RESERVOIR PROJECTS

Those of the Hondo and Urton Lake Meet With Favor in Washington.

BOTH IN PECOS VALLEY

For the Urton Project Dry Year Measurements Will Have to Be Taken--To Reclaim Thousands of Acres.

A dispatch from Washington says: A preliminary examination has been made by the engineers of the United States reclamation service of two important projects in New Mexico, known as the Hondo and the Urton lake projects. A cursory examination indicates that each project is feasible from both an engineering and a financial point of view.

The land on the Hondo project, which could be irrigated to advantage amounts to possibly 15,000 acres, and the first estimate of cost of putting the water on the land is about \$20 per acre. Land which can be irrigated most easily from the Hondo reservoir is nearly all in the hands of private parties, so that the question of colonization would cause no trouble. It is all first class irrigable land, free from alkali, and, because of the underlying limestone formation, it will never be troubled from that source. The lands if watered will be easily worth \$100 an acre when planted in alfalfa and corn, and if used for fruit raising will eventually have a higher value. The works contemplated for this project are the enlarging of the natural reservoir and an inlet and outlet canal, which involve no engineering difficulties.

All Government Land.
The land on the Urton lake project is all government land, with the exception of a few claims bordering the river. This land is underlaid by a very porous red sandstone, which will probably afford good subdrainage and prevent trouble from alkali. The reservoir site is an excellent natural depression and will hold 190,000 acre.

PROMINENT ARMENIAN MURDERED IN LONDON

Sagatel Sagouni, President of the Revolutionary Society the Victim of an Assassin.

London, Oct. 27.—Sagatel Sagouni, president of the American Revolutionary society in London, was murdered in a suburb of Nunhead, late yesterday evening. The crime created a sensation as it has every appearance of being of a political character and has been preceded by the assassination of other officials of branches of the same society on the continent.

Sagouni, who only returned to London yesterday, after settling the affairs of the association in Switzerland, recently, was assassinated by shooting. He was entering his residence when a man rushed across the road, fired four shots at him in quick succession, the last bullet entering the region of his heart. The murderer who appeared to be a foreigner, fled. The only clue is a felt hat and a silver plated revolver, both made in New York, which were dropped in his flight.

The murdered man was wealthy and had devoted his money to the Armenian cause. His society was entirely passive and opposed to violence. It is thought that this attitude inspired in the advanced section of Armenians a desire for vengeance, the latter claiming that Sagouni's society devoted its funds to charity which had been better applied to violent remedies for the Armenian grievances. It is stated that Sagouni's life was threatened on account of his participation in the exposure of the misappropriation of funds by a faction of the Armenian revolutionists. These men are said to have collected twenty thousand dollars in America, and put the money in their own pockets.

CONDITION OF JAMES L. BLAIRE REPORTED AS UNCHANGED.
St. Louis, Oct. 27.—The condition of James L. Blaire, the former general counsel of the World's fair, was reported this morning as unchanged. He is in a comatose condition, the continuance of which adds to the fears of his physicians. The grand jury will reconvene this afternoon to continue the charges against Blaire.

ESPAÑOLA VALLEY APPLE CROP PROLIFIC

Copious Rains of May and Perpetual Sunshine Have Given Fruit Color and Beauty Unknown Elsewhere.

SECTION WELL ADAPTED TO PEAR AND PLUM CULTURE

Hon. L. Bradford Prince returned a day or two ago from Espanola and is enthusiastic over the apples of that section. In talking to a New Mexican representative he said: "You know the season has been most favorable for beautiful fruit. The copious rains of May were followed by full acedulas through the entire summer and that gave fullness to the fruit, then we have had more than a month of perpetual sunshine, which has given it a color and beauty unknown elsewhere. All through the valley the apples are very superior. Of course, I am most familiar with my own place, but I assume that conditions are the same with all our neighbors. The fruit is so highly colored that it deceives any new comer from the east, and he will scarcely recognize even well known varieties. Take the Ben Davis, for instance, in Missouri and Kansas it is more apt to be more yellow than red. Here, this year, they are almost a solid scarlet and are unusually large. The Rome Beauty is indeed 'a thing of beauty,' and takes an almost mirror like polish, as does the Lauver, with its copper colored metallic luster. Smith's Cider, with its delicate rosy pink, adds to the picture, while the Arkansas Black presents a marked contrast, with its glassy coat of dark maroon. By far the most brilliant, however, is the Espous Spitzberg, the friend of our childhood and the most romantic and highly flavored of all apples. Those who have seen a Spitzberg raised under a New Mexico sun have something to live for. It has a brilliancy of color, with a dash of orange in its bright scarlet, which makes it a kind of glorified brother of the Spitzberg of the East. I have been familiar with fruit exhibitions all my life and before coming here, delivered the addresses at the fairs of all the great apple counties of New York but I have never seen such a beautiful fruit picture as the above, of perfect New Mexico Spitzbergs. It is a great pity that we have no horticulture exhibition at which the fruit of the Territory can be shown this year and I trust such an omission will not occur again.

"Have you any idea of the amount of the crops in the Espanola valley?" asked a representative. "Only a general one which is but a guess," was the answer. "Beginning at San Ildefonso and ending at Rinconada, there are fourteen or fifteen orchards that are regular shippers. In most of them many of the trees are yet small, and this year the late frosts cut off much of a small crop. I think twelve to fourteen car loads is a fair estimate, considering the circumstances. Of course, from now on, the amount will increase largely from year to year. The Espanola valley seems specially adapted to apples, pears and plums. There is no part of the country where plums and pears do so well, both as to the growth of the trees and the amount and character of the fruit. If I were a young man I would plant an immense orchard of pears, exclusively for drying. The bright sunshine does the drying in a manner far superior to any artificial evaporator. There are many of the finer and more delicate kinds of pears that are scarcely known in this country; but are sure to be popular when known. The St. Catharine, for instance, is so sweet as to resemble a raisin more than a pear.

"The thing that is most needed by fruit growers in the Espanola valley and in Santa Fe is an organization like those of California and Colorado, which will attend to the sale of the whole output in a systematic way. The need of this is so apparent that it needs no argument and it now looks as if it would be arranged before the next season. The valley orchardists are all anxious for it and those of Santa Fe ought to unite in the movement, so as to have one, which in management and harmonious action, will benefit all concerned."

NOTORIOUS HAWKINS GANG

Believed to Be in Hiding in the Manzano Mountains in Valencia County.

The notorious Hawkins gang, who did the killing at Fort Sumner, are believed to be in the Manzano mountains, Valencia county, where they are stealing cattle from the range and running them into inaccessible parts of the mountains. The people of that section have appealed to the authorities at Albuquerque to send out a posse to drive away or capture the gang. Rangers are badly needed in some parts of New Mexico, and the cattlemen are willing to bear the expense.

SIMPLY A COINCIDENCE.

Senator Teller of Colorado, Thus Explains His Presence in Gotham With Leading Democrats.

New York, Oct. 27.—The presence of several leading men of the Democratic party in this city, given rise to a report that a conference has just been held at some rooms in an uptown hotel occupied by David Bennett Hill. Nothing was learned as to the subjects discussed or the result.

Senator Teller of Colorado, who was also here when asked regarding the matter said: "It must be a coincidence. I am here from Washington for three or four days on private business."

LONDON BANK DEFAULTER CAPTURED IN CHICAGO

Chicago, Oct. 27.—The Tribune today says: After a fifteen months' chase in which two continents were traveled, John Morrison, assistant cashier of the Northampton bank of London, charged with embezzling sixty thousand dollars, was captured here by Edward Weston, a Scotland Yard detective. He was conducting a jewelry store here under the name of Henry Jorgan. He used a number of other aliases. The fugitive consented to return to England without extradition proceedings.

INFLUENTIAL LEEVEE CONVENTION OPENS

Called to Order by President Scott of Interstate Mississippi River Improvement Association.

New Orleans, La., Oct. 27.—Attended with considerable ceremony, the largest and in point of personnel, the most influential levee convention yet held in the Mississippi valley opened today in Tulane hall. President Chas. Scott of the Interstate Mississippi River Improvement and Levee association called the body to order. The purpose of the meeting is an appeal to the national government for sufficient aid to levee both banks of the river and to maintain these levees at a maximum grade, reclaiming and giving protection to alluvial lands and improving navigation.

The attendance included Governors, Senators, members of Congress, high railroad officials and representatives of commercial exchanges and levee boards from many states in the valley. Ex-Governor Stannard of Missouri, was temporary chairman. During the opening session a committee on permanent organization was appointed.

PRESIDENT FORTY-FIVE YEARS OLD TODAY.

Washington, Oct. 27.—President Roosevelt today celebrated the forty-fifth anniversary of his birth. Many beautiful and touching reminders of the event came to him from every part of the country. Hundreds of letters and telegrams of congratulations were received at the White House during the day.

WOOL MARKET MAINTAINS STEADY TONE IN BOSTON.

Boston, Oct. 27.—The wool market maintains a steady tone. There is no disposition shown to buy ahead of meeting the pressing needs, but mills, as a rule are running close on their stocks of raw material. Values are well maintained although no attempt to force prices up is noticeable.

