued
them, as the reinforcements from Sterk-
stroom returned there.

ARRESTED.
Cape Town, Jan. 5.—Transvaal's high
sheriff, while attempting to sail for
Delagoa Bay to-day, was arrested here.
He was subsequently paroled.

REMOVAL OF BOKER DEFEAT.
London, Jan. 5.—It is rumored at Cape
Town that Col. Baden Powell has again
defeated the Boers at Mafeking.

STEAMER RELEASED.
London, Jan. 5.—A dispatch from Cape
Town, dated to-day, says that the prize
court has released the British steamer
Machona, captured by the British gun-
boat Partridge early in December, with
American flour, said to be intended for
the Boers, on board, but ordered the cargo
kept at the warehouse pending the trial
of the case.

KILLED.
London, Jan. 5.—A special from Ren-
sburg says that Maj. Harvey, tenth
regiment, was killed, and Maj. Alexander
wounded, while the Boers were pur-
suing the retreating Boers after the at-
tack on the British left, Jan. 4, near
Colesberg.

COL. PITCHER'S FORCE.
Belmont, Cape Colony, Jan. 5.—Col.
Pitcher's column, with the Douglas
refugees returned to camp this morning.

KENTUCKY ELECTIONS.
Frankfort, Ky., Jan. 5.—Representa-
tive Hickman was elected chairman of
the joint committee on the governor's
contest. Senator Coleman, chairman of
the lieutenant governor's contest. The
committee adopted a rule requiring that
evidence shall be in by January 15.
After that time days will be allowed in
argument before the board.

SENTENCED TO JAIL.
Boston, Jan. 5.—Joel G. Tyler, late tel-
ler of the Safety National bank, Fitch-
burg, was today sentenced by the United
States court to serve five years in the
Worcester jail for embezzling funds of
the bank.

TWO MEN HANGED AT EL PASO.
El Paso, Texas, Jan. 5.—Geronimo
and Antonio Flores, Mexicans, were
hanged here at 1 o'clock this afternoon,
the former for the murder of John
Fusselman, a Texas ranger, nine years
ago, while Fusselman was pursuing him
for horse stealing; the latter for the mur-
der of his sweetheart, a year ago, for re-

Court R. Perry, the well-known divi-
sion trainmaster on the Santa Fe Pacific,
and his brother, L. H. Perry, conductor
of the Winchester and Fairbury, came in
from the west last night to meet another
brother, Capt. W. A. Perry, a wealthy
mine operator located near the City of
Mexico. The latter gentleman, who is
also connected with the United States
steel furniture company, was back in
New York on important mining matters,
and while east visited his old home at
Snyder, Ohio. The three gentlemen will
remain here to-day and to-night, after
which Court R. and L. H. Perry will re-
turn to their duties on the Santa Fe Pa-
cific and the younger of the family, al-
though the biggest, will continue south to
Mexico.

Hugh Murray, who brought Linus
Shields back to his studies at the Uni-
versity and Captain Hubbs Leeds back to
his many friends in the city, will return
to the James hot springs to-morrow
morning. Murray called at THE
CITIZEN office last night and stated that
Captain Leeds' developed into one of the
finest shots of the mountains while he
was at the springs, and he and his
friends feasted on wild game the past
few weeks. The captain was noticed at
Zigler's Cafe this morning narrating
some of his hunting tours.

be wise for our merchants to avoid these

and they are schemes not very profitable
to the advertiser.

here spending the holidays with Mr. and
Mrs. Albert Singer, returned to their
home at Anglar, near Trinidad, Colo-
rado, this morning. Mr. Welsby is a brother
of Mrs. Singer.

tered at Sturges' European.

In a Pauper's Grave.
George Holladay, who thrived in this

died recently under very peculiar cir-
cumstances at Los Angeles. The Times,

SHIP SUNK OFF ENGLISH COAST.

Victoria, B. C., Jan. 5.—According to
news received from the Orient by the
steamer Queen Adelaide, the troops of
France have been ignominiously routed
with loss of thirty killed in battle with
the natives of the province of Quang
Tung, southern China, where for some
time there has been trouble over the de-
limitation of the Franco-Chinese bound-
ary.

