BENEFICIAL INSTITUTION

The U. S. Industrial Indian School at Santa Fe Now Educates 325 Redskins.

EFFICIENCY PREVAILS

Competent Staff of Teachers and Instructors—Appropriations Asked of the Next Congress.

(Written Exclusively for the New Mexican.)

A visit to New Mexico and its Capital City is not complete without it includes a visit to the United States Industrial Indian school, located about two miles from the business section of the city. The school term which opened on September 1 found 325 full-blooded Indian children in attendance, while the appropriation made is for but 300 of the little redskins. Of the 325 scholars, 1.0 are of the weaker sex, but they are as strong and muscular as their young brothers. The tribes represented in this Indian student body are the Pueblos, Navajos, Pimas, Papagoes, Hopis and a few scattering.

In the book learning line the scholars are taught up to and including the eighth grade of the educational course in the public schools throughout the country. But their education does not stop here. They are also inducted into the intricacies of either carpentry, blacksmithing, shoemaking, tailoring, plumbing, truck gardening, dressmaking, housekeeping, cooking, baking and nursing, while the school boasts of a band of 20 pieces.

The staff employed at the United States Industrial Indian school, embraces Prof. C. J. Crandall, who after 12 years in the Indian service is the right man in the right place at the head of the institution; George B. Haggitt, assistant superintendent; Hugh Soma, disciplinarian; Dr. W. S. Harrison, school physician; Mary E. Thompson, matron; Ella P. Dennis, Zina Z. Purdy and Mattie Price, assistant matrons. The corps of school teachers, who teach the young Indians the rule of three include Gertrude Ferris, Anna Gardner, Carrie O. Rode, Ada C. McCormack, Nora Hearst, Mrs. G. B. Haggitt and Helena K. Werber.

In the industrial department which is under the direction of T. W. Enos, R. D. Holt presides over the destinies of the tailoring department; Nicola Yanni teaches the young Indians how to make footgear; E. G. Crittenden instructs them in the art of using the plane, saw and hammer; J. G. Borrego inducts them into the blacksmithing trade; Jerry Farris is the engineering and plumbing instructor; Leo L. Rilling is the head truck gardener; S. Tafoy, assisted by Nestor Salazar teaches a class to knead fine bread, and make toothsome cakes and pies; Jennie Crittenden and Benjamin Naranjo, as cook and assistant cook of the institution, prepare the meals for the 325 pupils, assisted by a retinue of young Indians of both sexes; Olive D. Kinney, assisted by May Purdy, are the instructors in the dressmaking school; Sarah Jeffries as head nurse and Maggie Norris as hospital cook make a class of the young Indians adepts in the nursing art, while Mary Holt assisted by Clara Naranjo are at the head of the laundry, where a score of the pupils cleanse the soiled clothing every week. The band of 20 pieces is under the direction of Frederick Slegner, who has proved himself a most capable bandmaster for the young Indians.

All the vegetables used at the school are raised by the Indians under the direction of T. W. Enos and Leo L. Rilling, the head truck gardener. The Indians produce cabbage, carrots, onions, radishes and beets, for table consumption, and sugar beets for the stock. Instructor Enos who is an expert in irrigation, has this year demonstrated that potatoes can be raised in the Santa Fe valley, as he has a small but very fine crop, a small patch only being sown as an experiment. Next year several acres of the school lands will be devoted to potato raising.

The improvements made during the past year included an addition to the hospital, which cost \$2,000; improved plumbing and bathing system; porcelain bath tubs having been substituted for the old zinc ones. Plans have also been prepared for a power house, to be equipped with two 85-horse power boilers, which will produce steam heat for all the buildings, and an independent steam plant for the hospital.

Superintendent Crandall is also waiting for the government engineers to prepare plans and specifications to let the contract for an artesian well, for which there is \$5,000 available.

The appropriations asked for by Superintendent Crandall, and upon which Congress will act during the coming winter include the following:

PROSPEROUS SEASON

Union County Cattle, Sheep and Ranges Are in a Satisfactory Condition

According to W. J. Eaton, Esq., of Clayton, who is here in attendance on the United States court, conditions in Union County are good generally. The range is fine, owing to the plentiful rains and the wool clip has exceeded the record for many years. The lambing season was also a successful one and there is a general air of prosperity pervading the whole section. The fall movement of cattle has not begun as yet, but the prospects are that the season will be one of the best that the county has known.

"Union County is primarily a stock raising county," said Mr. Eaton, "and while there have been some attempts at fruit raising, and along other agricultural lines, these have all been conducted on a small scale. Of course, I am of the opinion that all this section will eventually become agricultural, but that condition is dependent entirely upon irrigation. The soil that we have is rich and fertile, but the water is lacking. That however, will be remedied in time and then Union will cease to be a distinctively stock raising county."

"The town of Clayton is not on the boom, but on the contrary is enjoying a gradual and healthy growth. In the past four or five years the population has about doubled and we think we are doing well for a town of a thousand inhabitants when we have water works, electric lights, telephone and telegraph systems. Then too, we have a very good hotel and one of the business blocks that has been recently completed cost \$15,000. The county seat of Union is quite up-to-date and we are proud of the town."

Mr. Eaton has just spent some time at the Sulphur springs in Sandoval County, and is of the opinion that they are among the wonders of New Mexico. He was much pleased with the benefits to be derived from the treatment and is enthusiastic in his praise. He thinks that it will be a matter of a very short time until these springs are made more accessible and that they will then become one of the noted resorts of the country.

AN OHIO BANK CLOSES ITS DOORS.

Willoughby, Ohio, Sept. 10.—The bank of Willoughby failed to open today. The suspension is said to be the direct result of the failure of the Mexican Clay Manufacturing company, for which a receiver was appointed yesterday in Cleveland, its debts aggregating a million dollars. The bank held much of the Mexican company's paper.

The buildings comprising the United States Industrial Indian school include the main building used for dormitories, offices, dining room and kitchen; the school house, with nine class rooms and chapel; the shop building of five rooms, where the industrial school sessions are held; the employees' building, the laundry building, the hospital building, the superintendent's residence, two warehouses and one cottage.

No other Indian school in the service has filled up as rapidly as has the Santa Fe institution. All are full-blooded Indians, and there are many more who are at present seeking admission, but it is a question what to do with them. Many who will not go to a distant Indian school will come here. Among the present student body are 52 from the pueblo of San Domingo; 31 from San Juan and 20 from Taos.

Prof. C. J. Crandall, the superintendent of the institution, is a native of Astabula, Ohio, and a man in the prime of life. He came here to assume the helm at the United States Industrial Indian school in February, 1900, and the institution has flourished under his administration. He has been in the Indian service for twelve years, having been superintendent of the Indian school at Pipestone, Minn., assistant superintendent at Chillico, Okla., superintendent of the Pima school, Arizona, and superintendent of the Lower Brule school, South Dakota, before coming to Santa Fe. Prior to his entering the Indian service he was engaged in public school work, having been principal of the Delano schools, Minnesota and superintendent of the Pipestone County schools in Minnesota for five years.

EXCITEMENT SUBSIDING

Minister Leishman Demanded the Immediate Dismissal of the Vali of Beirut.

THE NEW VALI ARRIVES

A Naturalized Citizen of the United States Is Released from a Turkish Prison.

Constantinople, Sept. 10.—United States Minister Leishman presented a demand to the Turkish government for the dismissal of Reshid Pasha, val of Beirut, on the ground that so long as he is retained in the office the lives and property of the Americans in Beirut are insecure. The Porte has not yet replied but the dispatch from Nazim Pasha to Beirut from Damascus is considered the preliminary step towards a settlement.

Beirut Quiet Tuesday.

Washington, Sept. 10.—The navy department has received a cablegram from Rear-Admiral Cotton, dated Beirut, yesterday, saying that the arrival of the Turkish governor general from Damascus has restored confidence. The governor general warned the local authorities that he would hold them responsible for all disturbances. The city was quiet Tuesday night.

