NEW MEXICO IRRIGATION CONVENTION

The Resolutions Adopted Call for Statehood for This Territory and Vigorously Oppose the Iniquitous Stephens Bill.

At the irrigation convention yesterday at Albuquerque, a resolution was introduced by Hon. T. B. Catron in memory of Colonel Marcus Brunswick of Las Vegas. The resolution was adopted by a rising vote. Papers were read from Colonel George W. Knaebel of Santa Fe; and by Professor J. J. Vernon of the College of Agriculture and Mechanic Arts at Mesilla Park. Addresses were delivered by ex-Governor L. B. Prince and by Dr. Nathan C. Boyd.

The following is the report of the committee on resolutions, which was adopted:

"We, the representatives of the people of New Mexico, in convention assembled at Albuquerque, New Mexico, on this 13th day of October, 1903, under a call duly made by the Governor of the Territory at the suggestion of the irrigation commission of the Territory, do hereby adopt the following resolutions:

"Resolved, That the thanks of this convention and of the people of New Mexico are due and are hereby tendered to the Honorable James Wilson, secretary of agriculture of the United States, Honorable E. A. Hitchcock, secretary of the interior, Charles B. Walcott, director of the geological survey, and F. H. Newell, chief engineer of the reclamation service, for their kindness in sending representatives to deliver discourses to this convention upon the work of their departments, and through it to the people of New Mexico; and be it further

"Resolved, That the thanks of this convention and of the people of New Mexico be and they hereby are tendered to Professor S. Fortier and W. M. Reed, district engineer, New Mexico, reclamation service, for the very able papers read by them before the convention, and for the many suggestions made by them for the benefit of the irrigation and agricultural interests of the Territory.

"Resolved, That our thanks are hereby extended to the reclamation service for the work already begun in this Territory, and we respectfully request that such work may actively continue to the end that we may derive practical results from actual construction, believing as we do that our Territory is an inviting field for the construction of reservoirs and the conservation of water for irrigation purposes as contemplated by the reclamation act of Congress passed June 17, 1902.

"Resolved, That in view of the great necessity in this Territory for more accurate information regarding the use of water for irrigation, we hereby heartily endorse the irrigation investigations carried on under the department of agriculture, and we urge an increased Congressional appropriation for the extension of the work. We heartily favor and respectfully urge a direct appropriation by an act of our Legislature to enable the irrigation commission of the Territory to carry out properly the objects for which such commission has been appointed.

"Resolved, That we are unalterably opposed to the enactment of the so-called Stephens Bill by the Congress of the United States, which will cripple and paralyze agricultural industry in this Territory by preventing the storage of water in reservoirs in New Mexico from streams therein, unless the contemplated international dam shall be first filled with water from such streams.

"Resolved, That it is the sense of this convention that New Mexico's irrigation interests will be best promoted under a state government, and we, therefore, respectfully urge upon the Fifty-eighth Congress to pass an enabling act for the admission of New Mexico as a state at the earliest date possible.

"Resolved, That the thanks of this convention be and the same hereby are tendered to each and every person who has assisted in conducting the affairs of this convention; and to those who have prepared papers and delivered addresses before this convention from which New Mexico will derive much benefit.

The following are the permanent officers of the convention as announced in the New Mexican on Tuesday: President, Hon. Thomas B. Catron of Santa Fe; first vice-president, Ex-Governor L. B. Prince of Santa Fe; second vice-president, F. G. Tracey, of Eddy county; third vice-president, Professor Luther Foster of Mesilla Park; secretary E. C. Wade of Las Cruces; treasurer, Hon. Jefferson Reynolds of Las Vegas; Colonel W. H. H. Llewellyn of Las Cruces, ex-Governor L. B. Prince of Santa Fe, and F. G. Tracey of Carlsbad.

TOM HUBBELL IN A SCRAP

Deputy United States Marshal Wiley and He Have a Bloody Set-to.

The Albuquerque Citizen of last evening reports a bloody fight between Sheriff Thomas S. Hubbell of Bernalillo county, and Deputy United States Marshal Wiley. The fight took place at Albuquerque on Wednesday evening. This is the Citizen's account of the matter:

"Sheriff Thomas S. Hubbell and Deputy United States Marshal John Wiley got into an altercation last night, and the sheriff, so it is reported by eye-witnesses, used his revolver and knife. The row was over a bet at the fair grounds, and at the grounds yesterday the sheriff struck Wiley. Meeting last night the fuss was renewed, whereupon Wiley struck the sheriff. The latter then drew his pistol and dealt Wiley two blows on the head, inflicting quite severe wounds. This was followed by several knife cuts, one about an inch long on the muscle of the left arm, and a slight gash in the left breast. Harry Cooper, the assistant city marshal, in attempting to separate the men, received a slight cut in the arm. The wounds on Wiley were dressed by a physician, and while they are not dangerous, they are considered quite serious."

NO VOTE TAKEN.

Report That America Wins in Alaskan Boundary Dispute Not Verified.

London, Oct. 16—The Associated Press has the highest authority for saying that the announcement made by the London Morning Advocate today, that the decision of the Alaskan boundary commission virtually concedes the American case, is entirely untrue. The commission thus far has reached no decision and no vote has been taken, even in private session, which would indicate Chief Justice Alverstone's position.

Confirming this statement the St. James Gazette this afternoon adds: "There is, however, increasing pessimism in Canadian circles."

ARIZONA GETS FIRST SHOW

Contracts Let For Government Irrigation Works Near Phoenix, Ariz.

A Washington dispatch says that the secretary of the interior yesterday authorized the letting of contracts for the construction of the works necessary to the building of the big dam in connection with the proposed irrigation reservoir near Phoenix, Ariz. These works consist of a cement plant, an electric power house, a steam power plant, a saw mill and a telephone system.

M'CAMMON DIES FROM HIS WOUND

His Murderer Still at Large.—Body Buried at Socorro, New Mexico.

Special to the New Mexican. Socorro, Oct. 15—William May McCammon, who was shot by Evar Wallace Saturday last, died from the gun shot wounds Tuesday evening. His remains were taken to Magdalena and shipped to Socorro. The funeral took place Wednesday afternoon at 3 o'clock. The wound which caused his death was in the bowels. Just before he died, he stated under oath that he did not know that Wallace was around until he shot him. Mrs. Mary McCammon and Mrs. McCammon tried to save McCammon and in so doing Mrs. Mary McCammon was shot in the arm, and Mrs. McCammon was badly burnt with powder. Evar Wallace has been in the employ of Mrs. Morley at her ranch for several years. He has not been apprehended yet. Sheriff Leandro Baca and his deputy, Lewis, are hunting for him. It is rumored that he will give himself up soon to the officers.