WOULD HAVE GOVERNOR CALL EXTRA SESSION LEGISLATURE

Anaconda, Mont., Oct. 27.—Over two thousand smeltermen in a mass meeting adopted resolutions calling on Governor Toole to convene an extra session of the legislature to enact laws to remedy the present state of industrial affairs. The mediation committee consisting of Senators Gibson and Clarke, Governor Toole and J. J. Hill, is still talked of and efforts are being made to arrange a date for a meeting.

SANTO DOMINGO IN STATE OF REVOLUTION.

Washington, Oct. 27.—The following bulletin was posted in the navy department today: "Puerto Plata, Santo Domingo, is reported by Minister Powell to be in a state of revolution."

THREE KILLED IN WRECK

Engine Breaking From Rio Grande Freight Train on Steep Grade Results Fatally.

Salida, Colo., Oct. 27.—The engine of the east bound Rio Grande freight broke away while descending a steep grade between Mears and Otto and went tearing through Mears at sixty miles an hour. It was overtaken by the cars and a collision occurred, wrecking the train. Four were buried in the wreckage, three were killed, and one frightfully injured. The dead are:

Samuel Brown, engineer.
Henry Simons, brakeman.
John Mulachey, brakeman.
Henry Fitzsimmons had arm and leg broken.

A defective air hose is said to be the cause of the accident.

STRIKING MINERS IN SPAIN USE DYNAMITE.

Bizao, Spain, Oct. 27.—The striking miners destroyed with dynamite during the night the railroad round house and electric light and telephone plants. The strike has spread to all the mines in the district. Employers are trying to induce the men to negotiate with them without the intervention of the unions. The men demand a weekly pay day.

LAS VEGAS AS ICE CENTER

Payrolls of This Industry Second Only to Those of the Santa Fe Railway.

ACTIVITY IN BUILDING

Quite a Number of Business Blocks and Residences Are Under Construction.

"Las Vegas is fast forging to the front as an ice center, the pay rolls of this industry being second only to those of the Santa Fe railway."

The foregoing statement was made yesterday by L. R. Allen, business manager of the Las Vegas Optic, who was a business visitor in the city.

"Notwithstanding the expectations of a number of the citizens of Las Vegas that the construction of the Rock Island would have an evil effect on the business of Las Vegas," continued Mr. Allen, "while it has effected it some, it has not to the extent that it was thought it would. In the course of another year Las Vegas will have recovered entirely from the effects of it. "The Santa Fe railway has extended its line a half mile further up the Hot Springs canon, doing some heavy construction work, one of the cuts being 70 feet. This was done in order to furnish additional trackage facilities for two large ice reservoirs of the Agua Pura company, of which F. H. Pierce, president of the board of managers of the New Mexico penitentiary is manager. The additional trackage was laid by the Santa Fe largely through the energetic efforts of Mr. Pierce.

Will Increase Ice Output.

"These two reservoirs will add considerably to the ice output of the Agua Pura company, which is already over 50,000 tons, but the Santa Fe railway is calling more heavily on Las Vegas each year for ice supply for its refrigerator cars. The mountain division of the Santa Fe will have all it can do in the freight line this winter, as a large number of the refrigerator cars from the Pacific coast heretofore

iced at Pueblo, are now to receive a fresh supply of ice at Las Vegas.

"The ice industry gives employment to 300 to 400 men during the winter, and next to the pay roll of the Santa Fe is the largest of any institution or corporation in Las Vegas.

"Construction work on the addition to the electric railway has proceeded as far as the plaza, and by January 1, it is expected that the work around the plaza and on a two mile loop around the town will have been completed.

"Among the minor improvements that go to help Las Vegas considerably has been the construction of cement walks around town. The west side has been making some great strides in this direction, and the new incorporation of West Las Vegas has resulted in much improvement being made.

Activity in Building.

"There are quite a number of buildings, both business blocks and residences, under construction, and the outlook for the erection of more new residences throughout the city is good. The general business of the city is good, but has slackened temporarily on account of the falling off in railroad business during the past month, largely due to the demand for cars to handle wheat and corn in Kansas.

"From reports, however, we learn that much of the immense California fruit crop will be shipped via the mountain route, and Las Vegas, and this in addition to the natural increase will boom the freight traffic that comes our way. "Great interest is also being taken in mining. Several mills have been erected west of Las Vegas, for handling the low grade ore, of which unlimited quantities are to be had. Denver as well as Las Vegas parties are investing large sums in mining property in and about Las Vegas."

Call on the New Mexican Printing Company for engraved visiting cards.

ANOTHER MASON OF THE THIRTY-THIRD DEGREE

C. T. Brown, of Socorro, Selected for That High Distinction and Great Honor by the Supreme Council in Washington, D. C.

Information was received this morning by Colonel Max. Frost, thirty-third degree inspector general and deputy of the supreme council of the Ancient and Accepted Scottish Rite of Free Masonry for the southern jurisdiction of the United States; that at the biennial session of the supreme council which met in the city of Washington last week, C. T. Brown, the well-known mining engineer and mine owner of Socorro, was elected to the thirty-third degree, and honorably inspector general for New Mexico. Upon his receiving this the highest and last degree of the Ancient and Accepted Scottish Rite of Free Masonry, New Mexico will have two thirty-third degree Masons, namely: Colonel Frost and Mr. Brown. Mr. Brown has been a resident of Socorro since 1880. He is a mining expert and engineer and has been actively and successfully engaged in mining for a number of years.

At present he and Captain A. B. Fitch of Kelly, are the lessees of and are working the Graphic Group of mines in the Kelly district. Mr. Brown is a native of Penobscott county Maine. He is in the prime of life, an exemplary citizen, a good and kind husband and father, and a man of the highest probity, much business ability, great energy and enjoys a most enviable reputation wherever known. In the York Rite of Free Masonry, he is a member of the Lodge, Chapter, Council and Commandery.

He received the degree of the Scottish Rite in April 1898, was elected to the honorary degree of Knight Commander of the Court of Honor by the supreme council April 1901. During the last four years he has acted as deputy for Colonel Frost in communication of the Scottish Rite degrees and organization of this Rite of Free Masonry in various sections of the Territory.

Mr. Brown stands very high in Masonic circles and is a hard worker laborer in the cause and propagation of the Scottish Rite of Free Masonry. For the past five years, he has been a member of the board of regents of the New Mexico School of Mines at Socorro and has served as secretary of the board. He has proved himself most efficient in his official position and deserves great credit for the unselfish and hard work he has performed for the up-building, advancement and prosperity of that institution, giving his services and time without compensation and without charge. The one hundred Scottish Rite Free Masons in the Territory will be gratified to know that this distinction and honor has been given to so worthy and successful a laborer in the cause of Masonry as Mr. Brown has proved himself since he received his degrees in the Blue Lodge eighteen years ago.

DENVER AND SOUTH-EASTERN TO ISSUE NEW BONDS.

New York, Oct. 27.—A committee of the bond holders of the Denver & Southwestern Railroad company, issued a plan of reorganization of the company's funded debt in order to arrange for the prompt payment of the semi-annual interest on the general

mortgage of the five per cent bonds which fall due on December 1.

It involves the issuance of new bonds the majority of which bear interest at three per cent, the rest at five per cent, the latter having the right to name the majority of the board of directors. The present stock company will not be disturbed.

GETTING BEYOND THE SCOPE OF THE PUBLIC SCHOOL.

The tendency of the times is to increase the scope of the public schools and to an alarming extent. In fact in many of the states public schools have become high schools, seminaries or colleges to all intents and purposes and the higher schools are being supported at the expense of the common school of the day. In some of the states, school banking is being tried and this, upon the whole, is not a feature that will prove of benefit. It will be remembered that a few months ago in Albuquerque, an attempt was made to have some sort of school banking introduced in the schools of that city. Fortunately the board of education of the Duke City turned the matter down. The Washington Post takes the proper ground upon the question in a recent editorial when it says that "despite the triumphal march of improvement in this happy country, absolute perfection has not yet been attained in all of our institutions and methods. One of our defects is a persistent inclination to refrain from trying to cover too much ground with a single device. Our free schools afford an illustration of this propensity. Originally intended for the specific purpose of giving the children the rudiments of an education, they have been expanded until they include all the ground between kindergarten and university, both inclusive. That seems to be the mandate of the people, and it is useless to object, although a few incorrigible old fogies may occasionally mutter a protest when the lower grades of schools are robbed to foster the higher."

"Is it worth while to interpose any objection against turning the public schools into banking establishments, as is being done in various states, and especially in New York? The New York Sun says that 'however excellent the intentions of the teachers who have introduced this system, it is obviously against the spirit of the banking law of the state and creates savings banks which are outside of supervision by the state banking department.' The Sun notes that in response to an inquiry from a school principal in Nassau county, Attorney General Cullen shows that these school savings banks are a violation of the letter of the banking law, section 31 of which says, in part:

"No bank, banking association, individual banker, firm, association, corporation person, or persons shall advertise or put forth a sign as a savings bank, or in any way solicit or receive deposits as a savings bank." "And the attorney general says that 'while this scheme of school savings banks may be commendable in many respects, it will unquestionably be subject to many abuses were it allowable and proper to constitute the various schools of the state practically savings banks for instructing and encouraging the pupils to save money, without any restriction or control on the part of the state banking department.'"