Minister Leishman cabled that he had urged the sublime Porte to replace the governor of Beirut by some one more capable of preserving order, and other ambassadors demanded his removal. In this course Minister Leishman has the approval of the state department.

New Vali Appointed.

Berlin, Sept. 10.—A dispatch from Constantinople says that Nazim Pasha has been formally appointed val of Beirut in the place of Reshid Pasha who has been dismissed.

Marines Not to Land.

Paris, Sept. 10.—Advices from Beirut say the French, British and Italian consuls have decided not to ask for the American marines as, contrary to Constantinople advices, the excitement has subsided.

American Citizen Released.

Washington, Sept. 10.—Minister Leishman has cabled the state department that he has secured the release of Abdul Kader Mathaney, a naturalized citizen of the United States, born at Tripoli, Syria, who soon after returning to his native country in 1901 committed an offense for which he was sentenced by the consular court of the United States at Beirut to a term of six months in jail. After his release he was arrested at Tripoli and condemned by a local court for the same offense to three and a half years' imprisonment. Minister Leishman protested against this violation of the rights of an American citizen.

Insurgents Rout Turks.

Sofia, Sept. 10.—Private dispatches from Rilo Plan announce an engagement at Yeltepe in the Perim district of Roumelia, in which 600 Turkish troops were routed by the Macedonian insurgents. The Turks fled.

War is Imminent.

London, Sept. 10.—"Europe is standing on the edge of a precipice," said a diplomat who is participating in the international negotiations in connection with the Balkan question, "and no one can tell but tomorrow may see Turkey and Bulgaria plunged in war in spite of all the efforts made to prevent it. Turkey is becoming encouraged by the attitude of the powers towards Bulgaria and there is a strong feeling among the Mohammedans that the opportunity is at hand to take summary vengeance on the Bulgarian people."

Thousands Slaughtered.

Sofia, Sept. 10.—The Macedonian organizations are preparing a memorandum to be presented to the representatives of the powers, in which they will declare that the insurgents intend to resort to reprisals for Turkish atrocities. The memorandum declares that 65,000 men, women and children have been slaughtered and 120 villages burned.

BOGOTA GOVERNMENT WANTS A NEW TREATY.

New York, Sept. 10.—While the senate at Bogota has postponed until this week the discussion of the new bill authorizing the government to negotiate for another Isthmian canal treaty with the United States, it is known, says a Panama dispatch to the Herald, that the government does not attach much importance to the proposed law and it is believed that the administration will treat directly with the Washington government for a new treaty on what it considers an equitable basis.

ARRESTED BY TROOPS

Military Authorities Gather in Two Men in the Cripple Creek District.

IMPORT JOPLIN MINERS

Mine Owners Meet in Denver and Send Committee to Missouri Lead Camp.

Cripple Creek, Sept. 10.—The Elkton mine resumed work today with twenty-three men, the property being guarded by troops. President Kenniston of the Miners' union No. 1 was refused admission to the company's property by the guards. A permanent military camp of forty-five men was established at the Elkton.

Lieutenant McClelland and squad brought in two prisoners to camp Goldfield today. "Slim" Campbell, who was arrested by the civil authorities last week for complicity in the assault on Justice of the Peace Hawkins, was arrested at Altman, and H. H. McKinney at Independence. McKinney was formerly city marshal of Altman. The military authorities refused to state the charges against the two men.

After Joplin Miners.

Denver, Sept. 10.—Mine owners held a conference in this city, the subject of which was the importation of miners from Joplin, Mo., to break the strike at Cripple Creek. It was decided to send a committee to Joplin to secure men. The committee, it is said, is already on its way to Missouri.

Miner Disappears.

Victor, Colo., Sept. 10.—Mike Rogers, a miner, has disappeared and his cabin near Cameron has been burned. The fire is believed to be of incendiary origin.

Rogers saw the assault committed upon James Stewart, a carpenter, ten days ago.

The man found dead near Clyde station with a bullet hole in his body has been identified as Patrick Burns, a railroad laborer. Whether he was murdered or accidentally shot is not known.

Gatling Gun for Cripple Creek.

Cheyenne, Wyo., Sept. 10.—A gatling gun, of the Wyoming national guard was sent today by order of Adjutant-General Stitzer to Denver for use of the Colorado troops at Cripple Creek, which was requested by General Sherman Bell.

NON-UNION MINER KNOCKS DOWN UNION MAN.

Victor, Colo., Sept. 10.—C. G. Kenniston, president of the District Miners' union No. 1, was struck in the face and knocked down on a car today by a non-union miner on his way to work, after a heated argument between the two men. Kenniston drew his revolver but he was disarmed. No arrests were made.

AUTOMOBILE JUMPS 50 FEET THROUGH THE AIR.

Detroit, Mich., Sept. 10.—While Barney Oldfield's racing automobile was running nearly sixty miles an hour at the Grosse Pointe track yesterday in the ten mile open event, one of the front tires burned through and exploded, throwing the car into the fence and injuring Frank Shearer, a spectator, so terribly that he died in an ambulance en route to the hospital. The car went fifty feet through the air and Oldfield, who kept his seat, had a marvelous escape from death. He received several cuts about the body and had one rib broken. Two other high power machines, those driven by Harry Cunningham and Henry Page, the Parisian, came to grief because of the tires. Fortunately no one was hurt in either of these accidents.

YOUNG FARMER KILLS HIS FATHER-IN-LAW.

Waterloo Iowa, Sept. 10.—William A. Hoffman, a young farmer living near Maytown, last night killed his father-in-law, Dr. William Brandt, then rode home, told his wife what he had done, and said: "There are two other men I mean to kill before I kill myself." He then rode into the woods. A large posse is pursuing him and as he is heavily armed a desperate fight is expected when he is overtaken. It is supposed that Hoffman killed his father-in-law because the latter, who was wealthy, had refused to increase his weekly allowance.

MANY INJURED IN A BELGRADE RIOT.

Belgrade, Sept. 10.—A mob made a great demonstration last night against the newspapers which defended the officers recently arrested. The crowd was dispersed by the police. Many were slightly injured.

THEY KEPT THE CANNON

Survivor of the Battle of Valverde Says Texans Did Not Bury Captured Guns.

The New Mexican, in one of the recent reminiscences of the "Old Timer," told of the battle of Valverde and the subsequent skirmishes that followed with the Texans in this Territory. There it was stated that the Texans after their evacuation of Santa Fe and retreat down the Rio Grande, had abandoned the captured cannon and had buried them in the mountains. A letter has been received by D. L. Miller, superintendent of the capitol grounds and buildings, and is self-explanatory. It was written by Rev. John T. Poe, who now lives in Longview, Tex., and who was a first sergeant in the Fourth Texas volunteers. The letter is as follows:

"Thanks for the paper. In the account of our doings up there it is said that our forces buried the captured cannon in their retreat through the mountains. This is not true. Our forces brought them through to Texas, and they were with us in many a fight in Texas and Louisiana and were still ours at the close of the war. I do not know where the Valverde battery is now. We always called it the Valverde battery.

"You might have these facts published and put an end to speculation."

SANTA FE TO SIDE TRACK IMPROVEMENTS.

Topeka, Kan., Sept. 10.—J. W. Kendrick, third vice-president of the Santa Fe, while passing through here yesterday said that the boiler-makers who struck at La Junta would not be taken back.

Mr. Kendrick also announced that the contemplated improvement on the Santa Fe would not be carried out this year. This is on account of the policy of retrenchment in expenses which has been adopted by the management.

AMERICAN GUNBOAT SEIZES BORNEO ISLANDS.

London, Sept. 10.—The British foreign office is said to have made representations at Washington anent the seizure of two or three islands off the northeast coast of Borneo by the United States gunboat Queros.

The Queros is said to have lately seized the islands at Darvel Bay which have been under British administration for 25 years.

FALLING WALLS KILL A MAN AND INJURE OTHERS.