EMBEZZLEMENT CHARGED.

New York, Oct. 16—Alexander Hays, the superintendent of the foreign mail branch of the New York postoffice, was arrested today on the charge of embezzling letters from the mails. He was sent to jail in default of bail. He had been with the postal service for twenty-nine years.

WHOLE TOWN MAY NOW GO

Fierce Flames Threaten Aberdeen, Washington, With Destruction.

FOUR LIVES ARE LOST

The Business Section of the Place Has Been Reduced to Ashes, and Fire Attacks Resident Portion.

Portland, Oct. 16—It is now reported here that fifteen blocks of the business portion of the town of Aberdeen, Wash., have been destroyed by the fire which has now reached the residence portion.

Aberdeen is situated on Gray's Harbor and has 5,000 inhabitants. The chief industry is lumbering.

Another report says that the fire broke out at 8:30 o'clock and at 12 o'clock three of the principal business blocks had been destroyed, including the opera house, hotel, two banks and one hundred business houses.

The fire was spreading at that hour to the residence portion.

TROLLEY CAR WRECK.

An Electric Car Thrown From the Track in the Busiest Part of New York.

New York, Oct. 16—Crowded with passengers a cross town trolley car on Twenty-third street was wrecked by a peculiar accident. A channel cover had become loosened at Sixth avenue and was raised enough to throw the car from the track. Passengers were hurled about in great confusion and a score were severely cut and bruised. One man had his throat almost cut by pieces of flying glass.

GERMANY IS SURE OF PEACE

Berlin Officials Think Trouble is Ended—What Russia Plans for New Chwang.

Berlin, Oct. 16—Rear Admiral Von Prittwitz sailed today on a passenger steamer for Shanghai where he will take command of the German East Asiatic squadron succeeding Rear Admiral Geisler. The announcement of this change of command was accompanied by an intimation from the navy department that the change would not have been made if war between Japan and Russia was probable.

What Russia Proposes. Cheo Foo, China, Oct. 16—The Russian administration of New Chwang, Manchuria, proposes to organize a municipal council with one American and two British members. Their decisions will be subject to the administrators' approval.

BLEW SAFE AND ESCAPED. Sioux City, Oct. 16—Robbers blew open the safe of the Linn Grove postoffice last night, and secured \$2,500 in money and stamps. The robbers escaped.

Couldn't Buy the Marshal. Woonsocket, S. D., Oct. 16—An attempt was made to rob the Citizens' National bank here last night. Four strangers arrived in the evening and one offered the city marshal \$200 if he would keep quiet saying they intended to rob the bank, steal a horse and drive to Washington Springs and rob a bank there. The officer arrested all four.

CRAZED BY THE THEATER.

A Fourteen Year Old Boy Commits a Horrible Murder and Suicide.

Springfield, Ohio, Oct. 16—Herbert Hall, a fourteen year old boy, returned home from the theater last night and drawing a revolver began shooting. He wounded his mother in the jaw and his sister's sweetheart, Charles Harley, in the face. He fired three shots at his sister but missed her and put a bullet in his own brain dying instantly. He had been ill with typhoid fever and it is supposed was mentally unbalanced although it is thought a tragic performance at the theater was the direct cause of the deed.

KENTUCKY MOB HANGS WHITE LAD'S SLAYER.

Wickliffe, Ky., Oct. 16—Tom Hall, alias Douglas, the negro charged with the shooting of Crockett Childress, a white boy last Sunday night at Kevil, was taken from the jail here early today by a mob and hanged to a tree.

EXPRESS IS ALL TIED UP

Pacific Company's Employees Go Out and Service Is Crippled

SUPPORT IS PROMISED

Trainmen, Says Secretary Hill, Will Refuse To Handle The Shipments.

Chicago, Oct. 16—The express service on the Wabash railway entering and leaving Chicago is tied up with a general strike of the employees of the Pacific Express company. Seven of the fifteen trains from St. Louis today arrived with no express messenger on board and no express parcels, but there is no interference with the baggage business thus far. Secretary Hill of the union, who is in Chicago, said that the Brotherhood of Railway Trainmen had pledged the strikers assistance and that the switchmen and freight hands and some conductors would refuse to handle goods of the Pacific Express company.

New Orleans Not Affected.

New Orleans, La., Oct. 16—In the absence of orders from the head officials of the Brotherhood, the employees of the Southern Express company continued to handle Pacific Express matter here today in spite of the strike declared by the employees of the Pacific Express company last night. In this city the men are handling Pacific and Southern Pacific express matter under contract with the Southern. The employees are on the pay roll of the Southern and are in every way considered employees of that corporation. It is said today that the express messengers here today would refuse to handle Pacific express matter.

ALBUQUERQUE AGAIN VICTOR

Wins Second Game From El Paso by a Score of Eight to Seven.

Albuquerque, Oct. 16—El Paso and Albuquerque met on the diamond today and Albuquerque won by a score of 8 to 7.

In the first Albuquerque scored one run and El Paso was retired with the bases full.

In the second Ford of El Paso scored Jacoby on a long drive to center, thus tying the score.

In the third each scored one but in the fourth Albuquerque added five more to her credit.

El Paso took a brace in the fifth and got two men across the plate while Albuquerque failed to score.

Neither scored in the sixth but Albuquerque added another to the list in the seventh. In the eighth El Paso made three runs but neither scored in the ninth.

MURDERED SEVEN.

A Bad, Bad, Indian, Who Set Out to Kill Fourteen People.—Shell Stuck in Gun.

Butte, Mont., Oct. 16—A special from Browning, Mont., says, James Little Plume has confessed to the murder of seven people killed Sunday on the Blackfoot Indian reservation. His intention, he said, was to kill fourteen more, but a shell stuck in his rifle rendering it useless. He then cut a gash in his throat and his arm to ally suspicion.

HOOPS SUCCEEDS ALDRIDGE AS GENERAL AGENT.

Denver, Colo., Oct. 16—David Hoops formerly general agent of the passenger department of the Chicago & Northwestern at Chicago has been promoted to general agent of the company at Denver. His territory includes Colorado, Wyoming, New Mexico, and a large portion of the west. Hoops succeeds D. W. Aldridge who becomes general agent for the road at New York.

ESCAPED WITH CASH.

Robbers Intimidate Citizens and Get Away.