Immigration into this country during the fiscal year, which ended June 30, 1903, was thirty-two per cent greater than for the fiscal year which ended June 30, 1902, when the immigration was the greatest in the history of the country. Italians predominated; about 50,000 of them having come to these shores. The number of immigrants was over 900,000, and they brought \$16,000,000 to this country. The percentage of illiteracy among them, however, was very great and it is very doubtful if the immense immigration of last year will prove of benefit to the country.

Tourist travel to New Mexico should be encouraged in every possible way, especially by the railroads, namely: The Santa Fe railway, the Rock Island, and the Missouri and Denver & Rio Grande systems. By making low tourist rates with return limits of sixty and ninety days to the principal towns of the Territory from Chicago and the Missouri river points these rates could and would increase travel to this Territory very much. For their own good and in order to build up the Territory, which is giving them much profitable business, the roads in question should do so.

Speedy railway mail service on the Santa Fe Central. Let the people have it.

The confidence of the esteemed Albuquerque Citizen in Chairman Hubbell is sublime.

Abdul Hamid claims that he is a teetotaler. Hope this is so. There ought to be something good about him.

The hogish propensities of the American Steel corporation and kindred trusts have caused another drop in the price of pig iron.

To outsiders it looks as if Mr. Hubbell were after Mr. Clancy just as the hunter was after the bear when the animal was following him, and he was on the run.

Canadian Statesmen are still hot under the collar and talking of rejecting the findings of the Alaskan boundary commission. Well, what of it? They will have to take it out in talk.

During his recent visit to Chicago, Mr. Cleveland was not favored with a call by Mayor Harrison. The harmony existing between these eminent Democratic leaders is truly touching.

The Alamogordo News falls in with the New Mexican's advocacy of an early convention for the selection of delegates to the Republican national convention. That is all right.

A Pittsburg, Pa., boy the other day had the temerity to call Mr. Cleveland a "fresh guy." It is understood that the young man has been offered a well paying editorial position on a weekly paper called the "Commoner" and published at Lincoln, Neb.

The spellbinders on both sides of the political fence in New York are educating the voters of that town to a great extent these days. The words most commonly used in the speeches by these spellbinders concerning candidates on the other side are "liar," "scoundrel" and "cur."

The many people who attended the irrigation congress at Ogden, were especially impressed by the fine public school buildings of that enterprising Utah city. Perhaps, the day will come when visitors to Santa Fe will carry home similar stories of Santa Fe's fine public school buildings.

J. H. Tillman, who was recently acquitted of the murder of Editor Gonzales had twelve lawyers for his defense. Every man of them was in the court room with pistols in pocket. It is therefore not to be wondered at that the jury brought in a verdict of "not guilty." They know all about intimidation in South Carolina.

The New Mexico board of managers of the St. Louis exposition evidently believes in "all things come to him who waits." If they only wait long enough they believe that some one will be kind enough to erect a New Mexico building and will arrange the Territorial exhibit for them at St. Louis without any labor, trouble or expense to the board and to the people.

Russia may not be ready for war with Japan, but when one considers that the white czar has a fleet of ninety men of war loafing around the Yellow sea and three armies of a hundred thousand men each scattered throughout Manchuria he must consider that Russia is more ready for war than the diplomats and statesmen acknowledge.

Secretary of the Navy Moody wants \$103,000,000 for the support and increase of the navy during the coming year. The people of the great West are willing he should have this sum, as they believe in a strong navy for this country; at the same time they would like a few million spent in the construction of irrigation reservoirs and the reclamation of arid lands in the southwestern states and territories. One hand should wash the other in politics.

The New Mexican's course in advocating an early convention for the selection of delegates to next year's Republican national convention in Las Vegas, meets with the approval, not only of the leading Republicans of the Territory, but also of the rank and file of the party. This paper has received numerous letters commending its course and it will keep up its good fight until success is attained. An early convention at Las Vegas must be held. The Republicans of the Territory so demand.

The uncertainty in the existence of cities and towns depending altogether upon the mining industry for their prosperity, is again indicated by the set back to the town of Butte, Montana. It has grown from a little mining camp to be the metropolis of Montana, but now, at one blow, the city may be almost wiped from the map through the closing of the big copper mines and smelters in its vicinity. There are towns and camps in New Mexico which were prosperous and populous a few years ago and which are practically deserted today, because they were one industry towns. It is well to develop the mining industry but it is still better to develop agriculture, stock growing and diversified manufacturing industries although this may not be as glittering a task as discovering and developing bonanzas in mineral sections.

"Real thing" served at the Bon Ton.

We Know What

Is going to happen to the little boy who is stuffing himself with green apples. A grown man couldn't be induced to try that experiment; and yet the grown man will overload himself with indigestible food for which he will pay a greater penalty than colic. It is this careless and thoughtless eating which is the beginning of stomach trouble and all its painful consequences.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other forms of "stomach trouble." It restores the weak and run-down man or woman to sound health.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. F. Cignars, of Minneapolis, Minn. "When first I commenced taking your remedies I was under treatment of a well-known specialist in this city (and had been for four months), for stomach trouble, and especially stomach trouble, and I was rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly, and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and, after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for your medicine has done for me."

Dr. Pierce's Pellets cure biliousness and sick headache.

The people along the line of the Santa Fe Central railway are complaining of the inefficient and slow mail service they are getting and because railway mail service is not in operation along the line. The railway mail authorities should obviate these just complaints by establishing railway mail service on the line without delay. It is positively ridiculous to supply the towns along the line and within ten and twelve miles east and west of the line by star mail routes, service that ought to be done in a few hours, now takes several days. This should be stopped immediately. This matter is in charge of the railway mail authorities in Denver and St. Louis. The superintendent of this division should take it up at once and remedy it as a matter of convenience to the people as well as in the interest of economy and good service by the government.

It is good news that work is to be resumed on the New Mexico Eastern, or Belen cut-off. President Ripley of the Atchison, Topeka & Santa Fe Railway company, himself, announced last Saturday that the project, as originally planned would be completed, involving not only connection with the Rock Island system at Torrance but also the building of the extension to Texico. Although the completion of the projected line may mean the abandonment of through traffic on the main line from La Junta, Colo., to Puerco, Valencia county, New Mexico will be the ultimate gainer by the development of the region to be traversed by the New Mexico Eastern. There need be no fear that Santa Fe, Albuquerque or Las Vegas will lose any prestige on account of the diversion of through travel to the new line, for these three cities are so favorably located for local development and so well advertised as to attractions for tourists and health seekers, that they will continue to grow and prosper as the Territory grows and prospers.

The survey of the Santa Fe Central extension from Torrance to Roswell is completed and important railroad developments may be expected by the beginning of the new year. There is much speculation as to who will furnish the capital to build the line from Torrance to Roswell and from there to Big Springs, Texas, the prevalent idea being that the Gould interests are back of the project. Says one of the New Mexican's exchanges: "The Santa Fe Central surveyors have completed the survey from Torrance to Roswell and stopped within two miles of the latter place in order to keep it a secret at present as to the point of entrance. There seems to be hardly any doubt but that the Santa Fe Central will eventually build into Roswell and probably on to connection with the Texas & Pacific. The impression has gained ground that the money for this line is really coming from the Gould interests." Be that as it may, the building of the proposed line would be a mighty good thing for New Mexico, especially for Santa Fe and Roswell, and eventually for the builders and owners of the line.

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread. Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." \$1.00 per bottle of druggists. Book containing valuable information mailed free. THE BRADFORD REGULATOR CO., Atlanta, Ga.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages run to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilitic and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, lodging and bathing, \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor Ojo Caliente, Taos County, N. M.

MILITARY MEETING

Company F. First Regiment Infantry, Adopted Resolutions and By-Laws Last Evening.

SOCIAL ORGANIZATION

Officers Elected, Also Committees to Govern Company and Promote First Military Ball.

At a business meeting of Company F. First regiment infantry, held last evening in the editorial rooms of the New Mexican, resolutions and by-laws as submitted by the committee were unanimously adopted, officers for the social organization elected, an executive, finance and committees on resolutions and by-laws elected, as well as an arrangement, reception and entertainment committee to promote the grand military ball to be given in the opera house on Thanksgiving eve, after which event the last three named committees will be discharged with thanks, and new committees elected for the next social event or entertainment.

Resolutions and By-Laws. The following resolutions and by-laws governing Company F, First regiment infantry, were read by Dr. James A. Massie, chairman of the committee on resolutions and by-laws, and unanimously adopted:

Be it resolved, That only young men of good moral character, and permanent residents of Santa Fe, are eligible for membership in the company, and that new members be elected by a two-thirds vote of the company, after the name of the applicant has been posted in the armory for one week, previous to said election.

Further be it resolved, That failure to receive a two-thirds vote of the company, bars an applicant from becoming a member of said company.

