## ESCAPE OF CHURCHILL.

How the Young Englishman Escaped From Boers.

Failure of Another Big Firm of Boston Brokers.

Report of the Priglitful Condition of the Prisons in Cuba.

WANTS DEMOCRATIC CONVENTION.

London, Dec. 27.—Winston Spencer Churchill has escaped from captivity on account of his escape from the Boers, after having been made prisoner at Mafeking. He says: "I left the state schools prison in Pretoria by climbing the wall when the sentries' backs were turned momentarily. I got through the pickets, town guards and struck the Delagoa Bay railroad. I walked along it, evading the watchmen of the bridges and culverts and waited for a train beyond the first station."

A goods train from Pretoria arrived before I reached the place and I was walking at full speed. I boarded it with great difficulty and hid under coal sacks. I jumped from the train before dawn and was sheltered during the day in a small wood. I walked on at dusk. There were no more trains that night. Danger of meeting with guards continued but I was obliged to follow the railroad, as I had no compass or map. I had to make wide detours to avoid bridges and stations and huts and so my progress was very slow. The outlook was gloomy but I persevered with God's help. For five days my food supply was very precarious. I was lying up by day, light and walking by night. Meanwhile my escape had been discovered and my description was telegraphed everywhere. All trains were searched and every eye was on the watch for me. Four times the wrong people were arrested. The sixth day I managed to board a train beyond Middleburg, whence there was direct service to Delagoa Bay."

WANTS DEMOCRATIC CONVENTION.

London, Dec. 27.—Winston Churchill arrived here late last night and left for Durban by the steamer Induna.

ANOTHER BOSTON FAILURE.

Big Firm of Brokers Went Broke on Mining Shares.

Boston, Dec. 27.—Edward C. Hodges & Co., bankers and brokers, suspended business today. The firm is one of the largest in the city. It had been practically bankrupt for some time. The firm is a member of the Boston and New York stock exchanges and Chicago board of trade.

Mr. Hodges said today that the trouble was caused by the refusal of the Boston banks to give the firm credit on United States mining shares. "We have five thousand shares of that stock on hand," said Mr. Hodges, "and when the banks refused to accept it as collateral there was no course for us but to protect our creditors." G. C. Dickson, of Dickson & Knowles, has been named as assignee. Those interested say that no statement of assets and liabilities can be made to day. The firm was composed of Edward C. Hodges, E. F. Lowrey and Frederick Smith.

Want Convention.

Cincinnati, Dec. 27.—Active business men are making every effort to secure the location of the democratic national convention in this city. The competing cities will be Kansas City, Chicago, Milwaukee and New York.

Priglitful Condition of Prisons.

New York, Dec. 27.—Charles T. Lewis, president of the New York Prison association, who went to Cuba on behalf of the state and other organizations in the United States, has made a sensational report to the secretary of war in regard to the conditions of the Cuban prisons. He contends that the government is responsible, and says that a truthful description of the prisons "would arouse universal indignation which would probably be misdirected."

No Instructions Received.

London, Dec. 27.—Inquiries made today show that American Ambassador Joseph H. Choate has not yet received instructions from Washington regarding the seizure of cargoes of American flour by the British war ships at Delagoa Bay.

Resolutions Passed.

The Silver City council at a recent meeting framed a set of resolutions upon the death of Lieutenant Max Luna, the young man who was drowned while crossing a stream in the "Hillside" islands, and the members of the council

ent the resolutions to L. L. Gatewood, assistant cashier in the "Economist" for the finishing touches. Mr. Gatewood, who has enjoyed a national reputation as an expert pen and brush artist, completed his work and the product of his labors are on exhibition in the window of the "Economist" store. The design embraces the portrait of Lieut. Luna with appropriate pen sketches on each side—on an imagination charge and the other the hills at the entrance of Santiago harbor. The design and writing is a fitting tribute and memento for the family, and the people of Silver City are deserving of much credit for the interest they have shown.

Court Matters.

In the case of the Whitney Co. vs. the city of Albuquerque, the court rendered judgment in favor of the city, setting aside the order of injunction heretofore granted against the city engineer. This was the suit wherein the plaintiff sought to have declared illegal an ordinance of the city regarding plumbing inspection. The district attorney has commenced suit for taxes in the name of the city against all persons and property advertised in the delinquent tax list. He had filed a motion for a judgment.

FOURTEENTH ANNUAL MEETING.

Of the Educational Society at Santa Fe Today.

The fourteenth annual meeting of the Educational association of New Mexico met in Santa Fe today and will continue for three days. Prof. Hiram Hadley, of Los Cruces, formerly with the University of New Mexico and the Agricultural college; Prof. C. M. Light, of Silver City; Prof. Cook, of Socorro, and President F. W. Sanborn, of the Agricultural college, passed up the road for Santa Fe this morning.

The following local teachers were also passengers to Santa Fe this morning: Prof. E. K. Hodgins, of the University; Prof. M. K. Hickey, superintendent of the city public schools; Miss Catherine Fields, of the University; Mrs. M. J. Travesse, the latter from the local government Indian school.

Professors C. L. Herriek and James H. Paxton, of the University, will leave for Santa Fe tonight.

Prof. D. M. Richards, who is the competent superintendent of the Gallup public schools, left yesterday for the territorial capital on their bicycle wheels.

Finest costumes for mask ball only cost from one to three dollars. Call on Mrs. Oaks at once.

MONEY TO LOAN.

On diamonds, watches, etc., or any good security; also on household goods stored up; strictly confidential. Highest cash prices paid for gold and silver. T. A. WATKINS, 114 Gold avenue.