Sioux Falls, Oct. 16—The bank of Viberg was robbed last night of \$5,000. The thieves were seen by the citizens who did not care to venture on the street which was patrolled by the armed robbers. The robbers escaped on a hand car.

GOTHAM WARNED FROM WICKEDNESS BY DOWIE

Hosts From Zion City Invade the Metropolis and Crusade Begins—Thieves Break Through and Steal, However.

New York, Oct. 16—Arrangements are complete in Madison Square Garden for the reception of the "Restoration Host," 4,000 strong, which arrived today from Zion City and which will endeavor, led by John Alexander Dowie, to save the people of New York from losing their souls. Special trains bearing the crusaders began to arrive at 6 o'clock over the various railroads. Zionists will be taken to the garden where they will register and be apportioned among the great army of boarding houses which will shelter them during their stay in the city.

Dowie himself arrived in his special train at Grand Central station, dismounting the crowd that was awaiting him at the West Shore railroad ferry.

His private carriage was awaiting him there but the Zion leader with his son and his lieutenants took a public hack to the hotel. A number of his own people greeted Dowie, but there was little demonstration.

After a rest Dowie proceeded to the Madison Square Garden where about 3,000 of his host awaited him. The assemblage rose and holding up his

hands Dowie said: "Peace be to thee." Roll was then called.

After looking things over at Madison Square Garden Dowie gathered the reporters together and talked to them for over an hour. He said his mission here was one of peace and that during the three weeks that the followers of the Christian Catholic church will be here he expects to visit every family in the city at least twice. He said he also comes in the capacity of the Prophet Elijah and in accordance with the prophecy he made in 1901 to an audience of 7,000 people in the Auditorium at Chicago and promises to explain more fully what the revelation he then made means.

He said that he is a law abiding citizen of the country and that he has fought many battles against wrong and has always won. He also said that his coming to New York is not a money making scheme.

It is said that Mrs. Dowie was robbed of a \$1,000 diamond brooch in the private car attached to the special train in which the Dowie party reached the city. The theft occurred at the station during the confusion of leaving the cars.

THE MEADOW CITY.

The Clerks' Union Aroused Against the Opera House Management.

The Clerks' union of Las Vegas, has declared the Duncan opera house in that city, as conducted by the present management, as unfair. It is understood that the trouble has arisen through a branch business in which the management is interested. Unless the matter can be satisfactorily adjusted, there promises to be quite a movement on the part of union labor in Las Vegas.

The board of trustees of the Las Vegas grant has decided that it will recognize the title to tracts of land of all persons within the limits of the grant who have heretofore in good faith settled upon and cultivated, occupied and improved small tracts of land, ten years of actual, open possession to be considered sufficient evidence to justify the board in executing quit claim deeds. The board also decided to resist the condemnation proceedings of the Agua Fura company of Las Vegas, which seeks to condemn a considerable part of the bed of the Gallinas canon.

Las Vegas is very proud of the fact that it is now connected with Denver by long distance telephone. A telephone exchange has been established at Wagon Mound.

William Frana, the well known stock raiser and merchant of Los Alamos, was yesterday presented with a son by his wife, it being the ninth son and eleventh child.

The histrionic talent of Las Vegas, is preparing to present several operettas and plays this winter.

Frank Coyote, administrator of the estate of Bertha Coyote, has brought suit against Maria Padilla and Maria Leonora Garcia on a contract for sheep on shares which he claims they have not fulfilled and to recover judgment in the sum of \$1,000, and also to foreclose a mortgage given to guarantee the faithful performance of the contract.

The track for the electric street car line was laid today between the plaza and the bridge over the Gallinas.

Twenty-two prisoners at present occupy quarters in the San Miguel county jail.

The Las Vegas Electric Light and Fuel company has installed a new 2,000 light dynamo.

C. C. Goodloe has resigned as manager of the Street Railway company and Engineer Wallace will assume the duties of that office in addition to his present work.

Mineral Hill, near Las Vegas, had the first snow storm of the season yesterday.

Five Leaders in the Leavenworth Mutiny Are Given Life Sentences.

Leavenworth, Kan., Oct. 16—All of the five leaders of the Fort Leavenworth prison mutiny of November 1, 1901, charged with killing Guard Warner, were found guilty of murder by the jury of the U. S. court this morning and will be given life sentences. The prisoners are Gilbert Mullins, Tabor Barnes, Frank Thompson, Fred Robinson and Robert Clark, all desperate men. Mullins and Robinson had practically finished their terms at the time of the outbreak and the others were short terms. All are from the Indian Territory.

BUILDING BOOM.

The Finest Building in Union County Completed.—New Quarters for the Land Office.

A. W. Thompson of Clayton, Union county, has erected in that town a fine business block which is occupied on the lower floor by the postoffice and a store. The United States land office will occupy the second floor of the building. Mr. Thompson has purchased the postoffice equipment of the old Las Vegas postoffice and will install it in his new building. Residences have also been completed at Clayton by Giles M. Marsh, formerly principal of the Santa Fe high school who is now in the lumber business at Clayton, by W. H. Brown and M. Hammell. J. H. Hammond, president of the First National bank at Clayton has expended \$1,500 in enlarging and renovating the Herron property and the Lawrence Mercantile company today moved into its new \$20,000 store building. The last named is considered the finest building in Union county, is steam heated and equipped with electric light.

TRAINMEN JUMPED IN TIME AND ESCAPED HURT.

Denver, Oct. 16—The Union Pacific extra freight train No. 1806 collided with the second section of freight No. 21 bound for Cheyenne near Pullman station today. It proved a bad wreck but both engineer and fireman jumped in time and escaped injury. None of the cattle were hurt.

BELL SAYS CHASE GAVE UP PAPERS DEMANDED.

Cripple Creek, Colo., Oct. 16—Adjutant General Bell in an interview said that Lieutenant Hoag was sent to Denver for the purpose of compelling General Chase to give up certain papers in connection with the military and that Chase gave them up on demand.

Dan Patch Paces a Mile in Wagon in 1:59 1-4.

Lexington, Ky., Oct. 16—Dan Patch today lowered the world's wagon record pacing a mile in 1:59 1-4.

FINALLY SUCCEEDED.

Kansas City, Oct. 16—After one unsuccessful attempt to kill himself, W. A. Atwood, aged 50, a blacksmith from Everest, Kan., committed suicide here in a sensational manner.