Further be it resolved, That the social organization of Company F, First regiment infantry, be known and is hereby designated as the "W. H. Andrews Rifles," and that it is the purpose and intent of such social organization to promote sociability among the members, to hold military balls or entertainments once a month or as occasion may require, and to establish in the armory, and another room for which the title will be acquired through His Excellency, Governor Miguel A. Otero, commander-in-chief of the National Guard of New Mexico, a reading and club room, where papers, magazines and books will be kept on hand, a series of gymnastic exercises established, and where the members of the company, or the honorary members, to be hereafter provided for, can engage in games of all kinds for social pastime, gambling of all kinds to be prohibited, under penalty of discharge from the company of any member or members using the club room for such a purpose.

Further, be it resolved, That the president of the social organization shall be the captain of the company, and that in his absence the commanding officer of the company preside at the meetings, and that the other officers of the social organization, viz.: Vice-president, secretary and treasurer, be chosen from among the members of the company, the quartermaster sergeant, to be chosen by courtesy as treasurer of said social organization as is the custom.

Further, be it resolved, That an honorary membership of the "W. H. Andrews Rifles," be selected from the ranks of the representative citizens of Santa Fe, who by reason of age, limitation, or business, are unable to become active members of Company F, First regiment infantry, National Guard of New Mexico.

Further, be it resolved, That the dues of the members of the "W. H. Andrews Rifles," both active and honorary, shall be fixed at \$1 per month, and that the members of said organization pay for, until such a time as a fund has been established, all tickets to military balls and entertainments the same as outsiders.

Further, be it resolved, That all of the military balls and entertainments to be given shall be strictly invitation affairs, and no one not holding an invitation will be admitted to such entertainments.

Further, be it resolved, That committees on arrangements, reception and entertainment, for the promotion of military balls, entertainments and general sociability be elected from among the members of the company, one officer to be represented on each committee.

Further, be it resolved, That committees on by-laws and resolutions for the company, one on finance, and an executive committee be elected from among the members of the company, one officer to be represented on each committee.

Further, be it resolved, That each and every member of the company, so promote the welfare of the organization, and the entertainments to be given, that it will be possible for Company F, First regiment infantry, to attend the Louisiana Purchase Exposition, to be held in the city of St. Louis next year, and creditably represent the National Guard of New Mexico.

Further, be it resolved, That no bills shall be contracted for except upon the approval of the finance committee,

to which all bills will be referred for payment. Further, be it resolved, That the by-laws of the company may be amended from time to time as may be found expedient and to the best interests of the company.

DR. JAMES A. MASSIE, Chairman.

A. B. RENEHAN, SGT. R. SPARKS, Q. M. S. A. J. FISCHER, CAPT. J. H. NICHOLSON, Officers and Committees.

The following officers and committees were then elected, the temporary committee on resolutions and by-laws being made a permanent one:

Captain James H. Nicholson, president; Dr. James A. Massie, vice-president; Samuel S. Wrightsman, secretary and Quartermaster Sergeant A. J. Fischer, treasurer.

Resolutions and by-laws—Dr. James A. Massie, chairman; A. B. Renehan, Sergeant R. Sparks, Quartermaster Sergeant A. J. Fischer and Captain James H. Nicholson.

Finance—Sergeant R. H. McKenzie, chairman, Quartermaster Sergeant A. J. Fischer, Corporal Hugh F. Du Val, S. S. Wrightsman, and Lieutenant Manuel B. Otero.

Executive—Dr. J. L. Norris, chairman, First Sergeant R. S. Manger, Sergeant John K. Stauffer, Sergeant James A. Davis and Captain James H. Nicholson.

Arrangements—Lieutenant M. B. Otero, chairman; Corporal Clarence C. Pierce, W. P. Clarke, J. M. Zook, and W. H. Bartlett.

Reception—S. S. Wrightsman, chairman; I. N. Jones, Dr. J. L. Norris, Musician George Ellis and Captain James H. Nicholson.

Entertainment—Lieutenant E. C. Abbott, chairman; E. B. Field, Sergeant Charles M. Stauffer, Corporal William D. Newcomb, and Lawrence F. Monteleone.

Grand Ball Thanksgiving Eve. It was arranged that the first grand military ball be held in the opera house Thanksgiving eve, and that a dance program be rendered by the Capital City band orchestra. Captain Nicholson was authorized by the committee on finance to attend to the necessary printing of invitations, dance programs, etc., as the ball will be strictly an invitation affair.

There being no further business the company adjourned to meet at the armory next Monday evening, at which time uniforms and the new Krag Jorgensen rifles with which the command will be armed, will be issued.

PERSONAL MENTION

Miss Minnie Clarke of Albuquerque, is a visitor in the city.

Thomas Moore of Albuquerque, is a business visitor in the city.

O. W. Alexander, mining expert, with headquarters at Cerrillos, arrived from that burg last evening.

E. P. Hubbell of Denver, Colo., representing the Denver type foundry is a visitor in the Capital securing business.

Judge Daniel H. McMillan of Socorro, has gone east on a visit and will be at his old home in Buffalo for some weeks.

Traveling Auditor C. V. Safford has returned from an official business trip to Union, Rio Arriba, San Juan and Mora counties.

W. H. Hahn of Albuquerque, agent for the Colorado Fuel and Iron company in this city and in Albuquerque spent the day in the Capital on business.

Colonel W. H. H. Llewellyn of Las Cruces, district attorney for the third judicial district, spent the past week in the City of Mexico on mining business.

Mr. and Mrs. Frank Werner, who for the past week have been the guests of their mother, Mrs. Joseph Hersch, left today for a month's visit to Arizona and California.

Mrs. Kirby of Cleveland, Ohio, is the guest of her son, J. H. Kirby, chief clerk to Colonel W. S. Hopewell, general manager of the Pennsylvania Development company.

B. W. Robbins, general freight and passenger agent for the Santa Fe Central, went down to Torrance today, to look after the freight interests of the company.

Robert S. Mauger has transferred his business relations from Sunmount Tent City to the Santa Fe Water and Light company, where he has entered upon his duties as bookkeeper.

E. A. Charlton of Washington, inspector of forest reserves, has been on a tour of inspection of the Pecos forest reserve and is now in Las Vegas. He will return here Thursday.

G. W. Richard of St. Louis, who is an expert stenographer, will likely take a position with the Sunmount Tent City management on the first of the coming month.

Isidoro Ferran of Coyote, Rio Arriba county, arrived from the north yesterday on a visit to a son and daughter, who are attending St. Michael's college and the Loretto academy respectively.

Delegate B. S. Rodey will leave New Mexico for Washington this evening, where he will look after the official duties of his position until the meeting of the extra session of Congress on November 9.

A. R. Manby of Taos, who is receiver of the Taos County bank and of the business of Juan Santistevan, arrived from Taos yesterday. He is attending to business connected with his duties as receiver.

Jay Turley, United States deputy surveyor, returned yesterday from Albuquerque. This morning he left with a pack outfit and a corps of assistants to survey township 19, N. range 10 E, on the headwaters of the Nambe.

Rev. and Mrs. Victor J. Bauer will leave early next month for Albuquerque, their former residence, Mr. Bauer having resigned his position as manager of the Capital Coal Yard to accept a better position in the Duke City. He will be succeeded by a son-in-law of the proprietor of the coal yard, Mr. Hahn of Albuquerque.

William Hill and daughter, of Holstein, Iowa, are in town. Mr. Hill will remain in New Mexico during the winter for the benefit of his health and will spend part of his time in this city and part in Albuquerque. He is in the grain and cattle business at home. He has recently recovered from a severe attack of pneumonia, and fears that the climate of Iowa is too rigorous, hence he came to the sunshine Territory for the cold season. His recent illness was contracted while on a tour of California.

Dr. Nathan C. Boyd of Washington, D. C. president of the Rio Grande Dam and Irrigation company, is in Albuquerque. For several years Dr. Boyd has fought the promoters of the scheme to secure legislation which would prevent the Elephant Butte company and the Rio Grande valley in New Mexico from storing the waters of the Rio Grande river. At one time Dr. Boyd represented a company of English capitalists but he has been making his fight alone for the past three years. He says that during the coming session of Congress he is prepared to present a stronger case than ever before.

The Annual Dividend Policy is the Best Life Insurance.

DENIAL OF RUMOR OF REDUCTION IN WAGES.

New York, Oct. 27.—An emphatic denial was made here by representatives of several important western railroads to the widely circulated rumors that a concerted effort was to be made by the western roads to reduce wages. The opinion generally expressed is that such a plan will not be feasible.

Advertise in the New Mexican and increase your business.

STEAMERS IN PERIL.

Special From Dawson Says They Are Exposed to the Yukon Ice and Frost.

Seattle, Wash., Oct. 27.—A special from Dawson says that steamers and cargoes valued at more than two million dollars, remain exposed to the perils of the Yukon ice and frost with little hope of being got to places of safety for the winter. All are in danger of being crushed by the ice.

DOMINICAN CRUISER HEADS OFF MAIL STEAMERS.

Cape Haytien, Hayti, Oct. 27.—The Dominican cruiser Independencia, appeared off Puerto Plata, Santo Domingo, which is in the hands of the revolutionists today and prevented the Cuban mail steamer, Maria Herrera, from entering the port.

