WORLD SERIES TO BE BETWEEN BOSTON RED SOX AND SUPERBAS

Final Test of Strength in National League Shows Trolley Dodgers Out Ahead of Field in Pennant Race.

FIRST GAME TO BE PLAYED SATURDAY

Struggle Opens in Beantown for Two Days, Then Transfers to Sleepville for Two; Brisk Demand for Seats.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

New York, Oct. 3.—The Boston American League club and the Brooklyn National League club will meet in the 1916 world's series, the opening game of which will be played on Braves' field at Boston next Saturday, October 7. The teams will remain in Boston over Sunday and play the second game of the series there on Monday, October 9, after which they will return to Brooklyn for two games at Ebbetts field on Tuesday and Wednesday, October 10 and 11. The fifth and sixth games, if necessary, will be played on Thursday, October 12, and Friday, October 13, at Boston and Brooklyn. Should a seventh game be necessary, the location will be decided by a toss of a coin.

These details were arranged today before the pennant winning in the national league was not known at that time, and the same date that applied to Brooklyn and also applied to the Philadelphia Nationals. Before the pennant was won, the victory of Brooklyn over New York and the double defeat administered to the Philadelphia Nationals by Boston, clinched the pennant for the Brooklyn players.

Originally, it was intended to hold the national commission conference here today, but later it was decided to defer it until tomorrow. President John K. Tener of the National League, and Chairman Garry Herrmann of the commission, arrived in this city last night, but President H. B. Johnson of the American League was not expected until tomorrow.

When he appeared early this morning there was a hurried consultation at which it was decided to hold the meeting as originally scheduled. President C. H. Ebbetts of the Brooklyn club, W. F. Baker of the Philadelphia club of the National League, whose teams were still fighting for the pennant, and President J. J. Lanning of the Boston Americans were summoned and the commission went into session shortly before noon.

President Lanning suggested that the series be opened at the park of the Boston Nationals, where the American league players will stage all their home games, owing to its immense seating capacity, instead of deciding the place of the initial games by a customary toss of a coin. This plan was adopted, in view of the fact that both the Brooklyn and Philadelphia clubs would require several days in which to install additional seats and boxes to accommodate the large crowd.

President Baker proposed that the series begin Monday, October 9, but this was vetoed by the commission as being an unnecessary delay, as was the suggestion that the play start October 6, on the grounds that the National League winner required a day or two of rest before being flung into the world's series against the Boston club, who clinched their league pennant two days ago.

The commission also dismissed the proposal to alternate the games between the contending cities.

J. G. Taylor-Spink of St. Louis was named as the official scorer for the national commission, and the Baseball Writers' association chapters of Boston and Brooklyn were given the right to nominate one member in each city to act as second official scorer in his home city. The visiting scorer will not act in an official capacity while away from home.

After naming the list of eligible players of the three clubs and announcing that the commission would meet for further business at 3 p. m., in Boston, Friday, October 6, the conference adjourned to attend the game in which Brooklyn captured the National League pennant after one of the closest and most exciting races in the history of the senior league.

The umpires were announced tonight as follows:

American league—Dineen and Conolly.
National league—O'Day and Quigley.

Can the Leopard Change Its Spots?

Five years ago, at a time when New Mexico was a normally republican state, the republican candidates for the principal state offices were overwhelmingly defeated.

One of the principal reasons for their defeat was HUBBELLISM. Frank Hubbell was not a candidate for any office, but the fact that his influence was exerted in the nomination of the ticket was sufficient to defeat it.

This year Frank Hubbell is in his own person a candidate for the highest office in the gift of the people of New Mexico. He actually wants to be United States senator.

If the limit of Hubbellism was sufficient to defeat the republican ticket in 1911, what is to be said of the candidacy of Hubbell himself for United States senator in 1916?

Has Hubbellism become less disreputable in 1916 than it was in 1911? Is Hubbell more respectable politically now than he was five years ago? Does he stand for any different principles in politics today than then? Has he reformed?

The nomination of Frank Hubbell for United States senator was an insult to the people of New Mexico. Will the decent citizens of the state, republicans or democrats, submit tamely to that insult?

The Journal challenges "Cap" Gillette, Hubbell's political manager, to name one solitary qualification that his man has for the office that he seeks. It challenges any supporter of Hubbell to give a single reason why he should be sent to the United States senate. It challenges any one who knows the man to tell wherein he is representative of the intelligence, patriotism and virtue of the state.

There are many things to be said about Frank Hubbell. But let's be fair to him. Let's give him and his friends a chance to say something in his favor. Before going further with the subject let's ask them to answer this question:

WHAT QUALIFICATION HAS FRANK HUBBELL FOR UNITED STATES SENATOR?

BUSINESS CONDITIONS ARE REPORTED GOOD

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, Oct. 3.—Business conditions throughout the country are described as good, in reports from the twelve federal reserve districts, made public today by the federal reserve board. The report says, in part:

"Kansas City.—General business remains active with crops in fair condition, except corn. Labor conditions better; general conditions highly satisfactory."
"Dallas.—High prices for cotton have stimulated business and labor is well employed. Outlook promising."
"San Francisco.—General business continues good. Harvest volume below normal, but outlook for citrus fruit favorable. All industries but lumber active. Little unemployment."

In a statement after the game, in which Hubbell clinched the National League pennant, McGraw asserted that although he did not believe any of the players tried deliberately to favor Brooklyn, they had refused to obey orders and had disregarded signals.

"When Perritt wound up with a man on first base, allowing the runner to steal second, I lost my patience and left the bench," declared the New York leader. "I have worked too hard this year to stand around and watch playing like that, and I refuse to be connected with it."

After receiving congratulations over Brooklyn's victory, Charles H. Ebbetts, president of the club, announced that he was ready to retire from baseball whenever a purchaser for his club appeared, "with the price." President Ebbetts has been connected with the Brooklyn club for thirty-four years, as secretary and president. He declared that as he is 56 years old, he has earned a rest and desires to retire. He asserted that the McGraw interests in the Brooklyn club also were for sale. Ebbetts said his ambition to win another pennant had been realized and that he was ready to transfer Brooklyn to other hands.

Manager Wilbert Robinson and his players held a celebration over their victory in the club house after the game. All the players shook hands with each other and Robinson was forced to make a speech. He thanked his players for their efforts and predicted success in the approaching series.

The baseball writers of Brooklyn announced they would give a dinner to the Brooklyn players and management on October 17. Brooklyn fans have organized a parade in honor of the team when it departs for Boston on Friday.

HANLY PREDICTS FOUR NEW STATES ON WATER WAGON

Chief Camel Driver Declares West Is Drying Up Fast and Urges Nebraskans Not to Be Run Over by Brewers.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Omaha, Neb., 3.—At least four western states are going dry this year and no state will weaken its dry laws, J. Frank Hanly, prohibition candidate for president, declared on entering Nebraska's hot wet and dry fight.

Hanly urged that in the face of this, Nebraska could ill afford to vote wet, not only for her own sake, but for the effect the action would have on the national situation.

"South Dakota and Montana are going dry," Hanly said. "Utah will elect a dry legislature, Idaho will ratify its dry amendment, Washington, Oregon, Arizona and Colorado will either strengthen their dry laws, or decline to weaken them. In California the wet and dry forces are engaged in a death struggle. Nevada may vote on the question next year."

The candidate's optimistic résumé of the western situation evoked applause wherever he used it.

"We now have nineteen dry states," he said at Lincoln, "and if Nebraska will go dry, we probably will have twenty-four next year. Only thirty-six will be required to ratify a dry federal amendment. We soon will have that number."

The dry speakers appeared in three states between here and Kansas City today. They spoke at Leavenworth and Atchison, Kas.; St. Joseph, Mo.; and Falls City, Neb. The train was late in arriving but Ira Landrith, the vice presidential candidate, cut across country from the lower part of the state and opened the Omaha meeting, while Hanly went to Lincoln. Campaigning will be continued tomorrow in Nebraska.

HEAVY TOLL OF DEATH TAKEN IN BRIDGE TRAGEDY AT CLEVELAND

Cars Collide, Causing Structure to Collapse and Plunge Passengers Thirty Feet to Railroad Tracks Below.

TELEPHONE OPERATOR HEROINE OF OCCASION

Girl Sitting at Switchboard Sees Accident and Immediately Summons Ambulance and Doctors.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Cleveland, O., Oct. 3.—Four bodies have been recovered, several other dead are believed to be in the wreckage and more than thirty are in hospitals as the toll of a bridge tragedy early this evening, when two street cars collided on the West Third street bridge, causing it to collapse and precipitate the cars thirty feet to the Baltimore and Ohio railroad tracks below. There were forty persons on one car and twenty on the other.

The accident occurred when a southbound Scenicam road car carrying a crowd of woman shoppers home at the rush hour, broke away from the motorman on a hill approaching the bridge and tore down upon the north approach to the bridge, just as a northbound car reached the same point. The runaway car jumped the track and struck the northbound car. The combined weight of the two cars and the shock of the collision was too much for the wooden bridge, which sagged and then gave way.

Holla Girl a Heroine.

Edna Waddington, a telephone operator employed by the Erie railroad, saw the accident from where she sat at her switchboard, and turned in a call for ambulance doctors, and the fire department. Hundreds, within earshot of the scene heard the shrieks and cries of pain and terror as the cars carried their burden for the most part women, to death or injury.