First he leaped from the Fifth street viaduct to the railway yards, 50 feet below. Although badly hurt, he was able to walk away unassisted, and before any one could reach the spot, Atwood, kneeling beside a passing freight train, placed his head under the wheels. He was decapitated. He was despondent over domestic troubles.

BOTH ASPHYXIATED.

Chicago, Oct. 16—William Dobbins, aged 58, was asphyxiated, and his wife is barely alive from the effects of escaping gas. They were found in their room at the Quincy hotel. They were from St. Louis.

BUILDING CASTLES IN THE AIR.

Democratic papers in New York and in some of the southern states are flattering themselves that political events in 1904 are shaping themselves against the chances of the election of Mr. Roosevelt to the presidency. Quite a number of these papers are indulging in pipe dreams, which to be sure, may be quite pleasant to them, but which rests upon no stronger foundation than smoke and hot air. The St. Louis Globe-Democrat handles the subject very satisfactorily, saying:

"The Nashville American has started out on a little rainbow chase of its own. It says a powerful element of the Republican party is opposed to Roosevelt's election. The great business and commercial world contemplates it with almost a shudder. Where is the powerful element of the Republicans who are against Roosevelt? What business and financial interests are shuddering at the thought that he is to be elected in 1904?"

"Possibly the trust magnates would be glad to see some other man than Roosevelt nominated by the Republican party next year. The party, however, with an approach to unanimity such as is seldom seen, demands Roosevelt's nomination. He will get the candidacy without any opposition. Every delegate in the convention will vote for him. The trust chieftains will not have any influence in that gathering. The trusts are against Roosevelt, but let not one Nashville friend or any other Democrat imagine that this is going to help the Democratic party. The trusts know that if they come out openly against Roosevelt they will add hundreds of thousands to his majority on the popular vote."

"Moreover, the trusts know that the man who is to be elected will be either Roosevelt or a Democrat. While, in one aspect of things, they would prefer a Democrat to Roosevelt, they know that a Democratic victory would bring such a check to all sorts of business that their last estate would be worse than their first. Roosevelt can not be defeated without putting the Democratic party in control of the government, and thus, bringing a financial crash, and very few trust magnates, notwithstanding their hatred and dread of Roosevelt, are willing to contribute to that result. The combines as well as the masses of intelligent Americans are interested in the maintenance of prosperity, and prosperity and Democratic rule are incompatible in this age of the world. Roosevelt will have a large majority, and Wall street, though it may dislike him, will accept him as the representative of financial sanity and stability."

They are already buying crape for the funeral of the "Iowa idea" in Iowa, Governor Cummins, to the contrary, notwithstanding.

The people of New Mexico must not be lulled to sleep in the international dam matter at El Paso. The land ring of that town aided by some of the officials of the "International boundary commission," are still endeavoring to steal the rights to the waters of the Rio Grande, regular flow, overflow, seepage and underflow from the people of New Mexico. Eternal vigilance is the price of preserving and keeping these rights for our people.

This year's cotton crop in this country will sell for \$600,000,000. The crop itself is not a record breaker, but the prices for cotton are way up. The cereal crop and the regular staples of the south, namely, sugar, rice and tobacco will bring the people of that section an income for the year 1903 estimated at between twenty-five hundred and three thousand millions of dollars, this for the states south of Mason and Dixon's line alone; certainly a country that is such an enormous producer in its smaller portion, is no longer in fear of Wall street, stock speculators or watered trust manipulators. It is too big, too strong and too powerful. Wall street may suffer, but the "plain people" are all right.

NEW MEXICO MUST DO LIKEWISE.

Concerning the enormous potato crop grown in the farming section about Greeley, Colo., the Denver Republican says:

"The estimate of railroad men is that it will require 10,000 cars to move the Greeley potato crop to market this season. This shows how great the industry of potato growing in the country of which Greeley is the center has become."

"It is a record breaking crop and some of the yields reported are phenomenal. It is doubtful if more profitable farming upon so large a scale can be found anywhere else in the union, testifying thus to both the richness of the soil and the close attention that Greeley farmers give to their business."

"These potatoes are shipped far beyond the boundaries of the state. Thousands of car loads are sent to Texas and Kansas, and some go as far as the Atlantic seaboard. The fame of Greeley potatoes is thus widespread, and it is becoming better and better established every year."

"Shipments calling for 10,000 cars form an important item in the traffic affairs of the railroads, and it is no wonder that all roads connected with the Greeley field are eagerly seeking a share in this business."

New Mexico can produce as good, if not better potatoes, than are produced in Colorado, but it is not doing it. The trouble is the lack of good, energetic and thoughtful farmers in many sections of the Territory. There is every chance in New Mexico to beat the most favored sections of Colorado in potato growing; all that is needed is capital, irrigation systems, just and fair irrigation laws and good farming. These are coming slowly but surely. Within five years, New Mexico will not only raise enough potatoes for its own use, but will export them by the wholesale as Colorado is now doing. Any and everything done in the agriculture line in the Centennial state, can be duplicated in the Sunshine territory, and for that matter, improved upon.

ANOTHER WAR ON CONSUMPTION

Periodical war on consumption has again broken out and is being waged in the Windy City. The climate of the latter and of the surrounding country is very favorable to the growth of this dread disease and it is no wonder that the medical men of Chicago every once in a while take hold of the matter in earnest. The Denver Republican follows up the subject and its remarks thereon are quite timely and well taken. The paper says:

"A vigorous war against consumption has been begun in Chicago by several prominent physicians, together with the Chicago Bureau of Charities and the Visiting Nurses' association."

"This attempt to combat consumption proceeds on the recognized and accepted theory that it is a preventable disease, and hence that by taking proper precautions its spread can be greatly checked."

"There is in many respects just as much reason to take these precautions in Denver as in Chicago, notwithstanding the healthfulness of our climate. To refuse to do so would find a parallel in a refusal to prevent the contamination of a stream because at its source its waters are pure."

"The atmosphere here may be filled with the germs of this deadly disease, and there is all the more danger because of the large number of consumptives who come to Colorado to take advantage of the favorable climatic conditions. Too great a burden should not be laid on the climate. That is what is done, however, when it is not re-enforced by proper sanitary measures."

"The resolutions recently adopted by the state board of health in connection with reports showing an increase in the number of cases of consumption originating here should receive the thoughtful consideration of every one, and especially of physicians and those officially connected with sanitary work."

"The city health department should be reinvigorated by throwing out useless and inefficient employees and replacing them with men who would discharge their duties faithfully and with intelligence."

Political combinations are very often made to be broken, especially in the Sunshine Territory.