The Independencia then left Puerto Plata going toward the American mail steamer Cherokee, coming from Monte Christi, in order to prevent her from touching at Puerto Plata.

MURDER INDICTMENT AS RESULT OF LYNCHING BEE.

Cheyenne, Wyo., Oct. 27.—The grand jury of Big Horn county, has indicted James G. Patlock on the charge of murder, in connection with the lynching of Gorman and Walters last July at Basin. Deputy County Clerk Price was killed during the attack on the jail. It is said that a member of the mob now concealed in Montana turned state's evidence. Other indictments are expected. There were sixty in the mob.

RUN STARTED ON TWO ST. LOUIS BANKS.

St. Louis, Oct. 27.—As a result of disquieting rumors a run was started today on the Mississippi Valley Trust company, but as fast as the depositors poured in, they were given money without hesitancy. A run was started on the Mercantile Trust company at 1:30 by the savings depositors. Officials declare they do not know what started the rumors.

BASEBALL CONTROVERSY WILL BE ARBITRATED.

Colorado Springs, Oct. 27.—T. J. Burns and D. C. Packard, western league magnates, made an official announcement today regarding their controversy with the American association. The whole question is to be left to the arbitration board of which Howard Griffiths of the Jersey City club has been selected as chairman, each league is to select another member.

RUSSIANS HAVE FORTIFIED YONGAMPHO ON YALU.

Yokohama, Oct. 27.—Official advices received at Tokio tend to confirm the report that the Russians have fortified Yongampho on the Yalu river. The Korean government has protested against this act and important developments may follow, as this is an infringement of Korean integrity.

DAN PATCH BREAKS PACING RECORD AT MEMPHIS.

Memphis, Tenn. Oct. 27.—(Bulletin)—Dan Patch (1:56 1/4) this afternoon paced a half mile in one minute and fifty-six seconds, clipping a second and a half from the best previous record made by Prince Alert at Providence last Saturday.

THREE MEN KILLED AT NIAGARA FALLS.

Niagara Falls, N. Y., Oct. 27.—Three men were killed and three injured today in an accident at the Canadian Niagara Power company's plant at Niagara Falls, Ontario. They were being lowered into the pit in a bucket when it overturned, precipitating them to the bottom of the shaft, a distance of 150 feet.

DEMobilIZATION OF BULGARIAN RESERVES.

London, Oct. 27.—In a dispatch from Sofia, Bulgaria, the correspondent of the Times says that an order has been issued for the complete demobilization of the Bulgarian reserves all of whom will return to their homes tomorrow. This apparently marks the end of the war scare for this year.

There are some pure mustards now; Schilling's Best was the first. But pure is not fine; Schilling's Best is the only fine, or at least the finest; not colored; there's prettier mustard to look at—that isn't what mustard is for.

HEALTH BREAD.

We are now making health bread for which we charge only five cents a loaf. For those who prefer for reasons of health or otherwise to use a whole wheat bread we can highly recommend this. All our bread is coming out especially nice these days. We have a head baker who does nothing but look after the bread making, and he does it right. We still have a liberal supply of flour made from old wheat, which accounts in part for the excellent quality of our bread.

CHASE & SANBORN.

A great many brands of coffee have been introduced in Santa Fe during the past ten years. Chase & Sanborn's has been sold here for fifteen or more years. There is more of it sold now than ever before. It is the only coffee which you can be sure is

absolutely fresh. There is a date on the can by which anyone can tell the date to which the freshness is guaranteed. Sold in cans only at per pound..... .40

BUTTER AND EGGS.

It is very annoying to go to the table and find that the butter or eggs are "off." You will run no risk of this if you will make sure that you get MEADOW GOLD butter and SELECTED eggs.

IMPERIAL FLOUR.

Those who have used IMPERIAL FLOUR tell us that it is much the best for all round family use. We are still selling it at the absurdly low price of 50 pounds for..... \$1.25

FERNDELL.

Ferndell canned goods are much the best that can be found. First grade canned vegetables and fruit are very short crop this year. You cannot do better than to order the Ferndell brand. If the Ferndell grade cannot be found in any particular variety, then that variety is withdrawn from sale. We bought early this year and our customers will get the benefit in being able to select from a wide line, at moderate prices.

POTATOES.

We are now receiving first class Colorado potatoes which are in condition for winter use.

HAY, ALFALFA, GRAIN, FEED and FLOUR a specialty with us.

SANTA FE, N. M.

J. P. VICTORY

Attorney at Law and Real Estate Agent

112 San Francisco Street, Santa Fe, N. M.
REAL ESTATE LOANS.

Money to loan upon real estate security on easy terms.

HOMES.

I have a nice cottage (double) six rooms on one side, 4 on the other; owner occupies 4 rooms and the rest rent for \$25 a month; good neighborhood; ample space to erect other buildings on same street; stables and other outbuildings; the price asked is very low.

Can sell at a bargain cozy homes on Manhattan avenue, one a new stone house with all modern improvements; the other an adobe-brick house, 7 rooms; fruit and vegetable garden; city water, hydrant and tank; 70 choice fruit trees; currant and raspberry bushes; lot 80 by 265 feet. The stone house will be rented.

ORCHARDS.

I also have a fruit ranch in a high state of cultivation, in the suburbs, with a building site overlooking the entire city of Santa Fe. On it there is an artificial reservoir, the only one of its kind in the city, 12 feet or more in depth, holding over 125,000 gallons of water, constantly replenished, from which the whole place can be irrigated daily during the summer, and which could be stocked with fish. The land contains many hundreds of young trees of the finest and most valuable varieties of apples, peaches, pears, plums, apricots, cherries and other fruits, the greater part of which already bear; a young bearing vineyard, thousands of bushes of currants and other small fruits; extensive beds of asparagus, rhubarb, and other fine vegetables. To be sold on easy terms, and for much less than it cost, owing to ill health of the owner.

CHURCHES.

I am authorized to dispose of the Congregational Church, on the south side, convenient to the contemplated Union Depot. It stands upon two lots, and will be sold cheap, or the building will be repaired and leased to responsible parties.

THERE ARE OTHERS.

Several small houses, some stone, some brick, others frame, upon my books, which I would be glad to show an intended purchaser. They are desirably situated, and will be sold cheap.

PLAZA PROPERTY.

To those wishing to catch the cream of Plaza real estate I can offer blocks at figures that will double themselves in less than three years.

SAN FRANCISCO STREET.

I have several business blocks for sale on this great mart of trade, some of them producing more than eight per cent, net, on purchase price asked.

IMPORTANT TO LIVERYMEN.

I can sell you the finest and best equipped livery stable in the Territory at two-thirds of its real value; includes fee of land and commodious brick barn, together with the good will of a flourishing business, 30 horses, busses, hacks, picnic wagon, buggies, and all the other vehicles that go to make up an up-to-date livery barn, and all practically new. Good excuse for sale. In a live and growing city. Write for particulars.

OTHER BUSINESS CHANCES.

I have several other commercial and business propositions to submit those desiring to enter mercantile life and to grow up with the new era of prosperity now coming in with the Santa Fe Central railway.

OUTSIDE PROPERTY.

At El Cuervo, 10 miles from the Rock Island road, I can sell you about 640 acres; patented; excellent grazing land.

Convenient to Las Vegas, I have for sale several large tracts of desirable land which I am permitted to sell at very low figure. One tract contains about 3,500 acres, and is located about three and one-half miles southwest of Las Vegas; nearly all of it is under fence; good grazing and water for stock; some timber. Another tract of 550 acres, 7 miles from Las Vegas; timber and grazing, with an excellent stream of water passing over it. Still another tract of 350 acres of farming, grazing and timber land, 8 miles west of Las Vegas, with running water upon it.

COAL AND TIMBER LANDS.

I can sell you large tracts of land suitable for mining coal or the production of timber.

CATTLE AND SHEEP RANGES.

In all parts of the Territory, and one in Wyoming.

ROOMS: FURNISHED OR UNFURNISHED.

Furnished or unfurnished rooms in all parts of the city. Single, or en suite, for light housekeeping. Some of them within five minutes walk of Plaza.

I will take pleasure in showing prospective investors desirable building sites in the neighborhood of the Capitol, and in the vicinity of the Presbyterian church, and other localities of the city which in a few years will be worth double the present asking price.

RESERVOIR PROJECTS

(Continued From First Page.)
feet, without any expense except for the outlet works, which will be in red sandstone.

The works contemplated in this project are a dam and head works on the Pecos river, about ten miles below Fort Sumner, about thirty-six miles of canal to carry 1,200 second-feet in times of flood; three structures at crossings of creeks; the necessary outlet work, including a tunnel 7,000 feet long, and about thirty miles of distributing canals on the lands to be irrigated. A rough estimate of cost of this project is \$1,020,050, or \$17 per acre. There is little doubt that this land would all be settled up rapidly, as it is within twenty miles of the Pecos valley and Northeastern railroad, which line would undoubtedly build a branch to this section.

Dry Year Measurements.