The work of rescue began at once. Those who had not been seriously injured extricated themselves and then gave aid to those less fortunate. It was not long until thirty had been taken out and carried to hospitals. Some probably are fatally injured.

The portion of the bridge which fell is just north of the river. It is twenty-five years old. The main part of the structure was washed away in the 1912 flood and was replaced the same year by another wooden bridge, bought in Detroit and brought here.

Mayor Harry L. Davis and Public Utilities Director Thomas S. Earrell rushed to the scene and promised to conduct a rigid inquiry, in an effort to place responsibility for the disaster. Motorman H. T. Daniel of the southbound runaway car, escaped serious injury, but his conductor is among the dead. Daniel says the brakes of his car failed to work and it dashed down the hill, out upon the bridge, jumped the track and crashed into the other car, with him unable to stop its progress. "I felt the bridge tremble when the cars came together and both cars fell with the bridge," said Daniel.

The southbound car was smashed flat by the force of the crash. There is no part of its framework left intact. The northbound car was badly damaged but portions of it remain so that it can readily be distinguished in the wreckage.

A delivery horse and wagon, managed by a driver, which was on the collapsed portion of the bridge, also went down with the structure. The fate of the driver could not be learned.

CLARKE BURIED WITH SERVICES OF SIMPLICITY

Body of the Senior Senator From Arkansas Is Laid to Rest Without Ostentation; Many Notables Attend.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Little Rock, Ark., Oct. 3.—Simplicity marked the funeral services here today of the late James P. Clarke, senior United States senator for Arkansas and president pro-tempore of the national senate. The ceremonies were held at the Clarke home, which could hold only a part of the large number who wished to pay a last tribute of respect, and were conducted by the Rev. Percy Hutchinson, pastor of the First Methodist Episcopal church, South, of which the late senator was a member.

The entire Arkansas delegation in congress, all the state officials, and other persons prominent in this state, and five members of congress from outside the state, were among those who attended.

SITUATION IN DOBRODJA STILL UNCERTAIN; NEWS IS CONFLICTING

Rumanians Continue to Gain in Transylvania, but Bucharest and Sophia Send Out Reports at Variance.

RAIN INTERFERES WITH OPERATIONS ON SOMME

Violent Fighting in Progress in Russia and Galicia; Serbs Victorious Over Bulgars in Macedonia.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Although Rumanians continue to gain against Austro-Germans in Transylvania, the situation in Dobruja, which has attained added interest since the crossing of the Danube into Bulgaria, by Rumanian forces, remains uncertain.

Bucharest says violent fighting continues all along the line from Constantia to the Danube, with the Rumanian allies offering stubborn resistance. Nothing is couched, however, concerning the troops which invaded Bulgaria.

Sofia says that only "several battalions" of Rumanians made their way across the river, and Berlin reports the destruction behind them, by German monitors of the pontoon bridge over which they passed.

An unofficial dispatch from Rome asserts that Field Marshal von Mackensen has ordered the evacuation of the Dobruja fortress of Silistria and Tutulka, recently captured by the Rumanian allies, in the fear of their being enveloped by the Rumanians.

Quint on French Front.
Rains are interfering with the activities of British and French armies in France, but Paris records the capture of an important trench north of Tancourt and the taking of additional prisoners, while London says the fighting at Eaucourt l'Abbaye "is proceeding satisfactorily."

Violent fighting has been in progress in Russia, west of Lutzk, and in Galicia, in the region of the Zlota Lipa river. In the latter region, according to Petrograd, neither Rumanian or Teutonic allies have gained marked advantage. West of Lutzk, according to Petrograd, Russians made advances, but Berlin reports that all attacks here were repulsed. The Rumanians, suffering exceptionally heavy casualties, are being evacuated to the Russian rear and another division made twelve.

In Macedonia, Sofia admits that heavy artillery fire of the Serbs in the region of Kaimakalan height caused Bulgarians to withdraw to the Morava valley, in order to avoid unnecessary losses, but asserts that effective attacks elsewhere along the front were repulsed.

Berlin records an advance by Austro-Germans against the British, who recently crossed the struma, north-west of Lake Thessalon, while unofficial advice from Paris says the Bulgarians have abandoned several positions in the Struma Grab and Brod regions, and that four towns northeast of Florina, in Greece, have been occupied by the entente allies.

In Albania, according to an Athens dispatch, Italian military authorities have occupied Argiro Castro, having ordered the Greek military officials there to evacuate the town.

Except for the capture by Italians of two lofty peaks from Austrians, and a continuation of heavy bombardment by Austrians at the Carso front, there has been little activity in the Austro-Italian theater.

The Greek situation continues to develop. King Constantine, according to an Athens dispatch, has in his hands the resignation of the members of the cabinet, except those of the premier and the foreign minister. It is probable that the new cabinet will contain several supporters of former Premier Venizelos, who is in favor of Greece's entry into the war on the side of the entente allies.

Electric Light Plant Planned.
St. Johns, Ariz., Oct. 3.—St. Johns is going to have an electric light plant. The New Electric Light & Power company has taken the old mill in the northern part of town and is having it remodeled and will get its power from the Little Colorado river. The new company is controlled by D. R. Child, John P. Rothenshatter and Maurice Rothenshatter and some affiliated stockholders. It is expected that the plant will be ready and lights will be installed within the next two months.

TO RAISE GREAT FUND FOR ARMENIAN RELIEF

Washington, Oct. 3.—The greatest American relief campaign to be undertaken since organization of the Belgian Relief commission, was launched today by the American committee for Armenian and Syrian relief. An exhaustive summary of the whole Armenian and Syrian situation was made public and will be sent to ministers of 120,000 churches all over the country, and to many leading citizens and relief organizations.

A fund of \$5,000,000 is called for to relieve 1,000,000 destitute, exiled and starving Armenians and Syrians, scattered broadcast over Turkey, Persia, Syria and Palestine. The appeal declares that of nearly 3,000,000 Armenians originally in their native country, three-quarters of a million have been massacred or have died of wounds, disease, or exhaustion since the war began.

The state department, through urgent negotiations, recently secured Turkey's consent to extension of American relief, provided it is distributed jointly by the American Red Cross and the Turkish Red Cross. Today it was announced that the allied blockade had been lifted to allow passage of the supplies. October 21 and 22 have not yet passed by proclamation by President Wilson as relief days and the appeal being sent broadcast by the committee calls for sermons in every pulpit in the country and articles in every newspaper.

Troops Pursue Bandits.
El Paso, Oct. 3.—Thirty-five hundred Carranza troops are leaving Chihuahua City over the Mexico Northern railway for the base at Santa Ysabel, 32 miles distant, to proceed against the Villistas who fought the de facto forces of General Matias Ramos at Cuahuatlan on September 25. These forces are in command of General Carlos Ojuna and include those which have been brought from Saltillo and other garrisons in central Mexico to participate in the hunt for Villa. The report of this troop movement was brought to the border today by Americans arriving from Chihuahua City.

TAFT BELIEVES ENGLAND IS FOR LASTING PEACE

Utterances of Former Ambassador Bryce Causes Ex-President to Believe She Views the Plan With Favor.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

New York, Oct. 3.—England appears to be coming definitely around to the plan proposed by the American League to Enforce Peace, to maintain world peace after the war, in the opinion of William H. Taft, president of the league. This belief, Mr. Taft said tonight, is based upon the utterances of Viscount Bryce, the former British ambassador at Washington. He termed Viscount Bryce's statement one "of the most hopeful things that has happened in the last two years."

"It is hopeful," Mr. Taft said, "because it shows in a convincing way that the thought of England's statesmen and leaders of opinion are turning toward the future that they are anxiously considering what can be done after the war to prevent a recurrence of such suffering and calamities as Europe is now enduring. The thought of the world is turning more and more definitely toward America, as the hope of the world, and this may be done in no small degree to the propaganda carried on by the league to enforce peace."

El Paso, Tex., Oct. 3.—Will J. Watson, who was arrested in Kansas City on a charge of embezzlement of county funds during his term of office as county tax collector of El Paso county, Texas, had left here previously on a cattle deal, according to his friends here.

Watson's bondsmen asked to be relieved from his bond as county tax collector when an accountant made a report in which it was stated that Watson's books showed an alleged shortage of \$27,000. Watson failed to obtain new bondsmen and his successor was named by the county commissioners. Watson has taken a prominent part in local politics for many years.

EL PASO MAN FACES EMBEZZLEMENT CHARGE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

El Paso, Tex., Oct. 3.—Strong protest has been made to the state department by the British and French embassies against the action of the Carranza government in Mexico in seizing the assets of British and French banking institutions in the Mexican capital.

These banks are closed as the result of the Carranza decrees and it is declared that the interests of British and French stockholders have been seriously affected.

So far the state department has given no indication of what it will do, but it is believed that the protests will be transmitted first to the American members of the joint commission now in session at Atlanta City to be drawn to the attention of their Mexican colleagues.

PENNSYLVANIA GUARD TO BE MUSTERED OUT

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

El Paso, Oct. 3.—The first infantry, Pennsylvania national guard, will leave for Mount Gretna this afternoon to be mustered out of the service. The Third and Tenth Pennsylvania infantry regiments will follow.

The Thirty-third Michigan infantry is expected to reach the border here this week, relieving one other infantry command now on the border. Cavalry, artillery and ambulance corps are also expected here from Michigan this week.

