## WAR IN SOUTH AFRICA.

### Fighting in Progress Between British and Boers.

### Boers Capture a Small British Force at Norval's Point.

### Martial Law Proclaimed by the British in the Orange River Region.

### DEATH OF LIEUT. EDGERTON.

London, Nov. 6.—The war office issued the following from Gen. Buller yesterday: Cape Town—Commandant at Durban sends the following, received from Ladysmith by pigeon post, dated November 3: Yesterday General French went out with cavalry and field artillery and effectively shelled a Boer laager without loss on our side.

Lieutenant Edgerton, of the Powerful, is dead. General Buller sent in Major C. S. Kincaid, of the Royal Irish Fusiliers, and nine wounded prisoners. Right Boers were sent out in exchange, no others being fit to travel.

Colonel Brackenbury, with cavalry and field artillery, the Imperial Light Horse and Natal mounted volunteers, was engaged to-day with the enemy to the southwest of Ladysmith. The fighting lasted several hours. Our loss was very small.

The bombardment of Ladysmith continued yesterday and to-day, many Boers' shells being pitched into town. Our troops are in good health and spirits and the wounded are doing well.

I think General Buller's name is given by mistake for General Buller's. If the beleaguered White is able to take the offensive and shell the Boer camp it seems that Ladysmith is not so closely besieged as it was supposed to be.

Movement of Boers into Cape Colony is beginning to awaken British fear that they have greatly underestimated the forces they will have to meet, and General Buller's task may not be so easy as anticipated. It is becoming apparent that the British calculations based on loyalty of the population are hopelessly at sea or there has been a serious leakage of Dutch sympathizers from Natal and Cape Colony. Otherwise there is no accounting for the large force of burghers reported in all directions. The war office consequently is being urged to have more troops in readiness for all possible demands.

Advices from Cape Town under date of Nov. 5, says that martial law has been proclaimed in the districts occupied by British troops between Orange river and Deonar.

Premier Schreiner has sent a circular to magistrates and others warning all persons against statements to the effect that parliamentary institutions and constitutional government will be lost or detrimentally affected.

He adds that the proclamation of martial law is only a matter of temporary urgency in some districts and does not compel the burghers to participate in the deplorable hostilities. Prince Christian Victor, of Schleswig-Holstein, grandson of Queen Victoria, and captain of the King's Royal Rifle, and other officers, have left Cape Town for Ladysmith to replace the dead and wounded.

Durban, Natal, Nov. 3, (Delayed)—It is said that the Colono Garrison saved all stores, tents, kits, etc. The Boers numbered about 5,000 men, comprising a fresh number of Orange Free Stateers. The armored train did splendid service, taking a detachment of Dublin Fusiliers to an outlying fort garrisoned by volunteers. Reassuring reports have been received regarding the position at Pietermaritzburg.

Cape Town, Nov. 6.—A dispatch from Masere, Bantoland, dated Friday evening, says that since the magistrate of Ladysmith's warning that their interference with the Boers would cause an uprising, the Boers have been letting the Boer coast the river into Bantoland. The natives, however, continue to complain of being robbed of their savings by the authorities. There is no disguising from the natives that the British suffered a reverse at Ladysmith. The repulse of the Free State forces on October 27 is claimed by the Boers to have been a brilliant Boer victory and they say that at Ladysmith the Boers retired because they had expended their ammunition. The Boers also assert that General Buller was killed and certain documents found on his body. Certain residents at Colerburg are freely communicating with the Boer force across the river.

## STATE ELECTIONS.

### Big Vote Will Be Polled in Several States To-Morrow.

### Republicans Confident of Success in Ohio and Elsewhere.

### Visitors From All Over Alabama Call Upon Admiral Schley.

### VIOLENCE PREDICTED IN KENTUCKY.

Chicago, Nov. 6.—Elections will be held in twelve states to-morrow. Ohio, Iowa, Kentucky, Mississippi, Maryland and Massachusetts will elect governors and other state officers; Nebraska, judge of the supreme court and superior court and two regents of the state university; Pennsylvania, treasurer and judges of the supreme and superior courts; N. Dakota, three justices of the supreme court, and New York, New Jersey and Virginia, legislature. There are five tickets in Ohio, five in Iowa, six in Kentucky, two in Mississippi, three in Nebraska, two in South Dakota, three in Maryland, five in Pennsylvania and five in Massachusetts. In Kansas and Colorado county officers are to be elected. Municipal elections will be held in San Francisco, Salt Lake, New Orleans and Detroit. In addition to sheriff and some judicial officers in Greater New York, mayoralty elections will be held in some other cities.