The people of Santa Fe have aided materially in making this year's Territorial fair at Albuquerque a success. Albuquerqueans should bear this in mind. Good will ought to beget good will.

The Albuquerque irrigation convention did not do much, to be sure, but everything which attracts attention towards the irrigation needs of the arid states and territories, and especially to New Mexico, is a step in the right direction.

Colonel Bryan's trip to Europe and tariff revision have been postponed until after the 1904 election, remarks the Washington Post. For the former the people are truly thankful; as far as the latter is concerned, it is no longer a matter of great moment.

When it comes to a question of veracity, between District Attorney Frank W. Clancy and County Treasurer Frank A. Hubbell, of Bernalillo county, the people will take Mr. Clancy's views as correct. This is so self evident that it needs no argument to establish it as an absolute fact.

"FRUIT OF THE LOOM."

Men and women of taste and judgment go into ecstasies over the wonderful patterns, textures and colors which are the fruit of the loom. But there is one fruit they rarely consider, and that is the frail and faded woman, old before her time, because necessity compels her to work under conditions, which send her more favored sister to bed and the doctor's care.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"I had female trouble for eight years," writes Mrs. L. J. Dennis, of 828 East College Street, Jacksonville, Ills. "Words cannot express what I suffered. I sought relief among the medical profession and found none. Friends urged me to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. Now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to night, longed for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing-down pain, and such distress every month, but now I never have a pain—do all my own work and am a strong and healthy woman."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

Although having much political experience in some respects, Colonel Bryan is still tender in some points. He suggests a penniless campaign in Indiana. He ought to know that nothing less than five dollar bills are taken into consideration in such campaigns in the Hoosier state.

SSS THE BEST TONIC

In S. S. S. Nature has provided a tonic suited to every requirement of the system when in a debilitated, run down condition. It contains no strong minerals or drugs, but is a pleasant vegetable preparation. You can find no better remedy for toning up the nerves and bringing refreshing, restful sleep when in a low state of health, or sick and worn out with work or worry.

S. S. S. improves the appetite, aids the digestion and reinforces the system, and its good effects are seen almost from the first dose. It acts promptly in cases of chronic dyspepsia, indigestion and all stomach troubles, and does away with the uncomfortable fullness, nausea, shortness of breath, drowsiness and dizziness that so often come after eating.

S. S. S. is not only the best tonic but possesses alterative or purifying properties, and if there is any taint, humor or poison in the blood it searches it out, and removes it. Many times a low state of health is due to a bad condition of the blood and can only be remedied by a blood purifier and tonic combined, or such a remedy as S. S. S.

If you suffer from debility, insomnia, nervousness, loss of appetite, bad digestion, or any of the symptoms of a disordered blood, nothing will so soon put your blood in good condition, invigorate and tone up the system as S. S. S.

MINES AND MILLS.

Says the Red River Prospector: "The latest report from Twining states that the mill has again started up and the trouble among the stockholders would soon be settled."

J. B. Floyd has been given the contract to do some development work on the Tom Boy on Pioneer creek, Taos county. It is owned by Lloyd Augustine of Maitland, Colorado.

The distinction between granite and syenite is in the occurrence of hornblende in excess of mica in the syenite. In each rock the predominant feldspar is alkaline, (orthoclase), though plagioclase soda-lime feldspar may also be present. The syenite of Werner is simply orthoclase and hornblende. Granite syenite and diorite pass by transition from one to the other, grano-diorite representing an intermediate stage in which the essential constituents of both granite and diorite are found.

In many mines the first step in concentrating the ore is the sorting of the ore in the underground workings. This is easy where there is a marked physical difference between the ore and the waste, but in many mines this difference is not always apparent, as the ore and waste may bear such a resemblance to each other that hand sorting is impracticable, at least underground. In other mines the difference in appearance between ore and waste is so difficult to determine that sampling of the face is the only reliable guide. In some portions of the gold mines at Hedges, San Diego county, California, the miners who are acquainted with the mine can distinguish between pay rock and waste by simply passing the fingers over the face of rock in the workings, and yet the difference to the eye is scarcely noticeable. The difference is wholly physical and lies in the fact that the gold-bearing rock is more siliceous than that which is barren, the latter containing innumerable grains of decomposed lime feldspar, which disintegrates under the touch while the more siliceous rock remains firm. Of course this is no index of value, but the harsh feeling rock seldom contains more than a trace of gold.

In the desilverization of lead, zinc is employed, the latter uniting with the silver or gold, if any be present, and from these the zinc may be removed from lead in this manner, but in metallurgical practice about 0.1 ounce per ton of silver still remains in lead bars recovered from mines containing silver with the lead. The zinc also combines with any copper or tellurium present in the lead. Lead is refined by the use of zinc, by what is known as the Parkes process, in which zinc in the form of slabs is stirred into the molten gold and silver-bearing lead, in a large iron vessel. The zinc combines with the gold and silver, forming a mushy alloy which is removed by skimming, the lead being treated in this manner several times. The quantity of zinc required varies with the amount of silver present in the lead.

There are cases where it is not advisable to attempt to hold a group of claims by doing assessment work on one of them, ostensibly for the benefit of all. One instance where it would be unwise to assume the risk which this might involve is where an individual or company secures from a number of independent owners a group of claims, under bond, and proceeds with the development by confining the work to a single claim. This is the more likely to lead to complications if these several claims are on several separate veins. If, however, the bond is taken up, and the properties come under a single ownership of either an individual or company, the new owner may confine assessment to one claim without danger of having the other claims "jumped," if the work so done can be shown to be for the benefit of all the claims of the group, which claims must be contiguous.

The structure of minerals is an important factor in their determination. The various types of structure are the columnar, granular and lamellar. The columnar is divided into several varieties—fibrous, as in crysotile; reticu-

lated, when the crystals or fibers cross in various directions; stellated, when the fibers are arranged in star-like forms, radiating from a center, as in some varieties of pyrophyllite, an aluminous silicate resembling talc; radiated, when the fibers radiate from a center, but without producing star-like shapes, as is often seen in stibnite. The granular structure may be from microscopically fine to coarse. The lamellar structure is found in such minerals as mica, selenite, etc. The leaves or plates may be flat or curved.

CLIFTON MINE LITIGATION SETTLED

Defendants Concede Important Points—St. Louis Gold Gulch Mining Company.

Special to the New Mexican.

