WAR IN SOUTH AFRICA.

Gen. Joubert, Commander of the
Boers, Reported Killed.

Continuous and Heavy Bombard-
ment of Ladysmith.

Thirty Meteors Were Seen at Chicago
Early this Morning.

OCEAN STEAMER BURNS AT SEA.

Recourt, Natal, Nov. 10.—The armored train returned from another trip when the train was reached. On the way back the train picked up a native runner at Frere, carrying letters. This runner stated that Ladysmith was bombarded on November 9 by six forty-pounders, one shot from which struck King's store. The British big naval guns were still silent when he left. Little damage was done by the Boer bombardment and there were few casualties. The runner said that the Boers intend to visit Ladysmith tomorrow. It is reported on good authority that a large party of Boers traveled from Ladysmith to Chivalry and then branched off to the west, in the direction of Labuschagne's farm. Another party of Boers is reported to have visited the farm south of Tugela, wrecking the household.

GEN. WESSLES WOUNDED.
A Kafir from a Free State laager reports that General Wessels, who commanded when British forces surrendered at Nicholson's Nek, was hit during a recent reconnaissance. The British garrison cheered the news.

NATIVES QUIET.
Cape Town, Nov. 10.—A dispatch from Pretoria, dated Nov. 9, says that the natives are quiet. A proclamation has been issued by the government dealing with the appointment of officials of general utility, with the object of protecting life and property in the territories now occupied by the Transvaal forces. The Britishers, it says, will not be interfered with. A great amount of looting has occurred in territories, however, since the proclamation was issued.

REMOVED KILLING OF BOER GENERAL.
London, Nov. 10.—A dispatch received today from Pietermaritzburg, dated November 11, says that it is rumored there that General Joubert, commander-in-chief of the Boer forces, has been killed.

DEATH OF NEWSPAPER CORRESPONDENT.
London, Nov. 10.—The Daily Mail's Mafeking correspondent, telegraphing under the name of November 2, says that K. G. Parslow, correspondent of the Daily Chronicle, was shot through the brain and instantly killed by a revolver discharged accidentally in the hands of Lieutenant Monaghan in the market square. Parslow was in the Cape Town market.

REINFORCEMENTS.
Ratour, Natal, Nov. 14.—The West Yorkshire regiment has arrived here. The bombardment of Ladysmith has been resumed. Heavy firing was heard early this morning. The armed train was sent out on reconnaissance toward Colenso.

The armored train, on its return, reported that the Boers had blown up the line between Colenso and Chivalry. No much damage done. On seeing the British patrols the Boers retired. Every day sees the changing of the guard coming further south. A message from the front just received gives a few details of occurrences on Wednesday when the Boer shot fire was continuing during the day. It is asserted that they attempted deliberately to aim at Convent hill in the center of the town, where there were only soldiers of the British. The wounded. The building was hit twice in spite of the Boers' firing.

The Boers attempted a demonstration against the western defenses, but it was never serious. Groups appearing at long range were easily scattered by the fire of a machine gun. The total British casualties during the brisk bombardment were three men.

MAD ENOUGH.
Durban, Natal, Nov. 13.—A correspondent in Zululand reports that many of the Boers who fought at Dundee are now quietly plotting and nothing will induce them to return to the battlefield. Most of the guns in position around Durban are built with wheels, all fear of Boer attack and panic have disappeared. There is no confirmation of report of General Joubert's death.

CAPTURED ARMORED TRAIN.
Durban, Nov. 16.—News received here from Katoort that the armored train was captured by detachments of Durban and Dublin regiments was attacked by the Boers and wrecked. Most of the British troops were killed or made prisoners.

METEORS SIGHTED.
Chicago, Nov. 16.—Thirty meteors were reported in eight in the eastern sky before dawn this morning, and several photographs were taken by Prof. Hough, of the Northwestern university. Owing to the brilliancy of the moon at the time, no meteors fainter than a star of the second magnitude could be seen. Three particularly bright ones were observed.

SMALL DISPLAY.
Washington, Nov. 16.—The government observers at the naval observatory last night report the display of meteors and comets a disappointment. But six or eight meteors were observed, less than on the preceding night, and these were small and not brilliant.

RAILROAD ACCIDENT.
Louisville, Ky., Nov. 16.—A head-on collision between passenger trains occurred at 8 o'clock this morning at Pleasant Ridge Park, Ky., eight miles south of this city. Passenger train No. 41, on the Louisville & Nashville and St. Louis, bound for St. Louis, and the Illinois Central, north bound from New Orleans, came together in a dense fog. Injured: G. B. Shaw, postal clerk, head cut, leg broken, thought to be internally injured, will die. W. H. Blunsly, baggage master

BIG FIRE IN CITY OF CHICAGO.