**HAND STRUGGLE IN EMPIRE STATE.**  
New York, Nov. 6.—The political campaign ended to-day was one of the hardest fought struggles ever known in this city in an off year. The republicans, to strengthen themselves in their fight against Tammany hall, entered in a fusion arrangement of a county ticket with the Citizen Union and Independent Labor party, and gave the shrewdly nomination, the most valuable place in the ticket to W. S. O'Brien, representative of the Labor party. To oppose O'Brien, Tammany hall nominated Wm. F. Grell, at present the tax commissioner. Interest centers the fight for assemblyman of the Nineteenth district, where Tammany hall set out early to defeat Assemblyman Robert Mazza as a protest against his appointment on an investigating committee known by his name. Mazza's defeat would make it impossible for him to present his committee's report at the next assembly.

**MARYLAND CAMPAIGN.**  
Baltimore, Nov. 6.—The day before election this the leaders of both parties apparently confident and making rather extravagant claims as to the result. Conservative estimates concede the eastern shore to the democrats by 1200, southern Maryland to the republicans by 1300, and western Maryland to the republicans by about the same plurality, leaving Baltimore city with 110,000 voters the debatable ground.

**OHIO OUTLOOK.**  
Cincinnati, Ohio, Nov. 6.—Arguments exciting the Ohio campaign are closed and the day is used to put the last touches to the work of getting out the full vote. Indications are now for a vote next in volume to that of a presidential election. The election of appraisers of real estate for the purpose of fixing the tax valuation for the next ten years is relied on to bring out all the farmers.

Kx-Governor Jas. K. Campbell says McLean's plurality will be 40,000 if democrats keep united. Claims made for Nash vary from 20,000 to 60,000 plurality, the wide difference being caused by the uncertainty about how Jones' vote now conceded to be well on 100,000 will affect the republican vote.

**KENTUCKY ELECTION.**  
Louisville, Ky., Nov. 6.—The campaign which closes to-night has been one of the most exciting ever known in this state. It has been bitterly fought and aroused intense feeling. While an outbreak of violence to-morrow would surprise no one, the likelihood of such occurrence is believed to be slight. The state militia are in readiness for call in case their services are needed.

**TO GUARD THE POLLS.**  
Newport, Ky., Nov. 6.—Governor Bradley has ordered Company H, Kentucky National Guard, to report at Newport army at 7 o'clock to-night, fully equipped with ammunition and traveling rations. It is thought the troops are to serve at the polls to-morrow.

**Honoring Admiral Schley.**  
Birmingham, Ala., Nov. 6.—Birmingham is crowded to-day with visitors from all over Alabama, who have come to pay homage to Admiral and Mrs. Winfield Scott Schley. When the train bearing the party reached the outskirts of the city, every engine in the city blew shrill blasts and all the bells added to the noise. The militia formed an escort for the admiral from the depot to the Morris hotel. The streets were gay with bunting and pictures of Schley, with those of General Wheeler and Admiral Dewey, were prominent on every side.

## AMERICAN VICTORY.

### City of Magalang Taken By Gen. MacArthur's Army.

### Thirty Thousand American Soldiers Closing in on Insurgents.

### Fraudulent Revenue Stamps Discovered in New York City By Officers.

### VICE PRESIDENT HOBART WEAKER.

Manila, Nov. 6.—Magalang was taken yesterday by two columns of General MacArthur's division under Colonel Smith and Major O'Brien. It is a strong town, situated midway between Angeles and Arayat. The movement is part of a plan for the Americans to possess all the country south of Tarlac, as troops close in on the capital, cutting the line of the enemy's retreat in that direction. The insurgent force is estimated at 1,000. Colonel Smith first encountered a small force entrained a quarter of a mile beyond Angeles, which soon retreated, leaving two dead. The enemy made a short stand at the outskirts of Barrios and San Francisco, bristly shooting at the advancing Americans. Captain Brush deployed with an advance guard battalion and charged the Filipinos, who took to flight. Seven Americans were wounded. The Americans almost surrounded the insurgents, who resisted stubbornly, but Lieutenant Hamilton's artillery cut them up. Lieutenant Smith's troops captured a company of the enemy with arms during the advance. General Wheeler's brigade is formed at Angeles in order to be prepared for a general engagement.

