WAR IN SOUTH AFRICA.

British Troops Holding Out  
Against all Boer Attacks.

European Nations Declined to Inter-  
fere in British Affairs.

Revolution Gaining Ground in Republic  
of Colombia, South America.

VICE PRESIDENT ROBERT DYING.

Cape Town, Nov. 7.—A dispatch from Ladysmith says that on Thursday afternoon the British cavalry charged the Boers while the latter were manœuvring south of the town, and cut their way through them. A long time posted on Bulwer hill shelled the town, but little damage was done. The naval gunners on board the enemy's ship, the *Orion*, engaged a company of Royal Irish Fusiliers and killed three men on both sides. The armored train with sixty infantrymen on board drew the enemy's fire, enabling the volunteers to make headquarters easily. The military are encouraged by their timely help to the volunteers.

DECLINE TO INTERFERE.

New York, Nov. 7.—A dispatch to the Tribune from London says: A St. Petersburg correspondent of the Morning Post throws light on the policy of the European powers. He states on authority that the governments of Russia, France and Spain discussed the question of intervention in the dispute between England and the Transvaal and agreed on the dispatch of a joint note suggesting arbitration, but the condition of action was the cooperation of Germany, which was refused.

SEVERE FIGHTING.

London, Nov. 7.—Such scanty intelligence as is filtering in from the front is generally accepted here as reassuring. Although later reports agree that the fighting outside of Ladysmith on Thursday and Friday was much more severe than indicated by official accounts.

There is no longer a disposition to jump at the conclusion that a crushing blow has been inflicted on the Boers, as shown before. British contempt for the burghers has been modified by the fact that the Boers are inclined to discontinue the stories of cutting up of Boers until further confirmation is received. But the mere fact that General Buller is enabled to undertake a series of successful reconnaissance is an indication that Boer investment has been relaxed by the withdrawal of the position of Joubert's. While, however, anxiety in regard to the immediate stress at the Ladysmith is alleviated there is widespread fear that the authorities were blundering and may find too late that an expedition may prove too weak to complete its task with safety and dispatch, as the Natal force has already admittedly failed to perform what was expected of it. The confusion last evening of General Buller, commander-in-chief, that the Boers were powerful and more numerous than anticipated sufficiently explains the present happenings and the war office will hereafter have an awkward question to answer in regard to its apparent local ignorance of the Boer strength which both in numbers of men and excellence of artillery is apparently a complete surprise to the British military authorities.

THE MAIL NEWS FROM SOUTH AFRICA

shows how inaccurate has been the estimates of the intelligence department government experts. It is gleaned therefrom that a fair estimate of the Boer force is as follows: Around Ladysmith, 25,000; traversing Zululand, 4,000; advancing on Burgersdorp, 5,000; Colerburg, 3,000; Kimberley, 7,000; Mafeking, 4,500; on northern Transvaal border, 2,000. Exact information about Boer artillery is lacking, but it is known that Joubert's detachment, before it was reinforced, consisted of sixteen Krupp field pieces of the latest pattern and two heavy Crozer guns, which but for the opportune arrival of the British naval brigade, would have rendered Ladysmith untenable.

CLAIM BRITISH VICTORY.

London, Nov. 7.—It is announced in a cable dispatch from Cape Town, dated Sunday, Nov. 5, that the British have been victorious in an engagement at Ladysmith, and that the Boer loss was very heavy, including two thousand prisoners.

SITUATION AT KIMBERLEY.

Hopetown, Cape Colony, Nov. 4.—A dispatch received here from Kimberley, dated November 1, says: "Apparently the Boer reinforcements from Mafeking have arrived, as the burghers are more numerous and closer all around Kimberley. About 1,200 made a demonstration three miles eastward of the Premier mine to-day and opened fire on De Beer's carts but no damage was done. An explosion of a dynamite magazine, caused by the Boers firing the place was terrible. The mine contained thirty-five tons of dynamite, valued at 3,500 pounds. All the wounded are progressing satisfactorily."

STATE ELECTIONS.

Twelve Leading States Holding  
Exciting Elections.

Heavy Vote Being Polled in Ohio,  
New York and Nebraska.

Kentucky Polling a Light Vote With No  
Serious Disturbances.

REPUBLICANS EXPECT GREAT VICTORIES.

New York, Nov. 7.—The weather in Greater New York to-day could not have been finer. Voting all over the city was at a rapid rate considering that only local officers and assemblies are to be elected.

BOSS CROKER CONFIDENT.