The two batteries of the Colorado national guard which was ordered to Deming, N. M., should have come to El Paso, it was announced here today. It is possible that the batteries may be transferred here later.

5,000 PRISONERS TAKEN IN TWO DAYS' BATTLE

Violent Artillery Duels North of the Somme Are Reported; the Enemy, However, Meets Reverses, Is Claim.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Petrograd, Oct. 3.—Today's official statement follows:
"In the region east of Novo Alexandrovsk, dense German columns endeavored to advance beyond their wire entanglements but were driven back. On the river Sereth the enemy bombarded our positions in the Krinkia-Sushin sector and an hour after midnight launched an attack which was frustrated by our fire."

"In the neighborhood of Katorze, Vola-Svovskaya and Shelov stubborn fighting is taking place. Our troops at some places captured portions of enemy positions."

"On the river Conulva and in the region of the heights on the right bank of the Zlota Lipa, stubborn battles continue. The enemy, having brought considerable reserves to the river Conulva, launched a counter attack which was frustrated. Fierce fighting is still proceeding."

"In this region" yesterday more than 1,000 prisoners were taken. The total number of prisoners taken in this region during the three battles of Saturday, Sunday and Monday is more than 5,000, among whom are eight German officers and 600 German men."

ARTILLERY DUELS NORTH OF SOMME ARE REPORTED

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Paris, Oct. 3.—Today's communication follows:
"North of the Somme there was a rather violent artillery duel. In the region north of Rancourt the Germans attempted to debouch from the St. Pierre Vaast wood. Our curtain of fire and machine guns immediately forced them back into their trenches. We took some prisoners."

"On the left bank of the Struma two French Bulgarian counter attacks against the positions held by the British on September 30 were repulsed with considerable losses for the enemy."

"In the region of the Corna the Serbians continued to advance on the western slopes and the main crest of Kaimakalan. Serbian infantry yesterday carried first line enemy trenches."

Most Richly-Flavored Chew
That Was Ever Pressed
Into Plugs

FAVORITE FOR A GENERATION

Red-blooded men with real tobacco
hunger find that they can satisfy it only
by chewing, and the most wholesome
and satisfying tobacco to chew is that
made in plug form.

The limit of luxury in tobacco chewing
is the rich, sweet, juicy flavor that
trickles through your system when you
chew Spear Head.

No other chewing tobacco is so mellow,
so luscious and so satisfying. No
other equals Spear Head for putting a
keen edge on your appetite.

Spear Head is made of the world's
best tobacco leaf—the choicest of red
Kentucky Burley. This leaf is selected
for its full, juicy richness with the
most painstaking care, is stemmed by
hand, is pressed into Spear Head plugs
so slowly that not a drop of the rich,
natural juice escapes.

Your first chew of Spear Head will
open your eyes to the genuine enjoyment
there is in chewing.

Chew the rich and mellow tobacco
that has been the favorite for a third
of a century—that's Spear Head. Try

I was suffering with ulceration....
and turned over to one side. I
suffered great pain in lower abdomen
and back. For 1 or 2 years the
had been irregular and came about
every 2 weeks, and I suffered great
pain. Would cramp so I couldn't get
up and do my work. Sometimes the
.... would last 4 or 5 days and come
too much, which seemed to cause me
to suffer very much. I would be up
and down in the bed for 4 or 5 days.
When I'd take the Cardui through the
period, the would be less and not
last so long—only something like 2
days, and the suffering would be en-
tirely relieved.

My health had got run down and the
Cardui would build up my health and
strength and keep me going and out of
bed, so I could do my work. It hurt
me to even sweep my floor when I
began it, but got so I could do the
most of my work, and I didn't suffer
any more, had no more cramps."

CHICAGO SHAKEN BY DISCLOSURES MADE BY RAIDS ON POOL ROOMS

Police Burst Through Door and
Find Excited Group, Money

of Louisville Races.

HUGE PROFITS ARE MADE BY PROMOTERS

Hoynes Gives Out Sensational
Statement; Thompson Says
Party Politics Is at Bottom
of the Whole Thing.

CHICAGO, Oct. 3.—The police made
further efforts today to find the pub-
lic gambling, evidence of which Fed-
eral Judge Landis was drawing in de-
tail from unwilling witnesses in his
court, and a spectacular raid on a
west side hotel resulted in twenty-
seven persons, one of them a woman,
being captured. The police burst
through a locked door and found an
excited group, money in hands, just
before the announcement of a race at
Louisville.

Judge Landis, meanwhile, was ex-
tracting further details of the system
of disseminating and utilizing race-
track information in hundreds of sal-
oons here, and the correspondents in
a score of other cities. Occasionally
he would break in on a witness and
adroitly induce him to reveal that
other forms of gambling, poker, craps,
and baseball pools, were flourishing
in the back rooms of hundreds of sal-
oons and cigar stores.

Hoynes Has Busy Day.
State's Attorney Hoynes also spent a
busy day, adding to the discomfort of
some politicians.

The confessions of two former em-
ployees of the Sportsmen's club, which
resulted in yesterday's raid, were
made public today, and contained the
admission that the club was a mem-
bership organization, and that it had
systematized and developed branch of
the club's organization.

The confessions also revealed that
after saloon-keepers had made ar-
rangements with Charles T. Essig,
secretary of the club, they were al-
lowed to maintain slot machines un-
molested. Thomas E. Phillips, a club
employee, who was sent out to urge
saloon-keepers to install slot machines,
said that a private customer had been
skeptical until he had called in a po-
liceman to insure it was all right.

Police Give Assurance.
The policeman, he said, took a slip
of paper, apparently an order, out of
his hat and showed it to the saloon-
keeper, convincing him the machines
would not be molested by the police.

The total profits of the machines to
the promoters were more than \$290,-
000, Hoynes said.

Mayor Thompson denied any re-
sponsibility for the club, which had
been organized by James T. Pugh,
Thompson's financial backer, and
which has been active in the support
of the mayor.

"I believe this is party politics," he
said. "I notice such things happen
always about election time. I do not
know anything about the management
of the club."

the failure of police to obtain evidence

officials here and in Lancaster that
the women were victims of subtle

The police of Lancaster are baffled
by the mystery. They consider it
highly improbable that the three
women died simultaneously from as-
phyxiation or other accidental cause,
and there is no evidence of violence.

Wilson Ready for Trip.

Long Branch, N. J., Oct. 3.—Pres-
ident Wilson was ready today for his
first invasion of the middle west since
the campaign opened. He will leave
here tonight for Omaha, going by way
of Philadelphia and Chicago. He will
speak in Omaha Thursday night, re-
turning to Shadow Lawn Saturday
morning. He will make no addresses

TAFT AND TEDDY SAY 'HOWDY-DO' TO EACH OTHER

Former Presidents Shook
Hands "Just Like Any Gen-
tlemen Would," Colonel Pre-
serves Silence.

BY MORNING JOURNAL SPECIAL LEADERS WIRE

New York, Oct. 3.—Theodore
Roosevelt and William H. Taft
clapped hands for a moment tonight
at the Union League club reception to
Charles E. Hughes.

"How do you do?" said Mr. Taft.

"How do you do?" Mr. Roosevelt
replied.

Each bowed and Mr. Roosevelt
passed on to shake hands with other
guests, leaving Mr. Taft to greet those
who followed. A few moments later
Mr. Roosevelt took his place in the
receiving line. He stood between Mr.
Hughes and Chauncey M. Depew.
Just the other side of Mr. Depew
stood Mr. Taft.

Thus, standing in the same receiv-
ing line, they shook hands with the
hundreds of club members and their
guests who filed past during the even-
ing. They did not meet again, how-
ever, or exchange any other word
than commonplace greeting.

"We shook hands," Mr. Taft said
afterward, "just like any gentlemen
would shake hands."

Colonel Says Nothing.

Colonel Roosevelt declined to com-
ment on the meeting.
After the handshaking was over
and the library was cleared, Elihu
Root, president of the club, escorted
Mr. Hughes through a flag-draped
corridor to a small platform in the
main clubhouse. Beneath a life-size
picture of Abraham Lincoln, Mr.
Root again introduced the nominee,
and Mr. Hughes made a brief ad-
dress.

Colonel Roosevelt and Mr. Taft
were called upon by Mr. Root and
each responded with a short talk.
The meeting between Colonel
Roosevelt and Mr. Taft was the first
since April 13, 1915, when both were
pillars at the funeral of Thomas
Lansbury, professor of English at
Yale university, and a close friend of
both.

Hundreds Are Present.

Tonight's reception was arranged
some time ago and public announce-
ment was made that Prof. Taft and
Colonel Roosevelt would meet. The
hour set for the affair—8 o'clock—
found the club house entrance choked
with hundreds of men in evening
clothes. Elihu Root waited at the
door to welcome the guest of honor,
Mr. Hughes, and the two former pre-
sidents.

The first to arrive was Mr. Taft.
His recognition by the guests hung
fire a moment and then proclaimed
itself in cheers.

Five minutes later came Colonel
Roosevelt. The packed hallways
cheered him and he acknowledged the
greeting by lifting his wide-brimmed,
black felt. The cheering was still in
progress when Mr. Hughes and Wil-
liam R. Wilcox, republican national
chairman, reached the building.