Washington, Nov. 16.—Gen. Otis today cabled the war department concerning the situation of the American advance in pursuit of Aguinaldo. During thirty-four hours and one-half miles of rain fell; still raining in the north. Lawton's telegraph line is not beyond San Jose; last night the capture of many supplies, transportation, north and east of San Nicolas, and our troops moving from San Jose and Cabanatuan, but is unable to move it. MacArthur has the railroad between Zamboanga and Tarlac in operation five miles; roads south of Zamboanga are being re-constructed; removed rail found north of Tarlac. MacArthur will send four battalions and one troop of cavalry forward to Zamboanga; advance from Zamboanga to Victoria, five miles north of East Tarlac.

Seven Story Business Building in City of
Chicago Burned.

Chicago, Nov. 16.—Fire early today destroyed the seven story building at 160 State street, in the heart of the downtown retail district, and caused a loss estimated at \$100,000, and injured scores of men and spectators. Shortly after the fire started, and exploded, the building was the chief of the fire department, D. J. Swenke, and two firemen. The two latter being forced to retire to have their wounds dressed. Others badly hurt were Captain K. J. Buckley, Joseph Wagnon, James Wilson, and a fireman, Patrick K. Palfrey. The building was occupied by Hugo Sievers & Co., wholesale millinery, Boston Dental parlor, Chicago Optical company, H. H. Kohlmeier & Co., restaurant, a fur factory and several other firms.

Arizona Woman Bandit Acquitted.
Phoenix, Ariz., Nov. 16.—Pearl Hart, the woman bandit, who, with Joe. Boot, held up a stage near Florence last June, has been acquitted in a trial before Judge W. L. Trimble, in the federal court here, of the charge of murder.

When the Pueblo Indians first learned of the intention of the Canal company they filed a protest with Indian agent Howard, alleging that it would be ruinous to the lands to have such a quantity of water drawn from the Rio Grande during its minimum supply period in the summer, as the Canal company would require to irrigate the lands it proposes to supply.

There was much correspondence between the Indians and Agent Howard, and finally the former, through their attorney, obtained an injunction restraining the company from building the canal. This injunction was dissolved and an appeal was taken to the Supreme Court of New Mexico, where the case is pending.

A few weeks ago the Indians were informed that the company was about to proceed with constructive operations, for the appeal to the New Mexico Supreme Court did not act as a stay. The Indians were so advised by their lawyer, who said that the company might construct the canal, but that if it did so, and the court decided against the company, the improvements would revert to the Indians under the operations of the law of eminent domain.

The heads of the Pueblo tribe became very uneasy at the outlook, believing that the canal company would not extend a great sum of money in the construction of a canal unless convinced that the court would uphold the company, and they, accompanied by Delegate Perea, who owns a large tract of land adjacent to the Indian reservation, came this morning to plead for the government to interfere for them.

Attorney R. S. Rodey returned from Santa Fe last night, where he had been to try and persuade Governor Otero not to honor requisition papers from Arizona for the "Pink" Indians, but he was told by Sheriff Hubbard upon the request of Sheriff Clark, of Graham county.

The requisition papers reached Governor Otero, but he was found to be defective and were returned for correction. When the corrected papers arrive, Mr. Rodey will have a hearing before the governor and he hopes to have his client liberated.

Sheriff Clark wired the governor this morning to know whether, when the new papers arrive, he will honor them or not, as he does not want to wait over here unnecessarily.

LATEST REGARDING KENTUCKY ELECTION.

Chicago, Nov. 16.—The steamer Cene-maugh of the Anchor line sank at the head of the harbor early this morning, after having a race for life. The steamer was bound into Chicago from Buffalo and in a dense fog that hung over Lake Michigan, ran into the half way crib, a mile and a half out from the harbor entrance and great hole was stove in the bow, and a pump seized the crew. The boat commenced to fill with water fast and there was a disposition to rush for the beach. But the captain gave orders to turn on all steam and make a quick run for the harbor, and commanded men to stand at their posts. The Cene-maugh was settling fast and speed was diminished greatly before half of the distance to the pier of the mouth of the harbor had been traversed. As the mouth of the harbor was gained, floods of water poured into the die hold, drove the stokers to the ladder to the deck and at last extinguished the fire in the boilers. The Cene-maugh came to a stop as her keel rubbed hard in the mud at the bottom of the harbor entrance and she settled fast. It is thought the loss on the cargo alone will be in the neighborhood of \$100,000.

Kentucky Election.
Frankfort, Ky., Nov. 16.—Taylor's friends have begun a quiet canvass of the members of the legislature as to who they will vote on the contest if the state election board should throw out Knox, Johnson or Puckett counties and the 1,100 votes cast in Nelson county for W. P. instead of W. S. Taylor. It is said that at least six democratic members have been found who will not vote for Coebel. The movement on Taylor's side is construed to indicate the opinion that Coebel will be given a certificate of election from the board.

TABULATING THE RETURNS.
Frankfort, Ky., Nov. 16.—Secretary of State Finley has received official returns from fifty counties and is tabulating them for the state election board. While Coebel carries Campbell county, Barke, republican, for superintendent of public instruction, carries the same by over 1,000. Coebel's managers assert that the whole Coebel ticket will win. The report that Chairman Pryor of the state election commission would resign because of dissatisfaction over Coebel county commissioners is denied by Pryor.