Nashville, Tenn., Sept. 10.—Falling walls at a fire today which started in the wholesale grocery house of Coleman, Tompkins & Co., and spread to adjoining buildings, killed Dr. William H. Smith and seriously injured several others, including Assistant Chief Joseph Weaver and Captain Robert Burke. The property loss is \$125,000.

IDAHO MINERS FEAR AN EARTHQUAKE.

Gem, Idaho Sept. 10.—All the miners at the Frisco mine, one of the leading producers of the Coeur d'Alene district, walked out today, saying they were afraid to work in the mine because of explosions and earthquakes. Mining engineers say the explosions are caused by cracking rock and are not dangerous.

SOLDIER SHOTS ALLEGED THIEF IN THE GROUND.

Pittsburg, Pa., Sept. 10.—William Crowley was shot in the groin today by a soldier at the United States arsenal. It is alleged that Crowley was stealing copper from the barracks roof when he was shot and commandant refused to surrender the soldier to the police.

CLAIMS POPE'S DEATH WAS CAUSED BY CANCER.

Rome, Sept. 10.—Professor Cardarelli, an eminent physician who is a member of the senate, publishes a long article to demonstrate that Pope Leo XIII died of tuberculosis cancer or hydrothorax instead of pleurisy as was declared by his physicians.

NEW YORK FUSIONISTS ENDORSE MAYOR LOW.

New York, Sept. 10.—At the fusion conference last night the name of Seth Low was endorsed as the candidate for mayor to be presented at the fusionist convention by all the bodies affiliated with the fusion movement except the Greater New York Democracy and Kings County Democracy.

MANY MINERS LEAVE THE TELLURIDE DISTRICT.

Telluride, Colo., Sept. 10.—About 650 miners have left this camp since the beginning of the strike, the majority going to the western states. The Caribou, Ophir, Consolidated and Butterfield-Terrill mines are still operating.

Congressman Fowler Confers With Chicago Bankers on New Currency Measure.

SURPASSES RHODESIA

Recently Discovered Gold Fields in Mexico Claimed to Be Unusually Rich.

Chicago, Sept. 10.—Congressman Charles N. Fowler, chairman of the house committee on banking and currency, is in Chicago to confer with bankers on the details of the financial bill he is to introduce at the extra session of congress. Fowler's bill will include three leading features. The first provides for the retirement of the greenbacks or for their impounding through the stipulation that banks be compelled to hold 40 per cent of their cash reserves in United States notes. The second feature is for the depositing of all public money in banks, the government to get 2 per cent interest and be secured by first lien on bank assets. The third feature will be a provision for "asset" or "credit" currency. The national banks will be permitted to put out such currency by depositing in the United States treasury gold, or government bonds equal to 5 per cent of the amount put out.

Mexican Gold Fields

Mexico City, Sept. 10.—Experts who are familiar with the South African gold fields and who have visited the recently discovered gold fields in the districts of Mexico and Michoacan, assert, after a careful examination that Mexico will soon be one of the greatest producers of gold in the world. The El Oro camp is pronounced superior to Rhodesia in every way.

TRYING TO STOP ABUSES IN THE ARMY.

Berlin, Sept. 10.—There have been eighty convictions of sergeants for the abuse of privates during the last three months. The administration of the army is making the most determined efforts to stop these brutalities.

OFFICIAL MATTERS.

Delegate to Irrigation Congress.

Governor Otero today appointed R. E. Twitchell of Las Vegas to be a delegate from New Mexico to the National Irrigation congress to be held at Ogden, Utah, September 15 to 18. Mr. Twitchell was appointed to fill a vacancy.

Assessment Rolls Received.

The following assessment rolls for 1903 have so far been received at the office of the Territorial auditor: Colfax, Roosevelt, Chaves, Santa Fe, Mora, San Miguel, Bernalillo, Lincoln, Socorro, Otero, Eddy and Dona Ana Counties.

For the Rio Grande Improvement.

At the meeting of the Territorial land board the selection of about 16,000 acres of land from the donation for the improvement of the Rio Grande and reservoir sites was ordered. There were no selections for territorial institutions as these lands were all selected some time ago.

Taxes for 1903.

The first of the taxes of the Territory for the year 1903 to be turned over to Territorial Treasurer Vaughn, is that amount collected by Col. George W. Knaebel of this city and the sum of \$4.84 was paid over to the Territorial treasurer yesterday. Taxes amounting to \$129.89 for the year 1902 were also turned over by the collector and ex-officio treasurer of Santa Fe County.

From Ramon Sanchez, collector and ex-officio treasurer of Taos County, the sum of \$137.38, taxes for 1902, has been received.

ADVERTISING SUMMOUNT.

Management Sends 50 Copies New Mexican Review to Eastern People.

The management of the Sunmount Tent City has subscribed for fifty copies of the New Mexican Review which is published weekly and which contains a general review of the most important matter that appears through the week in the Daily New Mexican.

These copies will be mailed to the physicians, medical institutions and state secretaries of the Y. M. C. A. throughout the east, middle west and northern states.

The first daily issue calling the attention of the parties addressed will go into the mail today, and asking that in case the paper does not reach them regularly, to communicate such fact to Gibson & Mitchell of this city, as they are on the mailing list.

LOST BEYOND REDEMPTION.

The Ohio Democrats must be in a ridiculous condition when they can not approve of a candidate for United States Senator without submitting their action to Col. W. J. Bryan and he, modest man as he is, approves or disapproves as it suits him. In pursuance of his high prerogative he recently gave his solemn approval of the selection of Hon. John H. Clarke by the Ohio Democracy as a candidate for United States Senator to succeed Hon. M. A. Hanna. In doing so he gave as his reason for such approval that Mr. Clarke accepted the Kansas City platform with the exception of only one plank. From the airy manner in which he gives his approval one would think it was a plank of little or no importance—that it was so insignificant as to be repudiated without loss of standing in the fragment of the Democratic party now commanded by Mr. Bryan. But was it? If it was, then Bryan has been acting the part of a dishonest hypocrite for eight or ten years, for the plank which Mr. Clarke repudiated was the sacred ratio of 16 to 1, for the advocacy of which Mr. Bryan led the Democrats twice to disastrous defeat. But perhaps Mr. Clarke simply ignored that plank and voted for its great apostle and martyr. But no, not even that excuse can be found for Bryan's most extraordinary approval of Mr. Clarke! That there may be no misunderstanding, here is part of what Mr. Clarke really did say.

In a speech at Youngstown, Ohio, Nov. 7, 1896 Mr. Clarke said of the Bryan silver platform:

"It means the absolute breaking of all honest ties between man and man. It means dishonesty and repudiation. Never shall I vote to do this thing. It is not Democracy. It is repudiation."

Discussing the free coinage of silver in the same speech, Mr. Clarke said:

"The evil of free coinage is sure and certain. That is why I left the Chicago platform. If all the dreams of the advocates of free silver were true, they would do more harm in two years than could be repaired in twenty. I believe in smashing trusts, but I believe this year we ought all to vote to smash the most gigantic and the most impudently infamous trust—the silver trust; for the disaster that will follow the election of the candidate of the Chicago platform will fall equally upon the poor and the rich."

There is no equivocation or duplicity in this language—no man could speak plainer. Now, if, as Mr. Clarke says, Bryan's free-silver platform "means dishonesty and repudiation" (and it surely does) then it logically follows that its author must be a dishonest repudiator. But Mr. Clarke went farther than that, for in 1896 he said: "I shall vote for Palmer and Buckner" and when he was asked in the meeting in which he made that declaration if he would vote for McKinley; his reply was, "McKinley will not need my vote to carry Ohio, but were we living in a close state I would vote for him." For much less than this Hill and Gorman were read out of the Bryanite party and Cleveland was denounced as a bunco-steerer. But what has Clarke done to be thus received back among the elect? Has he confessed his sin and done penance therefor? By no manner of means, for at Napoleon, Ohio, a week ago he said: "I have nothing to retract and nothing to apologize for; the silver question is a relic of the past and I have always been in favor of sound money." And after this defiant renouncement of Bryan and Bryanism, within twenty-four hours he was received with open arms and welcomed into full fellowship in the free-silver party by Bryan himself. Here we have the sage of the Platte engaged in the hazardous task of driving the balky team of Free-Silver and Gold-Democrat—how he will come out at the end of the race is not difficult to guess. For repudiating 16 to 1 Cleveland is denounced as a bunco-steerer and for doing the same thing, but in more forcible language, Clarke is chosen by Bryan as his candidate for United States senator. Poor Clarke! His chances for election were slim enough without Bryan's support, but with it he is lost beyond redemption.