The news was received by great anti-
foreign demonstrations at Shan Tung. A
number of missions have been looted and
destroyed. Some priests and missionaries
have been killed and in a pitched bat-
tle with the imperial troops sent against
them over 100 rebels were slain. Among
the Christians who first suffered at the
hands of the rebels were thirteen fam-
ilies connected with the American mis-
sion board at Tung Chang, near Tsau.
Their houses were looted and they were
robbed of property to the value of 4,000
taels. Four families of the American
Presbyterian mission were robbed and
their homes destroyed.

Upon the Catholics the natives gave
the full force of their fury. A number
were killed. Two hundred families were
robbed, and many homes and chapels
were burned. The priest was murdered
with great brutality. His head was se-
vered from his body and suspended from
the top of a tree. Catholic Christians
were also murdered. Missionaries of
both denominations appealed to the con-
suls for protection.

Brotherhood of Railroad Trainmen.
Chicago, Jan. 4.—A special to the Tri-
bune from Cleveland, Ohio, says: The
Brotherhood of Railroad Trainmen has
given notice of withdrawal from the
Federation of American Railway Em-
ployes. The withdrawal of the train-
men, it is said, will disband the federa-
tion, as the other organizations have
grievances which they have been
unable to settle with the roads be-
cause of the failure of the federation to
unanimously sanction strikes, as re-
quired by the rules of the order.

The Ship Sunk.
London, Jan. 5.—The Great Western
line mail steamer Iber struck on a black
rock at St. Sampson, Guernsey, at six
o'clock this morning and sank. The
crash broke the masts and the boiler
was launched within ten minutes after the
steamer struck, and there was no panic.
All the passengers were saved, but one
sailor was drowned. All on board
the Iber behaved with the greatest
courage and the captain was the last to
leave the ship.

ALBUQUERQUE, — JAN. 5, 1920

THE YUQUINDIANS ARE CONCENTRATING
their forces and threaten to attack Guaymas.

It is understood that the administration
favors the admission of New Mexico
and Arizona to statehood.

This side of Oregon reports that it is
enjoying a greater degree of prosperity
than ever before known in all its history.

With \$10,000 in cash in the treasury,
and the receipts exceeding the ex-
penses, this city is in good financial

HONORABLE J. L. BROWN, says there is
no show for silver next year. He might
have added "or any other year for the
democratic party."

The calling of another anti-trust con-
vention at Chicago is an encouraging
indication. It is a sign that the war on
trusts is not to cease.

Trust stocks depreciated something
over one billion dollars during the month
of December. Those who get squeezed
have only themselves to blame.

GEN. OTIS now has 65,000 men under
his command in the Philippines and
armed opposition to United States
authority is almost crushed out.

The first day of the new year was sig-
nified in Luzon by the beginning of
the squelching of the few remaining
bands of insurgents in Southern Luzon.

FRIENDS of Gen. Joe Wheeler expect
him to return soon and resume his seat
in congress. He is disappointed because
he has had no chance at the fighting in
the Philippines.

Now that the discussion has cooled
down, everybody has come to the con-
clusion that 90 cents do not make a dollar,
and that 1899 years do not make nine-
teen complete centuries.

LAST year there reached the dead letter
office 6,565,983 pieces. Included in this
large number were 25,824 letters which
were absolutely without an address, and
of these 15,443 contained money.

DOMINOES, checkers and alphabet
blocks are about to be sent to the
neglected natives of Guam. Nothing is
said about poker chips, and another up-
rising of the Guamanians is possible.

THERE is a rattling of dry bones in the
National Baseball league, several of the
magnates having broken loose from the
league, and announced their purpose to
form an independent organization.

It is estimated that the country's
output of pig iron in 1919 was in the
neighborhood of 13,500,000 tons, which is
a gain of about 2,500,000 tons over 1918,
and an increase of nearly 4,000,000 tons
over 1917.

The exportation of horses, mules,
canned goods and munitions of war from
the United States to the British army has
been unprecedentedly large in the past
three months, and this movement will be
likely to be kept up until the war ends.

AMERICAN ships turned out 2,473 loc-
omotives during 1919—the largest num-
ber they ever manufactured in one year,
and 549 more than were made in 1918.
More than 25 per cent of the number, or
534, were made for railway companies in
other countries.

This brewers are preparing to make an
effort to induce congress to remove the
war tax from beer. It is notable that
the masses never complain of any par-
ticular form of taxation. They help to
pay all of them directly or indirectly, yet
they don't say a word.