F. H. Stanwood, W. C. Young, J. F. and J. M. Low, four young gentlemen who have been sojourning in Colorado the past few years, arrived in the city at noon today in a covered wagon drawn by four horses. They are out for pleasure and prospecting, and after remaining here a few days will continue overland to southern California. They left for the trip on Monday, Nov. 28.

A double team from the Indian school came to town early this morning in charge of several boys, and when returning, the horses became frightened at some object on north Fourth street, and ran away. The driver in some manner was thrown out, and badly bruised about the head and hands. Dr. Bishop was nearby, took the boy out to the school and attended his bruises. No other damage was done.

Miss Carrie Neher, who came here from Santa Fe, where she has been attending school, to spend the holidays with her father, is now sick in bed with typhoid fever. The young lady is likely to remain a patient here for several weeks.

Capt. Kinnam, who has been officiating at Zeller's Cafe the past year, was a visitor to Bland this morning. Bob Appleton and Ben Botsie state that the captain will purchase the Cochiti mining district before he returns to the city.

The ladies of the Library association will give a reception and tea New Year's day at the library rooms. A small admittance fee will be charged and it is hoped there will be a large attendance of friends of the library.

B. A. Storer, the insurance agent who was called to Benito to adjust some fire losses for the National Fire Insurance company, has returned to the city.

Capt. W. Alex. Sutherland, of the Goss Military Institute, who was at Los Cruces in attendance on the foot ball game returned to this city this morning.

B. M. and P. J. Armijo, sons of Postmaster Armijo, left this morning for Benito to spend a few days with relatives.

## ARMY OFFICERS.

Several Deserving Veterans to Be Promoted in Rank.

Lawton Fund Now Aggregates the Sum of \$31,404.

Remains of Sailors of the Maine Arrive at Washington.

DESTRUCTIVE FIRE IN INDIANA.

Washington, Dec. 27.—General Gilbert S. Carpenter, recently promoted brigadier general in the regular army, has been placed on the retired list on his own application after thirty years of active service. His last service was in command of the Eighteenth Infantry in the Philippines. He has been detached from further service in the field and ordered home. His retirement was recommended by the War Department. The park committee failed to make their report upon the proposition made by the Terrace addition company, and the council allowed them no time. A special committee consisting of Aldermen Kike, Burkhardt and Leonard, was appointed to examine the bids of Kike & Leonard for the construction of crosswalks.

The street committee was granted more time in which to investigate the three questions.

Hayden & McClure's bid to build sidewalks on Washington avenue and east of the railroad tracks for 30 1/2 cents a foot, was accepted, provided that the bid meant linear feet.

LANDING IN JAIL.

Couple of Thieves who Await the Action of the Grand Jury.

The tailorshop of Mr. Richter's, at Gallup, seems to have been an easy mark during the past few days for the thieves. In the absence of the proprietor for a few minutes an Indian walked in and picked up four pairs of trousers and a suit of clothes. He fled, but was captured in a short time by Marshal W. A. Smith, when it was discovered that the Indian was wearing a pair of trousers which were stolen from the shop two nights before. In default of \$200 bond the Indian was sent to the county jail to await the action of the grand jury. And again, on Christmas night, Mr. Richter's shop was relieved of about \$220 worth of clothing. One of the thieves was arrested in a saloon yesterday, and it was found he had in his possession one of the coats which was stolen. Bond was fixed at \$500, and being unable to pay, the thief was sent to jail. The thieves were handcuffed and Marshal Smith came to Albuquerque last night and delivered the culprits over to the sheriff.

CATHOLIC FAIR.

The Fair Association at Gallup Notes a Net Little Sum.

The Catholic fair, which was held in Gallup during the past few days, was a success in a financial and social manner. Father Julliard was in charge and was ably assisted by Mrs. McGuire, as president, Mesdames Weaver, Casades, George, Kell, Ortiz, and others. A. M. J. of Albuquerque, Ortiz, Bolton, Ward, Quinn, Kromy and others. In the voting contest for the most popular person \$630 was realized, and John Pitts, engineer at the Gibson, was awarded the prize, it being a horse and buggy. A diamond pin was awarded to Miss Katie McGuire for being the most popular young lady. At this contest \$735 was expended to determine the winner. Miss McGuire is the daughter of the regular superintendent of the Crescent Coal company. A doll contest netted a little over \$1,600 in less than three days. Each evening of the fair a dance was given and was well attended, in which a jolly good time was had by all.

AUCTION.

Thursday afternoon, at 1:30 sharp, I will positively sell at public auction fifteen of the finest Jersey and Holstein cows ever brought to the territory. These cows were brought here from Missouri by D. M. McCutcheon, a well known stock breeder. His instructions are to sell without reserve. Sale will take place at Trimble's Red barn on Fourth avenue. Cows will all be fresh in from five to thirty days. Any one wishing to inspect them will call on Mr. McCutcheon or myself at Trimble's stable.

H. S. KNIGHT, Auctioneer.

The annual meeting of the Woman's Missionary society of the Congregational church will be held at the residence of Mrs. Karl A. Snyder on Thursday afternoon, December 28, at 3 o'clock.

Just look at these Medallions, each one a study, perfect reproductions of the master's stroke; just as valuable as the original from an artistic standpoint, and yet the price is almost nothing.

Dolls: "What a lot, and what pretty faces." And you know we can tell the manufacturer by the face as readily as you would tell one person from another. Note those joints, almost unbreakable.

"Toys that educate as well as amuse, why Santa Claus would have no trouble here."

"Mr. Newcomer, that Fountain Pen is PERFECT, I would not take double its cost."

"Not how cheap, but how good." If you have not tried our candles there is a treat in store for you.

Kind reader, call and be convinced, our stock you must see to appreciate.