Will Fight the Trusts.
Springfield, O., Nov. 16.—There is every indication that important resolutions will be submitted to the national grange for adoption, based on the grange master's plan to carry out the program of the grange, for superintendent of public instruction, carries the same by over 1,000. Coebel's managers assert that the whole Coebel ticket will win. The report that Chairman Pryor of the state election commission would resign because of dissatisfaction over Coebel county commissioners is denied by Pryor.

Tricked to Rob a Train.
Krie, Pa., Nov. 16.—Masked robbers boarded the Lake Shore train at Ashtabula last night and attempted to rob the express car at Dock Junction, a lonely place near Conneaut, when the express messenger gave the alarm and the robbers stopped the train and escaped to the woods.

The Coebel is a rich man's proposition and the prospectors that hold claims will realize it sooner or later. I think they should get reasonable figures for their claims, but not hold them so high as to drive capital away. A great many people go in there seeking investment, but there are so many claims with little or no development that they have. All that go there are of the same opinion; that is, that the developed properties show the largest veins in the world.

In response to a question as to whether Albuquerque might expect the erection of a hotel and depot Mr. Barry was non-committal, but conveyed the idea that the metropolis was looked upon in favor by the officials of the road, and that she would undoubtedly be benefited when the time came.

When asked who would probably succeed General MacArthur in the office, he said he was not yet at liberty to give it out, the inference being that some one had already been determined upon.

The party left at 2 o'clock, being joined here by General Superintendent Hibbard and Trainmaster Perry, of the Santa Fe Pacific.

LOCAL PARAGRAPHS.

Max K. Becker has moved into Wm. Archer's new house on Fruit avenue.

Geo. D. Bowman, the United States

gamester, left this morning for Santa Fe.

Dr. W. D. Radcliffe, the well-known

physician and surgeon at Belen, is in the

city.

Joe P. Goodlander, the St. Louis drug

traveler, is again in the city with his

samples.

Capt. J. W. Fleming, coal mine inspector,

came in from Gallup last night and

went south this morning.

C. G. Clark, the Kelly, N. M., hotel

keeper, came in from the south yesterday

and is registered at the Grand Central.

Hon. R. K. Twitchell, one of the at-

torneys for the Santa Fe, came in from

No. 1 last night and returned north on

No. 2.

Hon. R. L. Baca returned to Santa Fe

last night. He is one of the parties

most interested in the Cobeolita land

grant case.

Jesus S. Garcia has gone to Las Cruces

to visit his wife, who is there on a visit

to her parents. During the absence of

Mr. Garcia, Eugenio Yriarte will officiate

as deputy collector of Bernalillo

county.

The Social dancing club met again

Tuesday night, and about thirty couples

responded to the roll call. Next Tuesday

there will be a cake walk. All the mem-

bers will take part. The dance will last

till a late hour.

Louis Hemple, who has been very ill

with typhoid fever at the home of Mrs.

Charles Fowler, will leave for his home

in Bartlett, Texas, to-night. He will be

accompanied by his brother, George, who

arrived a short time ago.

Many of our citizens regret to learn of

the resignation of J. J. Frey as general

manager of the Santa Fe railroad. Mr.

Frey and family, who recently became

identified with this city by their resi-

dency, have many friends here and else-

where in New Mexico, and they natu-

ally regret that his name will soon be

withdrawn as general manager of that

great railroad.

The Walter L. Main's circus will reach

this city to-morrow morning at 5 o'clock,

and will pitch tents on the vacant lots

on east Railroad avenue opposite the gas

works. This circus is showing the great

trick in Socorro. An accident happened

to the circus train as it neared Socorro.

One of the cars on which was a cage of

wild animals tipped over, and the men in

charge of the cage had considerable dif-

iculty in preventing the beasts from es-

caping.

A merry lot of young people assem-

bled at Miss Gilmore's studio in the

academy building last night about ten

o'clock to await the appearance of the

Leonis scheduled to show during the

early morning hours. While possessing

their souls in patience the time was

pleasantly passed in playing games and

otherwise amusing themselves, not for-

getting the tempting lunch that was

served shortly after midnight. Those

present were: Misses Mabel Anderson,

Katherine Hughes, Bertha Crocker, Sinne

Scogg, Nina Lewis, Mabel Hunt, Kiza-

beth Powers, Jennie Griffith, Mata Tway;

Messrs. Lewis Becker, Wm. Sanders, T. T.

Timms, Clarence French, Maynard

Harding, Lewis Shields, Harold Allen,

Coombs (Harold) Hughes.

The reason that Mrs. A. L. Finch

failed to reach this city last night, with

the remains of her husband, is that the

casket ordered from a Santa Fe under-

carriage failed to reach Bland until last

night, over thirty-six hours after the

death of Mr. Finch and after the order had

been telegraphed to Santa Fe. Had the

order been sent to this city, the casket

would have reached Bland, via Thornton

and Trimble's stage, inside of six hours.

Mrs. Finch and children, who have al-

ready been detained, expect to continue

with the remains to New York this even-