No race of men can surpass the Chinese
in habits of industry and thrift. With
the introduction of western civilization
the vast resources of the country will be
developed, the products of the soil and
manufacture will indefinitely increase
and domestic and international trade
will be multiplied in the proportions.

THE war in South Africa will be now
sharp and continuous till it is finished.
The British have immense armies in the
field, and they can, in the end, destroy
the plucky little republics. The sym-
phony of the world goes out to the Boers,
and if good wishes could help them, they
would be victorious.

AN attempt is being made to consoli-
date the milk companies of Chicago into
a combine, the purpose of which is the
absolute control of the industry in that
section. Of all the combines that have
been made in the United States up to
the present time this is the most dis-
tressing. It is fearful to contemplate
the percentage of water that will exist
in the milk trust.

EXPERIMENT IN CITY GOVERNMENT.
Beginning with the new year, San
Francisco entered upon an experimental
scheme of municipal government that
will test the claims of reformers, who
point out the evils of existing govern-
ments and suggest better things. The
new charter of San Francisco, that was
put in operation on the first of the year,
looks to a system of government by com-
mission. The several departments of
the city government are provided over by
commissioners, which direct this work.
The members of the commissions are
appointed by the mayor, and each is re-
sponsible to him for the proper and
efficient management of that depart-
ment of the city government committed to
his care.

Civil service is to rule in the selection
of men who are to do the city's work.
The exceptions are but few, and include
only the confidential clerks of the com-
missioners and heads of departments. All
other employees are to be selected for

might only, great, but advanced as
van adobe occur in stanzas above them,
when they have shown their competency
to do the work.

Under this charter the mayor has ex-
traordinary power. He is, in fact, the
city government. He appoints the com-
missioners and the commissioners are
supreme in city affairs. They are re-
sponsible to the mayor, and he is re-
sponsible for the good government of
the city. If there is mismanagement,
the commission controlling that depart-
ment in which it occurs can be called to
account. Upon failure to correct the evils
complained of, the mayor can turn the
commissioners out and appoint new ones.

MEASURE OF ENTERPRISE.
The merchant is best rated as to his
energy by the amount of his advertising.
Advertising, to be successful, must be
the means to laying before the public
knowledge of opportunities secured for
them by sound judgment in buying. Ad-
vertising to be successful must be the
means of telling the people something they
want to know. It must lay before them
superior ways for supplying their
wants. Hence it follows logically and
truly that the advertiser of a community
are the progressive, successful men of
business. The man of firm who ad-
vertises extensively and continuously de-
serves the prominence he attains. He
holds it by reason of the fact that he
continues to deserve it.

There is nothing speculative about ad-
vertising. It is the means to a sure
return. In these days of modern busi-
ness methods quick determination wins.
Quick determination necessitates quick
buying and quick selling. To sell
quickly merchants must advertise. The
modern idea is a rapid and frequent
turning over of stock and money, fre-
quent and small profits rather than in-
frequent and large profits. Those
who advertise are evidently believers in
and followers of this idea of business. It
is therefore plain to the purchaser of a
city that those who advertise are the
progressive men of business, the mer-
chants who sell their goods the closest in
their desire to move their stocks rapidly
and not to have them lie around to get
out of date and shop worn. Advertising
is the secret of business success and
merchants should bear the fact in mind
while they are making their arrangements
for the conduct of their business during
the year that has just opened.

Transitory Loss of Life.
Moralists are discussing the terrible
loss of life brought about by the Trans-
pacific war. Yet life is sacrificed for a
purpose—or for an honest principle. It
is better to preach against the needless
sacrifice of life. Thousands of people
suffering from disease and death are
easily have been checked in the begin-
ning. Dyspepsia carries off more people
than are killed in war. The use of Host-
etter's Stomach Bitters would save many
lives. Constipation may seem a little
thing, but it invariably develops into
something worse, and the longer it is al-
lowed to continue the more serious the
bitterness, cure indigestion, constipation,
dyspepsia and biliousness, naturally and
permanently, without shocking the sys-
tem. It is good for everybody.