There was a moment's hush and
then the crowd cheered Mr. Hughes.
Mr. Root escorted Mr. Hughes to the
library, temporarily converted into
a reception parlor, and George H.
Sheldon took Colonel Roosevelt's
arm, crossing the room to where the
receiving line was forming. Colonel
Roosevelt shook hands with eight or
nine persons, among them being Wil-
liam M. Calder, republican nominee
for senator from New York, Robert
Bacon, George von L. Meyer and Mr.
Depew. Then came the meeting be-
tween Colonel Roosevelt and Mr. Taft.

They had changed in appearance
since the time they last exchanged
greetings. Both were somewhat
grayer than then, with their faces
somewhat more wrinkled, and Mr.
Taft is nearly ten pounds lighter than
when he was president.

Brought Face to Face.

When brought face to face tonight
by Mr. Sheldon, there was no word of
introduction—no time for it. For a
fraction of a second their eyes met,
and each looked into the other's un-
smiling face. Then Mr. Taft extend-
ed his hand and Colonel Roosevelt took it.

There were other handshakes of a
formal nature. Among them were the
meetings between George W. Per-
kins and Mr. Taft, and between Col-
onel Roosevelt and E. B. Potts, sen-
ator from Pennsylvania. As in the
case of the greeting between Mr. Taft
and Mr. Roosevelt, commonplace
greetings were exchanged.

Mr. Root, as president of the club,
stood first in the receiving line, with
Mr. Hughes at his right. Others in
the line, in the order named, were:
Colonel Roosevelt, Mr. Depew, Mr.
Taft, General Horace Porter, former
president of the club, Governor Whit-
man of New York, Senator Fall of
New Mexico, Governor Heckman of
Rhode Island, Mr. Wilcox, Mr. Cald-
er, Senator Weeks, Mr. Bacon and W.
Cameron Forbes.

The line of guests was nearly two
hours in passing and then the speak-
ing began.

"We have heard in recent days,"
Mr. Hughes said in his address, "that
the alternative of the policy of the
present administration is war. I think
the alternative of the policy of the
present administration is peace with
honor."

National Humiliation.
"We are not counting struggle, but
I do say with all seriousness that we
have been living in a period of national
humiliation."

"Good!" shouted Colonel Roosevelt.
"Our citizens have been murdered,
their property destroyed and our com-
merce interrupted," Mr. Hughes
added.

The alternative of a weak and vac-
illating policy is not war, it is a firm
insistence upon known rights in a
world where all nations desire our
friendships, and we desire the friend-
ship of all, and where only the most

loose-limbed blundering could drag us
into strife."

To cries of "Teddy, Teddy, Teddy,"
Colonel Roosevelt ascended the plat-
form at the close of Mr. Hughes' ad-
dress.

"No man has a right to claim spir-
itual kinship with Abraham Lincoln
if he is too proud to fight," Colonel
Roosevelt said. "Fifty odd years ago
there were men in this country who
were too proud to fight, but they were
not found in this club and they did
not vote for Abraham Lincoln."

Too Proud to Fight.

"Fifty odd years ago there were
men in the nation that were too proud
to fight the foe of the nation, but
they were perfectly willing to fight
the police and the draft riots."

"And now in the greatest crisis that
we have seen since the civil war, in
the greatest crisis of the world as a
whole, that the world has seen since
the Napoleonic wars, it is our duty and
privilege to stand once more for the
principles for which the men of the
early '60s, who founded this club,
stood: to stand for peace, honesty and
sincerity, by every honorable expedi-
ent, but to stand for it in that effec-
tive way which means that the man
standing for it asks it as a right, in
the spirit of justice, and does not
cringe for it as a favor to be granted
contemptuously by a wrong-doer."

"I believe that, on the whole, the
Gettysburg speech and the second in-
augural were the two greatest
speeches ever delivered. If, after the
Gettysburg speech, Abraham Lincoln
had appointed a conference of the
type now sitting in Atlantic City, we
would not think of the Gettysburg
speech except with bitterness or
laughter."

Retention of Slavery.

"If, after the second inaugural,
Abraham Lincoln had sanctioned the
retention of slavery in any form, in
this nation, we should hang our heads
whenever we thought of that insular,
or of Abraham Lincoln himself. We
have a right now to ask the men of
this country to decide in the spirit of
the men who, in 1864, returned
Abraham Lincoln to the presidency."

"Mr. Hughes has alluded to Mr.
Wilson's speech on Saturday in which
he said, in effect, that if you do not
re-elect him, the country might have
war. That is substantially what he
said and the inference was that if he
were there, there would not be any
war, leaving it to be inferred by the
outside world that nobody would
elect him so that he would fight."

"At this moment we are informed
that in the German reichstag there is
a debate going forward as to whether
or not they will resume what they call
the 'East war'—what I call the
murder on the high seas of men,
women and children. And you can
imagine that these would be satis-
fied on that subject if they knew that
they had as president of the United
States a man who would not tolerate
any kind of action of that sort."

"Mr. Wilson's speech last Saturday
was an invitation to foreign powers
to do whatever they wished because
if he were in power they need not be
afraid."

Root Interrupts Colonel.

"Another thing," Colonel Roose-
velt continued, "in Mr. Lincoln's
speech of acceptance—I think it was
in that place that he so happily named
Shadow Lawn—"

Mr. Root interrupted Colonel Roose-
velt.

"You said Mr. Lincoln's speech. You
meant Mr. Wilson's speech," Mr. Root
said.

"Good heaven!" exclaimed Colonel
Roosevelt, "that was a verbal man-
euver with a vengeance. In Mr.
Wilson's speech of a few weeks ago,
there is one sentence—among many of
which I took note, in which he said
that if all essential rights were in-
vaded by any nation, they must be
met by prompt challenge and resistance."

"Now! Take the sentences about
keeping us out of war at all costs last
Saturday and these sentences about
prompt challenge and resistance, to-
gether, and one group of sentences is
the weapon and the other the target. It
is open to Mr. Wilson to say which
is the weapon and which is the tar-
get. One of them sucks all the mean-
ing out of the other."

"If the speech last Saturday ex-
pressed his real convictions, then by
prompt challenge and resistance, he
means tapping his adversary on the
wrist. If you can once persuade an
adversary that that is all that he has
to fear, he grows bold."

"As Mr. Hughes pointed out this
evening, Mr. Wilson is praised for the
most part by people with shoulders
that slope like a champagne bottle, by
people with timid voices and quav-
ering voices who say that he has kept
us out of war."

Kept Us Out of War.

"Kept us out of war? He has kept
us in three little wars that I can name.
Twice we have been put into wars
with Mexico, and once we have waged
a war with Haiti, once with San Do-
mingo. San Domingo and Haiti did
not frighten the administration, and
with them we have valiantly waged
war."

"We can be certain that with Mr.
Hughes as president our people will
be protected in their lives in foreign
lands, or on the high seas, and we can
rest assured that if Mr. Hughes is
president, the executive of the nation
will be terrorized by no one, whether
from abroad or at home."

"Nothing more ominous to the fu-
ture of America has ever been seen
than the passing of this so-called
'eight-hour law' which was merely a
law to raise wages; than the passing
of that law with the legislators look-
ing not to the president, but to the
great labor leaders, who sat, watch in
hand to see the law enacted."

"If Mr. Hughes is made president,
we can count with absolute certainty
that not the group of the greatest cap-
italists in the land, nor yet the group
of the most powerful labor leaders in
the land, will be able to get one thing
at Washington by threats or in any
other way, save by showing before a
competent tribunal the justice of their
demands."

"I believe in labor unions—I am an
honorary member of one myself—but
I believe first of all in the great
union to which all of us belong, the
union of the United States of Amer-
ica."

TAX SCHEDULE IS GIVEN MEDIATORS BY MINING MEN

Representatives of American
Interests in Mexico Submit
to Carranza Commissioners
Idea of Arrangement.

BY MORNING JOURNAL SPECIAL LEADERS WIRE

ATLANTA, Ga., Oct. 3.—What
may be regarded as an equitable schedule
of taxes, was submitted to the Mex-
ican members of the Mexican-Amer-
ican joint commission, by the com-
missioners representing American mining
interests in the southern republic. For
two hours they were in conference
with Luis Cabrera, head of the Mex-
ican commission, and minister of
finance of his country, and Alberto
Pant, another member, who is direc-
tor general of the National railways.
No assurances were given the mining
men that their schedule would be
adopted, but it was understood that it
would be submitted to the Carranza
government. The question of trans-
portation was discussed and the pro-
test was reiterated against what the
mining men consider confiscatory tax
demands.

The American members of the com-
mission also conferred again with the
mining men's representatives. After
their conference the American com-
missioners issued a statement in which
it was said that if satisfactory agree-
ments can be reached with reference

ENDURANCE TEST BY OFFICERS TO BE HELD MONDAY

Beneficial to Labor.

Such assumption would be distinct-
ly beneficial to furnishing employ-
ment to Mexican labor. It was said,
and also would be a source of imme-
diate revenue to the Mexican govern-
ment. The necessary introduction to
such a plan would be the return to
Mexico of American mining operators
who have withdrawn during the re-
cent disturbances. The government
of the United States cannot encourage
such return, it was pointed out, until
satisfactory assurances are given with
reference to the safety of life and
property in the district in which op-
erations are to be resumed.

At the one session of the joint com-
mission, discussion was continued of
the Mexicans' proposed plan for a
border control, but without an agree-
ment being reached.