New York, Nov. 7.—In the Nineteenth assembly district, where a strong effort is being made to prevent the re-election of Robert M. La Follette, twenty-four arrests for illegal registration were made before 9:30 o'clock. The arrests were made on warrants secured by State Superintendent McCulloch. At noon Croker said: "Everything points to a sweeping democratic victory in this city. It will be a clean sweep all around. In the Nineteenth assembly district Senator La Follette is the only man who has a chance of being re-elected."

LIGHT VOTE IN NEW JERSEY.

Newark, N. J., Nov. 7.—Reports received at headquarters of both parties in this city during the forenoon were to the effect that the election is progressing quietly and the vote is comparatively light outside of Newark and other large cities. Republican leaders claim that the republicans will control both the senate and house. Democrats, however, claim a fighting chance.

QUIET IN DAY STATE.

Boston, Nov. 7.—The election is being conducted quietly. The indications are that Robert Treat Paine, Jr., the democratic candidate for governor, will carry the city.

TUNNING AHEAD OF TICKET.

Boston, Mass., Nov. 7.—In western Massachusetts, W. Murray Crane, republican nominee for governor, appears to be running ahead of his ticket. A light vote in the state is anticipated.

HEAVY VOTE IN NEBRASKA.

Lincoln, Neb., Nov. 7.—A few telegrams received from over the state at either of the political headquarters indicate a vote equal, if not to exceed that of last year. This is particularly true of the larger towns, but farming districts are an unknown quantity.

QUANTUM OF THE BELIEF.

Lincoln, Neb., Nov. 7.—William J. Bryan said he believed Nebraska will give an increased majority for the fusion ticket.

KENTUCKY ELECTION.

Louisville, Ky., Nov. 7.—The election is passing quietly in Kentucky, despite the predicted trouble over the contented displacement of election officers. The weather is fine. An average vote is being polled throughout the state, but the indications are that the total will fall 10,000 short of the vote polled in a presidential year.

Some complaints have been made at republican headquarters that the regular republican election officers were displaced at the last minute and not allowed to serve. No trouble resulted, however.

CLASH AT COVINGTON.

A clash between United States and local authorities at Covington, Ky., took place to-day. United States Commissioner H. H. Bennett issued warrants for the arrest of Chief of Police Hugh, Lieutenant Schweinfurth and five policemen on the charge of unlawfully ejecting from the polls the challengers and inspectors representing the interests of John Young Brown, independent democratic candidate for governor. Leading citizens of Covington, fearing violence, asked for the voting booth near Lexington, attempting to file the election laws.

DEMOCRATS CLAIM KENTUCKY.

Frankfort, Ky., Nov. 7.—At 1 o'clock the fusion campaign committee claimed that all reports received are encouraging from a democratic standpoint. Big fusion majorities are claimed in Lexington, Covington and this city.

LIGHT VOTE IN FRISCO.

San Francisco, Nov. 7.—An unusually light vote was cast during the early hours, contrary to custom. As a rule a light early morning ballot would indicate a republican victory, but the action of the large labor employers allowing two hours for voting may be the reason for scarcity of early voters.

LOOKS FAVORABLE FOR PHILAN.

San Francisco, Nov. 7.—Indications point to the election of James D. Philan, democratic candidate for the majority.

DAKOTA REPUBLICAN.

Aberdeen, S. D., Nov. 7.—The republican state central committee is receiving encouraging reports and claims at least 5,000 majority for the lowest candidates. The fusionists are making a hard fight against Judge Fuller.

Berlin, Nov. 7.—The foreign office has authorized the Associated Press to say regarding the United States government's representative relating to maintaining an open door in China, that Germany has shown by the opening of the free port of Shanghai and by Count von Helldorf's visiting relations that he favors a live and live policy in China.

Grabbing Land in Africa.

Paris, Nov. 7.—The Berlin correspondent of *Picasso* says that Kuper William is resolved to occupy Tiger bay, south of the Cape of Good Hope, in South Africa, if England occupies Delagoa bay.

Their show this season is bigger, better and brighter than ever, and will completely dwarf anything ever attempted in this popular line of entertainment. Half a hundred performers are included in its make up, a score of novelties, a troupe of Arabs known as the "Whirling Dervishes of the Desert," a military band including eight soloists, a field band unequalled, and its orchestra of thirty pieces. This colossal combination travels in its own special train of Pullman cars, and promises to be the biggest show playing here this season. Seats at Matson's, \$1.