The editors of New Mexico are doing great work in the up-building of this Territory and their efforts should be better appreciated by all concerned.

Railway mail service should be established on the Santa Fe Central railway and that as speedily as possible. The best interests of the people along the line demand this.

There is one amusing thing about Colonel Bryan and that is that despite all the Cleveland reorganizers can do to the contrary, he will not stay politically dead.

Judging by newspaper comments the American missionary society would do well to send fewer missionaries to Turkey and more to Newport and other Atlantic sea coast resorts.

Abdul Hamid does not take kindly to the naval spectacles now being prepared for him by the European powers and by Uncle Sam. He is afraid he will have to foot the bills.

Some of the New Mexico Territorial educational institutions are very well conducted and others are no. One of the best in that line, however, is the New Mexico Military Institute at Roswell.

A correspondent desires to know what C. Oliver Eselin does between yacht races. Ask something easy. One never can tell what a fool of the stamp of C. Oliver Eselin will or may do. There is no prophesying a fool's actions.

Constant Reader: Yes, there is a decided difference between those who work for the government and those who work the government. At the same time it must be admitted that in New Mexico there are a few fortunate individuals who do both.

Some of the good people of Kentucky are becoming alarmed at the free, and unlimited use of the pardoning power by Beckham, their boy governor. There is reason in this. What Kentucky needs is more imprisoned criminals and less pardoned convicts.

The New Mexican has strongly advocated statehood for about forty years, but will fight any proposition for a combined New Mexico and Arizona convention on the question of united statehood for the two territories this year.

Somebody by the name of John L. Webster of Nebraska, is being considered by his friends as very available for Republican vice-presidential timber next year. This is a free country and no limit for swelled heads is prescribed, provided they do not swell enough to discommode other people.

Business over the Santa Fe Central railway, both as to passengers and freight, is steadily on the increase. It is becoming demonstrated that the building and operation of the road is filling "a long felt want," as they used to say in newspapers twenty years ago.

The present Illinois governor, Richard Yates, who tried to use an express frank for his cows, is a candidate for renomination and re-election and asserts that "an old subscriber"; "Constant Reader"; "Citizen," and other influential Illinois citizens have urged his renomination in the newspapers. That is certainly strong backing and the Republicans of Illinois will do well to heed this overwhelming sentiment in Yates favor.

The loose leaf ledgers which are on sale at the New Mexican office, are rapidly growing in favor. It is the best patent that has been issued and the saving to the business man in not carrying a book of dead pages is considerable. For convenience and economy and for keeping the book up to the mark with live accounts only, the loose leaf ledger is the best arrangement yet issued.

The New Mexican Printing Company employs superior workmen in its several departments. Consequently it turns out superior work and should receive the patronage of those desiring "something above the ordinary," at simply a consistent rate for the character of the work turned out.

From one dozen to twenty copies of the New Mexican are sent out daily to enquiries and applicants concerning Santa Fe. This is the very best kind of advertisement and is bearing good fruit, as the large number of tourist and health-seekers in the city abundantly shows.

The latest faces of types for letter heads, circular envelopes and the like at the New Mexican printing office. Get your work done at that office and have it done well, quickly and at lowest possible prices.

Scratch Paper. Made from ledger, linen, flat and book papers at 10 cents per pound at the New Mexican. This is scrap paper put up in pads and is less than the paper originally cost. Only a limited supply.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

MINES AND MILLS

The Silver Monument at Fairview, Sierra County, has closed down temporarily.

Trails and roads have lately been broken to the Confidence mine at Fairview, Sierra County. A new boarding house, a bunkhouse, a blacksmith shed and other buildings have been erected. A new drilling machine will be given a trial on the mine next week.

The Santa Rita Copper Mining and Smelting company intends to resume work on the old Pinos Altos mines. These mines were originally worked by the Hearst estate but were closed down owing to the fact that no suitable treatment could be found. The Santa Rita company, however, believes that it has found the treatment that will reduce the ore profitably.

Last year's coal production of the world was about 920,000,000 tons, the United States producing 33 per cent; Great Britain 30 per cent and Germany 20 per cent. Of the production of 300,000,000 tons in the United States, New Mexico produced 1,359,530 tons.

Mica for electrical purposes must be free from oxides of iron and other foreign substances. The best for that purpose comes from India. Deposits in New Hampshire and North Carolina produce the bulk of the commercial mica.

In round numbers the value of the gold produced in the United States in the last calendar year was \$88,000,000. The number of ounces of silver mined in the same time was 67,000,000; of copper 300,000 long tons; of lead 268,000,000 tons; of zinc 160,000,000 tons. New Mexico in the same period produced \$450,000 worth of gold; \$150,000 worth of silver; \$1,000,000 worth of copper and \$100,000 worth of lead.

Land may be taken up for a mill site or as a mill site in connection with a lode claim, and held by use for purposes directly connected with mining even though it is not used as a mill site, the requirement being that it be used by the owner or locator for milling or mining uses. The five acres may thus be used as a boarding house site for those employed in the mine or for ore bins, etc.

It is difficult correctly to assure accuracy in the fire assay for lead. In the volumetric methods the ferro-cyanide and molybdate methods are considered quick and accurate. The ferro-cyanide is best performed with a 1 per cent solution of potassium ferro-cyanide. It is a necessary part of mining development in the long run that a United States patent be procured for the ground. It constitutes the only sure title, and in the case of a proposed sale the purchaser will consider the question of title next in importance only to the possible value and extent of the ore. True, it costs a good deal; costs more than it should, but it is of iron-clad potency and is a deterrent to litigation. In case of a stock company instances are not wanting where with every intent to be honest those in charge while spending considerable money in requisite development omitted to secure a patent, and when the money ran out and trouble came, the ground finally became subject to relocation, with the result that the innocent stockholders lost the property. It should be borne in mind that no matter if the ground has been steadily worked for twenty years, no matter how much in the way of improvements may be thereon, a failure to put a paltry \$100 worth of annual improvement during any of the required time may cause the ground to revert to the government under the letter of the law, and thus be subject to relocation.

WHAT IS LIFE?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular liver means derangement of the organs, resulting in constipation, headache and liver trouble. Dr. King's New Life Pills quickly readjusts this. It is gentle yet thorough. Only 25c at Fischer's.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 200 pages each or with both civil and criminal bound in one book, 80 pages civil and 200 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal 5.00.
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address NEW MEXICAN PRINTING CO.

GOLD IN THE BLACK HILLS.

The Burlington Route has recently issued a 48-page booklet bearing the title "Mines and Mining in the Black Hills."

The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

MONEY'S DIGEST.

The New Mexican Printing Company has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell same at the reduced price of \$6.50 delivered in any part of the territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of this book. This price is subject to withdrawal without notice, cash to accompany each order.

For a bilious attack take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by all druggists.

SPRAINS.

S. A. Read, Cisco, Texas, writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c., 50c., \$1. Sold by Fischer Drug Co.

Summer Tourist Rates to Colorado Points

On sale daily via the Santa Fe from June 5 to October 15, good for return passage until October 31, to Denver and return \$22.55. Pueblo and return \$17.55. Colorado Springs and return \$19.55. LAND SCRIP.