There are, however, some uncertainties in connection with the project which will have to be considered, one being the possibility of the reservoir not being filled some years. The data relating to the stream measurements are not complete, and it will be necessary to continue the records of the run off of the Pecos river during the time of the surveys of the canal and of the irrigable lands are being made, and during the construction until the works are finished. It appears from the best information that the reservoir could be filled every ordinary year, but occasionally a dry year, such as 1903, creates a doubt as to the possibility of always filling the reservoir. It is probable that the seepage from the irrigated lands considered under these projects would eventually more than make up for any apparent loss below them occasioned by the proposed disposal of the water from the Pecos river.

MEXICAN DISHES.

Can be found only at the new first-class lunch counter which has been placed at the Bon Ton. Call on us. We will treat you right.

MINOR CITY TOPICS

H. S. Kaune's store team ran away this morning.

J. P. Victory has \$750 to loan on real estate security.

The running team of the Santa Fe fire department will hold a dance at the opera house Saturday evening, November 7.

The Ladies' Aid Society of St. John's M. E. church, will hold a bazaar the last week of November, and in connection with it will serve a Thanksgiving dinner.

All members of Company F, First regiment infantry, who were not present at last night's meeting, are requested by Quartermaster Sergeant A. J. Fischer, the treasurer of the social organization, to pay their October dues to him at his pharmacy, and he will issue receipts.

The local weather bureau predicts fair weather for tonight and Wednesday, and warmer weather in the southern portion tonight. The maximum temperature yesterday was 62 degrees at 1:10 p. m. and the minimum 43 degrees at 3:15 a. m. The temperature at 6 o'clock this morning was 41 degrees.

The election of officers and directors of the Pecos valley lines of the Santa Fe railway, was held at Roswell, Chaves county, and the result was announced yesterday. The new officers are: H. U. Mudge, president; Avery Turner, vice-president and general manager; J. C. Paul, treasurer; D. A. Sweet, secretary; A. L. Conrad, auditor.

Mayor Sparks and City Marshal Alarid have rented from Mrs. Manderfield a corral to be used as a pound for confining all animals found loose on the streets. Hereafter all animals found loose on the streets will be promptly taken up and the usual charges assessed against them. When the impounded animals are offered for sale if no purchaser is found, a proper disposition will be made of their carcasses.

Hyman Lowitzki, formerly of this city is now a prosperous merchant at Rancho de Taos, and is getting along well. He drives a fine trotting mare which has a record of 2:45 per mile. He is also trading in horses and cattle and has about fifty head of the former for sale at \$5 up per head. "Hymy" as he was called here by everybody who knew him and everybody did know him, is well satisfied with his change of residence and business.

Benjamin M. Read, Esq., has three cottages under contract and construction. One house, four rooms and a hall of adobe and brick, tar roof, well built is nearly finished and will be ready for occupancy by the first of December. The second building on Metropolitan avenue, of adobe and brick will contain five rooms. This will be ready for occupancy by the first of January. The third building on which construction has just commenced, will be the largest of the

Fifty Years the Standard

Improves the flavor and adds to the healthfulness of the food.

PRICE BAKING POWDER CO., CHICAGO.

three and will consist of six rooms and a hall, also built of brick and adobe, and is on Garfield avenue. This also is expected to be ready for occupancy by January 1. Mr. Read has absolute faith in the town and is putting whatever money he can get together, into real estate and building in Santa Fe, believing that this city has an assured future before it. Mr. Read has already many applicants for these buildings as soon as completed and two of them have been rented at a fair rental. If more of the citizens of Santa Fe would follow Mr. Read's public spirit and action the town would grow much faster.

Emmett Wirt, Indian trader at the Jicarilla reservation at Dulce has been appointed administrator of the estate of the late A. P. F. Coape, who some three weeks ago committed suicide at that point. It is understood that the estate is quite valuable and that it contains many good skins of wild animals, such as bear, mountain lion, lynx, mountain wolves and others, also two stores, one at Lumberton and one at Largo and a saloon at Lumberton are included therein.

JUDGE ESTEE DEAD.

Passes Away in Honolulu as Result of an Operation for Kidney Trouble.

Honolulu, Oct. 27.—United States District Judge M. M. Estee is dead as the result of an operation two days ago, for kidney trouble. For many years he took a prominent part in the development of California. He was a Republican leader and chairman of the convention that nominated Harrison. He was twice a candidate for governor of California and was defeated. Appointed judge of Hawaii by McKinley.

RIOT REPORTED FROM THE DOUKHOBOR COLONY.

Chicago, Oct. 27.—A dispatch to the Tribune from Winnipeg, Manitoba says:

Word has been received here that a riot of the Doukhobor colony to the north of Swan Lake, three persons were killed and another fatally injured. Peter Veregine, the self styled Christ, before leaving on a visit to another colony told these people to follow out his doctrine during his absence and to pay no heed to the so-called missionaries who might visit them. A Methodist minister arrived at the settlement and tried to preach to them. The community divided itself, one faction of the women started to look for their leader, Peter Veregine. The men interfered and a pitched battle ensued, and the contestants used the first weapons that came in their hands.

Fine millinery, etc., at Miss Muger's.

RUSSEL SAGE'S ADVICE,

"Young man, Buy Real Estate,"

Will soon rank with Horace Greeley's aphorism,

"YOUNG MAN GO WEST!"

"If you are going to do a good thing, do it in the best way," is another maxim of which you will appreciate the force if you will either call on or communicate with W. P. CLARKE BEFORE BUYING TOWN LOTS ELSEWHERE.

BE WISE.

Put your money into land—Own a Town Lot and Home. Do like your fathers did—buy good property in a live town, and your children will rise up and call you blessed.

It is entirely safe to presume that within a very short time the town of ESTANCIA will be one of the liveliest, largest and most substantial towns in this section of the southwest.

Be sure and write for all information desired at once. THE PRICE OF THESE LOTS WILL INTEREST YOU.

TERMS TO SUIT.

Address all communications to

W. P. CLARKE,

SANTA FE,

NEW MEXICO.

JAILED FOR LARCENY

James Walsh, of Socorro, Stole One Suit of Clothes and May Wear Another.

EDDY SCHOOL FUNDS

County Superintendent Kerr Receives \$2,632.89 of Which \$555.04 Goes to Carlsbad.

SOCORRO COUNTY.

A tramp in climbing out of a box car in front of the depot at San Marcial Thursday night, stepped in front of the car wheel which almost instantly cut off one foot.

William McNew has transferred his cattle interests on the Jornada range to Anderson & Co. Six hundred and fifty head of cattle are represented in the deal and a money consideration of \$12,000.

The new town across the river from Paraje, the headquarters for the large mercantile, cattle and sheep interests of John Rouiller, will be called William Tell, the name of a cattle company controlled by the Rouillers and Grandjeans.

James Walsh, charged with stealing a suit of clothes from his former employer, F. M. Clough, and a diamond pin from Engineer Walker at San Marcial, was taken to the Socorro jail last week dressed in his stolen clothes.

Harry Anderson returned to San Marcial from Winfield, Kansas, with his bride, formerly Miss Lottie Wagoner of that city. Since their marriage Mr. and Mrs. Anderson have taken a trip around the country but are now at home in San Marcial.

Tenders are being asked for by the postoffice department to carry the mail from San Marcial to Paraje on every week day. The Lava postoffice will be discontinued about the middle of November and the present route via Lava will be abandoned.

H. O. Bursum, superintendent of the New Mexico penitentiary, reached San Antonio last Monday and is now superintending the shipping of the wool cut from his sheep and the delivery of a large number of wethers which he has sold to eastern buyers.

A few yards of plastering broke away in the reading room of the new depot at San Marcial a few days ago, but was soon repaired by Mr. Lamkin. The porch roof of the building was also injured by a furniture car which was kicked on the track in the rear of the depot.

EDDY COUNTY.

J. E. Earhart, who passed last winter at Carlsbad, died at El Paso last week of consumption.

Rev. D. B. Titus of Des Moines, Ia., has been called to the pastorate of the Christian church at Carlsbad.

George Lucas has bought the dray and livery business of Mrs. George McBiles and Fred Davis at Carlsbad. Edward Caldwell, merchant at Malaga, was married last Saturday at Pecos, Texas, to Miss Eliza Davis of that city.

J. B. Fods, wife and son of Staten, Wisconsin, have settled at Carlsbad for the benefit of the health of Mrs. Fods.

Jacob Holderman of Carlsbad, on Monday, sold to E. K. Stutes of Alva, Oklahoma, 44 head of unbroken horses at \$440.

On Saturday evening of this week a meeting will be held at the court house at Carlsbad to discuss the matter of organizing a cavalry company.

Krause and Wiggins have been awarded the contract to build an eight room house for L. Ramuz on his homestead at the mouth of Dark canon.

Bishop John Mills Kendrick of Phoenix, Arizona, will hold daily services in the Protestant Episcopal church at Carlsbad from November 17 to November 22.

David Kemp and Miss Ada Patty were married at Carlsbad on Sunday evening at the home of the bride's parents. Justice John L. Emerson performed the ceremony.