PARALYSIS PRECAUTIONS NO LONGER NECESSARY

BY MORNING JOURNAL SPECIAL LEADERS WIRE

Washington, Oct. 3.—Notification
to the public health service to state
health authorities of children under
16 leaving New York and Baltimore,
instituted during the infantile paraly-
sis epidemic, was discontinued today
and twenty-five health officers, who
have been fighting the disease in New
York, Baltimore and Philadelphia,
were withdrawn. Health service au-
thorities announced they considered
further efforts on their part un-
necessary, but as a precaution, type of
notice in the New York and Phila-
delphia will remain at their
posts.

The notification system was put into
effect July 15, and health officials
here today said it proved a great aid
in preventing spread of the disease.

Interesting Riding Contest Be- tween Commanders of Troops Stationed at Doug- las Has Been Scheduled.

By Morning Journal Special Leaders Wire
Douglas, Ariz., Oct. 3.—An officer's
endurance riding contest, scheduled
for Monday, was postponed until
Thursday evening at 6 o'clock. There
will be eight entries up to this time, sev-
en from the First cavalry, stationed
here, at Fort Huachuca, and one
from the New Jersey cavalry. Other
entries will be made Wednesday and
Thursday, from the Fifth field artil-
lery and New Jersey artillery, accord-
ing to Lieut. E. C. Ferguson, of the
New Jersey cavalry, who is promoting
the test.

The ride will be made entirely at
night. The riders will leave for pos-
ition and leave the headquarters of the
New Jersey cavalry at ten minute
intervals. Just before leaving, and on
their riding time, each rider will be
given a sealed envelope containing in-
structions as to checking station,
route, conditions and destination. The
route will cover from fifty to eighty
miles. Each rider will decide for him-
self how he will cover the distance,
including rests for his horse, feeding
and watering.

Putting It Over The Line

Many a man can think up plays in sport or business who lacks the
rugged strength and energy to carry them out.

Human power comes from food, and it is vitally essential that it
contain the elements required by both body and brain—in good balance,
and in form for prompt digestion.

Grape-Nuts

combines all the nutriment of whole wheat
and malted barley, including their mineral
salts so necessary to thorough nourishment.

Grape-Nuts is a winning food—ready
to eat direct from package, easy to digest,
richly nourishing, and wonderfully delicious.

Every table should have its daily
ration of Grape-Nuts.

"There's a Reason"

SPRIT OF HATE AGAINST GERMANS IS DECRIED BY VISCOUNT BRYCE

Remarkable Address Is Delivered by Former Ambassador to United States to Congressional Union.

SAYS WAR MUST NOT
BE FOUGHT IN VAIN

Means of Preserving Permanent Peace After Present Struggle Is Over Discussed in Course of Speech.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Birmingham, Eng., Oct. 3.—Viscount Bryce, of Dechmont, former British ambassador at Washington, today decried the spirit of hate against the Germans and the talk of a lasting trade war. In conclusion he advocated a league to restrain aggression and compel arbitration.

"If there is to be a recurrence of wars, becoming more terrible with the increasing advance of science," he said, "we may well despair of the future."

Lord Bryce recalled that Premier Asquith, Lord Gray and Mr. Palfour had expressed energetically and sincerely the need of such machinery and said that several groups of thinkers were working out the plans.

"To establish any machinery for preserving peace," continued Lord Bryce, "would be impossible without the co-operation of the neutral states, and especially the greatest of all, the United States. We have been waiting and watching to see whether America would, in view of the immense interests at stake, depart from her old policy of complete isolation and bear her part in the effort for securing a permanent alliance for peace. An influential league for that purpose has already been formed there and now two momentous events have happened, on which I dwell because they have been little noticed here.

American Sentiment.
"President Wilson delivered four months ago a powerful and luminous speech in which he announced that the United States could not stand aloof from a movement in which the highest interests of mankind were concerned and that he felt sure the people of the United States were prepared to join any feasible scheme for the prevention of future wars.

"Two months ago Mr. Charles E. Hughes in accepting the nomination as candidate for the presidency by the republican party declared with no less force and no less sincerity that he was convinced the time had come for America to unite with European countries in a well considered scheme for applying methods of arbitration and consultation in securing general and permanent peace in the world.

"Thus, the heads of the two great American parties, distinguished men and the official exponents of American opinion, have promised the co-operation of their nation in this project—one of great difficulty, no doubt, but also of supreme importance.

Work for Churches.
"Our people and the statements which lead our people could have no greater encouragement to address themselves, when the time comes, to this enterprise, which they have already pronounced to be necessary. I ask your help to bring the matter before the people and to show them how much we and every nation have to gain by removing the terror and the danger of war, which so long has hung like a black cloud over Europe."

Trade War All Wrong.
"But the talk we now hear about starting after peace has been concluded, a new war trade to follow the war of arms, has immense capacities for mischief. Such a trade war would prolong and embitter the struggle, and it assumes a continuance of those very things from which we expect our victory to deliver us once for all.

"Our main purpose will have failed if we do not secure a durable peace. The prolonging hatreds, would increase suspicion, would lead in time to a recurrence of those very calamities from which we are suffering. If severe terms have to be imposed, let that be done only so far as is necessary for securing future peace, not in a vindictive spirit, which, in perpetuating hatreds, would end by re-lighting the flames of war."

Lord Bryce advocated that the principles of nationality be respected as far as possible, especially in the cases of Poland, the southern Slavs, Transylvania and Armenia.

FEDERAL GRAND JURY PROBING BLACKMAILERS

(BY MORNING JOURNAL SPECIAL LEASED WIRE) New York, Oct. 3.—The federal grand jury today began a new investigation of the activities of the nationwide syndicate of "white slave law" blackmailers with Edward R. West, said to have been swindled out of \$15,000 by blackmailers, as a prospective witness. West, a New York merchant, arrived here today from Chicago, where he recently told the authorities the story of his experiences with the swindlers, and went to the office of the federal district attorney.

Frank Crocker, an alleged member of the blackmailing band, also will be a government witness, and another, it was intimated, will be William Butler, already convicted.

JUANITA HANSEN

churches could do no more truly Christian work.

"Let not this war have been fought in vain! Let us search for and try to put into practice some scheme for reducing and, if possible, at last for ending this oldest and most terrible source of mankind."

Lord Bryce said his countrymen were virtually unanimous in holding that the war must be pursued to victory so complete as to open the prospect of an enduring peace, and added: "And on the terms of that treaty the people will insist and ought to insist on expressing their opinion, and the churches must do their part in helping to form it."

He declared that the precepts of Christianity coincide with those of political wisdom and that the churches should work for national unity and good feeling between the classes.

Should Repress Hatred.
"Let us avoid, let us repress the spirit of hatred," he said. "We are justly indignant at the war the enemy powers have waged. We trust that our victory will warn the world that such methods must never be resorted to again and that those guilty of them will be punished. But is it wise to talk of banning a whole people for all time to come? The German people are under a harsh and tyrannical rule, which has not only deceived and misled them but also incited them to protest—against its crime. Some day we hope they will overthrow it, when they have learned the truth."

"To indulge in revenge will be to sow the seeds of future wars. Nations cannot hate one another forever and the sooner they come to do so the better for all of them. We must take all proper steps to defend ourselves from any dangers that might arise if after the war the enemy countries were to resume an insidious hostility."

Trade War All Wrong.
"But the talk we now hear about starting after peace has been concluded, a new war trade to follow the war of arms, has immense capacities for mischief. Such a trade war would prolong and embitter the struggle, and it assumes a continuance of those very things from which we expect our victory to deliver us once for all.

REPUBLICANS TO TRAIN BIG GUNS ON NEW MEXICO

A Great Array of Talent Is to Be Turned Loose Among the Voters; Albuquerque to Get Establishment.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Santa Fe, Oct. 3.—The vanguard of a corps of nationally known speakers representing the republican national committee will enter New Mexico Thursday night.

Three of these speakers will fill their speaking engagements this week.

H. G. Miller, congressman from Minnesota, speaks Thursday night at El Paso, Friday night at Las Vegas, Saturday night at Gallup.

Henry D. Estabrook of New York, will speak at Albuquerque on Friday night and it is possible that another engagement will be made for him Saturday night.

Newton W. Gilbert, former governor of the Philippines, will make only one address, which will be at Silver City on Friday night.

Judge Fred Hoffmann, chairman of the speakers' bureau for New Mexico, announces that some fifteen or eighteen other prominent speakers will take part in the invasion of the state during the remainder of the month and early in November. The names of the speakers and their dates have not yet been given by the national headquarters, but it is expected they will be announced at an early date.

PENNSY INFANTRY IS ON ITS WAY BACK HOME

(BY MORNING JOURNAL SPECIAL LEASED WIRE) El Paso, Tex., Oct. 3.—The First Pennsylvania infantry left for Pennsylvania tonight, being the first of the Pennsylvania units to be ordered home for demobilization. The third Pennsylvania infantry is expected to follow tomorrow, and the Tenth Pennsylvania infantry will probably go Thursday.

It was announced tonight that the First Battalion of the First Massachusetts artillery, composed of batteries A, B and C, would leave for home as soon as they had finished artillery practice on the range. The Rhode Island and battery will also be sent home upon the completion of range firing. Troop M of the Rhode Island cavalry squadron here; Troop A of the First Massachusetts cavalry squadron, and probably two other troops will also be sent home at once. No time has yet been announced for the departure of the Pennsylvania engineers.