**CLOSING IN ON AGUINALDO.**  
New York, Nov. 5.—A special to the Herald from Washington says: With forces aggregating more than 30,000 fighting men, Generals Lawton, MacArthur and Wheaton are now closing in on Aguinaldo's army. Gen. Otis set Nov. 5, as the date for commencing the campaign all along the line and the war department has information that the programme is being carried out. "Colonel Aguinaldo has occupied the eastward through Rio Agno valley," said an official, "he ought to be caught between General Wheaton's forces from the north and General MacArthur's from the south within the next forty-eight hours, as Bayambang, where he is supposed to be located, is less than twenty miles from Dagupan, and about forty miles from Angeles."

**Health of Hobart.**  
Paterson, N. J., Nov. 6.—The condition of Vice President Hobart was but little changed to-day, except that he was slightly weaker. Dr. Newton says that Mr. Hobart cannot recover, but that he may survive several days.

Several Important Reports Submitted—  
Special Master R. W. D. Bryan made his report in the case of W. L. Trimble & Co. vs. the City of Albuquerque and recommended that the cause be dismissed at cost of plaintiff. It was so ordered.  
A similar report was made in the case of Amanda Lopez vs. H. V. Whitcomb. Judgment for \$127.98 was entered in case of F. G. Pratt & Co. vs. L. F. Kuhn and Ruth C. Kuhn.  
In the case of Lowenthal & Meyers vs. Nathan, a suit on a promissory note and an open account, the demand of defendant to the complaint was sustained.  
The case of the territory vs. Jose A. Alvarado charged with larceny from the house was on trial this morning. The testimony was rather injurious to the defendant, and he himself admitted being present with others when the stolen property had been buried. Attorney Horton Moore defended Alvarado. The jury in the Alvarado case was out a very short time and brought in a verdict of guilty and he was sentenced to a term of three years in the penitentiary.  
Suit was instituted by School Trustee Karl A. Snyder against the Board of Education of the city, in which he claims compensation for services rendered in collecting certain taxes for the board.  
The case of the First National bank of Denver vs. E. M. Holgate brought from Grant county on charge of venue was docketed.  
Owl Employment Agency.  
Messrs. Moore & McCowan have gone into business at 103 north First street, and the place is known as the "Owl Employment Agency." Here any person, who has the inclination to work and is out of a job, can secure a situation, and in connection with the agency, mines, ranches, houses and lots are sold on commission, and real estate and insurance loans negotiated and rents collected. In

fact, the firm announces that they "buy anything and sell everything." George H. Moore, the senior member of the firm, is an old timer in this "cock of the woods" and has a reputation for being a hustler. His partner, J. R. McCowan, is also a well known hustler. The firm will succeed.  
Police Court.  
After five days of innocuous domestic Judge Crawford began a busy day about 1 o'clock this morning. He was awakened at this unseasonable hour to marry John Venable to Mabel Rumford and James Coleman to Leora Pollard. All the parties concerned are colored and the judge says that the old saw to the effect that "all the world loves a lover" is false, as he is just now an exception and hates lovers.  
Later in the day the judge fined George Anderson \$5 for being drunk and Francisco Montana \$5 for the same offense. He then vented his wrath on Gregorio Marquez to the tune of \$15 for getting drunk and resisting an officer. Marquez came from Cerezo and had on his person checks aggregating \$140. Francisco Sals assaulted some one in a drunken frenzy and was put to work on the streets for thirty days.  
By this time the judge's wrath had been appeased and he appeared among his friends with his usual good natured smile and general air of bonhomie.