By the use of so-called land script, title can be obtained to government land without cultivation or residence thereon. All you need to do is to give description and show the land to be of the proper kind; we do the rest. By reason of the exhaustion of the supply which has been quite limited the price is advancing. We have a small amount yet on hand to sell, that is fully guaranteed. We also deal in real estate, loans and investments.

HUGO SEABERG, Springer, N. M.

Cheap Rates to New York.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, can be made for \$122.50. A more delightful trip cannot be planned as stop over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America," Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States. Further information can be secured by addressing W. S. Mead, C. R. Hudson, general passenger agent, or W. D. Murdock, assistant general passenger agent.

PERSONAL MENTION

R. L. Baca has returned from a visit to Albuquerque.

George W. Armijo returned last evening from a visit to Washington.

W. Beach of Las Vegas is in Santa Fe looking after Western Union matters.

H. N. Green, who represents a Boston shoe house, is in Santa Fe looking after the trade.

A. Frank of Espanola will spend the day in the Capital attending to business matters that demand his attention.

Judge H. L. Waldo, solicitor of the Santa Fe lines in New Mexico, is in the city on legal and financial business.

Chief Engineer A. G. Kennedy of the Santa Fe Central, returned this morning from a business trip to Estancia.

Traveling Auditor C. V. Safford has returned from a trip to Albuquerque and Las Vegas, where he was on official business.

Col. R. E. Twitchell, assistant attorney for the Santa Fe road at Las Vegas, was an arrival from the Meadow City last evening.

Miss Elizabeth Cross has left for Mesilla Park where she will enter the New Mexico College of Agriculture and Mechanic Arts.

A. J. Baca, editor of La Revista de Taos, and his daughter, Miss Tericita, are in town on a visit to relatives. Mr. Baca also has business to attend to here.

Charles F. Joyce of Roswell, is in the city in attendance on the United States court, having been summoned as a witness in one of the pending cases.

W. A. Bayer, chief clerk to Vice-President and General Manager W. S. Hopewell of the Santa Fe Central, returned this morning from a tour of the coal mines adjacent to that system.

William McKean, Esq., attorney-at-law and deputy United States surveyor with office at Taos, who has been in the city during the week on legal business left this morning for his home.

Dr. John A. Brinkley of Kansas City, who has been in Santa Fe for several weeks' past as a pneumatic patient, contemplates spending a few weeks at New Mexico's noted Sulphur Springs.

Among the San Juan County citizens who are in attendance upon the present term of the District court here, are: Ricardo Archuleta, a prominent Republican and sheep raiser of Largo; Eligio Vigil of Farmington, Enrique Manzanares and David E. Lovato of Largo.

General Freight and Passenger Agent B. W. Robbins of the Santa Fe Central returned to Santa Fe from Denver over the Denver & Rio Grande last evening. Mr. Robbins was accompanied by Mr. and Mrs. George F. Goerner. Mr. Goerner this morning entered upon his duties as stenographer for Mr. Robbins, and will make Santa Fe his future home.

E. E. McNatt, vice-president of the Pecos Valley Drug company at Roswell, is in town as a witness in a case before the United States District court here. Mr. McNatt says that Roswell is prospering and constantly increasing in population. The apple and peach crops this year in the Pecos valley are poor on account of the late season, but a very good yield of pears is now being gathered.

Mon. L. Bradford Prince left for the Prince orchard north of Espanola this morning. This year's peach crop on the orchard was a failure but very good crops of pears and plums are being gathered. These are disposed of partly in the towns of the San Luis valley on the Denver & Rio Grande railroad and partly shipped to Las Vegas. The winter apple crop in the Espanola valley promises to be good.

C. H. Dow, a merchant broker and one of the leading citizens of Duluth, Minn., "The Zenith City by the Unsalted Seas," arrived from his northern home with a view to examining into the prospects of Santa Fe as he will likely locate somewhere in New Mexico. In company with A. R. Gibson, Mr. Dow visited Sunmount and the Tent City today as well as other interesting points in and about Santa Fe.

Mrs. M. A. Otero and Miss Nina Otero will leave for Chicago Saturday or Sunday next. They will accompany Miss Anita Bergere as far as Chicago, thereafter the latter will go to the Mother House of the Sisters of Charity of St. Joseph at Mt. St. Clement near Cincinnati Ohio where she will resume her studies. Mrs. Otero and Miss Otero will remain a few days in Chicago, thence returning to this city.

A farewell reception was tendered last evening at the residence of Mrs. Eliza Call on Washington avenue to Mrs. Bessie Wise, who left this morning over the Denver & Rio Grande for Arroyo Hondo, where she will have charge of the Presbyterian mission school. The evening was devoted to vocal and instrumental music. The entertainers were Mrs. Bessie Wise, who sang a number of the latest songs, being her own accompanist on the piano, and C. C. Keyes, chief clerk to Superintendent J. H. Harris of the Santa Fe Central, and his son, Master George Keyes, who rendered a number of selections on the guitar

and mandolin. Master George also went through a grotesque cake walk. After the entertainment refreshments were served. Among those present were Dr. C. D. Seely and wife of Seabreeze, Fla., Dr. J. A. Brinkley of Kansas City, Superintendent J. H. Harris and James H. Nicholson of the Santa Fe Central; Mr. and Mrs. C. C. Keyes and their son, Master George Keyes, Mrs. Bessie Wise, Mrs. Eliza Call, and her daughter, Miss Genevieve Call.

The houses of A. B. Renehan, Esq., and Paul A. F. Walters are rapidly nearing completion, as is also the new dwelling of Dr. Popplewell. The last named is ready for the finish and the Walters' house is ready for the roof. The interior finishings of the Renehan house will be in California red wood. The Indian room, stairs and hallway will all be finished in this material.

The predictions are for generally fair weather tonight and Friday, except possible showers in the southern portion of the Territory, with warmer weather in the northern part. The maximum temperature yesterday was 75 degrees at 3 p. m., and the minimum was 54 degrees at 6 a. m. The temperature at 6 o'clock this morning was 44 degrees.

A farm building consisting of five large and commodious rooms to be constructed of adobe with a cement roof will be built at Sunmount, work to commence tomorrow. Frederick Anall of Albuquerque is the contractor. The location is east of the Tent City at a convenient distance and hidden from view at Sunmount. A complete dairy will be established there and will supply the sojourners at the Tent City with fresh milk and cream daily. A poultry yard will be put in where several hundred chickens will be raised and kept for the use of Sunmount and for sale to Tent City residents. The farm building is expected to be completed within thirty days and will be immediately occupied by a competent man who will manage its affairs.

IMPOSSIBLE!

and then they'd have laughed

That's just what people would have said and done a few years ago if you had told them

That we are going to give away
Five Dozen Corsets ABSOLUTELY FREE.

And people to-day will exclaim, IMPOSSIBLE! when we say that we have a plan whereby we can give them SOMETHING FOR NOTHING.

But that's just what we CAN do
and what we ARE GOING TO DO.

To every lady who will bring to our Corset Department a purchaser for one F. C. or American Beauty Corset at the regular retail price of \$1.00 we will present the corset of the same make in any style or color absolutely FREE OF CHARGE.

This is a bona fide offer, made to introduce these goods, and will positively not be repeated.

SALE COMMENCES AUGUST 31ST, 1903, AT 10 A. M.,

And the offer will be withdrawn when the quantity named above has been given away.

SANTA FE, N. M.

J. P. VICTORY

Attorney at Law and Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
Money to loan upon real estate security on easy terms.

Something choice: First class properties on San Francisco street paying more than 8 per cent net on rentals. Have upon my books excellent fruit ranches in the Espanola valley, large and small ones, plenty of water.

Furnished rooms on Palace avenue.

IMPORTANT TO LIVERYMEN.—I can sell you the finest and best equipped livery stable in the Territory at two-thirds of its real value; includes fee of land and commodious brick barn, together with the good will of a flourishing business, 30 horses, busses, hacks, picnic wagon, buggies, and all the other vehicles that go to make up an up-to-date livery barn, and all practically new. Good excuse for sale. In a live and growing city. Write for particulars.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain a cosy home on Manhattan avenue, an adobe brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 60 by 265 feet.