Unsuccessful Effort of Burns Agency to Fasten Crime on Iowa Merchant Leads to Proceedings for Damages.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Red Oak, Ia., Oct. 3.—Charging a conspiracy to defame him by attempting to hold him responsible for the eight murders committed in the J. B. Jones, of this county, a merchant of Villisca, today, through Sheriff Jackson, is serving notice upon nine defendants in the action to be filed in district court of this county.

Senator Jones, in a lengthy petition, charges that Detective J. N. Wilkerson, of the Burns Detective agency of Kansas City, and W. H. Willett, a prominent farmer; Ross H. Moore, a Villisca druggist; W. J. Ewing, pastor of the Presbyterian church of Villisca; and W. W. Arnold, J. L. Gourley, Ed Northrup, A. D. Silverthorne and L. B. Penton, all prominent citizens of this county, were in the conspiracy. The alleged anonymous attack charges Jones with having financed and paid for the crimes. J. B. Moore, the murdered man, was a competitor of Jones and for a number of years was an employee of Jones.

Burns Agency in Bad.
Following the unsuccessful effort of the Burns Detective agency, through Detective Wilkerson, to secure the conviction of William Mansfield for the Villisca murders, whose trial was held in this city several months ago, Detective Wilkerson has spent most of the time in the county, presumably working up the evidence in a second action which it was understood he was to bring in an effort to solve the murder mystery.

Several meetings have been held of a semi-public character. The damage case brought by Senator Jones was a result of these meetings.

OFFICERS EXONERATED BY AERONAUTIC PROBE

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, Oct. 3.—The special war department board, which investigated military aeronautics, reported today that it not only failed entirely to substantiate allegations of inefficiency on the part of army officers, but clearly established that development of this branch of the service "is being conducted with energy and foresight."

A war department statement on the report replied to criticisms against the service which "took the form of the editorially appearing in the metropolitan press and in statements signed by Mr. Henry Woodhouse and Mr. Alan H. Hawley, both of the Aero Club of America," and declared that "as far as this branch is concerned, the nation can view the future with confidence and serenity."

SUPERBAS TRIM GIANTS AND WIN LEAGUE PENNANT

Brooklyn Clinches the Flag in the National by Beating New York While Braves Take Two From Phils.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Brooklyn, Oct. 3.—Brooklyn clinched the National league pennant today by defeating New York, while Philadelphia, the runner-up, was losing two games to Boston. The Brooklyn victory gave the leaders an advantage of two and a half games. The game was a heavy hitting contest.

Brooklyn 6-4 Philadelphia 3-1
Philadelphia, Oct. 3.—Philadelphia's last chance for the National league pennant this year faded when Boston twice defeated the Braves today. Today while Brooklyn was winning from New York, had fielding was responsible for the home team's defeat in each game.

The teams put up a hard battle in the opening contest until two men were out in the seventh inning. Then, with Philadelphia leading, 2 to 1, and Rudolph on second base, Stock furnished Philadelphia's grounders and Packer also furnished the ball. Rudolph scoring. Doubles by Konechky and Magee and a wild throw by Byrne followed, and Boston got five runs for the inning. Rudolph held Philadelphia safe in the closing innings.

In the second game, errors cost both the runs made off Magee, while Bender was hit hard in the eighth when the visitors piled up four runs and clinched the victory. Score:

WESTERN LEAGUE WILL SHORTEN ITS PLAYING SCHEDULE NEXT YEAR

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Lincoln, Neb., Oct. 3.—Presidents of clubs in the Western Baseball league at their meeting here tonight decided that next season's schedule would provide for but 140 games, the season in open April 19, and close probably on Labor day. No attempt was made to draft a schedule at this meeting, but sentiment was nearly unanimous for a short season.

BOSTON ENGAGES IN 'HOSS' PLAY AND LOSES TWO

Carrigan's Squad, With the Pennant in Their Grasp, Take Things Easy and Drop Pair to Lowly Athletics.

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Boston, Oct. 3.—The Boston Americans closed the season, which has brought them another championship, with a session today in which Philadelphia won two games. Supposedly tuning up for the world's series, the Sox pitchers found their offerings freely hit by the lowly Athletics. Foster, who had not pitched previously for weeks, was hit exceptionally hard, seven hits for sixteen bases being counted against him in four innings. Ruth was almost similarly treated, and Mass looked his usual effortlessness. But Manager Carrigan took the edge off any disappointment Boston supporters might have felt by the statement:

"The boys are going to take it easy now. We've just finished a hard campaign and we're almost into another."

The Boston manager juggled his players so as to bring the regular members of the team into play only between the hours of 2 and 4 o'clock, estimated to measure the time within which the forthcoming games will be played. Lights and shades at Braves field differ greatly from those in any other park in the country, according to the players, and Carrigan manipulated his men with this fact in mind.

The Athletics batted in bunches in both games and there was little brilliant fielding by either team. With Brooklyn definitely composed as the world's series, the Red Sox senting forces will center their attention on Brooklyn's play in the remaining league games, with a view to strategic plotting. It was understood tonight that Carrigan, Wagner and Barry would be in New York tomorrow for this purpose. Score:

U. N. M. ELEVEN TO OPEN SEASON WITH COLORADO

Hill Clan Will Leave Here Thursday Night for Colorado Springs Where They Will Face Tigers Saturday.

The University of New Mexico is literally working day and night getting ready for its first game, to be played with Colorado Springs college at Colorado Springs Saturday. At night the team goes through stunt practice.

The university squad, eighteen strong, will leave for Colorado Springs Thursday night and U. N. M. rosters are planning to give them the big send-off. "Pop" assembly will be held on the Hill this morning and the squad is getting to that high point which characterizes the sport.

Colorado college is one of the strong contenders in the Western conference and will no doubt be a tough proposition; however this will be its first game this season and the men of the University of New Mexico have had the advantage of longer practice. The weight of the university team is a little above the average this year and the team has an exceptionally strong back field, including some players of more than local fame. Among the latter are Hoffman, who was a strong contender for All-Southeastern half-back on the Kansas City N. C. college team last year. Aylett, who was last year unanimously chosen for all-southwestern half-back. Shields, all-southwestern end for the year 1914, whose record with the Deming high school made him known in high school football throughout the state, and Laprak, the old university steady.

The line is a little heavier this year than it was last, and includes a few of last year's players. Most of the linemen are new with the university squad, but backed by strong high school records and a great deal of interest is felt in the first game because of the new line. If the university line holds this year it is very doubtful whether anything in the southwest can defeat it.

The Colorado college game will be a test and will no doubt be a splendid practice for the game with Colorado School of Mines, which will be played in Albuquerque October 14.

NINE VETERANS WILL PLAY ON COLORADO COLLEGE TEAM

Colorado Springs, Colo., Oct. 3.—Colorado college, with nine veterans of the 1915 squad back and in good shape, has bright prospects in the Rocky Mountain conference. The squad this year, with which Coach Claude J. Rothel is working, consists of twenty-five eligible candidates. The veterans who are back are Taylor, all-conference half for three years; Schweitzer, fullback; Verner, halfback; Stutz Davis, the sensational quarterback of last year; Holman, end; Captain Garnde and Bawlings, tackle; King and Thomas, guards of the new candidates. Mimmack, Clarke and Pless are making strong bids for backfield and end positions. Doc and Coulter are center candidates.

The Tigers will average about 170 this year, there being four 185-pound men on the team. Davis, the quarterback, who tips the scales at 145 is the lightest man.

The game with New Mexico will be the first of the season, and will give conference fans an opportunity to judge something that the future holds out for the team.

FRANK ISBELL READY TO TAKE WICHITA'S FRANCHISE, HE SAYS

(BY MORNING JOURNAL SPECIAL LEADER WIRE)
Lincoln, Neb., Oct. 3.—Veteran league club owners met with President Zehring here today. Every club on the circuit was represented, the roster of magnates present being:

Frank Isbell, Des Moines; E. J. Hanlon, Sioux City; W. A. Bearke, Omaha; John Holland, St. Joseph; John Savage, Topeka; Hugh L. Jones, Denver; and Georges R. Stone, Lincoln.

The disposition of the Wichita franchise and the possible transfer of the Topeka franchise were among the topics up for discussion. Colorado Springs has filed no bid for the Wichita club. Frank Isbell admitted today that he had arranged to sell his interests at Des Moines and was ready to take over the Wichita franchise.

CANDIDATES GET ROYAL GREETING IN QUAY COUNTY

Jones, Walton and Lucero Welcomed by Enthusiastic Crowds at Every Point and Are Assured of Support.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Tusamari, N. M., Oct. 3.—A. A. Jones, W. R. Walton and Antonio Lucero candidates on the democratic ticket for United States senator, representative in congress and secretary of state respectively, were given a rousing welcome by Quay county audiences on their campaign tour of the county today.

In spite of disagreeably windy weather twelve cars conveying a delegation of prominent citizens met the candidates at the county line and escorted them to the schoolhouse at Montoya, which was crowded with citizens to hear them present the issues of the campaign. The meeting was presided over by Mr. Calish, democratic candidate for the state senate, and the schoolhouse was prettily decorated with flags and bunting.

In the evening the candidates reached Tucumari and addressed a most enthusiastic meeting at the opera house. In spite of a counter attraction in the form of a cowboy's festival the opera house was crowded to capacity and the candidates were given many assurances of hearty support by the big crowd of voters. C. C. Davidson presided over the meeting.