The cotton gin at Carlsbad was started last week on cotton from the farm of the Ramsey-Brady company at La Huerta. The yield averaged a bale and a half to the acre.

County Superintendent of Schools M. P. Kerr has made the apportionment for October, the total amounting to \$2,632.89 of which the Carlsbad school district received \$555.04.

The business men of Carlsbad having failed to reach an agreement as to a site for the proposed new depot of the Pecos Valley & Northeastern railway, the company has abandoned for the present the idea of building a depot.

Albert Seavey, city pound master and teamster of Carlsbad, was badly hurt last week. He was thrown from his horse and was found several hours afterward by J. O. Cameron and Hugh Freeman. He was taken to the hospital and while it was found that no bones were broken grave fears are entertained that he will not recover.

There is trouble in the Carlsbad fire department. At the recent fire in which Judge A. A. Freeman's barn was destroyed, Carlsbad's mayor, C. H. Klauder, ordered the department to the fire although Judge Freeman's property is located outside of the city limits in the suburb of Huerta. This was against the orders of Fire Chief Ohnemus. The fire department held

a meeting last week and passed resolutions that in the future it would answer no calls to extinguish fires outside of the city limits. It is up to Mayor Klauder now to issue an ultimatum.

An attempt was made last week to steal "Joe," the trotting stallion of A. E. Siegner at Carlsbad. The thief borrowed a fifty dollar saddle and blanket from T. A. Ezell and while Mr. Siegner was absent from his home sought to saddle "Joe" and ride away on him. But "Joe" raised such a rumpus that Mrs. Siegner heard the noise and started to investigate. The thief took to his heels.

Carlsbad as well as Roswell, was greatly disappointed because W. R. Hearst had left the Congressional party before it reached the Pecos valley. Hon. G. A. Richardson, H. F. M. Bear and Jerry Simpson went all the way from Roswell to Carlsbad to meet the visitors and showed them the attractions of the lower Pecos valley. However, the affair was like the play of Hamlet with the person of Hamlet left out.

TAILORING.

Muralter, the tailor, is headquarters for fine fall and winter suits, latest patterns, from \$30 up. Also a large line of samples of Murphy Brothers' line, fine business suits from \$17 up, trousers to fit from \$4.50 up. Special attention is called to a fine line of samples and styles of ladies fall and winter tailor made suits. A call to inspect our line is earnestly solicited. Perfect fits guaranteed.

A Love Letter.

Would not interest you if you're looking for a guaranteed Salve for Sores, Burns or Piles. Otto Dodd of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best Salve on earth, 25c at Fischer Drug Co."

Notice for Publication.

(Homestead Entry No. 4612.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., Oct. 12, 1903. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on November 23, 1903, viz: Harry S. Arnold, guardian of Henry Getz, Jr., heir of Henry Getz deceased, for the sec. 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, township 17 north, range 12 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Hilario Roybal, Simon Vivash, Henry Monte, Theodore G. Martin, all of Pecos, N. M., and M. NUEL R. OTERO, Register.

DO GOOD—IT PAYS.

A Chicago man has observed that, "Good deeds are better than real estate deeds—some of the latter are worthless. Act kindly and gently, show sympathy and lend a helping hand. You cannot possibly lose by it."

Most men appreciate a kind word and encouragement more than substantial help. There are persons in this community who might truthfully say: "My good friend, cheer up. A few doses of Chamberlain's Cough Remedy will rid you of your cold, and there is no danger whatever from pneumonia when you use that medicine. It always cures. I know it for it has helped me out many a time." Sold by all druggists.

Broke Into His House.

S. Le Quinn of Cavendish, Vt., was robbed of his customary health by invasion of Chronic Constipation. When Dr. King's New Life Pills broke into his house, his trouble was arrested and now he's entirely cured. They're guaranteed to cure, 25c at Fischer Drug Co.

The best in the market not too good for the Bon Ton.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk N. Y., "but when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had Consumption in an advanced stage also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Fischer Drug Co. Trial bottles free.

HE LEARNED A GREAT TRUTH.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.

SAVED HIS LIFE.

J. W. Davenport, Wingo, Ky., writes June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. Sold by Fischer Drug Co.

THE BEST DOCTOR.

Rev. B. C. Horton, Sulphur Springs, Texas, writes July 19th, 1899: "I have used in my family Ballard's Snow Liniment and Horehound Syrup and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." 25c, 50c, \$1.00. Sold by Fischer Drug Co.

Notice for Publication.

(Homestead Entry No. 5040.)

DEPARTMENT OF THE INTERIOR.

Land Office at Santa Fe, N. M., Oct. 10, 1903. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on Nov. 18, 1903, viz: Juan Gonzales y Roibal, for the sec. 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, township 15 north, range 11 east. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Jesus Gonzales y Roibal, Tiburcio Monroy, Albino Encinas, Andres Garcia, all of Gorieta N. M., and MANUEL R. OTERO, Register.

You need not wait for your meal at the Bon Ton.

Cures Winter Cough.

J. E. Gover 101 N. Main St., Ottawa, Kan., writes: "Every fall it has been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got her a bottle of Horehound Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, two or three doses stops the cough, and she is able to be up and well." 25c, 50c, \$1.00. Sold by Fischer Drug Co.

"The Grand Canon of Arizona," a superbly illustrated volume of 124 pages. Fifty cents a copy. Apply to H. S. Lutz, city agent of the Atchison, Topeka and Santa Fe Railway in the Catron Block.

For a pleasant physic take Chamberlain's Stomach and Liver Tablets. Easy to take. Pleasant in effect. For sale by all druggists.

Mineral Application No. 147.

United States Land Office.

Santa Fe, New Mexico, October 26, 1903.

Notice is hereby given that Edward L. Bartlett, whose postoffice address is Santa Fe, New Mexico, in behalf of himself and his co-owners, has made application under the provisions of Chapter Six, Title Thirty-two, United States Revised Statutes, for a United States Patent for the Galena Chief Lode Mining Claim, Mineral Survey No. 1173 situated in the Los Alamos Mining District, County of Santa Fe, Territory of New Mexico, covering Seven Hundred and Fifty (750) feet of the Galena Chief Lode in a northeasterly direction from the Discovery Shaft No. 1 and Seven Hundred and Fifty (750) feet in a southeasterly direction therefrom, and lying in Sections 4 and 5, T. 14 N., R. 8 E., and more particularly described as follows:

Beginning at Cor. No. 1, identical with S. W. Cor. of amended location, a granite stone 28 by 7 by 7 inches in a mound of stone marked 1-1173, whence the corner of Sections 4, 5, 8 and 9, T. 14 N., R. 8 E. bears S 85° and 35' E. Six Hundred Sixteen and Seven Tenths (616.7) feet distant, and running thence North 44° and 42' W. Six Hundred (600) feet to Cor. No. 2; thence N. 49° and 18' E. One Thousand and Five Hundred (1500) feet to Cor. No. 3; thence S. 4° and 42' E. Six Hundred (600) feet to Cor. No. 4; and thence S. 4° and 18' W. One Thousand and Five Hundred (1500) feet to Cor. No. 1, the place of beginning, containing exclusive of conflict with Mineral Survey No. 37, the Lode Lode, Twenty and 63-1-0 (20.63) acres.

The notice of location of this claim is recorded in the office of the Probate Clerk and Ex-Officio Recorder of Santa Fe County, New Mexico, in Book A, at page 408. Record of locations and Mining Deeds, and the amended location is recorded in said office in Book No. 1, at page 57. Record of Mining Locations of said County of Santa Fe.

The adjoining and conflicting claims are: On the West the Cash Entry Lode, Survey No. 427, claimant unknown; the Troy Lode, No. 498, claimant unknown; and on the North the Pinon Lode, Survey No. 570, L. Bradford Prince, claimant. No other adjoining or conflicting claims known.

MANUEL R. OTERO, Register.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Raton, N. M., on this grant, are located the Coal Mines of the Raton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

California---Very Low Rate

Only \$25.00 from Santa Fe

Every day to and including November 30, 1903. The same rate to intermediate points whose regular rate is higher. This applies to Arizona as well as Pecos Valley and Rio Grande Valley, N. M., and many other points.

Reduced one-way rates to other points in southwest on first and third Tuesdays, October and November, with probable extension of sale until spring. Through Pullman Tourist Sleepers to New Mexico, Arizona, and California every day. Personally conducted excursions three times a week.

You're going to California?
Now is the time to make your inquiries.

Don't wait until you are ready to start on your travels. Write me and I'll quote you rates, tell you about the trains—equipment, hours of departure and arrival; in fact, tell you facts that will be of material help after as well as before you start.

NEW MEXICO NORMAL UNIVERSITY

LAS VEGAS, NEW MEXICO.

Will Open September 7, 1903.

The following courses are offered:

- 1.—A Sub-Freshman Course of one year, covering the common branches.
- 2.—An Elementary Normal Course of two years, leading to an Elementary Certificate. This Course covers all branches required by a first grade certificate—which is practically a Territorial certificate—in New Mexico.
- 3.—An Advanced Normal Course of four years, leading to full graduation and a Diploma. Those who have completed the Elementary Course can complete this Course in two years.
- 4.—An Academic Course of four years preparing for college or university, including technical courses and technical schools.
- 5.—A Kindergarten Course of two years, leading to a Kindergarten Certificate.