I can show you a tract of land west of town, 40 acres, with two adobe houses, one with 4 rooms, the other 2; 15 acres in alfalfa; 800 fruit bearing trees; 2 wells; alfalfa sold for \$300 last season; very cheap.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, a greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

Examine a 23-acre tract east of the Wileland place, and then ask me its price; you will be surprised.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

On lower San Francisco St., east of the railroad track, I can sell you properties desirable for homes or business propositions; these will bear examination. I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian Church, which in a few years will be worth double the present asking price. About two blocks west of Guadalupe church, on De Vargas St., I can sell you three small homes.

OUTSIDE PROPERTY.
At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

MERCANTILE PROPOSITIONS.

To those desiring an investment in a good mercantile business located in a thriving town in Rio Arriba county I can suit them with the chance of their lives; general merchandise, large stock; store, two cottages, stables, and other buildings; large tract of land, with big orchard, producing the last season \$1,400; merchandise business pays from \$2,500 to \$3,000 a year and can be increased; fine fishing, boating and bathing; with horses, wagons, etc., 20 varieties of choice roses and other flowers in abundance; owner will allow prospective purchaser to thoroughly investigate before buying; good reason given for selling.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central, and an eight page daily; who says that the world don't move, and our city with it.

HOUSES TO RENT.

Several small houses, some adobe, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

Also the building corner of Water st. and D & R G railroad track lately used as a saw mill.

UNFURNISHED ROOMS.

I have 3 or 4 rooms, and stable, that I will rent, on De Vargas St., two blocks west of Guadalupe church.

PRESBYTERIAN WORK

Twenty-Five Schools Educating Nearly
Seventeen Hundred Pupils in
New Mexico

At the recent institute of the teachers of the Presbyterian mission schools held in this city there was some interesting facts concerning the great work that is being done in them brought to the attention of those who followed the proceedings. The schools are located in the various towns of New Mexico and Arizona and the whole work is under the general supervision of the Rev. Robert M. Craig, who is the synodical missionary as well as the superintendent of the Presbyterian mission schools of the two territories.

There were some interesting figures presented. In the Territory of New Mexico there are at present 25 schools with an attendance of 1,635 pupils and 40 teachers. In this Territory there are no schools for Indians, but at Tucson, Ariz., there is a boarding school for Indian children. At this institution there are 138 pupils and a corps of teachers numbering 17.

In New Mexico there are schools located at the following towns: Las Cruces, Socorro, Jarales, Los Lentes, Albuquerque, Pajarito, Santa Fe, Ranchos de Taos, Las Vegas, Raton, Ocate, Mora, Auga Negra, Taos, Arroyo Hondo, Arroyo Seco, Prado de Taos, Encanto, Los Truchas, Penasco, Chimayo, El Rito, Tremontina and Chaperito.

The report of the past year shows that the board of Home Missions of the Presbyterian Church had in New Mexico and Arizona 63 organized congregations in addition to these schools and a membership of 3,754, which have been largely added to during the year. There are in the Sunday schools nearly 6,000 pupils. The churches in the synods have raised during the year \$48,840, an increase of \$20,000 over the preceding year. The board of Home Missions in the support of this work in these two territories has spent more than \$80,000.

The following are the officers of the board of Home Missions of the Presbyterian Church:

Rev. D. Stuart Dodge, D. D., president; Rev. Chas. L. Thompson, D. D., secretary; Rev. John Dixon, D. D., assistant secretary; John Willis Baer, assistant secretary; Harvey C. Olin, treasurer; Rev. Geo. F. McAfee, D. D., superintendent of school work.

The officers of the woman's board of Home Missions are:

Mrs. Darwin R. James, president; Mrs. John F. Pingry, assistant secretary; Miss V. M. White, assistant secretary; Miss M. Josephine Petrie, young people's secretary; Miss S. F. Lincoln, treasurer; Mrs. D. E. Finks, editor Home Mission Monthly.

The principal offices of both organizations are located in New York City.

HAPPENINGS AT TAOS

Eighteen Indian Children to Enter the
Industrial School at
Santa Fe.

Taos, N. M., Sept. 10.—The greater part of Taos County was visited by a heavy rain early last Monday morning. In some sections of the county the storm was accompanied by hail. No special damage has been reported.

Last Monday eighteen Indian children from the Taos pueblo started for Santa Fe to enter the United States Industrial Indian school. This is the largest number ever sent out from the Taos pueblo. Last year only three girls were permitted to go and this year eight bright girls ranging from 7 to 12 years of age were sent and two more are promised. As usual there was some opposition to sending the children, especially the girls, and an all-night session of the council was held on Saturday at which it was finally decided which of the children should be sent. Much credit for securing this large number of Indian children is due to Superintendent Crandall and Mr. and Mrs. Dwire of the pueblo.

A. G. Muller, one of the merchants of Taos, has returned from a ten-days' business trip over the county.

W. J. Phillips of Hudson, N. Y., who has been visiting his son B. G. Phillips, the Indian painter, for the past two weeks, left for his eastern home Sunday last.

Mrs. John Dunn and little daughter are visiting relatives in Colfax County for a couple of weeks.

Among the Taos County contingent attending United States court at Santa Fe this week are W. L. McClure, Juan Santistevan, D. Montoya, David Velarde, Pedro Sanchez and Manuel Kahn.

Pooler & Mares are making quite extensive improvements in their Columbian Annex bar. When completed their place of business will be much more commodious and attractive than heretofore.

Ben Hayes, who has been prospecting for coal near town, has uncovered a very promising vein. Mr. Hayes will continue his development to determine the value of his discovery. Small seams of coal have been found at different times in this locality heretofore, but none of such promise as this latest find. The development of a large body of good coal here would work a revolution in this beautiful Taos County.

Call on the New Mexican Printing Company for engraved visiting cards.

GAMES WITH ANTONITO.

Santa Fe Centrals Will Have Two
Contests With Antonito Team.
At the meeting of the Santa Fe Central baseball team held at the Palace hotel last night, an organization was effected and E. C. Abbott, Esq., was chosen manager of the team. Charles C. Catron will captain the team temporarily.

There will be new life put into the organization and daily practice will be held on the St. Michael's college grounds. It is hoped that all the players will turn out each evening at 5 o'clock and the team will be made up of the best players. The Centrals will be a representative Santa Fe ball team.

Games with the Antonito team have been arranged, and the details alone are yet to be made. There will be two games played with the Antonito players and these will be on September 20 and 27. It has not been definitely decided where the first of these contests will take place, but there will be a return game played. The announcement of the games will be made within a few days. When the Antonito team plays in Santa Fe there will be a large excursion run from that town to this city.

U. S. DISTRICT COURT.

Judge Sustains Six Counts and Over-
rules Remainder.

In the United States court yesterday a demurrer to the indictment in the case of the United States vs. Pedro Sanchez was argued. The court sustained the demurrer to six counts of the indictment. Upon the remainder of the counts the demurrer was overruled. The case is on trial today, Judge John R. McFie presiding. A jury was secured, empaneled, sworn and the case is now on hearing.

WALLACE-VAN ARSDELL.

The wedding of Miss Sallie B. Van Arsdell and W. H. Wallace of Denver took place at the Presbyterian Church at 8:30 o'clock last night. The ceremony was performed by the Rev. W. Hayes Moore, pastor of the Presbyterian congregation of this city. The attendants were Miss Millie Palmer and W. L. Van Arsdell, a brother of the bride. There were quite a number of guests who witnessed the ceremony. Mr. and Mrs. Wallace will make this city their home.

TERRITORIAL PICKINGS

M'KINLEY COUNTY.

Joseph Fishlinger of Clarkville and Miss Josie Goenig of Gallup were married at the Catholic Church at Gallup by Rev. George J. Juillard.