Silver City, N. M., Oct. 15.—The long and exasperated litigation which has been pending between the Clifton Copper company, plaintiffs, and Charles L. Ashland, William Roach of Silver City, and H. C. Begole of St. Louis, Mo., has this day been settled to the satisfaction of all parties. All are now working together in harmony; the defendants conceding all important points in the plaintiff's demands. The mine is an extremely valuable one, has been extensively developed and has a very large body of ore opened and ready to take out. They have a splendid mill and all necessary improvements which are essential to the success and profit of the company. The community generally is delighted at this amicable settlement and mining men predict a very prosperous future for the property.

The St. Louis Gold Gulch company has completed its organization and has placed a limited amount of stock on the market at twenty cents per share. The stock is being rapidly subscribed for by local investors. The management of the property is under the direction of Theodore W. Carter, a practical mining man. George A. Easton has been appointed superintendent. These men conduct the business on conservative, economical and practical methods.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Fischer Drug Co. Trial bottles free.

CURES CHILLS AND FEVER.

G. W. Wirt, Naacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by Fischer Drug Co.

PERSONAL MENTION

Miss Flossie Forest of Kansas City, is at the Normandie.

Postoffice Inspector A. P. Smithers of Denver, is a guest at the Claire.

M. D. Ryan of Trinidad and J. A. Ryan of Newark, Ohio, are registered at the Claire.

W. J. Slaughter is in Albuquerque, a fair visitor. He expects to return home tomorrow.

Charles C. Clonson is back from Albuquerque where he took in the sights of the Territorial fair.

R. C. Gortner, Esq., has returned from a two weeks' visit to his old home at Goshen, Ind.

H. T. Conger who conducts a flouring mill at Espanola, is looking after business affairs here.

W. M. Woody, manager of the Glenwood Mining company at Glenwood, Taos county, is here on business.

Charles Haspelmath has returned from Ojo Caliente, where he has been taking the baths for the past month.

F. P. Crichton, who is doing contracting work at the San Juan Pueblo arrived home from the north last evening.

Mrs. Barney Spears spent the past week in Albuquerque as the guest of her sister Mrs. P. McFarland and as a fair visitor.

A. B. Renahan, Esq., returned last evening from Albuquerque, where he attended the sessions of the irrigation conference.

H. S. Lutz, local agent of the Santa Fe, is reported as improving rapidly and it is thought will soon be able to be about again.

W. A. Bell, agent of the Wells-Fargo express, was a visitor at Albuquerque yesterday and saw the Santa Feans down the Albuquerqueans in the ball game.

F. M. Clute of Las Vegas, deputy grand inchoinee of the Independent Order of Red Men, is in the city and visited the local tribe at the meeting last night.

John H. Burns of Parkview, who had been a visitor to the Albuquerque fair and also a delegate from Rio Arriba county, was a passenger for his northern home this morning.

Former Governor L. Bradford Prince who attended yesterday's irrigation convention at Albuquerque, and acted as vice president of that body, returned from the Duke City last evening.

Territorial Secretary J. W. Reynolds returned last night from Albuquerque, where he had been attending the fair. During his stay there, he was the guest of his cousin Herbert J. Reynolds.

Antonio C. Pacheco, a well known citizen of Arroyo Seco, Taos county, who attended the irrigation convention at Albuquerque, came in from the Duke City last evening and left this morning for his Taos home.

Francisco Serna, chairman of the board of county commissioners and Silvano Roybal, superintendent of the schools of Rio Arriba county, both of Chamita, spent the day in the city. They are here on official business.

A very quiet wedding took place at the Broadway hotel at Silver City last Wednesday afternoon at 6 o'clock. The contracting parties were Walter S. Littlefield and Miss Dena Magby, both of Cliff. Rev. J. G. Harshaw of the M. E. church officiated.

Torrine D. Gurdorf, Mr. and Mrs. C. D. Welmer, Gerson Gurdorf and O. H. Stanley compose a party of Taos people who arrived in this city last night and left for Albuquerque this evening to attend the Territorial fair. They were guests at the Palace.

Jay Turley, civil engineer and deputy U. S. surveyor, returned last night from Albuquerque where he attended the irrigation convention as a delegate and also took in the fair. Mr. Turley states that the agricultural exhibit was good and the mineral exhibit was fine. Santa Fe county's mineral exhibit, especially, attracted great attention and was the best county exhibit.

Harry Lund, for seven years city comptroller of Kansas City, was a visitor in Santa Fe yesterday and left for Taos this morning. The last time Mr. Lund was in Santa Fe was during the great strike on the Atchison, Topeka & Santa Fe railway in 1894. He had been in El Paso and the trip home to Kansas City took him ten days. He came to Santa Fe overland from Albuquerque, paying \$40 for the trip. In Santa Fe he had to wait two days for the Denver & Rio Grande train. He had to lie over again, two days in Alamosa and then got only as far as La Veta, where the train was stopped by union men. The next day however, he reached Cuchara Junction on a caboose. At Cuchara, a big crowd of angry union strikers sought to prevent the departure of the train for Pueblo but the engineer and fireman both armed to the teeth, pulled out with a locomotive and a caboose. At Pueblo, Mr. Lund just caught the tail end of a sleeper on the Union Pacific as it was leaving the depot. Mr. Lund is an enthusiastic Republican but he believes that the country stands on the brink of a panic and hard times.

FRESH EGGS.

There are eggs and then there are fresh eggs and above and beyond anything ever before offered in the store are our "Selected" eggs. If you would be sure of getting an egg that you can depend on and an egg that is large and of the corn fed kind ask for our "Select" eggs. They cost a little more and are worth a great deal more than "just eggs."

FERNDELL.

Getting a little late for a big variety of fresh vegetables. Better begin to think about the delicacies we furnish in that line canned by the famous Ferndell process. You can never get the exquisite flavor under any other label. The "just the same" or "just as good" kind always falls a little short. French lima beans (the green kind), fancy string beans, Maine sugar corn, extra sifting peas and sugar beans under the Ferndell brand are hard to equal in fresh goods. They have never been equalled in cans so far as we know.

MEAT MARKET.

It's hard to decide what to buy in the way of meat these days. We try to help along as much as we can by furnishing something a little different

when possible. Our customers have been eating spare ribs, farm sausage, spring lamb, fancy young veal, etc., these days. Always the best and always the cleanest in beef, mutton, veal and pork. Pickled pork, tripe, pigs feet, etc.

NEW GOODS.

California figs, new crop.
Ferndell rice, extra select stock in 3 pound sacks, per sack... .35
Ferndell Tea, five varieties.
Robert's cream Chocolate, requires no cream or sugar.