Will California Take the Pledge?

Oregon, Washington, Arizona, Colorado and Idaho have already taken the ice-water plunge. The Golden State two years ago declined to join them. Now the soaking wets and the extra dries are at it again. The wets are scared stiff. Will the bogey man in the long black frock get them? They don't know, but if they escape, the grape growers will have saved them.

California's wine business is a most important part of the state's economic structure. More than 300,000 acres are devoted to wine, table and raisin grapes. The effect of prohibition on the grape industry is set forth in the October issue of Sunset, The Pacific Monthly. It is a most interesting story worth the attention of every Westerner.

Read the answer to these vital questions in the October Sunset, now on sale. Watch for the rich grape cover. Read the article describing the Japanese invasion of South America. RESPONSIBILITY OF LABORING MEN IS APPRECIATED

World's War Places Added Responsibilities on the English and They Seem to Take Kindly to Them.

(Associated Press Correspondence.) Birmingham, Eng., Sept. 25.—The labor men of the British Isles during the week's session of their annual parliament, as the Trades Union Congress is called, gave many indications of their appreciation of the increasing responsibilities thrown on them since the world's war began. The addresses of their leaders in the course of the debates were even more serious in tone and substance than is customary and the delegates, who as a rule are composed of the younger and more radical trades unionists, were far more restrained in their arguments than is usually the case.

Every one of the delegates, although representing over 3,000,000 of the organized workers of the nation, seemed impressed by the evident change in the relationship between capital and labor brought about by the general effort toward unity of purpose recognized by all to be necessary in order that the empire might put forward its utmost strength to win the war.

Carry on the War.
The congress, generally considered as representing the views of the workers, whether organized or not, showed throughout its session its firm determination to carry on with the war until the allies are victorious. All the differences between employers and employed were shelved for the moment and their solution postponed until the greater quarrel has been settled.

Trade unionists, it was argued on all sides, had foregone many of the rights acquired after years of struggle, but this had been done wholeheartedly in the empire's interest. It was pointed out, however, that jealous watch would be kept by organized labor to ensure that after hostilities have ceased all that has been given up temporarily must be restored.

Many of the delegates were very apparently concerned with fears as to the industrial situation in the period immediately following the war. The return to civil life of millions of soldiers, the cessation of the activity of the greater part of the munition factories and the reduction of warship building are problems whose solution they regarded as likely to dislocate for a time all economic and civic conditions.

Welcomed Address.
At the opening sitting the note of the congress was struck in the welcoming address of the Lord Mayor of Birmingham, Neville Chamberlain, a prominent employer of great wealth, and he was followed in similar strain by Harry Gosling, one of the recognized labor leaders and president of this year's congress.
Both of these men did their best to allay the fears of the delegates by holding out prospects of friendly co-operation between employer and employed. Mr. Chamberlain, a son of the late Joseph Chamberlain, made a statesmanlike speech worthy of his father. He told the guests of the Midland city they had manifested their right to greater consideration than had been their portion hitherto. He suggested in so many words that "workmen should have a greater share in the distribution of wealth, regularity of employment and im-

SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY

Drink Glass of Hot Water Before Breakfast to Wash Out the Poisons.

Life is not merely to live, but to live well, eat well, sleep well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Foibles who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, musty breath, acid stomach, constipation, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

proved conditions of work," and hinted his opinion that labor should be represented on the directorates of industrial concerns. At the same time he counseled the delegates that all work in harmony with Britain were to continue to hold their place in the world's markets and in return for their greater share in the profits the workers must put their shoulders to the wheel to increase output.

Labor and Victory.
Harry Gosling, who was later almost unanimously selected as one of the British delegates to attend the convention of the American Federation of Labor, delivered a well-thought-out speech in which he dwelt on the great part labor had played in the effort toward victory of the allies. As a trade unionist he thought it would be recognized by everyone that workers "should participate more on the control of the hours of labor, the conditions of remuneration and the appointment of foremen and overseers."

Many of those who spoke laid great weight on the importance of labor's share in organizing victory. They argued that labor has borne the brunt of the war, first by furnishing at least ninety per cent of the men in the ranks of the army and navy, and then by forging the guns, making the shells and cartridges, building the ships and machinery for transport and also at the same time seeing to it that the crops were grown to feed the people.

Tariff Views.
Nearly every resolution passed by the congress had relation to the war. One which called for the prevention of "dumping" of cheap goods in the British Isles by foreign firms after the war raised hopes among the friends of protective tariffs that the workers had changed their attitude of opposition to these tariffs and had been convinced of their efficacy in keeping up wage rates. Will Thorne, a labor member of the house of commons, made it clear, however, that such was not the intention of the congress, which desired only to prevent the sweating of foreign workers for the purpose of underselling British products.

Another motion—for the conscription of wealth—was adopted unanimously and was significant of the feeling among the workers that, as they were giving their all—namely, their lives—to the nation, the accumulated wealth of the country should also be conscripted to defray the cost of the war. Otherwise, they argued, they were not only giving their lives, but paying for the war in the form of future taxation, which, in whatever way it was imposed, eventually fell on the workers in extremity.

The whole tendency of the congress was patriotic and the sessions concluded with demonstrations of sympathy for all the allied nations.

BRITISH PUTTING IN AN AVIATION SCHOOL

(Associated Press Correspondence.) Cairo, Egypt, Sept. 26.—At a place which can be designed only as "somewhere in Egypt," the British forces are establishing what will be one of the largest and most completely equipped aviation schools in the world. An Associated Press correspondent who recently visited the site found the school was nearing completion, and he was told that at least seven thoroughly qualified pupils in the art of flying will be graduated each week so long as the war lasts, for service not only with British forces in Egypt but elsewhere in their service was demanded.

This part of the world was chosen for the school mainly because it is adapted climatically to flying the whole year round, and because it is handy to the various theaters of war. Incidentally an observer here might remark that the sands of the desert also furnish a soft bed for the inexperienced to fall upon.

The school will accommodate, in addition to the pupils, fifty officers and 500 mechanics and other workers. Each student will require from four to six weeks' training. A large number are already receiving instructions.

To Vote on Courthouse Bonds.
St. Johns, Ark., Oct. 3.—An active campaign is now on to bond Apache county for forty-five thousand dollars for the purpose of building a new courthouse. The petitions have already been circulated and the matter will be acted upon by the board of supervisors today. The present courthouse in St. Johns is the old adobe building that was built as a flat-roof house many years ago and later had a shingle roof put on it. It is badly outdated so it is taken for granted that Apache county people will get back of the new movement and add a modern up-to-date courthouse to the county's equipment.

Strike Paralyzes Traffic.
Albany, N. Y., Oct. 3.—Nearly 25,000 persons in six cities and a score of villages in this district were without local traction facilities today. The strike of the unionized employees of the Union Traction company, which began yesterday in Albany and Binghamton, spread today to Troy, Cohoes, Watervliet and Green Island. Not a trolley wheel turned to any of the cities. Interurban service also was affected seriously. There was no disorder.

New Insurance Company.
Santa Fe, Oct. 3.—The department of insurance today approved an entirely new form of insurance, especially adapted to building and loan associations. It is issued by the Central Life of Missouri and guarantees the payment of loans made on real estate, the premium being paid in a lump sum and amounting to about \$50 per \$1,000 of insurance. The plan is that when a man borrows money for a home or on a business block, he at the same time insures the lender against loss.

Soldier Accidentally Killed.
Deming, N. M., Oct. 3.—Sergeant Henry Cox of Cotton, Ark., died at the base hospital here today, as the result of a wound received when a Lewis machine gun was accidentally discharged by Supply Sergeant Samuel Reed of the machine gun company of the First Arkansas regiment. Cox was lying on his cot at the time, watching a demonstration of the gun given for some Wyoming officers. The bullet passed through his right leg, shattering it at the thigh.

BURSUM WOULD SPEND MILLIONS ON GOOD ROADS

Republican Candidate Tells Santa Fe Crowds Highways Are Among Greatest Need of State; Hernandez Speaks

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Santa Fe, N. M., Oct. 3.—A million dollars for each of the next two years would not be too much for New Mexico to spend upon its system of public roads, declared Hon. O. Bursum in an address here tonight to an audience which overtaxed the capacity of the court house.

The republican candidate for governor continued to preach the doctrine of good roads and an unending improvement in schools absolutely essential to the advancement and development of the state's best interests.

Col. Jose D. Sena served as interpreter. Henrique C. Hernandez candidate for congress, devoted the greater part of his address to the discussion of national questions, dwelling at some length upon the administration policy as regards to the Republic of Mexico. Hernandez has just returned from a second visit into the Taos country.

TWO COPPER COMPANIES ARE INCORPORATED TO OPERATE IN NEW MEXICO

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Santa Fe, Oct. 3.—Two copper companies incorporated today, one of them in eastern New Mexico with mines outside of what has been considered mining country. One company is The Grand Copper Company of Oro Grande, Otero county, with James H. Parker as statutory agent and capitalization of \$50,000, divided into 50,000 shares, of which \$19,000 is paid up. The incorporators and directors are: William Mueller, El Paso, \$5,000; James H. Parker, Oro Grande, 4,999 shares; W. H. Winter, Hill, one share.