Antonio Caloni of Gallup has been given the contract to erect a building on the Brown ranch, three miles west of Gallup. The building will be of stone and 38 by 15 feet.

A. Richter and August Metta of Gallup on Tuesday morning loaded 1,500 sheep for Cripple Creek, Colo., and will drive that many more across country to Durango from where they will be shipped.

EDDY COUNTY.

Pink eye is reported to have broken out among the cattle of the Pecos valley according to the Carlsbad Current.

James Moran of San Angelo, Tex., bought 2,600 head of wethers from the Miller interests at Carlsbad, paying \$2.25 straight.

D. M. Billings of Missoula, Mont., is at Carlsbad, looking for steers but as he offers only \$19 for twos and \$13 for ones he is looking in vain.

J. S. Stevens and J. O. Cameron last week sold a building lot at Carlsbad to W. A. Finlay for \$500, who will erect a residence thereon. The Colorado Springs Trust company sold a building lot to Mrs. M. E. Shelton and a lot to her son-in-law, William Dickinson. Mrs. Shelton will put up a nice home on her lot.

SIERRA COUNTY.

Lake Valley and surrounding country held a very enjoyable picnic at Silver Lake last week.

The first child born in Ready Pay gulch is a daughter of Mr. and Mrs. Oliver Parker who was born last Sunday.

Mrs. U. W. Eads died at Fairview of an overdose of morphine taken accidentally. She leaves a husband and five children.

H. A. Ringer is having a well bored 25 miles west of Rincon. The well is down 250 feet and will be sunk to a depth of 500 feet.

Deputy Sheriff J. W. Collier of Grant County came to Hillsboro last week with Henry Moore who is wanted in Sierra County on a charge of cattle larceny. He had been arrested near White Oaks and gave \$500 bond for his appearance before the grand jury.

Fairview reports a spook horseman who frequents a ranch in the valley. One can hear the clatter of the horse's hoofs and the creak of the saddle as the mysterious rider dismounts at the hitching post. He comes at any time of day or night and always dismounts at the hitching post and has never been known to pass by or to ride back.

The following have been engaged to teach school in Sierra County this year: Miss Cora Miller, principal, and Miss Mertie William assistant at Hillsboro; Miss Etta Ricketson, Lake Valley; Miss Edna Anderson, Tierra Blanca; Miss Pearl Parks, Faulkner; Miss Maud Anderson, Chloride; H. A. Wolford, Kingston; Amado Gonzales, Cuchillo.

DONA ANA COUNTY.

Mrs. L. L. Brown, a Las Cruces teacher, has been elected principal of the public schools at San Marcial.

Mr. and Mrs. John R. de Mier of Las Cruces have gone to Alamogordo where they will reside in the future.

Horton Moore, Esq., of Albuquerque, has decided to locate at Las Cruces and will go into a law partnership with A. B. Fall.

Las Cruces wants to build a spacious central school building to cost about \$20,000, at least that is what the Las Cruces Progress is advocating.

Mrs. William R. Ascarate died at Las Cruces last week after a very short illness. She was a granddaughter of Nestor Armijo and was married only about a year ago to Mr. Ascarate.

F. H. Bascom & Co. are building two cottages at Las Cruces for Mrs. E. A. Nabours, a three room addition to Prof. F. E. Lester's home at Mesilla Park; an addition to the store of Henry Stoes; and an addition to the residence occupied by Prof. C. T. Hagerty.

Las Cruces is excited over a ditch controversy. Several weeks ago the Las Cruces ditch had issued an injunction against the Mesilla ditch, asking for a more equal distribution of water at the point where the two ditches diverge. The matter was compromised by dividing the water, the Mesilla people using the water four days and the Las Cruces people three days. Now the Mesilla people want to abrogate the agreement and build their own ditch to the river. The Las Cruces people are opposed to this and would rather extend the present main ditch to Penasco rock and place the division point at some other place than at present.

FEARFUL ODDS AGAINST HIM
Bedridden alone and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies, "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50 cents. Guaranteed by Fischer Drug Co.

A BOY'S WILD RIDE FOR LIFE.

With family around expecting him to die, and a son riding for life 18 miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, Pneumonia, Bronchitis, Coughs, Colds, and Grip prove its matchless merit for all Throat and Lung Troubles. Guaranteed bottles 50c and \$1. Trial bottles free at Fischer Drug Co.

ABCESS.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world. ABCESES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. Sold by Fischer Drug Co.

A REMARKABLE RECORD

Chamberlain's Cough Remedy has a remarkable record. It has been in use for over thirty years, during which time many millions of bottles have been sold and used. It has long been the standard and main reliance in the treatment of croup in thousands of homes, yet during all this time no case has ever been reported to the manufacturers in which it failed to effect a cure. When given as soon as the child becomes hoarse or even as soon as the croupy cough appears, it will prevent the attack. It is pleasant to take, many children like it. It contains no opium or other harmful substance and may be given as confidentially to a baby as to an adult. For sale by all druggists.

AMERICAN BANKERS' ASSOCIATION.

San Francisco, Calif., Oct. 20-23, 1903.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

THE WEEKLY CROP BULLETIN

U. S. Department of Agriculture.

NEW MEXICO SECTION CLIMATE AND CROP SERVICE WEATHER BUREAU

In Co-Operation With the New Mexico Weather Service.

Santa Fe, N. M., Sept. 8, 1903.

The weather during the past week was characterized by warm days and cool nights, with scattered and generally insufficient showers. Over the northwestern quarter of the Territory the showers have been copious and frequent, and present conditions are quite good, with good prospects for fall and winter feed for stock. The rains have been infrequent and insufficient over other sections, there are many localities where grazing is scant and stock water dried up. All reports indicate that at present all kinds of stock are in very good condition, but in many places, and on the northeastern ranges in particular, water and grass are scarce, and as grass is curing rapidly under the influence of the dry, bright weather there may be a shortage of good fall and winter feed. Irrigation water is still generally sufficient, owing to rains about the headwaters of the streams, but in some localities the water is scarce for this season of the year, and good rains are badly needed to insure a continued supply. Corn is maturing rapidly; the crop will be usually very good on irrigated lands, but unirrigated fields are greatly dwarfed, and generally will be fit only for fodder. In the colder valleys of the northeast the crop will be short owing to the continued cold weather of the early spring. Third alfalfa is generally quite promising. Latest advices indicate that fruits in northern orchards are very irregular, but as a rule the quality will be exceptionally good.

The following remarks are extracted from the reports of correspondents:

Abiquiu—Henry Grant—Warm days with cool nights. The long continued drought was broken on the 30th by a cloudburst. Third alfalfa will soon be ready to cut. Cattle and sheep are in good condition.

Albert—H. M. Hanson—Hot, dry weather continues. One or two light showers but not enough to be of appreciable benefit. Grass is dry and crisp, and the season is now so far advanced that improvement can hardly be expected. All crops are light this year, and the supply of winter feed for stock is none too liberal. Stock generally in good condition. Highest temperature, 96; lowest, 58; rain, 0.33.

Andrews—A. S. Warren—Hot and dry; wells and springs drying up. Unless rain comes soon there will be much suffering.

Arabela—A. M. Richardson—Showery the past week but not enough to make outside stock water on the prairie. Vegetation, however, was revived, but the ground is so dry that does but little good. The season is now so late that the showers are of little benefit to the stock range as far as making grass is concerned. Highest temperature, 90; lowest, 56; rain, 0.70.

Folsom—Jackson Tabor—Local thunder showers in vicinity, but very little rain here. To the south and east the rains have been copious. Second growth of alfalfa promises a good yield, and with continued showers there will be good winter feed on the range. There is little fruit this season but what there is of good quality. Highest temperature, 90; lowest, 50; rain, 0.35.

Frutland—Cyril J. Collier—Showery with cool nights. Bartlett and Flemish Beauty pears and Crawford peaches on the market. Third alfalfa is knee high. Corn hardening and is a good crop. Range and pastures still fresh and good. Plenty of water in the river. Highest temperature, 98; lowest, 39; rain, trace.