An Astonishing But True Story

My home is in Sidney, Ohio. I have been nearer death with consumption
than any other living person. I was willing to die, but before going to the
cruel grave, I took a severe cold and neglected it. I grew worse all the
time, and at the end of two years I had run into consumption. I coughed
terribly, lost flesh, could not sleep, and became so dreadfully weak that I
was unable to do any work. I was better after taking two doses.
In the following eighteen months I gradually reached the last stages
of consumption. No less than seven physicians treated me and all gave
me up saying I was incurable. I was absolutely helpless. The whole family
were themselves out caring for me. One day mother and sister came to
my bedside, and said I had but a day or two more to live. Tears rolled down their cheeks as they
saw me. The doctors had declared I was in the last stage, and no human
being could survive. I was willing to die, but before going to the cruel
grave, I wanted to go out and see my dear home of Sidney once more.
They told me such a thing was impossible—that I would surely die before I got
back. But I insisted, and to gratify my dying wish, a carriage was fitted up
with a bed of pillows, and I was carried and slowly driven around Court
House Square. I got home more dead than alive. Through the mercy of Providence,
someone brought a trial bottle of medicine said to be a consumption cure.
No one imagined for an instant it was worth trying. But as a drowning person
grasps at a straw, so I tried this medicine. I was better after taking two doses.
Mother got more of the medicine and I took it, improving all the time. Today I
am as well as any reader of this paper, and the medicine that cured me was
Ayer's English Remedy for Consumption. I declare before God and man that
every word here printed is true.

This remarkable testimonial, on file in the office of Messrs. W. H. Hooker & Co., New York,
proprietors of Dr. Ayer's Celebrated English Remedy, is vouched for by them, as well as by
prominent druggists of Sidney, Ohio.
Ayer's English Remedy is sold by all druggists under a positive guarantee that your money will be re-
turned in case of failure. Send for a free trial bottle. Price, 25c. Sold by J. H. O'Reilly & Co.,

THE TERRITORIAL LAWYERS.

Their Fourteenth Annual Meeting in the
City of Santa Fe.

BRIILLANT BAR BARQUET.

The New Mexico Bar association held
a public session Wednesday afternoon at
the court house in Santa Fe. The
audience that filled the hall was a repre-
sentative one, and liberally applauded
each one of the speakers. Col. R. E.
Twitwell appointed a committee to es-
cort to the chair the new president of
the bar association, Judge A. A. Freeman,
man, who had in the forenoon been
unanimously elected. Colonel Twitwell
introduced his successor with a well-
served eulogy upon the ability and char-
acter of the new official.

Hon. H. D. Kestabrook, a distinguished
member of the Chicago bar, and counsel
for the Western Union Telegraph com-
pany, who came to New Mexico by in-
vitation of the bar association to deliver
an address, was then introduced to the
audience, and he made a brilliant ad-
dress.

An eloquent tribute to the law and
lawyers closed the brilliant address of
Mr. Kestabrook, which was warmly ap-
plauded and constituted an able argu-
ment for extended for New Mexico. A
very brief address was made by
Nellie B. Field, Reg. of Albuquerque,
the second speaker, and addressed
the audience upon "The Relations of the
Bar and the Bench." He stated that he
had lost his manuscript, this being
the first address he ever contemplated read-
ing from manuscript. He said that the
fundamental principle of American lib-
erty lies in the truth "That all men are
equal before the law." When this is no
longer true, then this nation is on the
road to decay. It is the bar and the
bench more than the statesman and the
warrior who have made this nation great
and free, and the brightest page in
American history was written by the
courts of the country. Mr. Field then
dwelt eloquently upon the relations that
should exist between the bar and the
bench.

Upon the topic, "Modern Trusts,"
Judge Freeman spoke entertainingly, giv-
ing a history of trusts, showing that
they had existed almost from time im-
memorial in different forms, and that in
very many countries there had been
legislative efforts made either to con-
trol or to abolish them. Trusts were
not per se wrong; combination of cap-
ital was not a necessary evil; the only
good that could be accomplished by leg-
islation was to prevent trusts from im-
posing any burden or restriction upon
competing interests; that so long as the
people are left free to contract for them-
selves, no serious injury could grow out
of them. Contracts made in restraint of
trade are unlawful, and could be so de-
clared by the courts. He was of the
opinion that a great deal of unnecessary
political capital was being made out of
the subject; that party conventions
would declare against them more for the
purpose of catching votes than for any
other else. He did not apprehend that
trusts would ever seriously impair the
prosperity of the country.