MEADOW GOLD.

Pure, clean, sweet butter is a big help toward making housekeeping pleasant. That's what you get when you buy Meadow Gold. Everyone will tell you that Meadow Gold is the standard which other brands fall to equal.

IMPERIAL.

Everybody knows that Imperial flour is much the best made. We want you to feel just as sure that you are getting the best breakfast food when you buy Imperial.

Imperial brand breakfast food, equal in every respect to the widely advertised 20c brands.

REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

IMPORTANT TO LIVERYMEN.

I can sell you the finest and best equipped livery stable in the Territory at two-thirds of its real value; includes fee of land and commodious brick barn, together with the good will of a flourishing business, 30 horses, busses, hacks, picnic wagon, buggies, and all the other vehicles that go to make up an up-to-date livery barn, and all practically new. Good excuse for sale. In a live and growing city. Write for particulars.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central Railway.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

CATTLE AND SHEEP RANGES.

In all parts of the Territory, and one in Wyoming.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite, for light housekeeping. Some of them within five minutes walk of Plaza.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

BACK TO OLD HOME.

Judge M. T. Moriarty Leaves for a Visit to the Emerald Isle.

Old Erin, the birthplace of Judge M. T. Moriarty, is that gentleman's destination, on the trip on which he started from the Santa Fe Central town which bears his name—Moriarty—last Sunday morning. Judge Moriarty was accompanied by the writer as far as the "Windy City" and talked entertainingly and interestingly of the land of his birth and the reign of King Edward VII.

Judge Moriarty spent a day in Chicago, and will be the guest of General Francis J. Torrance, Senator Arthur Kennedy and President W. H. Andrews of the Santa Fe Central in Pittsburg before continuing on his journey to New York, where he will sail next Saturday for Queenstown.

Among his baggage Judge Moriarty carries with him a fine Navajo blanket, which he will place on exhibition in the ancient town of Killarney on the famous lakes of Killarney.

"I came to this country July 5, 1854, arriving in New York when the air was still filled with the smoke and powder of the Fourth of July celebration of that year," said he. "I first visited relatives in Waterbury, Conn., and then headed for New Orleans, where I engaged in business for a year.

"From New Orleans I went to Cincinnati where I learned the plastering trade and then took Horace Greeley's advice and went as far West as possible, my destination being the City of the Golden Gate.

"In 1864 I went down to Central America where I kept a store for a steamship company at Greytown, Nicaragua. From Greytown I went to New York and from there back to old Ireland, where I spent three months visiting the scenes of my boyhood.

"On returning to America I went into the contracting business at Indianapolis, leaving there for Keokuk, Ia., where I engaged in farming.

"Sciatica neuralgia caught a firm hold on me in Iowa, and I had to leave there for New Mexico, where perfect health was restored to me, and I have remained there ever since.

"I settled in the Estancia valley near the present townsite of Moriarty and engaged in sheep and stock raising. During the seventeen years I have been in New Mexico I have watched with interest its growth and development, but never expected to live to see the Estancia plains the scene of a busy railroad, and predict that the advent of the Santa Fe Central will not only materially enhance the growth and development of the country through which it traverses, but eventually mark the establishment of a dozen good towns.

"On arriving in Ireland I shall visit Dublin, Cork, Belfast and Killarney, my trip all told taking about three months.

"The reign of King Edward, so far as the Irish people are concerned, is the best and the most auspicious the United Kingdom and the British Empire have enjoyed for centuries. I refer particularly to the Irish land bill, which was passed in both the House of Lords and the House of Commons, largely through the influence of King Edward."

GOLD IN THE BLACK HILLS.

The Burlington Route has recently issued a 48-page booklet bearing the title "Mines and Mining in the Black Hills."

The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Northwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year around. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

MUNICIPAL TROUBLES

Those of Carlsbad Are Much Akin to Those From Which Santa Fe Suffers.

DEBTS EXCEED INCOME

Silver City Is Quite Gay and Giddy—Improvement Work at Fort Bayard Retarded.

EDDY COUNTY.

George H. Hunt, an old man who has been in business at Carlsbad, died last week at that town of consumption.

Mrs. E. C. Bennett, aged 60 years, who spent the summer at Carlsbad, died at Fort Worth, Texas, of consumption.

The following indictments were returned by the grand jury: Neal Willie, murder; Mose Watson, assault to murder; F. Moreno, larceny of mule; S. Eracheta, larceny of mule; F. Moreno, larceny of horse; J. E. McDonald, murder.

The town trustees of Carlsbad are studying financial problems at close range. At their last meeting bills amounting to over \$600 were presented and there are only \$79.20 in the town treasury. It has been decided to make a temporary loan of \$600 to meet the deficit. That the proceedings of the town board did not lack humor is shown by the following extracts from the minutes:

"Chief Ohnemus drew the attention of the board to the fact, that the city marshal had collected dog tax from a citizen of San Jose who was working in the city and whose purp had accompanied him to the city. Scant comfort was extended to Juan, however. The mayor said that the marshal had done his duty all along and in this instance he was exactly right. If the citizen worked in town and kept his dog around it would have to be tagged. That was what the law was for and it would continue to be enforced even if it disagreed with the citizens of San Jose or any other seaport. The trustees endorsed the position of the mayor and the complaining Juan will still be out his dollar."

"W. C. Griffin, editor and proprietor of the Miner-Stockman, has filed a petition with the recorder asking that the embargo against music in the saloons be raised during the session of court, for the amusement and entertainment of the visitors in the city, but the trustees did not see how they could suspend the law, in such case made and provided. It would not look well to suspend a law that had been enacted for the good conduct and well-being of the community. They would like to oblige the veteran editor, but did not see how it could be done, and accordingly turned down the request."

"The poundmaster scavenger teamster-fireman having reported that some complaint had been made as to the removal of garbage and that people expected him to come into the yard to get the same, it was resolved that all persons desiring the free use of the scavenger must provide suitable receptacles and place them in the alleys, where the p.-s.-t.-f. could have access to them without crossing the yards and perhaps contributing to the quilt pieces amassed by the family watch dog. All persons providing such receptacles can have the garbage removed at frequent intervals without cost."

"The sale of the burro on Monday was reported to have netted \$1.60 and the proceeds thereof were dumped into the yawning gulf of deficit that attends the board."