Gallinas Springs—Jas. E. Whitmore—Dry here but showers in vicinity. Stock doing well although rain is needed to make surface water. Most of the unirrigated corn is being cut up for fodder as it will not make a crop. Highest temperature, 91; lowest, 55; rain, 0.04.

Glencoe—Annie E. and Wilbur F. Coe—Generally dry but with one good shower. Farmers are busy in the fields. Rain is badly needed, and unless it comes soon there is likely to be shortage of winter feed for stock. Stock now in good condition.

Laguna—Gus Weiss—Several good showers this week but more is needed. Stock is in prime condition; grass is good; springs running plenty.

La Luz—Ernest S. Swift—Hot and dry. Cloudburst in the mountains filled the ditch near the headgate and cut off our water supply.

Las Vegas—Wm. Curtiss Bailey—Conditions fair; no damaging agents excepting lack of sufficient rain. Highest temperature, 88; lowest, 48; rain, 0.13.

Las Vegas (Mora Road)—Leon J. Thornhill—Continued dry, with high winds the latter part of the week, and cold, cloudy nights. Corn crop will be very light in this part of the county.

Mesilla Park—R. H. Hart—Dry week, with hot days and cool nights. Third alfalfa coming on nicely. Peach

season about ended. Irrigation water is plentiful. Highest temperature, 97; lowest, 55; no rain.

Ojo Caliente—A. Joseph—Recent copious rains in this section have started the gramma grass, and good winter feed on the range is now assured. All standing crops look well. From present conditions this promises to be the best year for the farmers for ten years past.

Santa Fe—U. S. Weather Bureau—Light showers at station with some good rains in vicinity. Late peaches ripening; yield light but quality will be exceptionally good. Corn maturing rapidly; irrigated fields very good, but unirrigated very short. Irrigation water not sufficient for all needs. Highest temperature, 82; lowest, 51; rain, 0.26.

Watrous—M. C. Needham—Warm and dry; range conditions not good. Stock in prime condition but outside water holes are dried up. Second cut o. alfalfa not yet in stack. Irrigated fields of oats, corn and wheat are fair. Highest temperature, 87; lowest, 47; rain, none.

R. M. HARDINGE, Section Director.

EASILY PROVEN.

There is Not the Slightest Necessity for Leaving Santa Fe to Look For Proof.

The experience given below by this well-known citizen of Santa Fe is easily proven. The proof he offers for his convictions can safely be left with the reader. It is a difficult matter to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Santa Fe cannot ask for any better authority on this point than that given by

Hilario Sandoval, painter and paper hanger, San Francisco st., says: "Anyone engaged in my calling requires a good sound back and if that part of his anatomy gives out or is weak, lame and aching for six or seven months, he cannot perform the ordinary day's work without great discomfort. My backache never compelled me to stop work, but to say the least it was decidedly irksome when in the acute stage. Gradually as I continued the treatment with Doan's Kidney Pills procured at Ireland's drug store the aching ceased and in a comparatively short space of time totally disappeared."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

A Wagon's First Cost

is not all there is to it. There are plenty of low priced wagons (mighty dear in the end), that actually look well—at first. You can't see the paint-covered wood—pithy, "dead," the defective axle-wood, or foresee the shrinking, rattling, loosening of spokes, the tire setting and constant repairs, that will rise up to trouble you in time. All said and done, it pays to buy once for all a dependable wagon.

STUDEBAKER WAGONS

are that kind. That is a matter of common knowledge—testified to by every man who ever bought one. Built on honor by master mechanics out of selected and perfectly seasoned materials. Definite, sterling worth in each job of Vehicles and Harness, that result in longer and better service than you have a right to expect. You don't make mistakes if you pin your faith there.

Studebakers in Your Town.

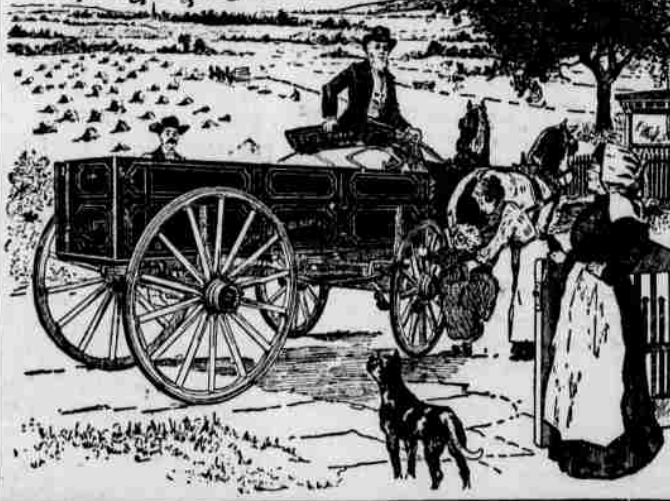

The undersigned are the local sales agents. We carry a generous stock, we'll order and quickly get anything you want. You see the goods and know what you are buying. We make our reputation on pleasing you. Always ready to show you. Give us a call.

GONE TO COLORADO.

New Mexico Scientist Accepts Position in Centennial State.

Prof. T. D. A. Cockrell, New Mexico's foremost scientist, recognized in biological circles as the leading authority in America on scale insects, has gone to Colorado Springs to accept a position in the biological department of the college there. The loss to New Mexico is great, as Professor Cockrell by his voluminous and exact writings did much to advance the interest of biological science in New Mexico and to bring New Mexico before the eyes of the scientific world. The gentleman's writings were printed in every European as well as American tongue and his opinions were quoted with authority in every scientific school of standing in the world.

TROTTING GELDING

BREAKS WORLD'S RECORD.

Syracuse, N. Y., Sept. 10.—The world's record for trotting geldings was broken by Major Delmar, its holder, in his effort against the New York state fair track record yesterday. He accomplished the distance in 2:01 1-2, clipping a second from his own mark and three quarters of a second from the former world's record established by Cresceus.

SOCORRO NEWS NOTES.

New Band Organized—Students Arriving—Business Picking Up.

Socorro, Sept. 10.—Prof. P. A. Marcellino has organized a military band of twenty-four instruments mostly young men and boys, representing some of the leading families of the city. The instruments arrived Saturday last and are fine. This gives our city two bands and music galore.

Some forty students have arrived during the past three days to attend school here, also several families. There is not a vacant house left in town.

Marcellino, Lyes and Leeson are placing the largest and finest peaches on the market. They have no superior on the American continent for size, flavor and looks.

A lively game of baseball was played Sunday last here between the San Pedro Black Diamond team and the Socorro Reds. But it was soon seen that the San Pedro team had its own way. The Socorro boys will have to practice up.

The insurance companies ought to send a good detective here. He would have a soft snap in locating the fire bugs. Our citizens are very anxious to have this game stopped.

Business has improved very much the past ten days and merchants look forward to a good fall and winter trade.

Good showers are falling daily in various sections of the county, the range looks splendid and stock is getting fat.

The woman, Cristobala Lucero, who was taken by Sheriff Leandro Baca before Judge Baker at Albuquerque, was adjudged insane and was committed to the insane asylum at Las Vegas.

The New Mexican bindery has just turned out a new and large supply of superior scratch pads. These are sold at 10 cents per pound and are handy for memoranda and calculations for an office.

Engraved visiting cards with or without plate furnished by the New Mexican Printing Company.

U. S. Weather Bureau Notes.

Forecast for New Mexico: Generally fair tonight and Friday; except possibly showers in south portion; warmer weather in north portion.

Yesterday the thermometer registered as follows: Maximum temperature, 75 degrees, at 3:00 p. m.; minimum, 54 degrees, at 6:00 a. m. The mean temperature for the 24 hours was 64 degrees. Mean daily humidity, 18 per cent. Precipitation, a trace. Temperature at 6:00 a. m. today, 44 degrees.