**DISTRICT COURT**  
Several Important Reports Submitted—  
Special Master R. W. D. Bryan made his report in the case of W. L. Trimble & Co. vs. the City of Albuquerque and recommended that the cause be dismissed at cost of plaintiff. It was so ordered.  
A similar report was made in the case of Amanda Lopez vs. H. V. Whitcomb. Judgment for \$127.98 was entered in case of F. G. Pratt & Co. vs. L. F. Kuhn and Ruth C. Kuhn.  
In the case of Lowenthal & Meyers vs. Nathan, a suit on a promissory note and an open account, the demand of defendant to the complaint was sustained.  
The case of the territory vs. Jose A. Alvarado charged with larceny from the house was on trial this morning. The testimony was rather injurious to the defendant, and he himself admitted being present with others when the stolen property had been buried. Attorney Horton Moore defended Alvarado. The jury in the Alvarado case was out a very short time and brought in a verdict of guilty and he was sentenced to a term of three years in the penitentiary.  
Suit was instituted by School Trustee Karl A. Snyder against the Board of Education of the city, in which he claims compensation for services rendered in collecting certain taxes for the board.  
The case of the First National bank of Denver vs. E. M. Holgate brought from Grant county on charge of venue was docketed.  
Owl Employment Agency.  
Messrs. Moore & McCowan have gone into business at 103 north First street, and the place is known as the "Owl Employment Agency." Here any person, who has the inclination to work and is out of a job, can secure a situation, and in connection with the agency, mines, ranches, houses and lots are sold on commission, and real estate and insurance loans negotiated and rents collected. In

fact, the firm announces that they "buy anything and sell everything." George H. Moore, the senior member of the firm, is an old timer in this "cock of the woods" and has a reputation for being a hustler. His partner, J. R. McCowan, is also a well known hustler. The firm will succeed.  
Police Court.  
After five days of innocuous domestic Judge Crawford began a busy day about 1 o'clock this morning. He was awakened at this unseasonable hour to marry John Venable to Mabel Rumford and James Coleman to Leora Pollard. All the parties concerned are colored and the judge says that the old saw to the effect that "all the world loves a lover" is false, as he is just now an exception and hates lovers.  
Later in the day the judge fined George Anderson \$5 for being drunk and Francisco Montana \$5 for the same offense. He then vented his wrath on Gregorio Marquez to the tune of \$15 for getting drunk and resisting an officer. Marquez came from Cerezo and had on his person checks aggregating \$140. Francisco Sals assaulted some one in a drunken frenzy and was put to work on the streets for thirty days.  
By this time the judge's wrath had been appeased and he appeared among his friends with his usual good natured smile and general air of bonhomie.

**FOUND DEAD.**  
A Mexican Wood-Hauler Dies on His Wagon on the Road to Tijeras Canyon.  
A Mexican teamster by the name of Alvarez was found dead on his wagon about five miles out on the road to Tijeras canyon Saturday afternoon. Marshall McMillin was notified and he and Officer Martinez drove out to where he had been found. They were disappointed in their search for the deceased, but they had also been notified and arriving before they had taken the body home.  
Alvarez had been in town with a load of wood and seemed to be in good health, and as he was not known to drink to excess there is considerable mystery as to the cause of his death. It is all supposition but there were no evidences of any violence and the general conclusion is that he must have died of heart failure.

**LATER.**  
At 3 o'clock this afternoon Policeman Martinez reported to THE CITIZEN that Alvarez, the ranchman and wood hauler, was not dead in the flesh but is dead in the mind—he was dead drunk. "It seems," continued Officer Martinez, "that Alvarez 'whooped' her up pretty lively while in the city, and while driving over the mesa toward his mountain home, he fell off the wagon to the ground. At the same time the wagon was parted in two—the part to which were hitched the horses continued on homeward, and the other part of the wagon remained to keep company with Alvarez. When the horses reached the Alvarez home, without the driver and only part of the wagon, a brother of the man became alarmed and started out on a search. He found Alvarez and the rear portion of the wagon, and then returned home. The old man is all right now, but he will no doubt remember his trip of last Saturday to the city."