The other company is The Red Peaks Company of San Jon, Quay county, with mines at Cap Rock. William T. McCall is the statutory agent. The capitalization is \$1,500,000, of which \$3,000 is subscribed. The shares are \$1 each. The incorporators and directors are: James F. Hopkins of Merchant, N. M., \$500; Walter F. Townsend of Chicago, \$500; Arthur H. Fulton, Chicago, \$1,000; William M. McCall, Tucuman, \$500; D. P. Commerce, Roswell, \$500.

LINCOLN COUNTY MAY ISSUE BONDS TO BUILD STRETCH OF GOOD ROADS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Santa Fe, Oct. 3.—Dr. S. M. Johnson of Hudson is in Santa Fe to interview Governor McDonald and State Engineer James A. French regarding highway construction in Lincoln county. Dr. Johnson is circulating petitions for an election in Lincoln county on a \$25,000 bond issue for good roads, of which \$10,000 is to be expended on the road from Carrizozo to Corona; \$1,500 from Carrizozo to White Oaks and Juarilla; \$3,000 from Lincoln to Arabel; \$1,500 on the Devil's canyon road; \$3,000 on the Nogal Gavilan canyon road and \$500 from Angus to the Capitán-Nogal road, in addition to the portion that the state would put up under the Shuckford act.

Stipulation in Rail Case.
Pierre, S. D., Oct. 3.—At the opening of the express rate case today attorneys for the companies asked for a stipulation that both sides accept the judgment of the court as final hearing. The state objected unless time be given to file printed briefs in the case. It was finally decided to accept this and each side was given until November 1 to file the briefs.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapiesin" is the quickest and surest Stomach relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestible food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, more, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

DEVELOPMENT WORK IS BEING DONE ON MINE IN LORDSBURG GROUP

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL.) Lordsburg, N. M., Oct. 3.—The water in the Bonney mine at Lordsburg has been completed and work has been resumed on the strike of rich ore made on the fourth level when the heavy flow of water compelled suspension some months ago. A new steam hoist has been installed by the Otto Mining company on Lee's peak and the contract let to the Wright Brothers to sink the main shaft 500 feet deeper. Good progress is being made in the installation of the new 400-ton mill of the Hanover Bessemer company, controlled by Los Angeles capitalists, headed by Henry Brockman.

Made in Santa Fe.
Santa Fe, Oct. 3.—Attorney E. C. Wade Jr., of El Paso, is spending a few days in Santa Fe, his former home, using attorneys to attend the meeting this month at El Paso of attorneys to organize the Tri-State bar association.

CANTONESE WANT TO FLEE, HAVE NO PLACE TO GO

Chinese Town Is in a Stage of Siege; Ambitious Military Rivals and Cholera a Double Affliction.

(Associated Press Correspondence.) Hongkong, Sept. 26.—Canton is in a state of siege and panic as a result of the ambitions of rival military leaders who claim they are operating through intricate motives. Cholera has appeared at Macao, and is reported at Canton. Consequently Hongkong has been compelled to deny admission to the thousands of Chinese who are fleeing from the besieged city of Canton.

General Lung Chi-kuang, who was military governor of Canton before Li Yuan-hung became president, was removed by Li Yuan-hung to hold the same office. However, the opposition of the extreme republicans to General Lung Chi-kuang was so strong that resident Li Yuan-hung was compelled name General Lu Yung-ting to take the post of military governor in Kwangtung. General Lu is in Kwangtung and has not yet come to Kwangtung province. He is reported to be on his way there, but there are many rumors as to what his intentions are. The hold of the Peking government on Canton and Kwangtung province is so very slender that it is doubtful whether its new appointees will be able to restore harmony when he reaches Canton.

In the meantime General Chen Chun-hsun and General Li Chieh-chun who pretend to be patriots, prompted only by a desire to displace General Lung Chi-kuang, whom they denounce as a monarchist and a man thoroughly out of sympathy with the republican government, have been attacking the suburbs of Canton for weeks, and are blockading the river.

The United States has several small gunboats lying in the West river for the protection of Shanghai Island, upon which practically all the Europeans live. The Japanese also have several warships in the river, and a number of antiquated Chinese gunboats are engaged in the struggle which has been going on for some

A Distinctive Reason

What is the chief reason for the superiority of Dr. Price's Cream Baking Powder?

There are several good reasons, but there is one which distinguishes Dr. Price's from other baking powders.

This reason, which every woman should know, is that Dr. Price's Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in

time. The revolutionists have drafted several steam tugs into service, and equipped them with rapid-firing guns and several larger guns. Indiscriminate shooting has been going on for weeks, with the result that bullets and misplaced shells have been falling in the vicinity of the foreign settlement and life has been greatly endangered in many parts of the Chinese city.

The foreign warships have at times been within range of the fire exchanged by Lung Chi-kuang's men and the forces of his two opponents. One sailor on the U. S. S. Helena was wounded by a spent bullet which struck him in the foot. Several foreigners have had narrow escapes on Shanghai Island, and the foreign consuls have ordered their subjects to keep away from the water-front and remain indoors as much as possible. The firing continues both day and night, and consequently it is never safe to move about in the foreign section.

Shanghai Island, upon which all the foreign consulates and most of the foreign business houses are located, is only about one and a quarter miles in length, which can be crossed only by two iron bridges that are thoroughly barricaded.

Want Food Drainage Stopped.
Denver, Oct. 3.—Resolutions to be presented at a meeting of the Denver Housewives' League this afternoon urge President Wilson to take steps to prevent the "drain" on food supplies, which, it is asserted, now are being shipped to Europe. The president is asked to declare an embargo on exportation of flour and wheat, "until the present shortage in those products is relieved."

GENTLE—BUT SURE.
A powerful cathartic sometimes does as much harm as good. Foley Cathartic Tablets are mild and gentle, but sure in action. They are a wholesome physic that thoroughly cleanses the bowels, sweetens the stomach and benefits the liver. For indigestion, biliousness, bad breath, bloating, gas or constipation, no remedy is more highly recommended. They cause no griping, pain or nausea. Short persons recommend them because of the light feeling they bring, sold everywhere.

RAIL SHARES IN DEMAND ON AN ACTIVE MARKET

Overturn Again Exceeds Million Mark; Railway Earnings Satisfactory and Boost Those Securities.

(BY MORNING JOURNAL SPECIAL WRITER)
New York, Oct. 3.—Today's market operations again attained a total well beyond the familiar million share mark. The course of prices was attended by irregularity, indicating the rather two-sided character of the trading.

Much of the market's stability was derived from the increased demand for rails. Publication of additional statements of earnings by the railway companies was of material assistance in that quarter.

The Canadian group, grangers, cotton carriers and eastern lines, were to almost 5 points higher at their best, leaders losing some of the prominence. Monitions and equipments were again largely represented by Crucible Steel, New York Airbrake, American and Baldwin Locomotives, General Electric and Industrial Alcohol and the paper shares were conspicuous, with gains of 2 to 4 points in International Paper common and preferred, and American Writing Paper preferred.

Copper and Mexican were among the most variable issues of the forenoon, but hardened in the final dealings with United States Steel, that stock recovering from 11 1/4 to 11 3/4, and closing at 11 1/2, a slight net loss.

General Motors furnished another maximum on its line of point advance to 59, with gains of 1 and 3 points, respectively, for South Porto Rico Sugar and General Chemical. Extreme gains in the more active stocks were shaded 1 to 2 points at the end. Total sales were 1,140,000 shares.

United States bonds were unchanged on call.

CHICAGO BOARD OF TRADE.

Chicago, Oct. 3.—Highest prices this season were secured in the wheat market today, as a result of increasing drought danger in Argentina. The close was firm, 2 1/2 @ 2 1/4 net higher, with December at \$1.55 1/2, and May at \$1.57 1/2 @ 1/4. Corn showed a net advance of 1/4 to 1/2 @ 1/4, and oats of 1/4 to 1/2 @ 1/4. Provisions (finished at a range varying from 35c decline, to a rise of 2 1/4 c.

The Argentine drought area was said to have spread to the central part of the country. It was believed the crop situation had become critical throughout more than half of the wheat growing region, with losses continually expanding. Buying here was stimulated from the outset and despite heavy profit-taking sales, the market maintained the greater part of the advance. Kansas City advises tolling of a probable lessening of receipts in the southwest tended somewhat to help strengthen the bulls.

Late firmness was aided by an estimate from a leading expert that the total domestic crop was 8,000,000 bushels short of what had been pointed to in the government crop report a month ago.

Corn ascended with wheat. Oats reflected the strength of other cereals. Sharp breaks in the value of hogs had a depressing effect on provisions. Something of a recovery, however, took place owing to support from packers and shorts.

Closing prices: Wheat—Dec., \$1.58 1/2; May, \$1.57 1/2. Corn—Dec., 74 1/2; May, 77 1/2. Oats—Dec., 18 1/2; May, 21 1/2. Pork—Dec., \$22.95; Jan., \$21.95. Lard—Dec., \$13.42; Jan., \$12.95. Hogs—Oct., \$13.80; Jan., \$12.07.

There is no remedy that for many years has given relief from coughs, colds, croup and whooping cough. It is probably the best known family cough medicine in the world and because it contains no opiates is strong, yet recommended for children as well as adults. Mrs. Chas. Hietz, Allen Mills, Pa., writes: "I have used Folt's Honey Cough Syrup for eleven years and I would not be without it." It promptly relieves hoarseness, tickling throat, bronchial coughs, inflamed and congested membranes and permits refreshing sleep. Sold everywhere.