"The matter of the Woodmen building came up and was discussed at length. This structure was condemned some time ago, and ordered torn down, and bids were asked for by the choppers, but for some reason nothing further has been done. The trustees sympathize with the society whose bad luck is a public calamity, and are not disposed to be unduly harsh, while it must insist that the building be razed as soon as possible. If the order shows a disposition to carry out the orders of the board in a reasonable time it is not the desire of the body to further embarrass them."

"It was decided to let the ditch man out on the 15th inst., and if his services are needed after that time to use the same at day wages. The work of this official has been excellent, considering the current conditions, and it was desired to have one more thorough watering of the town before he goes on his winter vacation."

"The matter of sidewalks was discussed at length, and the omission of several property owners to comply with the ordinance debated. In each one of these instances there is some extenuating circumstance, however, which the board does not like to ignore, and it was the evident purpose of the board to rely upon the public spirit of the gentlemen involved to have the work done as soon as possible. The work is of so much public moment and importance to the town that no good citizen should delay it longer than is absolutely necessary, and the trustees do not feel that they will. Of course if there is any such unlikely result the board has the remedy at hand, but it does not believe that it will be necessary to apply it, an opinion in which the people generally, who are heartily in accord with the ordinance, will concur."

DO GOOD—IT PAYS.

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it."

Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by all druggists.

Cures Winter Cough.

J. E. Gover 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c 50c, \$1.00. Sold by Fischer Drug Co.

THE BEST DOCTOR.

Rev. B. C. Horton, Sulphur Springs, Texas, writes July 19th, 1899: "I have used in my family Ballard's Snow Liniment and Horehound Syrup and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." 25c, 50c, \$1.00. Sold by Fischer Drug Co.

SAVED HIS LIFE.

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. OFFICIAL MATTERS.

A New Mexico Case.

According to a dispatch from Washington, D. C., the case of the United States, plaintiff in error, vs. the Denver & Rio Grande railroad, an appeal from the New Mexico Supreme court, will undoubtedly be reached this week in the United States Supreme court.

Land Office Business.

The following homestead entries have been recorded in the United States land office: Lorenzo Lopez of Santa Fe, 140 acres located in the county of Santa Fe being the SE 1-4 SW 1-4, and SW 1-4 SE 1-4, section 35, and lots 3 and 6, section 2, T 17 N, R 10 E.

Elegio Jesus Benavides of Burley, 160 acres located in Socorro county being the W 1-2, SW 1-4, SE 1-4, SW 1-4, SW 1-4, SE 1-4, section 8, T 2 N, R 7 W.

Meeting of Board of Managers of the St. Louis Exposition. Commissioner Arthur Seligman of the New Mexico Board of Managers of the St. Louis Exposition received a dispatch yesterday from Chairman C. A. Spless of the board, calling a meeting of the same at Albuquerque tomorrow. The time given by Mr. Spless for this special meeting is too short to insure a full attendance and Commissioner Seligman may not arrange affairs so as to attend. It is doubtful if Commissioner Percy J. Hagerman of Roswell can be in Albuquerque for the meeting.

MADRID NEWS ITEMS.

Several of our enterprising citizens have been taking in the Territorial fair at Albuquerque this week, including Alex. Shastanay, Hans Bernecker and wife, Lule Bossert and wife, Earl Turner and wife, John W. Sullivan, Dr. S. C. Clarke, and James Lamb.

Robert Archibald, mine clerk, will get his annual outing, commencing next week. It is thought that James Gratiot will take his place during his absence.

Charles Myers mayor of Albuquerque, and U. S. Deputy Marshal Fornoff, were in Madrid for a few moments last week and made a trip to Golden to look after some mining property.

Jo E. Sheridan of Silver City, the U. S. mine inspector for the Territory of New Mexico, was in town for a few days last week.

Jacobo Martinez one of our firemen was married one day last week to a young woman of Pena Blanca. He came to make his home in Madrid and felt that he had to follow the usual custom prevailing here and give his many friends a dance. This he did last Saturday in the Madrid opera hall. The dance was well attended and everybody had an enjoyable time.

Justice of the Peace Dockets.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10 1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal.....\$4.00
Combination civil and criminal \$5.00.
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address

CROSS EXAMINATION.

Will Only Strengthen the Testimony of Santa Fe Citizens.

The testimony which follows will stand the test of closest investigation. Cross-examination of such evidence will strengthen it. Proof of this nature is plentiful in Santa Fe and the most skeptical can hardly doubt the claims made for "The Little Conqueror" when placed face to face with the public utterances of friends, neighbors and local citizens. Read the experience given below; it may save you many hours of future trouble:

"Lino Romero, driver of delivery wagon for Kaune and Company, residence Palace av., says: 'Sometimes my back ached acutely, sometimes it was a dull pain just across the loins, and when in the acute stage, I have been laid up for two or three days at a time. I never took anything for it as the attacks seemed to disappear as mysteriously as they came, but when suffering from one I happened to read about Doan's Kidney Pills in a Santa Fe paper, and I went to Ireland's Pharmacy for a box. It absolutely stopped the attack.'

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

"The Grand Canon of Arizona," a superbly illustrated volume of 124 pages. Fifty cents a copy. Apply to H. S. Lutz, city agent of the Atchison, Topeka and Santa Fe Railway in the Catron Block.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

Wilson Improved Air-Tight Heaters

Have Arrived.

Consumes less fuel than other stoves require.

It will hold fire 36 hours, and with care would never go out.

By the Patent Method of taking the draft from top we secure a perfect Air-Tight Heater, giving absolute control of the fire as there is no opening near the bottom the cold air currents, moving along the floor, are avoided. With our damper we have complete control of the fire, the hot air draft, coming from above, ignites and utilizes as fuel all the gasses in the stove which, in other stoves, go to waste.

We also carry Tubular Hot-Draft Stoves and other lines. Give us a call.

EAGLE PERCHED ON OLD GLORY

Curious Incident at Central—News Notes From Grant County.

A curious incident occurred at the public school house at Central the other day. A large eagle alighted on the top of the pole from which waved the American flag and remained there with wings outstretched for nearly fifteen minutes. A photograph of the novel sight was secured.

A special term of court to take the place of the regular September term that had been postponed indefinitely has been ordered called by Judge Frank W. Parker of the third judicial district, to convene at Silver City on October 29. The postponement of the regular term had been caused by the vacancy on the bench of the fifth district, the judge having held court in that district instead of the third at the request of Attorney General Knox.

Henry Oakes, aged 77 years, died at Silver City this week. Mr. Oakes had been a sailor and had followed the seafaring life for over half a century, having been at different times the captain of large vessels.