Rented text-books, at mere nominal cost, in all departments. Tuition for Normal Course reduced to \$10.00 a year. Several places for boys and girls who wish to work to defray expenses.

Send for Circular of Information.

EDMUND J. VERT, President.

PAUL MORTON IN NATIONAL CAPITAL

Comment of Washington Post on Visit of Vice President of Santa Fe System.

Paul Morton, vice president of the Santa Fe railway system, well, and favorably known in New Mexico, spent the past week in Washington. The Post of that city says concerning him: "Much of the intellectual strength and force of character possessed by Paul Morton, the well-known vice president of the Santa Fe railway, was inherited from his noted father, the late J. Sterling Morton, whose illustrious career was closed something more than a year ago. The son, who is stopping at the New Willard, told a Post reporter that the beautiful country home of his father, Arbor Lodge, in Nebraska, was to become a memorial place.

"My brothers and myself," said Mr. Morton, "intend converting a large part of the estate into an arboretum, where the public is free to come and study forestry. Already there are about 200,000 trees and shrubs growing on the place, and 5,000 were planted this year. My father, as is well known, was passionately devoted to timber culture, and this disposition of his home seems appropriate. The setting apart of a day for tree planting, Arbor Day, as it has come to be called, originated with him.

"Arbor Lodge, by the way, never had any individual owner but him, inasmuch as he bought it of the government, which had, through Mr. Jefferson, obtained it of Napoleon. He built his first house upon the land in 1855, and it was at that time the only frame-dwelling between that section and the Rocky mountains. Nor was there a railroad within 300 miles of it."

"Asked as to railway conditions in the West, Mr. Morton replied that they were very satisfactory, and that the Santa Fe was getting its share of the business. A good wheat crop in Kansas, a fair crop in Texas, and a good orange crop in California were a guaranty of prosperous times in the big states, and his belief was that 1905 would see a continuation of the present good times."

FORESTRY BUREAU TO BE TRANSFERRED

President Roosevelt Believes It Should Be a Part of the Department of Agriculture.

A Washington dispatch says that at a recent conference between President Roosevelt, Secretary Hitchcock, Commissioner Richards and Chief Forester Pinchot, it was determined to use the administration's influence at the coming regular session to induce Congress to transfer to the bureau of forestry of the agricultural department the absolute control of forest reserves, save in matters pertaining to land titles, which must necessarily remain with the interior department.

At present four officers handle forest reserve matters, resulting in confusion and lack of uniform policy. An attempt was made in the last Congress to pass a bill making the transfer, but Representative Mondell and other western members accomplished its defeat. During the past summer Mr. Mondell traveled with Pinchot over much of the West and it is said he will not further oppose the transfer.

If the change is authorized the administration of the reserves will be placed in the hands of Chief Forester Gifford Pinchot, division of forestry in the geological survey, and the forestry force in the general land office will be dispensed with. The transfer will be urged in the forthcoming annual reports of Secretary Hitchcock and Commissioner Richards and probably be recommended by the President in his message to Congress.

JUAN PLATERO CAPTURED

After Hiding in the Mountains for a Year He Was Arrested at Chaves.

Juan Platero, the Navaho Indian who, about a year ago, assaulted Miss Anna Collins, a teacher in the government Indian school at Laguna, Valencia county, has been caught and is in the jail at Albuquerque. Miss Collins was riding along the road from one school to another when she was knocked from her horse and assaulted by an Indian who immediately took to the mountains.

She was very popular among the Indians and they were indignant when the crime was discovered. Indian bucks have been searching for Platero through the mountains ever since. A few days ago, he ventured from his hiding place to attend the festivities of the Ye-Be-Chi dance at Chaves, where he was recognized and immediately arrested by the Navahos who turned him over to the officers.

BABY'S FUTURE

Something for Mothers to Think About

Lives of Suffering and Sorrow Averted

And Happiness and Prosperity Assured by

Cuticura Soap, Ointment and Pills When All Else Fails.

Every child born into the world with an inherited or early developed tendency to distressing, disfiguring humors of the skin, scalp and blood, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfigurement is to be lifelong and mar its future happiness and prosperity. Hence, it becomes the duty of mothers of such afflicted children to acquaint themselves with the best, the purest and most effective treatment available, viz., The Cuticura Treatment.

Warm baths with Cuticura Soap, to cleanse the skin and scalp of crusts and scales, gentle applications of Cuticura Ointment, to allay itching, irritation and inflammation, and soothe and heal, and mild doses of Cuticura Resolvent, to cool the blood in the severer cases, are all that can be desired for the speedy relief and permanent cure of skin-tormented infants and children, and the comfort of worn-out parents.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, scalp, hair and hands, for annoying irritations and weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per box of 60). Ointment, 5c. Box, Etc. Imported London, 27 Chancery Lane, E.C. 4, England. U. S. Agents: J. C. Ayer & Co., Lowell, Mass., U. S. A. Send for "How to Cure Baby Humors."

SANTA FE CAPITALIST

BUYS ST. LOUIS HOTEL.

The Asbestos hotel, northeast corner of Twelfth and Pine street, owned by W. W. Culver of this city, says the St. Louis Globe-Democrat, was leased yesterday to Fred D. Michael of Santa Fe. N. M., formerly proprietor of the Palace and Claire hotels of that city. This property has been much in demand lately, because of its location, being only two blocks from the new Jefferson hotel, which is fast nearing completion. Mr. Michael will furnish the place anew and be ready for business by November 1.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Santa Fe.

Because it's the evidence of a Santa Fe citizen.

Testimony easily investigated.

The strongest endorsement of merit.

The best of proof. Read it:

Cipriano Chavez, county jailer of Agua Fria street, says: "I had attacks of backache for three or four years. Lately they were of much longer duration and occurred much more frequently. For 20 days before I went to Ireland's Pharmacy there was no let up to the dull aching and nagging pain despite the fact that I used medicines and wore plaster. Two days' treatment with Doan's Kidney Pills was sufficient to let me know that the remedy was going to the root of the cause and a continuation of it for some time stopped the very severe attacks. I now know what to use if in the future I notice any traces of backache."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Wilson Improved Air-Tight Heaters

Have Arrived.

Consumes less fuel than other stoves require.

It will hold fire 36 hours, and with care would never go out.

By the Patent Method of taking the draft from top we secure a perfect Air-Tight Heater, giving absolute control of the fire as there is no opening near the bottom the cold air currents, moving along the floor, are avoided. With our damper we have complete control of the fire, the hot air draft, coming from above, ignites and utilizes as fuel all the gasses in the stove which, in other stoves, go to waste.

We also carry Tubular Hot-Draft Stoves and other lines. Give us a call.

Vehicles and Harness

Seasonable Hardware

Arriving daily. We are prepared for the fall and winter trade.

Furniture

We will continue to maintain the low prices that have moved sales in this department for the past week to make room for car to arrive during early part of October

Manager A. M. Dettlebach Will Offer Some Good Attractions at the Opera House.

Manager A. M. Dettlebach has booked a number of fine attractions which will appear at the opera house during the winter. A number in addition to the following have been spoken for for November and December, but no date has as yet been set. Those booked are as follows:

December 19, Colorado College Glee Club; December 28-29, Murray Hays Dramatic Company; January 2, Millionaire Tramp; January 9, Royal Italian Band; January 20, Richards and Pringle's Georgia Minstrels; February 1-5, Noble Brothers Dramatic Company; February 6, Wade & Ward Minstrels; February 9, "Where is Cobb"; February 17, "In Convict's Stripes"; March 28, "Papa's Boy"; April 26, Katie Emmett.

FORTNIGHTLY CLUB.

A Well Attended Meeting Held at the Residence of Mrs. W. H. Bartlett.

Last evening a well attended meeting of the Fortnightly club was held at the residence of Mrs. W. H. Bartlett, with Judge Abbott in the chair. Five new members were elected: Mr. Bishop, Miss Zimmer, Miss Tryon, Miss Sloan and Miss Marsh.

The president announced the following committees: Executive, Mr. Hanna, Mr. Stephens, Miss Du Val; program, Mr. Moore, Miss Leadingham, Miss Robertson, Mr. Playter, Mr. Balcomb. Mr. Bishop was named as chairman of the music committee.

After a brief business meeting the program of the evening was opened by Mrs. Bartlett, who, after reading a short account of the piece, rendered a polonaise by Chopin.

Mr. Brodhead then gave the paper of the evening on "Wall Street." It was both interesting and lucid, and indicated first-hand knowledge of the subject and the intimacy with it which is the result of personal experience alone.

Mrs. Stephens added much to the evening's pleasure by a humorous reading entitled "Miss Maloney on the Chinese Question." The program was concluded with a duet by Miss Robertson and Miss Gildersleeve, "Rubenstein's Wanderers' Nachtlied."

The next meeting of the club will be held on the ninth of November at the residence of Paul A. F. Walter on Palace avenue. The program committee hope, if possible, soon to have printed an outline program of the subjects to be presented to the club at its subsequent meetings.