THE BANQUET.
The banquet given last evening by the
New Mexico Bar association at the Palace
hotel was, as Judge A. A. Freeman
expressed it, the consummation of the
events that attended the fourteenth an-
nual meeting of the association, says the
New Mexican. It was a perfectly
appointed affair, an event to be remem-
bered for years, a banquet which set the
standard for similar occurrences of the
future. The forty or more guests who
enjoyed the splendid feast of viands and
wit gathered in the lobby and parlors of
the hotel and at 9 o'clock to the inspir-
ing strains of Perez' orchestra marched
into the superbly decorated dining room.
The long walls of the banquet hall were
draped with large American flags and
bunting. Pinon trees and greens were
laid against the folds of the banners and
gave a touch of nature to the scene. The
banquet table, which was in the shape of
an elongated horseshoe, was a vision of
beauty. Along the whole length of the
table on both sides a wide, dark, scarlet
ribbon seemed to cut the snowy white
linen into three long avenues. In the
center of the banquet table green smilax
in sinuous curves made a fresh green
trail which circled around beautiful
vases holding long-stemmed, dark car-
nations and at the head of the table a
splendid bouquet of dark red beauties
roses. From each side of the table, the
entire length, hung garlands of smilax
looped to the linen at each seat with a
dark, red ribbon. From the table to the
center of the space between the two ends
of the horseshoe wide, crimson, silk rib-
bons were draped, coming together in the
shape of a baldaquin or the point of
an imaginary May pole. The rolls
served to each guest were also tied with
red ribbon in accordance with the color
scheme of the decorations, which were
red and green. Artistic silver candelabra

with red candles shed a soft glow over
the table. The decorations, which were
truly a work of art, were the creation of
District Clerk A. M. Berger, ably as-
sisted by Mrs. Otero, Supreme Court
Clerk Sena and a few others who lent
willing aid yesterday afternoon.

At the head of the table sat Col. R. E.
Twitwell, the retiring president of the
association. To his right, in the follow-
ing order, were: Governor Otero, Hon.
H. D. Kestabrook, Chief Justice Mills,
Judge Parker, Solicitor General R. L.
Bartlett, District Clerk A. M. Berger
and Hon. T. B. Catron. On his left sat
Judge A. A. Freeman, the new president
of the association. Secretary Wallace,
Judge Melia, District Attorney H. F.
Barnes, Colonel George W. Knebel,
ex-Governor L. B. Prince, Hon. Frank
Springer and P. W. Clancy. The
other guests were Colonel R. W. Dobson,
District Attorney C. A. Spies, Adjutant
General Whittemore, E. A. Fiske, A. A.
Jones, C. C. Good, G. W. Johnson, A. N.
Jordan, T. K. Curtin, W. H. Winter, A. B.
McMillan, District Clerk Secundino Ro-
mero, J. D. W. Veeder, W. J. McPherson,
A. A. Rennehan, W. H. Pope, J. P. Victory,
H. S. Clancy, W. M. Berger, E. K. Neal,
H. R. Holt, T. S. Hildin, T. C. Matteson,
Squire and Clerk J. D. Sena, N. B.
Field and J. M. Howland.

The menu of the affair was a choice
one. It was well balanced and the
viands were of the most select kind and
excellently prepared by Caterer Wm.
Vaughn.

It was 10 o'clock when Toastmaster
Colonel R. E. Twitwell, proposed a toast
to the president of the United States, in
which all joined, standing. He then in-
troduced Governor Otero as the best gov-
ernor that New Mexico has had since
the signing of the treaty of Guadalupe
Hidalgo.

The governor responded to the toast,
"The Territory of New Mexico;" Chief
Justice Mills "The Judiciary;" Hon. T.
B. Catron "The Bar;" Hon. Frank
Springer "The Bar and the People;" Ex-
Governor L. B. Prince "The Last of the
Circuits;" and District Attorney Barnes,
of Silver City, "The Trial Court."

Impromptu toasts were responded to
by Assistant United States Attorney W.
H. Pope, who spoke of "The Ladies;" Mr.
Kestabrook, who paid an eloquent and
poetic tribute to "Our Sweethearts and
Wives;" and Judge Freeman who spoke
to the concluding toast, "Our Guest."
It was almost 2 o'clock when the party
left the scene of what was one of the
most successful and enjoyable banquets
ever held in the territory.

SILVER CITY.
From the Independent.
George F. Fisher, chief engineer of the
Santa Rita Mining company, returned
from Philadelphia.

Superintendent William Clifton will
leave in a few days for Clifton, where he
will commence operations on the Hughes-
Shannon copper property on the 10th of
the present month.

Mrs. G. D. Bantz will leave shortly for
Colorado Springs, where she will remain
for some time in order that she may be
with her daughter, Miss Lucile, who is
attending school there.

Dr. B. C. Gilbert and family arrived in
Silver City from Colorado, and the doc-
tor may decide to locate here permanently
on account of his health, although not
yet fully decided. They have been
warmly welcomed by their many friends.

The large display windows of the Forster-
field drug company, the handsomely ar-
ranged memorial adopted by the city
council in respect to the memory of the
late Lieutenant Max Luna. The mem-
orial will be properly framed and sent
to the widow of the deceased.

Mrs. Mary P. Casey, beloved wife of D.
C. Casey, died at her home in this city
of general debility, after a long illness.
Deceased was aged 53 years. She is
survived by her husband and five chil-
dren, Edith, Simon, Blanche, John and
Felix.

The members of the local fire depart-
ment gave a delightful dance in New-
comb hall, which was liberally patron-
ized, and yielded quite a nest sum of
money to the boys to be used in fitting
up their new quarters in the old city hall
building. With their accustomed en-
tertaining ability it was seen that every-
one present last evening had a thoroughly
good time.

Glorious News.
Comes from Dr. D. B. Cargile, of Wash-
ington, D. C., that "Four bottles
of Electric Bitters has cured Mrs. Brower
of scrofula, which had caused her great
suffering for years. Terrible sores would
break out on her head and face, and the
best doctors could give no help; but her
cure is complete and her health is ex-
cellent." This shows that thousands
have proved—that Electric Bitters is the
best blood purifier known. It's the
simplest remedy for eczema, tetter, salt
rheum, ulcers, boils and running sores.
It stimulates liver, kidneys and bowels,
expels poisons, helps digestion, builds up
the strength. Only 50 cents. Sold by J.
H. O'Reilly, druggist. Guaranteed.

AT ARMORY HALL.

The Albuquerque Guards Meet and Elect
Officers—Another Dance.
A business meeting of the Albuquerque
Guards was held last night in the Ar-
mory hall, which was attended by nearly
all the members. Officers and commit-
tees were elected and consist of the fol-
lowing:

President, H. H. Strong; vice presi-
dent, Chase Whiting; company clerk,
John H. String; treasurer, J. H. Baker;
historian, Ernest Dougherty; board of
directors, Chase Whiting, J. K. Rider,
John H. String, L. H. Chamberlain, A. J.
Lamb; recruiting committee, H. F.
Strong, H. F. Kauter, Robert Kuhn;
auditing committee, W. N. Jaffa, Ernest
Dougherty, S. Benjamin, J. W. Ballard.
The organization is free of all debt
and has a balance of more than \$100 to
its credit. The gymnasium is equipped
with a lot of new apparatus and it is the
intention of the members to add more in
a short time.

Instead of one drill per week it has
been decided to hold two drills per week
—Tuesdays and Thursdays during the
month of January.

The monthly hop will take place next
Thursday night. All associate and ac-
tive members and lady friends are ex-
pected to attend, as a most enjoyable
time is anticipated.

There will be a basketball game pre-
ceding the dance by two teams from the
Guards. The game, no doubt, will be
very interesting as the two teams are
composed of the best players in the
Guards. The names of the players will
appear later.

A CLEAR CASE OF MUST!!

WE ARE STUCK AND HAVE THE MORAL COURAGE TO ADMIT IT

The plain, unadulterated truth and the only reason is—
TOO MUCH MERCHANDISE AND TOO LITTLE WINTER!

We all too wisely anticipated the wholesale advance in merchandise; encouraged by our continued success and confident, yes, sanguine of the future, we laid in a storeful of cold weather wearables, and the cold weather didn't come. We have waited long enough—we have waited and hoped for Jack Frost's arrival until it is dangerous to wait any longer; but now, like liberal and broad-minded merchants should do, we are going to take our medicine, and in no half-hearted way!

THE PRICE-PRUNING KNIFE HAS DONE ITS WORK WELL.
